*—No. Bells §—Wt. tenor ‡—Condition

## PROPERTY OF THE SUFFOLK GUILD OF RINGERS

**Books:** Church Bells of Suffolk, by Canon J. J. Raven, D.D. (presented in memory of C. F. Sayer, Beccles).

Bells of all Nations, by Ernest Morris.

Bells in England, by Tom Ingram.

Complete Collection of Guild Reports from 1921.

The Secretary would welcome any applications for the loan of any of the above books and would also be pleased to hear of additions in the form of bequests, etc.

**Handbells:** Originally the property of the Rev. W. C. Pearson of Henley, and presented to the Guild in 1942.

Set of 26 bells by Taylor of Loughborough.

Two full Chromatic Octaves beginning at Middle C.

Set of 16 bells by Shaw of Bradford in diatonic scale of G.

Set of 13 bells by Warner of London in diatonic scale of E.

## LIST OF MEMBERS—1967

Abbreviations of ringing times:
Su.—Sunday, Mn.—Morning, Ev.—Evening, PN—Practice Night, Alt.—Alternate.

**Vice-Presidents:**

The Venerable T. R. Browne, B.D., Messrs Andrew T. Beckwith, Bert Chilvers, Cecil W. Pipe, H. Claude Rush, Charles J. Sedgley, George E. Symonds, Samuel J. Twitchett, Rev. D. Maddock, Bishop of Dunwich.

**Chairman:**

John W. Blythe, 69, Heath Road, Ipswich (Tel. 76833)

**Ringing Master:**

George W. Pipe, 8, Landsdowne Road, Ipswich (Tel. 75647).

**General Secretary and Treasurer:**

The Reverend L. R. Pizzey, Bramford Lodge, Bramford, Ipswich.

**Report Editor:**

Alan R. Bridges. 486, Norwich Road, Ipswich (Tel. 41948)

**Hon. Auditor:**

Joseph W. H. Preastner, Wickham Market.

**Hon. Technical Adviser:**
Ranald W. M. Clouston, "Lavenham," 1 Canons Close, Radlett, Herts.

**Central Council Representatives:**

Trevor J. Bailey, Howard W. Egglestone and Cecil W. Pipe

**Pearson Handbells Trustees:**

Dr. Stuart G. C. Harrison and Hubert A. Mitson.

**Committee:**

The President, Vice-Presidents, Chairman, Ringing Master, General Secretary and Treasurer, Report Editor, Technical Adviser, District Chairman and District Secretaries (ex-officio); together with two elected representatives from each District.

## OBJECTS

1 FEDERATION. To supply an organisation which shall unite the separate companies of Church Bell Ringers within the Diocese for the purpose of mutual support and encouragement in the performance of the duties of their office, and in the practice of their art.

2 RECOGNITION. To obtain full recognition of the ringers' office as essentially a branch of the Church's work; that ringers and their services (qualifications for which demand much time, skill and mental labour) may be placed upon a true and acknowledged basis.

3 PROMOTION OF CHANGE RINGING. To encourage, cultivate and foster the art of scientific Change Ringing by frequent meetings in various centres for practice or peal ringing; and to provide, as far as possible, instructors when and where required.

4 REFORM. To promote a proper appreciation of the ringing chamber as a part of God's House; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof; as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of bells and their fittings.

## CONSTITUTION

1 The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St. Edmundsbury and Ipswich.

2 The Officers of the Guild shall consist of:— The Lord Bishop of the Diocese as President, Patrons, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Report Editor, Auditor and the Technical Adviser.

3 The Guild shall consist of (a) Ringing Members, (b) Probationers (c) Junior Members, (d) Honorary Members, (e) Life Members.

(a) Ringing Members may be elected at any meeting where there are five other members present, or, provisionally by two other Members, before starting for a peal. Ringing Members may be elected as soon as they have rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Ringing Members shall be 5s. per year.

(b) Probationers may be elected at any meeting where there are five other members present. This grade of membership is for those learning change ringing but who have not yet rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Probationers shall be 2s. 6d. per year.

(c) Junior Members under the age of 16 years, who shall pay half the annual subscription.

(d) Honorary Members may be elected on a payment of 5s. per year.

(e) Life Members residing out of the County to make a single payment of 10s.

4 The Committee shall consist of the President, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Report Editor, Technical Adviser, District Chairmen (ex-officio), District Secretaries (ex-officio), together with two elected members from each District, seven to form a quorum. The Committee will meet a minimum of three times during the year.

5 The area covered by the Guild shall be divided into Districts, each of which shall have its own Chairman, Ringing Master, Secretary and Committee, who shall be elected at the District Annual Meeting. Each District will elect two representatives to serve on the Guild Committee The Secretary will:—

(a) Arrange Meetings for practice.
(b) Arrange for instruction.
(c) Collect the subscriptions of all members.
N.B.—In each company there shall be chosen a Secretary, or Captain, or Ringing Master, who shall collect all subscriptions as soon as possible after January 1st., and send them to the District Secretary.
(d) Forward these subscriptions to the General Secretary together with his receipt book and details of any expenditure, at the end of the year for audit.

6 The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyaly abide by the rules and decisions thereof.

## RULES

1 Subscriptions shall be due in advance on January 1st annually.

2 Any member whose subscription is unpaid on December 31st shall lose his membership. No peal shall be recorded unless the subscriptions of all taking part in it are paid, Lapsed members may be reinstated on payment of 2s. in addition to the annual subscription.

3 Should a Ringing Member, having paid five consecutive years' subscriptions, remove from the Diocese, he may without payment become a Non-Resident Member for such time as he continues to reside outside the Diocese.

4 All ringing at meetings of the Guild shall be under the direction of a Ringing Master and shall be such as is approved by the Central Council. The decisions of the Central Council shall be recognised in recording any ringing performances.

5 A peal fee of 6d. per rope is payable in respect of all peals rung for the Guild. Conductors are responsible for collecting and forwarding them to the General Secretary. No peal will be recorded unless the peal fees have been paid.

6 The Secretary may pay, on request, 2nd class return railway fare, together with a maximum of two nights' hotel expenses to such representative attending the Central Council Meeting, provided that the total indebtedness of the Guild for all representatives does not exceed £20 in any one year.

7 The Committee may remove a member from the Guild for a serious offence against the Objects and Rules, subject to appeal at a General Meeting.

8 The Objects, Constitution and Rules can only be altered by a General Meeting after three months' notice given at a General Meeting.

## REGULATIONS relating to PEARSON'S HANDBELLS

1 The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild who name appears in the curent Annual Report, according to the regulations relating to the handbells.

2 The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the preceding borrower.

3 The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the trustees by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of both the trustees.

4 The bells must be returned to the trustees upon request. The trustees should endeavour to give seven days' notice if they require the bells, and should return them to the borrower as soon as possible.

5 If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6 The trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the Committee.

7 The trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

## PROPERTY OF THE SUFFOLK GUILD OF RINGERS

**Books:** Church Bells of Suffolk, by Canon J. J. Raven, D.D. (presented in memory of C. F. Sayer, Beccles).

Bells of all Nations, by Ernest Morris.

Bells in England, by Tom Ingram.

Complete Collection of Guild Reports from 1921.

The Secretary would welcome any applications for the loan of any of the above books and would also be pleased to hear of additions in the forms of bequests, etc.

**Handbells:** Originally the property of the Rev. W. C. Pearson of Henley. and presented to the Guild in 1942.

Set of 26 bells by Taylor of Loughborough.

Two full Chromatic Octaves beginning at Middle C.

Set of 16 bells by Shaw of Bradford in diatonic scale of G.

Set of 13 bells by Warner of London in diatonic scale of E.

## INDEX AND DIRECTORY OF TOWERS

The following code is used to show the condition of the ring:—

10—Excellent. Ball bearings, modern frame and fittings.
9—Excellent. Plain bearings, modern frame and fittings—or ball bearings in an old frame.
8—Good going order.
7—Fair going order.
6—Poor going order.
5—Ringable if cleaned up and odd fittings and ropes provided.
4—Ringable with difficulty and a degree of risk after making odd repairs.
3—Unringable mainly because of tower and/or frame arrangement and position.
2—Unringable mainly because of frame and/or fittings.
1—Hung dead.
0—Some bells unhung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to hear of any corrections.

## GENERAL SECRETARY & TREASURER'S REPORT

It is my impression that 1968 can be regarded as a year of solid progress for our Guild. The rise in full membership over the year has been even greater than in 1967, and the number of probationer members has more than doubled. Over the past few years, there has been a noticeable, and most welcome, influx of young members. 1968 saw this trend continuing, and I hope that we shall consolidate the year's work by giving every encouragement to our junior and probationer members to progress in their ringing ability. A membership of 500 by the end of 1970 is our aim; with continuing effort, it can undoubtedly be achieved.

**Membership, 1968**

| | Ringing Members | Honorary Members | Junior Members | Total | 1967 | Prob. |
|---|---|---|---|---|---|---|
| S.E. District ..... | 116 | 2 | 13 | 131 | 124 | 10 |
| N.E. District ..... | 99 | 2 | 26 | 127 | 99 | 12 |
| S.W. District ..... | 64 | 4 | 4 | 72 | 55 | 1 |
| Cent. District ..... | 60 | — | — | 60 | 52 | 14 |
| N.W. District ..... | 58 | — | — | 58 | 74 | 14 |
| | 396 | 8 | 43 | 448 | 404 | 51 |

**Meetings**

During the year I have attended some part of all but one District quarterly meeting, and consider that whilst attendances have not been phenomenal, they have been such as to give encouragement to all District officers in their work. Meetings of the whole Guild have been well attended. The A.G.M. was held at Stowmarket on 20th April, when the Bishop of Dunwich, the Rt. Rev. D. R. Maddock, preached at the service, and later joined some 150 members and visitors for tea in the overcrowded church hall. At the meeting, Sam Twitchett and Andrew Beckwith were elected Vice-Presidents of the Guild. Andrew Beckwith explained that he felt he could no longer devote as much time as he thought necessary to continue as General Secretary and Treasurer, and proposed that I should succeed him. The Guild is extremely grateful for the solid work which Andrew put into his office over the past four years. Alan Bridges was elected as Report Editor; the other officers remained unchanged. During the afternoon and evening twenty-one towers were available, and the whole day was most enjoyable.

The Striking Competition was held at Ashbocking on 4th May. Once again, the Shield was keenly contested by twelve teams. It is undoubtedly true that the overall standard of striking in this event has much improved since the competition was inaugurated six years ago.

The committee has met four times during the year, with an average attendance of thirteen.

**Finance**

The General Account balance is some £13 lower than at the beginning of the year; but during the year we have purchased a new stock of Guild badges and notepaper, and expenditure on the Ringing World has risen sharply — so overall the year's working is very satisfactory. The Restoration Fund has increased by some £65 to its present balance of £306 9s. 5d., but grants from this Fund totalling £60 are promised to Bungay, Halesworth and Woolpit.

**Central Council**

The Annual Meeting was held at Worcester, and our three representatives were in attendance.

I take this opportunity to express my sincere thanks to the whole Guild for the co-operation which members have given me in the past year.

LAWRENCE R. PIZZEY.

## RINGING MASTER'S REPORT—1968

Once again it is my privilege to be able to report a satisfactory year in the Guild. Another increase in membership, good attendances at nearly all our 24 gatherings and the highest peal total since 1960 are all indicative of an energetic year.

Many members will say that the officers are hard to please! This is not so, but one of our duties is to forewarn against any complacency when, on the surface everything looks fine. I am particularly grateful as always for the support and the results we obtain but there is one area of our activities which is tending to loom uncomfortably large. I refer to the state of our major rings of bells. The statistics of 240 rings of five or over of which only 145 are "fair" or better are disturbing enough. Some of you will recall Cecil Pipe as General Secretary just after the war stressing the need for concern at the state of Ipswich and Bury bells and those at Hadleigh, Sudbury, Helmingham, Framsden, Clare, Framlingham, Fressingfield, Coddenham, Boxford, Eye, Stowmarket, Kelsale and Newmarket. Except in two cases that need is more acute than ever. I shall be mentioning this at our A.G.M. in April.

But to turn to happier thoughts for the past year! Again I thank you all for making my wife and I so welcome at the 40 or so towers we were able to visit during 1968. Attendances were generally good and our youth were to the fore.

I gave talks at Worlingworth, Ipswich and Woodbridge and was very pleased at the good turn-out at the Cathedral when our General Secretary Lawrence Pizzey was ordained Priest. A conductors' course was held at Henley in September and amongst other happy gatherings were the Veterans' meeting at Aldeburgh in October, the Guild Christmas Social and the recording of Debenham bells for Christmas morning.

The Striking Competition at Ashbocking attracted 12 teams again; congratulations to the Shield winners.

| **Results:** | Faults | | | Faults |
|---|---|---|---|---|
| 1 Bamford A | 32½ | 7 | West Stow | 65 |
| 2 Grundisburgh | 33½ | 8 | Henley | 67½ |
| 3 Aldeburgh | 38 | 9 | St. Mary le Tower | 75½ |
| 4 Mendlesham | 45 | 10 | Offton | 126½ |
| 5 Beccles | 46½ | 11 | Barking | 131 |
| 6 Framsden | 60 | 12 | Bramford B | 157 |

The peal total of 109 was of course helped considerably by two Tours contributing about 20 peals. Although this total is very pleasing in many respects and some excellent spade work achieved I must confess to being a little disappointed at the absence of variety.

Well done the 12 first-pealers — always a good sign; Dorothy Durrant, Barbara Clift, Margaret Adams, Jane Peacock, Jeremy Dingwall, Jeff Lawrence, James Wightman, Brian Wells, Jim Hollins, Brian Coley, Rich-

ard Rice and John Loveless (aged 12). Personal notes include Donald Mills (50th peal), Vernon Bedford (50 for Guild), George Symonds conducting at 93, J. M. Thorley (250th as conductor) and especially 12 year old Katharine Thorley ringing 19 peals during the year. The leading peal ringer was Vernon Bedford with 35 with Martin Thorley heading the conductors with 17.

One-hundred and thirteen Quarter-peals were rung in a number of methods.

May I make a clarion call once more for subscribing to The Ringing World. You know, our ringing is very cheap isn't it and the "R.W." at 1/- per week is still in this day and age wonderful value. I would like to see the Suffolk Guild "top of the pops" as subscribers to it—our only national printed link within the exercise.

Thank you for your support and a very succesful 1969 for Church and the Art.

GEORGE W. PIPE.

## TECHNICAL ADVISER'S REPORT

In 1968 your Adviser reported on the rings of bells at Thurston and Bardwell. At Thurston the five bells and their gear were found to be in a rather better state than expected in spite of the fact that they do not appear to have been rehung since 1861 when the earlier tower fell down and the present one was erected. The tenor is nearer 11 cwt. than the 8 cwt. noted in earlier references. While the bells clearly need an overhaul they are in the writer's view, safe to ring as they are now.

Bardwell is alas another story; the tower is very seriously cracked and one tie rod has a timber central section inscribed with the date 1769. It seems clear that the tower was showing distress 200 years ago and this has got progressively worse since. Now appreciable repair work will have to be done to the tower structure and the bells rehung in a new frame lower down. The present four bell frame modified to take six gives a peculiar rope circle; the ropes falling clockwise in the order 231456 in the ringing chamber.

Woolpit bells have now been removed to Loughborough for overhaul and it is expected that the Bungay ring of eight will be back after their restoration early in 1969.

The three rings of eight in Sudbury are all out of action due to structural defects in their towers. That at St. Peter's has been giving cause for most concern and it is now hoped that it will be fully restored and the bells, three of which are pre-Reformation, rehung for change ringing. The cost of dealing with the defects in St. Peter's and St. Gregory's curches is put at £70,000. All Saints tower is now in need of attention and change ringing has been suspended.

It is unfortunate that so many of our flint rubble towers are liable to get into the same sort of condition and restoring the fabric can be vastly more expensive than rehanging the bells. The parish of Kersey is now launching an appeal to get their tower fabric in order having raised the money to deal with the bells and a new frame.

Your Adviser visited Bacton and agreed that the treble to the ring of five was safe to swing in a full circle for training beginners but that a new frame would be needed before all five could be rung again.

A gudgeon pin broke on the second bell at East Bergholt. This has been repaired, but further work will be needed to the bearings and the

frame members adjacent to them to prevent further trouble.

At Stonham Aspal a gudgeon pin on the sixth and another on the tenor have sheared due to fatigue. Your Adviser has recommended replacing all these gudgeon pins as the design has given trouble elsewhere and it will only be a question of time before others fail.

It is hoped to improve the "go" of the Cathedral bells by doing major work locally. A major overhaul is vital in the long term, but as this cannot be contemplated for some time some short term work will be worth while. Your Adviser has visited the Norman tower to discuss this.

Please let your Adviser know of your problems in his field.

R. W. M. CLOUSTON.

## DISTRICT REPORTS

### NORTH WEST

The four quarterly meetings during the year were held at Rougham, Elveden, Newmarket and Mildenhall — at the latter there was a record attendance of 50. In addition there have been eight practice meetings, at which attendances have been fair to good.

A big thank you to Bryan Whiting of Horringer, who is keeping the band going there, the band have scored five "firsts" to quarter peals on the treble this year.

The collection for the Restoration Fund at our meetings amounted to £5 11s. 1d.

My sincere thanks to all members for their support.

ARTHUR F. BALLAM, Secretary.

### CENTRAL

For quarterly meetings have been held during the year at Stradbroke, Buxhall, Worlingworth and Stowmarket. In addition there have been four practice meetings. A number of new members have been elected, which is encouraging.

Unfortunately, Mr. L. E. Last has resigned from the office of chairman. I take this opportunity of thanking him for all the work he has done for the Central District.

My thanks to all who have been so willing to assist with the arrangements for meetings in my first year of office, which I have enjoyed.

MURIEL R. PAGE, Secretary.

### SOUTH EAST

During 1968 four quarterly meetings were held at Woodbridge, Copdock and Sprougton, Hollesley and Henley. Six practice meetings were also held. For the second time since the Striking Competition started, it was held in the S.E. district—at Ashbocking.

We wish to welcome all new members and probationers, and hope that 1969 will be a good year for them. Congratulations must be extended to George Symonds for conducting and ringing a peal in his 94th year — and to all first pealers and Quarter pealers.

We ask all who can ring to have patience with beginners and with those who are not so quick in a method.

Your officers wish you all a good year for 1969 and thank you for helping them in 1968. WINIFRED LOCKWOOD, Secretary.

## NORTH EAST

Nineteen-sixty-eight has been a year of progress for the District. Membership continues to rise and service ringing has been maintained at the usual centres.

The advent of the Thorley family has seen an upsurge in peal ringing and new bands are being trained at Laxfield and Badingham. It is many years since the latter tower had ringers of its own and we wish the recruits every success with their efforts in this isolated corner of our District. Our congratulations must also go to Vernon Bedford of Aldeburgh on his splendid effort in the "Ringing World" recent competition.

Meetings during the year have been held at Laxfield and Dennington, Hevengham and Badingham, Framlingham and Southwold (A.D.M.). The average attendance was 43. At our Southwold meeting it was decided to try the experiment of holding a practice meeting between each quarterly meeting and if sufficient support is forthcoming it is hoped that this will form a regular feature of our activities.

Finally, my thanks to everyone for their support and help during the year and best wishes to all Guild members in 1969.

TREVOR N. J. BAILEY, Secretary.

## SOUTH WEST DISTRICT

Our 1968 meetings were held at Stoke-by-Clare, Kedington, Polstead and Clare (A.D.M.), with an average attendance of 35. This year we were hosts to our neighbouring Essex Association District when we held a meeting at All Saints, Sudbury, in September, which was well supported from both Guilds.

Congratulations to Jeremy Dingwell and John Loveless, both of Bures, who range their first peal during the year and to Mr. Ernest Ambrose of Sudbury who rang a quarter peal at Lavenham to celebrate his 90th birthday. Congratulations, too, to Mr. George Garwood of Hartest who has completed 60 years as a ringer; to mark this event Mr. Garwood was presented with a tankard by his fellow parishioners.

We are pleased to welcome to the district the new members elected during the year, but regret to record the deaths of two well-known district members, Mr. Fred Poulson of Long Melford and Mr. Walter Bailey of Stratford St. Mary, who are both very much missed in their respective towers.

Nineteen-sixty-eight has seen an improvement on 1967, but we hope that 1969 will see even greater enthusiasm aroused.

Best wishes to all, and good ringing in 1969.

(Mrs.) EVELYN R. M. REEVE, District Secretary.

## OBITUARY

It is with regret that we note the passing during the year of the following members and good friends of the Guild:—

WALTER D. BAILEY, Stratford St. Mary.
Starting his ringing career as one of the East Bergholt band on the unique ring of five, Walter D. Bailey learned his "tower" bell-ringing late in life and after mastering the art went on to teach many youngsters at Stratford St. Mary and Higham. The Suffolk Guild will miss his passing, and his is a place hard to fill.

CHARLES E. FISHER, Ufford.
The Suffolk Guild lost one of its Vice-Presidents when Charles E. Fisher passed away. He served the Guild with distinction in several offices including that of General Secretary and Treasurer. By his belfrymanship and his ability as a ringer and conductor he was one of Suffolk's most respected ringers.

ALFRED R. KING, Broome.
For 40 years Alfred R. King lived at Brome and was ringer, chorister and church councillor in the twin villages of Brome and Oakley.

PETER LAFLIN, Chester Guild.
Born at Stoke-by-Nayland, Peter Laflin then moved to Debenham where he joined the choir and learned to ring. After a spell in Canada he returned to Manchester and to Stockport in 1930 where he was able to carry on making the great name for himself that he started in Suffolk. Not only as a ringer and chorister, but by his own personality, he was loved by all he met.

REV. W. FAYLE PARR, Benhall.
At his death as Rector of Benhall, Rev. W. Fayle Parr had a first class reputation; it was a privilege and pleasure for him to meet many ringers and hear the bells he loved.

ALFRED J. PETERS, Barking.
With all his life at Barking Alfred J. Peters had to curtail his ringing activities because of wounds received in the 1914-18 war. Nevertheless he was instrumental in raising a band at Barking and kept the bells going for several years.

FREDERICK A. POULSON, Long Melford.
Being one of four brothers, Fred. A. Poulson learned to ring at Lavenham as all did, ringing Lavenham tenor to many peals in different methods. Several years ago he moved to Long Melford and continued his ringing career there.

REV. G. M. SYKES, Ipswich.
It was always a pleasure to go to Sweffling to ring when the Rev. G. M. Sykes was Rector there. He was Hon. Member of the "Suffolk Guild" until his retirement from the living in 1958 when he moved to Ipswich.

RUSSELL WARD, Cotton.
One of the old school was lost with the passing of Russell Ward, and to be called "a man of the soil" was a great tribute to him. His ringing was mostly at Cotton and Mendlesham, and he was essentially a six-bell man.

**Committee:**

The President, Vice-Presidents, Chairman, Ringing Master, General Secretary and Treasurer, Report Editor, Technical Adviser, Pearson Handbells Trustees, District Chairman and District Secretaries (ex-officio), together with two representatives from each District.

## OBJECTS

1. FEDERATION. To supply an organisation which shall unite the separate companies of Church Bell Ringers within the Diocese for the purpose of mutual support and encouragement in the performance of the duties of their office, and in the practice of their art.

2. RECOGNITION. To obtain full recognition of the ringers' office as essentially a branch of the Church's work; that ringers and their services (qualifications for which demand much time, skill and mental labour) may be placed upon a true and acknowledged basis.

3. PROMOTION OF CHANGE RINGING. To encourage, cultivate and foster the art of scientific Change Ringing by frequent meetings in various centres for practice or peal ringing; and to provide, as far as possible, instructors when and where required.

4. REFORM. To promote a proper appreciation of the ringing chamber as a part of God's House; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof; as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of bells and their fittings.

## CONSTITUTION

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St. Edmundsbury and Ipswich.

2. The Officers of the Guild shall consist of:— The Lord Bishop of the Diocese as President, Patrons, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Report Editor, Auditor and the Technical Adviser.

3. The Guild shall consist of (a) Ringing Members, (b) Probationers, (c) Junior Members, (d) Honorary Members, (e) Life Members.
   (a) Ringing Members may be elected at any meeting where there are five other members present; or, provisionally by two other Members, before starting for a peal. Ringing Members may be elected as soon as they have rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Ringing Members shall be 5s. per year.
   (b) Probationers may be elected at any meeting where there are five other members present. This grade of membership is, for those learning change ringing but who have not yet rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Probationers shall be 2s. 6d. per year.
   (c) Junior Members under the age of 16 years, who shall pay half the annual subscription.
   (d) Honorary Members may be elected on a payment of 5s. per year.
   (e) Life Members residing out of the County to make a single payment of 10s.

4. The Committee shall consist of the President, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Report Editor, Technical Adviser, Pearson Handbells Trustees, District Chairmen (ex-officio), District Secretaries (ex-officio), together with two elected members from each District, seven to form a quorum. The Committee will meet a minimum of three times during the year.

5. The area covered by the Guild shall be divided into Districts, each of which shall have its own Chairman, Ringing Master, Secretary and Committee, who shall be elected at the District Annual Meeting. Each District will elect two representatives to serve on the Guild Committee. The Secretary will:—
   (a) Arrange Meetings for practice.
   (b) Arrange for instruction.
   (c) Collect the subscriptions of all members.
   N.B.—In each company there shall be chosen a Secretary, or Captain, or Ringing Master, who shall collect all subscriptions, as soon as possible after January 1st. and send them to the District Secretary.
   (d) Forward these subscriptions to the General Secretary together with his receipt book and details of any expenditure, at the end of the year for audit.

6. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

**RULES**

1. Subscriptions shall be due in advance on January 1st annually.

2. Any member whose subscription is unpaid on December 31st shall lose his membership. No peal shall be recorded unless the subscriptions of all taking part in it are paid. Lapsed members may be restated on payment of 2s. in addition to the annual subscription.

3. Should a Ringing Member, having paid five consecutive years' subscriptions, remove from the Diocese, he may without payment become a Non-Resident Member for such time as he continues to reside outside the Diocese.

4. All ringing at meetings of the Guild shall be under the direction of a Ringing Master and shall be such as is approved by the General Council. The decisions of the Central Council shall be recognised in recording any ringing performances.

5. A peal fee of 6d. per rope is payable in respect of all peals rung for the Guild. Conductors are responsible for collecting and forwarding them to the General Secretary. No peal will be recorded unless the peal fees have been paid.

6. The Secretary may pay, on request, 2nd class return railway fare, together with a maximum of two nights' hotel expenses to such representative attending the Central Council Meeting, provided that the total indebtedness of the Guild for all representatives does not exceed £20 in any one year.

7. The Committee may remove a member from the Guild for a serious offence against the Objects and Rules, subject to appeal at a General Meeting.
8. The Objects, Constitution and Rules can only be altered by a General Meeting after three months' notice given at a General Meeting.

## REGULATIONS relating to PEARSON'S HANDBELLS

1. The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.
2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the preceding borrower.
3. The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of both the Trustees.
4. The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days' notice if they require the bells and should return them to the borrower as soon as possible.
5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.
6. The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the Committee.
7. The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

## PROPERTY OF THE SUFFOLK GUILD OF RINGERS

**Books:** Church Bells of Suffolk by Canon J. J. Raven, D.D. (presented in memory of C. F. Sayer, Beccles).

Bells of all Nations, by Ernest Morris.

Bells in England, by Tom Ingram.

Complete Collection of Guild Reports from 1921.

Tape Recording of B.B.C. Broadcast from Long Melford 1969.

The Secretary would welcome any applications for the loan of any of the above books and would also be pleased to hear of additions in the forms of bequests, etc.

**Handbells:** Originally the property of the Rev. W. C. Pearson of Henley, and presented to the Guild in 1942.

Set of 26 bells by Taylor of Loughborough.

Two full Chromatic Octaves beginning at Middle C.

Set of 16 bells by Shaw of Bradford in diatonic scale of G.

Set of 13 bells by Warner of London in diatonic scale of E.

## INDEX AND DIRECTORY OF TOWERS

The following table is used to show the condition of the ring:—

10—Excellent. Ball bearings, modern frame and fittings.

9—Excellent. Plain bearings, modern frame and fittings—or ball bearings in an old frame.

8—Good going order.

7—Fair going order.

6—Poor going order.

5—Ringable if cleaned up and odd fittings and ropes provided.

4—Ringable with difficulty and a degree of risk after making odd repairs.

3—Unringable mainly because of tower and/or frame arrangement and position.

2—Unringable mainly because of frame and/or fittings.

1—Hung dead.

0—Some bells unhung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to hear of any corrections.

## GENERAL SECRETARY AND TREASURER'S REPORT

Looking back over 1969, I am impressed, as I have been for the past two or three years, by the high percentage of young ringers in our towers. However, there has not been a rise in membership during the year as I should have liked. Perhaps we all take our Guild for granted—we are all members, and we enjoy our District quarterly meetings — but the overall welfare of the Guild is something we think we can, or must, leave to the Officers. This is false reasoning. The well-being of the whole Guild is very directly influenced by each and every member. Too many people wait until their District Secretary *asks* for their subscription — and very few of us make it *our* business to ensure that learners and newcomers are made members at the first opportunity. Let us all make an effort in 1970 to see that our own subscription is promptly paid, and that every other ringer we know in the county is a member of the Guild.

**Membership 1969**

| | Ringers Members | Honorary Members | Junior Members | Total | 1968 | Probationers |
|---|---|---|---|---|---|---|
| S. E. District | 120 | 4 | 12 | 136 | 131 | 18 |
| N. E. District | 66 | 2 | 28 | 96 | 127 | 9 |
| S. W. District | 73 | 3 | 4 | 80 | 72 | 1 |
| Cent. District | 54 | - | - | 54 | 60 | 17 |
| N. W. District | 58 | - | - | 58 | 58 | - |
| | 371 | 9 | 44 | 424 | 448 | 45 |

**Meetings**

The General Guild meetings have been well attended this year. The A.G.M. was held at Bury St. Edmunds on 12th April. The service, at which the Provost preached, was held in the Cathedral and was followed by tea and the business meeting in the Silver Jubilee Boys' School. The meeting heard with regret of George Pipe's decision not to continue as Ringing Master for another year. As evidence of the quality of his leadership, suffice it to say that during his 5 year term of office the membership of the Guild increased by some 37%. Howard Egglestone was unanimously elected as Ringing Master, and George Pipe was elected a Vice-President.

The Striking Competition took place at Woolpit on 3rd May, the Shield being retained by Bramford. Eleven teams competed in a most enjoyable event.

A General Meeting was held at Clopton and Otley on 13th September, and amended the Constitution to make the Pearson Handbell Trustees ex-officio members of the Committee.

The Sudbury Mammoth Olde Tyme Rallye held at Long Melford in June, brought the climax of nine months hard work by Leslie Mills, on the Guild's behalf, when we staged a display of ringing on tower bells (using the Whitechapel Expo Belfry) and handbells. Our most warm thanks to Leslie and all who contributed in any way to the most successful weekend.

The Committee has met three times during the year, with an average attendance of fourteen.

**Finance**

The General Account balance increased by some £12, and the Restoration Fund by near £15 over the year. Grants totalling £60 were paid to Bungay, Halesworth and Woolpit, and grants amounting to £45 are promised to Kersey and Worlington.

**Central Council**

Our four representatives all attended the Annual meeting, held this year at St. Albans.

My especial thanks to District Secretaries and members of the Committee who have worked both hard and well during 1969.

LAWRENCE R. PIZZEY.

## RINGING MASTER'S REPORT, 1969

Before I present my report for 1969, I want my first words to be a tribute to my predecessor in office, George Pipe. It is no coincidence that during the past five years the affairs of the Guild have shown a marked revival and on behalf of all members I extend our thanks to George for his dedicated work. His leadership and enthusiasm have served as an encouragement to us all, his Churchmanship and integrity improved the image of ringing throughout the diocese. I am sure that George will still take an interest in Guild affairs to the continued benefit of the exercise generally.

I feel that 1969 was a good year for the Guild in many ways. The experiment of holding a Peal Week was a great success as the list of first pealers proved. In 1970 the Week will be held from September 26th to October 4th, to coincide with the diocesan celebrations to mark the completion of the present stage of the cathedral. I hope that all members will avail themselves of an opportunity to ring a peal during the week.

The Striking Competition held at Woolpit again proved to be a very enjoyable and worthwhile day. The competition was won for the second year running by the talented young Bramford band. There is no doubt that the overall standard in this competition is improving all the time and is therefore proving the point of the contest by making everyone more striking conscious. I cannot pretend that our striking is of a consistently high standard at all times, with the amount of basic teaching going on at the moment this would be impossible, but at least the competition is making us realise that good striking is attainable and worth the effort.

It was a great pleasure to see and hear the Guild in action at the Old Tyme Rallye at Long Melford. This venture really put Suffolk ringing on the map and was a great success; this was mainly due to the organising ability and tireless enthusiasm of Leslie Mills; it is not generally realised the amount of work and effort which he unstintingly put into this unique occasion but I am sure that he was rewarded by the sight of thousands of people seeing and enjoying ringing being performed by guild members.

Our peal ringers had a very successful year, 124 peals being rung. Four members conducted a peal for the first time, Muriel Page, Robert Southgate, Brian Whiting and Roger Whittell. A total of 16 first pealers is a very encouraging sign that the teaching of the past few years is paying dividends and our congratulations go to Elizabeth Bowyer, Cheryl Lay, Amanda Richmond, Mrs. Joan Muxlow, Mrs. J. Perry, Sally Potter, David Barber, Raymond Bumstead, Kelvin Dakin, Desmond Harold, Philip Harold, Richard Knight, Peter Muxlow, Nigel Rogers, Stephen Pettman and Felix Potter. Other note-worthy performances included Frederick Wade ringing a peal after a 30 year gap and a very fine effort at Great Thurlow in which Sam Twitchett conducted a peal in which all of the other ringers were his pupils. Other personal milestones included Martin Thorley's 750th peal while his 12 year-old daughter Katharine followed in father's footsteps with her 25th peal. Congratulations also

go to Muriel Page, Alan Bridges and Michael Howes on their 100th peal, Les Brett on his 600th peal and his 200th as conductor, George Pipe on his 150th as conductor and Michael Howes on ringing the Cambridge "family" to peals. Amongst other note-worthy peals was the Bob Major at Stowmarket and the first peal of London Royal by a resident band. There is one performance however which I have intentionally left till last and one which I am sure all those mentioned previously will agree with me provides us with the highlight of the peal columns. I refer of course to the peal of London Surprise Major at Grundisburgh in which George Symonds, in his 95th year, turned in a magnificent performance and provided us all with a superb example and added another remarkable performance to an already highly distinguished career. The grand old man of Suffolk ringing indeed.

These notes can only highlight a few of the many facets of our activities in 1969, but I think that it can be seen that the Guild is in good heart. We cannot afford to be complacent however, it would be very misleading of me to pretend that all is well. Things are better and are improving but with all the ringable peals of bells without ringers let alone the unringable peals in Suffolk there is still a tremendous amount to do. We have turned the corner over the past few years, but the next period must be one of consolidation and continued progress. This can only be done by all members playing a full part in all activities. Support your local tower captain and back up your district officers, but above all always give of your best whilst in the tower. Thank you for your support in 1969. I am sure that 1970 will again see the Suffolk Guild doing its part for the Church and the exercise.

HOWARD W. EGGLESTONE.

## TECHNICAL ADVISER'S REPORT

During the year the bells at Bungay St. Mary and Woolpit have been re-dedicated after their overhauls. At the former there was no floor immediately below the bells making maintenance hazardous and one was to be fitted. At Woolpit the bells were rather too loud inside and somewhat so outside on the south, your adviser made recommendations to correct this.

The Kersey bells are due back in the restored tower early in 1970 and it is hoped that they will be re-dedicated before Easter. They have not been swung in full circles this century!

At Barrow the clappers have been overhauled by the bell founders, and at Ipswich St. Nicholas, Neville Whittell has in his own time re-hung the three trebles and hopes to deal with the two tenors in the Spring. He is much to be commended for this work as it is very doubtful when the parish will be able to afford the new frame and fittings which they will need in the longer term, and it is desirable to keep the bells in a ringable condition meantime.

Our flint rubble towers are giving trouble in a number of places and ringing has had to stop at Helmingham, Ixworth and Great Barton. The towers in this material need regular maintenance and when this is not done the effect becomes cumulative. Every five years the towers and the

rest of the fabrics are inspected by a competent architect. He reports to the P.C.C. and it is up to them to put his recommendations into practice before his next visit in five years time. Also, sometimes this is not happening and on his next visit he finds little or nothing done and the structure in a much worse state. A stitch in time saves nine even on church towers. So please keep in touch with your P.C.C. and get to know the contents of the Architect's report and when appropriate see that recommended work on the tower is dealt with.

At Fornham St. Martin the bells are in such a poor condition that the P.C.C. does not want them rung till they can be overhauled.

At Leiston a new locally made headstock was fitted to the fourth bell about 1966. This bell was not easy to ring when the writer visited in 1967, and he now understands that this bell is not now used. He hopes to visit and see what can be done. All the bells were re-hung in 1954.

It is hoped to re-hang the five East Bergholt bells. The underside of the frame has been affected by damp and a damp course is to be inserted, the frame and its cage overhauled, and the bells re-hung. The present unique method of ringing will be retained.

Your Adviser inspected the Wetherden bells and reminded the parish of the advice he gave after their overhaul in 1955 when he found that the addition of the ringers' gallery caused the sallies to pass through the ceiling holes at backstroke, and the holes were just not big enough to permit this without undue friction. His 1956 advice unfortunately had not been acted upon.

After very considerable debate it does appear that the Sudbury St. Peter bells are to be hung dead, at least initially. The fear we all have is that once hung dead there is only a slender chance that money will be found to hang them for ringing properly at a later date.

At Worlington it is hoped to re-hang the five bells in a new frame. They have not been ringable for many years.

At Poslingford it is grand to report that local ringers have fitted a new wheel to the treble after the old one became broken due to a leaking roof. The other bells have been overhauled.

We must all be on the alert for thieves. Already other dioceses, particularly Chelmsford and Norwich, have been losing bells and now alas the treble to those at Wherstead has been stolen. The single bell at Ramsholt almost went, but fortunately did not get further than the first floor. Please take particular care to keep towers locked and the key kept in an inconspicuous place.

At the Olde Tyme Rally your Adviser spent two days behind Mr. George Elphick's model of a mediaeval bell foundry and some of his plaster casts of bell marks. A considerable amount of interest was shown by the general public and the ringers who attended.

R. W. M. CLOUSTON.

## DISTRICT REPORTS

### NORTH WEST

There have been four quarterly and eight practice meetings during the year. I would like to point out that members attendance has fallen slightly. Please do support your district meetings.

Congratulations to Mr. Brian Whiting for the good work he is doing at Horringer. This young band has only been ringing about two years, and this year five members have rung their first peal.

My sincere thanks to you all for your good work this year.

The collections for the Restoration Fund at our meetings amounted to £5. 15s. 9d.

ARTHUR F. BALLAM, Secretary.

### SOUTH EAST

1969 has been an eventful year for the district. First of all congratulations to Bramford on retaining the Striking Competition Shield for the second time. It was good to have so many teams entering from the District. Congratulations also to George Symonds (still young at heart) on ringing a good peal of London S. Major in his 95th year. I am sure that those of our members who in any way took part in the Long Melford Rallye which was such a success, thoroughly enjoyed themselves.

The four District meetings of the year were held at Bramford and Sproughton, Ufford, Clopton and Otley, and St. Mary-le-Tower, Ipswich. The practice meetings were not very well attended. We are pleased to know that our chairman, Stanley Bloomfield, is recovering nicely after his stay in hospital.

All the officers join in thanking you for your support during the year and wishing you good ringing in 1970.

Mrs. WINIFRED LOCKWOOD, Secretary.

### CENTRAL

During 1969 four quarterly meetings were held at Eye, Mendlesham, Wilby and Stonham Aspal. Three practice meetings and a car tour were also held. The Striking Competition was held in the Central district — at Woolpit.

My congratulations to those of the Stowmarket band in scoring their recent peal.

New members having been elected during the year is very pleasing, but we regret the deaths of two well-known members, Dr. C. W. Beecroft and Mr. O. G. Barnard.

My thanks to everyone for their support during the year and good ringing in 1970.

Mrs. MURIEL R. PAGE, Secretary.

### SOUTH WEST

During 1969 we held meetings at Assington, Great Thurlow, Glemsford and Lavenham (A.D.M.), with an average attendance of 27, a slight drop on last year. We once again held a joint meeting when we were entertained at Halstead by our Essex friends. Plans are already in hand

for the 1970 meeting which we hope will be held at Stoke-by-Nayland in September.

Congratulations to all those who have rung or conducted their first quarter peals during the year. We also welcome all new members to the district.

May I, in this my last year of office, thank all those who in any way have helped me to arrange meetings etc., and I am sure all district members join me in wishing the new Secretary every success, and trust that you will give him your full support in 1970.

Mrs. EVELYN R. M. REEVE, Secretary.

**NORTH EAST**

Although 1969 has seen the election of twenty-one new members, this source of satisfaction has been offset by the fact that no less than fifty members have allowed their subscription to lapse. I am convinced that this state of affairs has arisen more from forgetfulness than apathy, and I hope to see the situation speedily remedied in 1970.

Five meetings and two practice meetings were held during the year at Benhall and Saxmundham, Bramfield and Halesworth, Aldeburgh, Beccles (joint with N.D.A.) and Bungay (A.D.M.). The average attendance was 39. The two practice meetings held early in the year at Wenhaston and Yoxford were poorly supported and it was decided to to discontinue these for the time being.

Our thanks to those who continue with the work of training recruits, often in remote villages. This involves a vast amount of time and effort but the results are worthwhile as is shown by the advent of new and enthusiastic bands at Benhall and Badingham.

I thank all those who have supported our meetings and best wishes to all members in 1970.

TREVOR N. J. BAILEY, Secretary.

## OBITUARY

It is with regret that we note the passing during the year of the following members and good friends of the Guild.

ERNEST SYDNEY BAILEY, Leiston.
With the death on 30th December of Ernest Sydney Bailey, means one less of the famous Bailey Brothers that did so much to further the art of ringing in the early part of this century, starting with a peal of Plain Bob, eight of the brothers went on to ring peals of Surprise Major together. Being called to rest at the age of 87 years, Sydney was a regular churchman and ringer at Leiston, until ill health prevented him a few years ago. He will be remembered by all who rang with him.

OLIVER E. G. BARNARD, Stowmarket.
The very unexpected death of Oliver E. G. Barnard, Tower Captain of Stowmarket, only two months after his marriage, came as a shock to all, and a loss of a colourful character of the Suffolk Guild. The fruits of his labours came only shortly before with the restoration of Stowmarket Bells for which he raised funds through jumble sales, waste paper and collections. His peals were rung on many famous bells including the high numbers, conducting many of them himself.

CHARLES W. BEECROFT, Debenham.
At the age of 80 years, Charles W. Beecroft, passed to Higher Service. Learning to ring at his native Earl Soham where he was Master Ferrier, after the wartime ban he joined the Framsden company where he soon graduated to surprise and rung several peals including three spliced. His retirement left a big gap in the Framsden band.

BISHOP RICHARD BROOK
With the death of Bishop Richard Brook, the Suffolk Guild lost one of its past Presidents, standing out as a strong bishop his sense of humour was warm and winning with his native bluntness.

JAMES DALE, Stowmarket.
Stowmarket lost one of its older ringers with the death of James Dale, starting his ringing career at Holbrook, moving to Wetheringsett, and then to Stowmarket, where he became a most faithful Sunday service ringer at Stowmarket, also on practice nights, and was for many years steeple keeper there.

SIMON WILLIAM KINSEY, St. Margaret's, Ipswich.
Known to all as "Bill", Simon William Kinsey, passed away at the age of 91 years at his home, from where he used to walk over 2 miles to ring at St. Margaret's. Starting ringing at Old Newton in 1897 and moving to Ipswich, joining St. Mary-le-Tower in 1914, then was requested to help train a band at St. Margaret's, this then became his tower. It was a sad day for him when he had to give up ringing in 1950, through ill health.

## LIST OF MEMBERS – 1969

Abbreviations of Ringing times:
Su.–Sunday: Mn–Monday; Ev.–Evening; PN–Practice Night; GPN–Guild Practice Night; Alt.–Alternate.

### NORTH EAST DISTRICT

**Chairman**: Ralph W. Bickers, 6 Ballygate Street, Beccles.

**Ringing Master**: Peter S. Bedford, 49 Franklin Road, Aldeburgh.

**Secretary**: Trevor N. J. Bailey, 9 Lady's Meadow, Beccles.

**Guild Executive Representatives**: E. R. Goate and P. S. Bedford

Hubert A. Mitson, Alanor Lodge, Buxhall (Tel: Rattlesden 347).
George W. Pipe, 8 Lansdowne Road, Ipswich (Tel: 75647).

**Committee:**

The President, Vice-Presidents, Chairman, Ringing Master, General Secretary and Treasurer, Report Editor, Technical Adviser, Pearson Handbells Trustees, District Chairman and District Secretaries (ex-officio), together with two representatives from each District.

## OBJECTS

1. FEDERATION. To supply an organisation which shall unite the separate companies of Church Bell Ringers within the Diocese for the purpose of mutual support and encouragement in the performance of the duties of their office, and in the practice of their art.

2. RECOGNITION. To obtain full recognition of the ringers' office as essentially a branch of the Church's work; that ringers and their services (qualifications for which demand much time, skill and mental labour) may be placed upon a true and acknowledged basis.

3. PROMOTION OF CHANGE RINGING. To encourage, cultivate and foster the art of scientific Change Ringing by frequent meetings in various centres for practice or peal ringing; and to provide, as far as possible, instructors when and where required.

4. REFORM. To promote a proper appreciation of the ringing chamber as a part of God's House; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof; as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of bells and their fittings.

## CONSTITUTION

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St. Edmundsbury and Ipswich.

2. The Officers of the Guild shall consist of: The Lord Bishop of the Diocese as President, Patrons, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Report Editor, Auditor and the Technical Adviser.

3. The Guild shall consist of (a) Ringing Members, (b) Probationers, (c) Junior Members, (d) Honorary Members, (e) Life Members.
   (a) Ringing Members may be elected at any meeting where there are five other members present; or, provisionally by two other Members, before starting for a peal. Ringing Members may be elected as soon as they have rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Ringing Members shall be 50p per year.
   (b) Probationers may be elected at any meeting where there are five other members present. This grade of membership is, for those learning change ringing but who have not yet rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Probationers shall be 25p per year.
   (c) Junior Members under the age of 16 years, who shall pay half the annual subscription.
   (d) Honorary Members may be elected on a payment of 50p. per year.
   (e) Life Members residing out of the County to make a single payment of £1.

4. The Committee shall consist of the President, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Report Editor, Technical Adviser, Pearson Handbells Trustees, District Chairmen (ex-officio), District Secretaries (ex-officio), together with two elected members from each District, seven to form a quorum. The Committee will meet a minimum of three times during the year.

5. The area covered by the Guild shall be divided into Districts, each of which shall have its own Chairman, Ringing Master, Secretary and Committee, who shall be elected at the District Annual Meeting. Each District will elect two representatives to serve on the Guild Committee. The Secretary will:
   (a) Arrange Meetings for practice.
   (b) Arrange for instruction.
   (c) Collect the subscriptions of all members.
   N.B.—In each company there shall be chosen a Secretary, or Captain, or Ringing Master, who shall collect all subscriptions, as soon as possible after January 1st. and send them to the District Secretary.
   (d) Forward these subscriptions to the General Secretary together with his receipt book and details of any expenditure, at the end of the year for audit.

6. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

**RULES**

1. Subscriptions shall be due in advance on January 1st annually.

2. Any member whose subscription is unpaid on December 31st shall lose his membership. No peal shall be recorded unless the subscriptions of all taking part in it are paid. Lapsed members may be restated on payment of 10p in addition to the annual subscription.

3. Should a Ringing Member, having paid five consecutive years' subscriptions, remove from the Diocese, he may without payment become a Non-Resident Member for such time as he continues to reside outside the Diocese.

4. All ringing at meetings of the Guild shall be under the direction of a Ringing Master and shall be such as is approved by the General Council. The decisions of the Central Council shall be recognised in recording any ringing performances.

5. A peal fee of 10p per rope is payable in respect of all peals rung for the Guild. Conductors are responsible for collecting and forwarding them to the General Secretary. No peal will be recorded unless the peal fees have been paid.

6. The Secretary may pay, on request, 2nd class return railway fare, together with a maximum of two nights' hotel expenses to such representative attending the Central Council Meeting, provided that the total indebtedness of the Guild for all representatives does not exceed £20 in any one year.

7. The Committee may remove a member from the Guild for a serious offence against the Objects and Rules, subject to appeal at a General Meeting.

8. The Objects, Constitution and Rules can only be altered by a General Meeting after three months' notice given at a General Meeting.

## REGULATIONS relating to PEARSON'S HANDBELLS

1. The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the preceding borrower.

3. The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of both the Trustees.

4. The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days' notice if they require the bells and should return them to the borrower as soon as possible.

5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6. The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the Committee.

7. The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

## PROPERTY OF THE SUFFOLK GUILD OF RINGERS

**Books:** Church Bells of Suffolk by Canon J. J. Raven, D.D. (presented in memory of C. F. Sayer, Beccles).

Bells of all Nations, by Ernest Morris.

Bells in England, by Tom Ingram.

Complete Collection of Guild Reports from 1921.

Tape Recording of B.B.C. Broadcast from Long Melford 1969.

The Secretary would welcome any applications for the loan of any of the above books and would also be pleased to hear of additions in the forms of bequests, etc.

**Handbells:** Originally the property of the Rev. W. C. Pearson of Henley, and presented to the Guild in 1942.

Set of 26 bells by Taylor of Loughborough.

Two full Chromatic Octaves beginning at Middle C.

Set of 16 bells by Shaw of Bradford in diatonic scale of G.

Set of 13 bells by Warner of London in diatonic scale of E.

## INDEX AND DIRECTORY OF TOWERS

The following table is used to show the condition of the ring:

10—Excellent. Ball bearings, modern frame and fittings.

9—Excellent. Plain bearings, modern frame and fittings—or ball bearings in an old frame.

8—Good going order.

7—Fair going order.

6—Poor going order.

5—Ringable if cleaned up and odd fittings and ropes provided.

4—Ringable with difficulty and a degree of risk after making odd repairs.

3—Unringable mainly because of tower and/or frame arrangement and position.

2—Unringable mainly because of frame and/or fittings.

1—Hung dead.

0—Some bells unhung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to hear of any corrections.

## 1970 ANNUAL REPORT

As your Report Editor, I should like to explain briefly some changes in this year's Report, and on behalf of next year's Editor, to make an appeal regarding the 1971 Report.

In the recent discussions about Guild finance, one point was made repeatedly: that our funds are under strain, and that the biggest strain of all is the cost of printing our Annual Report. No one seemed eager to sacrifice the quality of the Report (acknowledged to be one of the finest in the country), but all were anxious to save on its cost — a challenge to any editor! That is why, to save space and therefore money, we have omitted the District Secretaries' reports and adopted the "Ringing World" style of peal report. Now it is up to Suffolk ringers to decide whether these changes were necessary or desirable (I think they were), and whether they ought to be kept next year.

And speaking of next year, I should like to encourage all who find errors in this Report — in peal totals, tower information, ringers' names, or whatever — to let the Report Editor know (in writing, preferably), so that the 1971 Report can truly be an accurate record of our Guild's activities. May it also be pointed out that advertising revenue is the best subsidy of Report expenses, since it benefits the advertiser, the Guild, and readers of the Report. If you yourselves are able to advertise, or if you can persuade firms you know to do so, the Report Editor would be pleased to hear from you.

Yours for a better Report in 1971.

J. DANA JOSEPHSON.

## GENERAL SECRETARY AND TREASURER'S REPORT

The figures below suggest that membership of the Guild has remained static during the past year. However, whilst numbers may be constant, the people who go to make up those numbers are ever-changing: and 1970 is no exception. At practically every District meeting, some new members have been elected; and this is as it should be. But your officers would like to see an **increase** in numbers, not simply a valiant effort to maintain the present level of membership. As I look back at records for the past five years, I find that in 14 towers there has been a marked increase in Guild membership (in some cases a completely new band) during that time: but in long-established centres of ringing there seems to be a reluctance to train new recruits. We cannot expect new blood always to come to us – we must take the initiative in increasing the strength of ringing in Suffolk.

**Membership 1970**

| | Ringing Members | Honorary Members | Junior Members | Total | 1969 | Probationers |
|---|---|---|---|---|---|---|
| S.E.District | 116 | 3 | 9 | 128 | 136 | 13 |
| N.E.District | 75 | 9 | 14 | 98 | 96 | 8 |
| S.W.District | 62 | 3 | 9 | 74 | 80 | 4 |
| Cent. District | 62 | 1 | - | 63 | 54 | 8 |
| N.W.District | 60 | - | 3 | 63 | 58 | - |
| | 375 | 16 | 35 | 426 | 424 | 33 |

**Meetings**

The A.G.M. at Ipswich was well attended. Our President, the Bishop of the Diocese, preached at the service, which was followed by tea and the business meeting. At the meeting, Mr. Leslie Mills of Bures was elected a Vice-President in recognition of his untiring efforts on the Guild's behalf in connection with the Olde Tyme Rallye at Long Melford in 1969. Notice was given of a General Meeting in the autumn to consider the possible abolition of probationary membership. This meeting, held at Barking, was attended by about 90 members. The motion to abolish probationary membership was defeated. A motion to increase the Ringing Members' subscription to 50p (other grades of membership being increased pro rata) and to raise the peal fee to 10p per rope, as from 1st January, 1971, was carried overwhelmingly.

The Striking Competition was held at Higham on 16th May, the Shield being won by the Lavenham band. This event continues to arouse a keen competitive spirit, and to be a notable event in the Guild social calendar.

On 19th September, a service of dedication of the new Ringing Master's Badge of Office was held at Great Thurlow. The dedication, by the Archdeacon of Sudbury, took place in the presence of the donor, Mr. R. A. Vestey, Patron of the Guild. The fine craftsmanship of a fellow-ringer, Mr. Peter Sloman of Essex, who made this Badge, has already been much admired.

The Committee has met three times during the year, there being an average attendance of eighteen.

**Finance**

Concern over the ever-rising cost of printing our Annual Report, together with a realisation of the necessity to increase the income of the Restoration Fund in order that we may make more realistic contributions towards re-hanging work within the Diocese, pointed the need to increase subscriptions and raise the peal fee. As it is, the General Account for 1970 shows a deficit of some £30: but as only one grant of £20 (towards the restoration at Kersey) has been paid during the year, the Restoration Fund balance has increased by £69.

**Central Council**

Our four representatives all attended the annual meeting at Ilkley.

My thanks to all District Officers for their co-operation in 1970, coupled with best wishes for the expansion of all Districts in 1971.

LAWRENCE R. PIZZEY.

## RINGING MASTER'S REPORT

1970 has been an extremely active year, with a great deal of effective work being done in all parts of the Guild. We are all aware of the great importance in teaching learners, and it has given me great pleasure to see a great amount of enthusiastic teaching going on in many places in the Diocese. In particular the South-West District is really buzzing again, and there is very pleasing progress being made at Wickham Skeith and Benhall.

Members have turned out in force to most of the main functions of the year. It is always encouraging to your officers when we get the support which we have had this year.

The Striking Competition was again a very successful day, being held this year at Higham on a very pleasant spring afternoon, and with excellent local arrangements. The trophy changed hands this year, and all present agreed that Lavenham were worthy winners with a splendid piece of ringing. Again the overall standard of the day spoke well for the general standard of ringing in the county.

There was good Guild support, too, at Kersey, when the bells were rung for the first time this century – and what a fine six they are! The parishioners of Kersey deserve the highest praise for their effort in getting the tower and bells restored; and Eddy Hynard and the local company have our warmest good wishes for the future, and I am sure our support.

Many people made the long journey to Great Thurlow to express our appreciation to Mr. R. A. Vestey for his generous donation of a Ringing Master's Badge of Office. Our thanks are also due to Peter Sloman and to Leslie Mills for their parts in production and arrangements for this historic occasion in the annals of Suffolk Ringing.

It is, however, in peal and quarter-peal ringing that the Guild has reached new heights in the scope of the ringing and in the numbers rung. The grand total of 186 peals rung is 62 more than the previous highest total. Whilst appreciating that there have been two peal tours within the county,

this still means that our members have been more active in peal ringing than ever before.

Of course this means that there have been some remarkable individual accomplishments this year, and pride of place must go to J. Martin Thorley, whose 94 Guild peals constitute a new record for the Guild; also it is the first time that a resident member has rung 100 peals in a year. Congratulations are also due to another member of the Thorley family, Katharine, who rang more peals (53) for the Guild than any other lady ringer has rung, and of course is certainly the youngest lady ever to have amassed that total. Other personal records worthy of mention include Cecil W. Pipe's 750th peal (in the 50th anniversary year of his first peal); J. B. Pickup's 400th peal, and five members attaining their 100th peal: Katharine Thorley, Vernon Bedford, Alan Bridges, Alan Feaver and Lawrence Pizzey. Many new methods have been rung for the first time for the Guild, and Leslie Brett achieved two unusual milestones, in that he "rang the alphabet" in Surprise Major methods and completed peals on the 34 ringable octaves in the county. The Spliced Surprise Major record for the Guild has been increased from 12 to 17 methods during the series of peals at Grindisburgh. Congratulations to Michael Howes on calling a peal of Stedman Caters, and to George Symonds, who continues to astonish everyone by calling a peal of Bob Major at the age of 95 years — a remarkable achievement.

Whilst all these records have been set we must not lose sight of the splendid effort made by many of our younger ringers: the Peal Week in September was successful on many counts, not least by the amount of first-pealers. My congratulations go to the following who rang their first peal in 1970: Gordon Adams, Janet Barnard, Margaret Brown, Bryan Crouch, Trevor Hughes, Dana Josephson, Henry Miller, Theresa Orris, Michael and Roger Peters, Roland Peck, Margaret Read, Marion Saker, David Salter, and Norman Tawn. Also to our new conductors this year: Katherine Thorley, Trevor Hughes, Roy Lockwood, and Fred Steward.

Quarter-peal ringing has shewn great activity and a special mention must be made of the Benhall Sunday Service band, who have rung 23 quarters this year, in their own tower.

All in all a very successful year, in which most members have played a full part. There is, however, one small danger signal which must be heeded. Whilst our overall membership showed a slight increase, there was a decrease of 12 amongst probationers. We must not make the same mistakes as we have in the past. Whilst it is very pleasant to have an unchanged band and meet regularly to improve our ringing, we must always be trying to introduce young blood into the Exercise. We must keep teaching: while we have so much activity within the Guild, it must be easier and quicker for keen youngsters to learn than ever before. It is up to us to introduce them to the art and to encourage them to learn. There can be no such thing as resting on our laurels; in the long term this is retrogressive.

Thank you for your support and the friendly welcome you have accorded to my wife and myself during our travels around the county, and I wish you all a further successful year in 1971.

HOWARD W. EGGLESTONE.

## TECHNICAL ADVISER'S REPORT

The major event in 1970 was the rededication of the six bells at Kersey. The bells now hang in a new metal frame a stage lower in the tower than formerly, and the cracked tenor has been recast. Recently your Adviser visited with the church architect and discussed what could be done to keep the dampness out of the bell-chamber and the need for repositioning the clock weights. He found the fifth bell's clapper not in the centre of the bell and he removed some packing to bring this about; this followed comment that the bell was a little odd-struck.

Your Adviser has inspected the rings of bells at Hessett, Blaxhall, Drinkstone, Benhall, South Elmham St. Cross, Helmingham, the tenor at Worlingworth, the fourth at Leiston, and the fourth at Acton.

At Hessett the five bells are not easy to ring. The timber bell-frame shifts and in the long term requires renewing. Your Adviser suggested fitting some vertical tie rods in the short term to improve matters. The tenor, which was recently rehung in ball bearings, is still the worst bell to ring because of this frame movement. The second and third bells are cracked in their crowns.

At Blaxhall, the parish cannot afford a new bell-frame. The bells had not been rung in changes for some time before your Adviser's visit and he saw each bell swung in a full circle. A decayed floor just below the bells was removed some years ago and was not replaced, and he recommended that the strength of the next floor down (which is also the ceiling of the ringing chamber) should be checked and reinforced, if necessary, to stand a clapper dropping out of one of the bells. He felt that it would be safe to resume ringing, subject to this precaution.

At Drinkstone, the six bells were last rehung by Days of Eye, in 1891. Permission had not been granted to ring them for a number of years by the previous incumbent. Your Adviser made routine adjustments and greased the bearings and with some local ringers found that they were comparatively easy to ring, and in his view quite safe to be regularly rung for services.

At Benhall, following his inspection and report in 1967, the local ringers had been busy improving conditions, and he was very pleased to confirm on his 1970 visit that this effort had produced worthwhile results. He discussed with the band some remaining items.

At South Elmham St. Cross there are five bells which were last overhauled by Alfred Bowell in the 1920's. Your Adviser swung each bell in a full circle and found the bells quite ringable. Woodworm is attacking most of the timber in the tower and the parish was recommended to have this treated.

Worlingworth tenor is seriously cracked in the crown. Three cracks with a total visible length of 33 inches radiate from the iron cast-in staple. The pitches of the bell suggest that even when undamaged the tone was not too good, and it would be best for the bell to be recast when funds permit.

At Helmingham the eight bells were cast to commemorate the Battle of Waterloo and they hang in a two-tier timber frame, with the third and fourth above. As inspected this upper tier was wedged to the tower walls;

this is not desirable. They were last overhauled in 1900, and your Adviser recommended a new frame set lower down in the tower as the long-term aim.

At Leiston the fourth bell had become unringable and your Adviser on his visit tightened up all the securing ironwork and the gudgeon bolts. He reversed the clapper staple as the clapper ball was 1 inch nearer one side of the bell than the other with the plane of the mouth horizontal. It has since been reported to him that the bell now goes extremely well though it is still a little odd-struck.

At Sweffling the problem is the state of the tower parapets, especially on the east side, overlooking the nave roof. Your Adviser visited with the Diocesan Advisory Committee and discussed the problem with the churchwardens, the incumbent and the church architect. Here again lack of funds is the main problem.

At Acton it was reported that the fourth bell was making an unexpected noise as it swung in a full circle. Your Adviser found the north ball-bearing housing loose in the frame. One bolt had sheared off a long while ago and had not been replaced, and the only remaining one had worked loose. He tightened the latter, and recommended the replacement of the broken bolt.

At Hartest, where the bells were rehung in 1953, a leaking tower roof has been causing damage to the floors and fittings below. The roof has now been repaired but the damage remains to be made good. It is of interest to report that the first book on change-ringing, the TINTINNALOGIA published in 1668, is thought to have been written by the Rev. Richard Duckworth, the then Rector of Hartest. A facsimile edition of this very rare work is now available.

At Gazeley, Mr. Alan Feaver is hoping to get the six bells ringable again. This will not be easy as it is over 100 years since they were last rehung and the fittings are in a poor state, especially the headstocks.

At Chevington, where the five bells were completely rehung in a new six-bell frame in 1905, ringing the bells in full circles ceased about 1935. Your Adviser has seen all the bells so rung and found that the two tenors were hard work. The main cause seemed to be the distortion of the top of the frame due to lack of enough vertical tie-rods and to worn bearings. With the aid of a parishioner he has drilled five holes right through the frame around the two tenor pits and has fitted tie-rods. He is grateful to Mr. Neville Whittell for having the rods made up. Bad weather after Christmas prevented the bells being tried out in 1970.

A major disappointment in the year was the hanging of the fine ring of eight at St. Peter's, Sudbury, stationary.

The six bells from Nayland which have been at Loughborough for some years are now to be rehung for change-ringing and the five bells at Worlington are to be rehung in a new frame with new fittings. Your Adviser has recommended that the design of the new frame should be capable of extension to take a new treble without modifications.

R. W. M. CLOUSTON

## OBITUARY

It is with regret that we note the passing during the year of the following members of the Guild:

FREDERICK J. CRAPNELL, Grundisburgh.
"Fred" Crapnell, one of the Guild's veterans, passed to his rest early in the year, having attained the age of 88. A blacksmith by trade, he was a good churchman, and was most regular in attendance at his local tower. He gave faithful service to the Church in Grundisburgh for over 50 years.

JACK COOK, Kelsale.
Formerly a ringer at Rendham and Saxmundham, Jack was, at his death, a member of the Kelsale company. A loyal member of the band, he passed to higher service in January, at the age of 71.

THE REVEREND J. R. H. CLAYTON, Hintlesham.
Mr. Clayton, the late Rector of Hintlesham and an Honorary Member of the Guild, always showed a lively interest in bellringing, and was most enthusiastic when, a few years ago, the chance arose to form a local company at Hintlesham.

ALAN R. BRIDGES, Ipswich.
With the untimely death of Alan Bridges the Guild lost one who had been a faithful member and had held office at District level and latterly as Report Editor. Though rarely in good health, Alan was regular in attendance at various practice nights and at District meetings: he also enjoyed his peal ringing.

REGINALD CHARLES KERSEY, Sproughton.
The sudden death on 13th December of "Reg" Kersey, took from the Guild a loyal and reliable member whose active ringing career spanned from the famous Leiston band of the 1920's to the present day. He learnt to ring at Leiston in the early 1920's and rang many peals with the famous Bailey brothers, including 13 of Bristol and 11 of London. He moved to London in 1933, not returning to Suffolk until 1957. Since that time he has wholeheartedly supported all Guild activities. A loyal member of the St. Matthew's, Ipswich, company, he was also a great worker for the Church and ringers at Sproughton. His quiet humour and examplary ringing conduct will be greatly missed. To his wife, Agnes, the daughter of Reg's tutor, Charles F. Bailey, we extend our deepest sympathy.

## LIST OF MEMBERS 1970

Abbreviations of Ringing times:
Su.—Sunday: Mn—Morning; Ev.—Evening; PN—Practice Night; GPN—Guild Practice Night; Alt.—Alternate.

### NORTH EAST DISTRICT

**Chairman**: Ralph W. Bickers, 6 Ballygate Street, Beccles.
**Ringing Master**: Peter S. Bedford, 49 Franklin Road, Aldeburgh.
**Secretary**: Trevor N. J. Bailey, 9 Lady's Meadow, Beccles.
**Guild Executive Representatives**: E. R. Goate and P. S. Bedford
**District Committee**:
T. N. J. Bailey, P. S. Bedford, R. W. Bickers, E. R. Goate, I. J. Margetts, W. E. Wigg

**Changes for 1971**

**Chairman**: Roger J. Peters, Brookfields, Aldecar Lane, Benhall Green, Saxmundham.
**Ringing Master**: J. Martin Thorley, School House, Laxfield, Woodbridge.
**Secretary**: Mrs. J. M. Thorley, School House, Laxfield, Woodbridge.
**Guild Executive Representatives**: E. R. Goate, J. M. Thorley.
**District Committee**:
T. D. Hughes, R. C. Peck, R. J. Peters, J. M. Thorley, Mrs. J. M. Thorley
**Tower Correspondents**:
Aldeburgh: P. S. Bedford, 49 Franklin Road, Aldeburgh.
Beccles: E. R. Goate, 51 Grove Road, Beccles.
Benhall: A. H. Archer, 56 Saxon Road, Saxmundham (Tel. 2655).
Framlingham: W. E. Mauldon, 14 Market Hill, Framlingham, Woodbridge.
Halesworth: W. E. Riggs, 7 Market Place, Halesworth.
Kelsale: L. Ludbrook, Forge Cottage, Kelsale, Saxmundham.
Leiston: A. Knights, 67 Central Road, Leiston.
Marlesford: G. Finch, 4 The Bungalows, Marlesford, Woodbridge.
Saxmundham: A. H. Archer, 56 Saxon Road, Saxmundham (Tel. 2655).
Southwold: R. S. Payne, 30 Hotson Road, Southwold.
Theberton: Rev. Ralph, The Rectory, Theberton, Leiston.
Wenhaston: C. J. Gibson, 1 Heath Road, Wenhaston, Halesworth.
Yoxford: M. Newson, Tunshaven, Yoxford, Saxmundham.

## OBJECTS

1. FEDERATION. To supply an organisation which shall unite the separate companies of Church Bell Ringers within the Diocese for the purpose of mutual support and encouragement in the performance of the duties of their office, and in the practice of their art.

2. RECOGNITION. To obtain full recognition of the ringers' office as essentially a branch of the Church's work; that ringers and their services (qualifications for which demand much time, skill and mental labour) may be placed upon a true and acknowledged basis.

3. PROMOTION OF CHANGE RINGING. To encourage, cultivate and foster the art of scientific Change Ringing by frequent meetings in various centres for practice or peal ringing; and to provide, as far as possible, instructors when and where required.

4. REFORM. To promote a proper appreciation of the ringing chamber as a part of God's House; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof; as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of bells and their fittings.

## CONSTITUTION

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St. Edmundsbury and Ipswich.

2. The Officers of the Guild shall consist of: The Lord Bishop of the Diocese as President, Patrons, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Report Editor, Auditor and the Technical Adviser.

3. The Guild shall consist of (a) Ringing Members, (b) Probationers, (c) Junior Members, (d) Honorary Members, (e) Life Members.
   (a) Ringing Members may be elected at any meeting where there are five other members present; or, provisionally by two other Members, before starting for a peal. Ringing Members may be elected as soon as they have rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Ringing Members shall be 50p per year.
   (b) Probationers may be elected at any meeting where there are five other members present. This grade of membership is, for those learning change ringing but who have not yet rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Probationers shall be 25p per year.
   (c) Junior Members under the age of 16 years, who shall pay half the annual subscription.
   (d) Honorary Members may be elected on a payment of 50p. per year.
   (e) Life Members residing out of the County to make a single payment of £1.

4. The Committee shall consist of the President, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Report Editor, Technical Adviser, Pearson Handbells Trustees, District Chairmen (ex-officio), District Secretaries (ex-officio), together with two elected members from each District, seven to form a quorum. The Committee will meet a minimum of three times during the year.

5. The area covered by the Guild shall be divided into Districts, each of which shall have its own Chairman, Ringing Master, Secretary and Committee, who shall be elected at the District Annual Meeting. Each District will elect two representatives to serve on the Guild Committee. The Secretary will:
   (a) Arrange Meetings for practice.
   (b) Arrange for instruction.
   (c) Collect the subscriptions of all members.
   N.B.—In each company there shall be chosen a Secretary, or Captain, or Ringing Master, who shall collect all subscriptions, as soon as possible after January 1st. and send them to the District Secretary.
   (d) Forward these subscriptions to the General Secretary together with his receipt book and details of any expenditure, at the end of the year for audit.

6. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

**RULES**

1. Subscriptions shall be due in advance on January 1st annually.

2. Any member whose subscription is unpaid on December 31st shall lose his membership. No peal shall be recorded unless the subscriptions of all taking part in it are paid. Lapsed members may be restated on payment of 10p in addition to the annual subscription.

3. Should a Ringing Member, having paid five consecutive years subscriptions, remove from the Diocese, he may without payment become a Non-Resident Member for such time as he continues to reside outside the Diocese.

4. All ringing at meetings of the Guild shall be under the direction of a Ringing Master and shall be such as is approved by the General Council. The decisions of the Central Council shall be recognised in recording any ringing performances.

5. A peal fee of 10p per rope is payable in respect of all peals rung for the Guild. Conductors are responsible for collecting and forwarding them to the General Secretary. No peal will be recorded unless the peal fees have been paid.

6. The Secretary may pay, on request, 2nd class return railway fare, together with a maximum of two nights' hotel expenses to such representative attending the Central Council Meeting, provided that the total indebtedness of the Guild for all representatives does not exceed £20 in any one year.

7. The Committee may remove a member from the Guild for a serious offence against the Objects and Rules, subject to appeal at a General Meeting.
8. The Objects, Constitution and Rules can only be altered by a General Meeting after three months' notice given at a General Meeting.

## REGULATIONS relating to PEARSON'S HANDBELLS

1. The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.
2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the preceding borrower.
3. The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of both the Trustees.
4. The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.
5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.
6. The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the Committee.
7. The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

## STRIKING COMPETITION RULES

1. The competition shall take place on the second Saturday in May or on any other date as shall be decided by the committee.
2. All bona fide members of the Guild may compete providing their subscriptions are paid.
3. No member may ring in more than one piece.
4. A band competing as a representative band of a particular tower must have at least 4 members shewn in the annual report as members of that tower.
5. Each band must have a representative present at the draw, the time of the draw to be advertised in The Ringing World.

6. Two minutes round ringing and stand will be allowed for practice before the test piece.
7. The test piece will generally be of 240 changes of any recognised Doubles or Minor method. In the event of a team ringing doubles a cover bell must be used. The length of the test piece may be shortened at the discretion of the Ringing Master in the event of a large entry.
8. A reserve ringer, appointed by the Ringing Master, will be available to teams meeting short at the discretion of the Ringing Master.
9. Three judges, appointed by the committee, will be present. Their decision is final.
10. The Mitson Shield is, and shall always remain, the sole property of the Guild, which may at any time give directions for its location, safe keeping, etc.

## PROPERTY OF THE SUFFOLK GUILD OF RINGERS

**Books:** Church Bells of Suffolk by Canon J. J. Raven, D.D. (presented in memory of C. F. Sayer, Beccles).

Bells of all Nations, by Ernest Morris.

Bells in England, by Tom Ingram.

Complete Collection of Guild Reports from 1921.

Tape Recording of B.B.C. Broadcast from Long Melford 1969.

The Secretary would welcome any applications for the loan of any of the above books and would also be pleased to hear of additions in the forms of bequests, etc.

**Handbells:** Originally the property of the Rev. W. C. Pearson of Henley, and presented to the Guild in 1942.

Set of 26 bells by Taylor of Loughborough.

Two full Chromatic Octaves beginning at Middle C.

Set of 16 bells by Shaw of Bradford in diatonic scale of G.

Set of 13 bells by Warner of London in diatonic scale of E.

## INDEX AND DIRECTORY OF TOWERS

The following table is used to show the condition of the ring:

10—Excellent. Ball bearings, modern frame and fittings.
9—Excellent. Plain bearings, modern frame and fittings—or ball bearings in an old frame.
8—Good going order.
7—Fair going order.
6—Poor going order.
5—Ringable if cleaned up and odd fittings and ropes provided.
4—Ringable with difficulty and a degree of risk after making odd repairs.
3—Unringable mainly because of tower and/or frame arrangement and position.
2—Unringable mainly because of frame and/or fittings.

1—Hung dead.
0—Some bells unhung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to hear of any corrections.

## GENERAL SECRETARY AND TREASURER'S REPORT

Last year I began my report by commenting on the continuing influx of new ringers to our art, and the desirability of well established centres of ringing welcoming learners. It is pleasing to find that some such centres have responded well to those words: it is sad that others have not. I am convinced that towers and Districts with a high proportion of Junior and Probationer members are planning wisely for the future. Overall, membership figures are down this year – which was to be expected in a year when subscription levels were raised. There are still people in Suffolk who want their ringing on the cheap, and are not prepared to contribute a mere 50p per year towards the encouragement and increase of ringing fellowship and the maintenance of bells in this Diocese. That is what subscriptions are used for.

**Membership 1971**

| | Ringing Members | Honorary Members | Junior Members | Total | 1970 | Probationers |
|---|---|---|---|---|---|---|
| S.E.District | 116 | 4 | 11 | 131 | 128 | 26 |
| N.E.District | 51 | 10 | 10 | 71 | 98 | 17 |
| S.W.District | 62 | 2 | 4 | 68 | 74 | - |
| N.W.District | 56 | - | 3 | 59 | 63 | - |
| Cent. District | 46 | - | 2 | 48 | 63 | 9 |
| | 331 | 16 | 30 | 377 | 426 | 52 |

**Meetings**

The A.G.M. at Lavenham was very well attended. Tea was taken in the Church Room, and at the business meeting which followed there was standing room only. Mr. Arthur Rolfe was elected a Guild Vice-President.

The Striking Competition was held at Benhall on 13th May, the shield being retained for a second year by the Lavenham band. This event was, once again, a most enjoyable occasion.

The committee has met three times during the year, the average attendance being seventeen.

**Finance**

The increase in subscription rates has made our finances look much healthier this year. It is gratifying to report an increase of nearly £250 in the Restoration account; but this money is not to be hoarded, and £300 from this fund is promised in grants to various parishes, payable on the satisfactory completion of restoration work.

**Central Council**

Your four representatives all attended the annual meeting at Leamington Spa. Due to the drop in Guild membership, our 1972 A.G.M. can only elect three representatives to the Council to serve for the next three years.

My thanks go to all District officers and committee members for their efforts in 1971, and my best wishes to all members for good ringing in 1972.

LAWRENCE R. PIZZEY.

## RINGING MASTER'S REPORT

1971 started badly for the Guild with the sad loss of R.E.Lester. Bob was an untiring enthusiast whose untimely death leaves a considerable gap in ringing activities in this Guild. An indication of the affection and esteem in which he was held by his fellow-ringers was the impressive attendance at the memorial service and the response to the appeal to provide a lasting commemoration in Barking church.

Another service which will long be remembered by those present was the ringers' service at Bures, at which the local congregation and ringers from near and far joined together to celebrate the twentieth anniversary of the eight at Bures.

Ringing activities continued at a reasonably satisfactory level. Whilst some towers have not been quite as active as in past years, others continue to show improvement and new activity is very evident at St. Clement's, Ipswich, Kersey and Palgrave.

The striking competition at Benhall was a great success. Twelve teams competed and a feature of the day was the many visitors attracted to the contest. The local band made first-class arrangements as well as performing very creditably in their first competition. The Lavenham band were worthy winners of the shield for the second year running. The rules of the competition are published in this report for the first time. After nine years of continued growth of the competition it is felt by the committee that the time has come to regularise the rules and to try to achieve the initial aims of the competition, which of course is to encourage Sunday service ringing.

Peal ringers have again been very active and so far as peal ringing is an indication of the strength of ringing in the Guild we can be very satisfied. 131 peals were recorded, second only to last year's record. Of this total there were several highlights. We can be proud that the first peal of Bristol Royal rung in the Eastern Counties was rung by a resident Guild band at Grundisburgh. The Tuesday night band at that tower, having achieved a guild record by ringing 24 Surprise Major methods, are now starting to make progress in "all the work" Surprise Major peals. The officers' peal at Henley and the peal of Rutland Major rung at Soham in conjunction with the Ely Diocesan Association were noteworthy peals, as was the splendid achievement by the young band (average age 14) which rang the peal of Plan Bob Minor at Theberton — a triumph of youth indeed, and something which reflects great credit on those who have taught these young ringers. Personal achievements included J.Martin Thorley's 950th peal and Leslie Brett's 700th. Congratulations are due to the following first-pealers: Sanda Cunningham, Diana Harrold, Mervyn Bewley, Ian Lockwood, Jonathan Peters, St.John Perry and Timothy Soanes. It is always pleasing to see young conductors coming on to the scene, and John Loveless, Adrian Knights, John Mayle and David Salter are to be congratulated on the progress they have made in this field this year. It can be said that the standard of peal ringing in Suffolk is of a reasonably high level at the moment, but I would remind peal ringers that the only way to keep it this way is the introduction of new blood to peal ringing at every opportunity.

My thanks to all members and district officers who have worked so

hard in Guild affairs in 1971, and to all those who have given my wife and I such a friendly reception in our travels around the county.

HOWARD W. EGGLESTONE.

## TECHNICAL ADVISER'S REPORT

1971 was a quiet year for bell restorations. There were no rededications but a number of jobs are in hand or contemplated, so 1972 should be better.

Nayland bells are expected to be back in the tower ready for ringing in January, and the bells at Great Barton and Bacton are expected to be removed for overhaul at about the same time.

It is hoped that the Cathedral bells in the Norman Tower will soon be rehung in a new frame though finance for this project is still a problem. A new frame is vital here for a satisfactory result for, as your Adviser pointed out in 1959, the present one distorts appreciably when the bells are rung.

At Worlingworth it is hoped to recast the cracked tower and rehang all the bells from new headstocks.

During 1971 your Adviser inspected the rings at Withersfield, Kedington, Hintlesham, Pakenham, Long Melford, Wickhambrook and Winston.

At Withersfield the five are in a poor state, and nothing less than a new frame and new fittings will make them fit for change ringing.

Kedington bells were overhauled and put in a new frame as recently as 1935-6, but the clapper joints are unsatisfactory and some of the bells are odd struck. The elm headstocks are becoming wormeaten.

Hintlesham also had a new frame and fittings, in this case in 1905. The bells still go quite well though there are a number of defects which if corrected would have made them better.

At Pakenham the third and tenor were rehung between the Wars but the other three have fittings dating from 1863 and 1872. In these latter cases the securing ironwork is corroded and weak. The five hang in a large 6 ft. 9 ins. high mediaeval frame designed for three bells. Fortunately the bearing level has been lowered to a third the way down the frame from the top by the addition of a false top cill. In the longer term a new frame is needed.

At Long Melford the bells and fittings are in quite good order, having been overhauled by Taylors in 1924. The tall frame dates from 1744 and is decayed in places. The main problem here is the cracks in the tower both in the older 1725 part and in the upper part of 1903 and some strengthening will be needed. Ringing meantime has been restricted to major festivals.

At Wickhambrook the five bells are not in a ringable condition, and are now equipped with levers in place of full wheels. A new frame will be needed before they can be rung in changes again.

Your Adviser visited Winston to see if an unwanted bell at Sutton by Woodbridge would make a tenor to the minor five there. A pit is left in the frame for such a bell. The bell would fit but unfortunately nothing had been done about the defects noted in his 1957 report and the fittings

of the five bells are in poor order. It would be more important to attend to them rather than make them six.

At Tattingstone the tower is nearly completely restored. Three of the five bells have been swung in full circles, another is in a fit state to be rung but the remaining one is obstructed and some modification will be needed.

At Westhall the tower has been repaired. The bells were rehung by Days of Eye in 1913 though now the 1616 treble is badly cracked from the crown to mid waist. The parish is obtaining new ropes which will enable the bells to be tried out.

The five at Chevington were rung for the first time for some 35 years during 1971 but they are hard work even after fitting the frame tie rods. New bearings are needed and the frame needs anchoring at the bottom cill level to the lower walls.

R.W.M.CLOUSTON.

## OBITUARIES

With great regret we record the passing of the following members in 1971.

BERT CHILVERS – Cotton.

A quiet, kindly, unassuming man who could manage his bell with his one arm as well as a man with two. Bert held office for many years and maintained the high standard of striking in mid-Suffolk particularly during the wars. Despite his disability he rang several peals 24 of which were for our Guild.

FREDERICK FLATT – Oakley.

An old, faithful member of the Waveney Valley area, Fred taught scores of youngsters to ring at Brome, Oakley and Wingfield. He will be sadly missed but his son Alan carries on his good work.

GILBERT GOODSHIP – Grundisburgh.

One of the Exercises' gentlemen, Gilbert's whole ringing life was devoted to teaching and encouraging new bands wherever he went. A capable ringer on all numbers, he rang over 60 peals for the Guild.

ROBERT E. LESTER – Barking.

Bob Lester's contribution to the Suffolk Guild was considerable – his ability, his advice and his eagerness to teach change-ringers. He held Guild office, taught his whole family to ring and was extremely loyal to his Church and to ringing. He rang 374 peals for Suffolk, conducting many of them.

ALEC THOMPSON – Stradbroke.

Those who visited Stradbroke for either peals or meetings will miss Alec's red, shining and smiling face, always there to welcome us. A call-change ringer who never ceased to marvel at Change-ringing; it was his custom to sit in the belfry for the first hour of a peal.

# STATEMENT OF ACCOUNTS

**Suffolk Guild of Ringers, 21st January 1971 to 20th January 1972.**

## OBJECTS

1. FEDERATION. To supply an organisation which shall unite the separate companies of Church Bell Ringers within the Diocese for the purpose of mutual support and encouragement in the performance of the duties of their office, and in the practice of their art.

2. RECOGNITION. To obtain full recognition of the ringers' office as essentially a branch of the Church's work; that ringers and their services (qualifications for which demand much time, skill and mental labour) may be placed upon a true and acknowledged basis.

3. PROMOTION OF CHANGE RINGING. To encourage, cultivate and foster the art of scientific Change Ringing by frequent meetings in various centres for practice or peal ringing; and to provide, as far as possible, instructors when and where required.

4. REFORM. To promote a proper appreciation of the ringing chamber as a part of God's House; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof; as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of bells and their fittings.

## CONSTITUTION

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St. Edmundsbury and Ipswich.

2. The Officers of the Guild shall consist of: The Lord Bishop of the Diocese as President, Patrons, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Report Editor, Auditor and the Technical Adviser.

3. The Guild shall consist of (a) Ringing Members, (b) Probationers, (c) Junior Members, (d) Honorary Members, (e) Life Members.
   (a) Ringing Members may be elected at any meeting where there are five other members present; or, provisionally by two other Members, before starting for a peal. Ringing Members may be elected as soon as they have rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Ringing Members shall be 50p per year.
   (b) Probationers may be elected at any meeting where there are five other members present. This grade of membership is, for those learning change ringing but who have not yet rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Probationers shall be 25p per year.
   (c) Junior Members under the age of 16 years, who shall pay half the annual subscription.
   (d) Honorary Members may be elected on a payment of 50p per year.
   (e) Life Members residing out of the County to make a single payment of £1.

4. The Committee shall consist of the President, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Report Editor, Technical Adviser, Pearson Handbells Trustees, District Chairmen (ex-officio), District Secretaries (ex-officio), together with two elected members from each District, seven to form a quorum. The Committee will meet a minimum of three times during the year.

5. The area covered by the Guild shall be divided into Districts, each of which shall have its own Chairman, Ringing Master, Secretary and Committee, who shall be elected at the District Annual Meeting. Each District will elect two representatives to serve on the Guild Committee. The Secretary will:
   (a) Arrange Meetings for practice.
   (b) Arrange for instruction.
   (c) Collect the subscriptions of all members.
   N.B. - In each company there shall be chosen a Secretary, or Captain, or Ringing Master, who shall collect all subscriptions, as soon as possible after January 1st and send them to the District Secretary.
   (d) Forward these subscriptions to the General Secretary together with his receipt book and details of any expenditure, at the end of the year for audit.

6. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

## RULES

1. Subscriptions shall be due in advance on January 1st annually.

2. Any member whose subscription is unpaid on December 31st shall lose his membership. No peal shall be recorded unless the subscriptions of all taking part in it are paid. Lapsed members may be restated on payment of 10p in addition to the annual subscription.

3. Should a Ringing Member, having paid five consecutive years subscriptions, remove from the Diocese, he may without payment become a Non-Resident Member for such time as he continues to reside outside the Diocese.

4. All ringing at meetings of the Guild shall be under the direction of a Ringing Master and shall be such as is approved by the General Council. The decisions of the Central Council shall be recognised in recording any ringing performances.

5. A peal fee of 10p per rope is payable in respect of all peals rung for the Guild. Conductors are responsible for collecting and forwarding them to the General Secretary. No peal will be recorded unless the peal fees have been paid.

6. The Secretary may pay, on request, 2nd class return railway fare, together with a maximum of two nights' hotel expenses to such representative attending the Central Council Meeting, provided that the total indebtedness of the Guild for all representatives does not exceed £20 in any one year.

7. The Committee may remove a member from the Guild for a serious offence against the Objects and Rules, subject to appeal at a General Meeting.

8. The Objects, Constitution and Rules can only be altered by a General Meeting after three months' notice given at a General Meeting.

## REGULATIONS relating to PEARSON'S HANDBELLS

1. The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the preceding borrower.

3. The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of both the Trustees.

4. The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.

5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6. The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the Committee.

7. The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

## STRIKING COMPETITION RULES

1. The competition shall take place on the third Saturday in May or on any other date as shall be decided by the committee.

2. All bona fide members of the Guild may compete providing their subscriptions are paid.

3. No member may ring in more than one piece.

4. A band competing as a representative band of a particular tower must have at least 4 members shown in the annual report as members of that tower, or who are bona fide Sunday service ringers at that tower.

5. Each band must have a representative present at the draw, the time of the draw to be advertised in The Ringing World.

6. Two minutes round ringing and stand will be allowed for practice before the test piece.

7. The test piece will be 240 true changes of any recognised Doubles or Minor method. In the event of a team ringing Doubles a cover bell must be used. The length of the test piece may be shortened at the discretion of the Ringing Master in the event of a large entry.

8. A reserve ringer, appointed by the Ringing Master, will be available to teams meeting short at the discretion of the Ringing Master.

9. Three judges, appointed by the committee, will be present. Their decision is final.

10. The Mitson Shield is, and shall always remain, the sole property of the Guild, which may at any time give directions for its location, safe keeping, etc.

## PROPERTY OF THE SUFFOLK GUILD OF RINGERS

Books: Church Bells of Suffolk by Canon J.J. Raven, D.D. (presented in memory of C.F. Sayer, Beccles).

Bells of all Nations, by Ernest Morris.

Bells in England, by Tom Ingram.

Complete Collection of Guild Reports from 1921.

Tape Recording of B.B.C. Broadcast from Long Melford 1969.

The Librarian would welcome any applications for the loan of any of the above books and would also be pleased to hear of additions in the forms of bequests etc

Handbells: Originally the property of the Rev. W.C. Pearson of Henley, and presented to the Guild in 1942.

Set of 26 bells by Taylor of Loughborough.

Two full Chromatic Octaves beginning at Middle C.

Set of 16 bells by Shaw of Bradford in diatonic scale of G.

Set of 13 bells by Warner of London in diatonic scale of E.

## INDEX OF DIRECTORY OF TOWERS

The following table is used to show the condition of the ring:

10 - Excellent. Ball bearings, modern frame and fittings.
9 - Excellent. Plain bearings, modern frame and fittings - or ball bearings in an old frame.
8 - Good going order.
7 - Fair going order.
6 - Poor going order.
5 - Ringable if cleaned up and odd fittings and ropes provided.
4 - Ringable with difficulty and a degree of risk after making odd repairs.
3 - Unringable mainly because of tower and/or frame arrangement and position.
2 - Unringable mainly because of frame and/or fittings.
1 - Hung dead.
0 - Some bells unhung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to hear of any corrections.

## GENERAL SECRETARY AND TREASURER'S REPORT

It is encouraging to report that membership is up again this year, with a continued increase in the number of Junior members. Whilst we are proud and pleased to have so many longstanding members of the Guild still taking a keen interest in the Art, it augurs well for the future that the average age of our members is now somewhere between 40 and 45. It is also good to be able to report the return to active ringing of several who learned some years ago, but who have been 'lying fallow'.

Membership 1972

| | Ringing Members | Honorary Members | Junior Members | Total | 1971 | Probationers |
|---|---|---|---|---|---|---|
| S.E. District | 108 | 3 | 19 | 130 | 131 | 28 |
| N.E. District | 48 | 10 | 8 | 66 | 71 | 14 |
| S.W. District | 66 | 4 | 12 | 82 | 68 | - |
| N.W. District | 58 | - | 6 | 64 | 59 | 6 |
| Cent. District | 49 | - | 5 | 54 | 48 | 7 |
| | 329 | 17 | 50 | 396 | 377 | 55 |

Meetings

The A.G.M. at Beccles was a large gathering. At the business meeting considerable concern was expressed at the number of peals of bells which may become redundant in the coming years.

The Striking Competition was held at Walsham-le-Willows on 13 May, the shield being won by the Clare band. Another large entry aroused great interest and gave much enjoyment to all present.

A General Meeting was held at Clare on 23 September to consider a motion that pensioner members should pay half the annual subscription. The meeting, after lengthy discussion, declined to pass the motion and requested the committee to give the matter further thought.

The committee has met three times during the year, there being an average attendance of seventeen.

Finance

The accounts show a deliberate lowering of the General Account balance - there is no need to keep a large balance here - and an increase of £180 in the Restoration Fund. One grant has been paid during the year. A further £325 of the fund is promised to four churches on the satisfactory completion of proposed restoration work.

Central Council

Your three representatives all attended the annual meeting in London. The Council is much exercised at present with the need for ringers to make the best use of opportunities and finances available for restoration work and the re-housing of redundant peals of bells.

Finally I wish to thank all District Officers and committee members for their valuable work during 1972. I hope that this fiftieth anniversary year will see the Guild in good heart to meet the challenge of the next fifty years.

LAWRENCE R. PIZZEY.

## RINGING MASTER'S REPORT

1972 has been an active and generally successful year in many ways, and we have much to look back on with satisfaction, tempered as always with an awareness of the work which has still to be done in many parts of the County. A great deal of basic work has gone on in several areas, notably the S.W. District under the enthusiastic leadership of Frank Gilbert; and at various other towers where far-sighted instructors are aware that the future of ringing in Suffolk relies on the introduction of young people to this Art which can offer so much to all generations.

Most of the main activities have been well supported, particularly the Striking Competition at Walsham-le-Willows when the trophy changed hands again with a well deserved victory by the Clare band led by the up-and-coming Sam Twitchett. What a great joy to us all to see him receiving the trophy after so many years of hard work. The general standard was again a complimentary reflection on the Sunday service bands of Suffolk, but I get the feeling that some bands don't enter because they know they have no chance of winning - which is a pity because the only way to make progress is to give youngsters experience of the competition.

Inasmuch as quarter peal ringing and peal ringing show something of the strength of the Guild, 1972 must rate as extremely satisfactory. The quarter peal columns are again full of indications of the rewards of perseverance and enthusiasm, none more than the local band quarter at Bacton on their re-hung peal and over at Poslingford young George Perry showing his potential with a quarter peal at the age of 9. In the peal columns, and some 88 years away in age difference, George Symonds continues to astonish the ringing excercise by ringing a handbell peal and then capping that by calling a peal of Bob Major, all after his 97th birthday. Nothing that I can say will add anything to everyones' respect and admiration for this unique man.

In many other ways the peal columns this year have been full of interest. 16 first pealers constitutes something of a record, and our congratulations go to Lynne Ablitt, Faith Barton, Sheila Franks, Valerie Gowan, Christine Hayes, Grace Sidey, Dianne Stilwell, William Barnes, Rupert Bray, Keith Cornish, Robert Gowan, Kevin Harrold, Paul Griffiths, Aubrey Peacock, Stephen Peters and David Smith. New conductors must augure well for the future of the Art in this County, and we extend our congratulations to the four who conducted their first peals in 1972, Amanda Richmond, Peter Archer, John Harrold and Walter Perry. Two peals caught the eye because of their footnotes. The peal at Stoke-by-Clare, which included 5 first pealers was suitably dedicated to Charles Pledger who had so much to do with the teaching of the band; and the peal at Polstead which was in appreciation of Edwin Hynard's work with the bands at Kersey, Nayland and Polstead.

Several ringers passed important milestones. Muriel Page and Edwin Goate rang their 200th peal, and Barrie Hendry his 400th. However, pride of place must go to J. Martin Thorley who rang his 1000th peal on July 30. It is believed that this is the first time this has been achieved by a resident member of the Suffolk Guild and we extend our congratulations to Martin and wish him and his family good ringing in their new surroundings in Lancashire. Other peals of note included Stedman Triples at Stowmarket, the peal at Barking in which three of the band stood in a similar peal 50 years ago and two peals of Maximus with predominately resident members which allowed five members to ring their first peal on 12 bells. Some rare towers have been pealed this year. South Elmham St. Cross were pealed for the first time; Westhall and Ipswich St. Nicholas appeared after a 60 year gap and Wickham Market after 20 years.

One of the features of 1972 has been the resurgence of handbell peals. Six peals of Bob Major and one of Bob Royal were successful and the following members rang their first handbell peals, John Girt, Walter Perry, Lawrence Pizzey and Brian Redgers.

The Grundisburgh Tuesday night band eventually reached the end of one particular road with the ringing of 23 Spliced Surprise Major all the work, the first time that this had been achieved in the Eastern Counties.

We have a great deal to look back on with pride, but as usual we must guard against complacency and make an effort to ensure that 1973, the Guild's 50th Anniversary, is even more enjoyable and successful than 1972. Thankyou all for your help and encouragement in the past year.

HOWARD W. EGGLESTONE

## TECHNICAL ADVISER'S REPORT

1972 saw the rededication of the rings at Nayland and Bacton. At Nayland the ring of six has been overhauled and rehung with new fittings in a new metal two tier frame lower in the tower. The tower rock, which was a serious problem, is now acceptable, but the openings in the base of the recently built spire are not nearly big enough to allow the bells to be heard plainly outside in all directions.

At Bacton the new frame is a stage lower in the tower and a new treble has been cast to make them a ring of six. Apart from a minor painting problem the writer is happy with the result.

The bells from East Bergholt are at the Loughborough bell foundry. Your Adviser visited the foundry with the local ringers to check that the hanging of these bells in ball bearings would not affect their handling. The tenor of about 25 cwt was set up for ringing in a full circle in the foundry in ball bearings and it was agreed that this was quite satisfactory. It was perhaps the first visit of a local band to Loughborough to ring one of their bells in a full circle in the foundry.

The Great Barton bells are at Loughborough and are expected back in their tower early in 1973.

At Bildeston the top of the tower has become more seriously cracked than when the writer inspected the six bells in 1962. It is hoped to remove the bells to the foundry to enable the tower to be repaired. We all hope that this will lead to the restoration of the bells but this is not immediately in prospect.

The Bury Cathedral bells in the Norman Tower are now expected to be removed for an overhaul and the fitting of a new frame early in 1973. Alas your Adviser has heard of no firm plans to get the St. Mary's Bury fine ring of eight bells back into the tower and hung for change ringing.

At Long Melford the cracks in the tower have been satisfactorily repaired and regular ringing has recommenced for Sunday services.

At West Stow your Adviser inspected the bells and it is hoped that the local ringers will be able to overhaul the bells and fit new ball bearings. He gave written advice on this excellent project and will be on hand to visit again when required.

At Ipswich St. Nicholas all the five bells have been rehung on ball bearings thanks to the efforts of Neville Whittell. A local band has started, and it is hoped that interest will be aroused to keep them regularly rung and in due course for the bells to be rehung in a new frame.

At Stanstead your Adviser met the new incumbent and one of the church wardens and discussed the technical plans made some years ago for rehanging the six bells. At the moment only the treble is hung and that is unsafely clocked in a temporary frame.

At Theberton the writer visited to inspect the cracks in the tower walls. These were there before the bells were rehung in a new frame in 1957 and the latter was designed to minimise the effect of the bells being swung on the cracks. The Architect and your Adviser both feel that ringing need not be restricted.

At Sweffling the east parapet on the top of the tower has been repaired and ringing has recommenced.

At Ixworth and Westhall the towers have been restored and the bells have been rung again.

At Hopton your Adviser inspected the ring of six bells. The bell frame has seriously decayed by the west wall and in the longer term a new frame is needed.

At Monks Eleigh it was hoped that it might be safe to ring the bells but the writer found an area of loose flints in the north wall on the inside of the tower above the tenor. In this same zone of the tower on the outside a large fall of flints took place some years ago and this was repaired, unfortunately the inside was not consolidated at the same time.

At Tattingstone the writer reinspected the tower after some repair work had been done to it on the east side. He feels that all the bells should not be swung till the vertical crack in the west wall has been stitched. Unfortunately all the bells swing north-south and they will aggravate such a crack.

Your Adviser also inspected the chime of six at St. Peter's Ipswich. They have not been hung for swinging at least since 1902. The four trebles are hung dead in a two tier gallows structure and the fifth and tenor individually on vertical props from the floor. Only the tenor has a clapper and all can be sounded from a plucking type manual at ground level. Some of the bells have been appreciably chipped at the lip, it seems that there was once a larger tenor which was exchanged for a treble which involved appreciable retuning.

At Henley it is hoped to rehang the bells on ball bearings and to rebush the clapper joints during 1973.

We are progressively becoming a do-it-yourself community, about the home and more recently up the tower. This is sometimes the only way that we are going to keep some of our sets of bells in a ringable state. Your Adviser will be pleased to visit towers where this sort of work is envisaged to make helpful comment on what he feels can be done. This particularly applies where bells hang in sound modern frames by Days or Bowell but where the fittings are now in need of attention. The scope for this D-I-Y work is very restricted if the bell frame has seriously decayed.

R.W.M. CLOUSTON

## OBITUARIES

### June Cotton (nee Wright)

June, only daughter of Mr. and Mrs. Leslie Wright of Rougham, died at the early age of 26 at Oxford. This tragic loss to Suffolk was even more poignant when one knew and heard of her courage and faith. She rang two peals for the Guild and was a devoted Sunday service ringer.

### Edward Jenkins (Oldham, Lancs.)

A native of Earl Soham and Baylham, Ted Jenkins became a legend in his own lifetime and was without doubt one of the finest ringers of all time. As we say in Suffolk, 'He came from nothing and was five foot nothing and nothing he couldn't do'. Conducting, composition, heavy bells or the light end all came within his remarkable compass and as a leader of men he will never be forgotten, especially in Cheshire and Lancashire.

### Herbert Parker - Stonham Aspal

Herbie was a Suffolk 'character' and a ringer at Stonham for 50 years. Loved by old and young alike, he was a great listener to ringing, especially enjoying hearing peals at his own tower, when his opinion was well worth noting. He rang two peals himself, but his great love was that wonderful institution 'The Ringers' Outing'.

### Frank Rolfe - Sproughton

A founder member of the Guild, Frank was one of the famous Sproughton Company that made history at the turn of the century with the brothers Mee. That band was one of the earliest to ring London Surprise Major, something of which he was always proud.

### Antony R. Price (Feltham, Middx.)

Tony Price, son of a Norfolk vicar and a great lover of East Anglia, was a Life Member for 50 years and in his day one of the best heavy-bell ringers in the country. A devoted Christian, his discipline extended to the belfry, where he expected striking of the highest order.

### Percy Rawlings - Barrow

Percy died in March in his 80th year - a faithful servant of the Church and belfry at Barrow. He was one of those quiet men who gave loyal service over his whole life and will be missed.

### Edward Newson - Yoxford

A loyal Church worker and tutor of many ringers, Sam Newson died in September aged 83, after a long illness. Originally from Tunstall before the First World War, he rejoiced at the restoration of those bells in the 1950's.

## LIST OF MEMBERS 1972

Abbreviations of Ringing times:
Su. - Sunday: Mn. - Morning: Ev. - Evening: PN - Practice Night;
GPN - Guild Practice Night; Alt. - Alternate.

## NORTH EAST DISTRICT

Chairman: Roger J. Peters, Brookfields, Aldecar Lane, Benhall Green, Saxmundham.
Ringing Master: Adrian Knights, 67 Central Road, Leiston.
Secretary: Trevor N.J. Bailey, Abbot Lodge, 11a Oak Avenue, Worlingham, Beccles.
Guild Executive Representatives: E.R. Goate and A. Knights.
District Committee: T.D. Hughes, R.C. Peck, R.J. Peters, A. Knights, T.N.J. Bailey.

### Changes for 1973

Guild Executive Representatives: H. Archer and A. Knights.

| | 22 | Cavendish | South West |
| MARCH | 8 | Sproughton | South East |

## OBJECTS

1. FEDERATION. To supply an organisation which shall unite the separate companies of Church Bell Ringers within the Diocese for the purpose of mutual support and encouragement in the performance of the duties of their office, and in the practice of their art.

2. RECOGNITION. To obtain full recognition of the ringers' office as essentially a branch of the Church's work; that ringers and their services (qualifications for which demand much time, skill and mental labour) may be placed upon a true and acknowledged basis.

3. PROMOTION OF CHANGE RINGING. To encourage, cultivate and foster the art of scientific Change Ringing by frequent meetings in various centres for practice or peal ringing; and to provide, as far as possible, instructors when and where required.

4. REFORM. To promote a proper appreciation of the ringing chamber as a part of God's House; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof; as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of bells and their fittings.

## CONSTITUTION

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St. Edmundsbury and Ipswich.

2. The Officers of the Guild shall consist of: The Lord Bishop of the Diocese as President, Patrons, Vice-Presidents, Chairman, Ringing Masters, Secretary and Treasurer, Auditor and the Technical Adviser.

3. The Guild shall consist of (a) Ringing Members, (b) Probationers, (c) Junior Members, (d) Honorary Members, (e) Life Members.

   (a) Ringing Members may be elected at any meeting where there are five other members present; or, provisionally by two other Members, before starting for a peal. Ringing Members may be elected as soon as they have rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Ringing Members shall be 50p per year. Ringing Members, on attaining the age of 70 years shall become Honorary Life Members.
   (b) Probationers may be elected at any meeting where there are five other members present. This grade of membership is for those learning change ringing but who have not yet rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Probationers shall be 25p per year.
   (c) Junior Members under the age of 16 years, who shall pay half the annual subscription.
   (d) Honorary Members may be elected on a payment of 50p per year.
   (e) Life Members residing out of the County to make a single payment of £1.

4. The Committee shall consist of the President, Vice-Presidents, Chairman, Ringing Masters, Secretary and Treasurer, Report Editor, Technical Adviser, Pearson Handbells Trustees, District Chairmen (ex-officio), District Secretaries (ex-officio), together with two elected members from each District, seven to form a quorum. The Committee will meet a minimum of three times during the year.

5. The area covered by the Guild shall be divided into Districts, each of which shall have its own Chairman, Ringing Master, Secretary and Committee, who shall be elected at the District Annual Meeting. Each District will elect two representatives to serve on the Guild Committee. The Secretary will:

   (a) Arrange Meetings for practice.
   (b) Arrange for instruction.
   (c) Collect the subscriptions of all members.
   N.B. — In each company there shall be chosen a Secretary, or Captain, or Ringing Master, who shall collect all subscriptions, as soon as possible after January 1st and send them to the District Secretary.
   (d) Forward these subscriptions to the General Secretary together with his receipt book and details of any expenditure, at the end of the year for audit.

6. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

## RULES

1. Subscriptions shall be due in advance on January 1st annually.

2. Any member whose subscription is unpaid on December 31st shall lose his membership. No peal shall be recorded unless the subscriptions of all taking part in it are paid. Lapsed members may be reinstated on payment of 10p in addition to the annual subscription.

3. Should a Ringing Member, having paid five consecutive years subscriptions, remove from the Diocese, he may without payment become a Non-Resident Member for such time as he continues to reside outside the Diocese.

4. All ringing at meetings of the Guild shall be under the direction of a Ringing Master and shall be such as is approved by the Central Council. The decisions of the Central Council shall be recognised in recording any ringing performances.

5. A peal fee of 10p per rope is payable in respect of all peals rung for the Guild. Conductors are responsible for collecting and forwarding them to the General Secretary. No peal will be recorded unless the peal fees have been paid.

6. The Secretary may pay, on request, 2nd class return railway fare, together with a maximum of two nights' hotel expenses to such representative attending the Central Council Meeting, provided that the total indebtedness of the Guild for all representatives does not exceed £20 in any one year.

7. The Committee may remove a member from the Guild for a serious offence against the Objects and Rules, subject to appeal at a General Meeting.

8. The Objects, Constitution and Rules can only be altered by a General Meeting after three months' notice given at a General Meeting.

## REGULATIONS relating to PEARSON'S HANDBELLS

1. The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the preceding borrower.

3. The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of both the Trustees.

4. The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.

5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6. The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the Committee.

7. The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

## STRIKING COMPETITION RULES

1. The competition shall take place on the third Saturday in May or on any other date as shall be decided by the committee.

2. All bona fide members of the Guild may compete providing their subscriptions are paid.

3. No member may ring in more than one piece.

4. A band competing as a representative band of a particular tower must have at least 4 members shown in the annual report as members of that tower, or who are bona fide Sunday service ringers at that tower.

5. Each band must have a representative present at the draw, the time of the draw to be advertised in The Ringing World.

6. Two minutes round ringing and stand will be allowed for practice before the test piece.

7. The test piece will be 240 true changes of any recognised Doubles or Minor method. In the event of a team ringing Doubles a cover bell must be used. The length of the test piece may be shortened at the discretion of the Ringing Master in the event of a large entry.

8. A reserve ringer, appointed by the Ringing Master, will be available to teams meeting short, at the discretion of the Ringing Master.

9. Three judges, appointed by the committee, will be present. Their decision is final.

10. The Mitson Shield is, and shall always remain, the sole property of the Guild, which may at any time give directions for its location, safe keeping, etc.

## PROPERTY OF THE SUFFOLK GUILD OF RINGERS

Books: Church Bells of Suffolk by Canon J.J. Raven, D.D. (presented in memory of C.F. Sayer, Beccles).

Bells of all Nations, by Ernest Morris.

Bells in England, by Tom Ingram.

Complete Collection of Guild Reports from 1921.

Tape Recording of B.B.C. Broadcast from Long Melford 1969.

The Librarian would welcome any applications for the loan of any of the above books and would also be pleased to hear of additions in the forms of bequests, etc.

Handbells: Originally the property of the Rev. W.C. Pearson of Henley, and presented to the Guild in 1942.

Set of 26 bells by Taylor of Loughborough.

Two full Chromatic Octaves beginning at Middle C.

Set of 16 bells by Shaw of Bradford in diatonic scale of G.

Set of 13 bells by Warner of London in diatonic scale of E.

## INDEX AND DIRECTORY OF TOWERS

The following table is used to show the condition of the ring:

10 - Excellent. Ball bearings, modern frame and fittings.
9 - Excellent. Plain bearings, modern frame and fittings - or ball bearings in an old frame.
8 - Good going order.
7 - Fair going order.
6 - Poor going order.
5 - Ringable if cleaned up and odd fittings and ropes provided.
4 - Ringable with difficulty and a degree of risk after making odd repairs.
3 - Unringable mainly because of tower and/or frame arrangement and position.
2 - Unringable mainly because of frame and/or fittings.
1 - Hung dead.
0 - Some bells unhung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to hear of any corrections.

## GENERAL SECRETARY AND TREASURER'S REPORT

The fiftieth anniversary year proved to be a landmark in the Guild's history in several respects. I have no doubt that not a single reader of the Ringing World can have been unaware of what has gone on, and what is going on, in Suffolk ringing circles. The enthusiasm shown, not simply by a handful, for ringing a quarter peal in every ringable tower in the County, for attending the A.G.M. or the Dinner, and for all kinds of service/peal ringing during the year has amply rewarded the planning and forethought which your Officers and committee gave to the celebration of this year. During the year there was an overall increase of 35 on the revised membership figure for 1972. Sadly, we have lost a large number of our older members through death this year. It is all the more to the credit of instructors and District Officers that the increase in membership should have been so large.

Membership 1973

| District | Ringing Members | Honorary Members | Junior Members | Total | 1972 | Prob-ationers |
|---|---|---|---|---|---|---|
| S.E. | 116 | 2 | 18 | 136 | 132 | 32 |
| N.W. | 72 | 9 | 6 | 87 | 64 | 7 |
| S.W. | 70 | 3 | 13 | 86 | 82 | - |
| N.E. | 65 | 9 | 5 | 79 | 73 | 22 |
| Central | 51 | - | 1 | 52 | 54 | - |
| Total | 374 | 23 | 43 | 440 | 405 | 61 |

Meetings

The A.G.M. at Debenham was very well attended. The Bishop of Dunwich, one of our Vice-Presidents, gave the address at the service, and tea was taken at the Modern School. At the business meeting Ranald Clouston was elected a Vice-President, as a token of the Guild's appreciation of his painstaking service as Technical Adviser over 16 years. Leonard Last and Hubert Mitson, who together with George Pipe retired as Handbell Trustees, have served the Guild in a variety of offices over the years, and we thank them for their work.

The Striking Competition was held at Offton, attracted a record entry, and after a sumptuous tea the Shield changed hands again, being awarded by the judges to Horringer.

A General Meeting was held at Elveden in October to further consider the proposal that the more elderly members of the Guild should not be required to pay annual subscriptions. The motion passed, and now incorporated in the Constitution said "that Ringing Members, on attaining the age of 70 years, shall become Honorary Life Members". In reply to a question which has been frequently raised with your Officers since that meeting, I should explain that this does not preclude any member who so wishes from continuing to contribute annually to Guild funds.

The committee has met four times during the year, the attendance averaging seventeen. The 'White Paper', produced by a small group of enthusiastic members, containing ideas on 'positive ways of injecting new life and enthusiasm into the Guild', has resulted in the formation of sub-committees to work on education and training, the upkeep of bells in unmanned towers, service ringing, finance, information and bells in redundant churches. The emphasis in all these committees is self-help. As ringers, we cannot expect ringing conditions and new learner ringers to improve themselves. We must see what wants doing and put our backs into doing it. Of such endeavours it is true that 'God helps those who help themselves'.

Finance

The accounts show that our funds are in a healthy state. It is extremely pleasing to be able to report that the Restoration Fund is now a four figure sum. During the year two grants were paid out - to Nayland and Henley. A further £345 of the fund is promised on the satisfactory completion of proposed restorations. We note with gratitude that the splendid efforts of Leslie Mills to make the ringing exhibition at Long Melford such a success also resulted in swelling the Restoration Fund by £95.

Central Council

Your three representatives all attended the meeting at Oxford. As the Ringing World report of this year's meeting indicated, the Council is grappling with the problems raised by increasing numbers of redundant bells, and of helping affiliated Guilds and Associations to cope with situations arising in their own territories.

My personal thanks to all District Officers and members of the Executive committee, for whom 1973 has been a taxing year. I hope that 1974 will show the fruits of the hard work put in during this anniversary year.

LAWRENCE R. PIZZEY.

## RINGING MASTER'S REPORT

Our fiftieth anniversary year was spent in such a way that 1973 will go down in the history of the Guild as one of our most successful years ever. The opportunity which such an occasion presents was firmly grasped by all members, and my report can only touch on the highlights of a year packed with activities.

This year no less than 301 quarter peals were rung. As part of the special effort to ring a quarter on every ringable tower, 162 towers were quarter-pealed. The first two months of the year were extremely busy in this respect, and when the special Guild issue of the Ringing World was published in early April over 150 quarters were published in that issue.

The peal total for the year (178) was the second highest in the history of the Guild. Nearly all the peals were rung by resident members, whilst the record total of 186 in 1970 included a peal tour of 12 peals. Our own Guild Peal Week gave many members the opportunity to ring a peal and 16 members rang their first peal in 1973. My congratulations go to Glenys R. Atkinson, Christine Earle, Janice R. Langley, Charles H. Ablitt, James L. Bunn, Stephen J. Christian, Rodney G. Eastall, Ross J. Finbow, Peter S. Franks, Philip R. Jeffries, Alan P. Mayle, Trevor Rawlings, Brian M. Salter, Paul V. Stannard, Jack Thurlow and David L. Williams. The following members rang their first handbell peal: Patricia M. Bailey, E. Frank Gilbert, Roger Peters and Sam Twitchett.

Particularly noteworthy in the peal columns was Stephen Pettman's achievement of ringing 101 peals for the Guild in 1973. He is the first person ever to do this. Many other ringers achieved their highest personal peal total in any one year, and two who did so also had important anniversaries to celebrate: Ernest G.B Pearce rang a peal on the 40th anniversary of his first peal, and Leslie G. Brett rang a peal on the 50th anniversary of his. My congratulations to these two. May they continue to ring peals for many years to come. Some towers appeared in the peal columns for the first time, or after a long break; Sweffling, Gt. Barton, Lt. Glemham and S. Elmham St. Margaret. Two peals were rung at Hadleigh and were no doubt earned. Roger Whittell has now pealed all the ringable towers in Ipswich; and Grundisburgh, our leading peal tower for many years, has now passed the 300 mark. The four peals in a day on June 23rd was another first for the Guild, and Gordon Leach's first peal after a 40 year break was another noteworthy effort.

With all the peal and quarter-peal ringing going on, it seemed unlikely that members would have much energy to carry on the more mundane aspects of ringing. This was certainly not so. An excellently supported A.G.M. at Debenham, and a large crowd at the Striking Contest held at Offton (won this year by Horringer) were only the build-up to two very full days at Long Melford when Guild members demonstrated ringing on the Expo bells to an appreciative general public.

Teaching and Sunday service ringing have also occupied the time and talents of Officers and members. The S.W. District continues to produce a stream of learners and it is very pleasing to learn that Long Melford bells are being rung regularly again. Another one of our major towers which has got a new band is Debenham, where a band is being trained under the auspices of the Debenham Adult Evening Classes. Sunday service ringing is a little more difficult to judge, but it appears that a good proportion of our bells are rung on Sundays and your officers are looking into the whole problem of service ringing with particular reference to organising 'circuits', so spreading the talents of the available ringers.

A memorable year. May I thank all those who have worked so hard to make it so. My thanks also go to all members who have given my wife and I such a warm welcome as we have travelled around the County. I am sure that 1973 has helped put Suffolk back in it's rightful place as a leader of the Exercise. May we keep it so in the years to come.

HOWARD W. EGGLESTONE

## TECHNICAL ADVISER'S REPORT

1973 has been an eventful year for your Technical Adviser, he much appreciated the honour of being elected a Vice-President at the Annual General Meeting.

The bells at Great Barton, East Bergholt, and Henley have all been rehung. At Great Barton the new frame support structure of one set of steel joists is different from the two sets of steel joists set at right angles covered by the specification and the faculty application approved by the Chancellor. The frame distorts horizontally in the centre as the bells swing, and your Adviser has suggested that an anchor be fitted to the tower wall to stop this movement. A suitable anchor is to be fitted in the near future.

At East Bergholt the fourth bell was found to be cracked in the crown, this damage has been repaired by welding and all five bells have been rehung in ball bearings in the restored bell cage.

At Henley the bells have been rehung in ball bearings with new clapper joints and pullies, the frame has been well painted and a new floor laid under it. Much of the work up the tower has been done by the local band under the leadership of Howard Egglestone and they are to be congratulated on a fine job which has reduced the financial burden on the parish considerably. This arrangement could well be followed elsewhere when bells need rehanging in a sound frame.

At Sproughton your Adviser met some of the members of the Maintenance Sub-Committee to discuss routine maintenance of rings with fittings of some age. He found that a full overhaul is really necessary as only patch-up work has been carried out on individual bells since 1813. However short term work will be beneficial, he listed this and gave a scheme for a long term restoration to rehang the bells in a new frame set lower in the tower on a reinforced concrete girdle.

At Hartest the bells were rehung in a new metal frame, with the present third bell recast in 1953, and in 1963 a new treble, the gift of one of our Vice-Presidents, Arthur Rolfe, was added. They remain in good order.

At Tuddenham St. Mary by Mildenhall the five bells are quite unfit to ring in changes and are unsafely clocked. Your Adviser recommended fitting Ellacombe type chiming hammers in the short term to prevent the bells becoming cracked, and then rehanging in a new frame set lower in the tower as soon as funds permit.

At Preston the six bells were rehung by Alfred Bowell in 1932. The frame is set up on a 6ft high timber table set on corbels in the ringing chamber. As the bells swing and with the various tie rods tight there is more top cill frame movement horizontally than there should be; however the bells remain quite easy to ring. In the longer term it would be better to mount the frame lower and dispense with the table; the ringers could then be accommodated on a gallery.

At Euston the tower is tall and thin with the bells at the top. The five bells were last rehung in 1909 in a frame of about 1701. This distorts as the bells swing, the main bearings are worn, and the tower has a vertical crack by the tenor. The present arrangement does not permit the satisfactory addition of a new treble, and the writer recommended a new two tier frame set lower down with a new dead space between the bells and the ringers on the first floor.

At Walsham-le-Willows the elm headstocks are wormeaten and the writer treated them with anti-woodworm fluid. The main bearings are only slightly worn and the bells are quite easy to ring. Your Adviser has yet to make a full inspection, but he has listed some of the short term items of work which would improve the going order and which could be done by local labour.

At Market Weston the writer had reported in 1959 on the rotten frame timber and support beams by the east wall caused by rainwater. The five bells have been rung in changes recently but your Adviser found that the frame and its support structure is only precariously supported by the east wall and nothing had been done to deal with this problem since his earlier visit. Unfortunately some of the side frame inclined members' joints with the frame bottom cills have rotted away and one bearing on the third bell has dropped relative to the other so even with a new support girder under the frame there is only a 50-50 chance that the frame could be made sufficiently rigid. In the long term a new frame is vital. Such a pity, as the present one was more than half renewed in 1898 and has a pit for a new treble. All the damage is due to blocked rainwater pipes.

At Brandeston the third bell's cast iron headstock became cracked in the centre. Your Adviser visited, and subsequently members of the Guild removed the broken headstock for return to the bell foundry and will fit a new one when it becomes available. Our thanks are due to them for this work.

At Parham the timber bell frame of about 1350, one of the oldest in the diocese, is to be preserved; two of the three bells also date from this period. All three are to be hung from deadstocks secured to steel girders set into the tower walls just above the top cill of the old frame. The steelwork is to be designed to permit the bells to be swing chimed at a later date if required.

At St. Mary's Bury the high cost of restoring the tower to stand the quite heavy ring of eight being swung in full circles has caused the PCC to decide to have the bells hung stationary in the old frame. This is a great pity, but as the work on the tower was thought to cost about £20,000 at present day rates one can understand their feelings.

It is hoped that at South Elmham St. Margaret and Hawkedon work will be done to enable the bells to be rung again.

The problem of Redundant Churches is much before us. Fortunately in Suffolk most of ours are of some architectural merit and most have so far gone to the Redundant Churches Fund for care and maintenance, and this should include their bells and other fittings. However we have got the unfortunate situations at Beccles and Newton Green where parts of the fabric are declared redundant, the detached tower with its ring of ten at the former, and the tower, nave, porch and unringable set of five bells at the latter. Your Adviser feels that the Pastoral Measure is being misused by such proposals, and he hopes that the legislation will soon be strengthened to prevent this sort of problem arising in the future. In the case of Beccles your Adviser has been in touch with the Diocesan Secretary and the Church Commissioners to see that a legal right to ring the bells when required is retained by the church authorities.

The church of St. Mary-at-Quay, Ipswich has gone to the Redundant Churches Fund for care and maintenance, and Sudbury St. Peter has been officially declared redundant. Those who visited the Richard III Exhibition in the summer at the National Portrait Gallery, London, may have seen the writer's plaster cast of the full inscription on the fine tenor of c1470 at Sudbury St. Peter.

Your Adviser visited Troston and met the PCC to discuss rehanging the six bells. Finance is the problem, linked with the fear of what the future holds for a small parish with a total population of only some 220. Mr. Brand who lives in the parish is a change ringer and we must support him in his efforts to get this light six going again.

Following the setting up of the Bell Maintenance Sub-Committee your Adviser wrote up an eight page booklet on Belfry Care and Maintenance for issuing to the districts. He will be pleased to make up further copies for those who would like to help on this work.

1973 saw the lamented death of Frederick Bowell, he called the writer's first 720 back in 1944. Fortunately George Pipe managed to recover various papers relating to the Ipswich Bell Foundry and your Adviser is now in the process of making a detailed examination of them. The firm worked far and wide and it is to be hoped that an article will appear in due course on their activities.

On the tricentenary of the death of Rev. Richard Duckworth of Hartest your Adviser reviewed the evidence to connect him with the Tintinnalogia in the Ringing World (page 216). He was clearly interested in bells but his connection with that standard work has yet to be proved.

With the recent violent inflation it is clear that in 1974 and future years we must do more bell maintenance and overhaul work ourselves. Alas petrol will be more expensive and one can only hope that it will be available. As a Guild we must do all we can to ensure that decay, woodworm attacks on headstocks and wheels, leaking roofs, etc. are dealt with with the minimum of delay.

R.W.M. CLOUSTON

Statement of accounts: 21st January 1973 - 19th January 1974

## OBITUARIES

### James Bennett - Grundisburgh

As a Royal Marine, he travelled the four corners of the earth and in his day, as a member of Bill Pye's famous band, he was a very well-known performer. Jim, a 1000-pealer, member of the 15,312 Cambridge Maximus peal band in 1929, a Cumberland and a strong churchman was above all a disciplinarian, not least to himself, in all that he undertook.

### Frederick Bowell - Ipswich

The talented, though somewhat eccentric, son of Alfred Bowell the Ipswich Bellfounder, Fred's lifelong interest was in teaching beginners. An able musician, and a member of the Guild since its formation, it was always regretted that he was unable to carry on his father's successful business.

### Edward E. Davey - Wetherden and Clacton

Although living most of his life in Essex, Ted was very much part of the Suffolk scene and his genial personality will be missed. A capable ringer, especially on the heavy end, he rang many peals for the Guild.

### Arthur Grimwood - Stowmarket

Between the wars, with Harry Lister and Garnham Blaxcell, he formed the nucleus of the Stowmarket company who specialised in peals of Treble Bob, Double Norwich and Superlative. "Docker" Grimwood was a good tenor-man and rang several peals of over 6,000 changes.

### J. Reginald Heath - Newmarket

Reggie was best known, perhaps, for his handbell ringing ability, but he also helped the Art in the far corner of West Suffolk. A happy and busy little man, we shall miss his presence at our gatherings.

### James Horrocks - Felsham

Like many another countryman, Jim Horrocks was a faithful Sunday service ringer in the Felsham area, when bells were very much part of village life.

### Harry Jarvis - Leiston

In his younger days a ringer at Yoxford and district, encouraged in his Art, like so many in this area, by the redoubtable Fred Lambert of Halesworth. He died in June at Leiston.

## Harry D. Lister - Stowmarket

The main conductor of the Stowmarket band, Harry had rung about 300 peals up to Cambridge Maximus. His speciality was Double Norwich and Treble Ten and as a founder member of the Guild he did much in the central area of the Diocese. Sad, too, that he died within a few weeks of his boyhood friend, Ted Davey.

## Derek Lockwood - Thorndon

A farmer who in his day rang at Wetheringsett, Stradbroke and Fressingfield as well as Thorndon, Derek passed away at Eye in November.

## Miss Grace Reeve - Hockwold

As Chaucer would have said, "A kind and gentle maid" who with her sister Dora supported the work of the Guild in the more remote areas of N.W. Suffolk, She will be sadly missed.

## James Smy - Blaxhall

Another countryman from the village and band of ringers immortalised by George Ewart Evans in 'Ask the Fellows who cut the Hay'. Jim Smy was a faithful service, and occasional peal-, ringer.

## Charles J. Sedgley - Ipswich

One of the best-known figures in the Exercise, conductor, composer and in his prime, between the Wars, one of the foremost twelve-bell authorities. With George Symonds he built up a Surprise Maximus band without peer at St. Mary-le-Tower and helped give the Suffolk Guild its reputation in the Exercise. He served as Master from the Guild's foundation in 1923 until 1956, and rang 357 peals, 130 on twelve. A self-taught man in many fields, he was a splendid companion and we shall find his place hard to fill.

## Henry Vince - Marlesford

P.C. Harry Vince, the village 'bobby', a man of humble ringing achievements, but nevertheless one who enjoyed his ringing and was a gentleman with it. He long declared the quality of Lt. Glemham bells!

May these past members and friends rest in peace, and the Suffolk Guild offers its sympathy to the bereaved.

**R.I.P.**

## LIST OF MEMBERS 1973

Abbreviations of Ringing times:

Su. - Sunday: Mn. - Morning: Ev. - Evening: PN - Practice Night: GPN - Guild Practice Night: Alt. - Alternate.

| | 21 | GUILD EXECUTIVE COMMITTEE — Buxhall 6 p.m. | |
| | 28 | Kedington | South West |
| MARCH | 13 | Hollesley | South East |

## OBJECTS

The Guild shall be established for the promotion of ringing for Divine Service and in furtherance of this object:

1. To promote and encourage the practice of bell-ringing.
2. To recruit, train and encourage bell-ringers in the practice of their art.
3. To cultivate the art of scientific change ringing.
4. To promote a proper appreciation of the ringing chamber as a part of God's House; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof; as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of bells and their fittings.

## CONSTITUTION

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St. Edmundsbury and Ipswich.
2. The Officers of the Guild shall consist of: The Lord Bishop of the Diocese as President, Patrons, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Auditor and the Technical Adviser.
3. The Guild shall consist of (a) Ringing Members, (b) Probationers, (c) Junior Members, (d) Honorary Members and (e) Life Members.

   (a) Ringing Members may be elected at any meeting where there are five other members present; or provisionally by two other members, before starting a peal. Ringing Members may be elected as soon as they have rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Ringing Members shall be £1.00 per year. Ringing Members, on attaining the age of 70 years shall become Honorary Life Members.

   (b) Probationers may be elected at any meeting where there are five other members present. This grade of membership is for those learning change ringing but who have not yet rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Probationers shall be 50p. per year.

   (c) Junior Members under the age of 16 years, or under the age of 18 years if undergoing full time education, who shall pay half the annual subscription.

   (d) Honorary Members may be elected on a payment of £1.00 per year.

   (e) Life Members residing out of the County to make a single payment of £1.00.

4. The Committee shall consist of the President, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Report Editor, Librarian, Technical Adviser, Pearson Handbell Trustees, District Chairmen (ex-officio), District Secretaries (ex-officio), together with two elected members from each District, seven to form a quorum. The Committee will meet a minimum of three times during the year.

5. The area covered by the Guild shall be divided into Districts, each of which shall have its own Chairman, Ringing Master, Secretary and Committee, who shall be elected at the District Annual Meeting. Each District will elect two representatives to serve on the Guild Committee. The Secretary will:

   (a) Arrange Meetings for practice.

   (b) Arrange for instruction.

   (c) Collect the subscriptions of all members.

   N.B. In each company there shall be chosen a Secretary, or Captain, or Ringing Master, who shall collect all subscriptions as soon as possible after January 1st and send them to the District Secretary.

   (d) Forward these subscriptions to the General Secretary together with his receipt book and details of any expenditure, at the end of the year for audit.

6. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

## RULES

1. Subscriptions shall be due in advance on January 1st annually.

2. Any member whose subscription is unpaid on December 31st shall lose his membership. No peal shall be recorded unless the subscriptions of all taking part in it are paid. Lapsed members may be reinstated on payment of 10p in addition to the annual subscription.

3. Should a Ringing Member, having paid five consecutive years subscriptions remove from the Diocese, he may without payment become a Non-Resident Member for such time as he continues to reside outside the Diocese.

4. All Ringing at meetings of the Guild shall be under the direction of a Ringing Master and shall be such as is approved by the Central Council. The decisions of the Central Council shall be recognised in recording any ringing performances.

5. A peal fee of 10p per rope is payable in respect of all peals rung for the Guild. Conductors are responsible for collecting and forwarding them to the General Secretary. No peal will be recorded unless the peal fees have been paid.

6. The Secretary may pay, on request, 2nd class return railway fare, together with a maximum of two nights' hotel expenses to such representatives attending the Central Council Meeting, provided that the total indebtedness of the Guild for all representatives does not exceed £20 in any one year.

7. The Committee may remove a member from the Guild for a serious offence against the Objects and Rules, subject to appeal at a General Meeting.

8. The Objects, Constitution and Rules can only be altered by a General Meeting after three months' notice given at a General Meeting.

## REGULATIONS relating to PEARSON'S HANDBELLS

1. The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the preceeding borrower.

3. The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of both of the Trustees.

4. The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.

5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6. The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the Committee.

7. The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

## STRIKING COMPETITION RULES

1. The competition shall take place on the third Saturday in May or on any other date as shall be decided by the Committee.

2. All bona fide members of the Guild may compete providing their subscriptions are paid.

3. No member may ring in more than one piece.

4. A band competing as a representative band of a particular tower must have at least four members shown in the annual report as members of that tower, or who are bona fide Sunday Service ringers at that tower.

5. Each band must have a representative present at the draw, the time of the draw to be advertised in The Ringing World.

6. Two minutes round ringing and stand will be allowed for practice before the test piece.

7. The test piece will be 240 true changes of any recognised Doubles or Minor method. In the event of a team ringing Doubles a cover bell must be used. The length of the test piece may be shortened at the discretion of the Ringing Master in the event of a large entry.

8. A reserve ringer, appointed by the Ringing Master, will be available to teams meeting short, at the discretion of the Ringing Master.

9. Three judges, appointed by the Committee, will be present. Their decision is final.

10. The Mitson Shield is, and shall always remain, the sole property of the Guild, which may at any time give directions for its location, safe keeping, etc.

## PROPERTY OF THE SUFFOLK GUILD OF RINGERS

Books: See Librarians Report.

Handbells: Originally the property of the Rev. W.C. Pearson of Henley, and presented to the Guild in 1942.

Set of 26 bells by Taylor of Loughborough.
Two full Chromatic Octaves beginning at Middle C.

Set of 16 bells by Shaw of Bradford in diatonic scale of G.

Set of 13 bells by Warner of London in diatonic scale of E.

## LIBRARIAN'S REPORT

A complete list of the printed books and papers held by the Librarian is published in this Report. Most of these publications have been received as a result of bequests and donations in the last three years. The name of the donor or the original owner is shown against each book. It can be seen that the Guild has received some generous bequests for which, on behalf of the Guild, I extend my warm thanks.

We now have a series of Annual Reports covering the ringing in Suffolk from the early days of the Norwich Diocesan Association until the present time. Most of these reports were collected together and presented to the Guild by Claude Rush. The bound copies of the Suffolk Guild reports were left to the Guild by Charles Sedgley. It is my pleasant duty to acknowledge these gifts with grateful thanks.

In addition to the printed books and publications, the Guild has been the recipient of scrapbooks, diaries, composition collections and all kinds of bell ringing ephemera such as only enthusiastic bell ringers manage to accumulate. We are most grateful for these papers which have been given either directly or on behalf of the following: J.M. Bailey, E.V. Blake, H.D. Lister, H.C. Rush, C.J. Sedgley and G.E. Symonds. There is, fortunately, a much greater awareness nowadays of the historical interest of this kind of material and I ask everyone to be vigilant to ensure that it does not get lost or destroyed.

Perhaps the most important papers to be rescued and almost at the last moment, were the remnants of those relating to Bowell's bellfoundry in Ipswich. Ranald Clouston is busy collating and indexing the data contained in them.

I am in the process of cataloguing the various notebooks and other ephemera belonging to the Guild and it is hoped that a list can be published next year.

It is known that there are a few more books belonging to the Guild which do not appear in the list published in this report. Your librarian would welcome any information as to their whereabouts. Similarly, I would welcome any information which would help to complete the various sets of Norwich Diocesan Association and Suffolk Guild Reports.

Lastly, if any member has a query regarding the literature of bell ringing I shall be pleased to help if I can.

DENNIS KNOX

## ANNUAL REPORTS

1. The Essex Association of Change Ringers
   1952 - 1960, 1962, 1966, 1967, 1973

2. The Middlesex Association
   1951 - 1953, 1957 - 1965

3. The Norwich Diocesan Association (and subsequently the Norwich and Ipswich Association and the Norfolk Guild)
   1878/9, 1888 - 1923, 1964 - 1966, 1971

4. The Suffolk Guild of Ringers

   Set 1 — Bound volumes
   Vol. 1 1921 - 1933
   Vol. 2 1934 - 1951
   Vol. 3 1952 - 1963
   Remaining years unbound

   Set 2 — Complete set of unbound reports minus copies for 1957 and 1973

   Set 3 — Incomplete set of unbound reports missing years : 1921 - 1927, 1956 - 1958, 1964 and 1973

5. Single copies of Annual reports of the following Guilds and Associations are also held.

   Bath and Wells, Chester, Hertford, Kent, Lancashire, Lincoln, Peterborough and Sussex.

   The Ringing World

   Loose copies from Vol. 1 No. 1 1911
   to Vol. 62 1966

## INDEX AND DIRECTORY OF TOWERS

The following table is used to show the condition of the ring:

10 - Excellent. Ball bearings, modern frame and fittings.
9 - Excellent. Plain bearings, modern frame and fittings - or ball bearings in an old frame.
8 - Good going order.
7 - Fair going order.
6 - Poor going order.
5 - Ringable if cleaned up and odd fittings and ropes provided.
4 - Ringable with difficulty and a degree of risk after making odd repairs.
3 - Unringable mainly because of tower and/or frame arrangement and position.
2 - Unringable mainly because of frame and/or fittings.
1 - Hung dead.
0 - Some bells unhung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to hear of any corrections.

' No. of bells " Condition

## GENERAL SECRETARY AND TREASURER'S REPORT

1974 was my introduction to the trials that befall the person holding the post of General Secretary and Treasurer. I have attempted to remain somewhat in the background and to really get the feel of what is happening in the Guild. For me this has been an interesting year and only now, as I write this report do I begin to realise how much work and time is required to maintain the day to day running of the Guild affairs. When I was elected I resolved to try and visit each District at one of their Quarterly Meetings and hopefully each Annual District Meeting. Like all good resolutions I found it hard to keep and I look forward to doing what I can to 'show the flag' during the coming year, particularly in those Districts where, as yet, I have been unable to visit.

The year following the Anniversary Year would perhaps seem much quieter but in many ways this has not been so. Our membership has again increased and as encouraging as this is, there is a suspicion in my mind that we could have had a larger membership figure if members had paid their subscriptions in time — no subscription, no name in the Report is the maxim that must be followed. A little thought in this direction would make things so much easier for both the Guild and District Officers.

Bury St. Edmunds and the fine Cathedral were the venue for the Annual General Meeting. The service was held in the Cathedral with the Provost giving the address. Using part of the new Cathedral extensions as a background, a photograph of all those present was taken before making the short journey to Horringer Community Centre where the local band had prepared a fine tea. The meeting which followed brought changes of Officers. John Blythe vacated the Chair and was elected a Vice-President for his many years of service to the Guild both as Chairman and as Secretary and Treasurer. The posts of Secretary and Ringing Master also changed hands and we thank all these people for their loyal and unselfish service to our Guild.

A glorious day in May found a large gathering of people at Bacton for the Striking Competition. This year found two teams in first place — Horringer and St. Mary-le-Tower, Ipswich.

In July a General Meeting was held at Worlingworth with a very low attendance. Luckily this meeting was a formality required by the Rules and the next General Meeting which was held at Yoxford was fairly well attended. Members present approved the re-wording of the Guilds Objects in order that we can become a registered Charity. The revised Objects appear elsewhere in this Report. Approval was also given to a request from the Executive Committee that the Guild Librarian should become a member of that Committee. Item 3 (c) of the Constitution was changed slightly to include as Junior Ringing Members all those under 18 years old who are still receiving full time education.

The Guild Executive Committee has met three times during the year. Three hundred new badges with a brooch fitting have been purchased. Much routine work has been attended to; quite a lot of it being the direct result of work done by the various sub-committees set up last year. This is very heartening and even more heartening is the fact that ideas put forward in the 'White Paper' were discussed by the Central Council. Surely this shows that ordinary Guild members do have a vital part to play and their ideas are worthy of consideration and action.

Although we are not 'in the red', our funds have had to face several outgoings this year. The General Meeting at Yoxford overwhelmingly approved an increase in subscriptions to £1.00 for a Ringing Member with other grades of membership scaled accordingly (Non-Resident Life Membership stays at £1.00). We hope to build up the Restoration Fund so that we can offer more worthwhile grants to parishes seeking to restore their bells; 5% of the cost is the figure on which the Committee now works. As the result of a very generous gift from the Beecroft family the Jubilee Fund has now been set up. It is their request that it should be a capital fund and that only the interest should be used. Grants have been promised to Hadleigh and Earl Soham and the promised grant to Great Barton has been paid.

Your Representatives attended the Central Council Meeting at Exeter and the report of this meeting appeared in 'The Ringing World' during the year. Since we now have a membership of over four hundred we are entitled to four representatives. These were elected for the next triennium at Yoxford in November and will attend their first Council Meeting in 1975. The Guild Executive felt it would be better for individual members who were elected to these posts if they knew well in advance instead of being elected at the Annual General Meeting.

Finally let me welcome all those members who have been newly elected to office in the various Districts. I will do my part to help them in the same way that many Guild Officers and members have given me much help, advice and encouragement over this past year. I offer my thanks to them all and to all of you who have welcomed my wife and family where ever we have been. 1975 lies before us with a bigger challenge than ever before; let us really show what a fine group of people the Suffolk Guild really is.

J.L. GIRT

## RINGING MASTER'S REPORT

After the great efforts of the 50th anniversary year to make Suffolk, and the Exercise generally, sit up and take notice that ringing in the Diocese is very much a going, and a growing, concern one might reasonably have expected a large decrease in the quantity of ringing in 1974; but the volume of activity during the year has been such that I am only able to summarise here the more outstanding points.

The peal total of 133 is a good one, most of the peals being rung by resident bands. Ten members rang their first peal: Helen Ashburn, Robert Ashton, Jennifer Barnard, Simon Curl, Derek Ibbott, Stephen Keeble, Gilbert Onion, George Perry, Joanna Rothery and Charles Steward. Adrian Knights and Stephen Pettman rang their first peal on handbells, whilst Brian Atkinson and Kevin Harrold scored firsts as conductor. Our congratulations to you all.

The footnotes to peals provide fascinating reading. We are pleased to see that C. Jack Gibson and William J. Button celebrated the 40th and 50th anniversaries respectively of their first peal, whilst Leslie G. Brett's total is now well over 900. The 50th anniversary of the first peal of Yorkshire in Suffolk was duly commemorated at Debenham; Thurston made its first ever appearance in the peal columns, Brome its first for 53 years and Monk Soham re-appeared for the first time since 1900!

The Quarter Peal total of 199 is very pleasing, for it is in extended ringing, such as the quarter peal, that learners have an opportunity to set higher standards of achievement in striking than is possible in short touches, when very often most of the time is occupied with remembering the method and 'getting the feel' of a bell. Twelve of the quarters were on handbells. It is good to see the increasing interest and steady progress being made in change-ringing on handbells. There has been too little attention paid by the Guild, over the last decade, to this aspect of our art.

The AGM at Bury St. Edmunds and Horringer, and the Striking Competition at Bacton (at which the honours were shared between Horringer and St. Mary-le-Tower) were very well supported. The General Meetings at Worlingworth and Yoxford were less well attended probably because they were clearly more concerned with the transaction of Guild business and less with the ringing and social sides of our art.

The most important aspects of our Guild efforts, that is the Sunday service ringing and regular teaching, are the most difficult to review. It is only through conversation with members at District meetings, and in committee, that one can learn the ups and downs of practice nights, numbers of learners and their progress, frequency of Sunday ringing and the like. My impression is that service and practice ringing is being maintained at a steady level. The increase in membership suggests that the teaching which has been going on throughout the county in the last few years has borne fruit; and the number of quarter peals rung for service is encouraging.

In conclusion, I thank all those who have been responsible for the organisation of ringing, at District or tower level, for service, practice or peals, during 1974. As an Exercise we depend far more than we often realise on our local leaders. They are the backbone of our organisation. A particular 'thankyou' to Frank Gilbert and John Harrold, whose work has caused them to move out of the county during the year, and who whilst in Suffolk have given valuable service as District Officers in the West.

May 1975 prove to be a year of continued progress for us all, as individuals and as a Guild.

LAWRENCE R. PIZZEY

## SUFFOLK GUILD ANNUAL REPORT 1974

## TECHNICAL ADVISER'S REPORT

1974 has been another eventful year as the Guild's efforts to do maintenance work has got into its stride with very satisfactory results; however much remains to be done. The report covers this activity for the first itme and our thanks are due to Michael Howes, Convener of the Maintenance Sub-Committee for compiling this section.

There have been no bell rededications in 1974. St. Mary's, Bury St. Edmunds expect their bells back in the tower early in 1975 but they will unfortunately be hung dead in the old frame. No date can as yet be fixed for the return of the Cathedral bells; as many will know the Norman Tower was built as a gatehouse and was not intended to house a ring of bells, there have been structural problems which are being dealt with by the Department of the Environment.

An order has been placed with Messrs. John Taylor & Co. to rehang the heavy eight at Hadleigh in a new frame with new fittings.

Another order has been placed with the same firm to overhaul the St. Mary-le-Tower, Ipswich, bells; this work to include a new frame and fittings and recasting of the front six and the eighth bells. With the amount of work on hand at Loughborough it does not look as though either restoration will be complete before 1976.

Earl Soham hope to rehang their ring in the excellent Day frame with new fittings. Some work will be needed to adequately support and anchor the frame. Currently it rests on decayed beams on two rolled steel joists, and the plan is to replace these beams with new steel joists and bolt the frame down to the steelwork.

Your Technical Adviser continued his inspecting work and he has now filled in his report form for 353 of our Suffolk sets of bells.

At Walsham-le-Willows the bells remain in quite good order, your Adviser listed the items which would make the bells easier to ring. In the longer term the bells need rehanging in the present frame.

At Worlingworth some short term maintenance work was listed; the ring is now spoilt by the cracked tenor and the sooner this bell is recast the better.

At Badwell Ash pigeons have been getting into the bell chamber with much attendant mess and the tower roof leaked. As the bells swing the ancient frame distorts and apart from keeping the bolts tight to minimise this not much can be done, Really a new frame is needed.

At Great Ashfield there is much worm attack in evidence in the fittings, and the rope chutes and ceiling blocks are badly worn. Unless the worm attack is arrested promptly the going order of the bells is bound to be affected.

At Bardwell the tower repairs are now complete and concrete girdles have been placed round the inside of the ringing chamber. Permission was granted for us to ring and your Adviser visited and got each bell into ringing order. Alas some rope guides for 2, 3 and tenor had been removed by the builders, and this left some 35 ft. of unguided rope above the ringers. So he made up and fitted some guides which enabled the bells to be rung on 9 November for the first time for a number of years. There remain some short term jobs to be done and these have been listed. The bells are quite easy to ring but here again a new frame is needed in the longer term.

At Worlington your Adviser met the new incumbent and discussed the derelict ring of five bells. A faculty had been granted to rehang them in a new frame some years ago but finding the money to pay for the repairs carried out on the tower has delayed matters, and with the present economic difficulties the rehanging will have to wait again. However, he overhauled the Ellacombe chiming apparatus so the parish can at least hear their bells.

At Hawkedon your Adviser was approached by the parish to carry out his recommendations of 1955. These included anchoring the oak frame to the support beams below to prevent it sliding 1½ inches along the floor as the bells swing. He designed some securing straps which Neville Whittell very kindly made up and they were fitted. The bells were overhauled and after a silence of some 18 years were found to be quite easy to ring. They are now rung for Sunday services about once a month.

At Great Barton the anchor was fitted to the middle of the north wall at the bottom cill level of the frame and this has prevented horizontal distortion of the latter. Your Adviser is now quite satisfied with the result.

At Hollesley he inspected the bells; some minor items of maintenance required to be done and these were listed and put in hand.

At Market Weston some members of the PCC hope to be able to put in some steelwork to support the east end of the frame and to get the bells ringing again. Your Adviser met them, discussed the project and set down the work which needs to be done. The tower here was struck by lightning and part of the north east pinnacle fell through the nave roof, fortunately the insurers will pay for making good the damage. The tower has no lightning conductor but one may soon be fitted.

At Hinderclay your Adviser had reported to the parish that the metal bell frame needed painting as long ago as 1959. In 1974 he found that this work had still not been done and was now even more urgent.

On the SE District Open Day for the Cathedral Appeal he attended the ringing at Blaxhall where at one time the bells were going to be rehung in a new frame, but apart from removing the floor by the present frame nothing was done. The bells have not been rung for some years and in 1970 your Adviser recommended placing old sleepers on the top of the floor above the ringers to catch any clappers that might fall out. Unfortunately this has not been done.

At Kelsale the bells hang in a two tier timber frame which shifts. He reported on them in 1967 and recommended a new frame. He visited again in 1974 to see what short term work could be done.

At Haverhill the tower parapets are in a very crumbly and decayed state. Unfortunately a public footpath passes the west side of the tower. Your Adviser recorded his concern at this situation with the Vicar.

At Tattingstone it was grand to be able to ring the bells for the first time for many years. The work done is noted in the maintenance section below.

At Poslingford a defective tower roof beam has had to be propped up from the bell frame which prevents the bells being rung. It is hoped that this will only be a temporary situation.

In the redundant churches field declarations of redundancy have been made in connection with Akenham, Sapiston, Ubbeston and Stanton St. John. Sapiston and Stanton St. John are to go to the Redundant Churches Fund for care and maintenance, the former has a ring of four in a poor state and the latter now has no bells. At Ubbeston the cracked tenor of 1567 has gone to Moyses Hall Museum, Bury and the bell hung in the tower of c1520 may go to Henley as a clock bell or may have to be stored until a new home can be found.

R.W.M. CLOUSTON

## MAINTENANCE WORK

### South East District

#### Hasketon

Wheels treated with Protim; renewed felt pads in bearings and oiled same. Removed pulleys, surface planed them so that they rotate more freely. Renewed split pins and tightened up nuts on clappers. Renewed retaining bolts which hold third bell to headstock as one was missing and others were in a poor state. Painted headstocks. Tightened up nuts and bolts in general. Removed old wire netting over louvres and replaced with new nylon Netlon mesh netting. Asbestos sheets being put over this to prevent bells being too noisy outside. The bell chamber and the intermediate chambers were all swept out and old birds' nests and debris removed. All wooden ladders were treated with Protim to combat any further worm attack.

#### Tattingstone

All headstocks and wheels have been treated with Protim. Stays have been renewed on 2nd, 4th and tenor and all treated with Protim. Sliders have all been cleaned down and treated for easier running. Pulleys have been cleaned and oiled. Two new pulleys have been fitted on the 3rd bell, one in the bell chamber and one in intermediate chamber below rope chute. New wooden bushes have been fitted in floor to avoid friction on bell ropes when ringing. Renewed felt pads in bearings and oiled same. Clapper joints have all been tightened. Securing ironwork was cleaned down, tightened and then painted. The bell frame was cleaned down and treated with Protim. Bell ropes have been renewed. The bell and intermediate chambers were swept out and all old rubbish removed. The floor boards under the third and the future treble pit were renewed. All ladders were treated with Protim.

#### Hintlesham

Unfortunately one of the metal bolts which secured the fourth bell to the headstock sheared off, so some swift repairs had to be made. Ron Steward kindly made up six 13" by 5/8" bolts with a 1½" offset. Two of these were used on the fourth and the other four on the third and fifth bells where the bolts were also in danger of shearing off. On looking round we also found that the tenor's bearings were extremely loose and nothing short of new bolts would secure them. Ron Steward kindly made up two 15" x 5/8" bolts and metal plates, and also supplied four coach screws which were all duly fitted. The bearings of all the bells were fitted with new felt pads and oiled. Thanks go to Ron Steward who did all the work in this tower.

#### Ipswich St. Nicholas

The rope guides in the ringing chamber have been lifted 3 ft. to make the ropes easier to handle. This work was done by Neville Whittell and the Tower Captain.

Ipswich St. Mary at Quay

Bell Chamber. All the woodwork under the bells was carefully checked and cleaned. Approximately fifteen 1 cwt. bags of rubbish were removed from the tower. The louvres were also repaired where necessary. The pulley on the fifth was resecured. All the bells were cleaned. The bell ropes were also checked and repaired where necessary. The frame was cleaned down and general oiling of bearings and maintenance work was done. The clock room was cleaned and left tidy. All this work was done by the Society of Gippeswyk Youths. The Redundant Churches Fund is spending £20,000 on the church, and this includes repairing all the flint work on the east side and securing the parapets.

Hollesley

See the Technical Adviser's Report.

South West District

Acton

The wooden bell frame has been cleaned and swept down, then treated with Protim wood preservative. The louvres have been repaired and new wire netting put over them to stop birds flying in. All securing ironwork and the other metal fittings have been wire brushed and painted with Galvafroid and red oxide. The bell chamber was given a general tidy up and other usual maintenance jobs were done.

Stoke by Clare

Some repair work has been done on the roof to make it watertight. This was done very successfully by the local builder and the roof is now in good condition.

Hawkedon

See the Technical Adviser's report.

The following towers have had general maintenance work done in them, such as oiling, tightening nuts and bolts, and generally tidying up, etc. The work being done by the local ringers or district helpers. The towers are Haverhill, Glemsford, Long Melford and Assington.

## Central District

### Great Finborough

The bearings were cleaned out and oiled. The bell frame was cleaned down. All nuts and bolts were checked for tightness and tightened where neeessary. All securing ironwork was brushed down and painted. All headstocks, wheels, etc., were treated with preservative against woodworm attack. The entire belfry was swept out and all rubbish removed. New nylon netting was put up over the louvres to keep birds out.

### Wetherden

The ceiling blocks in the first floor have been bored out to suit the sallies and the bells are now in ringing order.

## North East District

### Westhall

Retightened nuts and bolts in securing ironwork and elsewhere. Adjusted bell ropes as necessary. Oiled bearings. General clean and tidy up.

### Blythburgh

Renewed broken stay. Adjusted ropes as necessary. General maintenance work and cleaning up also carried out.

### Wenhaston

Spliced and repaired ropes as necessary. Repaired and adjusted sticking stays (Hastings type). General maintenance, oiling and cleaning up was also undertaken.

### Weybread

Retightened loose tenor on to headstock. Checked over the other bells for loose nuts and bolts. Retightened loose bearings. General maintenance, oiling and cleaning up was also done.

### Barsham

Spliced and repaired ropes as necessary. Oiled bearings and did general maintenance work.

## North West District

### Felsham

New wooden bush was made for the fourth bell's rope guide and fitted.

## OBITUARIES

### Albert E. Austin — Newmarket

For years a staunch member in the extreme west of the county, often ringing with both Suffolk and Cambridgeshire bands. Albert was a first class handbell ringer in company with Jack Acres and the late Reggie Heath.

### Edward V. Ballam — Lackford

A most valued friend and church worker, he died on 22 September. He served as a churchwarden at Lackford for 24 years and his voluntary work in the upkeep of the churchyard was but a small part of his service to the church.

### Ernest V. Blake — Ipswich

Known affectionately as "owd Arnie", Ernest came to us, from Norfolk in the early '50's and was attached to St. Margaret's, Ipswich for many years. He conducted peals on all numbers and his rich accent was always worth hearing.

### Frederick H. Cooper — Horringer

A most loyal member of the local band and an ever present for service and practice ringing until ill health curtailed his ringing activities. He passed away on 28 October.

### George Garwood — Hartest

George gave a lifetime of faithful service to ringing at Hartest. He succeeded his father as tower captain and served in that capacity for 40 years. He was content to ring the treble all his life, his favourite method being Grandsire Doubles. He was untiring in his efforts to maintain regular Sunday service ringing. He died in January aged 84.

### Leslie Ludbrook — Kelsale

On 15 December Leslie died at the age of 80 years. He started ringing in the early 1900's and was tower captain at Kelsale for over 50 years, in which time he trained many ringers and kept the bells ringing throughout. Although always a call change ringer he followed with interest the doings of his friends in change ringing and listened to many a peal.

### Percy May — Ipswich

Percy died in February in his seventies after a long illness. He "hailed" from Aldeburgh and Kelsale and spent his life as a railwayman. Beside his ringing he was a

fine singer (tenor) and enjoyed the fuller service to the church. A noted striker, especially on 12 bells, Percy's proudest moment was being congratulated by the great William Pye after ringing in a peal of Superlative Maximus at short notice — no mean achievement around 1929-30.

### Leonard G. Pryke — Lavenham

Taught to ring in the early 1920's by the late Arthur Symonds he remained a regular ringer at Lavenham until his death. A very capable ringer, especially round the "heavy end", he will be sadly missed. He rang 23 peals for the Suffolk Guild.

### George E. Symonds — Ipswich

This grand gentleman made his own epitaph, by his great age, his utterly Christian example and as the fashioner of the performances of the St. Mary-le-Tower Society between the two world wars. Of his 478 peals, 286 were for the Guild, most of which he conducted. He died in August in his 100th year.

### George Waterman — Harwich

Although an Essex man he was very attached to Suffolk and rang in many peals for the Guild. A kindly and jovial man he brought joy into many a belfry, not least his own at Harwich.

### Ethel Wright — Rougham

Mrs. Wright learnt to ring at Mistley in 1936 and with her husband Leslie has rung in many towers in Essex and Suffolk. In 1938 she took part in the first peal by a ladies band in Suffolk and rang 9 peals in all, 7 for the Guild. Poor health forced her to give up active ringing in 1959. She passed away on 8 November.

May these past members and friends rest in peace, the Suffolk Guild offers its sympathy to the bereaved.

R.I.P.

## LIST OF MEMBERS 1974

Abbreviations of Ringing times:

Su. — Sunday: Mn. — Morning: Ev. — Evening:
PN — Practice Night: Alt. — Alternate.

## OBJECTS

"The Guild shall be established for the promotion of ringing for Divine Service and in furtherance of this object:-

1. To promote and encourage the practice of bell-ringing.

2. To recruit, train and encourage bell-ringers in the practice of their art.

3. To cultivate the art of scientific change ringing.

4. To promote a proper appreciation of the ringing chamber as a part of God's House; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof; as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of bells and their fittings.

## CONSTITUTION

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St. Edmundsbury and Ipswich.

2. The Officers of the Guild shall consist of: The Lord Bishop of the Diocese as President, Patrons, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Auditor and the Technical Adviser.

3. The Guild shall consist of (a) Ringing Members (b) Probationers, (c) Junior Members, (d) Honorary Members (e) Life Members.

   (a) Ringing Members may be elected at any meeting where there are five other members present; or provisionally by two other members, before starting for a peal. Ringing Members may be elected as soon as they have rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Ringing Members shall be £1.00 per year. Ringing Members, on attaining the age of 70 years shall become Honorary Life Members.

   (b) Probationers may be elected at any meeting where there are five other members present. This grade of membership is for those learning change ringing but who have not yet rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Probationers shall be 50p per year.

   (c) Junior Members under the age of 16 years, who shall pay half the annual subscription.

   (d) Honorary Members may be elected on a payment of £1.00 per year.

   (e) Life Members residing out of the County to make a single payment of £1.00.

4. The Committee shall consist of the President, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Report Editor, Librarian; Technical Adviser, Pearson Handbells Trustees, District Chairman (ex-officio), District Secretaries (ex-officio), together with two elected members from each District, seven to form a quorum. The Committee will meet a minimum of three times during the year.

5. The area covered by the Guild shall be divided into Districts, each of which shall have its own Chairman, Ringing Master, Secretary and Committee, who shall be elected at the District Annual Meeting. Each District will elect two representatives to serve on the Guild Committee. The Secretary will:

   (a) Arrange Meetings for practice.

   (b) Arrange for instruction.

   (c) Collect the subscriptions of all members.
   N.B. In each company there shall be chosen a Secretary, or Captain, or Ringing Master, who shall collect all subscriptions, as soon as possible after January 1st and send them to the District Secretary.

   (d) Forward these subscriptions to the General Secretary together with his receipt book and details of any expenditure, at the end of the year for audit.

6. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

7. The Constitution may be amended by a two-thirds majority of the members present at an Annual or Special General Meeting provided that 14 day's notice of the proposed amendment has been sent to all members and provided that nothing herein contained shall authorise any amendment which shall have the effect of the Society ceasing to be a charity in law.

8. In the event of dissolution of the Guild any assets remaining after the satisfaction of all its debts and liabilities shall not be paid to or disbributed among the members of the Guild but shall be given or transferred to such other charitable institution or institutions having similar objects to the Guild.

## RULES

1. Subscriptions shall be due in advance on January 1st annually.

2. Any member whose subscription is unpaid on December 31st shall lose his membership. No peal shall be recorded unless the subscriptions of all taking part in it are paid. Lapsed members may be reinstated on payment of 10p in addition to the annual subscription.

3. Should a Ringing Member, having paid five consecutive years subscriptions remove from the Diocese, he may without payment become a Non-Resident Member for such time as he continues to reside outside the Diocese.

4. All Ringing at meetings of the Guild shall be under the direction of a Ringing Master and shall be such as is approved by the Central Council. The decisions of the Central Council shall be recognised in recording any ringing performances.

5. A peal fee of 10p per rope is payable in respect of all peals rung for the Guild. Conductors are responsible for collecting and forwarding them to the General Secretary. No peal will be recorded unless the peal fees have been paid.

6. The Secretary may pay, on request, 2nd class return railway fare, together with a maximum of two night's hotel expenses to such representatives attending the Central Council Meeting, provided that the total indebtedness of the Guild for all representatives does not exceed £20 in any one year.

7. The Committee may remove a member from the Guild for a serious offence against the Objects and Rules, subject to appeal at a General Meeting.

8. The Objects, Constitution and Rules can only be altered by a General Meeting after three month's notice given at a General Meeting.

## REGULATIONS relating to PEARSON'S HANDBELLS

1. The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the preceeding borrower.

3. The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of both of the Trustees.

4. The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.

5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6. The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the Committee.

7. The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

## STRIKING COMPETITION RULES

1. The competition shall take place on the third Saturday in May or on any other date as shall be decided by the Committee.

2. All bona fide members of the Guild may compete providing their subscriptions are paid.

3. No member may ring in more than one piece.

4. A band competing as a representative band of a particular tower must have at least four members shown in the annual report as members of that tower, or who are bona fide Sunday Service ringers at that tower.

5. Each band must have a representative present at the draw, the time of the draw to be advertised in The Ringing World.

6. Two minutes round ringing and stand will be allowed for practice before the test piece.

7. The test piece will be 240 true changes of any recognised Doubles or Minor method. In the event of a team ringing Doubles a cover bell must be used. The length of the test piece may be shortened at the discretion of the Ringing Master in the event of a large entry.

8. A reserve ringer, appointed by the Ringing Master, will be available to teams meeting short, at the discretion of the Ringing Master.

9. Three judges, appointed by the Committee, will be present. Their decision is final.

10. The Mitson Shield is, and shall always remain, the sole property of the Guild, which may at any time given directions for its location, safe keeping, etc.

## INDEX AND DIRECTORY OF TOWERS

The following table is used to show the condition of the ring:

10 - Excellent. Ball bearings, modern frame and fittings.
9 - Excellent. Plain bearings, modern frame and fittings-or ball bearings in an old frame.
8 - Good going order.
7 - Fair going order.
6 - Poor going order.
5 - Ringable if cleaned up and odd fittings and ropes provided.
4 - Ringable with difficulty and a degree of risk after making odd repairs.
3 - Unringable mainly because of tower and/or frame arrangement and position.
2 - Unringable mainly because of frame and/or fittings.
1 - Hung dead.
0 - Some bells unhung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to hear of any corrections.

## GENERAL SECRETARY'S REPORT

At the end of my Report for 1974 I tried to encourage members to take a more active part in the working of the Guild. Looking back over 1975 I find is a very discouraging exercise for I can see little that has happened which could be of much significance in the annals of the Guild. Our membership has fallen - perhaps this was to be expected after an increase in subscriptions - but surely two pence a week is not much to ask as an annual subscription. It has been said that the Guild does nothing for its members but I would counter that with the answer that one gets out of the Guild just as much (or perhaps more) as one is prepared to contribute. It is worth asking oneself the question 'What do I do for the Guild?' and if the answer is 'Nothing' then ask of oneself 'What can I do to help the Guild?' I feel sure that there is some useful contribution that each and every member could make and there is a mass of work to be done around the Diocese.

In April the Annual General Meeting was held in Ipswich with the Service at St. Margaret's Church and the tea and business meeting in the Garrett Memorial Hall. There was a good gathering of members and a fine tea prepared by the local ladies was followed by a somewhat livlier than usual meeting, the contentious part of which resulted in a recommendation that the Committee look closely at our Constitution and Rules. The Striking Competition was held at Nayland and attracted the biggest entry ever. This was perhaps the most encouraging part of the year. Two General Meetings were held - one at Stonham Aspal and the other at Buxhall. On both occasions the Central District were most generous in allowing us to take over parts of their meetings. As a result the final necessary adjustments to the Constitution were approved and I am pleased to report that the Guild is now registered as a Charity. The amendments can be seen elsewhere in the Report.

The Executive Committee has met three times during the year and dealt with the routine administration of the Guild. The most important decision was, as a result of the proposal at the A.G.M., was to set up a small representative sub-committee to scrutinise our Constitution and Rules and to finally report back to the Committee and then the Guild any recommendations which they may have. Your Executive Committee representatives and your Rules sub-committee representatives should have kept you up to date on all these meetings. Your Central Council delegates attended the meeting at Lincoln and detailed reports of that occassion appeared in the 'Ringing World'. At the time of writing this report the Rules sub-committee (Principal Officers and a representative from each District) has met only once. It took a considerable time to elect all the District representatives to this sub-committee and hence we have only had time to meet on a single occassion. Another meeting is planned before the 1976 A.G.M. Some interesting ideas were exchanged and all agreed that there was need for some changes.

There has been an encouraging response to our invitation to members of the clergy to join us as Honorary Members and support our work, but alas, as I have already said, our membership of ringing members has fallen. Is this the old problem of forgetting to pay subscriptions I wonder? It is up to each member to pay his tower secretary or District Secretary and not to sit back and wait to be asked for the money. Probably because of this (there are other factors too) the information needed to produce this year's Report has been coming in slowly and your Report Editor has had a very difficult time. We hope the Report is available at the proper time.

In this Report for 1975 I seem to have had several 'moans'. I offer no apology for this since I feel that the real drive and enthusiasm must come from the members themselves and not from just a few who may hold office. To those who have held office and worked hard for the Guild and to support me I offer my sincere thanks. In welcoming those of you who are new of Office, especially in the Districts, may I ask you not to be disheartened by this rather uneventful year of 1975 but to be spurred on to stimulate more interest and activity in 1976? All of your Officers are working hard to try and make the coming year one more worthy of note.

My thanks again this year to all of you who have so warmly welcomed my family and I where ever we have been during the past year.

J. L. GIRT

## TREASURER'S REPORT

I have decided to separate the Treasurer's Report from my other report in the hope that it will be easier for members to understand. With the increase in subscription rates one would expect an increased income but this has not been as much as was hoped for because of the reasons mentioned in the Secretary's Report. However, as the Balance Sheet shows, I have been able to transfer the sum of £238.50 to the Restoration Account. This account has benefited also from collections and donations from some generous people and P.C.C.s. Two groups deserve special mention - the ladies who prepared the A.G.M. tea and, having collected payment for the food, decided to donate the money (and their time) to Guild funds and secondly the magnificent efforts of those who run the Guild Social, whose work enabled £43 profit to be put into the Restoration Account. The initiative and effort of Roger Peters (Chief Tie Salesman) must not go unmentioned. So far we have made a profit of £8.47 on this venture but if Roger can sell the remainder of his superb ties to members we stand to make a total profit of £57.67. Have you bought a tie yet? The balance of the Restoration Account looks very pleasing but we must not be too complacent for £895 of this is already promised in various grants.

The balance of the General Account is reasonable and allows the normal working of the Guild. The payments shown as 'Donations to Bell Funds' were made at the request of relatives of deceased members in lieu of wreaths. We also have (at 31st December, 1975) a credit balance of £13.67 at the 'Ringing World' Office. By keeping this account in credit we obtain a significant discount on charges levied for Guild advertisements. The payment for the Report Editor's copy of the 'Ringing World' is lower than it should be - he claimed at the old rates! A new batch of receipt books was needed during the year and a small account book has been purchased to record the details of the Jubilee Fund.

The Jubilee Fund showed little activity for the year - the increased balance is due solely to the addition of bank interest.

The £60 float which was originally given to the Maintenance sub-committee has been accounted for in detail. Much of the money was converted to stock which was distributed to the various Districts. Some payments for work done and donations have been received but they were shown on the 1974 balance sheet under the general heading of 'Donations'. Should you require details of stock held I suggest you contact your District Maintenance Officer whose name is to be found listed with the names of other District Officers.

The Finance sub-committee hope, in the near future, to be able to advise the Guild on more profitable ways of investing funds now that we can draw on the expertise of the Charity Commissioners.

J. L. GIRT

## RINGING MASTER'S REPORT

The most cursory glance at the pages of 'The Ringing World' during 1975 would have given you the correct impression that the number of peals and quarter peals rung in the Diocese during this year has been smaller than for several years past. I know that the increased cost of travel has contributed to the decline in the number of peals being attempted, but a more prominent factor is a growing reluctance amongst members even to attempt peals. Whilst I have never been one to advocate that all our members should indulge in peal ringing for its own sake, I do urge you to show greater enthusiasm when peals are organised to celebrate a particular national, local or even personal event.

We congratulate Stephen Christian, who called his first peal this year and those who rang their first peal - Margaret Barnard, Stephen Fincham, Evelyn Hartley, Geoffrey Grayston, Christine Jennings, Elizabeth Jennings, Carol Perry and Albert Wade together with those who rang their first peal on handbells - Christine Hayes, Alan Mayle, George Perry and Joyce Perry. This resurgence of interest in handbell ringing in the S.W. of the county is also to be seen in other areas, notably in the N.E. and S.E., and we look forward to reports of further progress in this field of our art.

One band in particular has concentrated on ringing in towers which have not been amongst the most popular with peal bands, Hepworth being their piece de resistance this year, with the scoring of the first ever peal on the bells.

Personal achievements in peal ringing have included Leslie Brett's 950th., Cecil Pipe's 900th., John Blythe's and Stephen Pettman's 300th.

The 1975 A.G.M. in Ipswich was well attended, and the Striking Competition at Nayland produced the best ever entry. Of the 15 teams competing, Grundisburgh emerged the well-deserved winners. It was good to see new teams competing, and we look forward to another keenly contested competition, in 1976, at Saxmundham.

I hope that in 1976 established bands will give serious thought to the possibility of attempting regular quarter peal ringing, with the aim of improving the repertoire and the striking of all members of that band. Without fresh goals and higher standards to aim for we all tend to grow stale. Don't drop your standards to those of your learners - aim high!

A survey of Sunday service and practice ringing during the year has shown a deal of activity in some areas, and a dearth of it in others. In the long run our aim must be to establish local bands at towers which at present do not have their own ringers. The Debenham band was established in this way, and similar projects are in hand at Harkstead, Stutton and Hollesley. Whilst 'circuit' ringing is better than none at all, the setting up of new local bands - which will involve much time and effort by those who undertake to train them - is another aim which we should have before us. Your District and Guild officers will be only too pleased to hear of towers where the establishment of a new band is a real possibility.

My thanks to all who have been responsible for regular Sunday service ringing and for organising teaching sessions, practices and peals this year. We look forward into 1976 - to the return of St. Mary-le-Tower and Earl Soham bells, and hopefully to a year in which we shall all aim to improve both the quality and quantity of ringing throughout the Diocese.

LAWRENCE R. PIZZEY

## ADDITIONS TO THE LIBRARY 1975

(For full Library list see 1974 Report)

| | | |
|---|---|---|
| 1/75 | Central Council<br>Ten and Twelve bell compositions. | |
| 2/75 | MORRIS, E.<br>Bells of All Nations. | M. T. Symonds |

| 4/75 | RAVEN, J.J.<br>The Church Bells of Suffolk. | J. C. G. Hagger |
| 5/75 | SKIRVING, R.S.<br>Wire Splicing. | J. C. G. Hagger |

The books listed above were given to the Guild during the year. Our grateful thanks are accorded to the donors.

D. M. KNOX

## TECHNICAL ADVISER'S REPORT

Two major factors have caused concern in 1975. The first was the collapse of the top of Bildeston church tower and the second was the effect of galloping inflation on the cost of bell restorations.

At Bildeston the writer advised the parish in his detailed report of 1962 of the very unsatisfactory state of the bells, the frame and fittings, and the tower structure. In 1972 he visited again in connection with lowering the bells to safety and particularly commented in his report on the major cracks in the walls in the area of the staircase turret by the bell frame. Alas this area gave way on 8th May, 1975 when work was in hand to repair the tower. Now the belfry stage has been taken down and the walls will he capped off at this level. The west end of the nave and the south aisle were badly damaged and the cost of the repair work will be considerable. The diocesan inspecting architects have all examined the damage and naturally enough they will be looking at the towers in their care very carefully for similar signs of distress. It must be remembered that Bildeston is an extreme case where neglect had gone on for many decades and where we have been unable to ring for probably 75 years or so. The writer feels that the failure was most probably caused by a long standing roof leak in the centre of the south wall and the weakening effect of the staircase turret in this flint rubble structure.

The steep increase in the cost of bell restoration work has worried Earl Soham, the September 1973 estimate is likely to rise by almost 70% to completion early in 1976.

At St. Mary-le-Tower, Ipswich the bells were removed in 1975 and it is hoped to recast the front six, the eighth and, if funds permit, the tenor. A new frame will be provided with the front eight in a lower tier and the tenors above. With inflation still significant the founders are being urged to complete the work as soon as possible.

The Cathedral bells from the Norman Tower remain at Loughborough, but the Provost, the writer, the bell founders, and the Department of the Environment representatives met in London in October to discuss the project. The Department is having difficulty with the restoration of the walls, but the bell founders have been released to complete their foundry work including making a new frame and fittings and overhauling the ten bells. The bells were removed early in 1973 and the estimate was based on costs ruling in October 1971 so the delay already occasioned will increase the cost of this work considerably. The Department is pressing on with the tower work, and there is a hope that a sound lantern will be put on the roof as recommended in the writer's 1959 report to avoid noise nuisance in the area round the tower. No date can yet be fixed for the rededication of these bells.

The Hadleigh bells are due to be removed to Loughborough for their overhaul in January 1976.

The Bury St. Edmunds St. Mary's church bells have now been hung dead in the old frame. Chiming sallies have been connected to the clappers and suspended in the ringing chamber so four or more ringers can chime the eight bells.

At Newton by Sudbury the nave and tower are in the care of the Redundant Churches Fund, and the five bells, which were in a very poor state, have been removed. They are being overhauled and hung dead in the restored tower. The Fund has only limited resources, and unfortunately these do not run to rehanging the bells for change ringing. However, if Sudbury and Newton Green develop in the future the bells could be so hung if required. Covehithe church tower has also been put in the care of the Redundant Churches Fund.

Your Adviser visited Henley to investigate the hanging of the redundant Ubbeston treble above the ring as a clock bell. At Pakenham he examined the inside of the central tower where loose flints were dropping on the bell chamber floor. At Great Finborough he advised on the restoration of 16 hand-bells. At Long Melford the lip of the treble was catching on a bolt head in the top cill of the frame and he made appropriate adjustments to the securing ironwork.

Two bells cast by John Darbie of Ipswich in 1670 became available from Tivetshall St. Margaret, Norfolk; the treble would have replaced the cracked treble at Old Newton. Your Adviser spoke to a meeting of the PCC on the desirability of the project, but the parish felt unable to meet the expense which was about 60% of the cost of recasting. The second bell would make a treble to six at Exning and the writer contacted this parish but has had no reply. He has visited Ringsfield to get the pitch required for a treble to make a ring of four.

At Wickham Market the base of the octagonal tower is showing distress with vertical cracking. Ringing has been suspended and it is hoped that repair work will soon be put in hand. It will be desirable to rehang the bells lower in the tower and this will unfortunately involve the expense of a new frame and fittings.

Your Adviser has given written advice on Sudbury St. Peter, Great Bealings, Clopton, Tattingstone, Athelington, Cretingham, Darsham, Hawkedon, and verbal advice on a broken clapper at Thorndon. He has continued his examination of the Bowell foundry records, and certain tenor weights have been corrected in the Directory of Towers.

At Tunstall it is reported that the stay on the fifth bell catches some staging and the writer has a note to visit to see what can be done to remedy this.

At Burgh the structural state of the top of the tower is reported to have caused ringing to be suspended until repairs can be effected.

During 1975 your Adviser has continued his inspecting work and he has now filled in his report form for 365 of our Suffolk sets of bells. At Hepworth he made sundry adjustments and swung each bell in a full circle. The treble wants a new stay and some maintenance work is needed. In the longer term a new frame and new fittings are required.

At Framlingham the last major overhaul was in 1892. The tenor's elm headstock has a vertical crack in the centre and could cause trouble at any time and the ends of the beams supporting the frame require examining where they are buried in the walls. The writer gave his recommendations for a complete overhaul. Alas since his visit the Rector, Canon Bulstrode, has died, and it is to be hoped that his successor will be as energetic as he was to raise money to repair this fine fabric and its fittings.

At Haverhill the frame and fittings are by Day of 1903, and the bells need rehanging with new headstocks and fitted with ball bearings. The bells themselves need tuning, the frame needs tie rods vertically through the side frames and the bottom cill needs anchoring to all four walls, and the other fittings need overhauling. The state of the tower parapets was mentioned in the 1974 report and deteriorated still further. Now clamps have been fitted to prevent them and the corner pinnacles falling to the ground or on to the nave roof. Until these parapets have been repaired ringing has been suspended.

At Clare the frame and fittings are again by Day of 1900. The bells form the heaviest ring of eight in the diocese with a draft of 56 feet from the top of the frame to the ringing chamber floor. They are now not easy to ring. Some short term work would help to improve their 'go' but a full overhaul is now overdue. New metal headstocks, gudgeon pins and ball bearings are needed, the frame required vertical tie rods and anchors to all four walls. The bells require some tuning and turning to allow the clappers and clock hammers to strike where the bells are unworn inside and out.

At Cowlinge the five bells all swing N - S which is the weaker way of this western brick tower. With rounds being rung the top of the tower at parapet level rocks horizontally quite violently and there is a crack beginning in the centre of the west wall in a vertical direction which changes its width as the bells are rung. When changes other than rounds are rung the tower rock is not serious; analysis of the thrusts shows that because of the roping the horizontal thrusts from some of the bells are cumulative in rounds. Tests showed that if the fourth and second bells are roped on the opposite sides of the wheels rounds then produced little movement. Action is being taken to change the roping. As we can ring rounds for five minutes at a time it is vital that the tower rock is acceptable with this change. Any other change is quickly rung and another takes its place so the tower does not have much time to react fully to it. Until this problem is satisfactorily solved it will not be desirable to add a treble to make six. The frame for six and the fittings are by Bowell of 1909.

At Thelnetham a long standing roof leak has damaged the timber frame between the two tenors. The bells were rehung in a new frame with new fittings in 1907 and now the main bearings are badly worn. Fortunately the bell chamber floor is 2 1/4 ins thick oak so if a gudgeon pin did shear the bell concerned would not fall through. The fourth bell of 1603 is badly cracked in the crown and now has a very poor tone. Short term work was recommended to keep them ringable but a long term restoration is badly needed.

At Wattisfield the tower structure is badly cracked as is the fourth bell. The writer rang the four other bells in full circles successfully but the cracked bell has an incomplete pulley and was not swung. The tower needs repairing and the bells overhauled and rehung in a new frame set lower in the tower with new fittings. The fourth bell of 1584 had poor tone before becoming cracked and would best be replaced by a redundant bell of the right note and thickness.

At Gislingham there has been little change since the writer's inspection in 1954. The tower roof still leaks like a sieve. In 1962 he noted a crack in the crown of the third, and now the fourth is cracked in the soundbow. A new frame and fittings are vital here if the bells are ever to be ringable again.

At Poslingford the tower roof has been repaired and the bells are ringing again. At Stowmarket the upper part of the spire has had to be removed as being dangerous but the bells here are now ringing again. At Barking the wrought iron bell frame by Bowell of 1911 has been cleaned down and painted.

For some years now one of the writer's New Year resolutions is to shorten his report! He regrets that he must register another failure.

R. W. M. CLOUSTON

## MAINTENANCE WORK

### Central District

New Maintenance Officer
Alan Leach,
14 Henniker Road,
Debenham.
Telephone 472

#### Barking

The entire bellframe has been cleaned and wire brushed down, then painted with 'Galvofroid' and red oxide. All nuts and bolts were checked for tightness and tightened where necessary. The entire belfry was swept out and all rubbish removed.

#### Stradbroke

All louvres have been replaced and repaired where necessary. All bearings have been cleaned out and lubricated. All pulleys have been freed where necessary and lubricated. Clapper joints have all been tightened and lubricated where necessary. The belfry has had a general tidy up and been cleaned out.

#### Stowmarket

All clappers have been removed, rebushed, replaced, greased and adjusted as necessary.

#### Debenham

The belfry has been swept out and all rubbish removed. All woodwork has been swept down and treated with Protim. All new bell ropes have been fitted. The tenor clapper was taken out, welded, and re-fitted.

### North West District

Maintenance Officer
Christopher Nunn,
37 Bury Road,
Barrow,
Bury St. Edmunds.

#### Bardwell

New electric light wired in Ringing chamber. Floor under bells cleaned down, and repaired as necessary. Broken staves on ladder replaced. Ringing chamber floor cleaned down, and repaired as necessary. Headstocks, wheels, stays, sliders and pulley boxes treated with wood preservative. 4th pulley box repaired and re-fitted. Treble slider straightened. Treble and second slider stops removed, re-welded, and re-fitted. New pulley and pulley box fitted on roof of clock case, at the point where fourth's rope changes direction. All metal work was wire brushed down and painted with 'Galvafroid' and red oxide.

General Maintenance has taken place at Churches where there are local ringers at hand.

South West District

New Maintenance Officer
Walter Perry
The Willows,
Stoke Road,
Clare, Nr. Sudbury.

Keddington

The second clapper has been rebushed. The tenor pulley has been rebushed. All nuts and bolts on bell frame, and headstocks were tightened up. A flared out sleeve was made and fitted to the fourth to prevent the rope chaffing.

Clare

All pulleys have been rebushed. An ash stay was made and fitted on the 6th. All securing nuts and bolts on frame have been tightened. All headstocks, pulley blocks, rope chutes, stays, sliders, and also the east side of the frame have been treated with Wykomol +.

Haverhill

All pulleys have been rebushed. General maintenance work is also in hand. Unfortunately there is no ringing here at present, due to the fact that timber splints being placed round the parapet, also the pinnacles have been tied in as a temporary measure. It is hoped to start work on repairing the outside off the tower in the Spring, but much will determine on the amount of finance available.

Long Melford

All securing nuts and bolts on frame and headstocks tightened up. The 3rd slider path has been re-fitted. The 4th pulley block has been resecured. An electric light point has been installed in the bell chamber.

Cowlinge

Repaired leaking roof. New downpipe has been fitted down North side of tower. The metal bell frame has been wire brushed down, as well as the headstocks, and all have been painted with 'Galvafroid' and red oxide. The wheel spokes and flanges have been repaired as necessary. Wheels, pulleys, stays, and sliders have all been treated with Wykomol +. A Harvest Supper was arranged by the local ringers, and their wives, with proceeds going towards the purchasing of materials to decorate the belfry next year.

Higham

The bell frame has been completly wire brushed down, and painted with 'Galvafroid' and red oxide.

Acton

Temporary repairs have been made to leaking roof. Repairs have also been made to the flagpole.

South West District Cont.

Stradishall

Leaking roof has been repaired. The downpipe in the ringing chamber has also been repaired. Resecured bearings of 2nd, 3rd, 4th, and 5th to frame by means of longer coach bolts. All debris, has been cleaned out of both bell and intermediate chambers, and both swept out. Re made Lattice type grills for louvres and wire netting same. Repaired three rope chutes, and resecure to proper positions. The bearings have been cleaned out, new foam pads fitted, and lubricated. All securing nuts and bolts on frame have been tightened up.

Poslingford

Local builders have completed the new tower roof, also repairs to the parapet masonary. The following work was done by Walter Perry - The metal bell frame has been wire brushed down, and painted with 'Galvafroid' and red oxide. The clappers have all been rebushed. The treble headstock removed, and rotten parts cut out and new timber spliced in and capped with channel iron. The bell was then rehung Headstocks, wheels, pulley blocks, and stays all treated with Wykomol +. All bearings have been cleaned out and re-fitted with new foam pads, and relubricated. All securing nuts and bolts on frame and headstocks have been tightened. Ringing room walls have been replastered where necessary and the whole place has been redecorated. The rope guides have also been repaired. The bellchamber was completly swept out and all debris removed. The louvres have all had new wire netting put up.

M. J. HOWES

## OBITUARIES

### J. C. G. Hagger - Sproughton

Gordon Hagger was the last of the pre-First World War band of St. Mary-le-Tower Ipswich, joining James Botts and Will Catchpoles' company as a lad in 1906. The entrance then was 1008 of Bob Major, and a pint of ale all round on acceptance. Gordon rang peals of Stedman Cinques and Treble Twelve and then between the wars lived in Debenham where he arranged the 1st peal of Yorkshire S. Major. This talented man will be missed.

### W. W. Miller - Earl Soham

A true, salty countryman was Walter; quiet, wise and very able. Taught by the redoubtable William Crickmer and lifelong resident of Earl Soham, he was a fine striker in all the standard methods and loyal member of our Guild. One remembers his ringing of Stonham Aspal Tenor before rehanging, in his unconcerned way and his delight at a piece of good ringing. The Central District especially will be the poorer for his passing.

### E. Ambrose - Long Melford

Like his friend George Symonds, Ernest Ambrose was legendary and scarcely a ringer in Western Suffolk, Cambridge and Ely had not heard of him either on bell, organ or 'yarning'. His life is immortalised in his book "Melford Memories" and here we have lost a link with this Christian gentleman and the ringers of the last century around Lavenham and Sudbury.

May these past members and friends rest in peace. The Suffolk Guild offers its sympathy to the bereaved.

## LIST OF MEMBERS 1975

Abbreviations of Ringing times:

Su. - Sunday: Mn. - Morning: Ev. - Evening:
PN - Practice Night: Alt. - Alternate.

## NORTH EAST DISTRICT

## OBJECTS

"The Guild shall be established for the promotion of ringing for Divine Service and in furtherance of this object:-

1. To promote and encourage the practice of bell-ringing.

2. To recruit, train and encourage bell-ringers in the practice of their art.

3. To cultivate the art of scientific change ringing.

4. To promote a proper appreciation of the ringing chamber as a part of God's House; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof; as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of bells and their fittings.

## CONSTITUTION

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St. Edmundsbury and Ipswich.

2. The Officers of the Guild shall consist of: The Lord Bishop of the Diocese as President, Patrons, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Auditor and the Technical Adviser.

3. The Guild shall consist of (a) Ringing Members (b) Probationers, (c) Junior Members, (d) Honorary Members (e) Life Members.

   (a) Ringing Members may be elected at any meeting where there are five other members present; or provisionally by two other members, before starting for a peal. Ringing Members may be elected as soon as they have rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Ringing Members shall be £1.00 per year. Ringing Members, on attaining the age of 70 years shall become Honorary Life Members.

   (b) Probationers may be elected at any meeting where there are five other members present. This grade of membership is for those learning change ringing but who have not yet rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Probationers shall be 50p per year.

   (c) Junior Members under the age of 16 years, who shall pay half the annual subscription.

   (d) Honorary Members may be elected on a payment of £1.00 per year.

   (e) Life Members residing out of the County to make a single payment of £1.00.

4. The Committee shall consist of the President, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Report Editor, Librarian; Technical Adviser, Pearson Handbells Trustees, District Chairman (ex-officio), District Secretaries (ex-officio), together with two elected numbers from each District, seven to form a quorum. The Committee will meet a minimum of three times during the year.

5. The area covered by the Guild shall be divided into Districts, each of which shall have its own Chairman, Ringing Master, Secretary and Committee, who shall be elected at the District Annual Meeting. Each District will elect two representatives to serve on the Guild Committee. The Secretary will:

   (a) Arrange Meetings for practice.

   (b) Arrange for instruction.

   (c) Collect the subscriptions of all members.
   N.B. In each company there shall be chosen a Secretary, or Captain, or Ringing Master, who shall collect all subscriptions, as soon as possible after January 1st and send them to the District Secretary.

   (d) Forward these subscriptions to the General Secretary together with his receipt book and details of any expenditure, at the end of the year for audit.

6. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

7. The Constitution may be amended by a two-thirds majority of the members present at an Annual or Special General Meeting provided that 14 day's notice of the proposed amendment has been sent to all members and provided that nothing herein contained shall authorise any amendment which shall have the effect of the Society ceasing to be a charity in law.

8. In the event of dissolution of the Guild any assets remaining after the satisfaction of all its debts and liabilities shall not be paid to or disbributed among the members of the Guild but shall be given or transferred to such other charitable institution or institutions having similar objects to the Guild.

## RULES

1. Subscriptions shall be due in advance on January 1st annually.

2. Any member whose subscription is unpaid on December 31st shall lose his membership. No peal shall be recorded unless the subscriptions of all taking part in it are paid. Lapsed members may be reinstated on payment of 10p in addition to the annual subscription.

3. Should a Ringing Member, having paid five consecutive years subscriptions remove from the Diocese, he may without payment become a Non-Resident Member for such time as he continues to reside outside the Diocese.

4. All Ringing at meetings of the Guild shall be under the direction of a Ringing Master and shall be such as is approved by the Central Council. The decisions of the Central Council shall be recognised in recording any ringing performances.

5. A peal fee of 10p per rope is payable in respect of all peals rung for the Guild. Conductors are responsible for collecting and forwarding them to the General Secretary. No peal will be recorded unless the peal fees have been paid.

6. The Secretary may pay, on request, 2nd class return railway fare, together with a maximum of two night's hotel expenses to such representatives attending the Central Council Meeting, provided that the total indebtedness of the Guild for all representatives does not exceed £20 in any one year.

7. The Committee may remove a member from the Guild for a serious offence against the Objects and Rules, subject to appeal at a General Meeting.

8. The Objects, Constitution and Rules can only be altered by a General Meeting after three month's notice given at a General Meeting.

## REGULATIONS relating to PEARSON'S HANDBELLS

1. The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the preceeding borrower.

3. The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of both of the Trustees.

4. The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.

5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6. The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the Committee.

7. The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

## STRIKING COMPETITION RULES

1. The competition shall take place on the third Saturday in May or on any other date as shall be decided by the Committee.

2. All bona fide members of the Guild may compete providing their subscriptions are paid.

3. No member may ring in more than one piece.

4. A band competing as a representative band of a particular tower must have at least four members shown in the annual report as members of that tower, or who are bona fide Sunday Service ringers at that tower.

5. Each band must have a representative present at the draw, the time of the draw to be advertised in The Ringing World.

6. Two minutes round ringing and stand will be allowed for practice before the test piece.

7. The test piece will be 240 true changes of any recognised Doubles or Minor method. In the event of a team ringing Doubles a cover bell must be used. The length of the test piece may be shortened at the discretion of the Ringing Master in the event of a large entry.

8. A reserve ringer, appointed by the Ringing Master, will be available to teams meeting short, at the discretion of the Ringing Master.

9. Three judges, appointed by the Committee, will be present. Their decision is final.

10. The Mitson Shield is, and shall always remain, the sole property of the Guild, which may at any time given directions for its location, safe keeping, etc.

The following table is used to show the condition of the ring:

10 - Excellent, Ball bearings, modern frame and fittings.
9 - Excellent. Plain bearings, modern frame and fittings-or ball bearings in an old frame.
8 - Good going order.
7 - Fair going order.
6 - Poor going order.
5 - Ringable if cleaned up and odd fittings and ropes provided.
4 - Ringable with difficulty and a degree of risk after making odd repairs.
3 - Unringable mainly because of tower and/or frame arrangement and position.
2 - Unringable mainly because of frame and/or fittings.
1 - Hung dead.
0 - Some bells unhung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to head of any corrections.

'No. of bells '' Condition

## SECRETARY'S REPORT

Reading my Report of last year and remembering my additional remarks at Lavenham I can see why it was that one member commented 'You gave 'em some stick!!' It was not that I set out to be offensive - merely that I honestly felt that there was so much more work that could have been done with just a little more effort from a lot more people. When I began the task of compiling this report and the District Accounts started to arrive the picture of the year's work took on a very dismal appearance - membership dropping and all the signs of lethargy. I knew this was not the true picture and my feelings were eventually confirmed. We have gained members even though we have lost many of the Honorary Members who joined in 1975. The activity of Guild members in the South West District rightly deserves commendation while some of the other Districts are 'ticking over nicely'. Although peal ringing is not the ultimate aim of all members it is often an indicator of Guild activity - not always encouraging this year.

The Annual General Meeting was held at Lavenham and those present for the business meeting filled the Church Rooms to capacity. The ladies of the District are to be thanked and congratulated for the excellence of the tea which was prepared under some rather tragic circumstances. Ideas for re-organising the Districts as part of the revision of the Constitution and Rules were well received by members and the Officers hope that the sub-committee's recommendations will be in front of members when we meet at Beccles in 1977. Saxmundham provided us with an interesting Striking Competition in May and where ever it is held, this event is a popular social gathering. The bi-centenary of the birth of John Constable was celebrated with special ringing, including the first peal of East Bergholt Surprise Major.

The Executive Committee have met regularly at Buxhall and I hope that your District Representatives have kept you informed about those discussions; if not, then you should question them at your District Meetings. The same, of course, applies to the Central Council Representatives who again attended the Annual Council Meeting.

In September we saw the long awaited Dedication of St. Mary-le-Tower bells. This proved to be a very satisfying event and we now eagerly await the ten at the Norman Tower (the work is almost complete as I write this report) and also the bells of Earl Soham.

As a very successful change, the South East District held a barbecue following their June meeting. Could it be that similar events would help draw more people to District Meetings? The big event of 1977 will be the Queen's Jubilee. What an opportunity for celebration ringing this will present and elsewhere in this report the Ringing Master has outlined his plans for the Guild's contribution.

Finally, but very necessary, I offer my thanks to all who have helped make my work a little easier during 1976; to those who have been newly elected to Office a hearty welcome. Please give these people your support. Thank you to all those of you who have welcomed my family and myself when we have visited meetings and other Guild events.

J. L. GIRT

## TREASURER'S REPORT

It seems that my decision to separate the Treasurer's Report from the Secretary's Report has been helpfull to members and I shall therefore continue this method of reporting.

1976 has been a reasonably pleasing year for the Guild and we do not appear to have suffered from the financial cramps which many individuals have had to bear. When we remember that the grant of £500.00 to St. Mary-le-Tower has been paid and then find the Restoration Account balance is still just over £100.00 more than last year we must be receiving a reasonable income. Collections were well up on 1975 as were donations but special mention must be made of £12.00 given by a peal tour band and the ever increasing profit (£66.00) from the Social. Roger Peters has only one or two ties left to sell before we can realise the full benefit from his magnificent effort. During the coming year we must expect to pay grants to the Norman.Tower and Earl Soham, not forgetting that a total of at least £645.00 is promised to these and other towers.

The General Account shows a balance of £63.28 - a little less than last year but nevertheless a reasonable amount. The Honorariun to Mr. Clouston was made on a unanimous proposal of the Executive Committee to help towards the petrol costs he incurred while visiting towers druing 1974 and 1975. The donation to the F. Sharpe and C.E. Wigg Memorial Fund was approved by the Committee as were the presentations of a record case and record token to Miss M. R. Brown and the Book token to Canon Waddington when he retired as Provost. The major item on the expenditure side of this account is the transfer of £234.00 to the Restoration Account. This is lower than last year because quite a number of the peal fees had not been paid at the time of closing the account.

The Guild is in sound financial condition and this is as we would all want it to be. We must, however, continue to raise more money so that we can be of even more help to the many pieces of restoration work, large and small, which need to be done.

## RINGING MASTER'S REPORT

As I look back over our ringing in Suffolk during 1976 I am pleased that both the quality and quantity of regular ringing seem to have been on the increase. Of course there will always be areas where ringers abound and others where we are thin on the ground - but regular Sunday service ringing in many towers is of a very pleasing standard, and practice nights seem to be better attended, and to be providing for a wide range of ability. This is good. Whilst many of those who have learned to ring over the last several years are still with us and continue to make progress, the number of newcomers is still high and we are all united by our common aim of achieving as high a standard of striking as possible.

Whilst the peal total for 1976 is low, well over half the peals rung were arranged to celebrate a particular occasion or to extend the abilities of members of the band. It is good to see Yaxley, Easton and Thorndon back in the peal columns after many years absence. We congratulate Karen Allison, Elsie Braybrook, Marie Carson, Robert Coleman, Dennis Kiddy, Edward Maddex, Margaret Roberts, Joanna Stewart, Edgar Wade, Nicholas Wade, Meg Ward and Christine Whiting on ringing their first peal; and Julian Colman, Christine Hayes, Edwin Hynard and Alan Mayle on their first as conductor. The Polstead 'all stars' peal was a great achievement. Our warm congratulations go to Leslie G. Brett on achieving his double ambition of ringing a peal on all 366 dates in the year and reaching his 1,000th. peal in 1976. This latter performance is the more remarkable when we recall that the vast majority of these peals have been rung in Suffolk, whereas other 1000-pealers have travelled widely to reach the same goal.

The Quarter Peal total rose in 1976, with special ringing for the Constable bi-centenary and a good number of Sunday Service quarters.

We had an enjoyable A.G.M. at Lavenham and the striking competition, held this year at Saxmundham, remains a popular event. Eleven teams entered this year, Lavenham taking the shield. The Bures weekend, at which many former pupils of Leslie Mills gathered, was likewise a memorable ringing and social occasion.

Now we look forward into 1977. I hope that we shall all make a special effort during Jubilee Y ear in peal and quarter peal ringing. We are marking Jubilee Day, Tuesday 7th June, by ringing the bells in as many parishes as possible throughout the Diocese. The District Ringing Masters will be co-ordinating ringing within each District: please give them your support and cooperation so that every town and village may know that we seek to serve, by our art, the whole Diocese.

LAWRENCE R. PIZZEY

## TECHNICAL ADVISER'S REPORT

The major event in 1976 was the rededication of the restored ring of twelve at St. Mary-le-Tower, Ipswich. From the ringing point of view your Adviser was very satisfied with the result. The audibility of the bells in the ringing chamber is greatly improved by having the four tenors on top and the remainder in the tier below in the new frame. Unfortunately the reproduced inscriptions on the recast bells have some errors and omissions.

At the Cathedral the bells have now been returned to the Norman Tower and at the end of the year awaited rehanging. When this has been completed the outside faces of the tower are to be restored so the bells will not be available for swinging in full circles till later in 1977.

At Earl Soham it is anticipated that the bells will be rehung in January 1977.

Early in 1976 the Hadleigh bells were taken down and your Adviser inspected them in the churchyard. The headstock was still bolted to the crown of the tenor and when this was removed in the Loughborough Bell Foundry concern was expressed about the thinness and poor casting of this area. Your Adviser went to Loughborough to discuss the problem with Mr. Paul Taylor, and it is hoped that we have come to a solution which will save this bell for further use. The weight is only 22 cwt 5lb for the note D, and recasting would involve a considerable increase in weight with attendant extra costs.

The gales in early January 1976 did considerable damage to our Suffolk church towers; at Peasenhall and Flempton pinnacles fell through the church roofs. Other towers are structurally defective, and we are now unable to ring at Pakenham, Mendlesham, Wissett, Ampton and the spire at Yoxford needs additional support which it is hoped to install in the Jubilee year 1977.

The very dry summer brought its attendant problems of bells becoming loose in their fittings; even with metal headstocks there is often a timber pad over the crown of the bell which can shrink. At Halesworth the tenor became virtually unringable and your Adviser visited and after replacing some washers got the bell tight in the headstock and as easy to ring as formerly. At Stonham Aspal the tenor gave similar trouble and attention to the headstock bolts cured the problem.

At Stratford St. Mary the Whitechapel Foundry has been rehanging the bells in the Victorian timber frame; it is hoped to bolt this down more securely to some steel girders installed by Alfred Bowell. This work should be completed early in 1977.

Stoke by Nayland has a new metal bell frame installed in 1956 and your Adviser found this to be loose in the walls as the grout round the ends of one of the main support girders was no longer bonded to the brickwork and the girder. There are also vertical cracks in the centres of the tower walls which change their widths as the bells are rung. Your Adviser revisited with the church architect and plans have been made to remedy the situation.

At Bramfield the detached round tower is badly split vertically and is really four quadrants all acting independently. The bells remain quite easy to ring, but it is clear that the situation will not be satisfactory until the tower can be held together by a reinforced concrete girdle.

At Henley the Ubbeston treble cast by William Culverden of London about 1515 has been hung as a clock bell above the ring of eight.

At Harkstead your Adviser reinspected the five bells and obtained details to specify the note of a treble to make six. At Tattingstone the ringers are looking for a redundant bell, note E 1318 Hz, and 2 1/8 inches thick in the soundbow, to make a treble to six.

Sudbury St. Peter, now redundant, has an ambitious project to rehand the eight bells for change ringing in a new frame for ten. We all wish Leslie Mills well for the speedy achievement of this scheme.

At Rougham your Adviser was asked to visit to examine the clapper joints. After ten years use the wear is much more than should be the case and he recommended close attention to the lubrication of these joints every quarter.

The notes on Belfry Care and Maintenance prepared by your Adviser some years ago for our Guild have now been printed by the Oxford Diocesan Guild as one of their technical pamphlets. He has now completed his transcription of the Bowell foundry records on a tower basis; it was interesting to note how widespread these towers are.

As his thought for the year your Adviser would ask each ringer to take a special interest in the structure of his tower and when the PCC has had an adverse architect's report on it to see that something is done to remedy the matter.

R. W. M. CLOUSTON

## MAINTENANCE WORK

### North West District

Maintenance Officer

C. R. Nunn,
37 Bury Road,
Barrow,
Bury St. Edmunds.

#### Mildenhall

Peter Goodwin has installed effective soundproofing in all four bell chamber louvre windows.

#### Rougham

Bob Coleman has carried out a thorough inspection and overhaul.

#### Ixworth

Alec Morris and his band of ringers have fitted new ropes, redecorated the ringing chamber, refixed peal boards and improved the lighting.

### South East District

New Maintenance Officer for 1977

William Barnes,
6 Hawthorn Place,
Hasketon Road,
Woodbridge. Tel. 3665.

#### Ufford

A thorough overhaul of the bells and fittings was undertaken by S. Pettman and his helpers. The bell chamber and ringing room were cleaned and swept out and the topes checked.

#### Bredfield

William Barnes is to be congratulated on his efforts here where he has overhauled the bells and fittings. The frame was brushed down and painted. The bell chamber and ringing room were cleaned and swept out.

#### Harkstead

The local band have done a considerable amount of general maintenance work, including cleaning and tightening up nuts and bolts. New ropes have been fitted.

South West District

Maintenance Officer

W. A. Perry,
The Willows,
Stoke Road,
Clare,
Sudbury.

Great Thurlow

All frame bolts, bell and headstock bolts tightened up as required. Ropes adjusted, including one which was spliced. Broken stay repaired.

Stoke-by-Clare

All frame bolts and tie rods (top cill to bottom cill and in some cases to supporting beams) tightened up. Three rusted tie rods cut out and replaced with new ones (made and supplied by D. Smith). Bell headstock bolts tightened.

Cowlinge

D. Kiddy has re-roped the 2nd. and 4th to opposite hand. This entailed turning the wheel round and moving the ground pulley. New rope chutes were fitted for these two bells in the intermediate chamber. The rope guides in this room were also refixed. The bottom half of the ringing room has been cleaned down and damp proof paint applied. W. A. Perry made and fitted a set of rope guides in the ringing room (some 12ft. from the floor) and these have improved the handling. This has now completed Mr. Clouston's recommendations as far as D.I.Y. is concerned.

Long Melford

D. Rutherford has tightened up the large number of frame bolts (and bell headstock fittings) used here.

Glemsford

It was noted that the bells went considerably better than in recent years and it is evident that G. Bloomfield has done a lot of work on them.

This is a classic example of a local steeple keeper doing a great deal of work without being noticed. We are fortunate in that three out of four towers in our District have such steeple keepers.

## OBITUARIES

### Mrs. S. J. Perry - Clare

Joyce Perry epitomised the happiness that a ringing family can bring into the Church and into the belfry. We mourn her passing at such a young age leaving her devoted husband and children, but are grateful for her example and contribution to the Guild especially in the South West District.

### David Vincent - Wilmslow, Cheshire

David Vincent was a Stradbroke man and above all a character. Much travelled, generous, talkative, a competent ringer and highly individualist, one could not fail to be aware that sometime, someplace, David would be around! He was responsible for the augmentation of Stradbroke bells to ten for which village he had a life-long affection.

### Solomon Barber - Wingfield

This grand old Wingfield gentleman of over 90 passed away early in 1976 and was ringing before the turn of the century. Along with the Filbys and the Riches these families have been the mainstay of ringing in the Fressingfield - Wingfield area for over a 100 years.

### Alfred Chapman - Bedfield

Quiet, unassuming but very loyal this dear country man passed from us in September. He knew and rang with Ted Jenkins, William G. Crickmer and many another famous name in the Framlingham region and will be missed especially at Monk Soham and Bedfield.

### Ernest Whiting - Pulham Norfolk

A highly competent eight-bell man up to Bristol Surprise Ernie was a prolific peal ringer and conductor, calling the greater portion of his 700 or so peals. Outwardly very abrupt, this concealed a warm heart and a delightful East Anglian sense of humour. He will be remembered along the Waveney Valley as long as Church Bells ring and far longer than his 90 years.

### Fred Wade - Kessingland

Frederick died in October aged 73 and like many Sunday service ringers up and down the land, not in the headlines, but always in the ranks. We thank God for loyal servants such as he.

### Rev. Alfred Neads - Polstead

Mr. Neads learned to ring as a young man in the West Country. He came to Polstead as Rector in the late 1950s but because of his health was unable to take any part in active ringing. He was however a most interested Honorary Member of the Guild, a great friend to all ringers, and especially helpful to the Polstead company.

We also remember Mrs. Eva Symonds (96), Mrs. Madeline Pye, Sam (Jimmy) Mills of Little Glemham, and any of our member's relatives. May they rest in peace.

## LIST OF MEMBERS FOR 1976

Abbreviations of Ringing Times:

Su. - Sunday: Mn. - Morning: Ev. - Evening
PN - Practice Night: Alt. - Alternate

The President, Vice-Presidents, Chairman, Ringing Master, General Secretary and Treasurer, Report Editor, Technical Adviser, Pearson Handbells Trustees, Librarian, District Chairman and District Secretaries (ex-officio), together with two representatives from each District.

## OBJECTS

"The Guild shall be established for the promotion of ringing for Divine Service and in furtherance of this object:-

1. To promote and encourage the practice of bell-ringing.

2. To recruit, train and encourage bell-ringers in the practice of their art.

3. To cultivate the art of scientific change ringing.

4. To promote a proper appreciation of the ringing chamber as a part of God's House; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof; as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advise of a practical character concerning the condition of bells and their fittings.

## CONSTITUTION

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St. Edmundsbury and Ipswich.

2. The Officers of the Guild shall consist of: The Lord Bishop of the Diocese as President, Patrons, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Auditor and the Technical Adviser.

3. The Guild shall consist of (a) Ringing Members (b) Probationers, (c) Junior Members, (d) Honorary Members (e) Life Members.

   (a) Ringing Members may be elected at any meeting where there are five other members present; or provisionally by two other members, before starting for a peal. Ringing Members may be elected as soon as they have rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Ringing Members shall be £1.00 per year. Ringing Members, on attaining the age of 70 years shall become Honorary Life Members.

   (b) Probationers may be elected at any meeting where there are five other members present. This grade of membership is for those learning change ringing but who have not yet rung 120 changes on a tower bell or on two handbells retained in hand. The subscription of Probationers shall be 50p per year.

   (c) Junior Members under the age of 16 years, who shall pay half the annual subscription.

   (d) Honorary Members may be elected on a payment of £1.00 per year.

   (e) Life Members residing out of the County to make a single payment of £1.00.

4. The Committee shall consist of the President, Vice-Presidents, Chairman, Ringing Master, Secretary and Treasurer, Report Editor, Librarian. Technical Adviser, Pearson Handbells Trustees, District Chairman (ex-officio), District Secretaries (ex-officio), together with two elected numbers from each District, seven to form a quorum. The Committee will meet a minimum of three times during the year.

0927-6-6286
Ranald Clouston

01-407-8383
(work)

5. The area covered by the Guild shall be divided into Districts, each of which shall have its own Chairman, Ringing Master, Secretary and Committee, who shall be elected at the District Annual Meeting. Each District will elect two representatives to serve on the Guild Committee. The Secretary will:

   (a) Arrange Meetings for practice.

   (b) Arrange for instruction.

   (c) Collect the subscriptions of all members.
   N.B. In each company there shall be chosen a Secretary, or Captain, or Ringing Master, who shall collect all subscriptions, as soon as possible after January 1st and send them to the District Secretary.

   (d) Forward these subscriptions to the General Secretary together with his receipt book and details of any expenditure, at the end of the year for audit.

6. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

7. The Constitution may be amended by a two-thirds majority of the members present at an Annual or Special General Meeting provided that 14 day's notice of the proposed amendment has been sent to all members and provided that nothing herein contained shall authorise any amendment which shall have the effect of the Society ceasing to be a charity in law.

8. In the event of dissolution of the Guild any assets remaining after the satisfaction of all its debts and liabilities shall not be paid to or distributed among the members of the Guild but shall be given or transferred to such other charitable institution or institutions having similar objects to the Guild.

## RULES

1. Subscriptions shall be due in advance on January 1st annually.

2. Any member whose subscription is unpaid on December 31st shall lose his membership. No peal shall be recorded unless the subscriptions of all taking part in it are paid. Lapsed members may be reinstated on payment of 10p in addition to the annual subscription.

3. Should a Ringing Member, having paid five consecutive years subscriptions remove from the Diocese, he may without payment become a Non-Resident Member for such time as he continues to reside outside the Diocese.

4. All Ringing at meetings of the Guild shall be under the direction of a Ringing Master and shall be such as is approved by the Central Council. The decisions of the Central Council shall be recognised in recording any ringing performances.

5. A peal fee of 10p per rope is payable in respect of all peals rung for the Guild. Conductors are responsible for collecting and forwarding them to the General Secretary. No peal will be recorded unless the peal fees have been paid.

6. The Secretary may pay, on request, 2nd class return railway fare, together with a maximum of two night's hotel expenses to such representatives attending the Central Council Meeting, provided that the total indebtedness of the Guild for all representatives does not exceed £20 in any one year.

7. The Committee may remove a member from the Guild for a serious offence against the Objects and Rules, subject to appeal at a General Meeting.

8. The Objects, Constitution and Rules can only be altered by a General Meeting after three month's notice given at a General meeting.

****

The preceeding list of officers and format of the Guild applied up to and including 31st December 1977. From 1st January 1978 the officers and format are as follows:-

President: as in 1977.

Patron: as in 1977.

Vice-Presidents: as in 1977.

Chairman: as in 1977.

Ringing Master: as in 1977.

Secretary: as in 1977.

Treasurer: Alan Smith, Cuclestance, School Lane, Coddenham, Ipswich. Tel: Coddenham 296.

Maintenance Officer: Walter A Perry, "The Willows", Stoke Road, Clare.

Report Editor: Stephen D Pettman, 29, Mill View Close, Woodbridge, Tel: 3023.

Newsletter Editor: Roger P Peters, "Brookfields", Aldecar Lane, Benhall Green, Saxmundham. Tel: Saxmundham 2278.

Representatives, Technical Adviser, Librarian, Handbell Trustees, two representatives from each district and two representatives each from the Recruitment and Training Committee and the Restoration and Maintenance Committee.

Recruitment and Training Committee: Guild Ringing Master and two representatives from each district.

Restoration and Maintenance Committee: Guild Maintenance Officer, Technical Adviser and two representatives from each district.

## OBJECTS

The Guild shall be established for the promotion of ringing for Divine Service and in furtherance of this object:

1. To promote and encourage the practice of bell-ringing.

2. To recruit, train and encourage bell-ringers in the practice of their art.

3. To cultivate the art of scientific change ringing.

4. To promote a proper appreciation of the ringing chamber as a part of God's House; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof, as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of bells and their fittings.

## CONSTITUTION

A. Name

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St. Edmundsbury and Ipswich.

1a. It shall be affiliated to the Central Council of Church Bell Ringers and registered as a Charity at Law. (Reg. No.266869)

1b. The President shall be the Lord Bishop of the Diocese and Vice Presidents shall be elected at the A.G.M. of the Guild.

B. Membership

2. Membership shall consist of the following categories:

   (a) Ringing Members. A person who can ring rounds efficiently on a tower bell.

   (b) Associate Members. A person who wishes to support the Guild.

   (c) Life Honorary Member. A Ringing or Associate Member who has given outstanding service to the Guild.

   (d) Non-resident Life Members. A person who is qualified to be a Ringing Member, or Associate Member but who resides outside the territory of the Guild and who is not a member under either 2a, 2b or 2c.

3. Ringing, and Life Honorary Members only shall have voting rights and be permitted to hold Office in the Guild.

4. Churches within the Diocese may be affiliated to the Guild on payment of an annual donation.

C. Districts

5. There shall be four districts:

   1. North East District consisting of the deaneries of Beccles and South Elmham, Halesworth, Hartismere, Hoxne and Saxmundham.

   2. North West District, consisting of the deaneries of Ixworth, Mildenhall, Stowmarket and Thingoe.

   3. South East District consisting of the deaneries of Bosmere, Colneys, Ipswich, Loes, Samford and Woodbridge.

   4. South West District consisting of the deaneries of Clare, Hadleigh, Lavenham, and Sudbury.

D. Government

6. The Annual General Meeting of the Guild shall be held on the Saturday following Easter or as shall be decided by the Guild Management Committee and shall be the ultimate decision making body of the Guild. It shall elect Guild Officers and set subscriptions and fees for the following year.

7. Members shall be elected to fill the following Offices:

   Chairman: Ringing Master: Secretary: Treasurer: Maintenance Officer: Report Editor: Newsletter Editor: C.C. Representatives: Technical Adviser: Librarian and two Handbell Trustees.

8. In order that the Guild be run efficiently and it's Objects implemented there shall be three Committees established with the following responsibilities:

   (a) The Guild Management Committee which shall co-ordinate all Guild activities; publish a printed Annual Report and audited Accounts and convene Sub-Committees as may from time to time be required, and shall recommend the levels of subscriptions and peal fees and other methods of raising money and shall organise general meetings and social activities.

   (b) Recruitment and Training Committee which shall prepare training programmes for use in the Districts; provide courses for the training of Teachers of ringing and assist Districts in the recruitment of Ringers.

(c) Restoration and Maintenance Committee which shall maintain an up-to-date directory of towers, listing the condition of all Church bells in the Diocese; which shall make recommendations concerning the preservation and use of bells from redundant Churches; which shall advise incumbents and arrange such local restoration and maintenance work as may be necessary.

E. Finance

9. All money in the Guild's General Fund not required for normal working purposes shall be deposited by the Treasurer in such investments as may be directed by the Guild Management Committee.

10. All money in the Restoration Fund and the Jubilee Fund shall be invested by the Treasurer as may be directed by the Guild Management Committee. Grants for restoration work shall be made by the Guild Management Committee. Such grants shall only finally be made following approval of the Guild Ringing Master and Technical Adviser.

10a. One half of the subscriptions of Ringing and Associate Members together with one half of all peal fees shall be transferred annually to the Restoration Fund from the General Fund.

11. All cheques shall bear the signature of the Secretary or the Treasurer but any cheque greater in value than the limit set annually by the Guild Management Committee must have the prior approval of that Committee.

F. Records and Handbells

12. The Report Editor shall record all peals rung for the Guild and quarter peals rung in the Diocese and publish them in the Annual Report.

13. The Librarian shall maintain an up-to-date inventory of publications owned by the Guild.

14. The Handbell Trustees shall maintain the handbells in good condition and shall make such recommendations as may be necessary for the repair of the handbells to the Guild Management Committee.

G. General

15. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

16. The Constitution may be amended by a two-thirds majority of the members present at an Annual of Special General Meeting provided that 14 day's notice of the proposed amendment has been sent to all members and provided that nothing herein contained shall authorise any amendment which shall have the effect of the Society ceasing to be a Charity in Law.

17. In the event of dissolution of the Guild any assets remaining after the satisfaction of all it's debts and liabilities shall not be paid to or distributed among the members of the Guild but shall be given or transferred to such other charitable institution or institutions having similar objects to the Guild.

## RULES

### Guild Rules

A. Election of Members and Subscriptions

1. Ringing and Associate Members may be elected at any meeting by a majority of those present when proposed and seconded. Membership shall be exercised through only one District at a time, being the District under which the member is shown in the Annual Report. Subscriptions are due on election and thereafter in advance on the first day of January each year. Membership shall cease if such subscriptions are not paid within one year of becoming due. The subscription of members elected during or after October shall cover the remainder of that year and the whole of the next year.

2. The subscription rates for members shall be fixed at the Annual General Meeting and unless a change is agreed the existing rate shall continue. Full time Students shall pay not less than half of the full rate and subscription shall be waived for members over the age of 70.

3. Life Honorary Members shall only be elected at an Annual General Meeting and nominations may only be made by the Guild Management Committee or a District. No further subscription is payable after election.

4. Persons who have been Ringing or Associate Members for at least two years may, upon leaving the Diocese, inform their District Secretary that they wish to become Non-resident Members. No subscription is payable during the period of non-residence. A person resident outside the Diocese who wishes to be associated with the Guild may be elected a Non-resident Member as an alternative to Ringing or Associate Membership. A single payment of £1.00 shall be made at the time of election.

5. For the purposes of peal ringing new members may be provisionally elected in the belfry to the appropriate category of membership subject to the confirmation at a business meeting of the appropriate District in the case of a Ringing Member or at a meeting of the Guild Management Committee in the case of a Non-resident Member. If election is not confirmed the subscription shall be refunded.

6. Any member failing to conform to the Objects and Rules of the Guild may be expelled by the Guild Management Committee which shall report the matter to the next Annual General Meeting. Such a member shall forfeit any payment made to the Guild.

7. The Objects, Constitution and Rules can only be altered by a General Meeting after three month's notice given at a Gneral Meeting.

B. Election of Officers

8. All Officers shall retire annually at the Guild's Annual General Meeting but shall be eligible for re-election. Nominations may be made in writing to the Guild Secretary or orally at the Annual General Meeting provided always that they proposed and seconded. If more than one nomination for any Office is received then election shall be by paper ballot, the successful candidate being the one with the highest number of votes. In the event of a tie the Chairman shall have a casting vote. C.C. Representatives shall be elected in accordance with the rules of the Central Council during the second year of the triennium at the A.G.M. of the Guild.

9. The Annual General Meeting shall appoint an Auditor who is not a member of the Guild Management Committee and need not be a member of the Guild.

C. Committee Structure

10. The Guild Management Committee shall consist of:

Vice Presidents, Guild Officers as listed under paragraph 7 of the Constitution, two Representatives from each District and two Representatives from each of the other Committees listed under paragraph 8 of the Constitution. Nine members shall constitute a quorum. This Committee shall meet at least three times per year. The Chairman shall take the Chair at all meetings of the Guild and the Guild Management Committee. In his absence the Chair shall be taken by the Ringing Master or in his absence by a person elected by the meeting.

11. The Recruitment and Training Committee shall consist of the Guild Ringing Master as Convenor and two Representatives from each District.

12. The Restoration and Maintenance Committee shall consist of the Guild Maintenance Officer as Convenor, the Guild Technical Adviser and two Representatives from each District.

13. Each of the above two Committees shall meet at least three times a year. At a meeting which shall be held in January they shall elect their two Representatives on the Guild Management Committee.

14. The Chairman, Master, Secretary, Treasurer and Maintenance Officer shall form the Guild Executive. In the event of a Guild Office being vacated between A.G.M.'s they shall make a temporary appointment until a General Meeting can be convened.

D. Expenses

15. The following expenses shall be paid by the Treasurer out of Guild funds:

(a) The cost of printing the Annual Report and any other publications authorised by the Guild Management Committee.

(b) The expenses of Guild Meetings.

(c) Stationery, postage, telephone, notices of all meetings and other incidental expenses.

(d) Insurance of Guild property.

(e) Central Council fees and reimbursement of Representatives expenses in attending each Council Meeting, not exceeding the second class return rail fare and a subsistence allowance as may be determined by the Guild Management Committee.

E. Peal Records

16. All peals rung for the Guild must conform with the decisions of the Central Council. All those taking part must be members of the Guild.

17. Conductors shall forward the following to the Secretary as soon as possible and not later than 15th January the following year:

(a) The names, addresses and subscriptions of any Non-resident Members elected in the belfry.

(b) The appropriate peal fees.

(c) Compositions for peals of Triples and above.

Money received for items (a) and (b) shall be passed to the Guild Treasurer.

F. Alteration of Rules

18. No alteration or addition shall be made to the Rules of the Guild except as specified in paragraphs 16 and 17 of the Constitution.

District Rules

19. Each District shall hold an Annual General Meeting during the last quarter of the year for the purpose of receiving a report from the District Committee for the previous year, electing Officers and arranging activities for the coming year. Members shall be eligible to vote or stand for Office only in the District through which they exercise membership in accordance with Guild Rule 1.

20. The following Officers shall be elected annually:

Chairman: Ringing Master: Secretary/Treasurer: District Maintenance Officer: Newsletter Correspondent.

The Chairman, Ringing Master, and District Maintenance Officer shall normally represent the District on the Guild Management, Recruitment and Training, and Restoration and Maintenance Committees respectively but substitutes may be permitted. One other Representative to each of the Guild Committees shall be elected. The District Officers and one elected member from each deanery shall form the District Committee. A District may elect additional working Officers at it's discretion to assist the running of the District.

21. The District Secretary/Treasurer shall collect all subscriptions and other monies due and forward them to the Guild Treasurer. A statement of accounts shall be submitted to the Guild Treasurer by 15th January. A directory of tower correspondents, lists of members and ringing times shall be submitted to the Secretary by 15th January.

22. The District Maintenance Officer shall endeavour to arrange for the inspection of every belfry in the District at least once a year and shall report his findings to the Restoration and Maintenance Committee at their January meeting. He shall be available to advise incumbents and shall provide leadership of local working parties where necessary.

23. The District Newsletter Correspondent shall report on District activities for the Guild Newsletter, the Ringing World and the local newspaper.

24. The District Committee shall be responsible for the efficient management of the District's affairs and shall report to the District Annual Meeting on the year's work.

REGULATIONS relating to the PEARSON'S HANDBELLS

1. The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the preceeding borrower.

3. The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of both of the Trustees.

4. The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.

5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6. The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the Committee.

7. The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

## MITSON SHIELD STRIKING COMPETITION RULES

1. The competition shall take place on the third Saturday in May or on any other date as shall be decided by the Committee.

2. All bona fide members of the Guild may compete providing their subscriptions are paid.

3. No member may ring in more than one piece.

4. A band competing as a representative band of a particular tower must have at least four members shown in the Annual Report as members of that tower, or who are bona fide Sunday Service Ringers at that tower.

5. The Mitson Shield can only be held by a band as defined in rule 4 of the Mitson Shield Striking Competition Rules.

6. Each band must have a representative present at the draw, the time of the draw to be advertised in the Ringing World.

7. Two minutes round ringing and stand will be allowed for practice before the test piece.

8. The test piece will be 240 true changes of any recognised Doubles or Minor method. In the event of a team ringing Doubles a cover bell must be used. The length of the test piece may be shortened at the discretion of the Ringing Master in the event of a large entry.

9. A reserve ringer, appointed by the Ringing Master, will be available to teams meeting short, at the discretion of the Ringing Master.

10. Three Judges, appointed by the Committee, will be present. Their decision is final.

11. The Mitson Shield is, and shall always remain, the sole property of the Guild, which may at any time given directions for it's location, safe keeping, etc.

## INDEX AND DIRECTORY OF TOWERS

The following table is used to show the condition of the ring:

10 - Excellent, Ball bearings, modern frame and fittings.
9 - Excellent. Plain bearings, modern frame and fittings or ball bearings in an old frame.
8 - Good going order.
7 - Fair going order.
6 - Poor going order.
5 - Ringable if cleaned up and odd fittings and ropes provided.
4 - Ringable with difficulty and a degree of risk after making odd repairs.
3 - Unringable mainly because of tower and/or frame arrangement and position.
2 - Unringable mainly because of frame and/or fittings.
1 - Hung dead.
0 - Some bells unhung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to hear of any corrections.

Maintenance Work

South East District - EASTON

Alan Leach and his helpers have cleaned out the belfry, tightened up frame and headstock belts and cleaned out the bearings. Two of the bearing covers were broken and required brazing and two new pins were made and fitted.

North East District - RENDHAM

Mr. R. Peters, B. Sedge, J. Powter and others have been instrumental in getting this tower ringable again after 25 years by cleaning the belfry, tightening nuts and belts and lubricating. The culmination of their efforts was the rehanging of the tenor on a new headstock. Apart from making the headstock, a frame had also to be made to support the bell. Five people were involved in the rehanging of the bell and this splendid effort is an example of what can be done.

South West District - STRADISHALL

Mr D Kiddy has made and fitted a set of rope guides about twelve feet from the ground and this has made the handling of these five bells easier.

GREAT THURLOW

Mr W Perry made and fitted a new ash stay to the second bell, re-secured netting over the louvres to keep out the birds, lubricated pulleys and adjusted ropes to limit the garter hole wear.

SUDBURY, ST. PETER

Parts of the clock mechanism which control the four clock faces together with the quarter and hour hammers were removed by W. Perry to facilitate the lowering of the bells. The clock mechanism was replaced afterwards.

## TECHNICAL ADVISER'S REPORT

Jubilee year was a good one for bell restorations; the list includes the Cathedral at Bury St Edmunds, Hadleigh, Stratford St. Mary, and Earl Soham.

At the Cathedral the bells were rededicated and are in regular use even though the restoration of the tower structure is still in hand. The accoustics inside the ringing chamber are not as good as they could be as the trebles are a little difficult to hear, the writer has made proposals to the Department of the Enviroment but these have not yet been implemented. The new clappers in the two tenors broke after some months of use and the same problem arose with the new clappers in the two tenors at St. Mary-le-Tower, Ipswich. All four were dealt with by John Taylor & Co under guarantee.

At Hadleigh the bells were rededicated after being rehung in a new metal frame. The accoustics outside and in are much improved, and the tower structure is now moving as one and only slightly as the bells are rung. As installed the fourth was odd struck and the tenor's lip on one side was too near the metal side frame; these defects were corrected.

At Stratford St Mary the Whitechapel Foundry rehung the six bells in the old frame and the supporting structure was stiffened up. The result is a considerable improvement in the 'go' of the bells and Mr Charles Ablitt and his helpers are to be congratulated on the work they undertook in this restoration.

At Earl Soham though the bells were rededicated there have been a number of problems including the frame support arrangements and two bells hung on the skew in their pits. A sound deadening floor was to be erected when the writer last visited in October.

At Stoke by Nayland your Adviser visited with the church architect and found that the brickwork into which the frame support girders were set is not bonded with the main tower wall behind. This accounted for the movement noted and plans have now been made to bond the girders and the main brickwork together.

At Pakenham we are not allowed to ring due to the state of the tower structure. Your Adviser overhauled the Ellacombe type chiming system for the parish to use in the meantime.

At Sudbury St. Gregory it is hoped to repair the tower in 1978 and the writer inspected the eight bells. All appears in quite reasonable order though the mild steel frame is very rusty. The tenor is being clocked unsafely and he suggested fitting a chiming hammer.

At Lakenheath the six bells remain in quite good order, some minor items of repair were noted for attention.

At Saxmundham there are pits for two trebles, and your Adviser visited to obtain the particulars needed for such bells. Here the north side frame required anchoring to the tower structure.

At Wickham Market the bells have been lowered to the ground for safe keeping while the lower part of the tower is strengthened. This area has been showing severe cracking and signs of distress. When the tower has been dealt with it is hoped to rehang the bells at a lower level in a new frame.

At Sudbury St. Peter the bells have been lowered and 1978 should see them rehung in a new frame and augmented to ten by the Whitechapel Foundry.

Rishangles church became redundant, and as it is intended to allow it to be converted for residential use it was necessary to find a new home for the three 15th Cen Brasyer bells from the Norwich foundry. One thought was to move them to Felixstowe St. John but this was not possible, and a new home has now been found for them as the three tenors to a new ring of six for Newton Flotman just south of Norwich on the main Ipswich road.

At Boxford some restoration work has been done on the outside of the tower but very little inside and the bells remain unringable. Ringing has had to stop at Worlingham and Ipswich St. Clement due to the state of the towers.

At Tattingstone after months of looking the writer did discover an unwanted bell at the Whitechapel Foundry which would have done as a treble to make six. Unfortunately the parish did not take up the option in the time scale requested. The writer measured the change in width of the crack in the west wall of the tower as .001 ins with the bells being rung.

He visited St. Mary-le-Tower Ipswich to investigate the odd struck eleventh bell with a replacement clapper. It was found that the latter was eccentric in the bell.

At Lydgate the derelict five had been at the Loughborough Foundry for a number of years. The three tenors were cracked or badly damaged, the fourth being in two pieces. The two trebles are now to be rehung in the old frame and the broken bells scrapped.

At Kelsale the writer has been in correspondence with the parish and the church architect about getting the eight bells overhauled.

At Wangford the five bells are quite unringable. The frame is mounted on timber props from the first floor and is much older than the present tower of 1875.

At Cretingham your Adviser overhauled and swung each bell in a full circle but the cracked east wall requires attention before regular ringing can be arranged.

At Long Melford he measured the horizontal movement of the top of the timber bell frame relative to the walls with the bells being rung. The maximum reading obtained was 0.080 ins. This reassured the church architect.

So 1977 was a busy year for your Adviser, made rather more so by problems resulting from restorations undertaken by the Loughborough Bell Foundry. He hopes that the reorganisation there will improve the situation in 1978.

State aid for churches in use began to flow at the end of 1977. Many of our Suffolk Towers are exceptional by any standard and they should benefit from this aid over the years.

R W M CLOUSTON

## MAINTENANCE OFFICER'S REPORT

There is a very genuine desire throughout the Guild that we do all we can towards the maintenance of the bells and their fittings, but it often falls upon the dedicated tower keepers in churches that have regular bands and the one or two people in each District who, on behalf of the Guild, try to keep up a measure of care and attention that is urgently needed, often trying to correct several years of neglect. It is incumbent upon us all to do whatever we can to help. The Guild has provided materials; advice is available and all that is required is your help and support for your District Maintenance Officers.

Since the inception of the Guild's maintenance activities some very worthy works have been carried out from the making of the bells in several towers in the Diocese better and easier to ring and handle to getting unringable towers back into reasonable going order. The most recent has been the splend'd work done at Rendham where the bells have been silent for 25 years. £15 worth of materials together with a lot of time and effort by some very dedicated ringers has brought these bells back into action.

This epitomises the concept of what we desire of the Guild's maintenance effort. Your own personal involvement can help the few who have carried out work and make some inroads into the great deal of maintenance than can, and indeed has to, be done.

## TREASURER'S REPORT

This is my last Report as Treasurer - Alan Smith, who rings at Henley, will be taking on the task of keeping an eye on the Guild's finances and I suspect his will be a much more experienced and skilled eye than that which I have been able to offer. I wish him every success in his new appointment.

We ended 1976 in sound financial condition and although the Balances of the Accounts are not so large this year we are still in a reasonable state. Expenses and inflation appear to be catching up on us but we could have had a brighter situation had I received some of the monies due before I had to close the accounts at the end of January 1978. Peal fees have brought in quite a lot more to the General Account and donations for the use of the handbells increased by £21. An Honorarium was paid to R. W. Clouston to help with his petrol costs incurred on our behalf and nearly £11 was spent on printing the draft of the new Constitution and Rules so that each member could have a copy. This year the sum of £261 was transferred to the Restoration Account.

During 1977 the sum of £700 was paid out of the Restoration account - £350 each of the Norman Tower and St. Mary's Hadleigh. This now leaves us with outstanding promises of grants for Worlington (£20), Worlingworth (£75), Earl Soham (£250) and Tattingstone (£100) - a total of £445 with a balance in the account of nearly £1750.

A lot of work has been done by Walter Perry in order to help me publish the accounts of the Maintenance Committee. These figures are the best that we can produce and behind them is a great deal of desirable maintenance work. Although discrepancies of £10.50 are shown it must be remembered that this is on valuation of stock at 1974 prices and the various people who have been doing the work probably did not account for every scrap of material used.

You may have noticed John Blythe's signature as Auditor on this year's Accounts and for stepping in at the last moment and filling the breach I offer him my sincere thanks. Joe Preastner was ill at the end of January and unable to carry out the service which he has so willingly and effectively performed for so many years. We thank him for his work on our behalf and wish him a speedy recovery.

J. L. GIRT

## RINGING MASTER'S REPORT

The ringing exercise at large, and this Guild was no exception, played its full part in the celebration of the Queen's Silver Jubilee. On Jubilee Day the bells of every tower in the Diocese which could be rung sounded forth. Most of us rang in our own area - some travelled many miles to ensure that unmanned towers did not stay silent. Peals and quarter peals throughout the year have been associated with the Royal celebrations.

The peal total has risen to 136 this year, and the footnotes indicate many individual and corporate achievements. Thirteen members rang their first peal: Philip Baker, Lorna Bigg, David Blomfield, Stuart Curl, Clive Dunbavin, Jon Gent, Graham Green, Elizabeth Helliwell, Ivan Ludbrook, Valerie Moore, Alan Smith, John Steed and Helen Stevenson. Other personal milestones included John Mayle's and Walter Perry's 100th., Patricia Bailey's and Peter Mayle's 200th., Ronald Steward's 100th. Suffolk tower for a peal and Leslie Brett's 1000th. peal for the Guild. Our congratulations to you all. Also worthy of particular mention are the two peals, at Stoke-by-Clare and Newmarket, by young bands. We welcome Badwell Ash back to the peal columns after an absence of 47 years!

The A.G.M.at Beccles was well supported, as was the Striking Competition at Great Barton. Grundisburgh were worthy winners of the Mitson Shield. Other occasions we greatly enjoyed included the re-dedications of Earl Soham, the Norman Tower and Hadleigh. Through local fund-raising, Guild grants and self-help we are acting responsibly in maintaining the bells of the Diocese in ringing order: but this is a continuing task, and at no point can we allow our efforts to slacken or our attitudes to become complacent.

Regular ringing for Sunday service, and for local and District practice nights, is being well maintained. Inevitably, some areas are more active than others. Attendance at quarterly District meetings is generally a guide to the enthusiasm of an area. The reorganisation of our District Boundaries and the closer liaison envisaged within Deaneries should strengthen local cooperation. The Recruitment and Training committee is keen to be of assistance with both initial training and the provision of instruction at more advanced levels. To this end we aim to have a whole day course of instruction in the autumn of 1978 - so watch for further details in the Guild Newsletter and the Ringing World.

Finally, my grateful thanks to all those who have organised teaching, service and peal ringing during 1977. Our special thanks for all the time and effort he has given to the Guild go to Howard Egglestone; and our best wishes for the future go to Howard, Margaret and Helen as they move to Newbury.

May our new Guild structure help to invigorate local ringing during the coming year and give us a new awareness of the privileges and responsibilities we enjoy as Church Bell ringers.

LAWRENCE R. PIZZEY

## SECRETARY'S REPORT

Instead of ending my Report by thanking those who have helped me during the past year I would like to begin by so doing because it seemed to me that such thanks placed at the end might appear as an afterthought and this would not be true. Many people, particularly District Officers, have worked hard to help me and the Guild and I am most appreciative of this support. My thanks are extended to them and I would also ask that you, the members, give your Officers the help and support they need and deserve. Special thanks are extended to the Officers of the Central District and in particular Raymond Taylor for the work done during 1977.

This year has been an historic one for the Guild. We have adopted a new Constitution and set of Rules and we have re-organised the Districts into four by splitting the Central District and following the boundaries of the Deaneries as outlined and approved at Lavenham in 1976. In essence we have tried to encourage new members; aligned ourselves with Church boundaries and defined in print many of the 'bits and pieces' of the running of the Guild which have been happening but not written down. In addition we have set up two new Committees - for Recruitment and Training and for Restoration and Maintenance work - so that more people have the opportunity to be actively involved in some of the more essential aspects of our work.

Our Membership has increased only slightly but I suspect this would have been a bigger increase had quite a number of members paid their subscriptions. I wonder how many positively acted upon my request at Beccles to get at least one new member during the year. At Beccles we enjoyed a well attended Annual General Meeting where a new Chairman - Roly Whiting - was elected when George Pipe resigned.

Your Executive Committee have met regularly and I hope that their deliberations, together with those of the Central Council, were conveyed to you by the various people concerned. In addition the regular Guild Newsletter should have reached you three times during the year - there should be one copy per tower.

Other events during the year included the Striking Competition at Great Barton in May, a South East District Car Treasure Hunt (very enjoyable) and a General Meeting in Ipswich which was poorly attended when the new Constitution and Rules were adopted, Alan Smith was elected Guild Treasurer and Walter Perry was elected Maintenance Officer. A unique Guild Social was held at Bramford when Les Brett's achievement of 1000 peals for the Guild was recognised by presenting him with an inscribed bell. We also presented Howard and Margaret Egglestone with a small gift each by way of a 'thank you' for the unceasing and valuable work they have done for us in Suffolk. The Reverend Lawrence Pizzey was married in July and in December he was inducted as Rector of West Stow. Our congratulations and good wishes are extended to both Ann and Lawrence and we hope they are happy in their new life.

On that happy note I will end as I look forward to a year of renewed effort and success for all of us in the Suffolk Guild.

J. L. GIRT

## OBITUARIES

### Eric G. Bennett - Norfolk

Eric hailed from just over the border at East Harling and was an officer of the N.D.A. for many years and a frequent visitor to our meetings. He died at the age of 73, having been a life member of the Guild for over 40 years and rang about 60 peals for the Guild.

### William B. Duncan - Norfolk

Another Norfolkman (just), Billy was connected with Gorleston and Gt. Yarmouth for most of his life. We came to know and love this railwayman during his work as Station Master at Elmswell and then at Darsham and he so enjoyed his ringing amongst us. Bill Duncan was a good striker, especially on eight and liked nothing better than a peal of Double Norwich, well rung. He was 84 and rang many peals for the Guild.

### Walter Crisp - East Bergholt

A ringer for over 40 years, Wally's association with the Art was very special. Although he could ring call changes on tower bells his metier was the unique skill of the 'Bell Cage' where he was captain from 1963 to 1977.

We shall miss his cheery face replete with cap and who can number the thousands from all over the world that must have seen him ring?

### Cornelius J. Gibson - Wenhaston

Jack Gibson was a real northeasterner. If you read Jobson's splendid book: 'North East Suffolk' you will find the likes of Jack in its pages. A delightful companion, good six bell ringer and always pleasent and obliging. It is difficult to imagine the Blythburgh area without him.

He rang over 200 peals, 127 of them with one of our past Chairmen- John Blythe.

### Harry Hall - Framlingham

With his brother John, he was a familiar figure in the Framlingham area, especially between the wars. He rang several peals for the N.D.A. and about 50 for the Guild. Harry liked his pint, his course of Treble Bob and above all ringers' outings!

He had links of course with the late George Symonds when he too lived at Framlingham and indeed with the famous clergyman - composer - the Reverend J. Holme Pilkington. We shall miss the 'bor' Harry keenly.

## Leonard E. Last - Hoxne

Very so often a large gap is left in our Guild, when someone who has contributed to its affairs in the widest possible way passes on. Such a man was Leonard Last, an enthusiastic supporter to the end of his 80 years.

He was an extremely talented man, knowledgeable on Suffolk history, its churches, bells and numerous other subjects. In 1912 he conducted the youngest ever peal, average age 15, at Winfarthing and later took part in many peals, including a 10,000 with the foremost six bell band of their day - Thornham Magna.

He died Hoxne on March 8th. We are grateful too for the unfailing support his wife always gave him.

## Canon Arthur A. Muxlow M.A. - Stowmarket

In the last fifteen years the Suffolk Guild has seen a happy increase in ringing Clergy of which he was one. Fortunately for us and Stowmarket he taught his family as well and great has been their contribution and service in the Diocese, in their town and Deanery and the Guild.

He rang 16 peals for us and gave support to all our activities. We know his family will carry on that tradition.

## Charles J. Pledger - Stoke-by-Clare

Churchwarden, verger and ringer for nearly 60 years, Charles passed away on May 6th. It was a privilege to know this faithful servant of both his church and his village.

Oh for more like him.

## Maurice T. Symonds - Lavenham

The name Symonds is synonymous with Lavenham's noble belfry and 'Morrie' was like his family before him, most loyal to both the local band and the Suffolk Guild, of which he was a founder member.

The Symonds' talents extended to conducting and handbells and their meticulous striking was a hallmark of all that they did.

Lavenham bells would rank as possibly one of the ten most popular for outings in the kingdom and one remembers the unselfish way that Maurice made arrangements and gave visitors such a welcome. He rang 43 peals for the Guild and several for the Ely D.A.

We also remember Mrs. Sybil Knox and any of our members' relatives.

May they rest in peace.

## LIST OF MEMBERS FOR 1977

Abbreviations of Ringing Times:

Su. - Sunday: Mn. - Morning; Ev. - Evening
PN - Practice Night; Alt. - Alternate

Guild Maintenance Officer, Technical Adviser and two representatives from each District

## OBJECTS

The Guild shall be established for the promotion of ringing for Divine Service and in furtherance of this object:

1. To promote and encourage the practice of bell-ringing.
2. To recruit, train and encourage bell-ringers in the practice of their art.
3. To cultivate the art of scientific change ringing.
4. To promote a proper appreciation of the ringing chamber as a part of God's House; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of bells and their fittings.

## CONSTITUTION

A. Name

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St. Edmundsbury and Ipswich.
   (a) It shall be affiliated to the Central Council of Church Bell Ringers and registered as a Charity at Law. (Ref. No. 266869).
   (b) The President shall be the Lord Bishop of the Diocese and Vice-Presidents shall be elected at the A.G.M. of the Guild.

B. Membership

2. Membership shall consist of the following categories:
   (a) Ringing Members. A person who can ring rounds efficiently on a tower bell.
   (b) Associate Members. A person who wishes to support the Guild.
   (c) Life Honorary Member. A Ringing or Associate Member who has given outstanding service to the Guild.
   (d) Non-resident Life Members. A person who is qualified to be a Ringing Member, or Associate Member but who resides outside the territory of the Guild and who is not a member under either 2a, 2b or 2c.
3. Ringing, and Life Honorary Members only shall have voting rights and be permitted to hold Office in the Guild.
4. Churches within the Diocese may be affiliated to the Guild on payment of an annual donation.

C. Districts

5. There shall be four districts:
   1. North East District consisting of the deaneries of Beccles and South Elmham, Halesworth, Hartismere, Hoxne and Saxmundham.
   2. North West District, consisting of the deaneries of Ixworth, Mildenhall, Stowmarket and Thingoe.
   3. South East District consisting of the deaneries of Bosmere, Colneys, Ipswich, Loes, Samford and Woodbridge.
   4. South West District consisting of the deaneries of Clare, Hadleigh, Lavenham and Sudbury.

D. Government

6. The Annual General Meeting of the Guild shall be held on the Saturday following Easter or as shall be decided by the Guild Management Committee and shall be the ultimate decision making body of the Guild. It shall elect Guild Officers and set subscriptions and fees for the following year.

7. Members shall be elected to fill the following Offices:

Chairman: Ringing Master: Secretary: Treasurer: Maintenance Officer: Report Editor: Newsletter Editor: C.C. Representatives: Technical Adviser: Librarian and two Handbell Trustees.

8. In order that the Guild be run efficiently and it's Objects implemented there shall be three Committees established with the following responsibilities:

(a) The Guild Management Committee which shall co-ordinate all Guild activities; publish a printed Annual Report and audited Accounts and convene Sub-Committees as may from time to time be required, and shall recommend the levels of subscriptions and peal fees and other methods of raising money and shall organise general meetings and social activities.

(b) Recruitment and Training Committee which shall prepare training programmes for use in the Districts; provide courses for the training of Teachers of ringing and assist Districts in the recruitment of Ringers.

(c) Restoration and Maintenance Committee which shall maintain an up-to-date directory of towers, listing the condition of all Church bells in the Diocese; which shall make recommendations concerning the preservation and use of bells from redundant Churches; which shall advise incumbents and arrange such local restoration and maintenance work as may be necessary.

E. Finance

9. All money in the Guild's General Fund not required for normal working purposes shall be deposited by the Treasurer in such investments as may be directed by the Guild Management Committee.

10. All money in the Restoration Fund and the Jubilee Fund shall be invested by the Treasurer as may be directed by the Guild Management Committee. Grants for restoration work shall be made by the Guild Management Committee. Such grants shall only finally be made following approval of the Guild Ringing Master and Technical Adviser.

10a. One half of the subscriptions of Ringing and Associate Members together with one half of all peal fees shall be transferred annually to the Restoration Fund from the General Fund.

11. All cheques shall bear the signature of the Secretary or the Treasurer but any cheque greater in value than the limit set annually by the Guild Management Committee must have the prior approval of that Committee.

F. Records and Handbells

12. The Report Editor shall record all peals rung for the Guild and quarter peals rung in the Diocese and publish them in the Annual Report.

13. The Librarian shall maintain an up-to-date inventory of publications owned by the Guild.

14. The Handbell Trustees shall maintain the handbells in good condition and shall make such recommendations as may be necessary for the repair of the handbells to the Guild Management Committee.

G. General

15. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

16. The Constitution may be amended by a two-thirds majority of the members present at an Annual or Special General Meeting provided that 14 day's notice of the proposed amendment has been sent to all members and provided that nothing herein contained shall authorise any amendment which shall have the effect of the Society ceasing to be a Charity in Law.

17. In the event of dissolution of the Guild any assets remaining after the satisfaction of all it's debts and liabilities shall not be paid to or distributed among the members of the Guild but shall be given or transferred to such other charitable institution or institutions having similar objects to the Guild.

## RULES

Guild Rules

A. Election of Members and Subscriptions

1. Ringing and Associate Members may be elected at any meeting by a majority of those present when proposed and seconded. Membership shall be exercised through only one District at a time, being the District under which the member is shown in the Annual Report. Subscriptions are due on election and thereafter in advance on the first day of January each year. Membership shall cease if such subscriptions are not paid within one year of becoming due. The subscription of members elected during or after October shall cover the remainder of that year and the whole of the next year.

2. The subscription rates for members shall be fixed at the Annual General Meeting and unless a change is agreed the existing rate shall continue. Full time Students shall pay not less than half of the full rate and subscription shall be waived for members over the age of 70.

3. Life Honorary Members shall only be elected at an Annual General Meeting and nominations may only be made by the Guild Management Committee or a District. No further subscription is payable after election.

4. Persons who have been Ringing or Associate Members for at least two years may, upon leaving the Diocese, inform their District Secretary that they wish to become Non-resident Members. No subscription is payable during the period of non-residence. A person resident outside the Diocese who wishes to be associated with the Guild may be elected a Non-resident Member as an alternative to Ringing or Associate Membership. A single payment of £1.00 shall be made at the time of election.

5. For the purposes of peal ringing new members may be provisionally elected in the belfry to the appropriate category of membership subject to the confirmation at a business meeting of the appropriate District in the case of a Ringing Member or at a meeting of the Guild Management Committee in the case of a Non-resident Member. If election is not confirmed the subscription shall be refunded.

6. Any member failing to conform to the Objects and Rules of the Guild may be expelled by the Guild Management Committee which shall report the matter to the next Annual General Meeting. Such a member shall forfeit any payment made to the Guild.

7. The Objects, Constitution and Rules can only be altered by a General Meeting after three month's notice given at a General Meeting.

B. Election of Officers

8. All Officers shall retire annually at the Guild's Annual General Meeting but shall be eligible for re-election. Nominations may be made in writing to the Guild Secretary or orally at the Annual General Meeting provided always that they are proposed and seconded. If more than one nomination for any Office is received then election shall be by paper ballot, the successful candidate being the one with the highest number of votes. In the event of a tie the Chairman shall have a casting vote. C.C. Representatives shall be elected in accordance with the rules of the Central Council during the second year of the triennium at the A.G.M. of the Guild.

9. The Annual General Meeting shall appoint an Auditor who is not a member of the Guild Management Committee and need not be a member of the Guild.

C. Committee Structure

10. The Guild Management Committee shall consist of:

Vice-Presidents, Guild Officers as listed under paragraph 7 of the Constitution, two Representatives from each District and two Representatives from each of the other Committees listed under paragraph 8 of the Constitution. Nine members shall constitute a quorum. This Committee shall meet at least three times per year. The Chairman shall take the Chair at all meetings of the Guild and the Guild Management Committee. In his absence the Chair shall be taken by the Ringing Master or in his absence by a person elected by the meeting.

11. The Recruitment and Training Committee shall consist of the Guild Ringing Master as Convenor and two Representatives from each District.

12. The Restoration and Maintenance Committee shall consist of the Guild Maintenance Officer as Convenor, the Guild Technical Adviser and two Representatives from each District.

13. Each of the above two Committees shall meet at least three times a year. At a meeting which shall be held in January they shall elect their two Representatives on the Guild Management Committee.

14. The Chairman, Master, Secretary, Treasurer and Maintenance Officer shall form the Guild Executive. In the event of a Guild Office being vacated between A.G.M.'s they shall make a temporary appointment until a General Meeting can be convened.

D. Expenses

15. The following expenses shall be paid by the Treasurer out of Guild funds:

(a) The cost of printing the Annual Report and any other publications authorised by the Guild Management Committee.

(b) The expenses of Guild Meetings.

(c) Stationery, postage, telephone, notices of all meetings and other incidental expenses.

(d) Insurance of Guild property.

(e) Central Council fees and reimbursement of Representatives expenses in attending each Council Meeting, not exceeding the second class return rail fare and a subsistence allowance as may be determined by the Guild Management Committee.

E. Peal Records

16. All peals rung for the Guild must conform with the decisions of the Central Council. All those taking part must be members of the Guild.

17. Conductors shall forward the following to the Secretary as soon as possible and not later than 15th January the following year:

(a) The names, addresses and subscriptions of any Non-resident Members elected in the belfry.

(b) The appropriate peal fees.

(c) Compositions for peals of Triples and above.

Money received for items (a) and (b) shall be passed to the Guild Treasurer.

F. Alteration of Rules

18. No alteration or addition shall be made to the Rules of the Guild except as specified in paragraphs 16 and 17 of the Constitution.

District Rules

19. Each District shall hold an Annual General Meeting during the last quarter of the year for the purpose of receiving a report from the District Committee for the previous year, electing Officers and arranging activities for the coming year. Members shall be eligible to vote or stand for Office only in the District through which they exercise membership in accordance with Guild Rule 1.

20. The Following Officers shall be elected annually:

Chairman: Ringing Master: Secretary/Treasurer: District Maintenance Officer: Newsletter Correspondent.

The Chairman, Ringing Master, and District Maintenance Officer shall normally represent the District on the Guild Management, Recruitment and Training, and Restoration and Maintenance Committees respectively but substitutes may be permitted. One other Representative to each of the Guild Committees shall be elected. The District Officers and one elected member from each deanery shall form the District Committee. A District may elect additional working Officers at it's discretion to assist the running of the District.

21. The District Secretary/Treasurer shall collect all subscriptions and other monies due and forward them to the Guild Treasurer. A statement of accounts shall be submitted to the Guild Treasurer by 15th January. A directory of tower correspondents, lists of members and ringing times shall be submitted to the Secretary by 15th January.

22. The District Maintenance Officer shall endeavour to arrange for the inspection of every belfry in the District at least once a year and shall report his findings to the Restoration and Maintenance Committee at their January meeting. He shall be available to advise incumbents and shall provide leadership of local working parties where necessary.

23. The District Newsletter Correspondent shall report on District activites for the Guild Newsletter, the Ringing World and the local newspaper.

24. The District Committee shall be responsible for the efficient management of the District's affairs and shall report to the District Annual Meeting on the year's work.

## REGULATIONS relating to the PEARSON'S HANDBELLS

1. The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the preceeding borrower.

3. The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of both of the Trustees.

4. The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.

5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6. The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the Committee.

7. The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

## MITSON SHIELD STRIKING COMPETITION RULES

1. The competition shall take place on the third Saturday in May or on any other date as shall be decided by the Committee.

2. All bona fide members of the Guild may compete providing their subscriptions are paid.

3. No member may ring in more than one piece.

4. A band competing as a representative band of a particular tower must have at least four members shown in the Annual Report as members of that tower, or who are bona fide Sunday Service Ringers at that tower.

5. The Mitson Shield can only be held by a band as defined in rule 4 of the Mitson Shield Striking Competition Rules.

6. Each band must have a representative present at the draw, the time of the draw to be advertised in the Ringing World.

7. Two minutes round ringing and stand will be allowed for practice before the test piece.

8. The test piece will be 240 true changes of any recognised Doubles or Minor method. In the event of a team ringing Doubles a cover bell must be used. The length of the test piece may be shortened at the discretion of the Ringing Master in the event of a large entry.

9. A reserve ringer, appointed by the Ringing Master, will be available to teams short, at the discretion of the Ringing Master.

10. Three Judges, appointed by the Committee, will be present. Their decision is final.

11. The Mitson Shield is, and shall always remain, the sole property of the Guild, which may at any time given directions for it's location, safe keeping, etc.

## INDEX AND DIRECTORY OF TOWERS

The following table is used to show the condition of the ring:

10 - Excellent, Ball bearings, modern frame and fittings.
9 - Excellent, Plain bearings, modern frame and fittings - or ball bearings in an old frame.
8 - Good going order.
7 - Fair going order.
6 - Poor going order.
5 - Ringable if cleaned up and odd fittings and ropes provided.
4 - Ringable with difficulty and a degree of risk after making odd repairs.
3 - Unringable mainly because of tower and/or frame arrangement and position.
2 - Unringable mainly because of frame and/or fittings.
1 - Hung dead.
0 - Some bells ungung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to hear of any corrections.

## TREASURER'S REPORT

This is the first set of accounts I have presented to the Guild and I would like to start off by thanking John Girt and the District Secretaries for their assistance during the year.

You will no doubt have noticed that the accounts are in a somewhat different format from previous years and are more voluminous. Part of the difference is the inclusion of the preceding year's figures to facilitate comparisons, but the major difference is the change from Receipts and Payments to an Income and Expenditure basis. Receipts and Payments is basically a cash basis and it has proved necessary in previous years to adjust the accounting period to ensure that the majority of the income relating to a particular year is included in that year's accounts. With an Income and Expenditure system of accounts it is possible to close the accounts down on a set date (e.g. 31st December) and make provision for all known commitments and expected income. The major expenditure of the Guild has always been the printing of the Annual Report and accounts kept on a cash basis (Receipts of Payments) are distorted because the income which generates the need for the Report occurs in one year (e.g. Subscriptions and Peal Fees) whilst the expenditure on the Report occurs in the following year.

The striking feature of this year's accounts is the special fund raising events which have raised over £443; £271 for the restoration fund and £172 for the General Fund. Our sincere thanks are due to Pat Bailey and her helpers in the North East and to the South East District Committee.

The need for the increase in subscriptions, which came into force on 1st January 1979 (and are of course not yet reflected in these accounts), is evident. The General Account again made a sizeable deficit of £84 before the inclusion of the special fund raising activities. It is to be hoped that the doubling of the subscription rates will enable this basic deficit to be transformed into a surplus and the accumulated deficit to be wiped out. The Guild's aim over the next two or three years should be to accumulate a moderate surplus to cover such items as the bulk purchase of Guild badges without recourse to borrowing from the Restoration Fund.

The Restoration Fund is quite healthy and will be assisted in 1979 by the increased subscription rates. During 1978 two grants were cancelled because the projects for which they were originally approved were not going ahead and the amounts involved were not realistic in the current situation. The only note of caution on this Fund is that no new applications for grant were received during 1978.

The Jubilee Fund continued to accumulate interest but the purchasing power represented by the original bequest continues to depreciate in real terms.

The D.I.Y. Maintenance Account in no way represents a picture of the Do It Yourself work that has been going on in the Guild but merely reflects that none of the Guild's stock of materials has been used this year.

The Consolidated Balance Sheet brings together the individual Fund balance sheets. It will be noted that the majority of the Guild's surplus funds are now invested with the Central Board of Finance of the Church of England on seven day deposit, these deposits are currently yielding 11.3% (for the quarter ending February 1979).

The other assets of the Guild which are not formally listed in the accounts are the sets of handbells, which are held by the Guild on trust and are currently insured for £2,200, the Mitson Shield etc., the Guild Library, and the stock of badges and certificates which at 31st December were:-

| | 1977 | 1978 |
|---|---|---|
| Badges | 180 | 124 |
| Certificates | 364 | 357 |

Included with this annual report are covenant forms and explanatory notes thereon. I do hope that you will read these carefully and complete the covenants (if appropriate) as the extra income could make a significant difference to both the General Fund and the Restoration Fund.

Alan R. Smith I.P.F.A.,
Honorary Treasurer,
22nd March 1979

William Barnes,
Honorary Auditor,
30th March 1979.

## SECRETARY'S REPORT

One of the suggestions advanced after the lengthy A.G.M. at horringer last year was that the Reports given to the meeting should not be the lengthy verbal additions to that already published. It is sometimes difficult to avoid this situation since something of the order of three months elapses between the writing of the written Report and theAnnual Meeting. However, I will endeavour to curtail my speaking at the meeting and also be reasonably brief in this written record of the year.

A great deal of hard work has been done by District Officers as is obvious by the response obtained at District Meetings. It is encouraging to see people attending and willing to take on the work of the Guild. Your District Officers are offered my very appreciative thanks for what they have done during 1978. We must not forget the work done outside the confines of the District organisation by the Recruitment and Training and Restoration and Maintenance Committees, both of which have made a significant start. To all these people and everyone in the Guild I also offer my thanks for their help and co-operation.

It is difficult to compare membership figures with those of previous years because of the different membership grades now in operation. Overall we have passed the five hundred mark and have increased in size by about five per cent. We really ought to be able to show a more significant growth than that! It is encouraging to see that nearly one fifth of our members are Junior members - surely it must be our aim to recruit and train more young people to enable a thriving Guild to exist in the years to come.

Regular meetings of the various Committees of the Guild have been held with fairly good attendance over the year. The Central Council meeting was attended by all representatives at the start of a new Triennium when some interesting ideas on Restoration Funds were discussed at the open meeting.

The Striking Competition this year was held at Bredfield where again a well attended event was enjoyed by all in the warm spring sunshine. The South East District held an open day in July when large numbers of members and visitors spent the day 'grabbing' as many towers as possible. Perhaps the most significant event was the opening of the ten bells at St. Peter's, Sudbury. This event saw the end of the massive amount of work which was led by Leslie Mills who, with help from others and the support of the Friends of St. Peter's and the Guild, achieved what at one time could have been regarded as almost impossible. The Guild Social, 'under new management', had to move to Hintlesham because the usual venue was not available but this did not curtain either the support or the enjoyment of those members and friends who made the journey.

Last, but not least, our congratulations to Ann and Lawrence on the birth of their daughter, to Sally and Alan Munnings on the birth of their son, and to Mary and Alan Baker on their marriage.

Let us enter 1979 with added enthusiasm to recruit new members and consolidate the good work done in 1978. There is always something of use which every one of us can do to further the aims and objects of our Guild.

JOHN L. GIRT

## TECHNICAL ADVISER'S REPORT

Without doubt the great event of 1978 was the rededication of the augmented ring at St. Peter's Sudbury. The old eight with two new trebles had been hung with new fittings in a new metal H type frame of box girder construction just above the clock and a stage lower than formerly. The new bells and the frame and fittings were supplied by the Whitechapel Foundry, and Leslie Mills and his helpers did virtually all the erection work. This was a major task, and they are to be congratulated on a difficult job successfully accomplished. Work remains to be done coupling the clock to the external dials and fixing up the clock chime hammers and wires, and until this has been done it will not be sensible to do much to reduce the sound level in the ringing chamber where the bells are rather too loud. Otherwise the result is very satisfactory.

At St. Gregory's Sudbury the tower repairs are almost complete and it is hoped to have all eight bells ringing again early in 1979. Tower repairs have also been completed at Ipswich St. Clement and Yoxford, but Bramfield, Tunstall and Sproughton towers are now unfit for change ringing.

Clappers in the larger bells at the Cathedral, Ipswich St. Mary-le-Tower and Hadleigh have given trouble during the year. Those in the two larger bells at the Cathedral have been changed for new ones in spheroidal graphite cast iron as now used by both foundries with satisfactory results, and the other towers have been advised to do likewise.

St. Mary's Woodbridge tower rocks appreciably N-S due to the sixth and seventh which were roped on opposite sides of the wheels. Readings taken by the Whitechapel Foundry with their seismograph confirmed that an improvement would be obtained if the roping of the sixth was changed to the other side of the wheel and the writer understands this has been done.

At Stansfield your Adviser inspected the five bells cast at the Whitechapel Foundry in 1896 and hung in a new frame with new fittings at that time. Pigeons have made a serious mess in the bell chamber, the tower roof leaks and there are severe vertical cracks in the north and south tower walls. He advised action to stop further deterioration and keeping the bells in a ringable state for the time when the tower has been repaired. His view is that ringing the bells in changes now would be unwise due to the tower weakness.

At Horringer the writer found that excessive looseness in some of the joints of the two tier timber frame was causing four of the middle bells to be difficult to ring, and he recommended action to stiffen the frame to reduce this movement and this work has been carried out. In the longer term the bells do need rehanging in a new frame of different design with new fittings as the seventh is cracked in the crown, some of the bells are badly worn by the clappers, the present frame design is too weak, and the tower is cracked on the north and south sides by the roof.

At Mendlesham your Adviser re-inspected the bells after they had not been rung for some time. He found the equipment much as it had been in 1963 when he inspected and in 1965 when the treble was added. Certain maintenance work was needed but none of the bells appeared cracked, and in his view all could be rung in changes when required.

At Stoke-by-Nayland the writer visited to inspect the reinforced concrete girdle round the tower walls just below the frame support joists and found the frame now firmly secured to the girdle and the latter holding all four corners of the tower rigidly together.

At Baylham the writer re-inspected the bells after 20 years. Alas the very poor lead roof was still not repaired, and though a new frame support beam had been inserted by the east wall, the beam under the two tenors shows evidence of death watch beetle attack and requires treating. He recommended some maintenance work to keep the bells in a ringable state, but the outlook is bleak if the leaking roof is not dealt with.

At West Stow the tower roof leaks badly over the tenor and one side frame is appreciably weakened. The vertical tie rods through the frame and support beams have nuts on their lower ends and these are only accessible with a long ladder in the clock room. The writer did his best to tighten as many of these as he could reach. As he said in his 1972 report these should be reversed and have their nuts on their upper ends.

At Hessett the writer re-inspected the five bells after a period when change ringing had not been permitted. This had resulted from a bell founder finding the tenor very loose in the headstock in 1970, this did not apply in 1978 when the bells were rung again. The Ellacombe chiming hammers were in a poor state and striking some of the bells by the lips and that on the third fouled the slider when in the fully lowered position. The writer has in hand adjustments to remedy this situation to permit the bells to be rung in changes or chimed from the manual when required. With the second and third bells cracked in the crown and a flexible frame the ring is not in good order.

At Stradishall the work recommended in his report of 1960 had only been partly dealt with, and five of the main bearings were loose in the frame and the latter was found to be distorting horizontally and vertically due to no bolts or tie rods securing it to the support beams. The side frame for the treble by the west wall was found to be shifting horizontally a little over $\frac{1}{2}$ inch. The writer has revised his recommendations and will visit again as the work proceeds.

At Offton the five bells were augmented to six and hung in a new H type metal frame with new fittings in 1959. Your Adviser visited to examine the possibilities of hanging two trebles to make eight; there is plenty of headroom above the present frame and in his view the scheme is quite practicable.

At Woodbridge St. John it will be remembered that the former spire had to be taken down due to becoming unsafe. Below is quite a large but low brick tower with at present a single bell of 1897 hung dead. The brickwork in the bellchamber is cracked in two areas, probably due to the former spire, but the writer feels that the tower would be very suitable for a light ring of six with a tenor of about 3 cwt.

Mickfield church has been declared redundant and has now been put on the market for sale as a private dwelling. There are three bells; treble by Thomas Mears II 1816, second by Miles Graye I 1626, and a badly cracked tenor with a chunk out of the lip by Thomas Gardiner of Sudbury 1716. If the sale goes through we may have to find homes for the second and if possible the treble; unfortunately the bells are on the thin side. The details are 27 3/4 and 28 5/8 ins. diameter, 1 15/16 and 1 7/8 ins. soundbow thickness, 1125 and 1055 Hz, C sharp and C natural.

We are still looking for a suitable treble to make six for Tattingstone. The project for a ringers' gallery had a false start in the faculty application stage but the writer now hopes that the idea is approved by the authorities leaving some access details to be agreed with the church architect. The main problem is to minimise the loss of light from the west window of the tower brightening the west end of the nave.

At Earl Soham the bells remain far too loud in the ringing chamber due to lack of a dead space, and our promised grant remains unpaid. It is hoped that this matter will soon be resolved.

During 1978 your Adviser wrote for the Council for Places of Worship what appears to be the first bell inspection manual. A copy is lodged in our library.

R. W. M. CLOUSTON

## MAINTENANCE OFFICER'S REPORT

Last year has shown us a wider variety of works from the most routine simple job to installing a ten bell ring, which despite the vast difference was mainly confined to a few dedicated people. People like Les. Mills who organised the whole effort of getting St. Peter's, Sudbury a ten bell ring. His efforts with the support of his wife have amounted to a full time job. There are others who have spent almost three out of every four Saturdays in different towers, including the odd evening as and when needed.

We are only nibbling at a very large amount of work which needs your own individual involvement. I am unable to arrange a maintenance week, but if the more active members of our Guild spent two Saturdays visiting and keeping a weather eye on unmanned towers, attend to any small job, and if there is anything that requires urgent attention let the P.C.C. or incumbent know of the Church concerned. Please advise R.W.M. Clouston, your District Maintenance Officer, or myself, then we might be able to get things put right. An example is a tower which birds have gained access and have left a vast amount of rubbish, then perhaps the roof may leak onto this, the result is devastating to wooden frames and flooring.

At Horringer B. Wells, C. Nunn, F. Potter, C. Longridge and Susan Sargeant have completed the works recommended by our Technical Adviser's report. This involved fitting in a 6 ft. R.S.J. to help support the frame and involved removing and refixing the flooring, tighten up and clean up frame and fittings. The top tier of the bell frame has been made more stable. The tenor clapper bolt has been repaired and the clock hammer action has been improved. New stays have been fitted at Clare and Poslingford. Our thanks to T. Bailey and his friends who got Baylham into a more ringable condition.

St. Peter's, Sudbury - thanks and appreciation to our friends from Hobal Engineering who did so much work in lifting the bells and frame. Particular mention of the district members who rallied round and "humped" the steel frame into the Church, also to Archie Fitch who was one of our most regular helpers.

St. Gregory's, Sudbury -by the time this report is out we will have had the re-dedication of the tower and bells on 15th March. The host of district members who cleared the tower of rubbish, and at the time of writing am hopeful they will return to paint the frame. A. Fitch, W. Girling and W. Perry have cleaned down. It has been very satisfying at St. Gregory's, whose P.C.C. arranged and paid the accident insurance cover for the whole of the Guild's maintenance team for 1978/79. They also have given me a free hand to get whatever materials I require on account, for St. Gregory's. This measure of co-operation and the help my district have given me shows that things can get done. We just need some help.

I have outstanding work at Stansfield, Bessett, Stradishall, Hepworth, Great Ashfield, Mendlesham, etc. etc., - your help is needed.

My thanks to retiring district maintenance officers and welcome to their replacements.

## RINGING MASTER'S REPORT

The re-organisation of the Guild into four districts, designed to coincide with ecclesiastical deanery boundaries, took place very smoothly at the beginning of the year and District Officers are to be congratulated on the way in which they have worked to make the new areas feel united. It is interesting to note that three of the four Districts have plans for their own Striking Competitions in 1979; from 16 years experience of the Guild competition we know that these occasions combine a right sense of striving to improve in our Art with a real sense of fellowship amongst those attending.

As a Guild we rang together on four routes of towers leading to Bury St. Edmunds on A.G.M. day. The Guild Striking Competition was held at Bredfield (the venue 15 years earlier for the first such occasion). The team representing Saxmundham Deanery had least faults; the Ritson Shield, for the highest placed band representing one tower, was awarded to Beccles.

Ringers from all over the county journeyed to Sudbury in October for the rededication of St. Peter's bells. Leslie Mills' enthusiasm and dedication, in fund-raising and organising work in the tower (including the actual rehanging), has given us a fine and much-needed peal of ten in the S.W. District. St. Peter's is unique amongs our Suffolk peals in that the building is redundant as a church - though being fully used as a centre for the local community - and the authority and responsibility for the bells (which normally devolve upon an incumbent) has been given to the Guild. Local ringers and Guild Officers are now experiencing the conflicts of opinion and interest, from ringers and the general public, which individual clergymen have borne for years.

Peal ringing activity (which some thought would decline after Jubilee Year) has increased slightly, 142 peals being successfully concluded. During the year Cecil W. Pipe rang his thousandth peal - a fine achievement for anyone. This thousand has not been rung in a young man's burst of enthusiasm, but crowns a lifetime's love of ringing. Other noteworthy personal achievements during 1978 included 500th peals rung by Ernest Pearce and Stephen Pettman and the 400th peal of Ron Steward. Amongst tower statistics we note the 200th peal was rung on Framsden bells and the 100th at Ufford; the first peal was scored on the restored ring at the Norman Tower; and Baylham and Rendham return to the peal towers list after absences of over 40 years!

We congratulate David Coleman, Christina Cooper, Simon Girt, Michael Hayes, Susan Sargeant, Timothy Taylor and Martin Woods on ringing their first peal; Janice Baldry (nee Langley), Richard Knight and Ivan Ludbrook on their first peal as conductor and Christine Hayes on her first handbell peal as conductor.

We are pleased to draw attention to the fact that more peals are being rung on higher numbers of bells and in more intricate methods - in other words peal ringers are setting their sights higher. I hope that, with increased opportunities at Ipswich, Bury St. Edmunds and Sudbury for regular practice on easygoing higher numbers of bells, these trends will continue; and that they are an indication that the quantity and quality of Sunday service ringing is being not simply maintained, but increased. As a Guild we must keep in mind that our prime aim is the promotion of ringing to summon people to the worship of Almighty God. All personal aspirations and achievements in ringing should be secondary to our corporate effort to fulfil this aim.

The Recruitment and Training Committee, encouraged by the attendance and enthusiasm for last October's day course of instruction, will be organising a further day's course in 1979. we hope that tower captains and ringing masters will encourage ringers in their are to make use of this instruction day.

In concluding my 1978 report, I express very warm thanks to those who have been responsible for leadership in ringing at tower, Deanery and District levels during the last year. For 1979, let our aim be ever upward.

LAWRENCE R. PIZZEY

## OBITUARIES

### James R. Bailey & Arthur E. Cook - Rickinghall

Two life long friends died within a few weeks of each other, aged 79 and 75 respectively and have left the Northern part of our Diocese the poorer. These Christian gentlemen were mainly six bell ringers, enjoyed good striking and loved their outings and their meetings. Arthur served as District Secretary for some years.

### Frederick E. Dunnett - Harkstead

A real character of the Orwell estuary - Fred. with his thick beard, pipe, heavy belt and his "dawg" Jake; a familiar sight laying nets from his boat on the river or walking in Harkstead village. He loved his ringing and his church and we shall miss him.

### Arthur Gillingham - Ipswich St. Margaret

A member up to the outbreak of World War II he was one of three ringing brothers who all rang at two or three Ipswich churches. Arthur died in the Spring aged 80.

### Harry Hollocks - Preston

Another well known six bell ringer in West Suffolk - one of the noted Surprise Minor band at St. Mary's and of course keeping company with the Lavenham tower nearby.

### Harry King - Ixworth

A stalwart of the old Ixworth company, for years a small group that kept the Art alive in an area that really saw its heyday in the 1800's. Harry came from a ringing family and was a founder member of the Guild (1923).

### Leslie Nice - Rougham

Rougham tower suffered a second severe blow in the loss of this gentleman, so soon after Mr. Rolfe. Sunday service ringing was his calling and pleased and proud he was to do it for many a long year.

## Arthur Rolfe - Rougham & Bury St. Edmunds

At the time of his passing Arthur at 90 was our senior member, learning to ring at Chevington eighty years ago. He will be remembered as not only a devoted member of his church and Guild but a kindly and generous man; both to his neighbours and towards the furtherance of the Art. He rang 14 peals for the Guild, but liked nothing better than his touch of Stedman Triples.

Through his friend Leslie Wright he gave the treble to make Hartest into a ring of six.

## John Frederick Tillett - Ipswich St. Mary-le-Tower

Ben Tillett as he was known, to distinguish him from his illustrious father Frederick John and his uncle Frederick William, was also a founder member of the Guild, joining the St. Clement's company first. Those were the days when entry into the St. Mary-le-Tower Society, then nearing its 12-bell supremacy in the land, was hard earned. He rang 56 peals for us, many of them the firsts ever rung on twelve.

Ben was rightly proud of his daughter Phyllis, who in the early thirties was a leading lady ringer. Like his father too he was an immensely strong man and liked his pint and his pigeons.

## Arthur R. Woodard - Stowmarket

One of two very capable brothers (Claude died tragically in 1967), Roy passed away at the age of 71. Up to the war he was a very enthusiastic service and peal ringer, and rang many at Stowmarket, Stonham Aspal and district with Harry Lister and Garnham Blaxcell's band.

We also remember any ringers relatives who have died during the past year and the families of the above.

May they rest in peace.

## LIST OF MEMBERS FOR 1978

Abbreviations of Ringing Times:

Su. - Sunday: Mn. - Morning: Ev. - Evening
PN - Practice Night: Alt. - Alternate

## INDEX AND DIRECTORY OF TOWERS

The following table is used to show the condition of the ring:

10 — Excellent, Ball bearings, modern frame and fittings.
9 — Excellent, Plain bearings, modern frame and fittings — or ball bearings in an old frame.
8 — Good going order.
7 — Fair going order.
6 — Poor going order.
5 — Ringable if cleaned up and odd fittings and ropes provided.
4 — Ringable with difficulty and a degree of risk after making odd repairs.
3 — Unringable mainly because of tower and/or frame arrangement and position.
2 — Unringable mainly because of frame and/or fittings.
1 — Hung dead.
0 — Some bells unhung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to hear of any corrections.

Key to Districts: 1 — N.E., 2 — S.E., 3 — N.W., 4 — S.W.

William Barnes
Honorary Auditor

## TREASURER'S REPORT

This years accounts reflect the effects of the 100% increase in subscriptions approved at the Annual General Meeting in April 1978, and as a result the General Account is almost in balance. However provision has had to be made for an "extraordinary item" - the underprovision in the 1978 Accounts for the cost of printing etc of the 1978 Report. A sum of £220 was provided in the 1978 Accounts in respect of this item based upon quotations received at the end of 1977, however, when the report was finally presented to the printer in the Summer of 1978 his quotation had increased as a result of inflation, the increased size of the report and problems with the reproduction. The net underprovision amounted to some £96 and if it had been included in the 1978 Accounts the deficit for that year would have been £180.

It was hoped that the increased subscription levels would generate significant surpluses to enable the accumulated deficit (now standing at £205) to be eliminated; this has not happened and in these inflationary times further increases are required merely to keep the general account in balance.

## RINGING MASTER'S REPORT

1979 has been a year of quiet progress throughout the Guild. On the face of it, there has been little to observe – and anyone who gauges a Guild's achievement solely by the number of peals rung would think that this year was one of retrogression. I know from visits to meetings and towers, and from comments made by individual ringers, that there has been a great deal of activity – largely at parish level – amongst Suffolk bellringers. A Flower and Bellringing weekend at Blythburgh, and a one-day exhibition about ringing at Sudbury, only just managed a brief mention in the local press: and neither the press nor local broadcasting services have time to give to reporting more personal, but just as significant, achievements by our members.

An analysis of this year's 84 peals shows that during 1979 eighteen members rang their first peal. Our congratulations to them:– Mary Allum, Robin D. Allum, Sarah Burns, Sandra L. Crick, Christopher B. Edmunds, G. James Gardiner, Karin Lynn, Barry Mansfield, Kenneth W. Mulley, Gerald J. Nason, David Noy, Pauline J. Pearson, Anthony D. Petter, Daniel R. Riddleston, Tim Shaw, Janet E. Stevenson, Timothy Thompson and Ralph E. Wright. Particular mention must be made of the Blythburgh peal by six first-pealers from Laxfield, and of the Polstead peal with four local first-pealers in the band. Well done! The ranks of the conductors were swelled this year by newcomers Michael Baldry, Robin Allum and Roger Peters, and we hope to see their names recurring frequently. Harry Archer rang his 100th peal during the year, and Roger Peters his 200th; Mrs. Patricia Bailey, having now rung 250 peals, became the first lady member to peal 100 Suffolk towers; and the first ever peal was rung at Tattingstone. Peal footnotes show that a large number of people progressed to peals on higher numbers of bells, and of greater intricacy of method.

The indication of increased achievement gleaned from peal footnotes is backed up by the regular practice-night progess that has been made both by individuals and by whole bands; by monthly District practice meetings being an accepted and regular feature of the calendar, where a few years ago they were unusual; and by each District holding its own Striking Competition and social event.

The Guild occasions worthy of note are three. The A.G.M. meeting was at Ipswich, ringing taking place along three routes of towers into the town. It was good to see members who are not used to 12-bell ringing having a pull at St. Mary-le-Tower on A.G.M. day; and it should be noted that the number of members with experience on 12 is gradually increasing. The Striking Competition was held at Kersey, and we welcomed back Howard Egglestone as our judge for the day. The Mitson Shield was awarded to Lavenham.

A second Guild Training Day was held in the Stowmarket area. Theory and practice sessions on Plain Bob, Treble Bob and Stedman occupied the morning and afternoon, and after tea instruction was given in ropesplicing. My grateful thanks to all members of the Recruitment and Training Committee for their work in organising and running this very worthwhile day. By popular request there will be another Training Day in October 1980: the variety of topics covered will again ensure that *anyone* can derive some benefit from attending.

I trust that the progress we have made as individuals and as a Guild during 1979 will continue, increasingly, in the 1980's.

*Lawrence R. Pizzey.*

## SECRETARY'S REPORT

The first and most important event of any year in the Guild Calendar is the Annual Meeting. This year it was held in Ipswich and, at the request of the previous A.G.M., a new format was tried with the business being conducted following an earlier Service and before the tea. A disappointingly small number attended what should be the highlight of the year's activities and no one reason can be discovered for the lack of support. Perhaps we shall see better times at Sudbury in 1980. Could it be that members are not really interested in the running and organisation of the Guild? I hope not because to be organised as a Guild, as we are, is of benefit to each and every one of us.

Penzance was the venue for the Central Council meeting and in spite of the very long journey all your representatives attended, the Secretary being co-opted on to the Public Relations Committee of the Council. At Guild level the Management Committee has met regularly and been well attended. The Recruitment and Training Committee has also met regularly and organised a very useful and interesting instruction day in October. Unfortunately there has been little or no activity from the Maintenance Committee – very disappointing.

Another sunny Saturday in May heralded the Striking Competition at Kersey when we were able to briefly welcome back Howard Egglestone as judge. The S.E. District fund raising event for Guild funds was very poorly supported and the Social, again held at Hintlesham in December, showed a decline in attendance.

Membership totals have fallen during the year – reference to the figures elsewhere in the Report will disclose the details – to add another disappointing aspect to the year's work but it is pleasing to note the increase in Junior members. Please do not let them become disillusioned, rather do all you can to encourage them in their efforts.

I would again like to express my thanks to all of you who have worked in various ways for the Guild. The support and help which I have received from Guild and District Officers as well as members is most gratifying and without it my job would be very difficult indeed. On behalf of my family I would also like to thank everyone for the genuine welcome we have received at various events and District meetings.

Finally, let us give some thought to the previous year with its problems and try to resolve them so that we may go forward, not only in 1980, but in the years ahead as a strong and resolute Guild determined to recruit and teach more members so that our Art may flourish and our work for the Church may prosper.

*John L. Girt.*

## TECHNICAL ADVISER'S REPORT

During the year the Sudbury St. Gregory ring of eight was reopened after a long period of silence; best thanks to Walter Perry and his team of assistants for their efforts on this work.

The tower restoration work at Tunstall was competed and the six bells are now ringable again. The stay on the fifth was shortened by the writer on his visit so it does not now catch the support for the ladder to the roof. The bells were rehung with new frame and fittings in 1951 and remain in quite good order.

At Tattingstone the new ringers' gallery has been designed, made and erected, and the shorter rope lengths make the bells easier to handle. Congratulations to the local ringers under Bertha Hardman who have done the work themselves. They still need a treble to make six; unfortunately a suitable second-hand bell has not appeared and a new bell may have to be cast.

At Stradishall Dennis Kiddy has bolted the main bearings to the top of the timber frame and has put in tie rods through the side frames and the support beams. This has improved matters a great deal and the bells are easier to ring. One support beam under the tenor has a rotten end and is propped up from the floor below; the next stage will need to be to properly support and locate this beam from a rolled steel joist set into the tower walls.

At Monks Eleigh some tower repair work has been undertaken, but in the architect's view not enough to enable all six bells to be rung in changes. The outside tower faces have been restored, but it has been found that the rubble core is not in good condition.

At Burgh the bells are now ringable after tower repairs, and at Sproughton the tower is being restored at the time of writing. Sudbury All Saints church tower remains in a poor state, but it is hoped that work will soon be done to prevent matters getting any worse, and in the fullness of time to do a complete restoration.

At Chevington the 19th Cent hollow top stage of the tower has been causing concern, and there is a probability that it will be removed, which will restore the tower to its appearance before 1817. This will make it desirable to overhaul the bells to put them into condition for regular ringing.

Your Adviser with the church architect inspected the cracks in the tower of St. Margaret's, Ipswich, when the bells were being rung. He found them much as he had noted them in his reports of 1956 and 1965. The tower needs stiffening at the level just below the frame. The tower cracks in this zone at Stowmarket have changed little since his report of 1960 and here again stiffening is necessary.

At Barsham the thatched roof of the church was burnt out, but fortunately the round tower and the ring of five have not been harmed. At Hadleigh it is hoped to reopen the fire espace route from the tower on to the nave roof; the risks will be much reduced if the heating system in the base of the tower is removed.

Your Adviser inspected the ring of five at Stoke Ash, augmented from four to five by Bowell in 1937 and hung in the old frame which now distorts more than it should. Otherwise the ring remains in quite good order.

At Rendham the ring of six is not in good order due to a weak lower frame, worn bearings and decayed fittings. At Frostenden he found a derelict three with a cracked treble in a five bell frame, and at Barham he reinspected the four bells which are in a poor state and hung in a frame now unfit for full circle ringing.

At Sudbury St. Peter thought has been given to a scheme for external sound deadening to allow peal ringing and yet enable the clock chimes to be heard on other occasions. Doors on the inside of the louvred openings have been suggested and approved by the Redundant Churches Fund and their architect, but the Fund needs an indemnity against damage etc from the Guild and this is being looked into.

At Stoke-by-Nayland and Marlesford the modern metal bell frames need painting and your Adviser has done what he can to get the parishes to put this work in hand.

At Groton with Mrs. S.J. Elliott he inspected the unringable five which are chimed from an Ellacombe manual. He made a number of adjustments, and explained what should be done on a routine basis. A new frame and fittings are needed here before we can ring them again.

At Earl Soham some sand has been put above the ringing chamber ceiling but not enough to bring the sound level down to an acceptable condition. Your Adviser has made some recommendations which he hopes will make conditions in the ringing chamber acceptable and enable us to pay the grant we have promised.

At Newmarket St. Mary the top of the tower and the timber clock bell turret do need an overhaul. The bells are too loud on the west and north sides and boarding up to the base of the tracery on these sides has been suggested. Ian Whitear kindly visited on a later occasion when a broken stay was not replaced for some months.

In the Norman Tower, Bury St. Edmunds, the trebles to ten are a little difficult to pick out in the ringing chamber when all the bells are being rung. In 1977 your Adviser suggested to the Department of the Environment that there should be a sound hatchway in the upper floor under these bells but one was not provided. On raising the matter again it was found that there had been a change of architect in the interval. Hopefully the problem will soon be solved.

The Ipswich Town Churches Trust has been set up to look after the redundant churches in the town which include St. Lawrence with its pre-Reformation ring of five and St. Clements with John Darbie's only remaining ring of six.

Looking ahead to 1980 prospects are brighter; Rushmere St. Andrew's bells are to be rehung with new fittings in a new frame set lower in the strengthened tower; Wickham Market bells are also to be rehung with new fittings in a new frame in the restored tower. At Worlingham the five are to be augmented to six and hung with new fittings in a new frame set lower in the tower. In all three cases the towers in the recent past have not been in a fit state to stand the bells being rung in changes.

George Pipe and your Adviser have jointly written a book on Bells and Bellringing in Suffolk which the Suffolk Historic Churches Trust is to publish early in 1980. The proceeds from the sale will be devoted to the work of the Trust so we do ask you all to buy a copy for your records and publicise it among your friends. It is now 90 years since Raven's The Church Bells of Suffolk appeared and this work has now become quite rare; so it is high time there was another book on the subject. Perhaps in 1990 a second edition of Raven's work may appear if your Adviser can collect the material and there is sufficient local interest.

*R.W.M. Clouston.*

# OBITUARIES

**Edwin R. Goate – Beccles**

For almost one hundred years between them Eddie and his father Rupert were associated with the famous campanile at Beccles. Edwin's contribution both to the N.E. District of the Suffolk Guild and to our neighbouring Norwich Diocesan Association was considerable both as a ringer and conductor and in teaching and administration. His genuine welcome and wise counsel will be greatly missed.

**Mrs. Leslie Mills – Bures**

Emily Mills served our Guild for thirty-five years in what is often a most effective and helpful way – behind the scenes. A committed Christian, loyal to her own Church and its work in Bures she also became a capable ringer who did much for our South West District. It was a joy to her when her son and grandchildren took up the Art.

**Alan Peachey – Lakenheath**

Alan held District Office in the N.W. in the early seventies. Not an advanced ringer, he was quite happy ringing the tenor behind – this in no way lessened his keenness or his ability to chair the local meetings.

**J.W.H. Preastner – Wickham Market**

Our Auditor for over thirty years, Joe Preastner died in April. Well known in the Woodbridge area, in later years he became a Reader and happily combined his Diocesan duties with Sunday service ringing. It would be hard to find a man more proud than he of his tower.

**Ronald W. Steward – Ipswich**

The untimely death of Ron Steward stunned his ringing friends in Suffolk and Essex and it brought into sharp relief the need we all have to share our problems with each other, whether they be domestic, professional or in the belfry. Ron was one of the best known ringers in our Guild; a keen six bell man, ringing over 400 peals and helping on our maintenance and restoration side. He was the first person to ring peals in one hundred different Suffolk towers.

**A.F. Turner – Lavenham**

Almost the last of Arthur Symond's famous band, Frank was a founder member of our Guild in 1923 having done his early ringing under the old Ely association. Like all that band he was equally well at home on hand and tower bells with an intense pride in Lavenham bells.

**A.R. Woodard – Needham Market**

Roy Woodard came from a fine ringing stable: Leiston. To ring peals of London and Bristol before the war with Charles F. Bailey was some achievement in that disciplined band. He later rang extensively in the Stowmarket area. Roy was brother to the late Claude Woodard of St. Margaret's, Ipswich, and died at the age of 71.

**A. Stanley Woodard – Woodbridge**

In the early 1930's the late Frank L. Fisher taught a new band of eight young men at St. Mary's Woodbridge, a tower which had a strong company at the turn of the century. Stanley was one of that band and maintained his membership there for the next forty-five years. A quiet unassuming man he always made us welcome and derived great pleasure from hearing his own bells rung well.

We also remember any ringers' relatives who have died during the past year and the families of the above.

*May they rest in peace.*

## LIST OF MEMBERS FOR 1979

**Abbreviations of Ringing Times:**
**Su. Sunday: Mn. Morning: Ev. Evening:**
**PN Practice Night: Alt Alternate**

### NORTH EAST DISTRICT

## INDEX AND DIRECTORY OF TOWERS

The following table is used to show the condition of the ring:

10 — Excellent, Ball bearings, modern frame and fittings.
9 — Excellent, Plain bearings, modern frame and fittings — or ball bearings in an old frame.
8 — Good going order.
7 — Fair going order.
6 — Poor going order.
5 — Ringable if cleaned up and odd fittings and ropes provided.
4 — Ringable with difficulty and a degree of risk after making odd repairs.
3 — Unringable mainly because of tower and/or frame arrangement and position.
2 — Unringable mainly because of frame and/or fittings.
1 — Hung dead.
0 — Some bells unhung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to hear of any corrections.

Key to Districts: 1 — N.E., 2 — S.E., 3 — N.W., 4 — S.W.

Alan R. Smith IPFA,
Honorary Treasurer

(Subject to Audit)

## TREASURER'S REPORT

This year has been an eventful one from the financial viewpoint with all the Districts and the Special General Meeting voting for the subscription increase for 1981. It was encouraging to see that so many members are now aware of the need to pay realistic subscriptions.

This year has also been marked by a number of fund raising efforts which have helped to reduce the deficit on the general fund and boostthe restoration fund:-

| | | £ | £ |
|---|---|---|---|
| General Fund | - Barn Dance at Horringer | 78.50 | |
| | - A.G.M. Tea Profit | 12.00 | 90.50 |
| Restoration Fund | - Norman Tower Family Day | 20.00 | |
| | - Lakenheath Social | 16.40 | |
| | - Stowmarket Event | 15.50 | |
| | - Guild Social | 41.61 | 93.51 |

In addition Sally and Alan Munnings have been busy selling calendars and the profit from this, which is expected to be over £400, is being divided between the general fund and the restoration fund. This item, which will be included in the 1981 accounts, should go a long way to putting the general fund on a sound footing.

The Accounts for 1980 have generally turned out more favourably than originally expected, many items of expenditure being lower than anticipated whilst the income items were generally higher. It is indeed pleasing to note that our membership has grown by 10% to 554 and perhaps the only note of caution that should be entered is that whilst about 130 new names appear on the membership lists this year about 80 names have disappeared. As well as recruiting new members we must all make every effort to retain our existing members, and this is perhaps particularly a task for our Deanery Representatives.

Donations have as usual been made to the Friends of the Cathedral, the Friends of St. Peters Sudbury and the Suffolk Historic Churches Trust. In addition this year leaving gifts have been given to the Bishop of Dunwich and the Provost.

It will be noted that the income from covenants has grown to over £50 p.a. and that over the seven year life of these covenants this will represent a significant sum. However, there are still a large number of members who pay tax but have not yet completed a form. I can but plea to everyone, who can, to fill one in and return it to me - it costs nothing!

During the year the Guild purchased a new stock of badges and a supply of rule books and these are shown in the balance sheet at their cost value. In addition there are in stock 16 badges from the old stock and 294 certificates which are not shown in the accounts.

There is one change of practice in this year's accounts concerning insurance which has previously been charged wholly to the general fund. The cost of providing cover for the maintenance committee is now charged to the Jubilee Fund, with the general fund bearing only half the cost of the third party cover and the premiums relating to the Guild's assets - the handbells, shields, masters badge and library.

The Restoration Fund is again in a healthy state, but it should be remembered that in Suffolk we have a large number of towers in need of restoration and it is essential that this fund is in a position to encourage parishes, to start restoration work, by giving significant grants. The special donation of £100 received during the year is available to be used, at the Technical Adviser's discretion, to aid various small schemes.

The balance on the St. Peter's Sudbury Fund has grown during the year in preparation for financing the soundproofing work which is currently in hand there.

Alan R. Smith Hon Treasurer

## RINGING MASTER'S REPORT

This is the seventh annual report I have penned as Ringing Master of the Guild, and I begin it with an acute awareness of the changing faces, yet unchanging aims, of the Guild. During 1980 this fact was brought home to me by the death of Jim Pipe. Having just celebrated the 60th anniversary of his first peal (rung before the Suffolk Guild was formed!), Jim's ringing life had been a long one: yet it is not from his later years that the following quotation comes:–

> 'There are many towers with bells in good condition but with no ringers to sound them, and I think it is our rightful duty to visit these isolated parishes now and again to convey the joyful message of the bells to the public. That the people still love the sound of their Church bells properly rung, there is not the slightest doubt, and I dare say many young recruits in all parts of the county will be attracted to our art, compensating us in time for our trouble and finally proving themselves assets to the Guild.
>
> Upon examination it will therefore be seen that our duty to the Church, the public, the Guild and ourselves, is to see to it we are strict Sunday service ringers, visiting occasionally those towers where there are no ringers and keeping an ever open eye for the right type of young person as a potential ringer and giving that training which will ensure good striking and keenness, and a worthy member of the Guild.'

Jim wrote those words in 1946 – they remain as true today as they were then: only the faces change.

The changing faces are reflected week by week in the quarter peal and peal columns of the Ringing World. We congratulate twelve members on having rung their first peal during 1980. They are:– Josephine M. Beever, Christine E. Bishop, Edmund Christian, Elizabeth J. Christian, George S. Gardiner, Thomas W.H. Gardiner, John le Grove, Basil K. Hart, Iain M. Howlett, Janet M. Langham, Andrew C.W. Pryce and Alison J. Whitby. Two peals in particular strike me as worthy of special mention as enterprising achievements, namely the peal in eight methods by an all-Laxfield band and the local band peal at Exning which included three first-pealers and a first as conductor. It is good to see more familiar names in the peal columns have progressed to peals on higher numbers of bells and in more intricate methods.

First peals since restoration were scored during the year at Earl Soham, Hadleigh, Rushmere and Wickham Market; and one new tower name came into the records – that of Hessett, where five bells had hung unpealed for 256 years! Anniversaries marked by peals during 1980 included George Finch's 90th birthday, Jack Pilgrim's 80th birthday, the 50th anniversary of the first peal of Pudsey S. Maximus at Ipswich and the centenary of the hanging of Iken bells.

Quarter peal ringing tends to be patchy: where it is practised regularly, its value in promoting good striking is appreciated. I recommend a monthly or bi-monthly quarter peal attempt by Sunday service bands as a way of promoting and encouraging good striking.

The Guild AGM at Sudbury and the Striking Competition at Wingfield (won this year by the St. Mary-le-Tower band) were enjoyable as ringing and social occasions. The third Guild Training Day, held once again in the central area of the county, had a large attendance. Instruction was given in the classroom and in the tower on Plain Hunt/Plain Bob, Plain Minor methods and Conducting – with a joint evening session led by Ranald Clouston on Belfry Maintenance.

I am extremely grateful to Tower Captains, District Ringing Masters, and members of the Recruitment and Training Committee for the hard work put into training Guild members during 1980.

As I mentioned at the beginning of this report, I have been Ringing Master for seven years, and I would now like to retire from the post. It has been a privilege to serve in the position and I am most grateful to Guild members for their cooperation and support during my term of office.

*Lawrence R. Pizzey.*

## SECRETARY'S REPORT

It is pleasing to be able to report that the most important meeting – the Annual General Meeting – was much more successful this year. It is difficult to judge whether the two Sudbury towers were the attraction or whether the return to the more traditional format attracted over one hundred members to what turned out to be a rather lively meeting. The contentious topic was the proposal to increase subscriptions and fees and it was not until later in the year that this problem was finally resolved and the increase approved when a General Meeting was held at the end of a very successful Training Day in October. Prior to this General Meeting steps had been taken to ascertain the feelings of members before the final voting.

The business of the Guild has proceeded smoothly during the year with well attended Management Committee meetings and the Recruitment and Training Committee and Restoration and Maintenance Committee meeting regularly. It is good to see the tireless efforts being made by Roly Whiting and the Maintenance Committee showing results as more of this work is being tackled. Your Central Council Representatives attended the Council meeting at Winchester and Southampton; the new Council triennium begins in 1981 with the same four members remaining as your Representatives.

The weather clerk was again beneficent to us when we met for the Striking competition in May. It is also pleasing to see District Striking Competitions taking place. It is not so pleasing to have to report a further decline in attendance at the Social in December. Could this be the time to reconsider the style of this event? That we meet on a social basis must surely be good but perhaps members would give the matter some thought and let the organisers know what changes, if any, ought to be made.

Membership has increased a little; a considerable number of people have joined the Guild and it hardly needs a mathematician to point out that quite a number have left – or have they just not been asked to renew their subscription? It is my firm belief that the system of Deanery representatives could do a great deal to help in this aspect, and others, with the work of the Guild. It appears that the responsibility of this small but important Office could be operated with much greater efficiency throughout our territory. How about it Deanery representatives, can *you* make this and the following years the start of an efficiency campaign?

1981 will see three new District Secretaries in Office and whilst it is encouraging fresh faces accepting responsibilities let us not forget those who have relinquished Office and thank them for the time and effort which they have given the Guild. Without your District Officers the work of the Principal Officers would be almost impossible to cope with. Trevor Bailey, who served for a very long time as an Officer of the N.E. District was elected a Vice President at Sudbury in recognition and appreciation of his unceasing and efficient work.

1980, in my opinion, has been a year of progress with encouraging signs of more to come. Thank you all for your efforts – keep up the good work. Finally, but not least, our thanks are due to all who have worked on behalf of the Guild and again this year let me say how much my family and I have appreciated the welcome and support we have received when we have visited the various meetings and events held during the year.

*John L. Girt*

# TECHNICAL ADVISER'S REPORT

1980 has seen the rededication of the rings at Rushmere St. Andrew and Wickham Market, and the addition of a sharp second at St. Mary-le-Tower, Ipswich. The towers at Haughley, Cratfield, Woodbridge St. Mary, Sproughton and Barham have been restored and work is in hand at Pakenham. Work is projected to the tower and bells at Worlingham and the tower at Chevington.

At Rushmere St. Andrew Taylors have overhauled the ring of six and rehung the bells with new fittings in a new metal lowside frame. At Wickham Market the Whitechapel Foundry has overhauled the ring of six and rehung them with new fittings in an H type frame set lower in the octagonal tower. Both sets of bells are a pleasure to ring. At St. Mary-le-Tower Ipswich the space in the new frame left for a sharp second has now been filled with a new bell cast by Taylors from the metal of the cracked and damaged Mickfield tenor to three, cast by Thomas Gardiner of Sudbury in 1716, and the treble there cast by Thomas Mears II in 1816. Mickfield church is redundant and is on the market for sale, so it was necessary to remove the bells anyway.

At Earl Soham the sound deadening properties of the single floor between the ringers and the bells has been increased, and the writer feels that any further improvement must be by means of another floor between the girders supporting the frame so creating a dead space. He considers the present situation tolerable, and the promised grant from the Bell Restoration Fund has been paid.

During the year your Adviser continued his inspections of Suffolk church bells. His reports cover 399 sets of bells in the diocese, some of which have been examined twice in the last 25 years. During 1980 he inspected the rings of bells at Sibton, Chediston, Carlton, Haughley, Whepstead, Middleton, Barnham, Woodbridge St. Mary and reinspected Pettistree.

At Sibton the five bells are now unringable, and hang in a two tier wooden frame. The tenor's headstock is now in two pieces on a window sill and the bell is supported stationary from beams across the pit.

At Chediston the six bells remain ringable in a modified ancient four bell frame of unusual design, which is also found at Cratfield, Bramfield, and Middleton; perhaps made in the 16th Century. The bottom sill beams in the centre are inclined upwards from the walls and interlock in the middle around a central opening. Interesting, as the design is not known to occur anywhere else in England. The fifth bell is badly cracked in the crown, and a new frame and fittings are needed.

The four bells at Carlton cast by Thomas Andrew of Bury St. Edmunds in 1598 form his only ring; in fact his only other existing bell is at Nedging. The Carlton bells are in a bad state and quite unringable.

At Haughley the tower has been restored on the outside, and it is hoped to get all five bells ringing again. They hang in a timber frame erected by Bowell of Ipswich in 1896 with fittings of the period. The third has a broken wheel, but the writer was able to swing each of the other bells in full circles on his visit. A pit remains in the frame for a treble to make six.

The ring of five at Whepstead remain in quite good order, though they will soon need turning. The tower is in a poor state and needs attention.

At Middleton the ring of five is in a poor way with only the treble fit to swing chime through a small arc. The fourth is well hung, but is badly cracked in the crown; the other three have very decayed and weak fittings.

At Barnham there are four bells; the third is badly cracked, and all have iron straps under their mouths to catch them in case the securing ironwork or headstocks failed. Only the tenor is sounded. There is an Ellacombe chiming apparatus which it is hoped to bring back into use for the three uncracked bells.

At Woodbridge St. Mary the tower wobbles appreciably N-S and upsets the ringing of the second, third, sixth and seventh bells. It has been shown that roping the sixth on the other side of the wheel halves this wobble in rounds, so this modification should be made first, to check on the benefit obtained when changes are rung. If not enough, then we may have to redesign the frame to have say the third and sixth swinging E-W. Quite apart from the difficulty in ringing the bells as they are now, the wobble is bound to have a detrimental effect on the tower which has just recently been restored at considerable expense. So something must be done. At Stradishall Mr. D. Kiddy has continued his work on the bells and he has now roped the tenor on the other side of the wheel to reduce the tower rock here.

At Leiston your Adviser visited when the bells were being rung to check on tower rock, etc. This was satisfactory, but parts of the frame are loose in the tower. He made recommendations to correct this.

At Cratfield the tower is restored, and it is desired to see if the six bells can be made ringable again. Currently the clappers are connected to a chiming manual; these would need to be disconnected and some other work done before this could be attempted. Your Adviser has listed the items and advised the parish.

The metal frame at Wenhaston is badly in need of painting, and your Adviser visited and discussed the problems with Mr. C. Ainger. As the tower is near the sea corroding steelwok must be avoided to ensure long life.

At Mendlesham woodworm attack has required the fourth bell's wheel to be replaced. The tower at Sproughton has now been restored and the bells are now being rung again. It is hoped that they will soon be rehung.

At Pettistree the tower has also been restored and moves are now being made to rehang the ring of six which has not been rung in changes for over 30 years. The writer has reinspected them, and has made up a scheme for such a restoration.

Lawshall has an unringable five in a minor key with a cracked third bell. It is hoped to replace this bell with one from Bruisyard to make a major five. Witnesham has an unringable six, and there is some interest to get them restored.

At Barham there are four bells in poor order. Your Adviser patched them up for swing chiming and obtained an old clapper from Rushmere which he fitted to the treble to replace one which has fallen out and been lost! Alan Smith kindly provided some old bell ropes.

The Towers of the redundant churches at Ipswich St. Lawrence and Ipswich St. Clement are defective and cracked, and ringing has had to stop for the time being.

Your Adviser gave a talk on Belfry Care and Maintenance to the Guild Training Meeting on 25th October which was well received.

At last 'Bells and Bellringing in Suffolk' has appeared, and George Pipe and the writer have been busily signing copies. Some 3000 have been printed and we hope that you will all make a point of getting copies at £1.95 for yourselves and your friends.

The Diocesan Advisory Committee for the Care of Churches, on which your Adviser has served for over 26 years, has been reorganised; and he has agreed to become a member of a Panel of Consultants.

*R.W.M. Clouston*

## MAINTENANCE OFFICER'S REPORT

Members of your Maintenance Committee have been able to help resolve a goodly number of problems during the past twelve months. Trevor Hughes and David Noy have been particularly active in the Northeast District where at **Laxfield** they were able to free a seized pulley and advise the local ringers regarding the fitting of rope bosses in an intermediate floor, secure a worn Slider which had a disturbing habit of jumping off its pivot and tighten some loose wheel securing bolts. Treat worm infected woodwork at **Little Glemham**, carry out general maintenance at **Yoxford** where the headstocks were found to be very rusty and the 4th and 5th bells found to be loose on their headstocks, fix some heavy duty P.V.C. mesh behind the Louvres in **Aldeburgh** tower and liaise with Mr. Clouston over the problems which currently prevail at **Cratfield**.

Tony Petter has carried out some general maintenance at **Tunstall** and the bell-frame etc. has been repainted by a locally recruited labour force. Tony is also currently engaged in repainting the frame at **Marlesford** with Nevopalene C, a chemical rust stabiliser which has been advertised in 'The Ringing World' from time to time. One big advantage is that it is not necessary to get right down to the bare metal before applying it and so a considerable amount of laborious preparing can be avoided, if it works! At **Debenham** the local band are repainting their bell-frame and at **Woodbridge** (St. Mary) the local ringers are planning a major restoration job and a fund has been launched to finance this.

Members of the local band at **Mendlesham** fitted a new wheel to the 4th. This item was purchased from the Whitechapel Bellfoundry. **Exning** also have been trying to obtain a replacement wheel and have been quoted £170 by Taylor's for a new one.

At **Stoke-by-Nayland** the P.C.C. has had the very large louvred openings professionally rewired by a local building contractor and members of the local band have cleaned out the belfry prior to repainting the metalwork. Work is also in progress on the installation of an effective sound control system at **St. Peter's** church in **Sudbury**. Walter Perry, Leslie Mills, Richard Knight and myself are currently involved in this project and, hopefully, the work will have been completed by the time you get this report.

I would like to thank the members of the Maintenance Committee, on your behalf, for the work which they have undertaken during the past year and to ask you all to lend a helping hand whenever it is necessary. I feel that much of the work which I have detailed above could have been considerably minimised and perhaps even been avoided altogether if regular attention had been given to these matters in the past. Sadly, Suffolk came 'top of the league' in the list of unringable towers which the Central Council of Church Bellringers published at the last A.G.M. In most cases I fear that there is not much we can do to reduce this total but we can at least all do our best to ensure that those bells which are still available to us shall not cease to be so on account of neglect on our part.

*Roland C. Whiting.*

# OBITUARIES

**Cecil Aldous – St. Matthews' Ipswich**

A Sunday service ringer for over fifty years Cecil saw his ring of five augmented to six in the early thirties and since that time taught scores of ringers. He was keen on his church and loved his annual outings with the Rushmere and St. Clements bands.

**Mrs. A.J. Haynes – Lavenham**

A great supporter of our Guild this Christian lady is a great loss, especially on the social side. Ann Haynes had those qualities of being always cheerful and welcoming as well as a splendid provider. She loved accompanying Arthur at all ringing functions and we shall miss her.

**Frederick O. Hunt – Preston St. Mary**

Someone whose cheery ruddy face we shall miss for years, Freddie was so much part of the rural scene. A member of the notable Surprise Minor band at Preston, he and his lifelong pal, Mack, were a familiar duo at meetings and striking competitions. He liked good striking too, especially when followed by a cool pint.

**Victor Lockwood – Earl Stonham**

There have been several ringing families in the Stowmarket area and Vic came from such a one. Much of his ringing was done with Garnham Blaxhall, Harry Lister and the Mendlesham and Cotton Companies. He rang 9 peals for the Guild.

**Albert E. Whiting – Helmingham**

Tubby Whiting rang over 200 peals for the Guild, mostly at Helmingham and Framsden. His father, George, and grandfather, Noah, were ringers there before him and possibly his great-grandfather. Certainly he could claim a link back to the historic restoration of the bells in 1816.

**Cecil W. Pipe – Grundisburgh**

As a boy Jim taught himself to handle a bell and progressed from there to ring on the higher numbers of bells – that part of our art at which he excelled. He rang over a thousand peals and delighted in perfect striking. He served the Guild as Secretary and Treasurer for ten years from 1945, and as a Central Council Representative from 1946 to 1977 and for many years as a Vice-President of the Guild. Proud of the consistent service ringing at Grundisburgh Jim was instrumental in augmenting the eight to the ten they now are. We shall all sadly miss the teaching and friendly encouragement which have been with us for so long but we must remember with gratitude that we have been privileged to know such a fine gentleman.

We also remember any ringers' relatives who may have died during the past year and the families of the above.

*May they rest in peace.*

## LIST OF MEMBERS FOR 1980

**Abbreviations of Ringing Times:**
**Su. Sunday: Mn. Morning: Ev. Evening:**
**PN Practice Night: Alt. Alternate**

Rounds in the 5th change of a slow six (start at backstroke).
Rounds after 3 changes from the last course end (finish).

# AUTISTIC COMMUNITY TRUST

## A Community Project to help Autistic People in East Anglia

We have recently purchased Barton Hall, Barton Mills, Nr. Mildenhall, for these handicapped young people. Please help us raise a further £80,000 for alterations, improvements and the providing of facilities and equipment.

You may like to give your time, services or donations, however small.

*For further information contact*

George and Diana Pipe,

Guild Maintenance Officer, Technical Adviser and two representatives from each District.

## INDEX AND DIRECTORY OF TOWERS

The following table is used to show the condition of the ring:

10 – Excellent, Ball bearings, modern frame and fittings.
9 – Excellent, Plain bearings, modern frame and fittings – or ball bearings in an old frame.
8 – Good going order.
7 – Fair going order.
6 – Poor going order.
5 – Ringable if cleaned up and odd fittings and ropes provided.
4 – Ringable with difficulty and a degree of risk after making odd repairs.
3 – Unringable mainly because of tower and/or frame arrangement and position.
2 – Unringable mainly because of frame and/or fittings.
1 – Hung dead.
0 – Some bells unhung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to hear of any corrections.

Key to Districts: 1 – N.E., 2 – S.E., 3 – N.W., 4 – S.W.

## TREASURER'S REPORT

This year has again seen a number of fund raising events and we are very grateful for those members who have organised these events:–

| | General Fund | Restoration Fund | Exning |
|---|---|---|---|
| 1981 Calendar | £204 | £204 | – |
| S.W. Open Day | – | £206 | – |
| S.W./N.W. Barn Dance | – | – | £105 |
| N.W. Bookstall | – | £24 | – |

Subscriptions have now reached realistic levels in relation to our expenditure, (£3 for Ringing Members for 1981) and we can now look forward to only modest increases, probably below the rate of inflation, for the next few years. It is encouraging to note that our membership figures have kept up despite these increases in subscriptions and the challenge is there for all of us to keep on recruiting new members to replace those who leave the area and to try and retain for the exercise those who remain in the area.

Completion of the accounts has been unusually prolonged this year because the records for the North West District have been misplaced as a result of the District Secretary's move from the County. It has proved impossible to totally reconcile the transactions for that District and the miscellaneous expenditure item in the General Fund reflects that problem.

Donations have been made as usual to the Friends of the Cathedral, the Friends of St. Peter's Sudbury and the Suffolk Historic Churches Trust. The Guild's insurance policy continues to provide cover for third party liability for all members, the Guild's assets – handbells, shields, masters badge and library – and personal accident cover for the members of the Maintenance Committee.

It is encouraging to note that there have been three applications for grants from the Restoration Fund this year. Now that the Fund is in the position to give significant grants (about 10%) it is to be hoped that Parishes will come forward and start to clear some of the large backlog of restoration work that exists in Suffolk.

Mention should also be made of the new account appearing for this year only – St. Martin's Exning Augmentation Fund. This fund was established because the Restoration Fund cannot aid augmentation works; but the Guild felt that in the case of Exning there were exceptional reasons for augmentation to provide a ring of six in that area of the Guild. The grant which was approved at last year's A.G.M. has therefore been funded partly by special collection/fund raising events and partly from the General Fund. The grant should be paid over early in 1982.

**MEMBERSHIP SUMMARY**

| District | Ringing Members | Junior Members | Associate Members | Total Membership | Total 1980 | Number of Covenants |
|---|---|---|---|---|---|---|

## RINGING MASTER'S REPORT - 1981

For most of my professional life the words 'steady progress' flowed from my pen on to countless reports and they are the most appropriate for ringing in the Guild during 1981.

117 peals were rung which is a return to a three-figure total after two rather lean years. Congratulations to the nine members who rang their first peal during the year – Peter J. Ablitt, Adrian J. Blumfield, Clare Christian, Amanda K. Fielden, Andrew D. Fisk, Robin Rowley, Robert J. Scase, James A. Smith and A. Deborah M. Thorley. Nicholas C. Wade and Deborah Thorley scored their first peals as conductor and joined the seventeen resident members who called peals in 1981.

Peals meriting a special mention are:– Bob Maximus by a N.E. District band; Bob Major by an all-ladies band (the first on the new light eight at St. Mary-le-Tower) and the new record length of Doubles for the Guild rung by a resident band.

After an absence of over ninety years the historic tower of Cretingham (home of the Wightman family) returned to the list of peal towers. Mrs. Patricia M. Bailey has now rung peals in 125 Suffolk towers and is the first to reach this total. Peals were rung to mark the Silver Wedding of George and Diana Pipe.

The Striking Contest was held at Buxhall on May 16th and St. Mary-le-Tower retained the Mitson Shield; the entry was down on previous years – eight bands competing.

There were no handbell peals in 1981 and throughout its history the Guild has been somewhat lacking in this respect so it was an encouraging sign that the first Handbell Training Day took place in Stowmarket on June 6th. This proved to be very arduous for the gallant tutors in charge of the various groups and I am very grateful to them for their efforts and also to the pupils who ventured into this demanding aspect of our art.

The Guild Training Day was again organised in and around Stowmarket but was poorly supported apart from the Grandsire group, which had been requested by members. A further effort has been scheduled for October 1982 and the Recruitment and Training Committee hope for a good turnout. Whether, after some years of being run on a Guild basis, this function would now achieve more real success by being organised at District level remains to be seen.

The level of quarter-peal ringing seems to have been maintained and shows the healthy state of many of our Sunday service bands. The Guild quarter-peal week again gave rise to several bands extending their expertise and furthering the progress of their beginners.

Finally a thought for 1982 and beyond – during the past three years only a handful of the Guild's peals in seven or more Minor methods have been rung by resident bands –plenty of scope for tower captains and ringing masters to encourage a little more adventure in our six-bell ringing.

*J. Martin Thorley*

## SECRETARY'S REPORT

One of the enjoyable aspects of belonging to a Guild of Ringers is the hospitality which one receives as visits are made to meetings and services during the year. It is always good to see old friends and to make new ones and Shirley, Simon and I thank you all most warmly for the way in which we have been received wherever we have been. Our thanks are also due to District Officers and individual members for the support and help which they have willingly given during the year. Finally, but by no means least, our thanks are due to George Pipe who is not seeking re-election as Chairman. George has given much to ringing, especially to Suffolk ringing, and we shall remain in his debt for a very long time.

Throughout the year the routine of the Guild has proceeded smoothly. The Management Committee has met three times at Buxhall with reasonable attendance and your representatives went to the Central Council Meeting at Rochester. One of the contentious items discussed there was a scheme for grading ringers. More recently the Guild was invited to participate in the pilot scheme for this grading, but the Managing Committee decided not to take part. The Striking Competition took place at Buxhall; there was a Handbell Day and a Training Day at Stowmarket and the Social at Stonham Aspal. The Social format changed a little – the emphasis being on dancing of all kinds without the humorous sketches which have become more and more difficult to produce. Credit is due to all the people involved in the planning and organisation of these various events.

As part of our celebrations for 1983 – the Diamond Anniversary of the Guild – it is planned to hold a dinner at the Town Hall in Ipswich (only 120 tickets available). A record of Suffolk Bells is also planned.

Whilst thinking of the future we should also be thankful for those whose foresight in years gone by left us such a rich heritage of churches and bells. Unfortunately in Suffolk we can no longer rest on the good deeds of others and now we must realise how great is the responsibility resting on our shoulders for maintaining and restoring our bells. We have more to do in this county than most others and now is the time to realise just how great is the lead we are giving in the Exercise. Please back your Guild and District Officers in this very important work and if you can do nothing else at least you can covenant your subscription so that the Guild can derive more financial benefit from your money and thus be able to help more parishes with better grants towards their bell restoration work. In the long term it is not only a benefit to us now but also an investment, the value of which our children will surely thank us for. On the other hand, will they thank us for neglecting further the work which so urgently needs attention?

Let us look forward to a happy year of ringing in 1982 and couple with it a special effort to try and help in some way towards the restoration of our Suffolk bells.

*J.L. Girt*

## TECHNICAL ADVISER'S REPORT

During 1981 your Adviser inspected the rings at Sudbury All Saints, Covehithe, Ipswich St. Matthew, Barking, Weybread and Thorndon. He visited Exning to give advice on the broken tenor wheel and Occold to get details of the cracked treble.

At All Saints Sudbury the heavy eight was rung for the first time for some 15 years, but even now only two faces of the tower have been restored and the other two do need attention. The pre-Reformation sixth bell is seriously worn where the clapper strikes and requires further turning. So at the moment ringing has to be limited to special occasions.

The Covehithe bells and towers are vested in the Redundant Churches Fund. The independent crown staple in the third bell has sheared off inside the headstock and the gudgeon pins knock in the bearings as the bell swings. The tenor's wheel needed repair and a new runner board was required. Other work was noted as desirable in the longer term. It was hoped to put the essential work in hand.

St. Matthew's Ipswich bells had an overhaul in 1903 and had a new frame and fittings; a treble was added in 1933. Now they are in only fair order due to wear in the moving parts. A full overhaul was recommended in five to ten years.

At Barking Alfred Bowell recast the old five bells into a ring of six with the same total weight in 1911 and he hung them in a new metal frame with new fittings. There were some minor defects, but they remain in quite good order. In the longer term, say twenty years, ball bearings should be fitted.

The very special ring of six at Weybread cast in 1879 by Messrs. Moore, Holmes and Mackenzie was the first ring by this firm of amateur bell founders. The bells and metal frame trial erected in their foundry yard are illustrated in 'Bells and Bellringing in Suffolk' page 50. Some of the fittings have been replaced since 1879 and the tenor is not ringable as the gudgeon pins bolted to a modern replacement headstock are not in alignment with the bearings. The writer recommended new fabricated mild steel headstocks, gudgeon pins, ball bearings, replacement or adaption of the present wheels to fit the new headstocks, new pullies, etc.

At Thorndon the six bells are only just ringable, and an overhaul is long overdue. The treble has worn bearings, the second has a makeshift locally fitted timber headstock in four pieces glued together which creaks as the bell swings, the second and third bells need turning and the frame support stucture is of questionable strength. The bells need a new frame and fittings.

At Cretingham the tower has been repaired and the bells rung; alas the rope guides have not been replaced and handling is a little difficult.

At Exning the shattered tenor wheel has been replaced. The cause of the accident was not apparent in spite of close inspection; something fouled the wheel when ringing was in progress which locked the rim to the frame. A new treble to make six has been cast and will have been fitted by the time this report is in your hands.

At Hadleigh the seventh bell's clapper has broken. Earlier the six and tenor clappers broke and were replaced in spheroidal graphite cast iron. Hopefully this will be the end of the matter as it is the larger bells which suffer from this problem with clappers made from modern 'wrought iron'. This is quite different from the wrought iron made by the puddling process which has excellent fatigue-resisting qualities.

At St. Mary's Woodbridge the writer roped the sixth bell on the other side of the wheel and this does appear to have had a beneficial effect on the go of this bell and

on the others swinging north-south. Taylors have fitted new pullies, new clapper bushes, refaced the clapper balls and fitted a new set of bell bolts. The ball bearings have been cleaned out and repacked with grease.

Advice has been given to Sproughton on strengthening the tower and to Chediston where repairing the cracked fifth would leave a tenor with badly worn bearings. It is hoped to make a full restoration in both towers.

Haverhill church tower has been restored and the timber props holding the pinnacles and parapets removed.

The writer has now held office as Hon. Technical Adviser for 25 years and it is interesting to see what has been done in this period. 17 rings have been rehung with new fittings and a new frame and seven others with new fittings in the old frame, on average one job a year. Additionally three rings have been hung in ball bearings for the first time.

In the 1958 Report an analysis of the state of our rings of bells was shown; the 1981 state compares as follows:

| State | 1958 | 1981 |
|---|---|---|
| Excellent | 51 | 58 |
| Good | 66 | 40 |
| Fair | 35 | 55 |
| Poor | 12 | 15 |
| Codes 0 - 5 | 78 | 73 |
| | 242 | 241 |

There is one less ring of bells as we have lost the unringable five at Lydgate. We still have a great many rings hung in plain bearings which are reaching the end of their useful life. If one feels that one only ought to ring a peal on bells rated as good or excellent, one's choice has been reduced from 117 to 98. However the situation is not quite as bad as that as a number of rings rated as fair could be improved if time was spent on special maintenance work. Overall we are only just about holding our own on restoration work and much remains to be done.

The writer is not offering himself for re-election as he feels that it is important that others should have the opportunity to develop the skills necessary to do this work. He will, of course, retain his interest in Suffolk bells and hopes to continue to collect data for a second edition of Raven's The Church Bells of Suffolk in 1990 on the centenary of the first edition, as well as to advise on faculty applications relating to bells in the diocese.

He thanks everyone for their support over the last 25 years.

*R.W.M. Clouston*

## MAINTENANCE OFFICER'S REPORT

1981 has turned out to be a quiet year maintenance-wise and your Maintenance Committee members received very few requests for assistance during the period under review. Indeed, much of my Report covers work which has been undertaken by enthusiastic 'locals'. In the N.E. District, Trevor Hughes and David Noy carried out general maintenance work at **Heveningham**, whilst at **Rendham** the Treble has been fitted with a new elm headstock which Trevor obtained from a local woodyard. At the same time John Powter replaced the original plain bearings with new ball bearings.

In the N.W. District, Dick Shipley and other members of the Bury Norman Tower band have carried out general maintenance work at **Dalham** and the enthusiastic local band at **Exning**, under the leadership of Ian Whitear, have played a major part in the recent augmentation of their bells from 5 to 6. The repainting of **Marlesford** bellframe , which I mentioned in my previous Report, has since been completed by members of a newly formed local band and so has the work at **Debenham** which I also reported on last time. At **Woodbridge** members of the local band have assisted Graham Knight of Taylor's to carry out some professional restoration work. The pulleys, clapper bushes and bell bolts have all been replaced and the ball bearings cleaned out and repacked with fresh grease (this latter operation necessitated raising each bell away from the bellframe). Taylor's are charging almost £1400 for this work – a sobering thought is it not!

Archie Fitch has done a tremendous amount of clearing out and cleaning up in **Sudbury All Saints'** belfry and, thanks largely to his sterling work, it is now possible to ring these bells again, albeit for a short while at any one time as further builders' work is necessary to the tower structure before any general ringing will be allowed there. I can also report that further progress has been made with the sound control installation at **Sudbury St. Peter's** and I am greatly indebted to our old friend Walter Perry for his considerable help with this project.

A final word of warning – please keep an eye on your clapper securing devices and make sure that castellated nuts are properly locked with a split pin. **Sudbury St. Gregory's** have been troubled of late with clappers working loose but fortunately no serious damage ensued.

Lastly, a very big 'thank you' on behalf of the Guild to all the above-mentioned 'do-it-yourselfers' and, of course, to anyone else who has done maintenance work which has not yet been brought to my notice. Please carry on the good work and so help to preserve as many of our 'rings' as possible for posterity.

*Roland C. Whiting*

# OBITUARIES

**F. Borley and E.J. Steed – Buxhall**

Frank and Ted, two Country Gentlemen, and how we in the Guild and people in Buxhall miss them. They loved their village, their Church and their ringing and in true Christian spirit always gave a warm welcome to the belfry, happy to ring or to listen.

**A. Brown – Ixworth**

Arthur Brown took up ringing late in life but this in no way hindered his enthusiasm and he was a most useful and welcome member to the local company. With his flair for looking after the bells, providing diagrams, hospitality for visitors and the like we wish we had known him longer.

**S. Bunting – Exning**

Stan worked so hard to see Exning bells augmented to six but sadly died last March, in the knowledge, however, that the work would be done. He was ringing there between the wars and was a contemporary of that well-known Newmarket ringer and conductor, Albert Austin.

**A.B. King – Rushmere and Hasketon**

Bert King claimed links with the Art back to the mid 19th century when his father and grandfather were ringers at Hasketon and Woodbridge. A most interesting man, he kept a diary of his First World War experiences. After retirement he left his beloved Hasketon and joined the Rushmere band.

**W.E. Maulden – Framlingham**

Willoughby, known affectionately as Sonny, was a most talented ringer on Tower and in hand with quite the most beautiful handwriting one could wish to see. Despite his great age (nearly 90) his memory was amazing – something he shared with his lifelong friend, George Symonds; fellow ringers as they were at Framlingham in 1900. During a spell away from Suffolk at the beginning of this century Sonny became a member of Alfred H. Pullings famous handbell band. Like his whole demeanour, his striking was immaculate and how he loved Bristol, Double Norwich and Stedman.

**G. Miller – Lakenheath**

Gerald Miller, like many another in that somewhat remote part of Suffolk, never had ringing on a plate as the saying goes. Somehow this seemed to strengthen resolve and we have many instances of long and loyal service to Church and Guild in that area of which he was an example.

**F. Mortlock – Lavenham**

One word describes Fred, perhaps there were others – a Character! He was the last of old Arthur Symonds Lavenham band; one of over sixty ringers he taught. An engineer and staunch country boy Fred, like his contemporaries, learnt his theory on handbells and then under strict discipline the Art in the great tower there. It was a hard school no doubt, but he was proud of that pre-war band.

**E. Murrell – West Stow**

Ted was connected with West Stow tower for many years – one of those bright and cheerful people it's always nice to have around. He liked to teach as well and helped Chris Nunn, Brian Wells and others to 'master the intricacies'.

**F. Ruffles – Earl Soham**

Known to his close friends as 'Pudden', Frank was well-known in the Framsden-Debenham area, ringing before the war with such worthies as W.C. Rumsey and W.J. Groom. After 1945 he became one of Leslie Brett's band and enjoyed his Surprise Major, his outings and his cigarettes. Frank rang about 100 peals for the N.D.A. and Suffolk Guild and we shall miss his cheery face and dry comment.

**A.W.J. Thompson – Southwold**

Arthur (Pimp) Thompson was in essence an Edwardian athlete! Not only a ringer for over 50 years, he was a local identity in N.E. Suffolk playing successfully cricket, hockey, rackets and golf. Heavily involved in the town's affairs in Southwold and knowledgeable of its history, Pimp was also a coastguard and fireman. His daughter, Margot, is married to another former Chairman, John Blythe.

**F.E. Wiseman – Rushmere St. Andrew**

Frank was our senior member, in his ninties and a ringer for over seventy years. A watchmaker, he brought the same attention to detail into his ringing and was Captain at Rushmere for many years. The stern exterior hid a warm and kind personality and we mourn his passing.

We also remember any ringers' relatives who may have died during the past year and the families of the above.

*May they rest in peace*

# LIST OF MEMBERS FOR 1981

**Abbreviations of Ringing Times:**
**Su. Sunday: Mn. Morning: Ev. Evening:**
**PN Practice Night: Alt. Alternative**
