## Safeguarding Statement

The Suffolk Guild of Ringers takes the safeguarding and protection of children (under 18s) and vulnerable adults very seriously. It recognises that the welfare of children and vulnerable adults is paramount and that we have a duty of care when they are in our charge. We will do everything that we can to provide a safe and caring environment whilst they attend our activities. All children and vulnerable adults will be treated with respect and dignity.

## Safeguarding Policy

The Guild, as advised by the CCCBR, follows the Safeguarding Procedures of the St Edmundsbury & Ipswich Diocese:

- Local tower arrangements should always be approved by the PCC in line with the Parish Safeguarding Policy[1]. The Tower Captain should have a copy of the Parish Safeguarding Policy and ensure that ringers have access to it.
- All Tower Captains and ringing teachers MUST hold a current clear DBS check status **IF** their role includes the training of children or vulnerable adults
- In such circumstances Tower Captains and ringing teachers must attend Level 2 "face to face" Safeguarding Training (Raising Awareness of Safeguarding Vulnerable Groups) in the Diocese every three years.[2]
- Any ringer involved with training children or vulnerable adults should complete Level 1 Safeguarding Training (Induction Training) which is available to download from the Diocesan website, tinyurl.com/edind. Once completed the form should be seen and countersigned by the Parish Safeguarding Officer or the incumbent, who will store it securely.[3]
- Any person requiring safeguarding training in either of the above categories MUST also complete a Confidential Declaration Form, tinyurl.com/edcdec. The completed form should be handed to the incumbent for secure and confidential storage.

A ringer does NOT require a DBS check if acting in a supporting role, unplanned one-off teaching or deputising in an emergency, providing two adults (preferably one of each gender) are present, or transporting children or vulnerable adults as part of arrangements between families.

Where there is cause for concern this should be reported to the Parish Safeguarding Officer or Incumbent immediately.[4]

1 The Parish Safeguarding Statement / Policy should be displayed in the church together with the name and contact details of the Parish Safeguarding Officer.

2 The Parish Safeguarding Officer will keep a register of Level 2 courses attended but ringers are advised to keep their own record too to ensure that their qualifications do not lapse.

3 It is only necessary to print page 9.

4 The Parish Safeguarding Officer or Incumbent will refer immediately to Suffolk County Council Customer First – 0808 800 4005.

**If there is risk of immediate harm call the police – 999**

Mary Garner

Safeguarding Officer, Suffolk Guild of Ringers

# Minutes of the Suffolk Guild Annual General Meeting held on Saturday 2nd April 2016 at Hadleigh

**1. Welcome, Thanks and Apologies**
The Chairman expressed the meeting's thanks to The Very Revd Martin Thrower for leading the service and to the Church for its hospitality.
The Chairman then expressed his thanks to Derek and Penny Rose and the whole team for an excellent tea.
Thanks were given to Philip Gorrod for demonstrating handbells this afternoon and to members of the BAC who were on hand to give advice.
£191 was raised for the Young Ringers to enter RWNYC 2016 in the raffle.
There was an excellent response to the subscriptions tabletop survey that Ralph Earey organised for the 2015 AGM which showed that responders would be largely supportive of a reduction / removal of age related concessions. Results and analysis are on the website
82 members signed the attendance book. 27 gave their apologies.

**2. Absent Friends**
The meeting stood for a minute's silence to remember: Matthew Warner, Benedict Powell, Jack Bennett, Mike Warren, The Rt Revd Clive Young, the Ven Terence Gibson, Dr John Blatchly, Sal Burrows and Peggy Mayle.

**3. Election of New Members**
Terry Langland (Hadleigh), proposer Richard Finch, seconder Derek Rose.
Judith Raven (Wenhaston), proposer Michelle Williams, seconder Philip Gorrod.
Duly elected.

**4. Matters Arising from the minutes**
None

**5. Officers reports**
Maurice Rose proposed and Carl Melville seconded that the reports appearing in the annual Report be adopted by the meeting. The Chairman thanked all the officers in advance, especially to those stepping down and those taking up new roles within the Guild.

**i. Ringing Master** Annual Report page 13
**ii. Secretary** Annual Report page 15

iv. **Technical Adviser/Belfry Advisory Committee** Annual Report page 11
**v. Public Relations Officer** Annual Report page 16
**vi. Magazine Editor**
Thank you to all those who have sent contributions to the magazine in the last year. I apologise if your piece has not yet appeared –sometimes it is not possible to fit everything in, or your piece has arrived after the copy deadline.
We have produced three issues since the last AGM and kept to much the same format each time. This means that the districts in turn are asked to provide the front and back pages, the chairman is given a slot and all the districts are invited to contribute some news of their ringing activities. On page 2 you will always find information about the deadline for the next issue and details of how to submit your articles.
After that we are keen to receive any other bell related stories, preferably with photographs. We are particularly interested in covering news of training events and of the activities of our young ringers. We would also like to congratulate bands or individuals on notable performances. Ideas for future articles would be gratefully received.

Especially thanks to our cartoonist who never fails to produce another episode in the lives of those well known ringers Bob and Sally.

I apologise for the unfortunate timing of the latest issue, which was delivered to the District Secretaries just after they had finished distributing the Annual Reports. This means that it is quite likely that some towers have not yet received the spring issue. Many thanks to all those who assist in distributing the magazine. - Sue Freeman.

**vii. Librarian** Annual Report page 15
**viii. Peal secretary** Annual Report page 48
**ix. Mini-ring and Handbell Trustee Report**
The Guild has four sets of handbells. 25 bells by Taylors size 20 in C (2 chromatic octaves), 16 bells generally by Shaw size 19 in F (diatonic 13 + 3 semitones), 13 bells by Warner size 20 in E (diatonic 12 + 1 semitone), 13 bells by various founders size 20 in F (diatonic 13).
They have been used intermittently during the year and currently the sets of 25 and 16 are back with the trustee. The two sets of 13 are in the NE and NW districts respectively. The bells remain in good order.
The Vestey Ring is sought after in the Guild and beyond and is used about 12 times a year. Details of its visits are on the Guild Website. There were signs of some wear and tear because of transportation etc. This was to be expected but ongoing maintenance would be needed. - Brian Whiting

**x. Webmaster** Annual Report page 16
**xi. Report Editor**
Hopefully by now you will all have had time to familiarise yourselves with the 2015 Guild Report. Production has been a labour of love, particularly with an early Easter bringing tight deadlines for completion.
For the first time, tower and correspondent details are provided together in one place. We have also made a good start on providing @suffolkbells.org.uk email address contacts for those towers with an email-able correspondent and ringable bells. Information has been cross checked against the website, but is still very much a work in progress.
If you know of additional correspondent email details, or have any other amendments to give, then please do let me know, so that details can be changed.
There are so many of you who helped make the Report possible this year. To everyone that contributed, even in the smallest way – thank you. Special thanks are due to District Secretaries and Treasurers, the peal team of Christine, David and Brian, to Neal for quarter peal data, Winston for tower details and to Chris Garner, our webmaster, for the massive task of setting up the Guild tower email addresses.
I have a final thank you to my ringing friends and family for proof reading the Report endless times and for putting up with me being grumpy. The Report is a true team effort. Thank you all; I couldn't have done it without you! - Michelle Williams

John Girt asked that postal addresses be re-instated. Some debate ensued and the chairman asked that John put his views to the GMC through Ralph Earey so that the GMC could discuss and provide direction to the Report Editor.
John Girt further pointed out to the Report Editor that elements of information had been omitted not only in the 2015 report but also from the 2014 report. The Chairman interjected to inform the meeting that there had been no proper handover to the Report editor and that under those circumstances he felt she had made a good job of a very difficult task.

**xii. Young Ringers**
Following a lacklustre start to the year, we are now in the process of organising a band and entering the Ringing World National Youth Contest. We are also now proud to have Ruth Suggett as our co-ordinator who will run the Young Ringers and give us some much needed expertise.
This band, who will be representing Suffolk in The National Youth Contest, will be travelling down to London and will be put through their paces in the heats. The successful teams from the heats will then go into the final and compete for the trophy.

With promising new ringers in each districts, particularly in the South West and North East Districts, we hope to produce some Young Ringers and this will give us a good boost, both in terms of numbers and the presence of Young Ringers in the Guild. - Ambrin Williams

**7. Trustees' Report** Annual Report page 9

**8. Central Council Report**
As seen on the website.

**9. Subscriptions and Peal Fees for 2017**
Fees this year remain unchanged. However, the results from the AGM 2015 survey show that removing age concessions to increase subscriptions revenue would be acceptable to respondents. The Chairman went on to remind members that one way to avoid future increases in subscriptions would be to recruit new members.

**10. Election of Officers for 2016/2017**
The Chairman thanked all the officers of the Guild, particularly those stepping down this year and to those who work behind the scenes.
The chairman made specific mention of Jed Flatters' contribution as Ringing Master and that of Richard Munnings as Public Relations Officer for five years immediately following his five years as Ringing Master.

There were single nominations for each of the following and the officers were appointed without the need for election

This year will be held in the NW district. 3rd Saturday of September. Gislingham area, Ring and Ramble in Thornham Walks with a picnic. Details to follow soon.

**17. Any Other Business**
Mary Garner has had over 500 membership forms back. It has gained more email addresses to aid Guild communications. There have been 90 or so amendments to Gift Aid. Mary asked that we make use of the membership secretary.

John Girt has brought with him a Guild report collection for people to take home if they wish. They date from 1971- present.

David Stanford asked that ringers make use of Clopton bells over the bank holiday weekend of May 30th, which is Clopton Church flower festival. They would like the bells rung all three days. Offers of peals and quarters welcome.

Mike Whitby said that Richard Munning's blog was interesting and useful to the Guild. Will he carry on? Richard said he would!

**REGULATIONS RELATING TO THE SUFFOLK GUILD HANDBELLS**

1 The Suffolk Guild handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustee. They consist of four sets of handbells:

| | |
|---|---|
| 25 bells by Taylors | size 20 in C (2 chromatic octaves) |
| 16 bells generally by Shaw | size 19 in F (diatonic 13 + 3 semitones) |
| 13 bells by Warner | size 20 in E (diatonic 12 + 1 semitone) |
| 13 bells by various founders | size 20 in F (diatonic 13) |

They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2 The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustee by the borrower and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustee if they are required by other member of the Guild. A member from another tower has priority over a member from the same tower as the preceding borrower.

3 The bells are the responsibility of the borrower, after he/she has signed for them, until they are returned to the Trustee by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of the Trustee.

4 The bells must be returned to the Trustee upon request. The Trustee should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.

5 If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6 The bells are maintained by the Suffolk Guild. Borrowers are requested to give a donation for their maintenance and insurance.

7 The Trustee is responsible to the Guild Management Committee for the administration of the bells and decisions regarding the bells can be revoked by that Committee.

**THE MITSON SHIELD, LESTER BRETT TROPHY AND ROSE TROPHY STRIKING COMPETITION RULES:**

1 The competitions shall take place on date(s) decided by the GMC.

2 All Ringing Members and Life honorary Members of the Guild may compete providing their subscriptions are paid.

3 The Mitson Shield, Lester Brett and Rose Trophies shall be competed for as follows:

Mitson Shield and Lester Brett Trophy

3.1 Bands shall comprise six ringers fulfilling at least one of the following:

a) at least four are listed under the tower in the Annual Report

b) The ringers are a bona fide benefice (or similar) Sunday Service or practice night band.

3.2 a) For the Mitson Shield the test piece will be 240 true changes of any recognised Doubles or Minor Method(s). Opening rounds will not be marked.

b) For the Lester Brett Trophy call changes of at least eight minutes marked ringing, to include Queens, Whittingtons and Tittums. Marked changes start when the first change is made.

**Rose Trophy**

3.3 Bands shall comprise eight members of a District or eight ringers representing a tower, of whom at least six are bona fide Sunday Service Ringers.

3.4 The test piece will be at least 224 true changes of any recognised Triples or Major method (s), of which only the first 224 changes, excluding the opening rounds will be judged.

4 Neither the Mitson Shield nor the Rose Trophy can be held by a band not complying with Rule 3.

5 The times of the draws are to be advertised in the Ringing World and each band must have a representative present at the relevant draw.

6 A total of two minutes practice ringing will be allowed before each test piece.

7 In the event of bands ringing Doubles or Triples, a cover bell must be used.

8 The Guild Ringing Master may, at his discretion, specify the method and composition which are to be rung. Any band ringing a method or composition different from that specified shall be unable to hold the Mitson Shield or Rose Trophy.

9 In the event of a large entry, the Ringing Master may choose to shorten the length of either test piece.

10 A reserve ringer, appointed by the Ringing Master, will be available at the Ringing Master's discretion, to bands meeting short.

11 A minimum of two judges appointed by the Ringing Master will be present. Their decision is final.

12 The Mitson Shield and the Rose Trophy are, and shall always remain, the sole property of the Guild, which may at any time give directions for their locations and safe keeping.

13 Interpretation of all rules is at the discretion of the Ringing Master.

# Foreword from the Chairman

This is the fifth foreword that I have provided for the Annual Report and it marks the conclusion of the maximum term that can be served as Chairman. The Guild has moved ahead in many ways over the last five years most notably in the areas of youth ringing and its increased prominence in public perception.

Once again I have had a sight of the Officers' reports that appear in the following pages ahead of publication as part of my preparation of this foreword, and once again I am amazed at the effort and the accomplishments of our Officers, our Committee members and our ringers.

I am going to keep this shorter than it might otherwise be by not summarising what you will find, you will have to read it for yourself. But there are a couple of things that I can not let go without a mention. Winston Girling highlights the massive amount of work undertaken and advice provided by the BAC. This is not ringing; this sleeves up, hard work on the one hand and investigation, consultation and report writing on the other. And ringing in Suffolk is the better for it. Efforts made in the arena of public relations are also not ringing; it might seem simple to do, but preparing press information and live broadcast interviews are hard work, I know from my very limited experience, and they are scary.

The other thing that emerges when you read these Officers' reports is the astonishing degree to which they refer to the achievements and commitments in other areas. This is perhaps the single most encouraging indicator that we are a healthy, progressive joined-up organisation.

The Ringing Master in his report returns a number of times to his theme of opportunity. An excellent principle and something we can all contribute to by creating and promoting opportunities for others in as many ways as we can; and then by supporting them in their endeavours.

And there is a real highlight in the Trustees' report where it is recorded that The Guild has been successful in being shortlisted for the Suffolk Heritage Award category within the High Sheriff's Awards. (I can now add, that on 15th February Neal Dodge and I attended the awards event at Wherstead Park Ipswich, and we were honoured to receive the award on behalf of the Guild).

Personally, these past five years have been hugely rewarding, but it is always good to have a change. A new Chairman will bring fresh energy and fresh ideas. Have I achieved all that I set out to achieve? Not entirely, but that is not so bad. I read somewhere recently that if you don't fail, you will never know how far you could have gone. That applies in so many ways to ringing. It's just great to keep going and testing those personal boundaries. Enjoy your ringing.

Read the report and be proud of our Guild.

Alan Stanley, Chairman

***Andrew Halsall, Polstead***

Andrew was taught to ring at Polstead by Ed Hynard and for over twenty years was a loyal and always reliable member of the Sunday band. He did not often ring at other towers, apart from on organised tower ringing tours, which he enjoyed very much. He loved to ring at weddings, particularly for local couples.

Andrew was always helpful, locking up the church after practice on a Monday night and always first to offer his rope to any visiting ringer, to whom he always introduced himself as 'the boy learner.' In his retirement, which was sadly cut cruelly short, Andrew enjoyed holidaying with his wife Maggie and their two 'westies' in their caravan. Locally he helped with the village lunch, became involved with the local shoot and was always busy with family and friends. A measure of his generosity to others was the fact that he was a regular blood donor, having donated blood on 98 occasions. He was looking forward to scoring his century, but sadly that was not to be.

He is very much missed in the tower and throughout the village.

***Susan Dalziel, Tunstall***

Susan was one those who responded to the challenge to join the campaign for new bell-ringers at the time of the millennium. Her real joy was to be able to ring for a church service and that is how we shall remember her. A loyal ringer at Tunstall but Susan also rang at Iken where on more than one Sunday morning she would ponder upon the many ringers who, on the same bells, had called people to worship over the last five hundred years or so. She is sadly missed by the local ringers.

***Canon Geoffrey Smith – Newmarket***

Geoffrey was rector at Walberswick and Blythburgh from 1972 – 1985, Halesworth 1981 - 1985 and Newmarket 1985 – 2000. He retired to Eastgate Street, Bury St Edmunds and until last year had helped out at the Cathedral and with funerals at the crematorium. He was a member of the Suffolk Guild continuously since 1973 being listed at Blythburgh 1973 – 1985 and Newmarket 1986 to date.

***Connie Wright – Rougham***

Connie came to Rougham when she married Les Wright. Maurice Rose taught her to ring, she only rang rounds and call changes but was a loyal Sunday service ringer and regular at practice nights. Connie passed away suddenly in August aged 92, a month after moving into a care home at Felixstowe to be near her daughter.

***Lord Bridges - Orford***

Tom spent his career as a UK Ambassador, with postings in Rome, Moscow and Washington. The family bought 'Great House' in Orford during this time, to be their base in Britain, and this was where he and his wife, Rachel, settled full-time on retirement (with Tom commuting down to London to sit in the House of Lords, where he was a cross-bencher). They were very involved in village life and when the plan to re-hang and augment the ring of bells at Orford for the millennium was decided, Tom and Rachel gave a significant donation to the project and also volunteered to be part of the new band of ringers. The team trained at Tunstall tower until the Orford bells were installed.

Rachel's death in 2005 was a terrible blow to Tom, but he continued ringing for some years. Sadly in his last few years he was afflicted by that distressing condition of Alzheimer's disease, which eventually meant he had to leave his beloved Orford to go into a specialist care home in London. The bells were rung at his funeral, where his great achievements and sincere personality were celebrated. We plan to have a quarter peal in his memory during 2018 at Orford.

***Derek Peck, Wetherden and Haughley***

Derek came late in life to bellringing whilst in his sixties. With his strong upper body strength from being a shoe repairer and keen gardener, he loved the feel of the bellropes and, of course, the sound of the bells. Derek was taught to ring by Ken Mulley of Wetherden.

The knowledge he gained through bellringing was a constant source of pleasure to Derek. He also rang at Haughley for services and attended Ixworth practice nights regularly together with his fellow Wetherden ringers.

Much to Derek's delight, his daughter Teresa joined the band at Wetherden to learn to ring followed by his son in law Graham, upon his own retirement, learning to ring at Buxhall.

Although poor health caused Derek's attendance to cease, he always loved to chat about whether Plain Hunt, Bob Doubles or Grandsire had been rung on practice nights.

Bellringing was a big part of Derek's retirement life, enjoying in particular, the camaraderie of being part of the Wetherden team. Derek left this life on 15th September 2017 aged 84.

***Frank Bloomfield, Hadleigh, Lincs and Felixstowe***

Frank was a Hadleigh boy and proud of it. Along with Ed Hynard he maintained that Hadleigh tenor had the edge on Lavenham's famous bell!

A capable ringer and conductor, Frank rang 331 peals up to Surprise Maximus. His work with Fisons took him to Immingham and while in Lincolnshire he came under the influence of Jack Millhouse and met his future wife Gwen (Rusby).

Frank liked teaching too and was a keen Sunday service ringer. On retirement to Felixstowe he and Gwen gave valuable help to the new eight at St John's. We've lost a good friend.

***Derek Martin, Easton***

Derek was brought up in Essex and worked for the BBC, first as a cameraman and then as a producer. He was a keen sportsman and at the earliest opportunity he transferred to the sports division working on programmes such as Grandstand and other outside broadcasts. As recently as 2010 he went to the Commonwealth Games in Delhi to cover the tennis.

Retirement meant he could develop his hobby of bird watching as well continuing with sporting activities including swimming, cycling and running. He competed in a triathlon aged sixty nine.

Derek learned to ring at Wickham Market and was elected to the Guild in 2008. He helped teach the next group of learners there. Ever keen to extend his skills he regularly attended practices at Ufford and Pettistree. Latterly Derek was a loyal member of the Sunday service band at Pettistree. He was always enthusiastic and had a great sense of humour, keen to share photographic tips and join in all the tower activities.

Derek died very suddenly in May 2017. The church at Easton was full for his funeral, with ringing before and after the service. Several quarters were rung locally in his memory.

He is greatly missed especially by his ringing friends.

# Trustees' Annual Report

The Trustees present their report and financial statements for the year ended 31 December 2017.

**Charity**

The Suffolk Guild of Ringers was registered with the Charity Commission on 10 December 1975, registration number 266869. The Charity's registered address is 2 Fredellen, Upper Street, Witnesham, Ipswich, IP6 9EW. It is governed under a constitution originally registered in 1977 and most recently revised in 2017.

**Principal objectives**

The purpose of the Charity is to promote and encourage the practice of bellringing within the Diocese of St Edmundsbury and Ipswich; to recruit, train and encourage bellringers in the practice of their art; to cultivate the art of scientific change ringing; and to promote and advise on the preservation of bells in an efficient condition.

**Trustees**

The Trustees during the period were:
Chairman, A F Stanley, Secretary, C N Melville, Treasurer, O P Claxton

**Review of Progress and Achievements**

**Bellringing -** 103 peals were rung in 2017, 4 less than 2016. Peals were rung in 41 Suffolk towers. There was a drop in the number of successful 10 and 12 bell peals. Peal attempts had been arranged, but lost, however they are still a very useful learning experience.
In 2017, at Suffolk Guild venues, 439 tower bell quarter peals and 2 handbell quarters peals were rung. These involved 379 bellringers, 71 conductors, and 97 venues across the county. Over all, the number of peals and quarter peals rung suggest a healthy level of activity through the Guild. In addition most towers hold a regular practice night and ring for Sunday services, and special occasions.
The number of training programmes used to develop the skills of new, and established ringers, and those new to teaching people to ring, has increased. These are proving to be a valuable aid and a skills investment for the future.

**Restoration activities -** Members of the Belfry Advisory Committee have been very active through out the year, carrying out inspections and making repairs to installations. Over 23 towers have been inspected. Some required minor work like at Chevington, where loose bolts and a noise problem were the issue, others sought support and advice on routine maintenance. At Horringer, on completion of the £110,000 tower restoration and installation of a complete ring of new bells, the finished work was thoroughly inspected, and deemed as meeting the required standard for payment of the Guild £12,000 grant.

The Guild has been successful in being shortlisted for the Suffolk Heritage Award category within the High Sheriff's Awards which recognises and rewards a society, voluntary group or other organisation, that cherishes Suffolk's history, heritage or built environment and that helps people access and understand that heritage.'

**Guild Finances**

**Reserves Policy -** In line with advice from Larking Gowen, the appointed examiners for the Guild, the Trustees have formulated a Reserves Policy. The Guild will expect to hold at the bank, a surplus of approximately one years running costs.

**Policies -** All money in the Guild's funds not required for day-to-day working purposes is invested or deposited by the Treasurer, as directed by the Guild Management Committee. Grants from the Restoration Fund are authorised by the Guild Management Committee but are only paid after completed work has been approved by the Guild Ringing Master and the Technical Adviser. Grants are normally only offered for work to restore bells and their fittings for full-circle ringing, but may include augmentation and other ancillary work associated with any such project.

As an enabling measure, the Public Relations Officer has been given a budget. The purpose being to enable greater flexibility, and faster reaction, to PR recruitment opportunities when they arise.

General Fund Compared with the 2016 account, income to the General Fund increased by 8%, although, as is always the case, some categories have increased, others decreased. Expenditure was 10% less than 2016. There were no exceptional items. Net income 48% up on 2016.

**Restoration Fund** - The Restoration Fund stands at £69,942. There are four grants outstanding, totalling £27,250. That for St Margaret's Ipswich, of £12,000, is expected to be claimed in early 2018. That for Little Cornard, of £10,000, is for work still in progress. That for Cretingham, of £4,000, is expected to be claimed in early 2018, as is the grant for Offton, of £1,250. No other funding requests for restoration work have been received.

**Summary:** In 2017, there was an increase in the General Fund balance mainly because of decreased expenditure. All restricted funds have a positive balance. There are no new funding requests for restoration work.

# Belfry Advisory Committee Report—Winston Girling

2017 has been a demanding year for the Committee. A number of major restorations are at various stages at the close of the year and there are several other towers where Alan Moult and I have visited and reported with a view to future restorations.

I am pleased to report that the new peal of eight bells at Horringer are now up and running and excellent reports are being received from all who ring on them. Congratulations to everyone at Horringer and beyond who worked hard to see this project through.

Other restorations in progress are Little Cornard where the bells were removed from the tower by Taylors in November. Also in November the bells were removed from Redgrave where the 1700's timber frame is to be repaired and the present six returned to it. At Cretingham the bells were removed in October and should be returned soon. These bells will be augmented to six. St. Margaret's Ipswich has had the new frame support beams installed and a new, steel frame will be erected in January beneath the existing frame which will remain in place. In February the bells will be installed in the new frame.

Stowmarket are busy raising funds for re-hanging in a new, steel frame and augmenting to ten. Laxfield are likewise raising funds to install a new, steel frame lower in the tower and augmentation to eight.

A replacement sixth bell for Offton has been cast and is awaiting installation. At Brandeston the fourth bell has been removed from the tower and is waiting for welding to repair a crack in the crown. The clappers have been returned to St. Matthews, Ipswich, and Bacton following re-bushing. A new chiming apparatus is being installed at St. Clements, Ipswich and Katherine and David Salter are carrying out cleaning of the tower and bell chamber and painting of the metal frame. It is hoped that the profile of this tower can consequently be raised. Other work is also being carried out at Tattingstone. Neville Whittell is in the process of carrying out work on the bells at Hintlesham.

The Guild has been asked to assist with removing a single chiming bell at Nettlestead and your advisor and Alan Moult will be taking the bell out in early January. Nicholson's are to ultimately restore and re-hang this bell on some new steels so that it can be safely chimed.

Your advisor has sadly had to recommend that Mendlesham are no longer rung in full circles as these bells now require a major restoration and are well beyond any limited repairs to keep them ringing. Cotton bells remain out of action because of the condition of one of the main timber support beams.

The Guild has purchased a chain hoist for use by the Committee and strict safety rules apply to its use. The hoist is presently held by Jed Flatters.

I would like to thank all the Guild Members, Committee Members and others who have worked so hard to keep our bells up and running and continue to do so. Many small jobs are therefore resolved on almost a daily basis. I have no doubt that 2018 will be just as challenging! If I have missed anything or anyone out I apologise.

# Ringing Master's Report –Tom Scase

In this report last year, I highlighted what I consider a fundamental objective of the Guild: to promote and deliver opportunities in ringing. Bearing this in mind, 2017 had glimpses of what we can achieve. There is, however, more to do. In 2017, through the role of Ringing Master, I sacrificed more time than I'd have liked to, in relation to issues that have no direct correlation with the notion of opportunity. In 2018, I'm hoping a greater proportion of this time can be spent focusing on promoting ringing opportunities.

I attended the four Annual District Meetings at Buxhall, Halesworth, Boxford and Brandeston and it's encouraging to see the majority of District roles filled. Attendances remain low as a proportion of District members. There is no mandate to attend – it would be good, though, if more members were inclined to participate.

The Guild Striking Competitions in May provide a good opportunity for bands to concentrate on achieving good striking. The 2017 six-bell competitions were held at Walsham le Willows. Congratulations to Ipswich, St Mary le Tower and Pakenham on jointly winning the Mitson Shield method competition and to Hollesley on winning the Lester Brett call change competition. The eight-bell competition was held at Horringer. Congratulations to the North East District on winning the Rose Trophy competition, in what was a close result, with only a few faults separating the four teams. Our thanks go to Faith Pearce and Richard Carter for judging.

The Ridgman Trophy was held at Great St Mary, Cambridge, and the ten ringers representing the Guild did reasonably well coming fourth – still plenty of room for improvement! The 2018 competition is being held at St Peter's, St Albans; let's see if we can succeed.

For the last 25 years, Muriel Page organised the annual Veterans afternoon at Debenham. In 2017 Jenny Scase and Margaret Cherry took over the reins and, as usual, an enjoyable afternoon ensued.

I'm pleased to hear the second Tuesday mid-week ringing continues with monthly visits across the county. If you're looking for an opportunity for more ringing, check the monthly What's On – I know you'd be welcome.

The South East District hosted the Guild Social and while there was little enthusiasm for the ringing on offer, the main event, the Barn Dance, was a great success.

Once again, quarter peals have been rung throughout Suffolk and provide an excellent opportunity for progression. There were, however, fewer quarter peals in 2017 compared to 2016, and indeed the 2017 total is around 100 fewer than 2015. Pettistree retains its status as the leading tower, and Lesley and David Steed remain the most prolific quarter peal ringers. Neal Dodge's quarter peal analysis again makes fascinating reading – thanks Neal for compiling this – and details a number of impressive personal achievements. Eight ringers rang their first quarter peal – well done to Paul Ashton, Gill Durrant, Joe Findlay, Dave Goodlad, Joan Puckey, Jill Rood, Penny Rose and Jimmy Yeoman.

Four fewer peals were rung for the Guild in 2017 than in 2016. What's more noticeable, though, is significantly fewer people rang peals for the Guild in 2017. 89 in 2017 compared to 123 in 2016. Mark Steggles was the only member to ring their first peal during the year – congratulations Mark. With the re-introduction of peal-week (in February 2018), I hope this goes someway to encouraging wider participation and recognition of the merits of peal ringing.

Thanks to *Pealbase*, I congratulate the following on their achievements: 3,500th peal and 1,750th peal for the Guild: David G Salter; 1,700th peal Jeremy W Spiller; 1,600th peal: Katharine J Salter; 1,300th peal as conductor: Stephen D Pettman; 1000th peal for the Guild: Alan P Mayle; 950th peal: Brian E Whiting; 500th Peal: George M Salter; 500th peal and 100th peal as conductor: Louis P H Suggett; 450th peal: Mary S Garner; 350th peal: Ian J Culham; 300th peal: Peter W Harper. Apologies if I've missed any.

Throughout the year, I've attended the Belfry Advisory Committee (BAC) meetings. The amount of time, effort and commitment that BAC members demonstrate in offering their expertise, advice and carrying out work, often goes unseen. We should be extremely grateful to Winston Girling, the BAC members and others for all their efforts in helping maintain our rings across the Guild. The restoration at Horringer concluded during 2017 and an excellent ring they are. A number of other restorations are underway and, with others in the pipeline, it's an exciting time.

The restoration of rings inescapably leads to the question of recruitment and retention of ringers. The publicity already arising from the national linkage between ringing and the commemorations of the 100th anniversary of the end of World War I, provides an opportunity for the Guild to increase the awareness and profile of ringing in Suffolk. The Recruitment and Training committee has a role to play in this. Indeed, a significant donation from the Golden Bottle Trust, of £5,000 (to aid in the teaching of ringing within the Guild), will require careful consideration in relation to how it's best utilised. We must thank Jacky Savage for her efforts in helping secure this grant.

If we all do more ringing in 2018, including for as many services as possible, we'll continue to provide opportunities and promote ringing across Suffolk.

## Guild Handbells & Mini Ring Trustee's Report—Brian Whiting

**Handbells**
The Guild has four sets of handbells:
25 bells by Taylors size 20 in C (2 chromatic octaves)
16 bells generally by Shaw size 19 in F (diatonic 13 + 3 semitones)
13 bells by Warner size 20 in E (diatonic 12 + 1 semitone)
13 bells by various founders size 20 in F (diatonic 13)

The set of 25 and the set of 16 have been used for tune ringing during the year and currently all sets are back with the trustee, with the exception of one of the sets of 13, which is in the NE district. The clapper of the 15C of the 25 broke and is to be replaced otherwise the bells remain in good order.

The loan of any of the sets of handbells is subject to the regulations printed on page 85 of this report.

**Vestey Ring**
The Vestey Ring is a portable peal of six, tenor 8lb 5oz in B. Three promotional banners are available with the miniring. Details are available at http://www.suffolkbells.org.uk/towers/vesteyring1.php

The bells had six outings during 2017, all in county, details of which can be found at http://www.suffolkbells.org.uk/vesteyringbookingsall.php

## **Secretary's Report -** Rev Carl Melville

The past year has seen a huge amount of change from the Central Council as they further develop and strengthen their strategy and aims.

My role as secretary is primarily for Guild meetings. There is now a fantastic team of people who do so much of the communication side of the job, including Chris Garner as webmaster, Sue Freeman as newsletter editor, Neal Dodge as PRO as well as the many others who share in the Guild's secretarial running. I'd also like to thank the Chairman for taking on the organisation of the Guild Dinner this year, which sadly, due to time constraints, I simply could not manage.

There will be a number of changes throughout the Guild that correspond with a change in the law or in Diocese policy. Two of the biggest you may hear about will be the Data Protection policy and the new Safeguarding initiatives. Although it's easy to discuss or moan about such topics, please do work with those involved in implementing any changes to ensure the smooth running of the Guild and the enjoyment of ringing for all.

Finally, thanks to those on the GMC and within the Guild who support my role as secretary.

## **Membership Secretary's Report -** Mary Garner

The total membership by the end of 2017 was 747, compared with 727 in 2016. Forty five new members were elected during 2017, including two NRLMs who moved into our Diocese. Ten current or recent members passed away. Thirty people did not renew, a handful "rejoined" and a small number moved away.

If a ringer in your tower is ready to join the Guild please ensure that an Application Form is completed and passed to your District Secretary, together with their subscription, for their election. Once the form is received by the membership secretary a welcome letter from the chairman is despatched together with a leaflet which contains information about Guild contacts and the Central Council of Church Bell Ringers and more besides. A certificate of membership is prepared.

If you move house, change your email address, change home tower, wish to be added to or removed from the Gift Aid register etc., please don't forget to let me know.

## Public Relations Officer's Report - Neal Dodge

2017 was another bumper year for ringing publicity, and kicked off with the AGM where the NE organising committee and specifically Kate Gill not only laid on the arrangements for a fabulous day in Beccles but got the event covered by the local press. Who said AGMs were boring!

In May, Jonathan Williamson (the SE District Ringing Master) and I were invited on to BBC Radio Suffolk's Jon Wright show, where he admirably tried to make sense of a Stedman single as part of publicity for the Guild Striking contest. This provided some excellent coverage of the little known competitive element of our art and was one of numerous radio features that ringing was given in 2017: thank you to all those who spoke so passionately about ringing in Suffolk.

Then came the inaugural Suffolk Day in June where 17 towers rang out across Suffolk in celebration of our wonderful county, a great achievement given this was a weekday. Rowan Wilson was interviewed live on Radio at the Norman Tower and several column inches in most of our local papers were given over to ringing. Suffolk Day 2018 is planned to be bigger and better, so if your tower can ring at anytime on the 21st June, please let me know and hopefully more towers can ring out on this special day.

Bell Restorations continued to attract welcome attention with Horringer, Little Cornard, and St Margaret's Ipswich all being featured by press, radio, and even television. This provides the public with an important reminder of the role we play in keeping our heritage alive. I look forward to future restorations at places like Stowmarket and Laxfield developing this further.

There's also the internal side of public relations in communicating to Guild members, so I must pay tribute to the professional dedication of Sue Freeman in diligently editing our magazine, John Taylor for keeping our diaries up to date with 'What's On', Chris Garner in maintaining our extensive and ever useful website, and to Richard Munnings for writing his daily blog on ringing in Suffolk. Richy's blog is unparalleled in the exercise and still manages to be an interesting read more than 10 years on from his first entry!

On the social media front, our twitter account @SuffolkBells, continues to grow with our tweets being seen by around 5,000-10,000 users a month. It's become a great way to interact with the public and other organisations who comment about ringing.
The lively debate continues on our Guild Facebook Group with over 200 members. Please do sign up and join in the conversation.

The most unexpected and delightful element of 2017 has been the sheer volume of enquiries I've received from the general public who want to learn to ring, with the vast majority coming as a result of a pieces of publicity, which makes all our efforts worthwhile.

November 2018 will mark the 100th anniversary of the end of WWI. The plan proposed by our Ringing Master and myself is to have every tower in our Guild ring out at some point on Sunday 11th November. This will be part of the national ringing campaign, 'Ringing for Peace: Armistice 100.' We feel this is an appropriate way to commemorate this solemn occasion and is achievable if we all plan ahead. Please get in contact if you are planning to ring so Guild Officers can identify the gaps. We've already had one radio interview and press article on this, so this will certainly attract a lot of attention.

If you're doing some special ringing or having an open day please let me know as I'd be happy to help publicise or provide promotional material for your occasion. Equally if you're having complaints or trouble dealing with an organisation please do get in touch. It's what I'm here for!

Lastly, but most importantly I must thank all 700+ of you, because you are all ambassadors for ringing, as most people take that first step based on encouragement and explanation from you as their friends or family. So my challenge to Guild members this year is to speak to your colleagues, neighbours, friends, and family and tell them what a great time can be had when you climb the tower steps and go ringing!

## **Librarian's Report -** Abby Antrobus

This year a significant addition to the library is a donation made by John Symonds, whose father, grandfather and great-grandfather were Dennis, Stedman Harry (1889-1966) and Arthur Symonds (b.1858), who are particularly associated with Lavenham. John has given papers relating to Essex to the Essex Association, and, to the Suffolk Guild, a collection of papers relating to our county. These include personal ringing records, beautifully inked peal records dating to 1895-1900, diaries, ringing notes, pamphlets, newspaper clippings, postcards (often written with correspondence between ringers) and cards recording peals and handbell peals, dating to 1913-15. Of particular relevance to the centenary of Armistice in 2018, the collection includes the ringing diaries of Arthur and Stedman Harry Symonds which span the Great War. John would like the papers to be safe and accessible to those who would like to look at them, and we will entrust them to Suffolk Records Office along with the rest of the Guild historic archive. John has also generously given a set of handbells to the Guild, which were rung by his family in the Lavenham area.

I have a request for Michael Milsom's *'Bells and Bell Founding'* (published 2017) – do get in touch with any other suggestions for additions to the library.

Each year, John and Shirley Girt donate copies of *The Ringing World* to the library to keep our run going. A point that we may like to consider is whether the Guild would like to continue to collect paper copies of the Ringing World, or whether people would be more likely to use digital resources?

## **Webmaster's Report**—Chris Garner

The Guild Website now contains over two thousand pages. Information about towers, bells, ringers and events is constantly updated. Photos and snippets of news can be sent to the Webmaster for posting on the web site. *Richy's Blog* is now in its eleventh year and is posted daily, generating friendly repartee on *Facebook*. The Guild also has a *Twitter* account (@SuffolkBells). Thank you to all those who have made contributions.

Various sections of the Guild may be contacted by email: all Members (488), Tower Correspondents & Email Contacts (147), NE Members (98), NW Members (121), SE Members (171) & SW Members (95). The addresses are known only to the Webmaster and the Membership Secretary. If you would like information distributed, please send copy to the Webmaster who will do this.

All 35 Guild and District officers have @suffolkbells.org.uk email addresses. This makes things easier when personnel change.

A significant number of emails are returned as undeliverable so, if you change your email address, don't forget to let the Membership Secretary (*membership@suffolkbells.org.uk*) know.

## **Magazine Editor's Report**—Sue Freeman

Firstly, I have to apologise for only having produced two issues of the magazine in the last year and for sadly having retired now from this post. This was due to family illness and associated commitments. There just wasn't time for the magazine, which took many, many hours to put together each time. Thank you everyone who helped in any way, particularly the regular contributors.

I have very much enjoyed being involved with the production of the magazine since its first issue in the spring of 2010 when I managed to feature Polstead on the very first cover!

I hope, under a new editor, that the magazine will go from strength to strength.

Please note that the classification is based on the condition only at the last date of inspection, and any enquiries or requests for further inspections should be directed in the first instance to the Suffolk Guild Technical Advisor.
The key of a ring (i.e. the note of the tenor) is given in cents (i.e. hundredths of a semitone) from the given note; usually, for simplicity this is a white note. In explanation there are 1200 cents in an octave; a key given as C+80 could be written as C#-20m and the notes given are those of the standard equal tempered scale with note 'A' vibrating at 440Hz.

Code: G Ground floor ring
A Anticlockwise rope circle
D Detached tower
R Round tower
S Simulator

The Suffolk Guild of Ringers will not support or condone any attempts by its members or indeed anyone else to ring on bells which are classified as condition 3 or below. At these churches the Suffolk Guild Technical Advisor or deputy, and if necessary the architect concerned, must be present when assessment of the bells or tower is taking place.

## District Report

The District continued to work on developing skills, recruiting new ringers and electing new Members. 18 new Members were elected during the year.

Our Ringing Programme for 2017 was developed after two productive liaison meetings with tower representatives and included events every month for differing levels of abilities, ranging from listening and better striking skills, to improving eight bell ringing, and ringing up and down in peal. There was also a handbell event, which was much enjoyed. It was pleasing that most of the events, especially those focused on less advanced ringing, were well attended, including by some Members who were elected during the year.

The District Quarter Peal day in August consolidated some of this learning, with firsts in methods for some, with 7 out of 8 quarters scored.

Two towers in the District, Yoxford and Laxfield, have had notable success in attracting new ringers. Other relatively new bands continue to improve, as evidenced by the good call changes performance in the District Striking Competition by Metfield.

An ART follow up session was held in March. Some of our newly trained teachers have had the opportunity to start teaching, with some towers having recruited new learners.

The importance of observing safeguarding requirements, as set out in the Guild Safeguarding Policy, has been reinforced at each District meeting and the ADM.

The District was pleased to host the Guild AGM in April. The event went well, both in terms of the arrangements for the meeting and tea, and the ringing in various towers beforehand. Thanks are due to the many people who helped with manning towers, making goodies for the tea and helping on the day.

## District Report

We started the year with our annual visit to the Norman Tower followed by a carvery lunch at The Bunbury Great Barton.

Once again we used the same format for our District Practices – a quarter peal followed by open ringing. These have proved successful with local band members being included where possible, and in some cases a 'first' was achieved.
November - Great Barton (Cambridge S Minor – Sally Veal's first of treble bob on the treble), February - Bardwell (Lincolnshire S Major), March – Great Finborough (Doubles), April – Eye (attempted Grandsire Triples), September – Exning (Doubles – Jimmy Yeoman's first QP), November – Thornham Magna ( Grandsire Doubles).

The NW District hosted the Guild Striking competitions in May, the 6 bell at Walsham Le Willows and the 8 bell at Horringer. We were represented in the 6 bell competition with teams from Pakenham, who came joint first in the Mitson shield, and Great Barton who came 5th in the Mitson shield and 2nd in the Lester Brett trophy (call changes). In the 8 bell competition, the District team came second.

Quarter Peal week was held from 27th May - 4th June. We again held a quarter peal afternoon/evening on the Friday (2nd June). Five quarters were attempted starting at Tostock, then on to Wetherden, Woolpit, Stowmarket and Buxhall followed by a meal at Onehouse. A total of 31 people (including ringers from the SE & SW Districts and Essex) took part over the week with 12 quarter peals scored at 12 different towers.

In June we held a training morning on Plain Hunt at the Norman Tower, this was followed by a District visit to Eye with 6 members of their band attending along with 7 helpers.

In July the District outing was to the Downham Market area with 16 ringers attending.

## District Report

At November's ADM, Ralph Earey as outgoing Chairman was pleased to report that the District is in good form, with an event held every month and with increased attendances at practices. We started 2018 with a recorded attendance of 29 people at January's practice at Pettistree.

Jonathan Williamson has built on the good work that Tom did as Ringing Master, and in addition has introduced some new ideas to bring focus to district practices, with clear objectives advertised in advance. Special effort to ensure that there have been sufficient numbers of experienced helpers at sessions has helped make sure that those with less experience got the full benefit from them - an approach which has paid dividends.

The District training day was held on April Fool's Day at St. Mary-Le-Tower, covering Stedman Triples. The session was a sell out and the theory was well received by the pupils making the most of the facilities available at Church House. There is an open invitation for District members to let the Ringing Master know if they have any further ideas or requests for training sessions.

Sat 16th September 2017 saw the district hosting the Guild Social, a Barn Dance in the Tithe Barn at Sproughton, for which over 80 tickets were sold. The Guild danced to the popular band, Inertia Reel, with additional entertainment from Acafella, and enjoyed a fish and chip

supper and a bar serving a variety of drinks, including real ale. Whilst the event was never designed to make a profit, £209 in proceeds were sent to Guild funds.

At the ADM, vacancies of Chairman, Secretary and Treasurer were duly filled. The complement of GMC reps is consolidated by Jenny Scase and Eric Brown, who have volunteered to act as reserve reps. Thanks are given to outgoing committee members who have given freely of their time over the years.

## District Report

We have had a very good year with 10 new members being elected – Well done: to Clare, Glemsford, Hadleigh, Kedington, Lavenham, Long Melford, Nayland and Sudbury St Gregory. There have been 8 District Practices, an ART Handling Confidence Course, Striking Competition, Mini Outing, Open Day and ADM with average attendance at 17.

At our district striking competition at Woolpit: Hadleigh won the call-change competition, followed by Rattlesden; Woolpit won the method competition followed by Kersey. In the Guild competitions Woolpit came 7th in the Mitson Shield (6 bell method) and the SW District came 3rd in Rose Trophy (8 bell). Congratulations to all those who had the courage to take part!

Our Open Day raised a fantastic total of £842 towards the restoration of the bells at Little Cornard. Thanks go to David Lee for organising, John Taylor for help with the plans and John Hall for helping to remove the bells to Loughborough.

Thanks also go to David Lee and Richard Finch for organising enjoyable ringing tours, Tony for his full and very comprehensive accounts, Derek for running the show, despite having health issues, and Sue for keeping the magazine articles fresh and interesting. We are sorry to lose Derek Rose and Sue Freeman to family commitments and would like to thank them for all their help and support over many years.

We welcome Paul Ebsworth as our new Ringing Master and Richard Gates as our new Magazine Correspondent. The Quarter Peal Month in August is the time for lots of you to ring a quarter peal. Now is the time to book a date and a tower and ask for help if you need it. There are plenty of ringers available, who would love to help you, so please ask Paul or Pam to help you to complete your band.

# **Peal Secretary's Report**—Christine Knight

The peal total of 103 in 2017 was very similar to that of the previous year. Peals were rung at 41 Suffolk towers and just two venues out of county, Colchester, St Peter, and Great Ryburgh in Norfolk. One of the highlights of the year was the completion of the project to install a new ring of eight at Horringer. The superb new octave was pealed for the first time to Double Norwich CB Major on 18th March, conducted by Brian Whiting. The last peal of the year was at Thurston, where the five bells were augmented in 2012, but the peal rung there on 28th December was the first on the six.

Nationwide, World War One centenary peals continued throughout the year. Individual ringers who made the ultimate sacrifice were commemorated at Helmingham and Monewden. At Helmingham, a 5100 of Yorkshire S Major, which was specially composed by Stephen Pettman, was rung on 19th August to honour Lance Corporal Albert Staff, who had been a ringer at the tower. A peal of Minor (7m) at Monewden on 26th September was rung on the centenary of the death of Private Percy John Garwood, who was a ringer at Stanstead. There were also peals to commemorate other local men who gave their lives at Great Ryburgh, Cavendish and Poslingford. The Platinum Wedding Anniversary of HM Queen and HRH Prince Philip was celebrated with a large number of peals across the country, a record of which was presented to the Palace in a special edition of 'The Ringing World'. Two peals from Suffolk appear in this collection, a peal of Eves S Major rung at The Wolery Mini-Ring on 15th November, and on the anniversary day itself (20th November), a specially composed 5070 of Platinum S Major, which was rung at Sudbury, St Gregory.

There were several other noteworthy peals during the year. Footnotes to a peal of 5250 Plain Bob Major at Debenham provide a glimpse into the rich history of peal ringing in Suffolk. The special length marked the 250thanniversary of a long length of 10,080 Bob Major rung there on 16th March 1767. It has been good to see more handbell peals rung for the Guild. At Bacton on 25th March, a peal of Spliced Surprise Minor in 41 methods was rung by a resident band, conducted by Jeremy Spiller. This was the first performance of 41 Spliced on handbells for the Guild, a performance which was repeated by the same band on 18th July. Another notable peal was 23 Spliced S Major, which was rung at Bardwell on 27th June, conducted by Louis Suggett, and using his own composition. This composition was then called again by Louis at Ixworth on 18th July, on the very same day that he called the second performance of 41 Spliced S Minor on handbells, a magnificent achievement. Each of the 23 Spliced peals contained four resident members. 23 Spliced S Major has been rung only twice before for the Guild. Then Master, Howard Egglestone, organised a series of peals, which culminated in a peal of 23 Spliced 'all the work' to the famous Norman Smith composition at Grundisburgh on 11th July 1972. This was a remarkable feat as it was rung with a resident band. More recently, J R Taylor's arrangement of Smith's composition was rung at Hollesley on 1st December 1990, but with only two resident members in the band.

Second Sunday peal attempts continue at Aldeburgh, and it was in a peal of Yorkshire there on 12th November that David Salter reached the impressive landmark of 500th peal of Surprise Major as conductor. Monthly attempts also continue on the light eight at Ipswich, St Mary-le-Tower. It has been pleasing to see one first of 5, and then 6 Spliced S Major and two firsts of 8 Spliced there during the year. A first of 8 Spliced was also achieved at Grundisburgh and there have been firsts of Double Norwich CB Major, Yorkshire S Major and a first on ten. The trend in Guild peal ringing has moved significantly towards peals of Major, with 54% of the overall peal total being of Major, as opposed to 43% in 2016. This has provided many opportunities, but the majority of those taking part are already experienced peal ringers. There was only one first in a Standard Eight method in the whole year and few firsts in peals of Minor, reinforcing the point made previously that we are still waiting for the next group of promising young ringers to become established on the peal ringing scene.

On a more positive note, of the six ringers who rang peals after long gaps in 2016 (one as long as 50 years), all but one rang further peals in 2017. It had seemed that we might not have a first pealer in 2017, but hearty congratulations go to Mark Steggles, who rang his first peal, Plain Bob Minor, at Bacton on 23rd December. There have been other noteworthy milestones during the year. Alan Mayle is to be congratulated on becoming the sixth person to ring a thousand peals for the Guild on 9th April at Aldeburgh, and Stephen Pettman and Jeremy Spiller for having conducted a peal on every day of the year.

Twelve bell peals often contain quite high proportions of Non-Resident Life Members so statistics about the Guild's twelve bell activity can be unrepresentative of the involvement of the resident membership in peals on higher numbers. Nonetheless, it is very disappointing that there were no twelve bell peals at all in 2017. Not since 1976 has there been a year with peals of neither Maximus nor Cinques. In fact, the only peals rung on more than eight bells in 2017 were two peals of Yorkshire S Royal. Ten and twelve bell peals are an essential element in progression. Several talented younger peal ringers have left the county in 2017 so it is to be hoped that the young ringers about to start their peal ringing careers will have as many opportunities as possible. The Master's re-introduction of Guild Peal Week in February 2018 is a very positive step and, at the time of writing, plans are taking shape for a variety of 'firsts'. Once again, I should like to thank Michelle Rolph, David Salter and Brian Whiting for all their hard work on the peals section of this Report.

First performances for the Guild during the year were:

# Safeguarding Statement

The Suffolk Guild of Ringers takes the safeguarding and protection of children (under 18s) and vulnerable adults very seriously. It recognises that the welfare of children and vulnerable adults is paramount and that we have a duty of care when they are in our charge. We will do everything that we can to provide a safe and caring environment whilst they attend our activities. All children and vulnerable adults will be treated with respect and dignity.

# Safeguarding Policy

The Guild, as advised by the CCCBR, follows the national "Promoting a Safer Church" policy as adopted by the diocese of St Edmundsbury & Ipswich:

- Local tower arrangements should always be approved by the PCC in line with the Parish Safeguarding Policy[1]. The Tower Captain should have a copy of the Parish Safeguarding Policy and ensure that ringers have access to it.

- All ringers should complete the online safeguarding training course 'C0' as advised by the PSO[2] or Incumbent for the tower where they are listed. It is accessible via this web address https://safeguardingtraining.cofeportal.org/ The certificate awarded should be retained and the date of completion notified to the PSO.

- Tower Captains and ringing teachers must complete 'C0' first, then attend a "face to face" half day course, 'C2 Safeguarding Leadership', in the Diocese every three years.[2]

- All Tower Captains and ringing teachers MUST hold a current clear DBS check status **IF** their role includes the training of children or vulnerable adults.

- Any person requiring a DBS check must first complete a Confidential Declaration Form, available here http://www.cofesuffolk.org/uploads/safeguarding/014_Confidential_Declaration_Form_-_Revised_Sept_2015.pdf The completed form should be handed to the Incumbent or PSO for secure and confidential storage.

A ringer does NOT require a DBS check if acting in a supporting role, undertaking unplanned one-off teaching or deputising in an emergency, providing two adults (preferably one of each gender) are present, nor for transporting children or vulnerable adults as part of arrangements between families.

**Where there is cause for concern this should be reported to the Parish Safeguarding Officer or Incumbent immediately.[3]**

---

1 The Parish Safeguarding Statement / Policy should be displayed in the church together with the name and contact details of the Parish Safeguarding Officer.

2 The PSO, Parish Safeguarding Officer, will keep a register of C2 courses attended but ringers are advised to keep their own record too to ensure that their qualifications do not lapse.

3 The Parish Safeguarding Officer or Incumbent will refer immediately to Suffolk County Council Customer First – 0808 800 4005.

## If there is risk of immediate harm call the police – 999

The Treasurer and Treasurer acted as tellers 102 members were counted as being eligible to vote.

**14.1** Insert at the end of Rule D7 the sentence: *At any AGM or SGM a quorum shall be 5% of members eligible to vote.*
A discussion was held about the rule change. Members questions if we even had 5% of membership here today? Trevor Hughes, stated that he thought 5% was too small a percentage of membership. Questions were raised about the rule being vague in its wording.
Alan Stanley Proposed the change and Carl Melville seconded.
In favour 74. Against 14. Abstentions indicated 6
Amendment passed.

**14.2** To amend Rule J 9.1 to: *Nine members of the committee shall constitute a Quorum*
Alan Stanley Proposed the change and Carl Melville seconded.
In favour 81. Against 0. Abstentions indicated 3.
Amendment passed.

**14.3** Replace rule H 5, with the two new paragraphs H 5.1 and H 5.2 as below.
*5.1 Any person resident outside the Diocese who wishes to be associated with the Guild may be elected a Non-Resident Life Member. A one-off subscription is payable by such members.*
*5.2 Any Non-Resident Life Membership ceases if the member takes up residency within the Diocese. The person may become a Ringing Member, without re-election, provided that the person was previously elected as a Ringing Member. The person must then pay the appropriate subscription.*

A discussion was held about the rule change. David Salter commented that the rule does not reflect what we want to happen in practice. It was noted that any person who rings in Suffolk should be eligible to be a Guild member. A discussion about a particular case was held and the meeting felt this was against Guild Rules. It was noted that the rules required residency.
Jed Flatters said that NRLMs are elected to ring peals and should be good enough to be members without election. Philip Gorrod said that this is what we wanted to combat. Katharine Salter said that the value in electing ringing members was that sometimes over a long period of time their standard of ringing changes, we must be mindful of that. She commented on the wording of the rule.
The Chairman refused any counter amendments to the proposal, after having informed members that these should be with the Secretary by 31st March. None were received.
A discussion was held about the wording and nature of the rule change.

Alan Stanley proposed and Neal Dodge seconded.
In favour 58. Against 17. Abstentions indicated 9.
Amendment passed.

1 The Suffolk Guild handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustee. They consist of four sets of handbells:

| | |
|---|---|
| 25 bells by Taylors | size 20 in C (2 chromatic octaves) |
| 16 bells generally by Shaw | size 19 in F (diatonic 13 + 3 semitones) |
| 13 bells by Warner | size 20 in E (diatonic 12 + 1 semitone) |
| 13 bells by various founders | size 20 in F (diatonic 13) |

They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2 The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustee by the borrower and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustee if they are required by other member of the Guild. A member from another tower has priority over a member from the same tower as the preceding borrower.

3 The bells are the responsibility of the borrower, after he/she has signed for them, until they are returned to the Trustee by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of the Trustee.

4 The bells must be returned to the Trustee upon request. The Trustee should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.

5 If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6 The bells are maintained by the Suffolk Guild. Borrowers are requested to give a donation for their maintenance and insurance.

7 The Trustee is responsible to the Guild Management Committee for the administration of the bells and decisions regarding the bells can be revoked by that Committee.

10 A reserve ringer, appointed by the Ringing Master, will be available at the Ringing Master's discretion, to bands meeting short.

11 A minimum of two judges appointed by the Ringing Master will be present. Their decision is final.

12 The Mitson Shield and the Rose Trophy are, and shall always remain, the sole property of the Guild, which may at any time give directions for their locations and safe keeping.

13 Interpretation of all rules is at the discretion of the Ringing Master.

# Foreword from the Chairman

It's amazing to think that I've already been in post for nearly 9 months as the time has flown by. I have tried to hit the ground running by attending events and meetings in all of the Districts so I can get some ideas to boost attendance and fuel enthusiasm across the Guild. The recent ADMs have been quite revealing in this respect and have confirmed my suspicions that there is no one solution to the question of how we can provide something for everyone.

Those of you who have read my 'meet the Chairman' page on the Guild website will know that I am keen to make what we do as a Guild more sustainable by making better use of our resources, YOU the members. Perhaps the best example of this was the response we had for the 100th anniversary of the Armistice on Sunday 11th November with ringing at all but three of our ringable towers for this special occasion. We even received a letter of thanks from the Lord Lieutenant of Suffolk, Clare, Countess of Euston, which is now available on the Guild website. She referred to the fact that more bells were rung in more church towers in Suffolk than in any other county in the land and went on to say 'it reminded us all what good strong people we are, and what can be achieved when we all stand together'.

This could not have been achieved without some excellent team-work (and multiple email conversations) to ensure that enough ringers were in the right place at the right time. I am aware that some of the groups who organised 'mini outings' were already in existence but I'm hoping that other groups who formed specifically for the occasion may now go on to support each other for other events such as practices, weddings, outings and meetings etc. As ringers, we are always keen to tell new recruits what a happy and sociable bunch of people we are, so maybe the solemn occasion we have just marked could be the start of a more productive sharing of our resources across all Districts of the Guild.

I don't wish to steal the thunder from the other Guild Officers regarding their reports for 2018 but other notable achievements this past year within the Guild include:-

- Enabling nine members to ring their first peals within Guild peal week (RM report)
- Winning the High Sheriff's award for Suffolk Heritage (PRO report) – the High Sheriff joined us at the Guild's 95th Anniversary Dinner in March where 84 attended the hastily reorganised event due to the arrival of the 'Beast from the East' earlier that month
- Completing major restoration/augmentation work at Cretingham, Little Cornard and St. Margaret's Ipswich (BAC report)
- Maintaining an excellent Guild website with over 2,000 pages of content – while I recognise that 'surfing' is not everyone's idea of fun and that some members do not have access to the website, this is a very valuable communication tool (Webmaster's report)
- 'Hatching' the idea, organising, hosting and taking the top two places in the first George W Pipe 12 bell striking competition (Norman Tower 1st, St Mary le Tower, Ipswich 2nd)

Although 2019 does not perhaps have the same focus as 2018 it promises to be another busy year. The Guild will be hosting the Ridgman 10 bell striking competition at the Norman Tower in June 2019 so please come along and support the team. Mancroft Ringing Discovery Centre – at the time of writing, two District training events have been booked at this fantastic resource in Norwich (SE in April & NW+SW in June). I would urge all members to consider booking a session here as it truly has something for everyone, whatever your aspirations as a ringer.

And finally, I will continue to post a document on the website showing which Tower, District and Guild events I'm planning to attend so do please take the opportunity to come and ring with me and share your thoughts and ideas!

***Gill Waterson, Pettistree***

Gill learned to ring at Grundisburgh in the mid-1980s. Although her initial visits to the tower were as transport for son Ben and daughter Molly, Gill was persuaded into handling lessons and quickly discovered an enjoyment of ringing which continued for the next three decades. Her first peal was at Grundisburgh in 1987, in a band that also included Ben and Molly, but her peal total never reached double figures. Instead she loved quarter peals, ringing around 1500 in total, particularly at her home tower of Pettistree, where she was a loyal member of the band for many years. She also became involved in the wider ringing scene in Suffolk, with stints as Southeast District Secretary and Loes Deanery Rep.

Gill passed away in July 2018 after a short battle with an aggressive brain tumour. She will be remembered as a steady, reliable ringer who rarely made a mistake, and was always there to provide smiling support for learners and friends.

***Alan Foreman, Ipswich, St Matthew***

Alan, along with his wife Audrey, were amongst a number of volunteers who came forward from the congregation at St. Matthew's to learn to ring in the early 1990s. Like so many who learn late in life, Alan never found ringing easy, but enjoyed what he did. He was a regular Sunday service ringer at St. Matthew's and attended weekly practices at Sproughton. A gentle, quiet and unassuming gentleman, Alan had a cheeky sense of humour and hugely enjoyed any ringing-related social gathering, particularly in the years following Audrey's passing. He was genuinely surprised and delighted to have found both a new skill to learn in later life and the associated camaraderie that came with learning to ring.

***Rolie Whiting, Nayland***

Rolie learned to ring after his family moved from Clacton on Sea to Nayland in 1940. He lived the rest of his life in Nayland. He took the lead in having the bells rehung in 1972 and was Tower Captain for over thirty years. During that time, he taught many people to ring, including his wife Diana and daughter Christine. Many of them fondly recall his infinite patience with them while they were learning.

A quiet, thoughtful man, uncomfortable in the limelight, Rolie nevertheless made many ringing friends in the surrounding towers of SW Suffolk and NE Essex and held various offices in the Suffolk Guild of Ringers; SW District secretary for many years, Guild Chairman 1977-1980, and a Vice President. He was so well-known in Suffolk and Essex that Christine often finds herself being introduced to ringers as 'Rolie Whiting's daughter'.

Rolie was also instrumental in providing a set of handbells for Nayland church, and conducted the handbell group in concerts featuring favourite tunes or Christmas carols. Entertaining the residents of the local old people's home was a favourite venue.

Although ill-health meant that he had to give up ringing in later life, Rolie still attended practices when he could. He was delighted when in January 2018 a peal was rung at Nayland to celebrate his 90th birthday. Another was planned for October to celebrate his and Diana's Diamond (60th) Wedding Anniversary, but sadly it was not to be. He was taken to hospital the day before it was due to be rung and he died peacefully there on 30th November. The postponed anniversary peal was instead rung in his memory on 8th December. He will be greatly missed by his family and his many ringing friends.

Maureen Slinger, Palgrave

Maureen was formerly the Tower Captain at Palgrave. She died on 5th October and on 29th October on the afternoon of her funeral a quarter peal was rung in her memory at Oakley.

# Obituaries cont'd

Arthur Finch, Long Melford

Arthur passed away peacefully in his sleep at his home in Burwell. Arthur was a member of the Essex Guild, ringing at Foxearth, where he was also the Headmaster of Foxearth Primary School. When he retired from teaching he moved to Long Melford where he joined the Suffolk Guild and was a member for nearly 50 years. Arthur rang regularly at Holy Trinity, Long Melford and supported the SW District for many years, climbing many towers including Lavenham right up until he moved to Burwell to be closer to his 3 daughters. He was 92 years young at this point. A regular cyclist, Arthur took part in the Church bike ride every year, clocking up 20 churches each time, except on one occasion where he had a puncture and was disappointed that he had only done 19, especially as he didn't have too far to go. On 24th February 2018, we not only lost a ringer but also a very close friend, who is sadly missed by many.

***Charlie Ablitt, Stratford St Mary***

Charlie Ablitt, a long standing ringer at Stratford St Mary, died in hospital on 6th December 2018 after a period of ill health. Charlie was involved with the Suffolk Guild of Ringers for many years. Until a few years ago, he had been Tower Captain at Stratford for over 40 years and had taught countless people to ring. He was also a close friend of Rolie Whiting who sadly died six days earlier. He was taught bellringing by Walter Bailey and he rang two peals, both at Higham, and both credited to the Suffolk Guild. His first peal was Plain Bob Minor on September 27th 1973. He rang the 4th and his daughter Deborah, whom he had taught to ring (along with his other two children) rang the treble. The other peal was on 16th May 1981, Kent and Plain Bob Minor. Charlie rang the treble to this peal. His other daughter, Sarah, rang the second, one of two first-pealers that day. Charlie taught many youngsters to ring and a number of them went on to ring peals which was a huge achievement for him. Charlie also served as SW District Chairman for a number of years and was a very competent hand-bell ringer. Charlie and Pat celebrated their Golden Wedding Anniversary in 2006 and the Guild rang a peal to commemorate this; and again in 2010 to celebrate Charlie's 80th Birthday.

Charlie's death is a huge loss to ringing, to the village of Stratford St Mary, his many friends and of course, most of all to his family.

***Ray Rivers, Unattached (Great Yarmouth Minster)***

Ray Rivers, who was 85, lived at Oulton Broad, but did much of his ringing with the Suffolk Guild. He was a regular ringer at Halesworth for some years and more recently at Rumburgh. He learned to ring at Hurst in Berkshire in his teens. Later in life he lived and rang at Great Yarmouth. After a few years' gap he returned to ringing in 1992 when his wife Bel learned to ring. Together they helped develop the band at Yarmouth and Ray called a local band peal there for the Millennium. In all, he rang 29 peals, 8 for the Suffolk Guild, and numerous quarters, mostly in Suffolk. He was a gentle, likeable man who would go out of his way to support ringing within a wide radius of his home.

Don Mills, Bures

Don passed away on 2nd April 2018. He was a great family man who had a life-long association with bell ringing with most of his ringing along the Suffolk/Essex border. Don was taught to ring by his father Leslie and together with his mother they formed a talented ringing family. A peal of Minor at Wormingford in 1953 was Don's first as conductor. A peal of Plain Bob Minor at Pebmarsh in February 1954, by a teenage all-Bures band, average age 15 years 1 month and called by Don, set a record for the youngest band ever to have achieved this.
Don's father Leslie was instrumental in augmenting the ring to eight in 1951, which Don managed as tower captain when his father retired. Don was a highly talented ringer who taught many people to handle a bell and subsequently gave great support to anyone learning.
A peal was rung in his memory at St. Mary's, Bures on 19th July 2018. May he rest in peace.

## Review of Progress and Achievements

### Bellringing

The Guild aims to offer support to its members to not only ring for Sunday service and practice nights but also to improve and progress their ringing. District events have been held across the whole Guild including open practices, quarter peal weeks/months, training activities, outings and social gatherings. Whilst the number of people attending these events is difficult to gauge, a broad spectrum of the membership get involved with these and hopefully benefit from the opportunity to ring at different towers and meet other ringers.

The total of quarter peals rung has increased this year to 450 (441 in 2017) but the number of people involved remains fairly steady at 374 (379 in 2017) as does the number of towers at 98. Peals rung in 2018 have also increased from 103 to 108 (the highest since 2014) in 48 Suffolk towers and this year includes two 12 bell peals. This increase is due largely to the re-introduction of peal week which also enabled nine ringers to ring their first peals.

The Recruitment and Training Committee continues to hold quarterly meetings to review training and recruitment activities and opportunities across the Guild. This year the committee attended Gather 2018 and used the mini ring to encourage young people from across the Diocese to 'have a go'. An exciting new opportunity also now exists in Norwich with the opening of the Mancroft Ringing Discovery centre and members are being encouraged to make use of these state of the art training facilities.

The commemoration of the end of WW1 created a lot of opportunities in 2018 through peals (13 rung), quarter peals and Ringing Remembers with 30 new ringers being recruited. Armistice 100 on Sunday 11th November was the pinnacle of achievement for the year with ringing at all but three of the ringable towers in the Guild at some point during the weekend.

The excellent news that we had won the Suffolk Heritage Award was announced at the Guild's 95th Anniversary Dinner held at Elmswell in March which was attended by the High Sheriff himself. Even the Beast from the East couldn't stop 84 people from enjoying this five yearly occasion although it did delay it by three weeks!

**Restoration activities**

2018 has been another busy year for the Belfry Advisory Committee with three major restorations being completed at Cretingham, Little Cornard & St. Margaret's Ipswich. The teams of people who worked on these prominent restorations are to be congratulated for their determination and hard work as the resulting peals of bells are an important addition to the rings of bells rated as condition 10 within the Guild. The work of the BAC is never-ending however and projects in the pipeline include Redgrave, Stowmarket, Laxfield, Fornham St. Martin, Combs and Hitcham.

Guild Finances

Reserves Policy

In line with advice from Larking Gowen, the appointed examiners for the Guild, the Trustees have formulated a Reserves Policy. The Guild will expect to hold at the bank a surplus of approximately one year's running costs.

Policies

All money in the Guild's funds not required for day-to-day purposes is invested or deposited by the Treasurer, as directed by the Guild Management Committee (GMC). Grants from the Restoration Fund are authorised by the GMC, but are only paid after completed work has been approved by the Guild Ringing Master and the Technical Adviser. Grants are normally only offered for work to restore bells and their fittings for full-circle ringing, but may include augmentation and other ancillary work associated with any such project. In order to respond to the short-term need to provide financial support to training activities, the GMC introduced a process to enable grants of up to £50 to be made immediately, at the discretion of the Ringing Master, and grants of up to £500 to be made within seven days at the discretion of the Guild Executive, in both cases subject to appropriate records being kept and presented to the GMC. As an enabling measure, the Public Relations Officer has been given a budget, the purpose being to enable greater flexibility, and faster reaction, to PR recruitment opportunities when they arise.

General Fund

Net income to the General Fund, before transfers to the Restoration Fund, was 51% up on 2017. However, after transfers for subsidising the Guild Dinner and half of all subscriptions/ peal fees, there was an increase of just £1,744.15 year on year. It should be noted that this modest increase resulted mainly from an extraordinary donation of £1,000 from the Suffolk Community Foundation, and as in recent years the only guaranteed income to the General Fund (i.e. 50% of subscriptions) did not meet our expenses.

**Restoration Fund**

At year end the Restoration Fund totalled £57,795.64, including £38,850.00 already allocated for approved grants and awaiting payment. This leaves just £18,945.64 available for new grant applications.

During the year grants totalling £28,900.00 were approved for Stowmarket (£11,000), Laxfield (£12,000), Fornham St Martin (£5,600) and Gt Barton (£300).

Other Restricted Funds:

The Golden Bottle Trust Fund provided £142 for training activities and stands at £4858.00.

All other restricted funds (Library Fund, Handbell Fund, Jubilee Fund, Pipe Family Trust Fund and St Peter's Sudbury Fund) have positive balances.

# Belfry Advisory Committee Report—Winston Girling

The Committee met in February, June and October in 2018 and discussed a great deal of voluntary work carried out by Members. Together with the usual jobs, both small and large, a lot of time was taken up in discussing applications for grants from the Guild Restoration Fund. Three major restorations have completed during 2018, and there are also several others where your Technical Advisor and also the Diocesan Advisor have visited and reported with a view to restoration.

In my view the crowning glory of 2018 must be the completion of restoration at St. Margaret's, Ipswich. At the Dedication on 29th April, before a packed Church, the bells were rung and proved that this project has been a great success. John and Shirley Girt and all involved are to be complimented on their hard work, overcoming many difficulties along the way, to bring this to such a successful conclusion. It was a great privilege to be asked to ring in the touch after the service.

The bells at Cretingham were completed after major restoration and augmentation to six. Similarly, Little Cornard bells have now been dedicated and at both towers the result has been very successful, providing two, easy-to-ring and pleasant sixes. Together with St. Margaret's we now have three more peals of bells which can be rated as condition 10. Again, all concerned are to be complimented on their worthwhile hard work and determination.

In addition, as I write, I understand that Redgrave bells, together with the repaired timber frame, should be returned to the tower and all up and ringing by very early in 2019. It will be interesting to see and hear the results of this difficult and protracted major restoration. Originally these bells should have been augmented. However, major objections by the owners of this redundant church left only the option of keeping the original 6 bells and returning them to the timber frame.

Grants have also been offered to Stowmarket, Laxfield and Fornham St. Martin. In addition there are several other towers, including Combs and Hitcham, where restorations may soon be underway.

I would like to thank the Members of the BAC who, along with others, have worked hard to keep our bells up and running and will continue to do so. No doubt 2019 will be just as challenging.

# Ringing Master's Report –Tom Scase

In the Annual Report last year, I mentioned 2017 had glimpses of what we can achieve in terms of promoting and delivering opportunities in ringing, and hoped 2018 would see a greater proportion of time spent focusing on this. In this respect, I feel we have made progress.

The re-introduction of a peal week, for example, saw nine first pealers – congratulations to: Joe Findlay, Matt Newson, Tig Sweet, Yasmin Haddock, Carmen Wright, Zoe Wright, Joshua Watkins, Kate Gill and Jimmy Yeoman. Congratulations to Sue Williamson who also rang her first peal during the year. Ten first pealers during the year is a significant achievement – particularly compared with recent years. It would be good, though, to see these first pealers being encouraged to ring more; as I write, only Joshua and Jimmy have gone on to ring another peal.

The initiative to ring at as many towers as possible on Sunday 11th November 2018 for Armistice 100 was a great success, both as a commemoration of the Great War and as a means of promoting our art. Only a handful of rings across the Guild were not rung at some point on Saturday 10th/Sunday 11th November 2018 – thank you to everyone who gave up their time to help achieve this. Thank you, also, to all involved in helping bring this to fruition, particularly Neal Dodge whose coordination was invaluable, and to Councillor, and former ringer, Robin Vickery whose conversation with me back in June 2017 was the catalyst for this idea.

I was pleased to have attended the South East and North East Annual District Meetings (ADMs); unfortunately I was unable to attend the South West or North West ADMs, due to other commitments. I would like to attend more District events and practices in 2019, and will endeavour to do so, although it's difficult to fit everything in sometimes!

Each year, the Guild Striking Competitions provide an incentive to focus on good striking. The 2018 six bell competitions were held at Earl Stonham. Congratulations to Ipswich, St Mary Le Tower on winning the Mitson Shield method competition and to Great Barton on winning the Lester Brett call change competition. The eight bell competition was held at Debenham. Congratulations to the South East District on winning the Rose Trophy Competition. Our thanks go to Cherril and Jeremy Spiller for judging, and delivering very constructive comments. I appreciate feedback, and there have been various suggestions and discussions about the possibility of re-introducing a set method and touch for the eight bell competition in 2019. The rules allow for this, and as such it's an approach I'll give serious consideration to. If you have a view, do let me know.

The 2018 Ridgman Trophy competition was held at St Peter's, St Albans, and the ten ringers representing the Guild were placed fourth, as was the case in 2017. Once again, this was a respectable placing, though, if the truth is told, the three teams above us had significantly fewer faults, so there's still some way to go. The Ridgman Trophy is due to be held in Bury St Edmunds in 2019, let's see whether home advantage helps.

Quarter peal ringing continues throughout Suffolk and, as usual, Neal Dodge's excellent analysis is an interesting read. There were a few more quarters in Suffolk in 2018 compared to 2017; however the number is still fewer than 2016 and over 100 fewer than 2015. I don't think the details of my next sentence have changed from any of my previous reports! This is because Pettistree remains the leading tower for quarter peals, and David and Lesley Steed the most prolific quarter peal ringers in Suffolk. Eight ringers rang their first quarter peals during the year – well done to: Tim Forsey, Helen Bridgman, Derek Gadd, Rachel Tunbridge, Ellie Harle, Ben Turpin, Sidney Ricketts and Keith Dennis. Apologies if I've missed any.

Turning to peal ringing, I have already highlighted the success of peal week; however in overall terms, peals for the Guild remain in a relatively healthy state, particularly when compared with some of our neighbouring Associations. Peals rung for the Guild in 2018

remain at comparatively consistent number, increasing by five, to 108, compared with 2017. More Guild members, 123, rang a peal for the Guild in 2018 (34 more than in 2017). However, some of this can be attributed to a notable number of Non-Resident Life members ringing peals with our Guild.

Thanks to Pealbase, I note the following personal achievements: 2,200th as conductor – David G Salter; 1,900th peal and 700th as conductor – Alan P Mayle; 1,600th peal – Mary E Dunbavin; 1,100th peal – Cherril Spiller; 1,000th peal – Brian E Whiting; 600th peal – Christine A Knight, Richard Munnings and Winston Girling; 400th peal – Neville F Whittell; 350th peal – Ian J Culham; 300th peal – Jed Flatters; 250th peal – Nigel F C Gale; 200th peal – David A Potts and P Mark Ogden; 50th peal – Michael J Cowling and Rowan P Wilson. Apologies if I've missed any.

The annual Veterans' afternoon at Debenham was, as usual, an enjoyable event. Held on the afternoon of the second Wednesday in July, each year, this is an event to put in your diaries now!

The Suffolk Guild Dinner, despite the unavoidable postponement of the original date due to snow, was an enjoyable event – thanks to Carl Melville and particularly Alan Stanley for their efforts in ensuring this all came together.

I have continued to attend some Belfry Advisor Committee (BAC) meetings throughout 2018, and would like to reiterate our thanks to Winston Girling and the BAC members for all the time and hard work they put in, in helping maintain our rings. Equally, there are other members who have helped with restorations and maintenance and we are grateful to them for their support too – I know, for example, Jed Flatters' assistance with the re-hanging and augmentation at Cretingham was greatly appreciated.

In 2019, let's all continue to support our Guild, the events our Districts organise for the benefit of each and every member, our local practice nights, and most importantly service ringing. In doing this, and more, we will continue to provide ringing opportunities across Suffolk.

## Guild Handbells & Mini Ring Trustee's Report—Brian Whiting

Handbells

The Guild has five sets of handbells:

25 bells by Taylors size 20 in C (2 chromatic octaves)
16 bells generally by Shaw size 19 in F (diatonic 13 + 3 semitones)
13 bells by Warner size 20 in E (diatonic 12 + 1 semitone)
13 bells by various founders size 20 in F (diatonic 13)
14 bells by probably Mears size 18 in G (diatonic)

The set of 25 have been used for tune ringing during the year and currently all sets are back with the trustee, with the exception of one of the sets of 13, which is in the NE district. The clapper of the 15C of the 25 broke and has been replaced; otherwise the bells remain in good order with the exception of the set of 14 bells which were donated to the Guild in 2017 by John Symonds of Lavenham.

The loan of any of the sets of handbells is subject to the regulations printed on page 85 of this report.

Vestey Ring

The Vestey Ring is a portable peal of six, tenor 8lb 5oz in B.

Three promotional banners are available with the miniring.

Details are available at http://www.suffolkbells.org.uk/towers/vesteyring1.php

The bells had ten outings during 2018, all bar three in Suffolk, details of which can be found at http://www.suffolkbells.org.uk/vesteyringbookingsall.php

## Secretary's Report - Rev Carl Melville

This year has been particularly quiet. I am asked for fewer and fewer hard copies of the report as more information is found on our brilliant Guild website, church websites and on the web in general.

General Management Committee meetings usually run smoothly and my thanks go to Neal Dodge in particular who has helped with minute taking and meeting paperwork in my absence.

## Membership Secretary's Report - Mary Garner

The total membership at the end of 2018 was 756, compared with 749 in 2017. Forty two new members were elected during 2018. Sadly eight members passed away during the year. Twenty five people did not renew, a handful "rejoined" and a small number moved away.

A General Data Protection Regulation (GDPR) exercise was undertaken at the beginning of May. I believe that all those members and non members whose details appear on the website and in the Handbook have given their agreement as necessary.

If a ringer in your tower is ready to join the Guild please ensure that an Application Form is completed and passed to your District Secretary, together with their subscription, for their election. Once the form is received by the Membership Secretary a welcome letter from the Chairman is despatched together with a leaflet which contains information about Guild contacts and the Central Council of Church Bell Ringers and more besides. A certificate of membership is prepared.

If you move house, change your email address, change home tower, please don't forget to let me know.

## **Public Relations Officer's Report** - Neal Dodge

2018 commenced with Alan Stanley and I having the pleasure of accepting the High Sheriff's Suffolk Heritage Award on behalf of the Guild from the Suffolk Community Foundation. This was in recognition of the Guild's role in cherishing our county's history and heritage. We were up against some extremely tough competition, so it just proves that the work we undertake is outstanding and literally award-winning! We don't often consider the wider role the Guild and our members play in the local community, so it was wonderful to be recognised for the hard work that we do in keeping the bells ringing that brings joy to so many people.

At the excellently hosted striking contest in May at Earl Stonham and Debenham, we were joined by George Vestey our Guild Patron, and High Sheriff of Suffolk for 2018/19. George's family has a long connection with the Guild since his Grandfather became a Patron in 1958, a connection which George is keen to continue. He was most pleased to hear how his father's legacy, The Vestey Ring, was being put to good use both in and outside of Suffolk.

On the second annual Suffolk Day in June, we rose to the challenge and 26 towers rang out in celebration of our wonderful county, including 10 quarter peals and a peal. A quarter peal at Theberton was featured on ITV Anglia news and both of Suffolk's Bishops started the day by chiming the bells at Ipswich St Nicholas. Suffolk Day 2019 is already being planned, so please put Friday 21st June in your diaries and hopefully even more towers can ring out on this special day, in which bells play a key role.

On the social media front, our Twitter account @SuffolkBells, continues to grow with our tweets being seen by around 5,000 users a month. It's become a great way to interact with the public and other organisations who comment about ringing. The lively debate continues on our Guild Facebook Group with nearly 250 members. Please do sign up and join in the conversation.

The highlight of the year has to be the nationwide Ringing Remembers campaign. This campaign aimed to recruit and teach 1,400 new ringers in time for Armistice 2018, symbolically replacing those ringers killed in WW1. The Guild has recruited 30 new ringers to date, but overall, the national target of 1,400 was nearly doubled. The initiative has provided a lasting legacy of a new generation of ringers, alongside a greater public awareness of ringing.

November marked the 100th anniversary of the Armistice that the Ringing Remembers campaign was building towards. Our plan was to have every tower in the Guild ring out on Sunday 11th November. This was a little daunting when it was first mooted back in November 2017, but yet again, we rose to the challenge with the bells from nearly every ringable tower in the Guild sounding out at some point that weekend, which amounts to 200 towers in total! This level of near complete Guild coverage was not attempted or achieved anywhere else, so it can be said more towers were rung in Suffolk than any other county. Even looking back through history, this was potentially the largest ever piece of collective ringing in Suffolk. What an achievement!

Lastly, but most importantly I must thank all of you, because we're lucky enough not just to have one Public Relations Officer, but over 700; for we are all ambassadors of ringing. Most people take their first steps based on encouragement and explanation from you, so my challenge to Guild members this year is to speak to your colleagues, neighbours, friends, and family and tell them what a great time can be had when you go ringing!

## Librarian's Report - Abby Antrobus

This year I have had requests for information (photographs, old minutes), and questions about books with Suffolk connections that we may wish to add to the library. John Loveless has also sent items from Howard Egglestone's papers relating to Suffolk, some of which were featured in his articles in the Ringing World this year that celebrated 72 years of the Mills family connection to Bures (pages 760-1 and 788-9, August 10th and August 17th 2018). The papers include a photo of the band who rang the 10,080 at Debenham in March 1968 - taken in the pub. The article highlights that more ringing history could and should be written, and to make it a bit easier in Suffolk, the Records Office has provided an extract of their catalogue details for our collection, so I can amend our own with reference numbers for anyone wishing to look at items there.

At the time of writing, I am planning a visit to the Norman Tower to check the library. Please do send any papers/leaflets – for example, from dedication services - the collection in the Records Office is live and we can add to it and ensure that it captures something of our activities today.

## Webmaster's Report—Chris Garner

The Guild Website now contains over two thousand pages. Information about towers, bells, ringers and events is constantly updated. Photos and snippets of news may be sent to the Webmaster for posting on the web site. Richy's Blog is now in its twelfth year and is posted daily whilst Facebook generates friendly repartee. The Guild also has a *Twitter* account (@SuffolkBells). Thank you to all those who have made contributions.

Various sections of the Guild may be contacted by email: all Members, Tower Correspondents and Email Contacts, NE Members, NW Members, SE Members and SW Members. Emails may also be sent to any group of members. Email addresses are known only to the Webmaster and the Membership Secretary. If you would like information distributed, please send copy to the Webmaster.

A significant number of emails are returned as undeliverable so, if you change your email address, don't forget to let the Membership Secretary (membership@su*ff*olkbells.org.uk) know.

193 tower correspondents or tower email contacts and all 35 Guild and District officers have generic email addresses (e.g. *pettistree@suffolkbells.org.uk*). This makes things easier when personnel change.

# Directory of Suffolk Towers and Correspondents

The table on the following pages shows details of every ring of four or more bells in the area covered by the Suffolk Guild of Ringers, along with the tower correspondent and their contact details where permission has been given for their inclusion.

All Guild tower correspondent email addresses are {towername}@suffolkbells.org.uk

**Condition of the ring (Cond)**

10 Excellent. Ball bearings, modern frame and fittings.
9 Excellent. Plain bearings, modern frame and fittings or ball bearings in old frame.
8 Good going order
7 Fair going order
6 Poor going order
5 Ringable if cleaned up and odd fittings and ropes provided
4 Rung occasionally. Frame/fittings nearly life expired
3 Not to be rung mainly because of tower and/or frame arrangement and position
2 Not to be rung mainly because of frame and/or fittings
1 Hung dead
0 Some bells unhung on the ground

Please note that the classification is based on the condition only at the last date of inspection, and any enquiries or requests for further inspections should be directed in the first instance to the Suffolk Guild Technical Advisor.
The key of a ring (i.e. the note of the tenor) is given in cents (i.e. hundredths of a semitone) from the given note; usually, for simplicity this is a white note. In explanation there are 1200 cents in an octave; a key given as C+80 could be written as C#-20m and the notes given are those of the standard equal tempered scale with note 'A' vibrating at 440Hz.

The Suffolk Guild of Ringers will not support or condone any attempts by its members or indeed anyone else to ring on bells which are classified as condition 3 or below. At these churches the Suffolk Guild Technical Advisor or deputy, and if necessary the architect concerned, must be present when assessment of the bells or tower is taking place.

Code: G Ground floor ring

## District Report

We had a successful year recruiting new ringers and are working on retaining them. Beccles has been particularly successful with its recruitment approach. During the year we elected 11 new members to the Guild and hope that some less advanced learners are in the pipeline to become members next year. We mounted an excellent turnout for Ringing For Peace, ringing at all bar one of the ringable towers in the District, following some essential repairs at a few towers. We were pleased that this ringing included many of our new recruits.

Our 2018 ringing programme had mixed success. Sessions dedicated to handling and conducting were well attended. The schedule of monthly district practices was not so successful, with a couple of exceptions. We are therefore revisiting this approach for next year.

There were two peals rung by the District, compared to none last year, including a first for Kate Gill.

The importance of safeguarding has been reinforced throughout the year, together with encouraging ringers to complete the C0 Diocesan course.

Our thanks are given to Mike Cowling, our retiring Chairman, and welcome to Sal Jenkinson, our new Chairman elected at the ADM in November.

## District Report

We started the year with our annual visit to the Norman Tower followed by a carvery lunch at The Bunbury Arms, Great Barton.

Once again, we used the same format for our District Practices – a quarter peal followed by open ringing. These have proved successful with local band members being included where possible, and in some cases, a "first" was achieved:
November at Thornham Magna (Grandsire Doubles – (half muffled), February at Tostock (Zylverne Bob Minor – first in method for all), March at Elveden (Grandsire Triples – Jimmy Yeoman's first of Grandsire and WW1 commemorative quarter peal), May at Brandon (Cambridge S Minor) – Josh's first Surprise Minor and September at Horringer (attempted Cambridge S Major).

The District hosted the Guild AGM in April at the Norman Tower, with ringing both before and after a well-attended evensong in the Cathedral and the tea in Pilgrim's Kitchen.

At the Guild six bell striking competition in May, Pakenham came 4th in the Mitson Shield and Great Barton came 6th; however in the Lester Brett Trophy (call changes) Great Barton came 1st and Thurston 2nd. The Guild eight bell striking competition saw the NW finish in 3rd place.

Quarter Peal week was held from 26th May - 3rd June. We again held a quarter peal afternoon/evening followed by a meal on Friday 3rd June. In the course of the week 13 quarter peals were rung comprising 1 Surprise Royal, 1 Surprise Major, 7 Minor and 4 Doubles. 37 people took part with 8 different conductors, and with Jimmy Yeoman conducting his first quarter peal.

The District outing in July was to 6 towers in South Norfolk. Last minute pub closures and seized clapper bushes did not, thankfully, spoil the day out for the 12 people who supported us this year.

The ADM in October was held at Stowmarket and the Christmas social at Bacton.

# District Report

In 2018, we welcomed fifteen recruits, including a number through Ringing Remembers. There were five first peals, and completed projects at Cretingham and Ipswich St Margaret.

We started the year with ringing at Pettistree and Felixstowe in January and February. In April at Holbrook, there was a raising-and-lowering session, and an ART Module 1 Course held in May at Ipswich St Matthew.

Ten teams were judged by Philip Gorrod and Matthew Rolph at our striking competition at Rushmere in May, with sunshine and tea provided by the band there. St Mary le Tower won the Cecil Pipe Memorial Bell, and Hollesley the David Barnard Memorial Trophy. The Guild Striking competitions were held at Earl Stonham and Debenham, with a win for the district of the 8-bell Rose Trophy; the Debenham band provided lunches.

On a sunny afternoon in June we rang at Dennington and Framlingham, and Orford in July

was well attended despite clashing with an England World Cup quarter-final. The 'quarter peal and meal' event in August saw scores at Holbrook, Harkstead and Stutton, and patronage of the King's Head. In September we met in Ipswich St Clement and St Lawrence, with another ART event on the simulator at St Margaret's. October's outing to Norfolk started at Aylsham and ended at Little Walsingham.

We met in November at Cretingham. Armistice 100 saw ringing at every ringable tower in the District – an impressive achievement.

The ADM in December was held at Campsea Ashe and Wickham Market, with tea provided by the Wickham Market band. Christmas ringing in Ipswich took a different format, with a tour and quarter peals at St Lawrence; refreshment was provided by St Margaret's.

The 'Beast from the East' necessitated cancellation of March's meeting at Coddenham and Barking but we rearranged for January 2019, and the presentation of fifteen bakes for 'Cake-Off' bodes well for our hosting of April's AGM. Thanks are again given to outgoing committee members.

## District Report

Paul reported that we have held 9 practices with average attendance holding at a respectable 17, a District Striking Competition and David Lee's Outing. The Quarter Peal Month in August saw 8 quarters rung with many achievements: 1st quarters for Heather Sinclair, Jill de Laat and Ben Turpin; 1st inside, first of minor and first on 8 for Tim Forsey and 1st as conductor for Joshua Watkins. This was an excellent achievement for all concerned and our thanks go to all those who supported these up-and-coming ringers.

The District Striking Competition was a little disappointing in the number of entries; however, Haverhill came first of 4 teams in call changes and Woolpit/Drinkstone were the only method entry. In the Guild Competitions Woolpit came second of nine in the Mitson Shield – well done! Our thanks go to David Lee for an excellent outing topped off with a most enjoyable meal. In the hope of encouraging more of our less adventurous members to come along, a special method has been nominated for each practice in the coming year. We will, of course, still endeavour to meet individual requests.

A refurbished and augmented, delightful ring of 6 were dedicated at Little Cornard on 1st December followed by cakes galore and some very happy ringing. Thank you to so many local people and ringers whose efforts and enthusiasm made all this possible.

For the year up to October 2018 we have 144 paid up members which is an increase of 4 (10 new members, 3 not renewed and 3 who have died). Thank you to the following towers who have invested time in teaching our new members: Lavenham, Sudbury St Greg's, Monks Eleigh, Woolpit and Long Melford. Thank you also to our district officers and representatives for all their hard work, and welcome to Richard Knight as a District Representative on the Guild Management Committee.

We list, with regret, the following members who have died during the last 12 months: Arthur Finch (Long Melford), Don Mills (Bures), Rolie Whiting (Nayland), Charlie Ablitt (Stratford St Mary) and Graham Morrey (Lavenham). Our sympathies go to all their families and friends.

# Peal Secretary's Report—Christine Knight

The Guild peal total of 108 was the highest since 2014, due largely to the highly successful reintroduction of Guild Peal Week in February, during which fifteen peals were rung. The year also saw the first peal on the restored ring at St Margaret's, Ipswich, widely acclaimed as a magnificent transformation achieved by the team led by John and Shirley Girt. A peal of Double Norwich CB Major on 4th August was the first peal on the restored bells. During the year, peals were rung at 48 Suffolk towers and two other venues, Ardleigh in Essex and Lichfield Cathedral.

Mirroring the national picture, World War 1 centenary peals continued throughout the year. In all, thirteen peals were rung to commemorate those who gave their lives. As the centenary of the Armistice approached, awareness of the enormity of the sacrifice in individual parishes became more apparent. Ten peals were rung between September and November alone. At Little Thurlow, Hacheston, Elmsett, Ipswich, St Margaret, Offton and Bardwell peals were rung to honour the memory of local men who made the ultimate sacrifice. There were also peals to mark the centenary of the deaths of local ringers. A peal at Pettistree on 25th March remembered Private David Leggett, and Bombardier William Lovett was commemorated by a peal at Aldeburgh on 17th June. No less than three ringers were lost at Monks Eleigh; a peal on this challenging six was rung on 27th October in memory of Private Edward Hollox, Corporal Robert Keeble and Private Charles Varo. The Great War also claimed the lives of three Lavenham ringers, Private George Lambert, Private Charles Poulson and Lance Corporal Thomas Pryke. As Lavenham was formerly in the Ely Diocese, a joint Suffolk Guild/Ely DA band was assembled to ring a peal in their honour on 24th November. On the Armistice Centenary weekend, the bells of the Cathedral's Norman Tower were rung half-muffled on 10th November to a peal of Grandsire Cinques. On 11th November, Armistice Centenary Day itself, a peal of 7 Surprise Minor was rung at Buxhall. At Horringer, a specially composed 5100 of Armistice S Major , conducted by Stephen Pettman, was rung on 30th November, it also being the 100th peal in the tower.

Peals were also rung nationwide to mark the 300th anniversary of the first peal of Grandsire Triples, which was rung at St Peter Mancroft in Norwich on 26th August 1718. Two peals were rung by the Guild as part of this commemoration. Louis Suggett called his own composition of Grandsire Triples at Bardwell on 25th August. On 29th August at Grundisburgh, Stephen Pettman called what is thought to be the original composition by John Garthon, which includes a special call known as a 'hic'.

Some other individual peals deserve special mention. On 7th February, in a peal at The Wolery, Mary Dunbavin became the seventh person to ring a thousand peals for the Guild. Brian Whiting also achieved a very significant milestone by ringing his thousandth peal, Plain Bob Major at Horringer on 15th February. He chose to share this occasion with local ringer Joshua Watkins, who rang his first peal on that day. An incredible example of teamwork was evident at Tostock on 10th June, when a peal of 41 Spliced Surprise Minor was rung by a NW District band, conducted by Nigel Gale. The footnotes make very impressive reading, being the first peal of Spliced for three members of the band, most methods for two, and also first peal of Spliced as conductor: a magnificent achievement. Also worthy of mention is the peal of Double Norwich CB Major rung on the back eight at Ipswich, St Mary- le-Tower on 16th September. This was a challenging method on a 34cwt eight, especially for the tenor ringer, Ian Culham.

Many of the patterns in Guild peal ringing remained unchanged in 2018. Attempts by the Aldeburgh Second Sunday Band have continued and their final peal of the year, Triduum Surprise Major on 9th December was also the 350thpeal on the bells and the 250th of Surprise Major there. Regular attempts at the Wolery Mini-Ring also continued, with the 400th peal

on the bells being reached on 4th July. In the monthly attempts on the light eight at St Mary-le -Tower, the focus has shifted recently to 'Project Pickled Walnut', a project to ring Surprise Major methods named after Suffolk towns and villages. So far two peals have been rung, Framlingham S Major and Clare S Major. Interest in Spliced Surprise Minor continues, and 41 Spliced was rung three times during the year, twice on towerbells and once on handbells.

It is always pleasing to see the 'firsts' achieved by less experienced ringers in peal footnotes. In Peal Week, in addition to the nine first pealers, there was a first of Grandsire Caters, a first of Surprise Royal and a first on handbells. Later in the year, there was also a first on 12 and another first pealer in a peal at St Matthew's, Ipswich on 24th June. It was also good to see two 12 bell peals as 2017 was the first year since 1976 with no 12 bell peals at all. Two peals of Grandsire Cinques were rung, both at the Norman Tower, but one by a predominantly non –resident band. Peals on higher numbers are a vital opportunity for progression. It is disappointing that no peals of Maximus have been rung for the Guild since 2016.

There are many positives to take from the Guild's peal ringing activity. In regularity and annual totals, peal ringing is more deeply embedded in the culture of the Guild than in some of our neighbouring associations. However, the majority of our peals continue to be organised for experienced peal ringers. Some very talented young ringers have left the county in recent years and learning opportunities are needed throughout the year to enable budding peal ringers of all ages to develop their skills. From just one first pealer in 2017 to a total of ten in 2018 is a magnificent achievement. However, only two of the nine first pealers from Peal Week rang further peals later in the year. In fact, outside Peal Week there were just two peals which were obviously organised as learning opportunities for less experienced ringers. Peals like the Minor (3m) rung at Wissett on 20th May, which contained a '1st inside' and 'most methods' and the Minor (7m) at Exning on 16th August, which was also a '1st inside' are invaluable stepping stones. The Master made a tremendous effort to open up peal ringing to a wider cross-section of our membership in Peal Week. Hopefully, more peal organisers will emulate this by providing opportunities for progression during the year. As always, I should like to thank Michelle Rolph, Brian Whiting and David Salter for their work on the peals section of this Report. Special thanks go to David Salter for providing information and support whilst recovering from serious illness.

# Tips for Learning Methods

## Learning methods - first steps

1) Identify your learning style – do you prefer to learn by seeing, hearing or doing?
2) Learn the method in small bits to start with, then join the bits up
3) Relate any new method to what you already know
4) Familiarise yourself with new types of work
5) Learn where you pass the treble and where you work with it
6) A poor handling style can affect progress so get someone to video you then listen to their advice!
7) Try to maintain a constant rhythm (which should be the same as the rest of the band)
8) Stand behind someone and follow them ringing the method you are learning
9) Go out to other towers where they ring what you are learning (& attend Guild and District events)
10) Do not be afraid to ask for help – ask several people as they may explain things differently
11) Do your homework (before the practice night)

## Learning methods - next steps

1) Learn the basics first and then build up to more complicated methods
2) Look for signposts (roll ups, familiar changes, passing & working with your before & after course bells)
3) Learn the place bell order and all of the starts
4) Learn the structure of the method by using the grid (shows blue line for each bell for one lead)
5) Learn the bobs and singles
6) Practise ringing the method on Abel
7) Do your homework (before the practice night)
8) Listen critically to your striking (whatever you are ringing)
9) Attend Training Days & Ringing Courses
10) Attempt a quarter peal

# Safeguarding Statement

The Suffolk Guild of Ringers takes the safeguarding and protection of children (under 18s) and vulnerable adults very seriously. It recognises that the welfare of children and vulnerable adults is paramount and that we have a duty of care when they are in our charge. We will do everything that we can to provide a safe and caring environment whilst they attend our activities. All children and vulnerable adults will be treated with respect and dignity.

# Safeguarding Policy

The Guild, as advised by the CCCBR, follows the national "Promoting a Safer Church" policy as adopted by the Diocese of St Edmundsbury & Ipswich:

- Local tower arrangements should always be approved by the PCC in line with the Parish Safeguarding Policy[1]. The Tower Captain should have a copy of the Parish Safeguarding Policy and ensure that ringers have access to it.

- All ringers should complete the online safeguarding training course 'C0' as advised by the PSO[2] or Incumbent for the tower where they are listed. It is accessible via this web address https://safeguardingtraining.cofeportal.org/ The certificate awarded should be retained and the date of completion notified to the PSO.

- Tower Captains and ringing teachers must complete 'C0' first, then attend a "face to face" half day course, 'C2 Safeguarding Leadership', in the Diocese every three years.[2]

- All Tower Captains and ringing teachers MUST hold a current clear DBS check status IF their role includes the training of children or vulnerable adults.

- Any person requiring a DBS check must first complete a Confidential Declaration Form, available here http://www.cofesuffolk.org/uploads/Lay_Confidential_Declaration_Form1.pdf The completed form should be handed to the Incumbent or PSO for secure and confidential storage.

A ringer does NOT require a DBS check if acting in a supporting role, undertaking unplanned one-off teaching or deputising in an emergency, providing two adults (preferably one of each gender) are present, nor for transporting children or vulnerable adults as part of arrangements between families.

Where there is cause for concern this should be reported to the Parish Safeguarding Officer or Incumbent immediately.[3]

---

1 The Parish Safeguarding Statement / Policy should be displayed in the church together with the name and contact details of the Parish Safeguarding Officer.

2 The PSO, Parish Safeguarding Officer, will keep a register of C2 courses attended but ringers are advised to keep their own record too to ensure that their qualifications do not lapse.

3 The Parish Safeguarding Officer or Incumbent will refer immediately to Suffolk County Council Customer First – 0808 800 4005.

18. Any Other Business

i. Freda Smith – Jonathan Williamson reported:- whilst not a long serving member of the Guild, Freda Smith of St. Matthew's Ipswich will turn 100 years old on 27th June this year. I think she was first elected along with the rest of the band we taught there in 1992 though she had been a ringer before that time. She was one of only two volunteers who could already ring when we started at St. Matthew's with over 20 volunteers and her support was invaluable. She is still a member of St. Matthew's and still going strong, though no longer ringing. She is now supporting the revitalized efforts at St. Matthew's to keep the bells going. So well done Freda Smith.

ii. Annual Report: Julian Colman asked if we needed a hard copy of the Annual Report or Newsletter given that many reports are all online. He said that the Guild could save money for the Restoration Fund.

Richard Knight said that the document was a historical document but that most people were now online.

Sally Munnings asked if several copies per family are required. In the Peterborough Guild reports can be purchased for use by a tower or personal use.

It was noted that the newsletter was the Guild Magazine and was a document for places beyond the Guild members. Shirley Girt said that the magazine was great for those no longer able to ring and was a link from one generation to another.
Katharine Salter said that the amount of money we would save was negligible when thinking about PR and front of house productions.
Jed Flatters asked if we could have a show of hands to get a general feeling of who wanted what. A straw poll was taken. Nearly 80% of those present felt it necessary to keep a hard copy.

**iii. Armistice Ringing:** Jonathan Williamson asked the meeting to consider Guild activities about this event. Tom Scase, Ringing Master, wanted us to ring at as many towers as possible on 11th November. Neal Dodge had requested that tower names were sent to him ASAP for PR. John Girt said that Suffolk was very bad at registering towers.
The chairman encouraged everyone to be active.

iv. Veterans Day: Jenny Scase said that this was on Wed 11th July, 2pm at Debenham.

v. Safeguarding: Mary Garner said that information was sent round to everyone on the Guild lists, and this information was produced in line with the Diocese of St Edmundsbury and Ipswich policy. The policy holds true and that training should be completed.
Brian Whiting asked how the system was monitored. Mary Garner said that Parish Safeguarding Officer of each parish should keep a list of relevant documents and details.

vi. CCCR: David Stanford asked what views the CCCR reps would be taking to the next meeting. The chairman stated that the reps were not directed by the GMC but where important votes were concerned the GMC might state their position as had been the case with the CRAG report. Veronica Downing said that the changes at CCCR are going ahead as of votes made last year.

19. Date of the next AGM: Saturday 27th April, 2019, in the SE District

Simon Rudd, chairman of the Mancroft Appeal 300 project, was welcomed to speak following the meeting. He spoke about the facilities available and provided a number of leaflets.

REGULATIONS RELATING TO THE SUFFOLK GUILD HANDBELLS

1 The Suffolk Guild handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustee. They consist of four sets of handbells:

| | |
|---|---|
| 25 bells by Taylors | size 20 in C (2 chromatic octaves) |
| 16 bells generally by Shaw | size 19 in F (diatonic 13 + 3 semitones) |
| 13 bells by Warner | size 20 in E (diatonic 12 + 1 semitone) |
| 13 bells by various founders | size 20 in F (diatonic 13) |

They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2 The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustee by the borrower and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustee if they are required by other member of the Guild. A member from another tower has priority over a member from the same tower as the preceding borrower.

3 The bells are the responsibility of the borrower, after he/she has signed for them, until they are returned to the Trustee by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of the Trustee.

4 The bells must be returned to the Trustee upon request. The Trustee should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.

5 If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6 The bells are maintained by the Suffolk Guild. Borrowers are requested to give a donation for their maintenance and insurance.

7 The Trustee is responsible to the Guild Management Committee for the administration of the bells and decisions regarding the bells can be revoked by that Committee.

5 The times of the draws are to be advertised in the Ringing World and each band must have a representative present at the relevant draw.

6 A total of two minutes practice ringing will be allowed before each test piece.

7 In the event of bands ringing Doubles or Triples, a cover bell must be used.

8 The Guild Ringing Master may, at his discretion, specify the method and composition which are to be rung. Any band ringing a method or composition different from that specified shall be unable to hold the Mitson Shield or Rose Trophy.

9 In the event of a large entry, the Ringing Master may choose to shorten the length of either test piece.

10 A reserve ringer, appointed by the Ringing Master, will be available at the Ringing Master's discretion, to bands meeting short.

11 A minimum of two judges appointed by the Ringing Master will be present. Their decision is final.

12 The Mitson Shield and the Rose Trophy are, and shall always remain, the sole property of the Guild, which may at any time give directions for their locations and safe keeping.

13 Interpretation of all rules is at the discretion of the Ringing Master.

# Foreword from the Chairman

2019 has been another busy year for the Guild with many achievements at all levels. We took the mini ring to The Gather event again in September; this annual event for young people was held at the Cathedral and gave us an opportunity to promote ringing to young church-goers and was certainly worthwhile with 50+ people having a go. A new initiative to link Taster sessions with a larger non-ringing event was also launched in September when a Heritage Open Day event at Halesworth was chosen as the 'pilot' and feedback from this was very positive. The NE District then went on to host the Guild Social, on the same day, and tested our observation skills with a tricky treasure hunt!

Opportunities for members to take part in 12 bell ringing are on the increase with more 12 bell peals but also the GWP 12 bell striking competition. Held at Saffron Walden in February 2019, the Guild was well represented by two Suffolk teams, with St Mary le Tower, Ipswich lifting the trophy and the Norman Tower coming 3rd. The Ridgman Trophy 10 bell striking competition was held at the Norman Tower in June but sadly we couldn't make the most of our home advantage; we did however attain our highest position for a while narrowly missing 2nd place by 1% (with Hertford County Association retaining the Trophy). The Ridgman will be held at Boston in Lincolnshire in June 2020 where the long climb to the ringing chamber might be a significant factor. Closer to home the Guild 8 bell striking competition was disappointingly only a competition between the SE and the NW with just four bands taking part. The competition will have a new look in 2020 in an attempt to raise the profile and encourage more 8 bell teams to rise to the challenge.

My first AGM as Chairman was quite a scary prospect I must admit but, with the magnificent organisation and support of the SE District team, I actually quite enjoyed it! I realise that meetings, be they GMC, AGMs or ADMs are not everyone's idea of fun but I would encourage you to at least take a look at the minutes these meetings generate as they are held with the aim of improving day to day issues associated with ringing.

I have tried hard to attend meetings, practices and other events across the four Districts and was very pleased to be able to attend all of the ADMs. These gave me a useful insight into how the different Districts work and, in an attempt to encourage more members to take on roles and responsibilities within the Guild at all levels, I am currently working on some role descriptions.

All of the Guild and District roles are important to ensure that ringing within our county thrives and grows; from promoting our Guild and bellringing as an activity which is open to all, to encouraging and enabling our members to broaden the scope of their ringing through peals and striking competitions; keeping the finances ticking along to ensure that we can support the restoration, augmentation and a lot of behind-the-scenes work to keep the bells in good working order; ensuring that all new members are welcomed on joining and that activities and events across the Guild are well co-ordinated and publicised. This all takes considerable time and commitment so thank you to all of the Guild and District post holders and GMC members who make this possible.

A final acknowledgement and a big thank you must go to Michelle Rolph and Mark Ogden who have produced this year's Report and to all of the people who have contributed to it. Michelle stood down at the 2019 AGM but Mark has kindly agreed to take on this role and has made a magnificent start!

## Hubert Alan Mitson, Buxhall

Hubert died suddenly at home on 20th January; he was born to farmers at Leffey Hall, Buxhall on 21st May 1920, the eldest of three brothers. Their mother, Eva, took up the reins of the farming enterprise after her husband Alan died when Hubert was still only nine years old. As soon as they were able, Hubert and his brothers joined the business which remains to this day a successful family business.

Hubert spent his entire life working on the farm and also worked for and cared passionately about the wellbeing of the village and neighbourhood of Buxhall and its residents.

He was Churchwarden at St Mary's church for 28 years from 1954 to 1982 and during this period developed an interest in bell ringing. Hubert learnt to ring some time after the Buxhall bells were augmented to 6 in 1952. He became a member of the Guild in 1956-57, and rang a total of 72 peals, with his first being on 2 March 1957. Hubert took also took an active part in the Guild, holding the offices of Secretary to the West Central District, Chairman of the Central District and Handbell Trustee. In 1963 the first Guild striking competition was held for which Hubert donated the trophy, and the 6-bell method ringing competition is still for the Mitson Shield.

Hubert's last peal was in 1972, his last quarter peal was at Buxhall in 1998 (in memory of Ted Cracknell) when he was aged 78. Hubert continued to ring for Sunday service until October 2006 when at the age of 86, he finally had to give up ringing due to failing eyesight.

The church bells were rung in honour of Hubert before and after his memorial service by fellow ringers who had rung with him in the past.

## David Smith, Stoke by Clare

David Smith died on Sunday 13th October after a long illness. He was tower captain at Stoke by Clare and also a loyal Sunday Service ringer at Clare and Haverhill. He will be greatly missed in the SW District, particularly in the Clare Deanery.

A Service of Thanksgiving was held at Stoke by Clare Parish Church, attended by over 300 people. The local band that David had trained rang before the service with open ringing afterwards by the many friends that David had made amongst the ringing community.

A member of the Suffolk Guild of Ringers for 50 years, he served as Clare Deanery representative to the SW District and as a member of the Guild's Management Committee. As tower captain at Stoke by Clare he was fastidious in maintaining and repairing the bell chamber.

David completed three peals in 1972, 1974 and 2003, all with another Stoke ringer, Valerie Jay. The early peals were quite exceptional, rung by relative novices and a first peal completed for five ringers in the band. In two years, they progressed from ringing Doubles to ringing a peal of Minor. The last peal was rung to mark the exact centenary of the first peal on the bells at Stoke on 16th February 2003.

We were especially grateful to David and his wife Pam for the hospitality they showed to the local ringers by hosting 'drinks and nibbles' parties for ringers in the Clare Deanery.

## Monica Taylor, Otley

Monica and Stan Taylor came to Suffolk from Middlesex in 1977 moving into a new house in Otley, next to the church. Before long, Monica was introduced to ringing by one of her daughters. She became a stalwart of the Otley practice night and service ringing for over twenty years and was a serious student of ringing. For a time, she also regularly attended the Grundisburgh practice and, whilst there, mastered Stedman Triples. She moved to Grundisburgh in 2005 after Stan's death and enjoyed a happy last few months at Witnesham Nursing Home earlier this year. A quarter peal was rung in her memory at Otley on the day of her funeral in May. The Otley band has lost a kind, loyal and inspiring friend.

Sheila Franks, Ardleigh, Essex

Sheila died on 15th November, aged 88 years. Although resident in Essex she will be remembered from when, with her general practitioner husband, Peter, they settled at Bacton, just opposite St. Mary's Church in 1960. Sheila was already a bell ringer and Peter very soon also learned to ring. At this time Bacton bells were a time expired five hanging in a timber frame which had certainly seen better days. 1973 saw the bells restored and augmented to six. This was a tremendous achievement which was entirely down to much hard work and effort by Sheila and Peter. The very pleasant six at Bacton remain as a great tribute to both of them.

Sheila was born in Bermondsey, London, and as a child experienced the horrors of the blitz, sheltering in premises under a railway arch. Her mother was killed by a bomb and she was evacuated soon after. She was also on a train involved in the 1957 Lewisham train crash in which she was not badly hurt. Sheila stayed on the scene, sitting with a young man critically injured until he eventually died in her arms.

Both Sheila and Peter served as Officers in the Central District of the Suffolk Guild. This District was absorbed into the North West District in the 1970s. She will be remembered for her infectious smile and laughter mixed with Peter's quiet thoughtfulness and also the hospitality provided when ringing at Bacton, by inviting everyone to their home after ringing.

They are both fondly regarded as synonymous with Bacton. When Stowmarket bells are restored and augmented to ten during 2020, the new treble bell will carry an inscription in their memory.

Eric Bull, Stutton

Eric started ringing in 1996 after Rev Ida Fryer sought people to take up the challenge of learning to ring for the millennium. He and several others, started initially at Holbrook, being taught by Steve Durrant. David Salter was subsequently approached by the Holbrook band for assistance to teach at Stutton. He was helped by Katharine, John Malster, Jenny and Mike Warren accompanied by George Salter in his baby chair!

Progress was slow but with patience and visits to other towers the band grew in confidence and Eric rang his first of three peals in November 1997 at Horham. In 2000 he became Guild treasurer, a post he held for five years.

Eric helped David Salter convert some old computers into simulators one of which was installed at Stutton. This helped a number of people with their ringing. In the early days he was steeple keeper, and when John and Sandra Pereira moved to Hampshire he took over as Tower Captain.

Never proceeding to much beyond Bob Minor he was nevertheless a faithful member at practices, Sunday ringing and other occasions, also participating in numerous outings. In recent years the ringing at Stutton has declined, but Eric will be remembered by those who knew him for his enthusiasm and dedication over 20 years.

Peter Hamilton-Jones, Orford

Captain Peter Hamilton-Jones (RN Retired). Born in Paris, Peter became a midshipman just as World War Two was finishing and in 1946 joined HMS Vanguard for the Royal Tour of South Africa. On the way there he crossed the equator and played deck games with the two royal princesses. There followed postings in the Persian Gulf and the Mediterranean before he became a submariner and went to Australia, USA, Northern Ireland and Scotland. For three years in the 1970s he served as the Naval Adviser in New Delhi, India.

In the 1990s he swapped a life on (and below) the waves and moored up in Orford, a stone's throw from St Bartholomew's. For more than twenty years he was a familiar figure selling poppies and helping with the Town Museum. When the millennium bells were installed in Orford Church he joined the regular band of bell ringers and was dogged in his pursuit of the art, climbing the stairs to the loft in Orford Church through all weathers. He died suddenly in August 2019 aged 91 and would have been delighted that the bells were rung at his funeral.

Janet Croughton (previously Stannard), Barrow

Janet was born at Thorrington, Essex where she learnt to ring. She met Jim Stannard purely by chance one Easter Monday, intended going to Norwich, but when the train stopped at Ipswich she got off there. That day they toured the town churches together. They married in 1955. Jim's work took them to North Norfolk but in 1963 they moved to Barrow. Jim had always kept up ringing at the Norman Tower, leading to Janet attending practice night and Sunday service ringing both there and at Barrow. She became a member of the Suffolk Guild in 1979. Janet enjoyed the social side of ringing and was a support to Jim and Paul during their years as district and guild officers. Janet enjoyed bell ringing holidays, the Norfolk and Suffolk Border ringers tours, Paul's minibus tours and numerous days outings organised by groups and individuals and visited around 5,000 towers. She was a driving force behind the Barrow bells augmentation and re hanging project and with Paul gave the treble bell in memory of Jim who died in 1993. Janet met Godfrey on day trips and romance blossomed again during Paul's minibus holiday based in Melton Mowbray 1995. Janet married Godfrey in 1996 and they enjoyed 23 years together.

Janet kept very detailed records and scrap books of ringing events over the years and after her move to Kent she still kept up with what was going on in Suffolk and it was to Suffolk she returned for her funeral service at Barrow and burial at Denham St Mary where she always attended service when she was in Suffolk.

Ernie Bishop, Bury St Edmunds

Ernie died on 17th November, one day short of his 95th birthday; he was a member of the Suffolk Guild of Ringers for 70 years joining under Ixworth in 1949. When he moved into Bury St Edmunds in 1973, he joined the band at the Norman Tower. He was always keen to help at other local churches too, especially Rougham. In total Ernie rang 18 peals, the first on 20 March 1951 and the last on 8 May 1995. Notably he rang in the first peal on the restored 10, and the date happened to coincide with his birthday!

Ernie was a very regular, loyal and capable ringer although, due to ill health, he had been unable to ring with us at the Norman Tower for the last 10 years. A peal and quarter peal were rung at the Norman Tower as a thanksgiving for his life.

Alan Feaver, Rougham

Alan was born at Rochester in April 1934, but spent most of his childhood and teenage years in Woolpit and Elmswell. As a young teenager he learnt to ring at Woolpit with friends John Wybrew and David Brand, spending many hours cycling and using public transport visiting local churches for practice nights and ringing peals. His first peal was at Rougham in February 1953, and one of his highlights was a peal of 10080 Minor at Holbrook in November 1953. After serving three years in the Royal Army Medical Corps, Alan, then living in Bury St Edmunds, joined the team at the Norman Tower where he also enjoyed handbell ringing and the "refreshments" afterwards. In 1968 he met his future wife Dorothy at a district meeting at Debenham, and they went on to ring over 50 peals together. Alan rang over 130 peals in total, ranging from Plain Bob Doubles to Surprise Royal. When appointed Area Commissioner of St John Ambulance his ringing activities were somewhat curtailed, but he never lost his enthusiasm for ringing and listening to bells being rung, especially when travelling around the country on his narrow boat in his retirement. In later years Alan was able to renew friendships from his early days of ringing and spent many hours reminiscing. One of Alan's last outings was to the Retired Bell Ringers Tea at Debenham where he was reunited with many ringing friends from the past. A very fitting farewell.

Also remembered are:

Graham Morrey (Lavenham), Douglas Pope (Southwold) and Sue Lucas (Huntingfield)

## Review of Progress and Achievements

### Bellringing

The total number of quarter peals rung has increased again this year to 517 (450 in 2018) and encouragingly the number of people has also increased slightly to 383 (374 in 2018). The number of towers has significantly increased to 115 (from 97/98 in the last 3 years) with 5 of these towers hosting a quarter peal for the first time in 10 years. The peal total has decreased from 108 in 2018 to 87 in 42 Suffolk towers (and 3 out of county towers) but promisingly includes 4 peals of Surprise Maximus which were the first for the Guild since 2016. Three of these peals were rung at the Norman Tower, Bury St Edmunds and, with 11 resident members ringing Yorkshire Surprise Maximus in April, indicates that more members are having an opportunity to ring on 12. Another successful peal week enabled 3 ringers to ring their first peals, with another first being achieved later in the year.

The Recruitment & Training committee has built on the successes of last year with attendance at the Gather event at the Cathedral for a second year which provided another excellent opportunity to promote the Art to young church-goers. In an attempt to focus some resources on the recruitment of new ringers county wide, the Guild held its first Taster Day at Halesworth in September linking with a Heritage Open Day event; linking with a larger (unrelated) event proved to be beneficial so these Taster Days will become an annual event in future. Current members of the Guild have also been encouraged to make use of the resources available on the website and to visit the new training facilities at St Peter Mancroft in Norwich; this has been communicated using regular all-member email updates.

The Guild also hosted the Ridgman Trophy 10 bell striking competition at Bury St Edmunds in June. Eight teams competed for the Trophy and the Suffolk Guild achieved a creditable 3rd, our highest placing for a few years, with the Hertford County Association retaining the Trophy.

### Restoration

The Belfry Advisory Committee members have been kept busy again this year with major work being completed at Hitcham, Yaxley, Cotton & Hintlesham. Much of this hard work has enabled the bells to be rung again with two peals being rung at Cotton, the go of the bells being improved at Yaxley and Hintlesham and the Hitcham bells being removed from the tower ready for Taylors of Loughborough to install them in a new eight bell steel frame.

Other projects in the pipeline include Combs, Laxfield, Fornham St Martin, Buxhall, Hoxne and Stowmarket where work to restore and augment the bells will start in April 2020.

## Guild Finances

### Reserves Policy

The Trustees have formulated a Reserves Policy, in which The Guild will expect to hold at the bank a surplus of approximately one year's running costs.

### Policies

All money in the Guild's funds not required for day-to-day purposes is invested or deposited by the Treasurer, as directed by the Guild Management Committee (GMC). Grants from the Restoration Fund are authorised by the GMC, but are only paid after completed work has been approved by the Guild Ringing Master and the Technical Adviser. Grants are normally only offered for work to restore bells and their fittings for full-circle ringing, but may include augmentation and other ancillary work associated with any such project. In order to respond to the short-term need to provide financial support to training activities, the GMC introduced a process to enable grants of up to £50 to be made immediately, at the discretion of the Ringing Master, and grants of up to £500 to be made within seven days at the discretion of the Guild Executive, in both cases subject to appropriate records being kept and presented to the GMC. As an enabling measure, the Public Relations Officer has been given a budget, the purpose being to enable greater flexibility, and faster reaction, to PR recruitment opportunities when they arise.

### General Fund

Net income to the General Fund was marginally up on 2018. Administration costs were higher, but these were somewhat compensated for by a reduction in insurance costs. Savings were also achieved in the cost of producing the annual report. Subscription income was slightly up, bolstered towards the end of the year by some members paying their 2020 subscriptions early.

### Restoration Fund

At year end the Restoration Fund totalled £67,931.08, including £43,550.00 already allocated for approved grants and those awaiting payment. This leaves £24,381.08 available for new grant applications.

During the year new grants totalling £15,754.18 were approved (Combs £8,000), Hitcham (£6,700), Hintlesham (£600) and Yaxley (£434.18).

### Other Restricted Funds

The Golden Bottle Trust Fund, Library Fund, Handbell Fund, Jubilee Fund, Pipe Family Trust Fund, and St Peter's Sudbury Fund all have positive balances.

# Belfry Advisory Committee Report—Winston Girling

The Committee met in February, June and October in 2019 and there has been a great deal of work carried out by Members and others. Applications for Grants from the Guild Restoration Fund have been discussed and the General Management Committee have requested that in future the Recruitment and Training Committee be asked to look into the availability of ringers at a church requesting grant aid. This will include whether and how any potential new ringers are being taught and this information is to be available to the Belfry Advisory Committee Meeting advising on the grant offer.

At the time of writing the six bells at Hitcham have been removed from the tower to Taylors of Loughborough and will be installed in a new, eight bell steel frame in due course. Combs have now been informed that they can have a Warner eight from a redundant church in Leeds and are on course to have them installed in a new ten bell frame including augmentation to ten. I understand that one of the augmenting bells will be available from Keltec. The existing four bells will be installed in the original timber frame for chiming. At Laxfield, a grant has been offered for complete restoration but I have no further information on progress. At Fornham St. Martin progress is being made towards restoration in a new steel bell frame. Buxhall are also

considering installing two new bells and augmenting to eight.

Hoxne, a derelict heavy five, are looking to have their bells completely restored but this is still in the early stages. However, a local band has been taught to ring already. This has been done at Bacton and Oakley so that as soon as the bells are restored they will be able to ring them. Much work has been carried out at Yaxley, where the tenor had become unringable. New bearings and bedplates have been fitted to bells five and six and all new pulley blocks installed by the Belfry Advisory Committee. Following tightening of the bell frame these bells now go much better. The tower roof at Brome has had major work done and a massive amount of sticks and debris cleared from the bell chamber. Some work on the bells is still required, but following this it should be possible to ring the bells again. Cotton bells are now back ringing following a great deal of work by Committee members and these bells have recently had two peals rung on them. At Hintlesham the bells were difficult to ring. All six will eventually be fitted with modern self-aligning bearings instead of plain bearings. At least half of them have been done so far.

St. Peters, Sudbury has been visited at the request of the architects who are planning to extend galleries in the church which will include a ringing gallery. This is possible but so far nothing further has been heard.

Your technical adviser visited Akenham, near Ipswich to report on the single bell for the Churches Conservation Trust. The bell frame is in a poor condition for what is a relatively heavy bell and the CCT are looking at the necessary work to be able to swing chime this single bell.

Finally, work on Stowmarket to restore and augment the bells starts on 20th April, 2020, and I am informed that the bells should return in late July.

Thank you to everyone who has worked so hard throughout the last year to keep our bells in Suffolk in order and ringing out across the towns and villages.

# Ringing Master's Report –Tom Scase

In the concluding paragraph of my report last year, I encouraged members to continue to support our Guild, the events our Districts organise, our practice nights and service ringing. I am pleased to see this in evidence throughout 2019.

During the final quarter of 2019, I attended the four Annual District Meetings at Bildeston, Stowmarket, Beccles and Debenham. Again, I am pleased to see the majority of District positions being filled. We rely on these post-holders to take up the challenge of ensuring effective and functioning Districts, continuing to provide opportunities for members. Encouraging wider participation from members, through, for example, proactive engagement and heightened communication is contributing towards achieving this. I am grateful this is happening across our Guild, particularly when we consider all officers are volunteers giving freely of their time.

The re-introduction of a peal week in 2018 saw a remarkable nine members ring their first peal; it was improbable we would see as many firsts in 2019. During the 2019 peal week there were three first peals – congratulations to: Hilary Stearn, Ben Keating and Sally Veal. I am pleased both Sally and Ben have gone on to ring a second peal in 2019. Congratulations, too, to Tim Forsey who later in the year rang his first peal, in an attempt originally scheduled to be in peal week.

As usual, the Guild Striking Competitions provide a good opportunity for bands to focus on achieving accurate striking. The 2019 six bell competitions were held at Polstead. It was disappointing that, although overall there was a reasonable turnout, we had no representation from any North East towers and only one from the South West. Congratulations to Pettistree on winning the Mitson Shield (by a not insignificant margin) and to Great Barton on winning the Lester Brett Trophy (for the second year running). The eight bell competition was held at Lavenham, where there were four entries, albeit with representation from only two Districts: the North West and the South East. Congratulations to the North West District on winning the Rose Trophy competition. I would like to reiterate my thanks to Sue Freeman and her team for coordinating the lunch arrangements, at quite short notice – it is appreciated. Our thanks also go to Andrew Kelso and Brian Meads for judging all three competitions, very capably, on what I appreciate is a long day of listening intently to ringing. Partly with this in mind, our Chairman, Rowan, has proposed, and the Guild Management Committee agreed, to separate the six and eight bell competitions in 2020. The six bell competitions will still be on the third Saturday in May (16th), however the eight bell competition will be held in September and combined with the Guild Social – look out for further details in due course. Hopefully this will encourage greater participation and interest from all the Districts in our Guild.

In June, the Suffolk Guild hosted the Ridgman Trophy, at The Norman Tower, Bury St Edmunds. I would like to thank Rowan Wilson for her arrangements, ensuring we hosted the event successfully. The Suffolk Guild band was placed third, out of eight entries. This is an improvement on our 2018 placing, with the gap between us and the teams above much reduced – to the extent we were disappointed not to have done better. 2020 will see the Ridgman Trophy hosted by Boston, Lincolnshire – perhaps our practices should include training for climbing the many steps!

Quarter peal ringing in Suffolk continues to thrive, with Neal Dodge's analysis of quarter peals rung in Suffolk showing an increase in the number rung in 2019. It would be interesting to delve deeper and analyse whether the number of quarter peals rung by Suffolk bands has increased or whether the numbers have been distorted as a result of quarters rung by visiting and touring bands. As has become customary, Pettistree remains the leading tower for quarter peals, and David and Lesley Steed the most prolific quarter peal ringers in Suffolk – will this change in 2020?

The number of peals rung for the Guild in 2019 was 87, the fewest since 2005. 101 Guild members rang a peal for the Guild, 22 fewer than in 2018. Considered in isolation, this is disappointing; however, the overall total is not the only indicator of success. It is pleasing, for example, to see four peals of Maximus rung for the Guild in 2019, after none since 2016.

Thanks to Pealbase, I congratulate the following on their achievements:
650th peal – Christine A Knight; 550th peal – Louis P H Suggett
500th peal – Richard T L Rapior; 400th peal – Ian J Culham and David I Stanford
150th peal – Ruth Suggett; 100th peal – Maximillian L D Drinkwater and Neal T Dodge.
Apologies if I have missed any.

Unfortunately, I only made it to one Belfy Advisory Committee (BAC) meeting during 2019, although it would have been two if an exhaust hadn't fallen off in Rishangles! Nevertheless, I have experienced the work BAC members continue to carry out, specifically at Hintlesham and Yaxley where there is a marked improvement with these rings, following voluntary work led by Neville Whittell and Winston Girling respectively. Our thanks go to BAC members who help ensure our towers across the Guild remain available for ringing.

The annual Veterans' afternoon at Debenham was, once again, an enjoyable event. It was pleasing to see such a good turnout in 2019.

The Guild Social, hosted by North East District was an enjoyable event, even if a few of the clues were challenging! Our thanks go to all who helped organise the day.

Let's all continue into 2020 maintaining the support shown in 2019; in doing so, we will carry on providing ringing opportunities throughout our Guild.

## Secretary's Report—Kate Gill

I took up the role of Guild Secretary in June 2019. I am also Secretary to the North East District. My Guild Secretary duties have been relatively light, thanks to the elements of the role already being undertaken by other Guild officers. From time to time I receive enquiries from various bodies, for example researching information about deceased Guild members. I am very grateful to Neal Dodge for continuing to take the Guild minutes.

## Guild Handbells & Mini Ring Trustee's Report—Brian Whiting

### Handbells

The Guild has five sets of handbells:

- 25 bells by Taylors size 20 in C (2 chromatic octaves)
- 16 bells generally by Shaw size 19 in F (diatonic 13 + 3 semitones)
- 13 bells by Warner size 20 in E (diatonic 12 + 1 semitone)
- 13 bells by various founders size 20 in F (diatonic 13)
- 14 bells by probably Mears size 18 in G (diatonic)

The set of 25 have been used for tune ringing during the year and currently all sets are back with the trustee, with the exception of one of the sets of 13, which is in the NE district. The bells remain in good order with the exception of the set of 14.

The loan of any of the sets of handbells is subject to the regulations printed on page 81 of this report.

### Vestey Ring

The Vestey Ring is a portable peal of six, tenor 8lb 5oz in B.

Three promotional banners are available with the mini-ring.

Details are available at http://www.suffolkbells.org.uk/towers/vesteyring1.php

The bells had ten outings during 2019, all bar two in Suffolk, details of which can be found at http://www.suffolkbells.org.uk/vesteyringbookingsall.php

# Public Relations Officer's Report - Neal Dodge

2019 has been a packed year of promotion for the Guild with plenty of ringing and media coverage. In February Radio Suffolk invited me to speak to them as part of a series on charities in the county. It was rewarding to be able to share some of the great things we've achieved in terms of restoration of Suffolk's oldest instruments and in keeping our cultural heritage alive. Even I was amazed to learn that since 2012 we have given over £75k towards £700k worth of restoration work, to say nothing of the thousands of hours we give each week.

In April, the Archbishop of Canterbury made a call for ringing across England in solidarity with the people of Paris following the devastating fire at Notre Dame Cathedral. Suffolk rose to this challenge and 80 performances were recorded on BellBoard with many other towers taking part. It was most pleasing to see many 'non change ringing' towers included in the list. We had great coverage of the ringing from Radio Suffolk who spoke with myself and Kate Gill who gave an excellent interview. Over the past couple of years it's been very rewarding to develop the Guild's relationship with the Diocese through their communications manager. This paid off with the ringing request for Notre Dame being sent out to all in the Diocese and getting strong coverage of Suffolk Day with an interview with Katharine Salter.

The restorations at Stowmarket and Hitcham have also garnered substantial coverage both on the radio and in the papers.

In May I was lucky enough to be invited to represent the Guild at a reception hosted by US ambassador 'Woody' Johnson at Winfield House in Regents Park. Around 120 ringers attended from across the U.K. where the ambassador spoke of the shared connection between our two countries and his admiration for bell ringing.

The Guild Striking Contest, was hosted by the SW District at Polstead and Lavenham, great locations and good weather. George Vestey, the Guild's Patron, opened the contest where he spoke with admiration of our achievements over the past year, particularly Armistice 100, while encouraging members to step up and fill any vacant officer posts. He stayed and listened to the excellent ringing and chatted at great length about the state of the Guild with those present, Guild officers and new ringers alike. He enjoyed it so much so that he stayed several hours longer than planned!

Rowan gave a super interview with Radio Suffolk in June on the Ridgman Trophy striking contest at the Norman Tower. She did an excellent job in explaining to the listeners the intricacies of striking contests and ringing in general while promoting the Guild as well.

Now in its 3rd year, Suffolk Day has certainly established itself as part of the Guild's ringing calendar, as such 25 towers rang out across the county (and beyond!) including 8 QPs and one peal. A big thank you to all those who took part.

Next year Suffolk Day is on a weekend so it'll be a perfect opportunity to host a tower open day and take advantage of some extra publicity, plenty of promotional materials are available on the website.

In November there was an unusual request from a production company to film some ringing in Suffolk for the BBC. Kersey was selected as a suitable venue and members gladly came forward to help. The footage will feature in an episode of Arena based on a novel in the trilogy that charts the life of Thomas Cromwell ; another opportunity to give ringing wider exposure, plus the Guild received a donation for our efforts!

The Christmas ringing in Ipswich had plenty of attention in 2019 including articles in the local paper, and the bells of St Matthew's were even broadcast live on Radio Suffolk along with an interview with David Salter. Thank you to Katharine Salter for pushing the message out so successfully to the local media.

In 2020, the big event for the year will be the 75th Anniversary of VE Day on 8th May. Our aspiration is to replicate the ringing that would have taken place in 1945.

Thank you to all of you who have promoted ringing in so many ways in 2019.

## Membership Secretary's Report - Mary Garner

The total membership by the end of 2019 was 776, compared with 756 in 2018, a net gain of 20. Forty seven new members were elected during 2019, including 9 in full time education. Sadly fourteen members passed away during the year. Forty people did not renew for various reasons and thirteen "re-joined".

Certificates recognising 50 years of continuous membership of the Suffolk Guild are awarded at the AGM. In 2019 eight such certificates were awarded.

If a ringer in your tower is ready to join the Guild please ensure that an Application Form is completed and passed to your District Secretary, together with their subscription, for their election. Once the form is received by the Membership Secretary a welcome letter from the Chairman is despatched together with a leaflet which contains information about Guild contacts and the Central Council of Church Bell Ringers and more besides. A certificate of membership is prepared.

If you move house, change your email address or change home tower, please don't forget to let me know.

## Librarian's Report - Abby Antrobus

This year I have made a visit to the Norman Tower and can report that the conditions in there are good for both the books and volumes in storage and for the books on the shelf. I cross-checked the catalogue to books on the shelves, and still need to undertake the promised update with information on what is where and details from the Suffolk Records Office catalogue.

As for last year, do send any material that you would like included in the archive, and do send any requests for books or material. Also, if anyone is interested in taking on the role of librarian, do let me know. I have some items to add to the archives in Suffolk Records Office but cannot now deposit them until June 2020, when The Hold (new archive facility) opens.

We continue to support the Friends of the Central Council Library.

## Webmaster's Report—Chris Garner

The Guild Website now contains more than two thousand pages and five thousand images. Information about towers, bells, ringers and events is constantly updated. Photos and snippets of news may be sent to the Webmaster (webmaster@suffolkbells.org.uk) for posting on the web site. Richy's Blog is now in its thirteenth year and is posted daily, generating friendly repartee on Facebook. The Guild also has a Twitter account (@SuffolkBells). Thank you to all those who have made contributions.

Various sections of the Guild may be contacted by email: all subscribers (559), Members (523), Tower Correspondents & Email Contacts (161), NE Members (104), NW Members (118), SE Members (187) & SW Members (109). Emails may also be sent to any group of members. Email addresses are known only to the Webmaster and the Membership Secretary. If you would like information distributed, please send copy to the Webmaster (webmaster@suffolkbells.org.uk).

A significant number of emails are returned as undeliverable so, if you change your email address, don't forget to let me know.

152 tower correspondents or tower email contacts and all 33 Guild & District officers now have generic email addresses (e.g. pettistree@suffolkbells.org.uk or master@suffolkbells.org.uk). This makes things easier when personnel change.

## District Report

2019 was a good year for the District, in terms of increasing quantity and complexity of quarter peal ringing. Over 50 quarter peals were rung by predominantly district bands, more than double the previous year's total. This includes regular monthly quarter peal afternoons (2 QPs in one afternoon) at Worlingham, and the project to ring the standard 41 Surprise Minor methods, 12 completed so far, rung mainly at Blythburgh. We plan to continue with both these initiatives in 2020. There was a good turn out for the district striking competition at Theberton in May, with nine teams, ringing both call changes and methods. The district is benefiting from the new ringing facility at the Mancroft Ringing Discovery Centre. We are pleased that several of our new ringers have visited this facility.

We have aimed to include all levels of experience in our ringing activities and ensure that newer ringers are enabled to progress. Our district outing in the spring, to towers which were new to many ringers, was successful and enjoyed by all. Again, we plan to repeat this in 2020.

We hosted the Guild Social in September - a successful event, with over 60 tickets sold. It was an enjoyable afternoon and evening, with a tricky treasure hunt round four NE towers, followed by a supper, with kind weather! The event was well-attended, and we returned a surplus to the Guild.

Discussions are ongoing about the installation of a simulator in the 8 bell tower at Southwold.

# District Report

I'm pleased to report that the NW District continues to remain buoyant with plenty going on, and with enthusiastic ringers supporting events and practices. We were sorry to see Rowan Wilson stand down as Ringing Master at our ADM in October as she donned fully the mantle of Guild Chairman, but we anticipate that our newly-elected Ringing Master, Maureen Gardiner, will continue the good work in a varied programme of ringing (and other related treats).

The year started with our now customary practice at the Norman Tower, followed by lunch at the Bunbury Arms. This is always a good event with ringers and non-ringers joining together for an afternoon's socialising. District practices through the year were attended by a good number of ringers of all abilities. To encourage more local ringers to come to the practices to see how they can benefit from them, Rowan arranged quarter peals at some of the towers before practices with the intention of giving the home ringers the chance to ring something they may have been practising, and so rang Plain Bob Major at Gislingham in February for Sylvie Fawcett, Doubles (3m/8v) at

Thurston in March for Doug and Jill Rood and Norwich S Minor at Redgrave in February. More news later on how this idea will be developed by Maureen!

In May, bands from the district took part in the three competitions that go to make up the Guild Striking Competition. Great Barton and Pakenham were split by one mark in the Mitson Shield coming 5th and 6th respectively but the Great Barton team were triumphant in winning the Lester Brett Trophy with Thurston coming 3rd, and the day crowned by the district band winning the 8-bell Rose Trophy at Lavenham. Congratulations to all who took part.

Quarter peal week in May was another success with 17 successful attempts, with the following achievements amongst them: most methods: Rachel Tunbridge (on treble) and Simon Veal • first multi-method quarter and first of St Simon's B Doubles: Sally Veal • first in method for all in the quarters of Newton-le-Willows B Minor, Ascension Day TB Minor, Winchendon B Triples and Golborne B Minor • first in St Clement's CB Minor and Double Oxford B Minor: Mark Steggles and Serena Steggles • first Maximus: Tim Smith • first Cambridge Maximus: Nathan Colman and Julian Colman • first on 8: Ben Keating • first Surprise Major as conductor: Rowan Wilson • 250th qp: Neal Dodge

In June Rowan organised a visit to the Mancroft Ringing Discovery Centre in conjunction with the SW District, and those who attended rated it as a very useful trip, which may well be repeated in 2020. Our district outing in July included a return visit to Mancroft as part of a walking tour of Norwich towers, where district ringers were joined by one man and his dog from a neighbouring district (thank you Brian!).

Our ADM in October was at Stowmarket with a truly memorable and excellent ringers' tea (thank you to those who prepared this, who are not all ringers). Food was again to the fore at the very well attended Christmas social at Pakenham, with a bring and share lunch following the ringing, and a chocolate quiz from Becky Munnings.

Finally, we would like to thank incumbents, tower captains and all who allowed us to ring around the district this year and look forward to ringing with many more of you during the coming year.

# District Report

It's been another busy year in the South East District. We have welcomed 13 new members, and attendance has been good at events and practices.

In February, we visited Parham and Hacheston, and March saw a practice at Offton that ranged from rounds-and-call-changes to Bristol Surprise Major. In April, a group of 16 developing ringers and helpers visited the new training facility at St Peter Mancroft and used it in a wide variety of ways under the guidance of Nikki Thomas.

Also in April, the district hosted the Guild AGM in Ipswich with ringing at towers throughout the town and a safeguarding course, service, tea and meeting at St

Matthews. For the event, Jonathan Williamson wrote a new ringers hymn, complete with Suffolk-specific verses.

May's striking competition was held at Sproughton, with St-Mary-le-Tower winning both competitions, and the district was well-represented in the Guild 6 and 8 bell competitions, with Pettistree winning the 6-bell change ringing competition.

In June, East Bergholt ringers provided a demonstration, and we were then also warmly welcomed at Stratford St Mary (just outside district borders) for tea, ringing and a brief business meeting. In July, a determined group braved the inclement weather and walked and rang at Grundisburgh and Hasketon, with good ringing at both.

In August, quarter peals were scored at Sproughton, Bramford and Coddenham, with a pub meal at the Sorrel Horse in Barham.

We enjoyed a visit to Iken and Tunstall in September, an outing to Hertfordshire in October, and a practice at Ufford in November.

The ADM was hosted by the Debenham band. Jonathan stood down as ringing master, and welcomed Jenny Scase to the role. He and the committee were thanked for their contributions. We took a new approach to electing representatives at the meeting to allow more flexibility in towers being represented. David Stanford was also press-ganged as another rep during drinks in the pub afterwards.

Approximately 40 people attended the first practice of 2020 at Woodbridge for the new ringing master's first practice, and the committee also met and have made progress developing the ringing programme for 2020; suggestions, ideas and feedback are welcome.

Additionally, there were good attendances at the Veterans afternoon and for the 2nd Tuesday ringing, and for Christmas ringing in Ipswich organised by Katharine Salter.

# District Report

In the last 12 months we have held our ADM, 7 practices, a training visit to St Peter Mancroft in Norwich, a Striking Competition, David Lee's Outing and Meal and a Quarter Peal Month.

The District has a total of 145 members compared to 144 last year. Six new members joined during the year; 2 members died and 3 did not renew.

We shared a visit, with the NW District, to the Mancroft Ringing Discovery Centre in Norwich where they have a ringing room with 8 training bells connected to simulators. The ropes hang in a proper circle and each 'bell' has its own set of headphones and a laptop. Students had some individual time with their teacher/mentor and also ringing together time doing some ART foundation activities. Thank you to Rowan for organising this experience for us.

In the Striking Competition at Little Cornard 7 teams entered, with Kersey coming first in the Method section and Haverhill coming first in the Call-change section. Congratulations, and thank you to all who helped with refreshments, our judges and to Vicky de Vries for her excellent account of the competition.

Once again we thank David Lee for doing a grand job of organising our Summer afternoon outing and evening meal. Next year we hope to have an additional outing with 'festive' meal in November, when more people will be free of holidays and wedding ringing!!

Six quarter peals were rung in August; Paul Mitchell rang his first Quarter Peal; John Game rang his first of Doubles inside; Ben Keating rang his first of St Simon's and St Martin's Doubles and Tim Forsey rang his first of Minor inside. Congratulations to all of you and many thanks to those who organised and rang in support of these ringers.

Thanks go to our retiring district officers, Pam Ebsworth, Paul Ebsworth and Tony Read who have done sterling work over several years – they will be missed. Thanks also to those continuing in post including Pauline Brown our Chairman and the GMC and Deanery Representatives. We welcome new district officers: Tim Forsey, Nigel Gale and David Lee.

Finally, with regret, we record the death of David Smith, who was tower captain at Stoke by Clare and a regular service ringer there and at Clare and Haverhill. Our sympathies go to his family and friends.

# Directory of Suffolk Towers and Correspondents

The table on the following pages shows details of every ring of four or more bells in the area covered by the Suffolk Guild of Ringers, along with the tower correspondent and their contact details where permission has been given for their inclusion.

All Guild tower correspondent email addresses are {towername}@suffolkbells.org.uk

Condition of the ring (Cond)

10 Excellent. Ball bearings, modern frame and fittings
9 Excellent. Plain bearings, modern frame and fittings or ball bearings in old frame
8 Good going order
7 Fair going order
6 Poor going order
5 Ringable if cleaned up and odd fittings and ropes provided
4 Rung occasionally. Frame/fittings nearly life expired
3 Not to be rung mainly because of tower and/or frame arrangement and position
2 Not to be rung mainly because of frame and/or fittings
1 Hung dead
0 Some bells unhung on the ground

Please note that the classification is based on the condition only at the last date of inspection, and any enquiries or requests for further inspections should be directed in the first instance to the Suffolk Guild Technical Advisor.

The key of a ring (i.e. the note of the tenor) is given in cents (i.e. hundredths of a semitone) from the given note; usually, for simplicity this is a white note. In explanation there are 1200 cents in an octave; a key given as C+80 could be written as C#-20m and the notes given are those of the standard equal tempered scale with note 'A' vibrating at 440Hz.

The Suffolk Guild of Ringers will not support or condone any attempts by its members or indeed anyone else to ring on bells which are classified as condition 3 or below. At these churches the Suffolk Guild Technical Advisor or deputy, and if necessary the architect concerned, must be present when assessment of the bells or tower is taking place.

Code: G Ground floor ring
A Anticlockwise rope circle
D Detached tower
R Round tower
S Simulator
T Toilets available

# Peal Secretary's Report—Christine Knight

There was a significant drop in the Guild peal total in 2019 to 87, down from 108 in the previous year. In part, this was caused by the major illness of one of our leading conductors, but also by the lack of a national impetus for peals, such as the World War One commemorative peals of recent years. However, August saw the welcome return of David Salter to peal ringing and, although fewer in number, there are many positive aspects to the Guild's peals, not least four first pealers. Peals were rung at 42 Suffolk towers and at three other venues, Saints Philip and Jacob, Bristol, Helions Bumpstead, Essex, and Histon in Cambridgeshire.

At Cretingham, the first peal since augmentation to six was rung on 21st February. Another noteworthy peal was the 5095 of Suffolk Surprise Major, which was specially composed by Brian Whiting and conducted by Stephen Pettman to celebrate the Guild's 95th anniversary in 2018. The peal was rung just inside the anniversary year at Grundisburgh on 16th March. Making a return to peal ringing after a long gap has featured several times in recent years and it was good to see this continue at Monewden in Peal Week, with Tracey and Mervyn Scase ringing their first peal for more than twenty five years. On 14th December, one of the county's most active towers, Pettistree, hosted its annual peal for the anniversary of the first peal on the re-dedicated bells, this year the 32nd. It was good to see Michael Whitby conduct another milestone peal there in November, which was the 100th peal on the bells. Another very active tower is Great Barton. The band there deserves great credit for its enthusiasm in introducing members to peal ringing. Two peals were rung there in Peal Week, each containing a first pealer, both of whom then progressed to ringing their first peal 'inside' on 15th December. Neal Dodge conducted this peal and it was rung by a Great Barton practice night band, a commendable achievement, which it would be good to see replicated across the Guild.

The year saw another very successful Peal Week. It would have been extremely difficult to emulate the achievements of Peal Week 2018 (the year of its re-introduction), when nine members rang their first peal. However, there were three first pealers in Peal Week 2019 and other 'firsts' too in the nine peals rung. Another positive aspect of the year was the opening up of peal ringing on twelve to more members. The four peals of Surprise Maximus rung during the year were the first peals of Maximus for the Guild since 2016. The twelve at the Norman Tower, Bury St Edmunds, have been put to good use with three of the peals having been rung there. There were two 'firsts of Maximus', one on 2nd February, and one on 13th April. Twelve bell peals, by their very complexity, are often rung by bands from a large geographical area so it is very encouraging that the peal of Yorkshire Maximus at the Norman Tower on 13th April contained eleven resident members.

There are now four regular peal bands in Suffolk, which have monthly attempts. Peals of Surprise, and sometimes, Delight Major, continue at Aldeburgh. The evening attempts on the light eight at St Mary le Tower, Ipswich, have a different focus. The band has moved away from ringing methods bearing Suffolk place names and is in the early stages of a project to ring Norman Smith's 23 Spliced Surprise Major. So far, 10 Spliced has been rung, on 28th August, conducted by Brian Whiting. Rowan Wilson and Julian Colman also organise monthly attempts, but their bands ring at a wide variety of towers. In all, 26 of the Guild's 87 peals were rung by these regular peal bands. Their focus on Surprise Major explains the rising percentage of peals of Major rung for the Guild. In 2019, it was 56%, up from 48% in the previous year. The Ringing World's 'Method of the Month' initiative proved to be of interest, generating peals of Cooktown Orchid, Deva, Painswick and Turramurra Surprise Major. The series focuses on musical methods of varying degrees of difficulty.

A peal of Hollesley Little Delight Major, which was rung in Peal Week at Saints Philip and Jacob, Bristol, resulted, no doubt, from the presence in the band of three ringers who learned in Suffolk. Another two young, talented Suffolk ringers have left the county for Bristol in recent years. It is interesting to view this migration against the backdrop of an exceptional year for peals to mark the 50th anniversaries of a first peal. In date order, six members, Brian Whiting, Amanda Richmond, Joan Garrett,

John Mayle, Stephen Pettman and Richard Knight are to be congratulated on reaching this milestone. With the exception of former resident, John Mayle, all are prominent members of the Guild, between them having given many years of service in a variety of offices. The Guild should be proud of the number of highly talented young ringers who have learned to ring in Suffolk in the last decade, but many have left the county now and may not return. Several ring peals with some of the most talented bands in the country, a path now opening up for Jimmy Yeoman from Exning, who has made incredible progress since his first peal in 2018. Their leaving highlights the need to invest continuously in encouraging people of all ages into peal ringing, with all the well documented benefits peals have in raising overall standards in ringing. Once again, I should like to thank Michelle Rolph, Mark Ogden, Brian Whiting and David Salter for their hard work on the peals section of this Report.

# Safeguarding Statement

The Suffolk Guild of Ringers takes the safeguarding and protection of children (under 18s) and vulnerable adults very seriously. It recognises that the welfare of children and vulnerable adults is paramount and that we have a duty of care when they are in our charge. We will do everything that we can to provide a safe and caring environment whilst they attend our activities. All children and vulnerable adults will be treated with respect and dignity.

# Safeguarding Policy

The Guild, as advised by the CCCBR, follows the national "Promoting a Safer Church" policy as adopted by the diocese of St Edmundsbury & Ipswich:

- Local tower arrangements should always be approved by the PCC in line with the Parish Safeguarding Policy①. The Tower Captain should have a copy of the Parish Safeguarding Policy and ensure that ringers have access to it.
- All ringers should complete the online safeguarding training course 'Basic Awareness' (previously called C0) as advised by the PSO② or Incumbent for the tower where they are listed. It is accessible via this web address

  https://safeguardingtraining.cofeportal.org/

  The certificate awarded should be retained and the date of completion notified to the PSO.
- Tower Captains and ringing teachers must complete 'Basic Awareness' first, then attend a "face to face" half day course, 'Leadership' in the Diocese every three years②, (previously called C2 / C3). A course may be booked at

  https://www.eventbrite.co.uk/o/diocese-of-st-edmundsbury-and-ipswich-11874263047
- All Tower Captains and ringing teachers MUST hold a current clear DBS check status IF their role includes the training of children or vulnerable adults.
- Any person requiring a DBS check must first complete a Confidential Declaration Form, available here

  https://www.cofesuffolk.org/uploads/
  Church_of_England_Confidential_Declaration_Form_Nov_2019_-_FINAL.docx

  The completed form should be handed to the Incumbent or PSO for secure and confidential storage.

A ringer does NOT require a DBS check if acting in a supporting role, undertaking unplanned one-off teaching or deputising in an emergency, providing two adults (preferably one of each gender) are present, nor for transporting children or vulnerable adults as part of arrangements between families.

Where there is cause for concern this should be reported to the Parish Safeguarding Officer or Incumbent immediately③.

---

1 The Parish Safeguarding Statement / Policy should be displayed in the church together with the name and contact details of the Parish Safeguarding Officer.

2 The PSO, Parish Safeguarding Officer, will keep a register of C2 courses attended but ringers are advised to keep their own record too to ensure that their qualifications do not lapse.

3 The Parish Safeguarding Officer or Incumbent will refer immediately to Suffolk County Council Customer First – 0808 800 4005. If there is risk of immediate harm call the police – 999

Mary Garner, Safeguarding Officer, Suffolk Guild of Ringers
Revised January 2020

# Draft Minutes of the Suffolk Guild Annual General Meeting held on Saturday 27th April 2019, Ipswich (St Matthew's)

1) Welcome, thanks and apologies

The chairman opened the meeting by thanking The Rev Nick Atkins, St Matthew's, Stephen Cheek for playing the organ and Jordan for manning the PA system. Thanks were given to the SE district members for organising the AGM day, car parking, ringing towers, teas, service etc. The meeting thanked Chris Garner for promoting the AGM really well on behalf of the Guild and to Mary Garner for organising the C2 Safeguarding morning. The meeting showed their appreciation.

2) Absent Friends

The meeting stood in silence to remember those mentioned in the report, plus Hubert Mitson, Graham Morrey, Douglas Pope, John Newson and Janet Stannard (who died last week). The chairman invited Chris McArthur to say a few words about John Newson.

3) Election of New Members

The following were elected as new members

David Baldwin, Cretingham; Leonie Smith, SMLT; Karina Wiseman, SMLT; Peter Hayward, Cretingham. All in favour.

4) Minutes of the 2018 AGM Annual Report page 76

These were signed as a true record of the meeting. Proposed David Steed, Seconded John Girt.

5) Matters arising from the minutes

There were no matters arising from the minutes.

6) Trustees' Report Annual Report page 9

The Trustees' report was adopted by the meeting. Proposed Ed Rolph, Seconded Mark Ogden.

7) Officers' reports: (within the Annual report)

| | Page | | Page |
|---|---|---|---|
| Ringing Master | 13 | Librarian | 17 |
| Secretary | 15 | Peal Secretary | 49 |
| Guild Accounts | 18 | Guild Handbells & Mini-ring Trustee | 14 |
| Belfry Advisory Committee | 11 | Webmaster | 17 |
| Public Relations Officer | 16 | Membership Secretary | 15 |

The Officers' reports were adopted by the meeting. Proposed Ed Rolph, Seconded Mark Ogden.

8) Annual Report - Editor's report

The chairman thanked Michelle for the excellent report and thanked all who helped with its production. Michelle Rolph said the GDPR management had had an impact on the production on the report this year as people now have to give permission for their details to be published. Michelle thanked everyone who contributed in any way to the report. Thanks go to David Salter who contributed despite sickness. Michelle is stepping down from the post this year and the post will be vacant, however Michelle will support her successor through their first report. The meeting showed their appreciation to Michelle for her hard work.

9) Central Council Report

This report has only just appeared on the Guild website. The meeting was asked to read and make comment directly to the chairman.

10) Subscriptions and Peal Fees for 2020

The chairman explained that the Guild is a charity that gives back directly to its members in many ways. She said that for the Guild to succeed it would be necessary to increase Guild subs for 2020 and that this increase has the full backing of the GMC.

The treasurer explained the situation we are in financially and why we needed to find a larger income. For the last few years the Guild has been running into the negative. Subs need to go up or our expenditure needs to decrease dramatically.

Peter Harper was surprised that there are concessions within our Guild. He is familiar with many Guilds paying a flat rate for all members. He would like to see everyone paying the same rate of £15.

David Salter said he had no objections to the increases. However, he questioned the value for money. He said that the Guild fundraising efforts were poor compared to other Guilds.

The proposal is to raise the subscriptions as follows

| | Current | Proposed |
|---|---|---|
| Full adult member | £15 | £20 |
| Member over 65 | £10 | £15 |
| Member over 75 | FREE | - |
| Member in FT Education | £7 | £10 |
| Associates and NRLM | £7 | £10 |

Proposed Richard Knight, Seconded Cath Colman. 4 against, 6 abstentions. Proposal carried.

**12) Election of Central Council reps**

| Elected | Proposed by | Seconded by |
|---|---|---|
| Stephen Pettman | Rowan Wilson | Carl Melville |
| Neal Dodge | Carl Melville | Rowan Wilson |
| Chris Birkby | Neal Dodge | Jed Flatters |
| VACANT | | |

13) Election of Trustees

The following were elected as Trustees to the Guild: Rowan Wilson, Stephen Cheek, Tom Scase and Proposed Julian Colman, Seconded Cath Colman. All in favour.

14) Rule change

14.1 To amend rule H 2.3. Pupils in fulltime education and members over 70 years of age shall pay a reduced rate of subscription. Members over 80 years of age shall pay no subscription.

14.2 To amend constitution B 4. Churches within the Diocese may be affiliated to the Guild on payment of an annual donation of an amount at least equal to the subscription payable by a Ringing Member aged between 70 & 79.

Jacky Savage asked if the increase of £10 for a few people is fair.

Mary Dunbavin said we should raise the fees more often rather than sitting on them for a long time as we have done recently.

John Girt asked if we should dispose of all concessions as was proposed earlier in the meeting.

Many members said their subscriptions to other Guilds, choirs etc were considerably higher and many of them have no concessions.

Ralph Earey asked the meeting to focus more on recruiting new members which would help solve our financial situation.

The Rule Change was Proposed by Brian Whiting, Seconded John Girt. Against 5, Abstentions 3.

15) Resolution to adopt the Objects of the Guild Annual report page 80

Stephen Cheek asked the meeting to vote that the Objects of the Guild be:

1. The Guild shall promote ringing for Divine Service within the Diocese of St Edmundsbury and Ipswich by:
2. Promoting and encouraging the practice of bellringing.
3. Supporting the recruitment and training of bellringers.
4. Cultivating the art of scientific ringing.
5. Promoting an appreciation of the ringing chamber as part of God's house and encouraging care and attention to its cleanliness and proper equipment.
6. Promoting the preservation of bells in an efficient condition, recommending necessary repairs and renovations and providing reliable information and practical advice on the condition of the bells and their fittings.
7. Supporting restoration and/or augmentation.

Proposed Jed Flatters, Seconded Gordon Slack. All in favour.

16) 50 Year Membership Awards

The chairman congratulated the following who had achieved 50 years of membership: Stephen Pettman, Amanda Richmond, Elizabeth Tydeman, Richard Knight,

Michael Parker, Sheila Franks, Christopher Nunn, Brian Wells. She then gave a brief summary of their achievements for the Guild:

Rather than talking about their achievements as individuals (as ringing is always a team effort), between them they have 400 years of membership (which equates to a lot of cash for the Guild fund) and have rung over 2500 peals for the Guild. Amongst them there have been two Guild Ringing Masters (one being the first female GRM in 1990) and a district Chairman but three of them are still working for the Guild as CC rep, GMC member and BAC member.

I appreciate that these members may not have all joined in 1969 but in the Annual Report for that year, Ringing Master (Howard Egglestone) asked members to "Support your local tower captain and back up your district officers, but above all always give of your best whilst in the tower". Wise words indeed and still very relevant today and these 8 members have certainly supported the Guild with their 50 years of membership. Subs were a bit different in 1969 though – 5s membership fee (juniors 2 ½ s) and 6d peal fee.

17) St Edmund's Clapper competition

There were two entries this year, with the winner being Sproughton, who raised £250.00. The runners up were The Millbeck Ring who raised £50.00.

18) Appointment of Independent Examiner

Stephen Cheek proposed that we change our Independent Examiner to BAS Accountants, who will charge half of what we are paying now. Proposed Stephen Cheek, Seconded Gordon Slack. All in favour. A letter of thanks to be sent to Larking Gowen

19) Guild Magazine Team

The GMC discussed the various options in October 2018 and decided that an enthusiastic team of people would be required to restart the magazine. Sadly, as no one had come forward to take this on, the chairman suggested that this format of communication had perhaps had its day and that new and existing ways of communicating news should be pursued.

20) Guild Social Event 2019 – NE District Saturday 21st Sept

Kate Gill said that the social will be in the NE in the form of a treasure hunt around four towers. This will be followed by a sausage supper. It will be £10 a head. Members were asked to spread the word and look for the flyer on the website and email in the coming weeks.

21) Golden Bottle applications

The chairman explained that the Guild had received a generous donation which needs to be spent on training so the Recruitment and Training committee have proposed that the funds be used to install a simulator in each District of the Guild.

How to apply - Each District (through the District Secretary &/or Ringing Master) will invite expressions of interest from towers and then advise the Recruitment & Training committee.

Guidelines for applications

Members were asked to contact the R&T cmte for a full set of guidelines but ideally the towers will:-

1. Have the backing of the PCC
2. Agree to install and maintain the simulator (technical advice will be available)
3. Agree to make the simulator and bells (silenced) available to Guild members at all reasonable times

4. Have appropriate facilities for groups of learners, including kitchen & toilet facilities

The maximum grant payable will be £1250.

Jacky Savage explained the history of the Golden Bottle Trust, which was set up by her family's bank. She thanked C Hoare & Co for their generous donation.

John Girt congratulated the R & T committee but suggested that the key to training and retaining new ringers was the appropriate training of the teachers.

22) Any Other Business - (discussion only)

Jonathan Williamson explained how the SE District had used the training facilities at MRDC, Norwich and encouraged all members to go and visit the centre. Simon Rudd also encouraged us to visit and make use of the excellent facilities.

The GMC have discussed the possibility of holding taster days to promote bellringing and recruit new members. This could be linked to Suffolk Day (21st June) but this is probably too soon for 2019.

Maybe a more realistic target would be Open Churches/Heritage Open Days in Sept 2019. Ideas so far include a demonstration of bellringing + have a go using the mini ring.

Ideally these taster days would be held at key locations in each District and would be held regularly in the future.

The chairman thanked everyone who rang for Notre Dame Cathedral at the request of the Archbishops. So far 66 Suffolk towers had recorded their performance on Bellboard and she encouraged everyone to do so.

The chairman congratulated Jimmy Yeoman of Exning who received the ART Learning the Ropes Achievement award in March 2019. Jimmy learnt to ring in October 2016 and rang his first quarter peal on 16th September 2017, his first tower bell peal on 16th February 2018, followed by his first handbell peal on 11th July 2018. Shortly after this he celebrated his birthday by ringing a peal!

Veterans Day is on 10th July at Debenham at 2pm. All welcome.

REGULATIONS RELATING TO THE SUFFOLK GUILD HANDBELLS

1. The Suffolk Guild handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustee. They consist of five sets of handbells:

| | |
|---|---|
| 25 bells by Taylors | size 20 in C (2 chromatic octaves) |
| 16 bells generally by Shaw | size 19 in F (diatonic 13 + 3 semitones) |
| 13 bells by Warner | size 20 in E (diatonic 12 + 1 semitone) |
| 13 bells by various founders | size 20 in F (diatonic 13) |
| 14 bells by probably Mears | size 18 in G (diatonic) |

They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustee by the borrower and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustee if they are required by other member of the Guild. A member from another tower has priority over a member from the same tower as the preceding borrower.

3. The bells are the responsibility of the borrower, after he/she has signed for them,

until they are returned to the Trustee by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of the Trustee.

4. The bells must be returned to the Trustee upon request. The Trustee should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.
5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.
6. The bells are maintained by the Suffolk Guild. Borrowers are requested to give a donation for their maintenance and insurance.

# Foreword from the Chairman

It would be very easy to dwell on all of the things that didn't happen in 2020 due to the pandemic and we don't know yet how much damage has been done, but I want to use this opportunity to highlight the positive things that did happen.

We did manage to 'hit the ground running' at the start of 2020 with another well-supported Guild peal week in February (with nine peals scored) and the successful retention of the George W Pipe 12 bell trophy by a Suffolk band with the Norman Tower (Bury St Edmunds) winning at St Mary-le-Tower in Ipswich.

12 bell ringing was going to feature again in March with St Mary-le-Tower, Ipswich due to fly the flag for Suffolk in the National 12 bell eliminator; the band was developing nicely, holding a promising practice at Walsall in preparation for the competition but sadly this was not to be.

The pandemic has understandably had a massive impact on ringing but the work of the Guild has continued behind the scenes with GMC and Recruitment & Training committee meetings being held on Zoom as were the ADMs. Several administrative tasks, which in the past have had to be squeezed into a busy ringing diary, took centre stage and have now been completed. These include work to identify and document the roles and responsibilities of the District and Guild Officers and, more recently, the refreshing of the Guild website to hopefully make it easier to find the many excellent resources which have been stored there over the years.

Working conditions have understandably been made more complicated but restoration and bell-hanging work has also continued. Hitcham (SW) & Barham (SE) will hopefully feature strongly in Guild activities in 2021 once lockdown has been lifted and Stowmarket (NW) and Laxfield (NE) will be hot on their heels!

Fund raising is another important aspect of the Guild's work as this enables us to support the grants we award for restoration. With the lack of funds from monthly meetings etc, the St Edmund's clapper competition was relaunched in October 2020 and is now an inter-district contest. It has been well supported with funds being raised from on-line quizzes and Ringing Room sessions but also handbell sessions and rambles in the real world (when social distancing rules and guidelines allowed)!

I mentioned my first AGM as Chairman last year little knowing that this year's AGM would be another first with the decision to move both the date (September) and the venue (Zoom). Thanks to the immense efforts of our Membership Secretary (Mary Garner) and Webmaster (Chris Garner) we managed to contact almost all of our members; as a result, the AGM was well attended in the circumstances and, despite the lack of the exciting social aspects, feedback was generally favourable.

Thank you to all of the Guild and District post holders, GMC and BAC members who have done their best under very difficult circumstances this year. And finally, thanks to all of you, our members, for your support; we haven't sadly been able to provide a normal programme of events for you this year but please be assured that we will do our best to get everything up and running as soon as we're given the green light.

## George Pipe - Ipswich St Mary-le-Tower

George was born in Egham, Surrey in 1935, and it did not take long to start following the footsteps of his father in learning to ring. His appetite and enthusiasm for the art propelled him on a path which would ultimately lead to George becoming one of the elite ringers of his generation. George rang his first peal in 1945 at Ufford for the Suffolk Guild, and by the time ill health had brought his peal ringing career to an end 67 years later, he had rung a further 1417 peals in total. 899 of these were for the Suffolk Guild; 497 were rung on 12 or more bells.

Soon after marrying Diana in 1956 at Bedfield, George's work took him to Australia. Diana joined him some months later, where between them, George & Diana helped set the foundations in place for tower bell ringing down under.

George had an indisputable reputation for high standards, and when his expectations were not being met, he would show it - whether it be in the form of bellowing from the tenor box at St Mary-le-Tower, a loud tut or sharp intake of breath following a dropped backstroke or just simply the sight of his head buried deep in his hands following a fire out. However, underneath this tough outer skin there was genuine kindness, loving and a simple desire to help develop others in the ringing fraternity. Those seeking to progress were given plenty of support and opportunity to do so, whether this was in Surprise Maximus or plain methods on 5 or 6 bells. George's drive – more than matched by that of Diana – succeeded in progressing the St Mary-le-Tower band from ringing Plain Bob Doubles to spliced Surprise Maximus during his tenure as ringing master after returning from Australia. Right up to his last days in a ringing chamber, consensus was that George's presence in the belfry alone would "incentivise" bands to add a minimum 10% extra effort that could transform an average piece of ringing to a good piece, or a good piece of ringing to a great piece.

George was not just focused on developing ringers though, as it is through his persistence that the bells at St Mary-le-Tower were rehung and some recast, and are what they are today. It was a far from easy task to accomplish though, with George having fought for 13 years to get permission for the funding for the much needed restoration of the bells before the work commenced. The project was finally completed just before the millennium.

Outside of St Mary-le-Tower, George served as Guild Ringing Master 1964 – 69, and then twice as Chairman (1974 – 77, & 1980 – 82). A year after Diana, George was elected an Honorary Life Member in 1998 in recognition of his service to the Guild.

George's other interests outside of ringing included the architecture of Suffolk churches, cricket, postcards, calligraphy & drawing. Many of us will have at some point received a personal letter from George (he did not go in for e-mail!), a hand drawn card at Christmas, or engaged in active dialogue about how England had either done well in the test match or collapsed in a heap from an otherwise promising position.

George's visits to the St Mary-le-Tower belfry had become few and far between in recent years because of his declining health, but it was still a privilege to see him on the occasional Sunday morning, seated either in the porchway or outside on one of the churchyard benches as the Sunday service band emerged from the tower. Not being present in the belfry did not hinder George's critical ear one bit, with a range of questions such as "who rang the 10th to Stedman Cinques" or "what happened in the 3rd lead of Grandsire Caters" awaiting us if the expected standard had not been achieved. Once seated in the coffee shop for post service ringing refreshments, glimmers of the George of old would emerge as he launched into storytelling mode.

George passed away peacefully at home on 3rd March. Sadly, it was not possible to mark George's passing in the way the ringing community would have wished because of the global pandemic situation, but an online gathering organised by past St Mary-le-Tower master Simon Rudd enabled friends from all over the world to come together to recount their personal experiences of George. Given the circumstances, it was a fitting way to remember one of the art's greats.

## Penny Glasier - Theberton

Penny Davy was born on 24th February 1936 in Colchester, She trained as a nurse and whilst working as a District Nurse in East Suffolk in the early 1980s she first had a go at handling a bell at Framlingham. Whilst living at Westleton she joined the novice band at Theberton and the Suffolk Guild in 1986. She rang at a number of other North East towers including Aldeburgh. She was delighted to score three peals, all at Theberton, and a number of quarters before emigrating to Alberta, Canada in 1989 to marry Wendell Glasier.

Penny loved animals, was keen on music and a talented knitter. Scarves produced on her knitting machine incorporating the blue lines for various doubles methods are still treasured by the recipients. She was generous with her time and talents and as a very lasting gift, money she received from the sale of some inherited paintings was donated to the Rendham restoration appeal to fund half the cost of having their tenor recast in 2003. This bell has as one of its inscriptions: "In loving memory of Arnold and Norah Davy", Penny's parents.

Penny was an avid cyclist and enjoyed many cycling trips on three continents: Australia, Europe and North America. On one of her trips back to Suffolk she was particularly pleased to see the recast Rendham tenor in situ. She prized her membership of the Suffolk Guild and was keen to continue as a supporter of it and hear of the ups and downs of the bands at Aldeburgh and particularly Theberton.

Penny passed away on 27th November 2019 in Peace River, Alberta, Canada.

## Lilian Caudle (nee Rumsey) - Ipswich St Mary-le-Tower

Lilian was born on 5th September 1914 in Debenham – hearing church bells the next day, as her father, William, rang for Sunday service. William was the district secretary for Debenham and Tower captain between 1923 and 1946. Lilian grew up with ringing at the heart of her early life and was taught to ring by her father on fully muffled bells, until she had attained perfection in striking!! She also played the organ and was choir mistress, recounting how she would quickly 'run' down the aisle to the organ, whilst her father continued to toll the tenor. After the war, in 1945, Lilian recalled George Pipe and his father Cecil, joined the practice evenings in Debenham. George remained a valued friend for the rest of her life.

With the breakout of war in 1939, Lilian trained as a nurse at Anglesea Road Hospital, Ipswich, returning to ring at Debenham when she could. Between 1944 and 1945 Lilian trained in midwifery at the Radcliffe Infirmary in Oxford, much to the delight of William, who made sure that she was introduced to the St Giles ringers. After marrying Cyril, a Royal Navy officer, in Debenham in 1950, she continued her nursing career in Hong Kong where Cyril was posted immediately following their wedding. On her return to England, Lilian brought up John and Rosemary and, after Cyril sadly died in 1957, continued nursing. She became Sister Tutor, teaching nurses with the same care and attention to detail that her father employed in teaching ringers.

In her 80s Lilian was reunited with handling a bell, by Jenny Scase. She enjoyed talking and reminiscing with many ringers, on outings, district meetings and during home visits from Guild members. She sat in many towers, watching and listening and was always made to feel welcome. She would climb the 44 stairs at St Mary-le-Tower in Ipswich and wrap up warm if she visited Debenham on a winter ringing night. Lilian was proud when, in 2006, she was elected an associate member of the Suffolk Guild attached to St Mary-le-Tower.

On her 100th birthday, she sat in the grounds of St Mary-le-Tower with her son John and listened as George Pipe, her daughter Rosemary and the others, rang to celebrate her birthday. Lilian never lost her love of ringing and, during 2018 and 2019, sat outside to enjoy listening to the bells of Debenham and St Margaret's and St Mary-le-Tower.

Lilian passed away on 21st January 2020. Her family would like to thank those who rang for her Service of Celebration at St Mary-le-Tower on 10th March, to Owen Claxton

who tolled the 105 strikes for her age, also to Jenny Scase who, on 17th March tolled 105 strikes as Lilian arrived in Debenham and the ringers at St Mary Magdalene who also rang on that occasion. The sound of bells rang out across the streets and gardens of Debenham, reaching the cemetery as we said farewell to Lilian – and poignantly it was also to become a farewell to the sound of bells as lockdown commenced the following day.

Elisabet Lynn - Polstead.

Elisabet passed away at West Suffolk hospital in January last year aged 88, mercifully before the Coronavirus pandemic hit the country, thus allowing the church to be filled with friends and family for her funeral and burial at her beloved St Mary's where she was a Reader for many years. Although not a ringer, Elisabet loyally supported Polstead bells and its band as an Associate member of the Guild for over 35 years. Three of her four children were taught to ring under the expert tutelage of Ed Hynard in the 1970s, one of whom has been ringing ever since.

Anne Haywood - Brandeston

Anne was taught to ring in the mid-nineties by Chris McArthur at Brandeston, where she had lived for many decades. Anne was a very regular Sunday service ringer for many years and was achieving simple method ringing when serious ill health issues prevented her from physically ringing. However she frequently joined the band in the ringing chamber after that, as she never lost her interest in the art of change ringing and remained a Guild member until her untimely death in 2020. A great friend of all the band and sadly missed, we all remember the beautiful Somerset accent from her birthplace of Bath - a lovely lady and friend, that sort of person who frequently keeps our local tower bands functioning.

Richard (Dick) Stannard - Bury St Edmunds

Dick, along with his brothers Jim and Les, Doug Rowland and some others, learnt to ring the bells at Ingham during the Second World war years. The bells were 'tied' and silent so they could go up the tower and practice and no one knew they were there. When peace was declared they rang the bells 'open' as if they'd been ringing for years. His father, William Stannard conducted a peal of Plain Bob major on the Norman Tower bells for VE Day, Wednesday 9th May 1945.

Dick rang his first peal at West Stow on 25th February 1950. He rang an 'inside' bell and was aged 17. Dick is recorded as a member of the Suffolk Guild of Ringers for 1954 at West Stow and from 1959 to the present day he is recorded as a ringer at Bury St Edmunds and was a regular member of the Cathedral Band attending practice night and Sunday service ringing until age prevented him. Dick rang 9 peals for the Suffolk Guild and was in the first two peals on the rehung bells at the Norman Tower in 1977. Dick died on 4th August aged 87 years.

Delia Hamerton - Sproughton

Delia was a staunch supporter of the Sproughton and St Margaret's Ipswich and Rushmere towers; a regular at practice night and would always volunteer to help on a Sunday morning and to man the bells for weddings and other occasions. She even rose to the challenge of ringing at Copdock. Delia also supported the Sproughton annual Burns' Night; always bringing along a table of 8. She enjoyed her ringing and it meant a lot to her to continue in her latter years when she became less able to control the bell, but she was determined not to give up. As with many ringers, Delia's interest in ringing was but a part of a life lived to the full (see article from the Ipswich Society). May she rest in peace.

Coral Fry, Tunstall

Coral took up ringing in 1965 in Sevenoaks, Kent, where she was taught by Phil Corby. She met and married George from nearby Tunbridge, where they set up home. On George's retirement they moved to Ipswich where they were invited to join the first Tuesday Group band run by Jim Morley and enjoyed ringing round Norfolk and Suffolk. At the same time Coral and George became attached to St Michael's Tunstall, where their help and expertise was very welcome. Coral also was very active in knitting, lace making and cross stitch and created several bellringing related cross-stitch panels which are proudly displayed in St Michael's ringing chamber. Coral was a life member of the KCACR where she completed 50 years membership in 2019 and at the same time, 50 years of marriage to George. Coral was a very active member of the Saint John Ambulance brigade for which she received a long service certificate. Her health in recent years had not been good and she sadly passed away with cancer in May 2020. Our thoughts and prayers are with her and her family.

Barbara Newson, Stonham Aspal

Barbara together with her husband, Roy, learnt to ring at Stonham Aspal about 30 years ago. She had been a member for 28 years having joined the Guild in 1992. She spent all her working life in Education, including roles as a classroom teacher, head teacher, Ofsted inspector and trainer of student teachers. In her retirement her vast experience was valued on school governing bodies. As well as ringing, she had a variety of interests, enjoying travel, music, concerts, singing in choirs and spending time on their boat. She, with Roy, ensured Stonham Aspal bells were rung for services when possible. She supported service ringing at other local towers including Earl Stonham. She was a valued, regular Sunday ringer at Debenham where she rang in March for the last service ringing before the lockdown. At that time she was undergoing treatment for the cancer which would sadly take her from us, far too soon, at the age of 68. Barbara, who was such good company, particularly on our annual meals, ringing outings and walks, will be sadly missed.

E Frank Gilbert - formerly of Clare

Frank died on 16th August in Arbroath, aged 89. He learned to ring at Brockenhurst, in the New Forest. His first peal was at Upton Grey, Hampshire on 12th March 1949, Plain Bob Minor, which he conducted. Work brought him to Haverhill, where he lived briefly, but in 1967, he moved to Clare. Together with the tower captain, Sam Twitchett, Frank built up a local band capable of ringing quarter peals of Major on this challenging eight. A committed churchman throughout his life, he served as churchwarden and joined Sam as a member of Clare Church Choir.

Frank was a man of immense energy and enthusiasm. He was elected Ringing Master of the SW District in 1970, a post which he held until work necessitated another move, this time to Arbroath in 1974. As District Ringing Master, he was heavily involved in teaching people to ring and encouraged many to progress, especially young ringers taking their first steps into quarters and peal ringing. His time in Suffolk was brief, but he had a huge impact on the SW District. Monthly Surprise practices were introduced, progressing from Minor to successful Surprise Major practices.

In all, Frank rang just 19 peals, 12 of them for the Suffolk Guild. Helping others was always his focus, but he and Sam were pleased to be invited by George Pipe to ring their first peal on 12, Little Bob Maximus at St Mary-le-Tower in 1972. He had very mixed feelings about moving his family away from Suffolk, but kept in touch and rang with us during several holidays in the Clare area.

Alan Munnings, Sproughton

Alan John Munnings was born in Ipswich on 11th June 1945, son of Lilian and Jack.

Along with his elder sister Marian, he learnt to ring at St Margaret's Ipswich, where their father rang and he reached a tremendous standard. Although he only rang 33 peals, amongst those were two 'Alan' peals (including his first peal, which was rung at Lavenham on 26th October 1963), several peals of spliced Surprise Major (up to 24 methods) inside and a brace for the Cumberland Youths who he was chuffed to be a

member of since his election on 10th July 1971. He also became a regular at St Mary-le-Tower and became an accomplished twelve-bell ringer and was instrumental in the teaching of his sons Richard and Christopher at Sproughton, where he rang regularly for many years.

Along with his wife Sally – who he met in 1974 on a ringing tour organised by Cecil 'Jim' Pipe, before marrying her at Thrapston in Northamptonshire two years later - he was an avid supporter of ringing at many towers locally and at South-East District and Suffolk Guild events, as well as on Rambling Ringers, the latter of which he attended with Sally for twenty-five years. His presence was a reassuring one for those present.

Beyond ringing, he once played the violin and later in life enjoyed learning languages, taking classes in French and German and did much travelling, taking family holidays to Europe and Florida and ringing in Australia, Canada, Italy, New Zealand and the USA.

Affectionately known as Stumpy, he was fondly thought of by so many, who after his death commented on his gentle, calm words of advice and encouragement. He also took much joy from ringing and the friends he had through the art and arguably the saddest aspect of his death was that due to the restrictions in place because of coronavirus, for the last six months of his life he was unable to ring and even worse couldn't see most of his friends in the exercise.

Towards the end of last year he was diagnosed with cancer, but was living well with it up until just a few weeks before the end, dying peacefully on 8th September at Ipswich Hospital and although we couldn't give him the send off he deserved, we were left in no doubt about the love and affection he was held in.

Richard Pegg - Grundisburgh formerly Bramford

Dick died on 15th September 2020, aged 92, following a short illness, where fortunately he was able to remain at home with live-in carers. Thus in his last few months, despite Covid, he was able to receive visits from his family and friends.

He learned to ring in 1943, when the WWII ban was removed. Both he and Daphne Good, later to become his wife, were taught by James (Jimmy) Jennings at Bramford. They both rang their first peal (Dick's only) at Burgh on 29 November 1946 (3 methods Minor) conducted by Sylvia Pipe.

Dick continued ringing mainly at Bramford but also Sproughton, where he was born and raised and he married Daphne in 1954, a marriage which lasted 66 years.

When the children, Elizabeth (now Pettman) and Christine (now Hill) were young, both he and Daphne temporarily stopped ringing. He returned to regular ringing at Bramford, when the girls were old enough to ring and he was also Churchwarden there for much of the 1980s.

As a horticulturist, working for By-Pass Nurseries for over 60 years, he took a keen interest in keeping the churchyard well mowed, so it was in pristine condition for both daughters' weddings.

A shoulder problem caused him to limit his ringing by then at Grundisburgh. He stopped not long after. He still put in an appearance, particularly at Weddings and Sundays, listening from the car.

Dick was very proud of the ringing achievements of Christine and two daughters Katie and Rosemary. He enjoyed handbells being rung by the family. He requested Christine, Peter and Stephen to ring the 42 single extent of PB Minor. This was achieved despite the wine with dinner!

Despite becoming frailer Dick was still keen to holiday with family. He enjoyed a week in Wales before attending his granddaughter's wedding at Long Ashton, Bristol last September. His final family holiday was in December 2019 at Cromer. It is ironic that in 2020, he witnessed the first ringing ban since 1943.

Also remembered are:

Howard Nailard - Eye, Carol Ambrose (nee Perry), Anthony Clayton, Mick Edwards, David Jessop and John Brown - Mildenhall.

# Review of Progress and Achievements

## Bellringing

The year started really well with 98 quarter peals being rung on tower bells in the first three months and 27 peals (compared to 23 in 2019) but then the Coronavirus struck and stopped activity overnight. With the development of online ringing platforms such as Ringing Room and Handbell Stadium and the more traditional use of handbells, 52 additional quarter peals have been rung giving a total of 150. A positive thing to come from the lockdown is the re-emergence of handbell ringing with a total of 21 handbell quarter peals (up from just 4 in 2019). Peal ringing has sadly not re-commenced but, with Guild peal week being held in February, it was not affected by the lockdown and 9 peals were scored.

With its February slot, thankfully the GWP 12-bell trophy did not fall victim to lockdown restrictions and was retained by the Guild with the Norman Tower (Bury St Edmunds) winning the striking competition held at St Mary-le-Tower, Ipswich. Sadly George was not able to attend the competition in person this year due to ill health and, sadder still, died in early March; ringers from across the world showed their respect and affection for George by ringing peals and quarter peals in his memory but these were somewhat curtailed when ringing ceased in mid-March.

While 2020 was a year of missed opportunities it also showed what an industrious group of people members of the Suffolk Guild are. Events to promote ringing to the wider community such as the 2020 Taster session, which was due to be linked with the Abbey 1000 celebrations in Bury St Edmunds, and the annual Gather event for young church-goers, could not be held but we were still able to promote the Guild through various Radio Suffolk interviews. Both the AGM and the traditional Christmas Ipswich ringing event were held online using Zoom and many towers have kept their bands together with regular on-line social meetings, quizzes and Ringing Room sessions. The St Edmunds Clapper competition, to raise funds for the Bell Restoration Fund, was also re-launched and has already exceeded £500.

On-line meetings have also replaced the Guild Management and Recruitment & Training Committee meetings and, although meeting in person obviously facilitates discussion, the option of holding a virtual meeting will certainly be considered in the future, especially in the winter months.

### Restoration

Thankfully this is one area of the Guild's day to day work which has not been completely wiped out by Covid-19. Restoration and augmentation projects have continued at both Hitcham (completed November 2020) and Barham (due to be completed in January 2021), and work is in progress at Laxfield and Stowmarket (due to be completed in Spring and Summer 2021 respectively). The Belfry Advisory Committee members have been working hard behind the scenes to ensure that the bellhangers completing this work have received the support of much needed volunteers and hopefully their efforts will be rewarded when we can finally ring on the refurbished and augmented rings of bells. Other projects in the pipeline include Combs, Fornham St Martin, Hoxne, Troston, Framsden and Drinkstone.

## Guild Finances

### Reserves Policy

The Trustees have formulated a Reserves Policy, in which the Guild will expect to hold at the bank a surplus of approximately one year's running costs.

### Policies

All money in the Guild's funds not required for day-to-day purposes is invested or deposited by the Treasurer, as directed by the Guild Management Committee (GMC). Grants from the Restoration Fund are authorised by the GMC, but are only paid after completed work has been approved by the Guild Ringing Master and the Technical Advisor. Grants are normally only offered for work to restore bells and their fittings for full-circle ringing, but may include augmentation and other ancillary work associated with any such project. In order to respond to the short term need to provide financial support to training activities, the GMC introduced a process to enable grants of up to £50 to be made immediately, at the discretion of the Ringing Master, and grants of up to £500 to be made within seven days at the discretion of the Guild Executive, in both cases subject to appropriate records being kept and presented to the GMC. As an enabling measure, the Public Relations Officer has been given a budget, the purpose being to enable greater flexibility, and faster reaction, to PR recruitment opportunities when they arise.

### General Fund

Surprisingly, during a year of little ringing because of the coronavirus pandemic, subscription income was up by 16% compared to 2019. However, it should be borne in mind that this does not necessarily reflect membership numbers for the year, as this income also covers late payers from 2019 and advance payments for 2021. Income from peal fees was understandably down by 63%, with very few peals being rung because of the pandemic restrictions. The apparent doubling in cost for handbell insurance is a function of a changed billing cycle, with two years' renewals occurring in the year. The expense of £915 for lapel badges was an exceptional item, giving us a stock to last several years. The General Fund overall stands at £9833, which is an increase of 16% over 2019.

### Restoration Fund

At year end the Restoration Fund totalled £70,942, including £43,050 already allocated for approved grants and those awaiting payment. This leaves £27,892 available for new grant applications. During the year one new grant of £6200 was approved (Barham), and one grant of £6700 was paid out for the completion of the Hitcham project.

## Belfry Advisory Committee Report—Chris Davies

The Belfry Advisory Committee (BAC) met only once in 2020, at Haughley on 6 February, but considerable work has been undertaken by BAC members throughout the county, despite the lockdown. There have been no Applications for Grants from the Guild Restoration Fund during 2020.

At time of writing, John Taylor & Co of Loughborough have installed the original 6 along with 2 new bells in a new steel frame at Hitcham. The final finishing work should be completed in January 2021. Reports suggest they are a wonderful ring, in a church

which has also benefited from new toilets and a kitchen. John Taylor & Co have also completed the refurbishment of the original 4 bells, cast 2 new bells, and placed all 6 in a new steel frame at Barham. Like Hitcham, Barham is better than 95% completed and should be finished in January 2021.

John Taylor & Co have also refurbished the original 6 bells, cast 2 new bells and plan to install all 8 bells in a new steel frame at Laxfield. The installation should be completed by Spring 2021. Meanwhile Nicholson's of Bridport have removed the original 8 bells at Stowmarket. The tower has been stripped and the building work largely completed, before 10 bells are installed in Summer 2021.

Ongoing projects at an earlier stage include a potential new 10 bell ring at Combs, a refurbished 6/8 bell ring in a new steel frame at Fornham St Martin and refurbishment and rehanging at Troston, Hoxne, Framsden and Drinkstone.

The BAC continues to conduct minor works and repairs where needed, ranging from inspections to building a new oak headstock and frame, plus new roller bearings and fittings for the chiming bell at Chedburgh. The BAC has also been active at Mendham, Huntingfield, South Elmham St Margaret, Blythburgh, Hopton, Cotton, Hintlesham, Little Bealings, and Henley. Meanwhile John Taylor & Co have replaced the clappers at Little Cornard and completed a significant overhaul at Woodbridge.

Thank you to all the members of the BAC, who have willingly given their time, expertise and hard work to keep the bells of Suffolk ringing, and the BAC Chairman on the straight and narrow. Completing such works under the challenges of Covid has been difficult. Hopefully, we can get back to a more normal state of affairs in 2021. Equally, if you have an interest in the engineering side of bellringing, or can merely offer a willing pair of hands, the BAC would be delighted to welcome new members.

Finally, a special thank you to Winston Girling, who for more than 20 years has chaired the BAC, and worked tirelessly to keep the bells of Suffolk ringing. Fortunately, he is remaining a member of the BAC and we thus retain his expertise. Thank you for all your efforts on behalf of the Guild over so many decades.

# Ringing Master's Report –Tom Scase

In the final sentence of my report last year, I wrote that if members continued to show the same level of support in 2020, ringing opportunities throughout our Guild would remain. At the time of writing, this seemed a reasonable presumption!

The Covid-19 pandemic, however, has had such a significant impact on everyday life that those activities we once took for granted are significantly more difficult and in many cases just not possible. By not possible, they are restricted in ways not seen since the Second World War, through guidance and laws prohibiting activities and freedoms once considered normal. In ringing terms, since the week beginning 15th March 2020, this has meant no tower bell practices or the usual ringing activity. Unavoidably, the majority of planned ringing events thereafter were postponed or cancelled. Only occasionally, when the easing of guidance allowed, has socially distanced ringing been possible. This has been limited to 15 minutes and mainly for services. Meetings and ringing activity have therefore had to adapt. This has been assisted through the emergence of various online platforms, such as Ringing Room and Zoom. Although clearly not the same experience as ringing actual bells, Ringing Room does, at least, enable some form of ringing with others.

Prior to the Covid-19 restrictions, the year started off as usual with various District practices, including the South East's January practice at Woodbridge, with over 40 present. After such a positive beginning to the year, it's disappointing this would turn out to be one of only a few events during 2020 where we could meet and ring in person.

The peal week in February saw nine peals rung across an extended ten day period. Each peal has a first noted in the footnote, which is pleasing and highlights the benefits of continuing to run a peal week. Disappointingly, there were no first peals during peal week. There were a couple of potential first attempts, which, for various reasons, did not take place. In usual circumstances, it's likely these attempts would have been organised later on in the year.

February also saw the regional George W Pipe trophy hosted by St Mary-le-Tower, Ipswich. Congratulations to the band representing The Norman Tower, Bury St Edmunds, on winning.

Prior to Christmas, I attended the four Annual District Meetings (ADMs), which were all held virtually. It was pleasing to see most District officers re-elected and the majority of positions filled. Let's hope it will be possible to hold the 2021 ADMs in person.

From 1 January – 13 March 2020, 27 peals were rung for the Guild and none thereafter. Not since 1945 (also 27 peals) and 1944 (10 peals) have so few peals been rung for the Guild in a calendar year. Clearly, any comparison with the years in between has to be viewed in the context that tower peals have not been possible for three quarters of the year! Thanks to Pealbase, I congratulate the following on their achievements: 2,000th peal Alan P Mayle; 1,700th peal – Simon A Rudd; 350th peal – Jed Flatters; 100th peal – Michael J Cowling and Rowan P Wilson.

Much has been written following the passing of George W Pipe, on 3 March 2020. George was the Guild Master from 1964-1969, Chairman from 1974-1977 and 1980-1982, a Vice-President and Life Honorary Member. The brilliant biography by John Loveless illustrates the significant impact George had on ringing across the world as well as in Ipswich and Suffolk. John's book has much more detail than it would ever be possible to include in a short report; I encourage anyone who has not done so already, to read this excellent publication. George's presence across Suffolk and further afield will certainly be missed.

We have sadly lost other members during 2020 all of whom, in their own way, will have contributed to the Guild and ringing. One of the more dispiriting impacts of Covid-19 has been the inability to pay our respects to those who have passed away, through the usual act of attending a funeral or remembrance service, or ringing a quarter peal or peal. There are tentative plans for the Guild to hold a service, when circumstances allow, remembering members we have lost since the beginning of the Covid-19

restrictions.

One aspect of ringing related activity which has continued (within the guidelines) is restoration work. I know members of the Belfry Advisory Committee (BAC), especially our new Guild Technical Advisors, Alan Moult and Jed Flatters, have supported ongoing restorations across the Guild. I feel the volunteering work by BAC members easily goes under the radar. Since attending BAC meetings, I appreciate the time and expertise freely offered by members to ensure Suffolk towers remain available for ringing and restoration projects progress. Winston Girling stood down from his role as BAC Chairman and Guild Technical Advisor during the year; I would like to thank him for the work he carried out in these roles.

At the 2021 Annual General Meeting, I will reach five years as Ringing Master and will therefore be stepping down. The five year rule ensures there is not pressure on officers to continue indefinitely and enables someone with a fresh perspective and enthusiasm to take on a role. I would like to conclude by thanking all who have encouraged, prompted and supported me during my five years as Ringing Master. Covid-19 has thwarted most ringing activity during 2020. Let's hope it's not too long until we can resume ringing; I miss ringing and all that goes with it, and I'm sure many others do too!

## Secretary's Report—Kate Gill

This year has been very different from anything any of us has experienced before. Although, sadly, very little ringing has been able to take place, we have been able to embrace the opportunities offered by Zoom and by Ringing Room. Our AGM in April had to be postponed due to Covid-19 restrictions, and was held instead via Zoom in September. This proved remarkably successful, with excellent attendance, but not the same as ringing, an excellent tea, the chance to catch up with fellow ringers, and the face to face meeting. Plans for 2021 are still a little fluid, but we hope it may be possible to have a proper gathering at some point. Other Guild business, such as the renewal of insurances, has continued.

## Guild Handbells & Mini Ring Trustee's Report—Brian Whiting

### Handbells

The Guild has five sets of handbells:

- 25 bells by Taylors size 20 in C (2 chromatic octaves)
- 16 bells generally by Shaw size 19 in F (diatonic 13 + 3 semitones)
- 13 bells by Warner size 20 in E (diatonic 12 + 1 semitone)
- 13 bells by various founders size 20 in F (diatonic 13)
- 14 bells by probably Mears size 18 in G (diatonic)

The set of 25 and the set of 16 are currently with the trustee, one of the sets of 13 is in the NE district and the other is in the SE district. The set of 16 was on loan for part of the year in the NW district. The bells remain in good order with the exception of the set of 14 that require major refurbishment.

The loan of any of the sets of handbells is subject to the regulations printed on page 73 of this report

### Vestey Ring

The Vestey Ring is a portable peal of six, tenor 8lb 5oz in B.

Three promotional banners are available with the mini-ring.

Details are available at https://www.suffolkbells.org.uk/vesteyring.php

The bells had no outings during 2020, due to COVID restrictions, although details of bookings can be found at https://www.suffolkbells.org.uk/vesteyringbookingsall.php

## Public Relations Officer's Report - Neal Dodge

2020 started off with a great double page spread on ringing appearing in the Bury Free Press after the reporter attended the Great Barton practice night, it even resulted in a new recruit getting in contact.

Throughout the year there's been a steady stream of newspaper articles covering the ongoing restoration projects including Hitcham, where the intriguing discovery of Double Court written out in the gallery doorway from the 1800s garnered much attention. At the other end of restoration projects, Sudbury St Gregory launched an appeal in November to rehang their bells.

BBC Radio Suffolk has continued to strongly support ringing in the county by featuring our Guild about an average of once a month throughout the year. They've covered a wide range of topics including the GWP 12 bell trophy, restoration projects, the absence and then (temporary) return of ringing, finishing off the year with a piece on the annual Ipswich Christmas ringing and its move to a mainly online event. Thank you to all those who spoke to the media so passionately about ringing in 2020.

The release of George Pipe's biography, expertly written by John Loveless, provided a welcome spotlight on the history and art of ringing in Suffolk which we'll hopefully be able to develop as we move towards our centenary in 2023.

The hiatus of ringing poses both a challenge and an opportunity. The challenge is how to ensure ringing's absence hasn't disheartened our passion for our art and that we can return to full strength without missing a beat (or a dodge!)

However this will be an opportunity; an opportunity to reinvigorate our relationship with our local communities. Change ringing is an integral part of our county's soundscape and one that has been missed during our hiatus. So we need to capitalise on that feeling not only to recruit and retain the next generation of ringers but to foster a greater appreciation of our art.

The recovery programme, led by the Association for Ringing Teachers and the CCCBR, has already been established and will grow as we come closer to lifting restrictions. Please engage with this initiative and other local efforts as every one of us will need to be active and utilise all tools available to to get ringing back on its feet. Similarly do not hesitate to reach out for help from Guild, it's what we're here for!

My thanks go to Chris Garner for his steadfast dedication in maintaining our excellent website and email system especially vital with the lack of face to face activity this year, and to Richy Munnings for keeping us entertained and informed with his daily blog now in its fourteenth year.

And finally, thanks to all of you that have promoted ringing in so many different ways during this difficult year.

## Membership Secretary's Report - Mary Garner

The total membership by the end of 2020 was 697, compared with 776 in 2019, a net loss of 79, approximately 10%. Despite almost no tower bell ringing for over nine months, thirteen new members were elected during 2020, 9 full, two 70-79 and 2 in full time education. Sadly eleven members passed away during the year. Several members moved away, some stopped ringing whilst others did not renew, accounting for eighty two people, however two "rejoined".

Certificates recognising 50 years of continuous membership of the Suffolk Guild are awarded at the AGM. In 2020 two such certificates were awarded at the Virtual AGM in September.

If a ringer in your tower is ready to join the Guild please ensure that an Application Form is completed and passed to your District Secretary, together with their subscription, for their election. Once the form is received by the membership secretary

a welcome letter from the chairman is despatched together with a leaflet which contains information about Guild contacts and the Central Council of Church Bell Ringers and more besides. A certificate of membership is prepared.

If you move house, change your email address or change home tower, please don't forget to let me know.

## Librarian's Report - Abby Antrobus

As previously, we continue to support the Friends of the Central Council Library. This year, we have added the Ringing World DVD 2001-2018 to our collection, and it is in circulation for those wishing to update their records – do let me know if you would like to borrow it.

There has been some archival research activity. We had a request for one of Ranald Clouston's reports, which was kindly supplied by Winston Girling. For the project to write the Guild's history, David Salter has looked through papers donated by the Symonds family. In May, as part of a search for high quality clean copies (and ably assisted by the Norman Tower Archive Retrieval Service) we provided copies of the 1973 Silver Jubilee edition of the Ringing World; this featured cover drawings by George Pipe and appears on the cover of his biography. We had an update from the Records Office in the autumn, and they are still adding detailed catalogue records to their system.

Alongside the Guild history project, there is potential for the library to be of interest for the upcoming centenary celebrations in 2023. I mentioned last year that if anyone is interested in taking on the role of Librarian they would be very welcome to let me know. Due to the ongoing closure of Records Offices as a result of Covid-19 restrictions, it would make sense if I continued to attend to unfinished business, so I am willing to stand for re-election for next year.

## Webmaster's Report—Chris Garner

The Guild Website now contains more than two thousand pages and five thousand images. Information about towers, bells, ringers and events is constantly updated. Photos and snippets of news may be sent to the Webmaster (webmaster@suffolkbells.org.uk) for posting on the web site. Richy's Blog is now in its fourteenth year and is posted daily, generating friendly repartee on Facebook. The Guild also has a Twitter account (@SuffolkBells). Thank you to all those who have made contributions.

Various sections of the Guild may be contacted by email: all subscribers (555), Members (524), Tower Correspondents & Email Contacts (156), NE Members (115), NW Members (121), SE Members (181) & SW Members (106). Emails may also be sent to any group of members. Email addresses are known only to the Webmaster and the Membership Secretary. If you would like information distributed, please send copy to the Webmaster (webmaster@suffolkbells.org.uk).

A significant number of emails are returned as undeliverable so, if you change your email address, don't forget to let me know.

152 tower correspondents or tower email contacts and all 33 Guild & District officers now have generic email addresses (e.g. pettistree@suffolkbells.org.uk or master@suffolkbells.org.uk). This makes things easier when personnel change.

## District Report

We started the year with excellent intentions and a lively district committee meeting when we planned a reinvigorated learning programme for our new and improving ringers, grand tours of our towers for the VE day celebrations and general enthusiasm to build on the progress we had made last year. There were some first quarter peals rung in the first few weeks of the year. But following our first, and last, event of the year at Yoxford with a good afternoon's ringing, excellent tea and meeting, we were overtaken by Covid-19. Since then, a few towers have been ringing in a limited way, within the Covid regulations, as and when permitted.

However, we have progressed in unexpected ways, thanks to the wonder of Zoom and getting to grips with Ringing Room. Zoom has helped us to socialise on a very regular basis, with some bands having weekly Zoom chats, and some of us have in fact seen much more of ringers from other towers than we would in normal times.

Ringing Room had a shaky start, but now we've got used to the technology, and Ringing Room has been upgraded by the developers, it is proving an excellent resource, enabling newer ringers to ring methods they may not have been able to manage in the tower, and some of us to stretch our brains ringing methods new to us. We feel this will remain a useful resource once we return to our towers.

# District Report

The first part of the year, from November 2019 to March 2020, followed a buoyant previous year with steadily growing numbers attending District practices and supporting events. The first practice after the Guild AGM was held at Brandon in November, where we were pleased to welcome a number of new ringers who were in the early stages of learning, along with our regular strong group of experienced ringers, 20 in all. The monthly practices continued to grow in numbers attending, at Pakenham (23), the Norman Tower (27), Great Barton (24) and finally at Hopton in March 2020 where an excellent practice was supported by 36 members. Our customary January practice at the Norman Tower was followed by lunch at the Bunbury Arms, a now distant but very pleasant memory.

We experimented with Quarter Peal attempts held after the practices, both to support attempts for ringers at the host towers and to continue the successful tradition begun by Rowan the previous year to encourage experienced ringers to support the practices. When we can, we will develop these further.

The management of the practices and the exploration of new possibilities was a

shared activity between Maureen Gardiner as Ringing Master and Lesley Steed as Deputy Ringing Master – the collaboration was very productive and without it we could not have taken so much on.

The second half of the year was of course a total contrast. For some months during the first lockdown and then with the uncertainties of whether and to what extent tower ringing was possible in the summer, there was no District level activity. When it was clear in the autumn that there was little chance that tower ringing would resume to any extent for many months, the District officers decided to try out the possibility of Ringing Room practices. We launched the first of these at the District ADM, with a very satisfying response. We have continued these ever since and they are well received. We have been able to challenge experienced ringers and provide some effective support to less experienced ringers. As others have found, Ringing Room, with all its real world limitations, has given excellent opportunities for method learning. It may be that it will have a continuing post-pandemic role in teaching.

During the year we elected 4 new members and sadly learnt of 6 deaths of our ringers since the last report.

# District Report

January started finely with our district practice at Woodbridge, and debut for Ringing Master Jenny Scase. Over forty ringers attended, with ringing ranging from call changes to Surprise Major, and three new members were elected.

In February, we met at Monewden for a practice followed by a 'Biscuit Bake-off', supported by over 30 ringers and 13 plates of bakes to sample - with 'Star Baker' awarded to Isis from Holbrook.

The March practice was again well attended, held at St Margaret's in Ipswich and followed by a meeting. We began by ringing 84 changes of Grandsire Triples in memory of George Pipe who sadly died a few days earlier. The sizeable crowd of

ringers were able to socialise and enjoy the refreshments provided by the St Margaret's band.

As the Covid-19 pandemic struck and we went into lockdown, the April walk and May striking competition had to be cancelled, as did VE and VJ commemorations. District Reps report that members at several towers have been able to keep in contact with each other, and with the easing of restrictions over autumn, prior to the second lockdown, some bells in the district were rung for services. Some bands were having regular catch-ups outside or held handbell sessions, and some towers did manage socially distanced ringing for VJ day. Many bands have kept in touch virtually, e.g. using Zoom, Teams or Ringing Room.

The ADM in December was successfully held via Zoom, hosted by Stephen Cheek, with a demonstration of Ringing Room from the Pettistree band.

During the easing of lockdown, the Salter family were able to keep ringing going at St Clement and St Lawrence and rang at St Lawrence for what would have been the Ipswich Christmas Ringing.

In recognition of the fact that tower bell ringing is likely to be limited for several months, in January 2021, we held the first 'virtual' district event, a quiz, with donations contributing to the St Edmunds' Clapper challenge. In February, our virtual meeting, with two Ringing Room Sessions, one for experienced users the other for beginners, was attended by 27 members.

The monthly virtual events will continue, whilst social distancing requires it, with a view of hopefully being able to meet, even if outside, later in the year - there is a walk on the Shotley peninsular ready and waiting to be done!

The district lost a number of members and friends this year.

# District Report

The year started so well, with three interesting and well attended District Practices at Rattlesden, Lavenham and Glemsford. Thanks to the towers for hosting these. The pattern of suggesting methods for each practice continued from last year and worked well – it was good to have a goal to aim for even if results were mixed! Particularly apposite was the ringing of St Nicholas Doubles at the church of the same name at Rattlesden. Members of the district also continued teaching the new band at All Saints, Little Cornard.

Six new members were provisionally elected at District practices which was very encouraging, and a seventh member elected at the ADM bringing the number of members in the SW district to 144.

Of course, we all know what happened next and normal ringing basically came to a halt. Between the strict lockdowns, some towers with enough space undertook limited ringing for services and special occasions such as the VJ Remembrance, but sadly this has had to cease at the time of writing. Some members are regular 'virtual' ringers using the Ringing Room software which, although not a match for the real thing, can help with learning the 'Blue Line' for methods and with counting one's place. Perhaps just as important, it's a good way of keeping in touch with ringing friends. Of course, our planned programme of 'real' ringing has been postponed but hopefully can be re-instituted once life returns to normal.

Our ADM in November was also held virtually through the wonders of 'Zoom'. Thanks

to Neal Dodge and Tom Scase for attending on behalf of the Guild and to Rowan Wilson for her welcome video. Sadly, attendance from our district members was very poor with only four members who were not post-holders bothering to call in. Perhaps lack of interest is understandable in present circumstances and one can only hope this improves once normal ringing returns. Richard Knight, Bryan Mills and Tony Read decided to stand down as representatives on the Guild General Management Committee and we thank them for their past efforts. No member volunteered to take their places with the result that our district now has only two representatives out of possible five on this committee. This obviously weakens the influence of our district in management of the Guild. All current officers and representatives were re-elected en bloc at the ADM. The next ADM will be held on Saturday 23rd October, venue to be decided.

A grant of £1.6 million from Heritage Lottery has been awarded to St Peter's, Sudbury for renovation and possible changes to the ringing room are under discussion. The 6 at Hitcham which was previously unringable, has been renovated and augmented to 8 with a grant and assistance from the Guild. A fundraising campaign has begun in order to renovate the bells at St Gregory, Sudbury.

# Directory of Suffolk Towers and Correspondents

The table on the following pages shows details of every ring of four or more bells in the area covered by the Suffolk Guild of Ringers, along with the tower correspondent and their contact details where permission has been given for their inclusion.

All Guild tower correspondent email addresses are {towername}@suffolkbells.org.uk

Condition of the ring (Cond)

10 Excellent. Ball bearings, modern frame and fittings
9 Excellent. Plain bearings, modern frame and fittings or ball bearings in old frame
8 Good going order
7 Fair going order
6 Poor going order
5 Ringable if cleaned up and odd fittings and ropes provided
4 Rung occasionally. Frame/fittings nearly life expired
3 Not to be rung mainly because of tower and/or frame arrangement and position
2 Not to be rung mainly because of frame and/or fittings
1 Hung dead
0 Some bells unhung on the ground

Please note that the classification is based on the condition only at the last date of inspection, and any enquiries or requests for further inspections should be directed in the first instance to the Suffolk Guild Technical Advisor.

The key of a ring (i.e. the note of the tenor) is given in cents (i.e. hundredths of a semitone) from the given note; usually, for simplicity this is a white note. In explanation there are 1200 cents in an octave; a key given as C+80 could be written as C#-20m and the notes given are those of the standard equal tempered scale with note 'A' vibrating at 440Hz.

The Suffolk Guild of Ringers will not support or condone any attempts by its members or indeed anyone else to ring on bells which are classified as condition 3 or below. At these churches the Suffolk Guild Technical Advisor or deputy, and if necessary the architect concerned, must be present when assessment of the bells or tower is taking place.

Code: G Ground floor ring
A Anticlockwise rope circle
D Detached tower
R Round tower

# Peal Secretary's Report—Christine Knight

Before peal ringing was halted by the Covid-19 pandemic in mid-March, a promising start had been made. The last peal for the Guild during the year was rung on 13th March, making a total of 27 peals. Disappointingly, no handbell peals were rung later in the year, despite growing interest and several quarters having been scored. Eighteen Suffolk towers were pealed and there were two peals out of county, at Toppesfield in Essex and Fulbourn, Cambridgeshire. Such a small peal total provides insufficient evidence for much comment on trends in Guild peal ringing, but it is clear that the trend towards peals of Delight and Surprise Major by the four regular peal bands has become well established. Peals of Major represented just over 70% of the total. Sadly, time was not sufficient for any twelve bell peals, another area of considerable progress in the previous year.

Although the opportunity to ring peals on higher numbers and in more complex methods is vital for individual and collective progress, it is even more regrettable that important commemorative peals could not take place. The Guild's last peal on 13th March, a peal of Ealing Surprise Major at Fulbourn, was the only Suffolk Guild peal rung in memory of George W Pipe. Following a huge outpouring of affection for George, it was a source of great disappointment that others which had been arranged had to be cancelled. Similarly, other Guild stalwarts who died during the year could not have peals rung to mark their contributions. At national level, only limited ringing was possible to mark the 75th anniversary of VJ Day in August.

A commemorative peal which did take place was a 5094 of Yorkshire Surprise Major at Ixworth, specially composed and conducted by Stephen Pettman. It was rung in memory of Ernest W Bishop, who learned to ring at Ixworth and had been a Guild member since 1949. Three other peals of a special commemorative length were rung, all for personal milestones. Alan Mayle is to be congratulated on his 2000th peal, which he achieved by conducting a peal of Double Norwich at Clare on 1st March. This was also his 750th peal as conductor.

The Master organised another very successful Peal Week in February. There were no first pealers in 2020, but in the nine peals rung, it was good to see a wide assortment of firsts, including a 'first on 8' and 'first of Royal' as well as firsts of Lincolnshire, Superlative and Cornwall Surprise Major. Several members are now gaining method practice from online ringing platforms such as 'Ringing Room'. Useful as this is, it cannot replace the extended ringing opportunity of peal attempts. As social distancing measures ease next year in line with vaccine roll-out, it is still very uncertain whether much peal ringing will be possible on tower bells in 2021. Although there was service ringing in some towers between July and October, a gradual re-introduction of ringing will be necessary next year to avoid complaints. Also, many of our more 'pealable' towers have small rope circles which may not be compliant with lingering social distancing rules. Hopefully, the enthusiasm for handbell ringing which developed in the summer will resume next year and handbell peals will be rung for the Guild. Finally, I should like to thank Mark Ogden, David Salter and Brian Whiting for their hard work on this section of the Report.

First performances for the Guild during the year were:

# Safeguarding Statement

The Suffolk Guild of Ringers takes the safeguarding and protection of children (under 18s) and vulnerable adults very seriously. It recognises that the welfare of children and vulnerable adults is paramount and that we have a duty of care when they are in our charge. We will do everything that we can to provide a safe and caring environment whilst they attend our activities. All children and vulnerable adults will be treated with respect and dignity.

# Safeguarding Policy

The Guild, as advised by the CCCBR, follows the national "Promoting a Safer Church" policy as adopted by the diocese of St Edmundsbury & Ipswich:

- Local tower arrangements should always be approved by the PCC in line with the Parish Safeguarding Policy①. The Tower Captain should have a copy of the Parish Safeguarding Policy and ensure that ringers have access to it.
- All ringers should complete the online safeguarding training course 'Basic Awareness' (previously called C0) as advised by the PSO② or Incumbent for the tower where they are listed. It is accessible via this web address

  https://safeguardingtraining.cofeportal.org/

  The certificate awarded should be retained and the date of completion notified to the PSO.
- Tower Captains and ringing teachers must complete 'Basic Awareness' first, then attend a "face to face" half day course, 'Leadership' in the Diocese every three years②, (previously called C2 / C3). A course may be booked at

  https://www.eventbrite.co.uk/o/diocese-of-st-edmundsbury-and-ipswich-11874263047
- All Tower Captains and ringing teachers MUST hold a current clear DBS check status If their role includes the training of children or vulnerable adults.
- Any person requiring a DBS check must first complete a Confidential Declaration Form, available here

  https://www.cofesuffolk.org/uploads/
  Church_of_England_Confidential_Declaration_Form_Nov_2019_-_FINAL.docx

  The completed form should be handed to the Incumbent or PSO for secure and confidential storage.

A ringer does NOT require a DBS check if acting in a supporting role, undertaking unplanned one-off teaching or deputising in an emergency, providing two adults (preferably one of each gender) are present, nor for transporting children or vulnerable adults as part of arrangements between families.

Where there is cause for concern this should be reported to the Parish Safeguarding Officer or Incumbent immediately③.

---

1 The Parish Safeguarding Statement / Policy should be displayed in the church together with the name and contact details of the Parish Safeguarding Officer.

2 The PSO, Parish Safeguarding Officer, will keep a register of C2 courses attended but ringers are advised to keep their own record too to ensure that their qualifications do not lapse.

3 The Parish Safeguarding Officer or Incumbent will refer immediately to Suffolk County Council Customer First – 0808 800 4005. If there is risk of immediate harm call the police – 999

   Neal Dodge read out the names of members who had died in 2019 and 2020 and were not mentioned in the 2019 annual report

   They were: Colonel Chris Dale, David Jessop (NRLM), Peter Hamilton-Jones, Alan Feaver, David Smith, Howard Nailard, Penelope Glasier (née Davy), Ernie Bishop, Anthony Clayton (former member), Eric Bull, Shelia Franks, Elisabet Lynn, Lilian Caudle, George Pipe, Anne Haywood, Delia Hammerton, Mick Edwards (NRLM), Coral Fry, Barbara Newson, Richard Stannard, E. Frank Gilbert (former member), Alan Munnings, and Richard Pegg.

4) Minutes of the last meeting
   a) These were included in the 2019 annual report. Rowan proposed they be accepted as a true record of the meeting; this was passed unanimously.
   b) There were no matters arising.

5) Annual Report 2019
   a) There were no comments on the 2019 annual report.
   b) The officers' and trustees' reports were accepted unanimously.
   c) Mark Ogden thanked all those that had contributed to the annual report and encouraged anyone who had corrections or content for the 2020 to send it to him well in advance. Rowan thanked Mark for taking on the role and echoed his wish for corrections to be sent to Mark as soon as possible.

6) Central Council Report 2019
   a) Chris Birkby ran through his report for the 2019 meeting which was available on the website. He also gave an overview of the 2020 annual meeting which had been held earlier in the month.

b) Rowan thanked Chris for continuing in the role of CC rep when he moved to Suffolk from the Southwell and Nottingham Guild. She also commended the Central Council for their work in negotiating with the Church and Government on COVID ringing guidance and then distributing that guidance to ringers.

7) Subscriptions and Peal fees for 2021.
Rowan confirmed that there was no proposed change for the fees for 2021 but urged everyone to pay their subscriptions on time and encourage other members who had not paid to do so especially as the opportunity to remind members at face to face meetings and ringing had not been possible this year. On time payment of subscriptions is important as it allows better financial planning and eases the burden on Guild and District officers.

8) Election of Officers
a) Rowan ran through the table below of candidates for the various positions and highlighted that all apart from the technical advisors and Kate Gill as a trustee were either elected at the last AGM or had been appointed by the GMC on an interim basis. The meeting unanimously elected the officers as proposed.

b) Rowan highlighted that we have one vacant position for Central Council rep as we are entitled to four. She encouraged members to consider filling this position. Neal commented that some useful documents on the role of reps and the Central Council were now on the website.

   a) Rowan thanked Mary Garner and Peter Harper for organising these awards which are given to members who had served 50 years with the Guild. This year there were two recipients; Robert Rolph of Lakenheath and Jenny Scase of Debenham. Rowan thanked them for their service to ringing and the Guild. The certificates prepared for them would be passed on when possible.
   b) Rowan also wished to recognise a number of long serving Guild and District officers including;
      - Ruth Young who has been NW District treasurer for 25 years in addition to serving as NW district secretary, and previously NE District Secretary and Treasurer in the 1980s;
      - Brian Whiting for 30 years as the Guild handbell trustee and 10 years as the mini ring trustee since its inception in 2010.
      - Lynda Lee for 16 years as Sudbury deanery rep
      - Julie Rapior for 14 years as NE District Treasurer

      Rowan commended those mentioned and all other officers for their hard work which often goes unnoticed but is vital for the smooth running of the Guild.

10) Life Honorary Membership Election
   a) Tom Scase proposed Chris Garner for Life Honorary membership after approval at the GMC. Tom explained that Chris has served as our webmaster for the past 15 years and has done an exemplary job in keeping the site up to date and as a result we have one of the best ringing websites of any Guild/Association. He devotes a significant amount of time to the website and the email system and is always prompt in responding to requests.

      Rowan added that Chris's quick response to various events especially during this difficult period have been invaluable and thoroughly supported his nomination.
   b) Chris Garner was elected a Life Honorary Member unanimously.

11) St Edmund's Clapper competition
   a) Stephen Cheek confirmed that Offton had won the contest for 2019 with £400 raised for the restoration fund. The other entrants were Sproughton and the Millbeck ring.
   b) Rowan said that she had a plan to encourage other groups to enter given both the circumstances of this year and the fact that only a few towers usually enter. It would be District based rather than having individual towers enter and that there would be an additional prize for the most innovative fund-raising method. Full details would be posted on the website.

      https://www.suffolkbells.org.uk/StEdmundsClapperCompetition.php

12) Appointment of Independent Examiner

Stephen explained that due to a decision by Larking Gowen to start charging for their services the Guild had switched to B A S Accountants last year. He was very happy with their services and proposed that they be reappointed which was seconded by Rowan. The meeting unanimously approved this decision.

13) Guild events for 2021

Rowan explained that cancelled events for 2020 would be rolled over into next year. Therefore the AGM, if possible to be held in person would be in the SW district, the six bell striking contest in the NE district, and the eight bell striking contest and social in the NW district.

14) Updates from the GMC

Rowan ran through some items the GMC had working on during the year

- Officer roles and responsibilities

  Rowan explained that often people are reluctant to take on roles within the Guild because they are unsure of the responsibilities that come with it, so together with the existing role holders and the GMC she's put together a matrix of responsibilities. This was approved by the GMC and is now on the website.

  www.suffolkbells.org.uk/pdfs/GuildOfficerPostsTasksAndResponsibilities_Final.pdf

  www.suffolkbells.org.uk/pdfs/DistrictOfficerPostsTasksAndResponsibilities_Final.pdf

- Guild Policies

  There's been a small team led by Philip Gorrod looking at developing guidance and policies on topics which aren't covered by the Guild rules. These are in draft and will be presented to the GMC meeting in October.

- Grant Terms and Conditions

  This year the GMC along with the R&T committee and BAC have reviewed the Grant Terms and Conditions to better ensure the sustainability of projects to which we award grants. This includes requiring applicants to demonstrate to the R&T committee a feasible plan to recruit and retain ringers so when bells are restored they are regularly rung and our money is well spent.

- Virtual Ringing

  Rowan highlighted some of the virtual/COVID safe activities that ringers could do to remain connected including Ringing Room, Handbells, quizzes, and talks. There is a page on the website with various resources.

  www.suffolkbells.org.uk/VirtualRingingResources.php

15) 100th anniversary dinner

Rowan ran through plans for the 100th anniversary dinner. She had appointed a small committee of the district secretaries and the Guild secretary to organise the event. We have been offered Ashlar House in Bury St Edmunds as the venue and have made a provisional booking for Saturday 25th March 2023.

16) George Pipe's biography

Christine Knight spoke about George Pipe's biography written by John Loveless. She gave an overview of the content and the extensive work that had gone into writing the book. This would be advertised for sale in the Ringing World at £18.50 with a discount for bulk orders. She encouraged those present to spread the word about the book and its wide appeal to ringers in Suffolk.

17) Book on the History of the Suffolk Guild

a) Philip Gorrod explained the background to the project that George Pipe had started to put together a history of the Guild a number of years ago but had been unable to finish it. The notes and documents had been passed to Philip with a view to find a future for it. Several members have worked with Philip to type up George's notes and through this exercise it's been discovered that the project is a long way off being complete and a large amount of work would be required to produce a publication.

b) Philip has made a recommendation to the GMC that the project be paused and the typed up material along with George's papers be stored in the Guild library ready for someone to take this on in future. He asked members to consider taking this on. *Later in the meeting the Salter family volunteered to take on the project which was gladly accepted.*

18) AOB

a) Women in ringing

Rowan reminded members that Kate Gill has sent out an email requesting information from tower captains and officers as part of the nationwide 'Women in Ringing' project.

b) Memorial service

As there hasn't been an opportunity for normal funeral services to go ahead Rowan explained that it's planned to have a memorial service hopefully sometime next year to remember all those members who have passed away.

c) Laxfield restoration project

Neal Dodge shared the news that Laxfield had been awarded £66k in Heritage Lottery funding which completes their fundraising target with work starting on Monday. He had arranged for some upcoming coverage of this project on Radio Suffolk and commended their project's website. Stephen Cheek commented that when he visited the church recently the information boards mentioned many of the project's donors but disappointingly not the Guild. Neal replied that a permanent exhibition on the bells and ringing would be installed at Laxfield & District museum.

Rowan brought the meeting to a close and thanked members for attending. She encouraged people to donate to the restoration fund via internet banking in lieu of a normal collection.

REGULATIONS RELATING TO THE SUFFOLK GUILD HANDBELLS

1. The Suffolk Guild handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustee. They consist of five sets of handbells:

| | |
|---|---|
| 25 bells by Taylors | size 20 in C (2 chromatic octaves) |
| 16 bells generally by Shaw | size 19 in F (diatonic 13 + 3 semitones) |
| 13 bells by Warner | size 20 in E (diatonic 12 + 1 semitone) |
| 13 bells by various founders | size 20 in F (diatonic 13) |
| 14 bells by probably Mears | size 18 in G (diatonic) |

They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustee by the borrower and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustee if they are required by other member of the Guild. A member from another tower has priority over a member from the same tower as the preceding borrower.

3. The bells are the responsibility of the borrower, after he/she has signed for them,

until they are returned to the Trustee by the borrower. The bells are not to be loaned to anyone by the borrower without the prior consent of the Trustee.

4. The bells must be returned to the Trustee upon request. The Trustee should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.
5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.
6. The bells are maintained by the Suffolk Guild. Borrowers are requested to give a donation for their maintenance and insurance.
7. The Trustee is responsible to the Guild Management Committee for the administration of the bells and decisions regarding the bells can be revoked by that Committee.

7. In the event of bands ringing Doubles or Triples, a cover bell must be used.
8. The Guild Ringing Master may, at his discretion, specify the method and composition which are to be rung. Any band ringing a method or composition different from that specified shall be unable to hold the Mitson Shield or Rose Trophy.
9. In the event of a large entry, the Ringing Master may choose to shorten the length of either test piece.
10. A reserve ringer, appointed by the Ringing Master, will be available at the Ringing Master's discretion, to bands meeting short.
11. A minimum of two judges appointed by the Ringing Master will be present. Their decision is final.

# Newly Elected Non-Resident Life Members

# Foreword from the Chairman

I believe I was not alone in wondering what to expect ringing-wise in 2021 but I must admit that I was pleasantly surprised with the amount of ringing which took place. There were of course set-backs along the way due to positive Covid tests but, on the whole, the road to recovery was well-trod within the Guild.

Guild events which tend to be scheduled at the start of the year were casualties of the lockdown restrictions but, as these were eased, a window of opportunity opened for the Guild 8 bell and Social, hosted by the NW District at Horringer in September. The weather was kind to us as we used the outside space to gather and socialise and generally catch up with people from across the four districts, some of whom had not met face-to-face for over a year. Sadly, this window did not remain open for the Service of Celebration planned for October but plans are in place to remember and celebrate the lives of our absent friends at the AGM in April 2022.

2021 was due to feature 12 bell ringing with Bury St Edmunds hosting an eliminator for the National 12-bell striking contest for the Taylor Trophy in March. This was postponed to March 2022 but the Norman Tower wasted no time getting their team together for practices once the lockdown restrictions were eased. The Ipswich St Mary-le-Tower team also restarted their practices for the competition and have been drawn to ring at the Norman Tower; having two Suffolk teams in the National 12 bell is an encouraging achievement and will be a first for the Suffolk Guild.

Quarter peals and peals have always featured in the Annual Report and this year is no exception. Although the lockdown restrictions hit peal ringing the hardest, Guild members were still able to squeeze a creditable 19 peals into 6 months, a massive achievement when you consider the enforced lay off period of 16 months. Quarter peals fared much better with a total of 232 rung within Suffolk; 54 of these were rung on handbells as the lockdown restrictions enabled groups to meet outside from April onwards.

Having endured multiple Zoom meetings in 2020, I was rather hoping that 2021 would provide some opportunities for meetings to resume in the 'real world' even if it meant that we would need to wear face masks and remain socially distanced. Regrettably all GMC meetings and the AGM in April were held on Zoom in 2021 as were some of the District ADMs and practices/meetings. Attending a Zoom meeting is not the most exciting way of meeting fellow Guild members to discuss Guild business but, on the whole, these virtual meetings were well attended so the 'behind the scenes' work of the Guild could continue.

2021 was another busy year for the BAC with completion of the projects at Barham, Buxhall and Laxfield; work also continues at Stowmarket and first steps being taken at Combs. Any uncertainty as to the future of ringing post lockdown has thankfully not quelled the enthusiasm of churches across Suffolk to restore/augment their rings of bells with new projects commencing at Fornham St Martin, Drinkstone, Framsden, Hoxne and Westhorpe.

The Guild and District post holders, GMC, BAC and R&T members have again worked really hard this year to keep things progressing and, it is thanks to them, that we look forward to a more normal year in 2022. Ideally, I would have preferred to thank you all for your continued support in a face-to-face meeting but sadly that opportunity did not present itself in 2021. I do hope that you are all able to join us for the events we have planned in 2022 as we catch up with lost time but also look forward to the centenary year in 2023.

# Obituaries

**David Salter, Ipswich**

David was born 12th March 1956 in Aldringham, where his father was the village policeman. He was taught to ring by Cecil Aldous at St Matthew's Ipswich in 1968 as part of his bellringing scout badge and joined the Suffolk Guild in 1970.

Following advice from Keith Whittell, David joined the young enthusiastic band at Bramford, under the guidance of Roger Whittell. His enthusiasm led him to ring at towers around Ipswich, including St Mary le Tower, St Margaret's and St Clement's.

It was at St Clement's where David rang his first quarter in July 1970, followed a month later by his first peal, both of Grandsire Doubles on the treble. He also persuaded his father and brother to join him as ringers and continued to ring there until it was made redundant in 1975.

Under encouragement from J Martin Thorley, David conducted his first peal, calling a youngsters peal at Theberton in March 1971, where the average age of the band was 14 years old.

Later, due to work commitments, including his career as a professional magician and illusionist, David took an extended break from prolific ringing for several years, returning to more regular ringing in 1985 at Bramford.

Working for himself allowed David the time and flexibility to renew old friendships and to ring mid-week daytime peals. With his rekindled enthusiasm for peal ringing David took an interest in multi method and variations of doubles methods, calling a combination of 210 methods and variations at Stutton in early 1987.

David developed a keen interest in conducting, compositions and composing. He was determined to only call a composition once. This interest later lead him to collect compositions from all sources and to re-construct the missing Suffolk Guild composition collection, spending many hours tracking the missing information. His findings were published in the form of a leaflet during the 1990s.

When Andrew Fisk was keen to ring peals in 100 different Suffolk towers, David joined him in this endeavour, although he didn't truly count a tower until he had rung a peal, called an peal and rung the tenor to a peal. There are very few Suffolk towers where he did not achieve this. In 1990, David organised a peal at Woodbridge where the entire band had rung peals in 100 Suffolk towers and where all except J Martin Thorley, were born, bred and leant to ring in Suffolk. David would later become the first person to ring peals in 200 different Suffolk towers.

In 1993, David married Katharine, with whom he had three children, George, Colin and Henry. Over many years he and his family continued to teach new bands and help others progress, even with the challenge of childcare and health issues.

He rang his 1000th peal on 17th August 1996 and his 1000th for the Guild on 1st August 1999, only the second person to do so. On 21st March 2012 David became the first person to call 1000 peals for the Suffolk Guild. In all he rang 3594 peals (1813 for the Guild) all on tower bells, of which he conducted 2249 (1305 for the Guild).

From 1989-1991 David was SW District Ringing Master and GMC representative, he later served as Guild Ringing Master 1994-1999 and from 2003-2006. He was also a Guild Central Council representative 1994-2014, including being elected to the CC Education Committee 1996-2002, this lead to him teaching MTM Tower Management courses, the predecessor to ITTS and ART. Outside of elected roles, he maintained the Guild peals database and helped proof read the annual report.

In recognition of services to the Guild he was elected a Vice-President in 1999.

He will be sadly missed by his many friends.

**Hazel Judge, Pettistree**

Hazel learned to ring at Wickham Market in 1996 and was elected to the Guild in 1997. She was a quick learner and rang her first quarter peal at Wickham in 1997. She joined the Pettistree band in 1998 but continued to support service ringing at both Wickham and Pettistree. She rang in almost 100 quarter peals between 2002 and 2012 and 3 peals between 2003 and 2005. She enjoyed Striking Competitions and forever remembered, and reminded everyone of, being a member of the Rounds and Call Change team which beat the Method ringing team one year.

Hazel tackled each task with enthusiasm from Tower Correspondent to organising ringers' teas, cleaning the church brass, taking part in Striking Competitions, New Year's Eve ringing, the social secretary who organised carefully chosen birthday cards for everyone to sign and more. What she knew she wouldn't achieve in ringing she made up with her social skills coming along to support us in any way she could.

She supported all the Pettistree outings and numerous social events for many years. Her meringues were famous in these parts! She was still Tower Correspondent for Pettistree when she died at home on October 21st.

Hazel is sadly missed by her many ringing friends.

**Ian Boothman, Higham**

Ian was born in Bradford. He met his wife Val at University in 1956 and they have been together ever since. Ian learned to ring at St George's Beckenham after their daughter Claire took up ringing there and he thought he would learn too.

Ian and Val moved to Higham in 1987 and through the encouragement of our former tower captain Charlie Ablitt, Ian resumed ringing, joining the Higham and Stratford band and soon becoming a stalwart of Sunday ringing for both Churches. He also often joined in at Polstead and other churches in the district .

Ian died peacefully after a long debilitating illness on 21st December. He leaves his wife Val, son John, daughter Claire and two grandchildren.

Ian is much missed by the village and his fellow Ringers.

**Kathy Ferrar, Mendham until 2020**

Kathy Ferrar was one of the founder members of "Mendham Belles". Her enthusiasm and natural ringing skills were clear from the start when in 2001 it was decided to bring the wonderful sound of bells back to Mendham in time for the Queen's Silver Jubilee celebration in 2002.

Kathy died on 16th December 2021, there will be a service of celebration at All Saints Mendham on Tuesday 21st June 2022.

**Joan Tipple, Pakenham (died January 2022)**

Joan was born in Finningham (Mid Suffolk) and spent her life living in Suffolk, eventually settling in Pakenham.

She learnt to ring in 1971, as part of a new band at Pakenham, led by Maurice Rose. The band included her daughter and son in-law, with later additions of her grandson and granddaughter. Joan rang regularly for Sunday Service and rang many quarter peals.

Joan joined the Guild in 1973 and rang the first of her three peals in 1995. She always encouraged new learners and helped them progress. Unfortunately, due to illness, the last time she rang was at her granddaughter's wedding in 2015.

**Review of Progress and Achievements**

**Bellringing**

2021 was very much a year of two halves for the Guild. From January to May the lockdown restrictions continued and ringing was once again limited to outdoors (handbell ringing) and online using Ringing Room. GMC meetings and the AGM held in April remained on Zoom.

When the national restrictions finally began to lift in May 2021, ringers were once again allowed to meet indoors in groups of 6 so this enabled towers, with sufficient space for 1m+ social distancing, to recommence ringing. The rule of 6 restricted the tradition of 'everyone welcome' at practice nights across the Guild, however quarter peals began to be organised.

The first quarter peal on tower bells was rung on Wednesday 19th May at Pettistree followed by Bury St Edmunds (Norman Tower) on Sunday 23rd May, both towers showing their intention to get back to regular QP attempts. In total there were 158 tower bell quarters at 48 towers, 54 handbell quarters and 20 quarters rung online wholly in Suffolk giving a total of 232. They involved 191 ringers, a small proportion of the Guild membership, but the seeds of recovery had been sown. The first peal (since 2020) was on Saturday 24th July at Grundisburgh and a total of 19 were rung for the Guild over a 6 month period.

Following 'Freedom Day' in mid-July, towers tentatively started to run practices but it has been an uphill struggle for some to gather their members together and get back into the habit of ringing regularly for Sunday service and practice night. Interestingly, handbell ringing and online ringing have continued and actually thrived. Many ringers have returned to their towers but new skills picked up during lockdown and possibly different working arrangements have enabled some to continue with both tower-based and home-based ringing.

The Heritage Open Days Event in September provided a good opportunity to re-engage with the general public and promote the art of bellringing. Approximately 70 people visited the Norman Tower for the traditional Saturday open day but a further 50 then

attended an 'Open House' afternoon session later in the week where they were given a demonstration of bellringing and the opportunity to ask about the bells and bellringing at the Norman Tower.

**Restoration**

Although the Belfry Advisory Committee (BAC) met only once in 2021, considerable work has been undertaken by BAC members throughout the county with the completion of projects at Buxhall, Laxfield and Barham. Other projects in progress include Combs and Stowmarket and ongoing projects, at an earlier stage, include a restored 6/8 bell ring in a new steel frame at Fornham St Martin and restoration/ augmentation at Drinkstone, Framsden, Hoxne, and Westhorpe. Troston's bells are currently being restored, however the Guild has neither been directly involved nor is financially supporting this project.

The BAC continues to conduct minor works, repairs and inspections where needed and has been active at Brome, Dalham, Falkenham, Felixstowe, Framlingham, Gazeley, Hintlesham, Hoxne, Ipswich St Mary at Elms, Levington, Little Blakenham, Oakley and Westhorpe.

There has been only one Application for Grants from the Guild Restoration Fund during 2021, which was from St Gregory's, Sudbury. The St Edmund clapper competition ending in 2021 reached a grand total of £1042.98 (with the inclusion of Gift Aid on some donations). This directly supports the Guild Restoration Fund and is a magnificent contribution during difficult circumstances.

**Guild Finances**

**Reserves Policy**

The Trustees have formulated a Reserves Policy, in which the Guild will expect to hold at the bank a surplus of approximately one year's running costs.

**Policies**

All money in the Guild's funds not required for day-to-day purposes is invested or deposited by the Treasurer, as directed by the Guild Management Committee (GMC). Grants from the Restoration Fund are authorised by the GMC, but are only paid after completed work has been approved by the Guild Ringing Master and the Technical Advisor. Grants are normally only offered for work to restore bells and their fittings for full-circle ringing, but may include augmentation and other ancillary work associated with any such project. In order to respond to the short-term need to provide financial support to training activities, the GMC introduced a process to enable grants of up to £50 to be made immediately, at the discretion of the Ringing Master, and grants of up to £500 to be made within seven days at the discretion of the Guild Executive, in both cases subject to appropriate records being kept and presented to the GMC. As an enabling measure, the Public Relations Officer has been given a budget, the purpose being to enable greater flexibility, and faster reaction, to PR recruitment opportunities when they arise.

**General Fund**

Income for 2021 was 7% down from previous year, and expenditure down by 29%, resulting in a net income of £6,455 (7% up on 2020). Peal fees were not surprisingly very low (£144), owing to the restrictions caused by the Covid pandemic. Two new online income streams (AmazonSmile and EasyFundraising) have contributed small amounts of additional income (£107). The General Fund overall stands at £11,974, compared with £9,833 for 2020.

**Restoration Fund**

At year end the Restoration Fund totalled £61,815, including £24,850 already allocated for approved grants awaiting payment. This leaves £36,965 available for new grant applications. During the year two grants were paid out for completed projects – Laxfield (£12,000) and Barham (£6,200). No new grants were awarded.

**The Golden Bottle Trust Fund**

Projects for simulator installations have now been undertaken at Southwold (£711) and Felixstowe (£881). The fund now stands at £3,264.

**Jubilee Fund**

All interest accrued in this capital Fund is transferred into the Restoration Fund. Donations for the year amounted to £1177 and at year end the fund's value was £5,292.

**Other Funds**

At year end all other funds had positive balances. Library Fund (£237), Handbell Fund (£932), Pipe Family Trust Fund (£1,122) and St Peter's Sudbury Fund (£2,175).

# Belfry Advisory Committee Report—Chris Davies

The Belfry Advisory Committee (BAC) met only once in 2021, at Preston St Mary on 11 August. Nonetheless, considerable work has been undertaken by BAC members

*Continued overleaf*

throughout the county, despite the Covid restrictions. There has been only one "Applications for Grants" from the Guild Restoration Fund during 2021, which was from St Gregory's Sudbury. The BAC has recommended that the GMC endorse a grant of £3000 to St Gregory's at the February meeting.

During 2021, Suffolk has seen the completion of several ongoing projects – notably the new eight bell rings at Buxhall and Laxfield, plus a newly extended six bell ring at Barham.

Projects in progress include Combs. In the first part of this project, four bells have been removed for refurbishment and the fitting of an electronic chiming apparatus by John Taylor & Co. They are expected to be rehung in the spring of 2022. The parish is still raising funds for the subsequent augmentation to ten bells, using eight bells from the Keltek Trust, originally from Hunslet, plus 2 additional bells. Meanwhile Nicholson's have removed the original eight bells at Stowmarket, before the new ten are installed in Spring/Summer 2022. Troston's six bells are currently with Matthew Higby for restoration, prior to rehanging for full circle ringing. However, the Guild has neither been directly involved or financially supported this project.

Ongoing projects at an earlier stage include a refurbished 6/8 bell ring in a new steel frame at Fornham St Martin and refurbishment/enlargement at Drinkstone, Framsden, Hoxne, and Westhorpe.

The BAC continues to conduct minor works, repairs and inspections where needed and has been active at Brome, Dalham, Falkenham, Felixstowe, Framlingham, Gazely, Hintlesham, Hoxne, Ipswich St Mary at Elms, Levington, Little Blakenham, Oakley and Westhorpe.

Thank you to all the members of the BAC, who have willingly given their time and hard work to keep the bells of Suffolk ringing through the restrictions of 2021. Completing such works under the challenges of Covid has been difficult, but hopefully, things will improve in 2022. If you have an interest in the engineering side of bellringing, or can merely offer a willing pair of hands, the BAC would be delighted to welcome new members.

# Ringing Master's Report – Katharine Salter

It was a very strange time to be elected Guild Ringing Master and I would like to thank those who have put their faith in me, I hope I can live up to (or exceed expectations).

Given the pandemic restrictions in place I had expected a lull before being thrust into my Ringing Master duties, however that was not the case, within the first few weeks I conducted grant inspections at Laxfield and Barham.

I was honoured and delighted to attend the dedications at Barham and Hitcham, both projects have brought previously unringable bells back into use. Once again I am in awe of the amazing tenacity, creativity and determination of project teams and those that lead them and the way that bells find their way back to the heart of their communities. Congratulations must go to Laxfield, Barham, Hitcham on their restorations and to Buxhall on their augmentation. 2022 promises yet more restoration work with live projects at St Gregory Sudbury, Stowmarket, Troston and Westhorpe.

Like several other members I attended the talk given by Rev Max Drinkwater about returning to ringing and working with the church. We all know that a vibrant band of ringers can be a force for good in the church community and I am keen that we work with our parishes to rebuild both ringing and church communities. This led me to reflect that often the Ringing Master only ever gets to meet the Bishop at dedications or Guild Dinners. So Rowan and I met Bishop Mike in September where we discussed including information about bells and bellringers as part of the curate training and away days for Rural Deans, Assistant Rural Deans, Lay Chairs and the Bishops Staff. I was due to attend one of these away days in person but a close brush with the coronavirus meant I recorded my piece instead of speaking in person.

This year has seen the widest variety of types of ringing in the history of the exercise ranging from ringing limited bells for short periods of time whilst maintaining our distance from each other, the use of Ringing Room, Handbell Stadium and our return to normal ringing with or without masks.

It is a testament to the sense of community that ringers have that so many bands have managed to stay together, but nonetheless the protracted absence of normal ringing has resulted in the loss of both ringers and Guild members. Our challenge is to take everything that we have learnt from the past two years and build back better and stronger, it is important that we all share our time and expertise to grow our community of ringers, together we are so much stronger and can do so much more.

The Guild 8 bell striking contest was our only in person Guild event, it was a great success and thanks must go to the NW district for organising and to Horringer for the use of their bells. There was a real buzz to the event it was clear that people were delighted to listen to the ringing and socialise in person. Three district teams and two tower teams entered, the Norman Tower won taking home the Rose Trophy.

At the end of October the Guild entered a band in the Ridgman Striking contest at Braintree. We rang well and won the contest, my thanks must go to Rowan, David, Richy, Ruth, Brian, Tom, Amanda, Nigel and Colin for ringing so well. The trophy is currently touring the towers where the band hailed from - the Norman Tower, Woolpit, Offton, Debenham and St Mary le Tower.

I attended all four district Annual Meetings, it was heartening to see them so well attended and to see the enthusiasm of our members. The Recruitment and Training committee met four times during the year there were wide ranging discussions quantifying the pandemic impact on towers and then starting to plan moving forward. As a result there is an ART course running at Earl Stonham in March and we are looking at ways we can facilitate the support many bands need.

The first two 'Golden Bottle' simulators were installed at Felixstowe and Southwold, thanks to Tim Hart for his technical support, the local bands at Felixstowe and Southwold and all those who helped in the installation. Our challenge now is to make use of this valuable resource.

## Ringing Master's Report—continued

19 peals were rung for the Guild between July and December including the first on the bells at Barham. These included 1st of major for Sue Williamson, 200th peal for Andrew Stone and 2000th tower bell peal for Alan Mayle.

232 quarters were rung in total, 158 on tower bells in 48 different towers, 54 on handbells, and 20 quarters were rung online being a mix of 'tower' and 'handbells'. 191 ringers rang quarter peals with Brian Whiting being our leading quarter peal ringer having rung in 87 of them.

## Secretary's Report—Kate Gill

As indicated in the Trustees' report, this has been a year of two halves for the Guild, but routine administrative work, and insurance renewals, have continued. Additionally, the role has expanded to include assisting the BAC with some parts of the grants process. Detailed arrangements were made for the Service for Absent Friends on 24th October at Laxfield, but sadly this had to be postponed due to Covid concerns in October. We look forward to a more normal year in 2022, with the Guild AGM reverting to its usual format.

## Librarian's Report - Abby Antrobus

Last year, I indicated that I would stand for one more year as Guild Librarian, to attend to unfinished business. That business still remains, in particular the arrangements for accessioning material into Suffolk Record's Office following their closures due to COVID and the move to The Hold. My prevarication is captured in print, but I'd be willing to continue as Librarian should the Guild wish, having passed on the mantle of SE District Secretary.

I went to The Hold to research the Sudbury St Peter's fund in old minute books, and everything was excellently arranged by the staff. Our collection is still being catalogued and so not fully searchable through the Suffolk Archives website, but if anyone has anything specific they would like to look at, I can make enquiries regarding reference numbers and help with requests.

In terms of accessions, Janet Stevenson, the Ladies' Guild Archivist, passed on a packet of newspaper articles, cuttings and hand-written notes collated by Eleanor Reeve, who was a ringer at Ipswich St Matthew in the 1930s. Gordon Slack also passed on papers from Alan Smith (Guild Treasurer 1978-1988). Liz Christian has kindly sorted out material from the SE District that the secretary does not need, and I'd be happy to add anything from other districts or officers to the collection for the Records Office.

We received a complimentary copy of the biography of our friend George Pipe, which we will present to the Records Office for the local collection, and purchased a copy to keep with our other books in the Norman Tower.

The Ringing World DVD 2001-2018 is doing the rounds, with help from any intermediary willing to act as a courier.

# Public Relations Officer's Report - Neal Dodge

2021 saw us return to some sense of normality in ringing and with it pleasingly came plenty of good publicity for our activities and the exercise in general.

Radio Suffolk continues to keenly follow ringing in the County, with them interviewing our members on various subjects including the first peal at Barham, the Ridgman trophy win, the eight bell striking contest, Suffolk Day, and Ipswich Christmas ringing.

The tolling following the death of HRH Prince Philip in April was gratefully received by our local communities, giving them a focal point for their mourning and marking his passing in the traditional way. News of the tolling was shared locally so people could listen out and take time to reflect. A great deal of positive comments were received thanking us for our efforts, and although in sad circumstances people were glad to hear the sound of bells again after many months of silence. 118 towers across the Guild rang at some point during the period of mourning and were then published in the Ringing World special issue with no other county recording a greater number of performances. I wrote to our patron, George Vestey, and HM's representative in Suffolk, Lady Clare Countess of Euston informing them of the role we played in the mourning of the Duke for which they were very grateful.

Sudbury has seen a good deal of attention this year. After possibly a 100-year absence, the Sudbury ringing festival was revived on 15th August with around 30 ringers taking part in ringing at the three towers in the town finishing at Little Cornard. This event, first held in 1878, was a real showcase of ringing and the positive response from the townspeople both in person and on social media was overwhelming. An article was published in the Suffolk Free Press and the Ringing World (issue 5760 p850).

As a Guild we've been working with the Churches Conservation Trust and the Friends of St Peter's on their plans for the regeneration of the church which saw us ring a quarter peal in September to mark the closure of the church and the start of the work. It has been very pleasing to develop such a strong relationship with the CCT and Friends who are both keen allies of ringing at St Peter's. The rehanging at St Gregory's was also launched and will hopefully see more press attention in 2022.

The final stage of the Women's Tour cycle race was held in Suffolk between Haverhill and Felixstowe on 9th October. On the day seven towers rang out as the cyclists sped past with a quarter peal of Tour of Britain Bob Minor (a variation on Double Oxford) being scored at Gt Finborough. The sound of bells really added to the festival occasion of the day.

There was a brace of coverage for the events at Leiston marking the 100th anniversary of the Bailey Brothers Stedman Cinques handbell peal both in the newspapers and on radio. Thank you to John Loveless and Katharine Salter for all their promotion and organisation.

I've been pleased to assist with the early stages of a project to restore the unringable five at Westhorpe, where the local community are so enthusiastic about the prospect of the return of ringing to their village. We secured a piece on ITV Anglia on the launch of the project which bodes well for future stages and for other restorations approaching major milestones like the return of Stowmarket's bells.

The upheaval of the pandemic has caused a significant change in many people's circumstances which in some cases sadly means they can no longer be involved in ringing. However for many those changes including more working from home or a re-evaluation of their priorities to be more connected to their local community means that getting involved in ringing is now an attractive prospect and we need to capitalise on that for good of ringing. So if you hear of friends, local residents, and especially lapsed ringers who now have the time for ringing do speak up and share with them what a great time can be had up the tower steps as an active ringer.

Thank you to all who have promoted ringing in so many different ways during this challenging year.

# Membership Secretary's Report - Mary Garner

The total membership by the end of 2021 was 611, compared with 697 in 2020, a net loss of 86, approximately 12%. Fourteen new members were elected during 2021, 12 full and two in the 70-79 category. This, despite limited ringing for the second year running, none until mid April and very restricted until mid July, when most towers were able to return to practices as well as service ringing. Sadly five members passed away during the year.

Certificates recognising 50 years of continuous membership of the Suffolk Guild are awarded at the AGM. At the Virtual AGM in April 2021 a certificate was awarded to David Salter.

If a ringer in your tower is ready to join the Guild please ensure that an Application Form is completed and passed to your District Secretary, together with their subscription, ready for election. Once the form has been signed at the election, and is received by the membership secretary, a welcome letter from the chairman is despatched, together with a leaflet which contains information about Guild contacts and the Central Council of Church Bell Ringers and more besides. A certificate of membership is prepared.

If you move house, change your email address or change home tower, please don't forget to let me know.

# District Report

It's been another rather mixed year for the NE, with 'stop/start' due to varying Covid-19 restrictions, and different views in bands about the degree of risk which can be taken.

Some towers returned to almost normal during the summer and autumn, including regular weekly practices and Sunday service ringing, together with ringing for weddings. There was a peal at Aldeburgh and some quarter peals were scored, including a first for Erika Clarke at Blythburgh.

During the periods when there was little or no ringing in many places, some bands participated in regular Ringing Room sessions, and some newer ringers made great strides ringing a variety of methods up to major. This means that newer ringers should be able to focus more on bell handling, because they have acquired some additional knowledge of methods.

The NE organised the planned ringing and Service for Absent Friends on 24th October at Laxfield, but sadly this had to be postponed due to Covid concerns at the time. We had a reasonably well-attended district event at Reydon earlier in October, and although the ringing was enjoyable, nearly half the ringers present subsequently contracted Covid.

Membership numbers have reduced over the year, with some ringers moving away for employment, and others finding different things to do with their time during the break from ringing and wishing to carry on with these alternative pastimes.

The district committee is hopeful that outings can take place during 2022 and has planned an outline programme of activities which is being expanded upon.

# District Report

The first 8 months of 2021 started as 2020 finished, that is with no physical ringing because of the restrictions imposed because of COVID. We managed to resume ringing in September with a meeting at Barrow which 18 people attended. This was followed by Wickham Skeith (28 attended) in October, at which we also held our ADM, and then our regular visit to the Norman Tower (14) in December.

On-line practices using Ringing Room were instigated in 2020 by Maureen Gardiner and Lesley Steed. These were continued through 2021 up until the tower practices were re-instated. These have been invaluable in enabling people to maintain their ringing skills and in many cases develop new ones.

We elected 2 new members during the year and sadly heard of one death in 2021 and another in January 2022.

We are pleased to able to say that, as the COVID restrictions are being lifted, we have a full programme of ringing planned for 2022 and all the details are available on the NW District pages of the Guild website. It is our firm intention that in 2022 we will be back to normal, including our District outing in the summer, so watch out for this!

# District Report

Despite starting the year in lockdown, the district has managed to hold an event on the first Saturday of each month this year. The first meetings were held virtually and included quizzes, talks, general chat, an Easter hat competition and some Ringing Room sessions – these allowed us to reconnect with many we hadn't seen for months, and we thank those who led quizzes or entertained us with a variety of interesting talks.

In July we met up in person for a walk around Orford. There was no ringing, but 16 members enjoyed the chance to meet and chat together at a district event for the first time since March 2020

In August, with precautionary lateral flow tests, masks, ventilation and sanitisation, we held our first practice at Falkenham, which was ideal for meeting safely under COVID

restrictions and where we were warmly welcomed. About 20 people attended with ringing ranging from call changes to London Surprise. For some this was their first ring for 17 months, and it felt good to be back.

In September, as we didn't feel ready to return to the quarter peal and meal in a pub as in previous years, we suggested towers/individuals arranged to ring their own quarter peals. Quarters were rung at Falkenham, Ashbocking and Pettistree.

October saw us meet at Ashbocking, where we rang in face coverings with plenty of ventilation. Ringing again ranged from call changes to Surprise, and an attendance of about 20 - a good number in these early stages of resuming district practices.

The practice at Pettistree in November on a cooler day was attended by about 12 ringers – it was noted that we may have to continue to meet in well ventilated spaces so a few extra layers of clothing may become the norm.

27 members joined the ADM, which was held online on 4th December due to the level of COVID infection. All officers were re-elected, save that Abby Antrobus stood down as secretary. Christmas ringing in Ipswich saw simultaneous ringing at St Matthews, SMLT, St Margaret and St Lawrence.

Liz Christian kindly volunteered to be District Secretary, and was elected at Debenham at Debenham on 1st January, proposed by Jenny Scase and seconded by Mary Garner. 25 District members turned out on this first day of the year, to enjoy the fine bells and the revamped ringing room.

Following the plan for 2022 to find churches that have good ventilation, the practice on 5th February at Harkstead was well attended.

Several towers in the district have restarted regular ringing, with some towers working together, and in this time of recovery from the pandemic, we were pleased to welcome some new members to the Guild during the year.

# District Report

It is good to be ringing again, even though not all towers are open for regular ringing. It's good to meet up with people face to face again, even when many of us are wearing masks!

We have only had one District Meeting this year, at Kedington. Unfortunately, neither the Ringing Master nor the Secretary could attend. However, this was a well-attended event, with a lot of ringing of various methods with most abilities being catered for.

We were thrilled to be joined by most of the successful Suffolk team who won the Ridgman Trophy at Braintree and brought it with them to show us.

They rang a course of Cambridge Surprise Minor, which we were all thrilled to listen to, and we hope that all the newer ringers were inspired to emulate, eventually.

In September, we were very pleased that the District was able to enter a team into the Guild Eight Bell Striking Competition. There was a fantastic response from right across the District, and the band included members from Bures, Clare, Elmsett, Glemsford, Haverhill and Poslingford.

We are looking forward to a full programme of events and busy year to come, when we hope everyone is able to meet and ring together once again.

# Directory of Suffolk Towers and Correspondents

The table on the following pages shows details of every ring of four or more bells in the area covered by the Suffolk Guild of Ringers, along with the tower correspondent and their contact details where permission has been given for their inclusion.

All Guild tower correspondent email addresses are {towername}@suffolkbells.org.uk

**Condition of the ring (Cond)**

10 Excellent. Ball bearings, modern frame and fittings
9 Excellent. Plain bearings, modern frame and fittings or ball bearings in old frame
8 Good going order
7 Fair going order
6 Poor going order
5 Ringable if cleaned up and odd fittings and ropes provided
4 Rung occasionally. Frame/fittings nearly life expired
3 Not to be rung mainly because of tower and/or frame arrangement and position
2 Not to be rung mainly because of frame and/or fittings
1 Hung dead
0 Some bells unhung on the ground

Please note that the classification is based on the condition only at the last date of inspection, and any enquiries or requests for further inspections should be directed in the first instance to the Suffolk Guild Technical Advisor.

The key of a ring (i.e. the note of the tenor) is given in cents (i.e. hundredths of a semitone) from the given note; usually, for simplicity this is a white note. In explanation there are 1200 cents in an octave; a key given as C+80 could be written as C#-20m and the notes given are those of the standard equal tempered scale with note 'A' vibrating at 440Hz.

The Suffolk Guild of Ringers will not support or condone any attempts by its members or indeed anyone else to ring on bells which are classified as condition 3 or below. At these churches the Suffolk Guild Technical Advisor or deputy and if necessary the architect concerned, must be present when assessment of the bells or tower is taking place.

# Peal Secretary's Report—Christine Knight

A peal of Minor at Grundisburgh on 24th July was the first peal for the Guild in 2021. Fittingly, the footnotes remembered George Pipe, Alan Munnings and Dick Pegg, Guild stalwarts whose contributions could not be marked appropriately due to Coronavirus restrictions. More than sixteen months had passed since the previous Suffolk Guild peal on 13th March 2020. Peals were rung in eleven Suffolk towers as well as at Bromham, Bedfordshire and Helions Bumpstead in Essex. A total of 19 peals was rung, a drop from the 27 recorded between New Year and mid-March in 2020. However, that total was inflated by the Guild Peal Week in February. In 2021, after a slow start in July and August, 15 peals were recorded in the next three months before the advent of the Omicron variant affected peals again, with just a single peal being rung in December. As in 2020, it was not possible to ring peals to commemorate major national events. Foremost among these, was the funeral of HRH The Prince Philip, Duke of Edinburgh on 17th April at Windsor. Only tolling was permitted, but there was a magnificent response from towers throughout the county. Work on Guild restoration projects has continued and it was heartening to see the completion of the Barham Bells Project celebrated by a peal of 7 Methods Treble Dodging Minor there on 25th November. It was also the first peal on the bells.

The death of David Salter on 10th September was a huge loss. Twice Guild Master and also the Guild's leading peal ringer (1813 for the Guild), David had done much work behind the scenes in compiling the Guild membership and peal records. Stephen Pettman composed and conducted a 5065 of Grandsire Caters in his memory, which was rung at Grundisburgh on 23rd September. In addition, Alan Mayle called a peal of Cambridge S Major at Aldeburgh on 10th October to mark David's role as organiser of the monthly peal attempts there, a tower in which David rang 199 peals. Most of the ringers were regular members of the second Sunday peal band. A peal at Orford on 15th September was also dedicated to David's memory.

On 1st September, a peal of Stedman Cinques was rung on handbells in Leiston Church to replicate a peal rung there on 25th August 1921 by six of the Bailey brothers of Leiston. The original Gabriel Lindoff composition was used. Members of the public were able to listen to the peal, a magnificent sound which filled the large building. The occasion was excellent PR for ringing, with features in the local press and on Radio Suffolk. Organised by former Bures ringer, John Loveless, the magnitude of the original achievement, by six ringers from the same local family, was emphasised by the fact that the band included some of the most accomplished ringers from across the country. Unfortunately, an attempt for a tower bell peal of Stedman Triples on Leiston bells on the actual centenary day was lost, but it still received extensive press coverage.

Despite the small number of peals, the year saw an enthusiastic return to peal ringing. Although the regular monthly attempts at Aldeburgh and on the light eight at St Mary le Tower have not resumed, Rowan Wilson's regular peal band was very active and rang eight of the total number of peals. There were no first pealers, but it was pleasing to see a 'first of Major' for Sue Williamson at Horringer on 22nd October. Worldwide, only 32 people rang their first peal in 2021, some on handbells. Teaching new recruits has been one of the biggest casualties of the Pandemic, as has the loss of some of those who were in the earlier stages of ringing when the Pandemic struck. With the help of experienced peal ringers, it is to be hoped that new names will soon appear in Suffolk Guild peals as peal ringing inspires up-and-coming ringers to progress. Finally, in the first Report since his passing, I should like to record our indebtedness to David Salter for the many years of support in preparing the peals section. My thanks also go to Mark Ogden and Brian Whiting for all their hard work.

# Safeguarding Statement

**Safeguarding Statement**

The Suffolk Guild of Ringers takes its safeguarding responsibilities seriously, believing that all ringers should feel safe and valued while involved in all aspects of bellringing.

Safeguarding is everybody's responsibility. The welfare of a child, young person or an adult at risk is at all times paramount, and takes precedence over all other considerations.

The Suffolk Guild will seek to support the entire ringing community to develop best practice in safeguarding by:

- Developing a relationship with the diocese of St. Edmundsbury & Ipswich in order that ringers and ringing can be properly represented when church policy is formed or revised.
- Encouraging all ringers to promote a positive safeguarding culture where everyone is treated with respect and dignity.
- Following the support and guidance provided by appointed CCCBR Safeguarding Officers and the Trustees.

**Safeguarding Training and DBS**

The Guild, as advised by the CCCBR, follows the national 'Safeguarding, Learning and Developing Framework 2021' adopted by the diocese of St. Edmundsbury & Ipswich.

Details of the mandatory training courses for all bell-ringers and for those 'bell-ringers working with children', are to be found on

https://www.suffolkbells.org.uk/Safeguarding.php

Anyone who is a 'bell-ringer working with children', must hold a current clear DBS status. All details are to be found on

https://www.suffolkbells.org.uk/Safeguarding.php

**Where there is cause for concern this should be reported to the Parish Safeguarding Officer [PSO] or incumbent immediately.**

**If there is risk of immediate harm call the police - 999**.

# Draft Minutes of the Suffolk Guild Annual General Meeting held on Saturday 10th April 2021, via Zoom

**1) Welcome**

Rowan Wilson opened the meeting as Chairman and welcomed the 92 members present. She thanked the GMC members especially Chris and Mary Garner for organising today's meeting.

**2) Apologies**

Apologies were received from Diana Pipe, Maurice Rose, Sarah Mitton, Kate Mitton, Sharon Burman, Amanda Richmond, Roger Coley, Mary Odam, Deborah Blumfield, Kate Assmann, Helen Naunton, Rodney Downer, Winston Girling and Sange Wilson, Angela Paker.

**3) Absent friends**

The meeting remembered two members who had passed away since the 2020 AGM these were Lewis Woolnough of Long Melford and John Brown of Mildenhall. Rowan also noted the passing of the Duke of Edinburgh yesterday.

**4) Election of new members**

- Sue Child of Southwold, was proposed by Julia Johnson seconded by Kate Assman
- Clare Gebel of Stowmarket, was proposed by Jo Beever seconded by Maureen Gardiner

The two candidates were elected unanimously and as both were present Rowan welcomed them to the Guild.

**5) Minutes of the last AGM**

These were included in the 2020 annual report. Julian Colman commented that he had attended the 2020 meeting so would like his name added to the list of those present, pending that change the minutes were accepted as a true record of the meeting; this was approved unanimously.

There were no matters arising.

**6) Annual Report 2020**

There were no comments on the 2020 annual report.

The officers' and trustees' reports were accepted unanimously.

Mark Ogden (Report Editor) highlighted that there was an error with the tower map and the corrected version was on the website. He commented that most of the content is produced by others members from across the Guild and thanked all those that had contributed. Mark gave a special thanks to Kate Gill and Mary Garner for proof reading so diligently.

**7) Central Council Report 2020**

Neal Dodge ran through his report for the 2020 meeting which was available on the website and commented that the next meeting will also be held online in September. He felt that the Council had done a good job representing the interests of ringers in the negotiations with the CofE on Covid guidance. Rowan agreed and said the Church is now more aware of ringing, its involvement in parish life and our enthusiasm for keeping churches open in face of closure.

**8) Subscriptions and Peal fees for 2022**

Rowan confirmed that there was no proposed change for the fees for 2022 and thanked all those that made their payments on time.

Stephen Cheek (Treasurer) reminded those paying by BACS transfer should include a suitable payment reference so he can easily identify who the money has come from.

**9) Election of Officers**

Rowan thanked all those who had served as an officer during the year for their contribution and support to the smooth running of the Guild. She highlighted that we have two new officers that have been proposed with the others already in post.

Firstly Tom Scase has come to the end of his term as Ringing Master, he has proposed that Katharine Salter be elected. No other nomination were received and Katharine Salter was elected as Guild Ringing Master unanimously. Rowan welcomed Katharine to the Guild executive and said that she looked forward to working together.

The other new nomination was for our vacant Central Council (CCCBR) Rep position, Cath Colman was nominated to fill this and was elected unanimously

The meeting unanimously elected the other officers as proposed.

Rowan thanked David for his service to ringing and the Guild and shared with the meeting a summary of David's ringing career provided by Katharine. The certificate prepared for David would be passed on when possible.

Rowan also wished to recognise Christine Knight as a long serving Guild officer having served 17 years at Peal Secretary.

**11) St Edmund's Clapper competition**

Stephen Cheek explained that this year the contest was District based rather having entries by individual towers, members have responded well to the challenge and including gift aid the total raised was over £1,000.

Stephen announced that the SE District has raised the most, followed by the NW all from various different initiatives. Rowan awarded the prize for the most ingenious fundraising entry to David Stanford for his virtual round Britain tour. She confirmed that the competition would be run in the same format for next year.

**12) Appointment of Independent Examiner**

Our current examiners are B A S Accountants at Stephen Cheek said he was very happy with their services and proposed that they be reappointed which was seconded by Rowan. The meeting unanimously approved this decision.

**13) Guild events for 2021-22**

Rowan explained that cancelled events would again be rolled over into next year. Therefore the AGM, if possible to be held in person would be in the SW district, the six bell striking contest in the NE district, and the eight bell striking contest and social in the NW district the venue for which has already been booked. She encouraged Districts to hold their events, when possible, at the ground floor towers as that would encourage those who may be nervous about enclosed ringing rooms to attend.

**14) Updates from the GMC**

Rowan explained that the GMC meetings had continued to be held virtually. One of the recent pieces of work has been a refresh of the website which has seen the menus reorganised by audience and a clear out of old material.

**15) EasyFundraising & Amazon Smile**

Stephen thanked all the members that had used EasyFundraising & Amazon Smile to raise money for the Guild. The scheme had contributed around £50 each to our funds at no cost to those donating as it is a cashback scheme. Full details can be found on the website.

https://www.suffolkbells.org.uk/FundraisingAndShopping.php

Rowan brought the meeting to a close and thanked members for attending and hoped that next meeting would be in person. She encouraged people to donate to the restoration fund via internet banking in lieu of a normal collection.

| 13 bells by Warner | size 20 in E (diatonic 12 + 1 semitone) |
| 13 bells by various founders | size 20 in F (diatonic 13) |
| 14 bells by probably Mears | size 18 in G (diatonic) |
