THE SUFFOLK GUILD OF RINGERS

FOR THE DIOCESE OF

ST. EDMUNDSBURY AND IPSWICH.

OBJECTS.

1.—**Federation.** To supply an organisation which shall unite the separate companies of Church Bell Ringers within the Diocese, for the purpose of mutual support and encouragement in the performance of the duties of their office, and in the practice of their art.

2.—**Recognition.** To obtain full recognition of the ringers' office as essentially a branch of the Church's work; that ringers and their services (qualification for which demands much time, skill, and mental labour) may be placed upon a true and acknowledged basis.

3.—**Promotion of Change Ringing.** To encourage, cultivate, and foster the art of scientific Change Ringing by frequent meetings in various centres for practice or peal ringing; and to provide, as far as possible, and at a reasonable cost, instructors when and where required.

4.—**Reform.** To correct abuses, irregularities, irreverent and unbecoming behaviour in the ringing chamber; to promote a proper appreciation of it as a part of God's House; to encourage the bestowal of care and attention on the cleanliness and proper equipment of the ringing chamber, as well as the preservation of the bells in an efficient condition, to advocate needful repairs and renovations; and to supply, when required, reliable information and advice of a practical character concerning the conditions of bells and their fittings.

CONSTITUTION.

1.—The Guild shall consist of (a) Members, (b) Performing Members, (c) Honorary Members, (d) Life Members.

- (a) Members may be elected at any meeting when there are five other Members present. Or, by two other Members, before starting for a peal. No peal shall be recorded unless the subscriptions of all taking part in it are paid.
- (b) Performing Members may be elected as soon as they have rung 120 changes on a Tower Bell; or on two Handbells retained in hand.
- (c) Honorary Members may be elected on a life payment of £2 2s. 0d.; or 2/6 a year; the other Members (including the Clergy), 1/- a year.
- (d) Life Members, residing out of the Diocese, to pay 5/-.

2.—The Committee shall consist of the President, Vice-Presidents, Ringing Master, Secretary, Treasurer, each District Secretary, and seven elected Members, who may co-opt three other Members.

3.—All these shall be subject to election at each Annual General Meeting, held after Easter Day at Ipswich and Bury St. Edmund's alternately.

4.—Each Archdeaconry may have its own Secretary, and hold its own Quarterly Meetings.

5.—A District Secretary, in his District, shall

- (a) Arrange for Meetings for Practice.
- (b) Arrange for Instruction.
- (c) Collect the Subscriptions of all Members.

N.B.—In each company there shall be chosen a Secretary (or Captain, or Ringing Master), who shall collect all Subscriptions as soon after January 1st as possible, and send them to the District Secretary.

6.—This Guild shall be affiliated to the Central Council of Change Ringers, and shall loyally abide by the Rules and decisions thereof.

RULES.

1.—Subscriptions shall be due on January 1st. New Members elected after October 31st shall not pay a second subscription for the next year.

2.—Any Member whose subscription is unpaid on December 31st, and on being reminded, does not pay his subscription, shall lose his membership. Lapsed Members may be reinstated on payment of 1/- in addition to the annual subscription.

3.—Junior Members, under the age of 17, may pay half the subscription and no entrance fee, but in that case may not vote at meetings and will not receive a Report.

4.—The Committee may, at its discretion, allow a Tower to compound on payment of 1/- per bell yearly; this to include all the Ringers, Clergy, Steeplekeeper, and Clerk; provided their names are sent to the Secretary with the subscriptions before January 31st each year. Members who wish to be elected in any other month must pay the usual amounts for that year. As many Reports as there are bells will be supplied to the Secretary of a Company so compounding. In return for this privilege, Members of such a Company should feel in honour bound to obtain as many Honorary Members as possible for the Guild.

5.—All ringing at Meetings of the Guild shall be such as is approved by the Central Council, and the decisions of the Central Council shall be recognised in recording any ringing performances.*

6.—The Committee may remove a Member from the Guild for serious offences against the Objects and Rules.

7.—These Rules can only be altered by a General Meeting, after notice given at a previous General Meeting or at each Branch or District Meeting. The Objects and Constitution can only be altered by a resolution passed at two General Meetings. Provided that the amounts of Subscriptions can be altered at a General Meeting after three months' notice.

THE SUFFOLK GUILD.

Report for 1931.

The chief event of the past year has been the progress made by the young band at Woodbridge, under Mr. Trotman. Not only has an unprecedented number of members joined at one time from a single tower, but also Woodbridge is once again "on the map" as a change ringing centre, and that, too, with a band who all do their part in Sunday ringing.

An entirely new band has been organized at Wattisfield, where there seems previously to have been no one who could ring a bell. Great credit is due to the band for persevering, and to those ringers from neighbouring towers who have helped them.

This is worth mentioning, because here is a five bell tower where change ringing is being taught. There are a number of five bell towers in Suffolk and our members are not doing what they could to get them all to be change ringing towers. It is true that it is difficult to have meetings at a five bell tower because so few can ring at a time, but there is no reason why ringers where they have more bells of their own should not help ringing bands to be kept going where they have fewer bells.

What happens it that when more bells are in a tower the ringers always try to ring the full number and are out of practice on the lesser numbers. This should not be so; it is always a pleasant change for the general public to hear the lesser numbers occasionally. Moreover, if we can help and encourage the ringers of five bells to ring changes it is very probable that they will soon organize a movement to increase their five bells to six, or even eight.

The tower at Debenham has been strengthened very adequately, and now the order for the re-hanging of the bells in an entirely new frame has been given we may hope that they will soon be in ringing order again.

Other towers have been reported on, and we may hope that a number of rings will be hung, or re-hung, when times are better.

So far the bad times are not manifest in our finances. Our position is not quite so good as the increase in our balance would seem to indicate, some receipts from other years appear this year while not all the usual payments have been made, still we have undoubtedly more than paid our way. If all members will pay their subscriptions regularly, and also get some honorary members in every parish, we shall continue to do so.

Signed on behalf of the Committee,

J. F. HUGHES.

Ringling Master's Report.

During 1931 86 peals were rung for the guild, all but one of these were on tower-bells, in 32 different towers, the other being on hand-bells. The talented band at Leiston had a busy year, and this tower heads the list with 12 peals. Framsdén and Helmingham also did well with 7 each. Glémsford, Holbrook, Monks Eleigh and Rougham appear in our list for the first time. 182 members, the same number as last year, took part in the peals, 30 of whom shared the conducting.

Although our total is 12 less than in 1930 the standard of methods rung is high, especially in the Surprise Major section, 13 of these methods having been rung, thanks to the enterprising Leiston and Helmingham district bands. Our peal list now shows 22 of these methods, a record of which we can be proud. The falling off in numbers is chiefly due to a decline in the number of six bell peals, it is to be hoped that this is but a temporary lapse. Eight methods appear for the first time in our peal list, which is a remarkable one, comprising as it does 11 different Maximus methods and 28 different Major methods.

An interesting addition has been made to the Report by the incorporation in the Tower index of the number of peals rung at each tower.

In conclusion, it is worthy of note that the great majority of our peals are rung by members who are regular Sunday service ringers at their respective parish churches.

CHAS. J. SEDGLEY,
Ringling Master.

In the churches of Britain there must be many old bells which are silent through injury.

The Barimar Scientific method of welding has repaired many a fine old bell, so that its inscriptions and founder's mark have been preserved, and **the tone of the bell has been restored.** This has been proved in cases where bells in peals have been restored to perfect tune.

The cost of repairing a cracked or fractured bell by the Barimar Process is low, and the work is undertaken on the understanding that a perfect repair is made or the money paid will be refunded in full.

Repaired and restored by Barimar at small cost, equal in tone and strength to new. Repairs completed within a few days and "Barimar Guaranteed."
