THE SUFFOLK GUILD.

REPORT for the Year 1925.

The two outstanding features of the year 1925 are:—

- (a) The completion of all our Districts, each with its own Secretary.
- (b) The issue of the CERTIFICATE of Membership and Attainments.

As nearly 200 members have now received a copy of this, it must be said that there has been some demand for it.

However, while about three-quarters of the members have not applied for one, it shows that there is considerable slackness still among our ringers. All who have had a copy speak well of its appearance. It is sold at 6d.

The failure to arrange District Meetings in so many districts is also a feature to be deplored. A few of the District Secretaries are admirable workers, and in their districts the Guild is progressing as it should. However, the number of inquiries for help which the Secretary receives in a regular stream, shows that the Guild is, on the whole, making good progress.

Two outside events have interested our members, one is the destruction of the Coventry Cathedral Bells, a ring unique as a record of the skill of masters of the art of Bell Founding in the past. Your Secretary left no stone unturned to save these bells, but prejudice against old bells was too strong for him and those who were working with him.

The other matter is the meeting of the Central Council at Ipswich next Whitsuntide. A Special Committee has been formed, and an appeal has been made to welcome the Council to our County, a visit which not many of us can hope to live to see repeated.

Signed on behalf of the Committee,

W. T. FARMIOE, Archd.,

President.

LIST OF PEALS RUNG up to Dec. 31st, 1925.

RINGING MASTER'S REPORT.

The Peals rung by the Guild during the year 1925 number 68; showing a rather considerable falling off as compared with the 90 for 1924. That the number is so large, is mainly due to the efforts of two or three bands, notably those of Leiston, Debenham, and Helmingham.

There are few outstanding performances. The ringing of another peal of London Surprise at Helmingham is very creditable, as is the peal of Minor in seven methods by the Ipswich St. Clement's band. The Leiston company continue to maintain their reputation for Surprise ringing. The revival of ringing at St. Mary-le-Tower, Ipswich, after the restoration of the bells, and the ringing of Stedman Caters on handbells, the first by a local band in Ipswich, is noteworthy. It is also noted as a good sign for the future, that a good many members have rung their first peals in various methods.

SOME LARGE CLOCKS.

ST. PAUL'S CATHEDRAL CLOCK—was designed by Lord Grimthorpe (the great authority on large clocks), and was made by John Smith & Sons, of Derby, in 1893. The movement is the same size as the clock at the Houses of Parliament at Westminster ; its frame being 19 ft. long, and rests on two steel girders each 28 ft. long. The main wheels on the striking and quarter-chime parts are 3 ft. in diameter, and the pendulum weighs about 6 cwt. The three dials are 17 ft. diameter. The hours are struck on a 5-ton bell (cast by Phelps in 1709) by a hammer weighing $2\frac{1}{4}$ cwt.

BEVERLEY MINSTER CLOCK.—This was also made by Messrs. Smith & Sons. It chimes the quarters on a peal of 10 bells having a 2-ton tenor, strikes the hours on "Great John," weighing 7 tons, and shows the time on one dial 14 ft. diameter.

THE SUFFOLK GUILD OF RINGERS
FOR THE DIOCESE OF
ST. EDMUNDSBURY AND IPSWICH.

OBJECTS.

1.—**Federation.**—To supply an organisation which shall unite the separate companies of Church Bell Ringers within the Diocese, for the purpose of mutual support and encouragement in the performance of the duties of their office, and in the practice of their art.

2.—**Recognition.**—To obtain full recognition of the ringers' office as essentially a branch of the Church's work; that ringers and their services (qualification for which demands much time, skill, and mental labour) may be placed upon a true and acknowledged basis.

3.—**Promotion of Change Ringing.**—To encourage, cultivate, and foster the art of scientific Change-ringing by frequent meetings in various centres for practice or peal-ringing; and to provide, as far as possible, and at a reasonable cost, instructors when and where required.

4.—**Reform.**—To correct abuses, irregularities, irreverent and unbecoming behaviour in the ringing chamber; to promote a proper appreciation of it as a part of God's House; to encourage the bestowal of care and attention on the cleanliness and proper equipment of the ringing chamber, as well as the preservation of the bells in an efficient condition, to advocate needful repairs and renovations; and to supply, when required, reliable information and advice of a practical character concerning the condition of bells and their fittings.

CONSTITUTION.

1.—The Guild shall consist of (a) Members, (b) Performing Members, (c) Honorary Members, (d) Life Members.

(a) Members may be elected at any meeting when there are five other Members present. Or, by two other Members, before starting for a peal. No peal shall be recorded unless the subscriptions of all taking part in it are paid.

(b) Performing Members may be elected as soon as they have rung 120 changes on a Tower Bell; or on two Handbells retained in hand.

(c) Honorary Members may be elected on a life payment of £2 2s. od.; or 2/6 a year; the other Members (including the Clergy), 1/- a year.

(d) Life Members, residing out of the Diocese, to pay 5/-.

2.—The Committee shall consist of the President, Vice-Presidents, Ringing Master, Secretary, Treasurer, each District Secretary, and seven elected Members, who may co-opt three other Members.

3.—All these shall be subject to election at each Annual General Meeting, held on Easter Monday at Ipswich and Bury St. Edmund's alternately.

4.—Each Archdeaconry may have its own Secretary, and hold its own Quarterly Meetings.

5.—A District Secretary, in his District, shall

(a) Arrange for Meetings for Practice.

(b) Arrange for Instruction.

(c) Collect the Subscriptions of all Members.

RULES.

1.—Subscriptions shall be due on January 1st. New Members elected after October 31st shall not pay a second subscription for the next year.

2.—Any Member whose subscription is unpaid on December 31st, and on being reminded, does not pay his subscription, shall lose his membership. Lapsed Members may be reinstated on payment of 1/- in addition to the annual subscription.

3.—Junior Members, under the age of 17, may pay half the subscription and no entrance fee, but in that case may not vote at meetings and will not receive a Report.

4.—The Committee may, at its discretion, allow a Tower to compound on payment of 1/- per bell yearly; this to include all the Ringers, Clergy, Steeplekeeper and Clerk; provided their names are sent to the Secretary with the subscriptions before Jan. 31st each year. Members who wish to be elected in any other month must pay the usual amounts for that year. As many Reports as there are bells will be supplied to the Secretary of a company so compounding. In return for this privilege, Members of such a Company should feel in honour bound to obtain as many Honorary Members as possible for the Guild.

5.—All ringing at Meetings of the Guild shall be such as is approved by the Central Council, and the decisions of the Central Council shall be recognised in recording any ringing performances.*

6.—The Committee may remove a Member from the Guild for serious offences against the objects and Rules.

7.—These Rules can only be altered by a General Meeting, after notice given at a previous General Meeting, or at each Branch, or District Meeting. The Objects and Constitution can only be altered by a resolution passed at two General Meetings. Provided that the amounts of Subscriptions can be altered at a General Meeting after three months' notice.

A large Bell fractured at dome and parts completely broken out.

Broken Bells repaired by **Barimar** at low charges.

The saying "sound as a bell" is always true in regard to Barimar Welding, as soundness, strength and wearing quality are the three essentials in Barimar's work.

The repair of broken bells is an everyday job in the Barimar Factory.

In the case of the bell illustrated, flawless welding was required so that the purity of tone would not be impaired. In this case it is possible to "hear" the soundness of Barimar Welding.

Barimar charges are always low; delivery is the quickest in the trade; and each bell repaired is covered by the Barimar "Money-back" Guarantee.

Consign Broken Bells, carriage paid, to London Factory and advise us by letter.

The same Bell after repair by Barimar Welding Process. Stringent tests proved that the tone of the bell was in no way affected by the welding, while the dome of the bell was much stronger than before and able to resist greater strain. The Repair was done at a small cost in THREE days and under Barimar Guarantee.
