Management Committee:
Vice Presidents, Chairman, Ringing Master, General Secretary,Treasure Adviser, Peal Secretary, Maintenance Officer, Librarian, Report Editor, Newsletter Editor, Central Council Representatives Handbell Trustees, two representatives from each District and two representatives from the Recruitment & Training Committee and the Restoration & Maintenance Committee.

Recruitment and Training Committee:
Guild Ringing Master and two representatives from each District

Restoration and Maintenance: Guild Technical Adviser, Maintenance Officer and two representatives from each District.

Friends of Suffolk Bells: Guild Ringing Master & two representatives from each District

Secretary's Report

The Guild appears to be entering a period of change. Following on from my appointment as secretary last year, this year two more important offices changed hands. After seven years of dedicated service as Guild Ringing Master, Stephen Pettman has stepped down, and Terry Howe, leaving the Guild's finances in a sound state, has retired as Treasurer. Stephen's place as Ringing Master as been taken by Amanda Whiting from Offton, who because of her own dedication and enthusiasm to ringing must need no introduction. The position of Treasurer is now in the equally capable hands of Chris Barker from Clopton. Changes have also taken place in a number of District Officer posts, with more likely to occur next year. It is thus a healthy sign that there continues to be members willing to serve the Guild in this way.

The Annual Meeting, which this year was held at Bury St Edmunds, attracted well over 100 members. (Perhaps the somewhat controversial agenda had something to do with it!) As is the tradition amongst ringers, an excellent tea was provided prior to the meeting by the local ringers and friends. At the meeting, a proposal for a large increase in Ringing Members' subscriptions for 1991 to help finance bell restoration within the Guild was heavily defeated. Instead, a modest increase was agreed, with pro-rata increases for other subscriptions. However the question of whether the Guild should continue to provide grants for bell restoration appeals, and if so at what level, was left unanswered.

The Management Committee has met regularly throughout the year, as have the Recruitment and Training, Restoration and Maintenance and Friends of Suffolk Bells sub-committees. This year we have been attempting to increase the awareness of the Guild members to the activities of the Management Committee. One way that we have been trying to do this is by making the minutes of meetings available to all members by sending copies to District Secretaries as soon after the meetings as possible. District Secretaries should also have received copies of the minutes of this year's AGM to be made available to anyone who wishes to read them before they are presented at next year's meeting. I hope you are taking advantage of these arrangements, and are finding it valuable having access to minutes. I would welcome your views on this.

The Management Committee is aware that there is a need to reconsider the structure of the Guild. Because of this, and in order to gather the views of members, the topic of this year's Seminar was the structure of the Guild. Forty or so members attended, and frank discussions were held. A summary of the points raised has been distributed via the Guild newsletter, together with a questionnaire giving those who did not attend an opportunity to express their views. The Management Committee will attempt to recommend courses of action based on the feedback it has received, and present them in due course at AGM's for approval by the members. In the meantime you will be kept up to date with the committee's thoughts on the various matters under consideration.

The Guild's talents do not solely lie the the ringing chamber, as those who attended the Friends of Suffolk Bells social last October found out. We have singers, instrumentalists, comedians, magicians, actors, actresses, etc, etc, not to mention excellent caterers. A good evening was enjoyed by all, and the bell restoration fund benefitted by nearly £1000. Many thanks to all who contributed to making the event a success. It is hoped to hold an even better social in 1991, so make a note of it in your diaries!

By driving to District meetings during the past year throughout the county, I have realised just how large Suffolk is. But I have always found the journeys worthwhile, thanks to the warm welcome that I and my son Paul have received. I have enjoyed serving the Guild during 1990, and I look forward to meeting more of you in the coming year.

Bruce Wakefield

Ringing Master's Report

At the end of my eighth month in office, I thank you for your support and for the welcome you have given me in the towers that I have visited. Of course Stephen is a hard act to follow and on behalf of the Guild, I would like to thank him for his seven years of hard work as Ringing Master.

Looking back to last April, the Guild Outing to London was as successful as ever and I understand that an enjoyable time was had by all.

On May 12, a band with representatives from each district, came second in the Ridgman Trophy, East of England Ten Bell Competition which was held at Bury St. Edmunds.

The Guild striking Competitions were held at Sproughton and Ipswich st Margarets. The six bell competition, which was won by St. Mary Le Tower, was very poorly supported and I would be pleased to see many more teams entering in '91. The eight bell competition had six entries – a record number – and was won by the S.E. District team.

Ipswich entered the National 12 Bell striking Competition and came third in the eliminator at Shrewsbury, missing a place in the final by only one percent !

Eleven peals were rung during Peal Week (one fewer than last year) This is not a massive total, and indeed peal ringing is not everybody's 'cup of tea', but I think it is worth keeping the week in our calendar.

The Guild Seminar was concerned with the proposed reorganisation of the Guild and was attended by forty members, with several others sending their thoughts in writing. Many ideas were shared and I hope that everyone has had access to a copy of the notes which I produced and circulated with the Autumn Guild Newsletter. I have received several responses to the notes but I have not started to analyse them yet.

The Training Day was as successful as ever. Forty students took part on courses and I am sure that much benefit was gained, The N.W.District won the evening quiz. My thanks go to the many people who helped in various ways. I know that several quarter peals were arranged as a follow-up to the day.

Quarter Peal Week was a very worthwhile occasion. Forty three quarters were rung and they contained thirty-nine 'firsts' of various kinds. Well done!

FOSB at last seems to have 'taken off' and has had a successful year. The Guild Social which took place at Elmsett, was enjoyed by everyone and together with the draw, raised the wonderful sum of £909.89 (or thereabouts !). Again my thanks go to everyone who worked so hard. Rob and Philippa Rixon deserve a special mention for the outstanding success of their calendar which has raised £632 to date. A really tremendous effort! I understand that work has already started on the 1991 edition! I am confident that FOSB will go from strength to strength.

Many individual milestones have been achieved in peal ringing during the year. Congratulations to Neil Hursey, Joanne Mills (age 12, 4 Doubles methods inside), Mark Groom, Alan Rogers, Mary Hallett, Elizabeth Heath and Martin Yardley on ringing their first peals. Also:

Peals

25th Iain Mitchell, 50th Mark Leibenrood, 100th Joan Garrett, Adrian Blumfield
200th Katharine Whittell, 250th Jospehine Beever, Andrew Fisk, 300th Robin Allum
600th Peter Mayle

For the Guild

100th Winston Girling, 175th Katherine Whittell, 250th Mary Allum, 350th Peter Mayle 400th David Salter, 650th Pat Bailey

As Conductor

250th David Salter, 250th for the Guild - David Salter, 450th for the Guild - Martin Thorley

I apologise for any I have missed!

Particular congratulations to Sylvia Pipe on the 55th anniversary of her learning to ring and to Trevor Bailey on his 1000th peal.

Finally and most importantly, I would like to thank all Suffolk's faithful Sunday service ringers who sometimes cover many miles each week in order to ensure that our bells are rung regularly. Many Deanery reps. have done an excellent job organising ringing at towers without bands of their own and I know that particular efforts have been made throughout the county for a variety of special occasions. Wherever possible, I would like to see an expansion of this very good work during 1991; after all, this is the primary object of our Guild.

Amanda M Whiting

The Suffolk Guild Handbell Trustee's Report

Limited use has been made of the handbells this year until the Christmas period when all three of the available sets were loaned.

The fourth set, thought previously to be by Dobson but now more correctly described as by various founders, have been completely overhauled at a cost of £626.00 plus VAT.

Consideration now should be given to having the set of 13 by Warner retuned. These were refurbished in 1970 but not retuned.

The Guild has been charged with the care of the Mendlesham Handbells, following the death of Leslie Forster, until such time as they are required by a Mendlesham Band.

Brian Whiting
Winnie Lockwood

Public Relations Report

I'm very glad to report a busy year and would like to record thanks to anyone who has helped promote our beloved Art both within and outside Church circles.

Open days - street fairs, have been held at Elmswell, Felsham, Wickham Market, Framsden and St Mary le Tower. These provide the chance to have a bells and ringers stall and who knows what comes from them? Next year we shall have a presence in the Diocesan (Church) Tent at the Suffolk show, so if you are attending, do look us up.

I had the opportunity to speak about the Guild on the new B.B.C Radio Suffolk just after Easter and again with Brian Martin discussing the Monewden restoration and their Victorian Day. This is a marvellous way of reaching Suffolk people so watch out for coverage in your local events - Canon John Eley is very keen on bells!

On your behalf I circulated all clergy over the vexing matter of 'pirating' (opportunist tower-grabbers without permission) - a problem originating in Lincolnshire and occurring in North Suffolk. With that circular I also sent Malcolm Tyler's excellent paper for clergy on Bells and Ringers and this has been well received.

Talks have been given to Ipswich Rotary and Framlingham Historical Society, this latter, encouraging the local people to make a video of their restoration of St Michael's 8 and a splendid video it is too. A copy has been ordered for Guild use and I do recommend it as as example of how such a parish event can be recorded and as something for a social evening.

Another splendid P.R. example has been Horham, involving the village and benefice and the good people of Horham Mass.U.S.A., who have been very generous. Thanks to Reverend David Streeter and Ranald Clouston who have done so much to see that project brought to fruition.

As usual the Diocesan List of confirmations for the year was sent out to District Masters and as we go to press, likewise for 1991. Do please try and ring for these important services especially where the bells are rarely heard. Bishops John and Eric, I know, appreciate our backing.

Ralph Earey is spearheading an imaginative project for a mobile ring of six in a Corporation Double-Decker bus - given for the scheme. Great possibilities there for local shows and village fêtes - the conductor will need to both call bobs and take fares - uniform provided!

My good friend Ranald Clouston prepared a Bells Exhibition for the Hartest Millennium celebrations in the village.

Again on your behalf I responded to the Ringing World article on unringables since I felt this gave a rather unfair reflection on our Guild. It emphasises the point I made at the Bury A.G.M. that we have a pressing need for **people** - double our present membership to 'man' the ringables - there's a challenge!

Other matters include looking forward to October 1991 as a sponsored peal month for St Lukes Hospital for Clergy. This is **our** chance to support the incumbents and their families should the need ever arise. Details later but a good response please. Well done Rob and Phillipa Rixon on the Calendar - twelve 'silent advertisements' for our Suffolk Guild work and underpinning the endeavours of Friends of Suffolk Bells. The Ipswich papers gave coverage of the 500th peal at St Mary le Tower - spanning 255 years. What would the band of December 12th 1735, I wonder, make of us today?

Finally, a plug for the Ringing World - the only national Ringers Journal. Only 85 of our

members take it in 475 households which is a fairly low percentage. Do consider subscribing.

Good ringing and good P.R. in 1991

George W.Pipe

Librarian's Report

In an attempt to find inspiration for my first annual return as Guild Librarian, I thumbed through some old Guild reports looking for contributions from previous holders of the post. To my surprise, I found that 1989 was the first year that an offering from the Guild Librarian had appeared in the annual report. This is probably to your advantage as you come to read this, as it means that I have not been as loquacious as usual, and I will therefore restrict myself to the facts of 1990.

I have spent the year studying the bookcase and various boxes of assorted books, cuttings, papers, reports etc. that comprise the Guild Library. As I write this report I am putting the finishing touches to the new catalogue, a copy of which will be available to every tower in the Guild. It has taken me slightly longer to complete than I had anticipated since I came across many items which I found myself stopping to read. I apologise for my aberration!

The catalogue is as comprehensive as is practical, without listing the minutia that are owned by the Guild. It will, however, provide you with an idea of the wide range of archive material that is available to all members. Whether you want to know more about your local tower, bell maintenance, ringing history, conducting or composing, or if you just want to read for pleasure, there is something here for you. Should you wish to borrow any item from the Library simply contact me (my address and telephone number are at the front of this report - my daytime telephone number is Ipswich 215752 in case you have trouble finding me at home)!

The Library, whilst occasionally able to purchase an item for its collection, survives mainly on donations. Any contribution, in whatever form, is always welcome.

Finally, I feel that my report would not be complete without mentioning Claude Rush. A glance at the catalogue will tell anyone what a tremendous contribution he made to the Library over the years. Its comprehensiveness is a great tribute to him. We will be forever in his debt.

Jonathan J.E.Williamson

Maintenance Officer's Report

Many thanks are again due for the considerable effort involved in the various inspections and work listed below. It's good to see several restoration schemes coming to fruition during the year and I hope that we will continue to give support to any new appeals launched in 1991. I am pleased to report that the N.W. district now has a rope pool, held by Gordon Slack.

Aldeburgh: Tower repointed.

Barking: A casting fault in the 4th and a cracked wheel have been inspected.

Barham: The 4 bells have been inspected and briefly rung but due to the very poor condition remain unringable.

Blaxhall: Inspection - frame and fittings in a reasonable condition but the architect states that the tower is not in a suitable condition for full circle ringing.

Bramfield: The treble and tenor headstocks are to be replaced and the tenor bell needs to be 1/8th turned.

Brampton: Work is being done to enable the bells to be rung but only for short periods due to bad clapper wear on the bells.

Buxhall: Tenor clock hammer has been repaired and the 5th's pulley wheel replaced.

Campsea Ashe: Bells inspected and are in good condition other than a sizable piece missing from the lip of the 2nd - these therefore remain unringable.

Clopton: A new ringing room floor and additional floor below the bells have been fitted.

Copdock: The bells are now ringable and some local people are being taught.

Cratfield: Following the repointing of the tower an inspection has been made, the bearings oiled and a set of ropes provided. The bells have been rung with the architect present. A second architect's inspection is required but it looks likely that the tower will be ringable.

Drinkstone: The 5th bell has been rehung due to movement in the gudgeons, a bearing cap has been welded, all the bearings cleaned out and reoiled and a new set of ropes ordered.

Earl Stonham: A new roof has been fitted to the tower and there is now a regular band.

East Bergholt: The clappers have been tightened and new split-pins inserted.

Easton: Back 3 bells have been tightened to the headstocks.

Elmswell: Bells inspected and a further inspection will take place if the parish is interested in restoration.

Felsham: Bells inspected but remain unringable due to poor condition of treble wheel and a broken rope on the tenor.

Framlingham: Bells retuned and rehung in the original frame.

Framsden: The work on the tower and louvres has been completed and the bells are now ringable.

Great Finborough: Spire windows broken - birds getting in.

Hintlesham: Refurbishment work has started with a general clean up, all old bolts replaced, repairs to the wheels and all the woodwork treated.

Hollesley: The frame is being painted by the local ringers.

Hoxne: £20,000 has been raised for the Church and bells.

Iken: There has been an Owl in residence which is hoped will leave in due course.

Ipswich St Clements: Bells Inspected

Ipswich St Lawrence: Bells Inspected

Ipswich St Mary at Quay: Bells Inspected

Ipswich St Nicholas: Bells Inspected - some of the louvre netting needs securing.

Lakenheath: New first floor to be installed.

Little Stonham: The unringable bells & their fittings have been inspected but are in a very poor condition with the tenor bell cracked.

Long Melford: Frame bolts have been tightened but three sets of gudgeon pin bolts have insufficient thread.

Marlesford: Tenor clapper was cracked and been repaired at the foundry.

Mildenhall: Ringing is still restricted due to cracks in the tower.

Monewden: Bells retuned & rehung in new frame - old frame preserved in the tower.

Nayland: Advise has been given for installing a rope and pulley in order to chime one bell from the body of the church.

Newmarket St Agnes: The one bell has been inspected, the frame as yet has to be painted. A new rope has been fitted, as well as a maintenance platform & ceiling.

Newmarket St Mary's: Counterbalance for the tenor clapper has been rewelded after a failed weld. A new stay has been fiited to the third. All bolts and clappers checked.

Occold: At the Parish's request a set of ropes has been provided for chiming and the bearings oiled. These bells remain unringable.

Ousden: Chiming ropes repaired.

Pakenham: English Heritage want the Church to keep the pre-reformation frame. This would mean rehanging the bells in a new frame below the old and ringing from the chancel crossing.

Peasenhall: Bells inspected

Rattleden: Work on improving the rope circle has been carried out, the tenor clapper has been welded, the headstocks tightened and the 2nd's ground pulley has been refurbished.

Raydon: The single bell has been inspected and a recommendation for maintenance work sent to the PCC.

Rougham: 5th and Tenor headstocks were cracked and have been replaced by Whitechapel metal stocks.

Southwold: Bells retuned and rehung in original frame.

Stonham Aspal: The 8th's gudgeon pin bolts' have been tightened.

Stowmarket: Front 6 clappers rebushed.

Stradbroke: Staple bolts tightened.

Sudbury All Saints: The bells have been checked. The roof is still leaking (to be repaired by the parish)

Sweffling: Some missing nuts have been replaced, a new stay fitted to the treble and general tighten up.

Ufford: Work on the louvres has been carried out by local builders, the rope alignment on the 3rd, 6th & 8th has been improved, the clappers of 1,2,4,7 & 8 have been tightened, and the 7th stay adjusted to prevent it catching whilst ringing.

Witnesham: The bells are unringable until the tower has been inspected by the architect.

Woolpit: The belfry has been cleaned out but birds can still gain access through the spire windows. Several stays have been replaced and have now been wedged into the cast headstocks to prevent them snapping off. A new set of ropes has been fitted.

Woodbridge: 5th clapper was broken and has been welded and replaced.

Worlingham: A restoration appeal has been launched.

Worlingworth: The restoration fund has reached half-way.

Ralph Earey

Technical Adviser's Report

1990 has been a fruitful year with regard to restorations with work being carried out at Monewden, Southwold, Rougham, Framlingham and Horham.

At Monewden the six bells have been rehung, by the Whitechapel Bell Foundry, in a new cast iron frame lower in the tower than the previous wooden frame. The six bells, cast in 1890, are now the lightest ringable six in the Diocese with a tenor weight of 5cwts 3qrs.

The ring of eight at Southwold have been rehung on ball bearings in the existing George Day frame by the Whitechapel Bell Foundry, whilst at Rougham the fifth and tenor bells have been rehung with cast iron headstocks, replacing the original cracked elm headstocks.

At Framlingham the eight bells have been rehung in the original wooden frame by Taylors. Whilst the overall 'go' of the bells has been improved by the installation of vertical tie rods, one or two outstanding items of unsatisfactory workmanship need to be resolved before the full grant can be paid and the restoration considered complete.

The bells at Horham, which represent the oldest ring of eight in the country, have been rehung in a new cast iron frame lower in the tower. The bells have been tuned and the original frame and fittings are being retained following treatment with wood preservative. There has been a trial ring on the bells but a considerable amount of non bellfounders work within the tower needs to be done before the restoration is complete.

At Grundisburgh the ten bells are at the foundry. The proposed augmentation to twelve and restoration is planned to be completed early in the new year.

The six bells at Rattlesden were last rehung in 1895 by George Day of Eye in a wrought iron frame. It is quite an interesting structure and was so designed to make the best use of the very small plan area of the tower for the sizes of the bells concerned. Following some maintenance work on the bells they remain in good going order.

At Newmarket St Mary problems with the tenor clapper going up 'wrong' was found to be as a result of the counterbalance weight dropping off due to failed welds. It previously has broken off in 1967 and was then repaired by Taylors. In 1985 the Whitechapel Bell Foundry altered the arrangement to enable the bell to be raised 'right sided'.

Plans for the restoration of the bells at Worlingworth, Worlingham and Hoxne are progressing with significant funds raised to date, however the planned restoration of the Boxford bells has run into some difficulties, particularly with respect to the strength of the tower. Consideration is also being given by the parish to the restoration of the bells at Fornham St Martin.

At the end of November, the Ringing World published the summary details of the 1989 Central Council Unringable Bells Survey. Whilst Suffolk together with Norfolk still have the highest number of unringables at 24%; the report noted that Suffolk was one of the counties to have seen the greatest fall in the number of unringables over the past four years. Whilst this fall is due in part to the efforts made by the Guild, which it is hoped we will be able to continue, it is important to remember that many of our unringable towers are not rung regularly for Sunday Service. Every effort must be made to improve this situation if the restoration and maintenance of the bells is to remain a worthwhile aim for the Guild.

Ian J.D. Whitear

Index & Directory of Towers

The following table is used to show the condition of the ring:

10 – Excellent, Ball bearings, modern frame and fittings

9 – Excellent, Plain bearings, modern frame & fittings or ball bearings in old frame.

8 – Good going order

7 – Fair going order

6 – Poor going order

5 – Ringable if cleaned up and odd fittings and ropes provided

4 – Ringable with difficulty and a degree of risk after making odd repairs

3 – **Unringable** mainly because of tower and/or frame arrangement and position

2 – **Unringable** mainly because of frame and/or fittings

1 – Hung dead

0 – Some bells unhung on the ground

The Founding Principles

Casting the new peal of 8 bells for the Church of St Nicholas, Harpenden, Herts, June 1990.

Bell founding has altered little through the centuries and the principles of quality and craftsmanship are preserved at Taylors, the world's largest and most successful bellfoundry.

For single bells, peals, chimes, carillons and handbells, new bells or the restoration of existing bells, ring the master craftsmen.

Treasurer's Report

A year ago in his 'postscript' to the 1989 accounts my predecessor, Terry Howe, was rightly emphasising the financial problems which faced the Guild in the demands, both known and anticipated, for Restoration funds. At the time I took over from him we had total resources of £16,600 and were committed to Grants of £17,565 - clearly not a good position. I am pleased to report that following much effort by a great number of people, this position is improved and at the end of 1990, in broad terms, we had resources of £20,500 and were committed to Grants of £13,115.

Contributions direct to the Restoration Fund and interest received amounted to £3,000, £3,000 was raised by the Friends of Suffolk Bells (a 60% increase on 1989) and we were able to transfer £2,000 from the General fund as well as making a small contribution to the Handbells Account. During the year four grants were paid over amounting to £4,550.

So far, so good. The overall position has also improved because there has been only one further commitment made during 1990, to Worlingham for £3,550. In fact, since I took office I have not been aware of any requests and surely this situation cannot last. It is no one's fault that Suffolk contains so many rings of bells, it is an historical accident and one that we have to live with.

The increase in subscriptions in 1990 led to a welcome increase in income although there was a further wastage in the number of members and this pattern is likely to repeat itself in 1991. I feel it right, therefore, to recommend that subscriptions levels should be held at present levels, at least for the time being. To me, a comparative newcomer to the exercise, ringing seems to be undergoing a cyclical down turn and I do feel that George Pipe and others made a valid point at last year's AGM in emphasising the need to concentrate on getting new people into ringing. More people will naturally generate more income and, despite the current economic gloom, expansion continues in the county with a substantial increase in population forecast over the next 15 years and we need to make these people aware of what we have to offer.

We also need to look outside ringing to try and generate funds for restoration work and I propose to explore three possible avenues during the coming year:-

1. An approach to Eastern Arts or the Arts Council of Great Britain for help with specific projects.

2. The establishment of a county-wide Guild 500 Club, ie., we sell 500 £1 units each month of which £250 is given back in prizes - say £100, £50, £40 and three prizes of £20. This needs to be for a limited period, perhaps three years, so that people do not feel that it will go on for ever, and would create a reserve of £10,000 over this time. Are there not 250 of us who would be prepared to spend £1 a month each and find a non-ringing friend willing to do likewise?

3. A coordinated county-wide appeal to commerce and industry for funds to allow us to build up a capital fund, the income from which could be used for restoration work. It has to be acknowledged that this is better left for a healthier economic climate.

In addition, there are other steps which we could take and I shall be investigating the possibilities during the year.

In the meantime please continue the excellent support which is being shown for the Friends of Suffolk Bells. This has made a very real contribution to the improvement in our overall position this year.

In conclusion, may I take this opportunity of thanking all the District Secretaries both for the help they have given me in my first year and for the tremendous efforts which I know they have put in to maximise subscription income, both direct and through covenants. Theirs is a thankless task, but we could not do wthout them.

Christopher Barker

Covenant Secretary's Report

The past year has once again seen a large number of members taking out subscription covenants. The Guild now has in the region of 190 covenants, and all those members covenanting are to be congratulated.

I would still like to see more covenants, and there are certainly many members who could, and should covenant their subscriptions. If any members have questions on covenanting I am always willing to help them.

My thanks are extended to the district secretaries for their help, because as the primary recipients of subscription payments, they play a vital role in encouraging members to covenant. I would particularly like to mention Gill Waterson who has made a tremendous effort in the South East district, where she has in 1990 recruited a further 85 covenantors. A shame the North West district could not manage a single new covenant in 1990 !

In summary the Guild can expect an income tax reclaim of approximately £323 for subscriptions, together with a further £324 on covenanted donations made to FOSB.

Andrew D Fisk

Does your Church /Tower have Fire Extinguishers?

If the answer was YES, congratulations, but when were they last serviced ?

If the answer NO, then you require them.

The Ecclesiastical Insurance Company states that every Church needs some fire fighting equipment. They need to be of the correct type and in the right position. The ringing chamber, if above floor should also have a fire extinguisher installed.

Under the British Standard for Fire Equipment they also need servicing annually.

PFS provides free advice together with top quality equipment and service at a very competitive price. Let us quote you for your Churches Fire needs to see how we compare - it will definitely be to your advantage.

OBITUARIES

Revd Canon William Donnan MA

Rector of Worlingworth, Tannington, Bedfield & Monk Soham, all with bells of which he was proud, Bill Donnan was a great enthusiast for ringers and ringing. Other things too - photography, horses and local history. There was always a warm welcome to his benefice which he served for thirty years and through him the present bell Restoration Fund at Worlingworth is currently under way. Eriswell bells were also restored during his incumbency there.

Leslie Forster

Leslie was to Mendlesham & District what Hutton was to Yorkshire - a character; part of the scene. Little Leslie, as we affectionately knew him, for he stood only 4 ft 4 ins high, was a familiar sight in our Suffolk belfries before, and for thirty years after the War. He usually rang the second, always on a box and with measured striking, enjoyed his ringing up to Superlative and Double Norwich. Well into his eighties when he died, he never ceased in his care for people of all ages in the village and beyond.

Cyril Hancock

Although he was nearly seventy when he came to Suffolk, Cyril joined the Rougham band and mastered the Art, reaching Cambridge Surprise and many other methods. He was a most enthusiastic supporter of the Guild, rarely missing a meeting or a practice with Sunday service his priority. Sadly stricken with Parkinsons Disease he was nevertheless active until he was 90. Ringers like Cyril are the backbone of a Guild.

Arthur J Haynes

Well known in the Sudbury area for over fifty years Arthur hailed from Lincolnshire and after Nottingham University joined Boots the Chemists - moving to Suffolk in the thirties.

His attention to detail in business reflected in his ringing and he was first class on eight with London and Bristol in his repertoire. In later years he was Master of the famed Lavenham tower, always proud to welcome visitors to that great belfry.

Happily his son and grand-daughter have followed in the Art.

Alderman Ling

The Lings are immortalised in George Ewart Evans' splendid book 'Ask the Fellows who cut the Hay' where a chapter is devoted to the ringers of Blaxhall and the villages around.

A deep saturnine man 'Aldy' certainly had an aura of mystery about him - something one occasionally encounters in deepest rural areas where families have lived for generations. A capable ringer he had rung peals up to Kent T.B.Maximus and was a useful conductor too.

Sidney Moore

Sidney joined the Framlingham band in the twenties - the days of the brothers Hall, Willoughby Maulden, William Crickmer and Bill Flory. Thus his association with that fine church spanned 70 years, in the belfry and congregation.

He rejoiced that St Michaels' bells were restored during 1990 and glad we are that he lived to see it and hear them.

Mrs Lilian Munnings

The St Margaret's Ipswich congregation will miss Lil - as will the belfry and the Guild. One admired her pluck in taking up ringing in later life, never an easy thing to do. She was a great Guild supporter at all its events, no mean cook and maker of tea either!

What joy it gave her to know that her two grandsons are now ringing.

Revd Cameron P Newell

Cameron Newell had a great presence about him - a big man with a bass voice of astonishing timbre. Rector of the now, sadly, redundant Churches of St Peter & St Mary at Quay in Ipswich he was, right up to the his 93rd birthday, a fine compelling preacher, much in demand.

He loved bells and often preached at our meetings in the post war years. Perhaps his best known utterance was commenting on the saying "The hand that rocks the cradle rules the world..." "That's as maybe" he said once to a packed congregation in St Lawrence' Church "but I tell you, the hand that pulls the bell rope **tells** the world". Several of us there reckoned you would have heard him in Sproughton! A marvellous Christian who will be greatly be missed.

William Riggs

For years Bill struggled to keep Halesworth tower going and, as with so many, just needed someone to move in with experience to support his efforts. He so badly wanted to restore the band to the great days under Fred Lambert - but then who could emulate the Recruiting Sergeant? The Guild acknowledges the Sunday by Sunday, year in year out, devotion of people like Billy Riggs - often unsung.

H Claude Rush

When Superintendent Rush was posted to Eye in the 1950's the Suffolk Guild gained a benefactor, friend and a man of immense charm. From childhood Claude had love bells - as a boy he had rung handbells with the Stradbroke ringers but it wasn't until Eye that he taught himself to ring,

He was also responsible for restoring Eye bells which he did almost single handed. A generous donor to the Library with support in so many other ways, Claude was honoured with Vice-Presidency as a token of his contribution to the Exercise in Suffolk.

Ronald Dennis

Father of our Diocesan Bishop John, Ronald Dennis was himself a ringer. He died just before Christmas at the fine age of 91 after a notable career in teaching. His principle post was at the Rutlish School in Merton Surrey.

In his latter years he moved to Ipswich to be near his family & greatly enjoyed the bells on Sunday mornings. At St Mary-le-Tower we shall miss his cheery face & wise counsel.

G.W.P

May they Rest in Peace

We offer our sympathy too to the relatives and friends of our departed members.

North East District Report 1990

This has been a busy year in the North East District. Several towers have started up new bands and those towers with recently established bands have continued, often in spite of difficulties. Our ability to do this is due to the many ringers in the District who are so generous of their time and expertise. As a new secretary trying to find out about the District I see ringing fellowship in practice everywhere.

We have been pleased with the District Practice nights which have been generally well attended and have achieved their aim of promoting ringing in the towers where new bands

or learners need a hand. Holding them during the normal mid week practice of the host tower has worked well.

I must not forget to mention the District's peal ringers who encourage peal ringing in the towers and who so often include novice peal ringers in their bands, thus spreading their expertise.

Our District meetings have been generally well attended. The striking competition was particularly well attended and enjoyed by all. I hope to see a few more of the 'new' towers entering bands next year.

The district has been well represented at all Guild activities even though they are generally held so far away. I met District members at the AGM, the training day, the seminar and eight bell striking competition.

The ringing in this District is flourishing, but Guild membership is not. Sadly, 25 established ringers from this District failed to renew their membership. Even with the 14 new members this still gives us a loss of 11 members. I hope that the Guild Management Committee consider this and act on it. No more talk of raising subscription fees to incredible heights please. We must stop worrying our members with money matters and concentrate on promoting the fellowship of the Guild.

A-M Lea

District Secretary

South East District Report on 1990.

The South-east has had a steady and enjoyable year. District practices and meetings, held on the first Saturday of each month, have been well-attended by ringers of all ages and abilities, and we have been pleased to welcome ringers from other districts.

One of the high spots of the year was the striking competition held at Tuddenham in May, with fourteen teams taking part this was more a social occasion than a competition with ringers and friends chatting and enjoying the warm sunshine in the churchyard. St Mary-le-Tower once again carried off the trophy with Grundisburgh 'B' just four points behind, the gap is narrowing!

The District also did well on home ground in the Guild Striking Competitions, with St Mary-le-Tower in first and Grundisburgh in third place in the six bell competition at Sproughton and the District team in first place in the eight bell competition at Ipswich St Margaret.

This year's District outing took a coachload of members and friends to Hertfordshire, where we enjoyed some good ringing before ending the day with a sumptious tea provided by the Sawbridgeworth ringers.

Several towers have organised events to raise money for their restoration or augmentation plans. Dedication services have been held for the restored eight bells at Framlingham, at Monewden where the bells have been rehung and a new ringing floor added, and for a new sanctus bell at Marlesford.

A warm invitation is extended to ringers from all districts to join us at two regular practices started in the south-east this year. A well established plain hunt/plain bob practice held at Burgh on the third Saturday morning of each month and a general 8 bell practice takes place at Ufford on the fourth Saturday evening of the month. Please come, the more we can cross the imaginary lines and boundaries which seem to keep us apart, the healthier our Guild will be.

My thanks to all the district committee members for their hard work and enthusiasm throughout the year and to all Guild members who have supported the district, a happy and successful 1991 to you all.

Gill Waterson - S.E. District Secretary

North West District Report 1990

Meetings have been well supported on the whole this year and special methods rung.

The meeting in July will be of different format of a business meeting and evening ringing only.

Seven teams entered the district striking competition which was won by the Norman Tower team. They also came 2nd in the Guild six bell competition at Sproughton and the district team came 2nd in the eight bell competition at St Margarets Ipswich.

The district outing to Norfolk was well supported and enjoyed, ringing at Hethersett, Alysham, Northrepps, Southrepps, Happisburgh and Ludham.

Joan kindly arranged a bar-b-que after the August meeting and an enjoyable evening was had by all.

Janet Stannard held a coffee morning in aid of Friends of Suffolk Bells and raised £126.

I am grateful to the 70% of the district members who have paid their subscriptions by the end of May, would the others please try to follow this example as it is an arduous job at the end of the year chasing up subscriptions at a time when future meetings have to be arranged and an accurate list of members prepared for the report editor etc.

Paul Stannard

District Secretary

South West District Report for 1990.

In many ways it has not been a bad year for the District. I have visited many practices and the ground swell is encouraging. However I have been disappointed at towers that are not open at the advertised time, or the practice is not on. A note in the porch would solve the latter and turning up on time would solve the former.

The District lost one of its longest standing members, Arthur Haynes. It was very fitting that so many of the District members made the effort to attend the funeral. Perhaps a fitting tribute to a well respected Guild member.

Rougham bells have been restored and the work on the first stage of the tower completed at Bildeston. Rattlesden, Drinkstone and Woolpit have all received attention. If you need help contact Neil Hursey who is doing an excellent job.

Kersey won the District striking competition despite the abuse of the Judges (Sic), and we enjoyed an excellent Bar-b-que supplied by the Edwardstone ringers. Again no teams in the Guild six bell, pity, but the District came third in the eight bell. Also notably for the first time ever we were not bottom in the Guild Quiz.

District practises continue to be fairly attended and my thanks go out to members of other Districts who have helped.

If we continue to work towards a brighter future for ringing, we will be on the right track. We can only achieve this with co-operation. So lets not put up fences and make this a year of co'operation for the benefit of all.

David G Salter

Peal Secretary's Report

During 1990 a total of 154 peals were rung for the Guild, the seventh consecutive year that more than 150 peals have been rung. 74 Suffolk towers were pealed, 8 towers outside the county (although several comprised a majority non resident band) and 4 handbell peals, including one rung in Australia. It is worthy to note that of the 37 peals of major rung 30 were of Surprise.

Rare visitors to the peal coloumns include Cratfield (last peal 14 June 1930), Horham (last peal 1911, therefore first peal for the Guild) and Woolpit (last peal 18 June 1974). The first peal since restoration was rung at Monewden, and the first since restoration of the tower was rung at Framsden. The 500th peal at St Mary-Le-Tower, Ipswich was rung at the end of the year on the 255th anniversary of the first. A peal at Woodbridge (24 June) was rung by a band who had all rung peals in over 100 Suffolk towers.

Peals that deserve individual mention include:-

21	Jan	Kersey	Americium S.Major	1st for the Guild
3	Feb	Greenwich	Spl. Caters & Royal	1st for the Guild
17	Mar	Lowestoft	Lessness S.Major	1st for the Guild
7	May	Kempston	Nideggen S.Royal	1st for the Guild
27	May	Horringer	Anderida S.Major	1st for the Guild
2	Jun	Stowmarket	Draycott S.Major	1st for the Guild
21	Jun	Kelsale	Tolly S.Major	1st in the method
1	Sep	Leiston	Mars S.Major	1st in the method
15	Sep	Gt Yarmouth	Single Hunslet Bob Royal	1st of Royal in method for the Guild
23	Sep	Heveningham	Doubles:160 methods	Most Doubles methods for the Guild
5	Dec	Moats Tye (HB)	Spliced S.Major 8m	
26	Dec	Helmingham	Keynsham S.Major	1st for the Guild

The peal rung at Whepstead on 15th May 1988 was accepted by the Central Council at the 1990 meeting, however the peal should be recorded as 21 methods and 160 variations (not 183 m/v's).

Guild Ringing Master and two representatives from each District

Restoration and Maintenance: Guild Technical Adviser, Maintenance Officer and two representatives from each District.

Friends of Suffolk Bells: Guild Ringing Master two representatives from each District & Guild Officers (ex-officio)

Secretary's Report

Two of the objects of the Suffolk Guild of Ringers are stated to be to promote and encourage the practice of bellringing, and to encourage bellringers in the practice of their art. So quite rightly this has been to the fore in the thoughts of the Management Committee this year. No matter how many magnificent rings of bells there are in the county, they are useless unless there are people to ring them. In the autumn of 1990 a Seminar was held to provide an open forum for members to discuss a number of important topics affecting the operation of the Guild. At this event, and subsequently, concern was expressed about the decline in membership over recent years. During 1991 attention has been given to addressing some of the problems highlighted, and hopefully some of the changes felt to be necessary are now beginning to become evident.

The first change to be brought about was to the format of the AGM. Many members, especially those with young children, had said that because the business meeting was held in the evening, they found it difficult to attend. This year, as an experiment, the business meeting was held in the afternoon. This year's meeting was held at Framlingham. The day began with ringing on the recently restored 8 bells, and on Ralph Earey's model bell. After a short service in the church, an excellent lunch was enjoyed, provided by the Framlingham ringers and friends. Following lunch and before the business meeting started, Mr Eric Brett presented to the Guild the model bell that had been presented to his father, the late Lester Brett, on becoming the first member to have rung 1000 peals for the Suffolk Guild. Amanda Whiting, the Ringing Master, received the bell on behalf of the Guild. (It was subsequently decided to use the bell as a trophy for a call change striking competition.)

Communication within the Guild was another matter which the Seminar highlighted as needing attention. Copies of the Minutes of Management Committee meetings had already begun to be circulated to Members via the District Secretaries. But the Guild newsletter, which contains other information of Guild activities etc. did not appear to reaching the majority of Members despite the efforts of the Newsletter editor to get sufficient copies out to the Districts for distribution. The causes of the logjam have been investigated and it is hoped that the problems of distribution have now been overcome. The frequency of issue has also been increased, so the news items should be up to date. But like any newsletter, it is only as good as its content, so keep the editor supplied with items for publication. Communication is a two way process after all.

Other changes to the way the Guild operates have been discussed by the Management Committee, and by District Committees. As these involve changes to the Guild's Constitution, they require to be agreed by a two thirds majority at an AGM if they are to be implemented. A number of such changes are to be proposed at the 1992 AGM. The proposals do not come from the Management Committee, but from you, the Members of the Guild.

The Friends of Suffolk Bells have been very active this year promoting the Guild and its activities, and as you will see from the treasurer's report have raised a considerable sum of money for the Bell Restoration Fund. They have taken every opportunity to promote bellringing in the county, and we thank them most sincerely for their work. They do however need the support of all ringers in the county; they are after all working for the benefit of us all.

Finally, allow me to thank on your behalf, the Guild and District Officers and members of the various committees, who during 1991 have continued to give their time in the interest of ringing in the county. Besides attending meetings, many, I know, as well as supporting their own tower try to visit many of the weekly practices throughout the county to give support to other local bands. If it is your wish, I look forward to working again with them during 1992.

Bruce Wakefield

Ringing Master's Report

Another year seems to have passed so quickly, probably because it has been so busy. Once again, I thank the people who have supported me and I will remember the many excellent occasions in which I have been involved, in so many churches throughout the year. Examples which spring to mind are ringing handbells for fundraising days at Southwold and Stowmarket. Also the very happy morning of ringing at Helmingham followed by a lovely family service during which a peal board was dedicated to dear Lester Brett's memory. There are many other good times too numerous to mention; thank you for your welcome and hospitality.

We travelled by coach to Nottingham for the Guild Outing in April. We rang at five towers including the two twelves and Grantham on the way home. It was an enjoyable day rounded off well with Cyril Williamson's birthday cake.

The Ridgman Trophy, East of England Ten Bell Competition was held at Bishop's Stortford in May. A Suffolk band with representatives from each district took part and finished in 3rd place.

The Guild Striking Competitions were held at Nayland and Stoke by Nayland. Thank you to the South West district for hosting them. St.Mary-le-Tower won them both but Bury St Edmunds came a close second in the six bell competition. It would be good to see a different winner next year. There is plenty of ability, if only more teams would enter.

Ipswich hosted the final of the National 12 bell Striking Competition and finished in fourth place.

A new event which gave excellent publicity to the Guild and ringing, was an invitation to occupy a corner of the Diocesan tent at the Suffolk Show. Dennis Bugg set up an exhibition and Ralph manned his famous demo bell outside. It was a great success and there was a queue at the bell for most of both days. Even James Smith came back from Australia to be there!

Thirteen peals were rung during Peal Week. In these were twenty-two 'firsts' including twelve first pealers. A special mention for Alan Mayle's peal which included four of the first pealers.

The Seminar 'Handling Beginners' was very successful. Twenty teachers and potential teachers took part and we did not have room for any more. A day well worth repeating another year.

The Training Day attracted more students than last year. Nearly fifty ringers took part on courses. The only disappointment was the shortage of helpers at towers in the afternoon despite my pleas at quarterly meetings and numerous telephone calls. Thanks to all the tutors and helpers, and to David Barnard and Val Mayhew for arranging the 'new style' quiz.

There were 52 quarter peals rung during Quarter Peal Week involving 152 ringers at 40 different towers together with one on handbells. Being arranged after the Training Day the main objective of the week was the furtherance of ability and to this end 50 'firsts' were recorded. Andrew Fisk & Robin Allum rang in 16 of the quarters which included 18 'firsts', Molly and Ben Waterson rang their 50th, Jim Stannard his 200th and Michael Whitby his 350th.

It has been another successful year for FOSB. David Barnard's fund raising competition, the social and draw, Rob and Philippa Rixons' 1992 calendars and various printed items by Mark Utting have all raised large sums which are enabling us to give substantial grants for restoration. Many thanks to everyone for their hard work.

Congratulations to everyone who has rung their first quarter peal this year; they are too numerous to

mention individually but it is without doubt an achievement to be justifiably proud of. Likewise first peals, and I wonder if this is a record number? I have counted twenty-eight and I hope that I have not missed any.

Michelle Chapman, Jonathan Slack, Hugh Roberts, Bryan Day, Rachael Perryman, Andrew Perryman, Rev.Stephen Cope, Michael Carter, Janet Sheldrake, Jonathan Williamson, Martin Steele, Philip Day, Paul Clough, Katrina Rogers, Michael Sage, Julia Johnson, Jo Steward, Louise Steward, Elaine Martin, Philippa Rixon, Rob Rixon, David Howe, Derek Howe, Richard Brewster, David Ruffell, Steven Edson, Paul Wakefield, Martyn Crouch.

This is a tremendous increase on last year when only seven people rang their first peal. Congratulations to everyone, but particularly to Martyn Crouch who at the age of 9 became the youngest person to ring a peal for the Guild.

Other personal milestones in peal ringing:

Peals

1st on handbells - Mark Liebenrood; 25th - Jayne Cady; 50th - Mary Mitchell; 250th Trevor Hughes; 275th - Jo Beever; 300th - Andrew Fisk; 350th - Michael Whitby; 400th Michael Baldry; 600th - Alan Mayle; 900th - Pat Bailey.

For the Guild

25th - Jayne Cady; 75th - Iain Mitchell; 100th - Chris Nunn, Paul Stannard, Owen Claxton; 250th - Andrew Fisk, Michael Whitby; 350th - Alan Mayle; 450th - David Salter; 700th - Pat Bailey.

As Conductor

50th - Michael Whitby; 300th - David Salter; 900th - J Martin Thorley.

Finally, my thanks to everyone for the work they have done for the Diocese during 1991. The hours of teaching recruits, fund raising for restoration projects and week in week out Sunday Service Ringing.

For 1992, the year of greater unity with our partners in Europe, I would like to see a greater unity within the Suffolk Guild; and in unity I embrace friendliness, fellowship, helpfulness and understanding. Let us always try to say and do things which are positive and encouraging.

Amanda M Whiting

The Suffolk Guild Handbell Trustees' Report

There has been a good demand this year for the loan of the Guild's handbells. Unfortunately at times it has not been possible to satisfy the demand as the set of 13 by Warner remain in an unsatisfactory condition following the Management Committee's decision not to proceed with refurbishment. We will press for this matter to be considered again in 1992.

The Mendlesham Handbells remain in the custody of the Guild but as they do not belong to the Guild are not available for loan.

B E Whiting
W Lockwood

Public Relations Officer's Report

During the year there have been a number of successful outings of Ralph Earey's demonstration bell across the county, this must be considered the major Public Relations activity for the Guild. I was most happy to help with both handling the structure and manning the display. The bell and displays of bell restoration were present at the 2 day 'Suffolk Show' and the 'Ipswich Museum Open Day'. These events drew a lot of attention from both the young and old. The displays were responsible for not only raising peoples awareness of Guild activities but rekindling the art for some past ringers. Many thanks to both Ralph and Dennis Bugg for their time and efforts.

Thanks are also due to our Ringing Master, Amanda who was called upon by the media to speak on behalf of the Suffolk Guild of Ringers. Amanda has done much to encourage the youth of the county to take up the art. Thanks are also due to George Pipe, with his vast experience and knowledge of ringing who is called upon to speak about the Guild.

During the year an important public relations exercise for ringing took place in London. I refer to the 'Bell Ringers Songs of Praise' recorded at St Martins in the Fields in September 91 and shown on the television in January 92. This was a very successful day, I hope the first of many. There is no easy way of telling how many new ringers this will attract to the art of ringing, let us hope that it will.

I represented the Guild at the Central Council's 'Public Relations Seminar' at Westminster Abbey in October. This was a golden opportunity to met and speak with other ringers with responsibility for dealing with the public on ringing matters. The talks given were excellent. This gathering was especially welcome after the poor publicity of the 'rogue ringers' who had rung unringable church bells. It was interesting to note which Guilds had no Public Relations Officer and had sent their Ringing Master to the seminar.

I was also one of four Guild Members who attended the Unringable Bells Seminar held in Northamptonshire. Talks were given on how successful Restoration Appeals had been started, how to organise fund raising events and which raised most money. The talk on 'self help' from the bellfoundry's point of view I found most interesting.

I hope that the Public Relations activities within the Guild will continue throughout the coming year. If I can be of assistance to any member or band, I will; please ask.

Maintenance Officer's Report

As the list below shows, 1991 has seen a lot of work carried out on the towers, bells & fittings of our Diocese. Our grateful thanks are due to all those who have given their time, which in many of the cases listed, is a matter of several days rather than hours.

BLAXHALL: The bells have been rung in full circle, the tower cleared out and the floor of the rope chamber has been strengthened. R. Clouston is to be asked to advise on the tower movement.
BLYTHBURGH: Clappers to be rebushed by the foundry.
BRAMPTON: It is hoped that the bells will soon be ringable.
BRANDESTON: Bell bolts & 4th clapper tightened.
BUXHALL: The cracked 3rd is to be removed, welded at Soundweld, quarter turned and rehung.
CODDENHAM: Bells to be rehung, including building two ring-beams.
COPDOCK: Bells inspected, louvre netting fitted by locals.
CRATFIELD: Following the peal which was rung with the architect present for the duration, the architect discovered that the tie rods had broken in the masonry. The D.A.C. has now approved the installation of stainless steel replacement tie rods. The bells & tower will be ringable on completion of this work.
DALHAM: Bells inspected. Unringable due to condition of fittings.
DENSTON: It is planned to install a light ring of 6 or 8 bells.
DRINKSTONE: New set of ropes fitted.
EASTON: Bells unringable due to the collapse of the ringing room ceiling.
FELSHAM: Work, including replacing the treble wheel has started to make the bells ringable.
FRAMSDEN: Soundproofing has been fitted to the louvres.
GLEMSFORD: Bells to be rehung on ball bearings by a local Company and some tie rods will be inserted in the frame.
GREAT FINBOROUGH: Spire windows covered with wire netting and the belfry has been cleaned out by the parishioners. The frame is to be painted at a later date.
GREAT OAKLEY: Ringing is limited to half hour periods due to falling masonry. A second architects inspection is due in 1992.
GRUNDISBURGH: Bells augmented from 10 to 12. All but 7th,10th,11th & tenor are now hung on ball bearings.
HINTLESHAM: Bells restored by David Salter & helpers; all metal work painted, woodwork treated, bolts replaced, extra bolts inserted to secure the bearings, the clappers rebushed, sliders overhauled, ropes spliced and new rope bosses fitted.
HORHAM: Bells retuned & rehung in new frame with the old frame & fittings restored for posterity by R. Clouston.
HUNTINGFIELD: 5th rope badly worn.
ILKETSHALL St. Andrew: The 3 bells have been rung in full circle. They are in good condition and hung on plain bearings in a 5 bell frame.
IPSWICH St. Lawrence: 4th pulley badly worn and it is possible for the rope to jam.
KETTLEBURGH: The 3 bells are being augmented to 6. The three new bells have been cast.
LITTLE GLEMHAM: Bells inspected, 2nd, 3rd & 5th's missing clapper bolts replaced & tenor headstock tightened. Outstanding work ; 4th gudgeon pin and the metal frame extension for the two trebles need tightening.
LONG MELFORD: A Set of gudgeon pin bolt's require additional thread to enable them to be tightened.
MENDHAM: Bells inspected, bearings oiled & two ropes replaced. The 2nd, 4th & 6th are suitable for swing chiming only and the bells remain unringable.
MENDLESHAM: Soundproofing has been fitted to the louvres.
RATTLESDEN: New set of ropes fitted, 2nd slider damaged & 3rd stay broken.
REYDON: Fund raising has begun to install a ring of six which will include the present single bell as the 5th.
RUMBURGH: The bells are now rung regularly (practice Mon night).
STOKE BY CLARE: Inspection, bells need turning & the sliders require adjustment.
STONHAM ASPAL: Gudgeon pins, 3rd headstock, 8th & 9th clappers have been tightened & a new set of ropes fitted.
STOWMARKET: Tower cracked. Repair appeal launched.

TROSTON: The six bells have been taken from the Church floor to the foundry and are to be rehung in a frame made by the R.A.F.
WATTISFIELD: Tower cleared out, louvres covered with wire netting. The bells are still unringable due to the cracked 4th, which hopefully will be welded in the future.
WENHASTON: Treble clapper refitted after falling out.
WESTHALL: Bells inspected, netting to be installed.
WINSTON: Bells checked. The 3rd headstock is rotten but has been tightened.
WOOLPIT: Spire windows sealed to prevent bird access.
YAXLEY: The tower has been in scaffolding for part of the year.

Ralph Earey.

Librarian's Report

Since my last report as Guild Librarian I have managed to issue a library catalogue, a copy of which should be available at your local tower (spare copies still available at 50p each). Again I must thank Adrian for his help with setting and printing.

The lending out of items from the library has continued steadily throughout the year and there have been two purchases - 'The Development of British Bell Fittings' by T.S.Jennings and 'Inspired by Bells' by F.Foden - and a few donations. A video of ringing at St Peter's and St Mary's has been donated by the Stowmarket Ringers and a copy of the BMJ report on injuries in ringing has been obtained.

The Guild continues its association with the 'Friends of the CCCBR Library' and Bill Cook, the Central Council Librarian, kindly agreed to re-value our collection last year. I am pleased to report that the Suffolk Guild Library is now insured for a more realistic figure than previously. I have donated some of our spare reports from past years to the CCCBR library and I believe that its collection of Suffolk Guild Reports is now nearly complete.

Spare copies of old reports have also been sold to ringers who have moved away, in one case as far as Pennsylvania USA. These sales, together with the money raised from the competition at the 1991 AGM at Framlingham, have raised £50 for library funds. I am conscious of the need to keep the library up to date with appropriate new publications, and donations in whatever form are always welcome.

Jonathan J E Williamson

Technical Adviser's Report

It is with a degree of sadness that I start this report, which will be my last as Technical Adviser to the Guild. Whilst the length of my tenure has not come anywhere near my learned predecessor, it has been an honour to serve the Guild in this Office for the past ten years.

The past year has been a quiet one with regard to restoration work, but there have been considerable efforts, which should bear fruit in the future.

However 1991 has seen the completion of the restoration and augmentation of the ring at Grundisburgh, giving Suffolk its second ring of Twelve and the lightest ring of 12 in the World, in a church.

At Horham, the restoration work on the oldest ring of eight in the country has now been completed, with the dedication planned for May 1992. A local band has been trained to ring the bells, thanks to the efforts of Robin and Mary Allum.

Plans are in hand for the future restoration of the bells at Coddenham, Troston and Pakenham, whilst at Reydon there are plans to restore the single bell and augment to a ring of six. At Coddenham the proposed restoration includes rehanging the eight bells in a new two tier frame, lower in the tower and strengthening the tower with a concrete ring beam. In contrast the proposed restoration at Pakenham will utilise the existing frame, dating from the 15th century, which requires strengthening as part of the restoration, a requirement of English Heritage is that the frame is retained. At Buxhall the cracked third bell has been removed from the tower and is currently at Soundweld, Lode. Following a visit to the Whitechapel bell foundry, it is hoped to have the bell rehung by Easter (1992).

With respect to the tower at Cratfield the existing tie rods are 'cosmetic' having broken in the masonry. Before the bells can be rung again these tie roods must be replaced and other long overdue work, including the releading of the roof, carried out on the tower. Because the church is a Grade 1 listed building, English Heritage is involved, which tends to slow down the process. However a faculty for the necessary work has been applied for and the parish is planning to raise the necessary finance for the work. The frame and fittings are in good order, hence following completion of the work on the tower there will be a further ring of six available within the County.

An inspection of the bells at Gazeley confirmed their current dilapidated state, with no fittings and one bell lowered to the floor because of the rotten headstock. Some interest is being shown for a possible restoration which will require a new frame and fittings.

During the 10 years that I have held office it is interesting to see what has been done over the period. Six rings have been rehung with new fittings and a new frame and seven others with new fittings in the old frame. There has also been eight augmentations, three of which were carried out as part of the restoration. In addition to these major projects there has also been many smaller jobs and DIY projects which have contributed to keeping many rings going.

In the 1981 Report an analysis of the state of our rings was made: this is compared with the 1991 analysis as follows:

State	1981	1991
Excellent	58	66
Good	40	36
Fair	55	50
Poor	5	20
Codes 0-5	73	84
	---	---
	241	256

The apparent increase in the number of rings of bells is due to the inclusion of all four bell rings within the Diocese with only the augmentation at Ringsfield from 3 to 4 making any real contribution to the number of ringable towers. Whilst it may appear that there has been a slight improvement with respect to restoration work, much remains to be done.

I would like to take this opportunity to thank all members of the Guild who have helped me in any way over the past 10 years, in particular Ranald Clouston, whose support has proved immeasurable. May I wish you all continued success in the future.

Ian J D Whitear.

Index & Directory of Towers

The following table is used to show the condition of the ring:

10 -	Excellent, Ball bearings, modern frame and fittings.
9 -	Excellent, Plain bearings, modern frame & fittings or ball bearings in old frame.
8 -	Good going order
7 -	Fair going order
6 -	Poor going order
5 -	Ringable if cleaned up and odd fittings and ropes provided
4 -	Ringable with difficulty and a degree of risk after making odd repairs
3 -	Unringable mainly because of tower and/or frame arrangement and position
2 -	Unringable mainly because of frame and/or fittings
1 -	Hung dead
0 -	Some bells unhung on the ground

OBITUARIES

Leslie G Brett - Framsden

Lester was a founder member of the Guild, became Master in the middle fifties and eventually a Vice President. He was one of our best known and best loved members. His connection with Helmingham and Framsden spanned sixty years with an especially notable period in the twenties and thirties when the Helmingham band were in their prime.

Lester was a thousand pealer, the third Suffolk born man, after James Bennett and Roderick Pipe to achieve it.

Arthur G Button - Thorington, Essex

George hailed from Otley and Clopton and long after moving to Essex always enjoyed a visit 'home'. His speciality was six bell ringing and very capable he was too with a wide variety of methods.

Always cheerful and willing to help, George made a valuable contribution to the N.E. Essex area; very popular with the local bands there.

James H.Edwards - Goldington, Beds

Unitil 1956 Jim lived on the Suffolk/Essex border and did useful ringing in the Colchester/Sudbury area. A very competent ringer especially in Surprise Major he was in the first peal on the augmented Bures octave (Superlative) in 1951. He loved outings and being a brewer provided valuable field intelligence as to where the best hostelries were, to accompany the chosen tower.

A fine companion, Jim Edwards will be greatly missed especially in Bedfordshire. We are fortunate in having his daughter (Mary Mitchell) a member of our Guild, to continue his memory.

Peter Faiers - Diss, Norfolk

We pay tribute to Peter - a fine gentleman who, although a non - ringer loved ringing and everyone connected with it. He was our Guild Auditor and we are grateful for that service. Peter was also a key member of the Suffolk/Norfolk Borderers on their Annual Sorties.

Derek Gooch - Woodbridge

Ringer, Chorister, Server, member of the Guild of St.Edmund, Derek's life centred around the great Church of St.Mary's Woodbridge and very proud of it he was too. A lovely Christian man serving under six incumbents, we shall miss him, in the Deanery especially.

Nolan Golden, MBE - Aylsham, Norfolk

This whole report could be devoted to the achievements and talents of Frank Nolan Golden. His contribution to the Exercise at large and especially the Norwich Diocesan Association was very considerable in so many fields; teaching, composing, conducting, leadership, restoration work and history. Supported by Iris, Nolan was a familiar figure at every possible ringers' occasion. A great companion too, whether at Dinner, on a journey or in the belfry.

He was only the fourth man to conduct a thousand peals, all the greater achievement living as he did away from the main centres of ringing. Nolan had a special love for Suffolk and we for him.

Harry Mossman - Debenham

When a new teaching programme was initiated at Debenham in the early seventies Harry came forward and remained a life long ringer and friend of the belfry. He enjoyed his call changes on those grand bells but more, the bringing in of young people, so that there has been a continuity there ever since.

Robert John Munnings - Ipswich, St Margaret

Jack Munnings from 1947 was a most loyal member of St Margaret's, indeed of the Guild as a whole. He learnt to ring at Holbrook, his birthplace, in the early twenties and became tower Captain there.

A most competent structural engineer Jack had a life long interest in towers and bell installations, with some very strong views as well. A staunch Christian, it gave him great pleasure to see the Art of Ringing and interest in the Church pass on through his children and grandchildren and how glad we were that he achieved a family quarter peal shortly before his death.

Frank W J Roper - Finchingfield, Essex

Although residing in Essex since before the war, Frank was a Finborough man a great friend in his day with John Euston, Ted Davey and the Stowmarket and Bildeston men. His ringing family and Frank carried that faithful service to Finchingfield and the surrounding area, where he was a Past Master of the Essex Association's Northern District.

Peter G W Newstead - Great Yarmouth

Peter died in December, aged 71, a man with whom we shall always associate Yarmouth, it's fine bells and grand parish church. He held office in Town affairs and certainly for the NDA, having been a member for over 55 years.

His proudest moment was the dedication of the new 12 in 1959 - St Nicholas' bells having been lost in the blitz. East Anglia owes much to this lovely gentleman.

G.W.P

May they Rest in Peace

We offer our sympathy too to the relatives and friends of our departed members

Treasurer's Report for 1991

At the end of 1990 I reported that the Guild had resources of £20500, including the St.Peter's, Sudbury Fund of £810. As the St.Peter's monies are not available for general use, although they continue to be shown in the accounts, I am ignoring them in this year's figures where out total resources are now in excess of £22800. After having paid grants to Horham £2000, Grundisburgh £1350 and the outstanding balance at Framlingham £1395, and after having one set of handbells refurbished at a cost of £731, total £5476, our 'capital' has still increased by over £2500.

In a period of economic stringency unprecedented since the War, this is an excellent result and reflects much credit on those members who have worked so hard at fund raising during the year, particularly the Friends of Suffolk Bells Committee and their helpers. Income from this source increased to £3689, an increase of 25% over 1990.

However you will see from note 1 to the accounts that, apart from our existing commitments to Metfield and Worlingham, new grants have been approved for Buxhall, Coddenham, Reydon, Troston and Pakenham and the total outstanding is now £16670 and with other work that we know of in the pipeline we cannot afford to relax our efforts.

Following the increase in subscription levels last year, there has been some improvement in income from this source, but the records do show a noticeable decline in membership numbers and to recognise this and present hard times, I am recommending that subscriptions be retained at their present level for another year. I am conscious of the fact that a number of people at the 1991 AGM felt that some increase should have been agreed for this year and I acknowledge the validity of their argument. On balance, however, I

feel that we need to retain and develop the interest and commitment of the perhaps more occasional ringers, of whom I class myself as one, who, faced with another increase, might otherwise resign.

Stephen Pettman is putting a lot of hard work into the 500 club project and I would urge those who have not so far participated in this scheme to contribute. It is a relatively painless way of helping the Guild with a chance to win a decent prize each month.

You will notice some very minor changes to the balance sheet this year in that stock, debtors and creditors have disappeared. This is an effort to simplify the system. the purpose of accounts is to present a true and accurate picture of the Guild's financial affairs at a particular date and I believe that, in their simplified form, the figures do this.

Finally, can I again thank the District Secretaries for their excellent work on the subscription front throughout the year. Their cooperation and help is invaluable.

C J Barker

Covenant Secretary's Report

The past year has seen further progress on the covenanting of subscriptions, although this has varied between districts, I would urge all members to ask their district secretaries about covenanting when they renew their subscriptions, or contact me if they have any questions.

Friends of Suffolk Bells continue to benefit from a small number of covenanted donations from a few generous members of the Guild. However it would be good to see some more covenanted donations; whatever their size, particularly from those members who have expressed a willingness to pay a higher subscription than that currently required by the Guild.

Andrew D Fisk
Hon Covenant Secretary.

Demonstration Bell

1991 has seen the first year of bookings for the Demo-bell. The bell provides an excellent means of drawing attention at a fete or open tower day, and quickly and easily allows non ringers to see what happens when bells are rung in full circle. The bell is a fibre-glass model of the 3rd at Sproughton, the fittings are the old fittings from that bell and it is hung on top of a 10ft high scaffold frame. It handles like the real thing but turns quite slowly considering the small weight of the fibre-glass bell and has caught out many experienced ringers ! It also promotes the Suffolk Guild of Ringers. The bell is insured by the Guild and is available for hire at a reasonable cost. I think that the list of outings below indicates it's popularity. Enquiries :- Ralph Earey (0473) 742766

North East District Report

This year the North-East District has lost 27 members and gained 30 members. Attendance at Practice meetings and Quarterly meetings continues to be variable, depending upon the time of year and the place, but this is not indicative of ringing in the district generally.

Attendance at Guild functions and activities is poor but again this year we have filled all District and Guild posts. Our Towers practice regularly and ring for Sunday Service. Members of the district, not all of them District Officers, go round and help out. The ringing scene is, as last year, healthy. People are just not interested in, or do not have the time to attend, Guild functions or activities which continue to be held a vast distance from us. I feel that most of what the Guild does is irrelevant to many of the ringers in the district. Those that might like to attend activities find that other commitments do not leave them enough time for not only the activity but the travelling involved as well. I feel more and more that people need to be helped in their own area/tower and that this is where the Guild should be concentrating its effort.

A M Lea

South East District Report 1991

The south-east have had an enjoyable year. Most district practices have been well attended and especially popular was the June meeting at East Bergholt which attracted many visitors and also ringers from abroad who were here for the international striking competition.

The maintenance team have put in much hard work behind the scenes. A dedication service was held in April for the newly augmented Grundisburgh bells and we look forward to the restoration at Coddenham and a new ring of bells for Kettleburgh. A welcome boost to restoration work was given with money from the FOSB fund raising competition, which this year was won by Stonham Aspal.

Fifteen teams took part in the striking competition held at Marlesford in May. This year the weather wasn't quite as kind as in previous years but the afternoon went smoothly with St.Mary le Tower taking first place from Ipswich St Margaret. The Tower completed their hat trick in the Guild striking competitions, retaining the six bell trophy and regaining the 8-bell.

This year's district outing visited the Aylesbury area of Buckinghamshire. The trip was a sell out well before the day with several people on the waiting list disappointed. A variety of interesting bells and mind bending, in- coach entertainment contributed to its success.

A new event in the south east was a cricket match in August which saw the district take on an Essex eleven. Unfortunately Essex won the trophy which they had providentially provided, but the afternoon was enjoyed by all and we hope to repeat it in 1992. We need more of these social occasions which bring together ringers of all abilities and from all areas.

In spite of the general enthusiasm in the district, Guild membership has fallen for the third year running. Many of those failing to renew their membership this year are long established ringers. Although the Guild Management Committee has at last realised the effects of constant subscription increases it would seem that the damage has already been done and it may be too late to halt this downward trend.

My thanks to the hard working members of the district committee and to all who have supported the district over the year. Please keep up your support, help out at as many practices as you can and above all, keep ringing!

Gill Waterson

North West District Report

Meetings have been well attended and the change in format to the July meeting proved popular. The September practice meeting was held by kind invitation of St Mary le Tower, Ipswich, and this was well supported.

Five teams entered the district striking competition. This was quite low compared to previous years. One of the Norman Tower Teams was 1st. In the Guild six bell competition the Norman Tower team was the only one from the NW District and came 2nd. In the eight bell competition the distrcit team came 2nd out of six teams.

In June the district outing was to Essex and we rang at Sandon, Rayleigh, Leigh On Sea, Prittlewell, Maldon SMTV and Maldon All Saints. Thank you to Joan for organising this and also the bar-b-que held in August, both events enjoyed by all who came.

Two training mornings were arranged at Whepstead and Gt Barton and were useful.

Congratulations to District members ringing their first peal this year: Rachael & Andrew Perryman, Rev.Stephen Cope and Martyn Crouch. Martyn has set a Guild record by being the youngest person to ring a peal for the Guild at the age of 9 years 355 days. Chris Nunn & myself rang our respective 100th peal for the Guild.

The Norman Tower has been cleaned by English Heritage and the bells had their 100th peal rung on them on 31st August.

A district dinner was held this year at Beyton White Horse and we thank Deborah Blumfield for organising this.

The District has a change of chairman for 1992, we are grateful to Adrian for his work as chairman and welcome Winston Girling to this Office.

Paul V Stannard.

South West District Report 1991.

Its been a quiet year but quiet conceals a hive of activity within the district. The Woolpit, Drinkstone and Rattlesden clan continue to amaze with their enthusiasm, and its nice to see them at other Guild events. Work has been carried out throughout the district at various towers, notably Felsham and Hintlesham.

Attendances at district practices varied, but all tastes have been catered for. The highlight perhaps was 8 spliced at Clare. Support from the more senior members of the district has been wanting, especiallythose who support Guild events but not district ones. Every ringer in the district is needed and support is crucial to district success.

The district hosted the Guild Striking competition at Nayland and Stoke by Nayland, The district eight bell band came 5th. My thanks to the tea helpers who sprang into action at a very late stage.

The district striking competition was held at Cavendish and won by Lavenham. We were privileged to have National 12 bell judge Stephen Pettman ably assisted by Iain Mitchell.

Congratulations to Alan Mayle and the four first pealers in the peal at Preston during Guild Peal Week.

Attendance at Guild committees by your reps has been excellent. 100% on Management and R & T. It is also nice to see regular attendance at Management by some of our district Vice Presidents. Perhaps they could cajole the rest.

The Management have agreed to a grant for Denston. This is a great new project and we must try to support as actively as possible.

We must continue to build on what has been achieved in the last few years and look forward to a vibrant district.

D G Salter

Peal Secretary's Report

During 1991 a total of 143 peals were rung for the Guild, the lowest total since 1981 (118 peals). 64 Suffolk towers were pealed with Grundisburgh regaining the 'top spot' for the most peals (10). Peals were rung outside the county at Belchamp St Paul (Essex), Leighton Buzzard (Beds) and the heavy eights at Finedon (Northants) and Hook Norton (Oxon).

First peals since rehanging were rung at Framlingham and Southwold, and the first since rehanging and augmentation at Grundisburgh. Bungay reappeared in the peal columns for the first time in 15 years. The 500th peal at Grundisburgh was rung during the year.

Peals worthy of individual mention include:-

5 Jan Southwold	St Edmunds S.Major	1st in the method for the Guild
25 Jan Heveningham	Yeoveney S.C.Doubles	" " " "
24 Mar Henley	Orkney S.Major	" " " "
26 Apr Heveningham	Kirk Green B.Doubles	" " " "
7 Sept Leiston	Desborough S.Major	" " " "
18 Nov Offton	Freedom S.Major	" " " "

On the whole I believe that the Guild has maintained a good standard of surprise major and maximus ringing, but it is a pity that not one peal of surprise royal was rung for the Guild in 1991, lets hope that this will change in 1992. Also I think it is notable that only 11 peals of Double were rung, a rather surprising decrease in previous years.

A P Mayle

Proposed Changes to the Constitution and Rules

The Guild Management Committee has decided to publish the following proposals for changes to he Guild Constitution and Rules in this edition of the Report and NOT in the 'Ringing World' as previously stated. The numbering follows the numbers used in the existing Constitution and Rules as last published in the Annual Report for 1988, and the changes are highlighted.

Guild Constitution
D.Government
8(a).The Guild Management Committee which shall co-ordinate all Guild activities; publish a printed Annual Report and audited accounts and convene Sub-committees as may from time to time be required, and shall recommend the levels of subscriptions and peal fees and other methods of raising money and shall organise general meetings, ***ringing*** and social events.

E.Finance
10 All Money in the Restoration Fund and Jubilee fund and such other funds as the Guild Management Committee may establish shall be invested by the Treasurer as may be directed by the Guild Management Committee. Grants for Restoration work shall be made by the Guild Management Committee ***and shall normally include financial aid for any project which is to the furtherance of the Art of Scientific Change Ringing and taking into consideration the recommendations of the Restoration and Maintenance Committee.*** Such grants shall only finally be made following the approval of the Guild Ringing Master and a Technical Adviser.

Guild Rules
C.Committee Structure:
9. The Guild Management Committee shall consist of:
Vice-Presidents, ***the Guild Chairman, Ringing Master, Secretary, Treasurer, Technical Adviser, Public Relations Officer, Maintenance Officer,*** two ***elected*** representatives from each District ***and such other Guild Officers as may be from time to time required or invited to attend. Six*** members shall constitute a quorum. The Committee shall meet at least three times a year. The Chairman shall take the Chair at all meetings of the Guild and Guild Management Committee. In his absence the Chair shall be taken by the Ringing Master or in his absence by a person elected by the meeting.

District Rules
Under this heading it is proposed that the following ADDITIONAL rule be place before the Annual General Meeting for their approval:-
24. Any group of members (otherwise known as a 'tower') situated on the boundary of a District may submit a request to the Guild Management Committee to change from being included in their present District to being included in the neighbouring District of the Guild providing that:-
(a) the neighbouring district is willing to accept the tower seeking to change and subject to the agreement of the current District and that
(b) if successful in this request, the tower shall not submit a further request for a change for at least five years.

John L Girt.

The Founding Principles

Casting the new peal of 8 bells for the Church of St Nicholas, Harpenden, Herts, June 1990.

Bell founding has altered little through the centuries and the principles of quality and craftsmanship are preserved at Taylors, the world's largest and most successful bellfoundry.

For single bells, peals, chimes, carillons and handbells, new bells or the restoration of existing bells, ring the master craftsmen.

Management Committee: Vice-Presidents, Chairman, Ringing Master, General Secretary, Treasurer, Technical Adviser, Public Relations Officer, Maintenance Officer, two elected representatives from each District and such other Guild Officers as may be from time to time required or invited to attend.
Recruitment and Training Committee:
Guild Ringing Master and two representatives from each District
Restoration and Maintenance: Guild Technical Adviser, Maintenance Officer and two representatives from each District.
Friends of Suffolk Bells: Guild Ringing Master two representatives from each District & Guild Officers (ex-officio)

Secretary's Report - Bruce Wakefield

The Management Committee has met regularly during the year. Although the meetings are held near the centre of the Guild's territory (at Buxhall), for many of the committee members this entails lengthy car journeys. Nevertheless, the meetings have all been well attended, with all Districts fully represented, and I would like to record the thanks of the Guild to those who do set aside these long Saturday evenings for the benefit of the Guild.

As in 1991, the 1992 AGM was held during the afternoon. This year it was the turn of the SW District to host the event, which was held at Long Melford. Having not heard anything to the contrary it was assumed that the new format for the AGM was acceptable. The business was completed in under three hours, despite a number of contentious items on the agenda concerning changes to the Guild's Constitution. Not all the changes were accepted by the meeting. One clause concerning the Guild's Finance was referred to the Management Committee for further consideration. This has now resulted in a complete rewording of the part of the Constitution dealing with finance, and this will be put to the 1993 AGM for consideration, and, if accepted, ratified.

At the 1992 AGM the Guild said farewell to Ian Whitear, who for 10 years had been the Guild's Technical Advisor. Ian is moving to the Midlands. We offer him our thanks for his services to the Guild and wish him the best for the future. Ian's place as Technical Advisor has been taken by Michael Rolph from Sizewell.

In last year's report I referred to the emphasis that was being placed on improving communications within the Guild. I am pleased to report this year that the Guild now has a vibrant Newsletter. Thanks to the hard work and drive of Simon Girt, the newsletter now hopefully reaches everybody, and its frequency of issue has also been increased ensuring that its contents are always topical. Each new issue is eagerly awaited.

Once again the Friends of Suffolk Bells have been very active fund raising on behalf of the Bell Restoration Fund, and promoting bellringing in the county. The Social arranged by FOSB at the end of October proved again that our Member's talents extend well beyond the Ringing Chamber. Also, for the second year the FOSB Fund Raising Challenge organised by David Barnard demonstrated that fund raising can be fun and swelled the Restoration Fund by over £700. Thank you to all involved.

Wherever I go in the county on any ringing activity I am conscious of the large number of people that there are dedicated to the furtherance of ringing in Suffolk, whether it be at Guild or District level or by, for example, maintaining a band at a small rural tower. The Guild is fortunate in having such people, and I look forward to ringing with more of you in 1993.

Ringing Masters Report - Amanda Whiting

As I write this report I am able to reflect upon another happy year of ringing in Suffolk. So many good things have happened that it is impossible to highlight them all.

One of my greatest pleasures has been watching the achievements of the ringers at St. Matthew's. They fulfilled their ambition to ring on Easter morning and have since continued to go from strength to strength.

The veterans' reunion at Debenham was a marvellous event with a vast amount of hard work having been put in by Muriel Page and her many helpers. What a wonderful crowd attended and I was particularly thrilled to meet Hilda Snowdon.

The Suffolk Guild's display at the Suffolk Show was even more successful than last year. During the two days we presented stickers to the 1000 people who rang Ralph's bell. It was also good to see the famous bell as the centre piece of a Suffolk Guild float in the Ipswich Carnival. We are all grateful to Ralph for another year of excellent publicity.

The dedication services at Kettleburgh, Horham and Coddenham were all tremendous events and reflected a good deal of hard work by three small villages. Meanwhile, fundraising continues to flourish at Dalham, Falkenham, Reydon, Combs and Pakenham. I wish them all well for '93. Some very good work is being done to teach bands where light can be seen at the end of the fundraising tunnel. Helen Price organised an evening at Reydon where George Pipe produced an incredible display and gave an excellent talk to heighten the awareness of bells and ringing. I also thoroughly enjoyed ringing a handbell peal at the garden fete which launched the Combs appeal. The Exning Open evening was another example of very successful PR.

The Seminar date was put to good use with two half day courses; Raising and Lowering in Peal, and Change Ringing on Handbells. Over thirty-five ringers attended each course and a lot of fun was had. The Training Day was one of the most successful ever, with ninety students taking part.

Peal Week and Quarter Peal Week were both disappointing compared to previous years. However, I know that this does not reflect the quality and quantity of ringing which has taken place throughout the county during '92. A tremendous amount of hard work has been put in by district officers and I am sure that everyone is grateful for all the events which have been organised.

A band went to Bedford to represent the Guild at the East of England Ten Bell Striking Competition. We were very pleased with how we rang and very disappointed when we were placed sixth!

The Guild Striking Competitions were held at Tannington and Worlingworth. Everyone was thrilled to see Stowmarket win the six bell competition with a truly excellent piece of ringing. St. Mary le Tower won the eight bell competition.

We enjoyed a warm, sunny day in Kent for the Guild Outing. The highlight of the day seemed to be the view from the top of the Waterloo Tower in Quex Park!

Congratulations to everyone who has made personal achievements

during the year. Whether they be a first quarter or a thousandth peal, they are all of great importance. David Barnard, Val Mayhew, Philip Day and Jonathan Slack taught themselves to ring handbells and I was very pleased to be in their first quarters of P.B. Minor which we rang all on one evening. Particular congratulations to the following:

Peals

1st - Kate Durrant, Kevin Girling, Richard Munnings, Bernard Pipe, Fiona Wright, Alan McBurnie, Kevin Fisk
150th - Joan Garrett,
200th - Maurice Rose
300th - John Girt
700th - Simon Rudd
1000th - Pat Bailey (first East Anglian lady to do so)
1000th - George Pipe
1100th tower bell peal - Trevor Bailey

For the Guild

250th - Katharine Whittell
300th - Mary Allum
500th - David Salter
900th - Martin Thorley

As Conductor

200th - Alan Mayle
300th for the Guild - David Salter
950th - Martin Thorley

Many thanks to everyone who has made me welcome throughout the year, but more importantly, thank you to all ringers for another year of hard work and commitment. I wish everyone a happy and successful 1993.

THE SUFFOLK GUILD HAND-BELL TRUSTEES' REPORT

It is pleasing to report that the Management Committee sanctioned the refurbishment of the set of 13 by Warner in February and now all four sets of handbells are in good condition.

Use of the handbells, in keeping with tradition, increased towards the end of the year; all bar one set being on loan at the time of writing.

The handbells are a valuable asset of the Guild and it is important that borrowers are respectful of this in the handling, use and transporting of the bells. They are, after all, delicate musical instruments and must be treated as such.

For the record we again state that the Mendlesham Handbells remain in the custody of the Guild, but as they do not belong to the Guild are not available for loan.

Public Relations Report - Rob Rixon.

Again this year, the most successful Public Relations activity for the Guild was the outings of Ralph Earey's demonstration bell. Another 2 days at the 'Suffolk Show' drew a lot of attention from both old and young. Many thanks to both Ralph and Denis Bugg for their time and efforts

I was involved in the rehanging of the bells at Coddenham just before Christmas and rang during the rededication service. A mixture of public relations and hardwork. Taking the ceiling down in the ringing chamber was an experience not to be missed. I have helped Alan Smith with the teaching of the new Coddenham band and hope it will not be too long before they are able to ring for Sunday Services.

I have been heavily involved with the Falkenham Appeal Committee. I am very pleased with their progress in raising the money required to recast their bells and add two trebles. This will then be the only full circle ringable tower on the Felixstowe peninsula. Teaching the first phase of interested parishioners started in June at Henley. A number of these were ringing rounds and call changes by the South East Districts Annual Meeting and were proposed and accepted for Guild membership. I was especially pleased that Eleanor Swain, wife of the Rector at Falkenham, was prepared to stand as Deanery Rep for the Colneis Deanery. The second phase of parishioners, which includes the Rector John Swain, started in November and they can now handle well. These people too will be proposed for Guild membership soon. It is a high spot for the Guild to have so many people prepared to give up their time, learn to ring and become active Guild members.

I understand that the enthusiasm at St Matthew's in Ipswich is continuing. Congratulations to Jonathan Williamson and the ringers of St Matthews for their progress.

On the down side there was no Calendar or Christmas Cards for the Friends of Suffolk Bells this year. I hope this was just a temporary disappointment which will be overcome for Christmas 93 and a Calendar should be produced for 1994.

I trust that the Public Relations activities within the Guild will continue throughout the coming year. My offer remains, if I can be of assistance to any member or band I will try, please ask.

Telephone: 0473 - 785738

Maintenance Officer's Report - Ralph Earey

The list below shows that 1992 has provided plenty of work to keep those responsible for belfry maintenance very busy. This year I have listed the towers featured in the three Guild Maintenance Committee meetings under the district headings in order to make this large list a little easier to digest. As you probably know I am not standing for re-election in April and I would like to thank all the officers, representatives & helpers who have served on the Committee during the past 6 years. I hope that as well as physically maintaining the bells & fittings of our Guild, the Committee continues to meet regularly & report to the Management Committee, newsletters & Guild annual report as I feel this is an important communication link for the Guild.

North West

AMPTON: Split treble headstock glued & bolted, gudgeons tightened limited ringing.

BUXHALL: Clappers rebushed & old timbers removed.

BROCKLEY: 3 bells rehung for swing chiming - hangers to return to half turn the 2nd.

COMBS: Bells to be restored & augmented to 6 (may be an 8 bell frame). At present tenor hung in tower & other 3 on Church floor. Bells are a 5 with the 2nd missing.

DALHAM: Restoration fund launched, bells removed to be rehung below existing frame.

FORNHAM St MARTIN: Wheels repaired, tenor clapper rebushed.

GT ASHFIELD: Gallery to enable ringing above new kitchen.

GT FINBOROUGH: Frame painted & clappers refurbished.

HAUGHLEY: Inspection requested.

MENDLESHAM: New set of ropes.

OLD NEWTON: Treble cracked from lip to half way up & over sized clappers. Bells unringable.

ONEHOUSE: Top half of tower removed - the 2 bells have been stored.

PAKENHAM: Bells rehung, existing frame repaired, sound deadening installed & ringing chamber to be decorated.

STOWMARKET: Tower being restored, ringbeam installed & frame being anchored down.

STOWLANGTOFT: Remedial work to be carried out.

TROSTON: Bells still in Parish - no faculty application.

WESTHORPE: Interested in restoration - quotes being obtained.

North East

BENHALL: New ropes fitted.

BLAXHALL: Leaking roof, floor beneath bells needs strengthening bells unringable.

BLYTHBURGH: Bells inspected.

CHEDISTON: Interested in remedial work, 5th cracked.

CRATFIELD: Work is waiting for Grants.

HUNTINGFIELD: Bells inspected & new ropes fitted.

LAXFIELD: Bells to be inspected.

METFIELD: 3 bells removed for restoration 2 & 3 to be welded. The existing fittings are to be preserved.

RENDHAM: 2nd rehung on new timber headstock. Bells ringable.
REYDON: Single bell inspected & tightened.
RUMBURGH: Bearing pads fitted & oiled, advice on maintenance given & now listed as condition 6.
SOUTH ELMHAM ST MICHAEL: Single bell rehung.
STRADBROKE: Staircase turret & top of tower cracked, metalwork & 9th & 10th's headstocks rusty.
THORNHAM MAGNA: Inspection, oiled, tightened & 4th's rope spliced, limited ringing due to 5th's cracked headstock.
WENHASTON: Tenor hastings stay broken & catching - now repaired.
WESTHALL: Bells inspected.
WEYBREAD: Inspection - broken stay.
WISSETT: Bells rung with architect present - limited ringing.
WORLINGWORTH: Bells rehung.
WRENTHAM: Inspection, oiled & clappers tightened.

South East
BADINGHAM: Ropes spliced.
BRANDESTON: Tower has been scaffolded. Taylors are to inspect the treble due to problems with the 'go' of the bell.
BURSTALL: Nylon rope fitted.
CODDENHAM: Bells rehung, 2,3,4 & 8 were cracked, 1 & 2 have been recast, 3,4 & 8 welded. Parts of the old frame have been preserved.
DENNINGTON: Tower has been repointed.
EARL STONHAM: Tenor clapper tightened & regreased.
FALKENHAM: Restoration fund launched, augmentation from 4 to 6.Gallery to be installed.
FRAMSDEN: New set of ropes fitted, peal boards restored & part of the sound proofing removed to let the light in.
GRUNDISBURGH: Work to improve sound being carried out.
HEMINGSTONE: Inspection requested (3 bells unringable).
IPSWICH St MARY LE TOWER: Clappers regreased & 11th re-centralised.
IPSWICH St MATTHEW: Sound control system to be fitted & several stays broken & replaced.
IPSWICH St. NICHOLAS: Louvre netting fixed to stonework.
KETTLEBURGH: Bells augmented to 6 & rehung in a two tier frame.
ORFORD: 2 bells (2 & 4 of a 5 hung full circle) oiled & rung,the clock hammer requires adjustment. 3 cracked bells on the Church floor.
RAMSHOLT: Long clapper shortened.
SPROUGHTON: Perspex fitted to louvres to prevent rain access.
STONHAM ASPAL: Treble gudgeon pin replaced. Others to be replaced(except 6th & 8th).
WOODBRIDGE: Frame being painted.

South West
BRETTENHAM: 3 bells to be rehung on RSJ's for chiming.
DENSTON: Grant application withdrawn.
FELSHAM: Major work carried out - bells ringable.
GEDDING: Inspection, tailless chiming ropes fitted.
GLEMSFORD: Frame tie-rods made & fitted.
HAVERHILL: Adjustments made to ropes & pulleys.
LONG MELFORD: Clappers to be rebushed in brass.
POSLINGFORD: Bells now ringable following work on buttresses.
REDE: Inspection, oiled and tailless chiming ropes fitted.

STOKE BY CLARE: Frame tie-rods fitted & 5th's pit to be stiffened.
STRADISHALL: Ringing limited due to cracked 4th.

SUDBURY St PETER: 8th's clapper pin broken & replaced.
WOOLPIT: Broken treble clapper bolt repaired & all clappersrebushed missing bolts replaced on tenor wheel.

THE DEMO BELL - OUTINGS

1992 has seen a similar number of outings as '91 but with some a little further-a-field. It is still proving to be very popular at the County shows and I believe it may be booked for the East of England Show in 1993. The sound system developed by Tony Warren has added an extra dimension to the demonstration and has put a stop to such comments as, "The clappper's fallen out". The addition of sound has been a great improvement to the Demo Bell and I'm very grateful to Tony for all his hard work and enthusiasm for the project. I would also like to thank all those who have helped with the running of the Bell during the year.

Technical Adviser's Report - Michael M Rolph

I would like to use this opportunity to thank Ian Whitear for the hard work that he has put in as Technical Adviser for the past ten years, and I wish him good luck with his move to Birmingham and for the future.

1992 has seen three restorations come to fruition at Worlingham, Kettleburgh and Coddenham.

At Worlingham the five bells have been retuned and re-hung by the Whitechapel Bell Foundry, in a new cast iron and steel two tier fame, and a new treble bell completes this useful six.

At Kettleburgh the three bells have been re-hung,along with three new trebles in a new two tier cast iron and steel frame by the Whitechapel Bell Foundry. A newly constructed ringing gallery completes the restoration here.

At Coddenham the ring of eight bells have been completely overhauled by Taylor's and re-hung in a new two tier cast iron frame. The treble and second being recast, and the 3rd, 4th, 7th and tenor being welded in the crowns where they were cracked by the original cast-in iron staples.

Restorations which are expected to be complete early in 1993 are in progress at Dalham, Metfield and Pakenham.

At Metfield a new treble has been cast by the Whitechapel Bell Foundry and is to be hung together with the existing three bells in a new six bell metal frame, lower in the tower, the old frame being preserved in situ. The parish intends to complete the ring of six as and when funds become available.

At Dalham the five bells are being re-hung and augmented to eight, while at Pakenham the ancient bellframe is being repaired for further use.

At Falkenham, the parish are raising funds to re-hang the four bells in a new frame and augment to six. It seems likely that Whites of Appleton will get the work. It's worth noting that this will make Falkenham the only ringable tower on the Felixstowe peninsula.

The parish at Combs have been left some money and hope to restore the four bells here and augment them to six. Ranald Clouston visited, to obtain the pitches of the bells and reports that tonally they are a minor five with the 2nd missing.

At Westhorpe the parish are interested in restoring their bells, and both Taylor's and Whitechapel have been asked to quote for the work.

Inspections have been carried out at Blaxhall, Wissett, Westhall, Laxfield,

Stradbroke and Thornham Magna.

At Blaxhall the felt covering on the tower roof is badly spilt and letting in water. The architect has advised the parish of this and other items that require attention.

At Wissett the architect has agreed that the bells can be rung in full circle for special occasions only, (definitely no peals please), due to rot in the north corner of the frame.

Ranald Clouston has visited Westhall, Stradbroke, Laxfield and Thornham Magna.

At Westhall the treble is cracked in the crown, Day's of Eye fitted a wrought iron collar around the crown to stop the cracks spreading in 1913 when they re-hung the bells. Ranald recommends that the treble is removed, welded and put back, and also that some short term maintenance is required. In the long term a complete re-hang is recommended in the next 20 years.

At Laxfield the bells still go quite well but some short term maintenance is required.

The seals in the ball bearings at Stradbroke have been broken due to the use of a grease gun. The replacement of these and some short term maintenance needs to be done. The main concern however is the poor state of the top of the tower and staircase turret. A ring beam just below the roof and around the base of the turret parapets has been recommended.

At Thornham Magna the headstock on the 5th is split, although not seriously at present. All six bells remain easy to ring although the bearings on the treble are developing an appreciable knock, Several of the bearing blocks were loose on the frame, the securing coach screws had lost their grip in the timber and have since been replaced with bolts right through.

I would also like to say a few words of thanks to our District maintenance teams and helpers who do so much throughout the year to keep our bells ringable, Thank you.

The following table is used to show the condition of the ring:

10 - Excellent, Ball bearings, modern frame and fittings.
9 - Excellent, Plain bearings, modern frame & fittings or ball bearings in old frame.
8 - Good going order
7 - Fair going order
6 - Poor going order
5 - Ringable if cleaned up and odd fittings and ropes provided
4 - Ringable with difficulty and a degree of risk after making odd repairs
3 - Unringable mainly because of tower and/or frame arrangement and position
2 - Unringable mainly because of frame and/or fittings
1 - Hung dead
0 - Some bells unhung on the ground

Treasurer's Report for 1992 - Chris Barker

I am pleased to be able to say that during 1992 the Guild's available resources (excluding St Peter's, Sudbury) have increased from £22852 to £27887 and our reserves from £6182 to £11117. This after paying Grants during the year of £4069 and agreeing new Grants amounting to £5819. A full analysis of these is in the accounts.

Since becoming Treasurer three years ago I have had to report an ever-worsening economic climate and 1992 was no exception. It is, therefore, a real tribute to the members that we have been able to boost our reserves to this extent. However, a number of restoration projects currently under way are expected to be completed during 1993 which means that our cash resources will shrink and with the rapid drop in interest rates recently our interest income is bound to drop substantially this year. Also, as ever, there are a number of new projects in the pipeline which will require our help and encouragement so please continue your efforts.

Particularly encouraging is the increase in subscription income, especially in the eastern half of the county, after a number of years of decline. 9.5% may not sound a lot, but this is all new members and we must hope that this represents the beginning of the upturn in the cycle to which I have referred before. I propose to recommend to the Management Committee that Subscription levels be maintained at the same level for at least another year.

There has been a further 20% increase in the income generated by the Friends of Suffolk Bells which has exceeded £4000 in 1992 and it is pleasing to see their efforts bearing fruit. Can I again recommend anybody who is not a member to join Stephen Pettman's 500 Club as this is a relatively painless way of helping funds with the chance of some decent prizes each month.

Finally, may I again thank the District Secretaries for their efforts throughout the year as well as Andrew Fisk who, through his efforts with Deeds of Covenant, recovered no less than £718 in 1992. Can I issue a plea for any member who pays at least standard rate tax and does not pay their subscription via a Deed of Covenant to consider doing so. At no loss to you, your Subscription of £6 brings in £8 to the Guild.

Covenant Secretaries Report - Andrew D.Fisk

The past year has been one of consolidation. There remains a substantial number of subscription convenantors who have made possible an Income Tax reclaim of £361. A further claim of £307 has been made in respect of voluntary donations made under covenant. This represents £668 of additional income for the Guild, which has been achieved from only the completion of two forms in each case.

I would urge those members yet to make a covenant to do so in 1992.

Obituaries 1992

A.Harry Archer - Saxmundham

The theme for Harry's funeral service in his Parish Church was Paul's 4th Chapter of Philippians - 'Whatever things are good, honest, gracious, just and pure'. Those words summed up the life of this good man.

Harry carved his own special niche in the Guild; over 300 peals all on the tenor behind - a unique record; as well as a faithful Sunday Service ringer, teacher of beginners and playing his full part in Guild events.

Frederick Edward Baldry - Worlingworth

'Butcher' as we affectionately remember him was one of three brothers; Harry still with us, Charlie passed on - all call change ringers at Worlingworth & District. Like his brothers he would always ensure a warm welcome.

As with many of our rural areas our call change ringers do sterling work & ensure that towers do not remain silent. We are grateful for that.

The Revd O.H.Braybrooke - Bredfield

During Fr. Braybrooke's incumbency in the early sixties he gave much encouragement to the ringers at Bredfield and beyond. St Andrew's bells were augmented from four to six in 1951 and he ensured continuity of ringing them. He lived in retirement in Woodbridge but with always a keen interest in the Guild.

William T.Cook - Sidcup

A Cambridge University man and like Philip Corby, Bill was a Past Master of the College Youths. His place in the history of our Art is assured through his great achievements as an author and librarian. As a N.R.L.M. he had a special love for East Anglia and always enjoyed the historic belfries of Mancroft and the Tower.

Air Marshall Sir Gareth Clayton - Polstead

Every so often our Guild is blessed with Associate Membership of someone outstanding, someone special. Such a man was Sir Gareth, distinguished in service, civilian, and family life. He was a strong Christian in a most humble way, very fond of bells and valued his membership of Polstead Tower.

In memory of him one recalls a line from Leigh Hunt's great poem Abou Ben Adam..... 'Write me as one who loved his fellow men.' Gareth Clayton certainly did that.

Philip A.Corby - Sevenoaks.

A non-resident life member of the Guild, Phil was one of the best known ringers in the Exercise, not least for his lifelong work in the Central Council. A good administrator he had a special interest in restoration work and in the field of Public Relations. Philip Corby was a 1000 pealer and the strongest possible advocate of Sunday Service ringing and worship.

Reginald King - Stoke-by-Nayland

Reg faithfully rang Stoke bells in their magnificent tower for a number of years. He always made people welcome there and will be missed in that part of the Stour Valley.

Roy Pilgrim - Reading.

In the years after World War I the names of Roy Pilgrim, with his brother Jack, would be found in the Aldeburgh/Leiston area in company with some of the best ringers of the day - the Bailey brothers and the rest of their famous band.

Roy's special metier was handbells and excellent he was too. He loved to speak of peals in Benhall British Legion Hut rung by oil lamp (and always with an umpire in those days). Two delightful brothers Roy & Jack Pilgrim.

Sidney Rowe - Debenham

There was a competent band as Debenham as far back as 1740, but it was in between the two world Wars that the village Company was in its prime. Sidney, Rowe was a member of that band ringing with names like Rumseys, the Grimes, Bill Groom, some of the best in East Anglia.

In his old age he loved to hear "Deb'num" bells and was glad the art still flourishes there.

G.W.P

May they Rest in Peace.

We offer our sympathy too to the relatives and friends of our departed members.

Peal Secretary's Report - Alan P Mayle

During 1992 a total of 134 peals were rung or the Guild, a decrease of 9 on 1991. 55 Suffolk towers were pealed with Monewden taking the 'Top Spot' with 12 peals. 5 handbells peals were rung including Lincolnshire S.Major. Peals were rung outside the county at Alburgh (Norfolk), East Harling (Norfolk), Holborn (London), Kirby-le-Soken (Essex), North Lopham (Norfolk) and Thorrington (Essex).

The first peal has been rung at Kettleburgh (17th October) and the first peal for 35 years was rung at Fornham All Saints (8th May). The 100th peal at Aldeburgh and the 50th Peal at Monewden was rung during the year.

Peals worthy of Individual mention include:-

18th April	Grundisburgh	Grundisburgh S.Maximus	1st peal in the method
17th May	Monewden	Minor: 196 Methods	Most methods for the Guild
30th August	Monewden	Minor: 250 Methods	Most methods for the Guild

The two peals at Monewden are all the more remarkable being rung silent and non-conducted, a great achievement.

It is good to see peals of Spliced Surprise being rung, especially as most are "All the work", and always a challenge to conduct and ring competently. I would mention the progress in this field that has taken place at Aldeburgh under the arrangement and enthusiasm of J Martin Thorley

Guild Librarians Report - Jonathan J E Williamson

I suppose libraries are supposed to be 'quiet' and that is a fair description of 1992 as far as the Guild library is concerned.

There have been one or two loans and a few donation of mostly small items.

To be quite honest I have seen nothing which I have considered appropriate to purchase this year so our £50.00 allocation from Guild funds has not been spent yet! I will investigate the possibility of using this money on 'restoration' rather than 'augmentation' of the collection as some of the books are in need of re-binding.

Restoration and Maintenance: Guild Technical Adviser, Maintenance Officer and two representatives from each District.
Friends of Suffolk Bells: S D Pettman & two representatives from each District & Guild Officers (ex-officio)

Secretary's Report - Bruce Wakefield

A cause for concern amongst some Guild Members has been the apparent lack of support at functions such as the Annual General Meeting. It is taken to mean in some quarters that this indicates a far from satisfactory state of the Guild. However nothing could be further from the truth. Membership is increasing, new bands are being formed at recently restored towers, as well as at previously silent churches, and most importantly bells are widely rung for Sunday services all over the county and throughout the year. The prime object of the Guild is, after all, to promote the ringing of bells for Divine Service. I believe therefore that the Guild is in a very healthy state, and more than able to meet the challenges of the next millennium.

A glance at the Guild calendar for the past year reveals that barely a week goes by without a Guild or District activity taking place somewhere in the county. Naturally most of the events are of a ringing nature, but barbecues, socials, cricket matches, reunions, also feature strongly. From reports of these events in the Newsletters, and the reports of the various outings that have taken place throughout the year, it is clear that the enjoyment to be obtained from bell ringing in Suffolk is not limited just to the ringing of bells.

This year's AGM was held at Worlingham, in one of the extreme corners of the county. Nevertheless those of us who made the long journey there received a warm welcome, and were able to enjoy the recently restored ring of 6 bells. Thank you to the NE District, and in particular to Worlingham for ensuring that the day ran smoothly. The business was again completed in under 3 hours but there is still concern that we have not yet devised a format for the day that suits the majority of Members. Annual General Meetings are necessary functions under our Constitution, but nevertheless we, the Management Committee, would still like to make them enjoyable social events as well.

I find it hard to believe that I have now been Guild Secretary for over 4 years, having now been in harness at an AGM in each of the 4 Districts. I was at first daunted by the prospect of holding such a prestigious post, but I need not have worried. The Guild is well served by the many dedicated ringers who hold the other Guild and District Offices, and this has substantially eased my task. On your behalf therefore I would thank all those who serve the Guild. In particular I will single out Amanda Whiting, who at the coming AGM will not be seeking re-election as Ringing Master. It has been a pleasure serving with her, and the Guild has benefited greatly from her enthusiasm, dedication and leadership over the past few years. Thank you Amanda. May you, and all Suffolk ringers, have a happy and enjoyable 1994.

Ringing Masters Report - Amanda Whiting

The 70th Anniversary of the formation of the Suffolk Guild of Ringers has now passed and a good deal has been achieved. Thank you to everyone who has helped to keep our bells ringing Sunday by Sunday throughout the year.

An early event in the year was the National Twelve Bell Striking Contest. St Mary-le-Tower took part in the eliminator at Stourbridge, narrowly missing a place in the final, being placed 4th.

The Guild Outing was on the verge of cancellation due to lack of numbers for the coach which had been booked, when it was decided to take cars. It was a good decision because an excellent day in and around Leicester was enjoyed by all who participated.

The Ridgman Trophy 10-bell competition was held at St. Neots this year. The band representing Suffolk made up for the disappointment of last year and received a well deserved 1st place with a pleasing course of Cambridge S. Royal.

The Guild Striking Competitions were held at Rougham and Horringer. Stowmarket had practiced hard and were rewarded by retaining the Mitson Shield. St. Mary-le-Tower won the Rose Trophy.

I was disappointed to miss the Veterans' Reunion this year but I understand that it was a much appreciated and happy event.

The Suffolk Guild's display at the Suffolk Show was as successful as usual and wherever Ralph's bell goes, there is tremendous benefit for the promotion of ringing. I understand that the float in the Ipswich Carnival was outstanding and that over 1000 leaflets were distributed on the day. Thank you Ralph for all your hard work.

Dedication services were held at Dalham, Metfield and Pakenham. They were all wonderful events which amply reflected the commitment of the three parishes. I wish other restoration schemes continued success with fund-raising in 1994.

A worthwhile seminar on teaching handling was held at Barking. It is particularly pleasing to see that one of our raw recruits from that day is now a member of the Guild. A very useful by-product! The Training Day was as successful as usual with over 70 course members.

The 70th Anniversary Dinner was a very happy occasion and was enjoyed by 90 members and friends from all corners of the Guild.

The year finished with a series of programmes about bells and ringing, on Suffolk Group Radio. This was an excellent P.R. opportunity and I am grateful to John Eley and all who were involved in the 6 broadcasts from Horham, Dalham, Coddenham, Kettleburgh,Metfield and Pakenham.

Congratulations to everyone who has reached a personal milestone in 1993, some of which are listed below.

At the end of my last year as Ringing Master I would like to thank everyone for the support I have received over the last four years. I have thoroughly enjoyed the experience. I wish every success to the new Master.

THE SUFFOLK GUILD HAND-BELL TRUSTEES' REPORT

The four sets of handbells have had intermittent use during the year having been loaned six times and rung at Guild functions. All sets were in good condition when last inspected but at the time of writing are out on loan.

For the benefit of new members, and perhaps as a reminder to other members, the Guild Handbells comprise; one set of 25 fully chromatic size 20, one set of 16 size 19 and two sets of 13 both size 20.

For the record we again state that the Mendlesham Handbells remain in the custody of the Guild but not available for loan

B.E.Whiting
W.Lockwood

Treasurer's Report for 1993 - Chris Barker

1993 has been a good year in that we have been able to pay out what I am sure will be a record sum of £11500 for Restoration work at Coddenham, Dalham, Metfield and Pakenham and four more communities in the county are now able to enjoy their bells again. We have also committed ourselves to helping Barrow, Chediston, Haughley, Stowmarket and Westhorpe during the year to the extent of another £11700 and we have existing commitments to Falkenham, Reydon and Troston brought forward.

As a result our resources have been depleted to the point where we may be able to contemplate one more restoration project through 1994, but that is likely to be the limit.

As a result our resources have been depleted to the point where we may be able to contemplate one more restoration project through 1994, but that is likely to be the limit.

On the general income front we have seen 1992 Membership levels maintained, but only just and other income has fallen sharply. Some of this is due, I am sure, to the continuing hard economic climate, some covenants have expired and not been renewed, our interest income has reduced with the drop in rates and because we have paid out so much for restoration work. Total income from the Friends of Suffolk Bells has reduced from £4104 to 2507 and I am sure that the hard-working committee would appreciate both some ideas for 1994 as well as some practical help.

General administration costs have increased by some £500 the main problem being insurance where the premium virtually doubled in line with much other cover. We are now at a position where income is only just covering costs and I fear that we are going to have to look at an increase in Subscription levels for 1995. We have managed to contain the Subscription at £6 for four years, but I shall be recommending to the Management Committee that this should increase to £7 from next year. If accepted, this proposal will then have to be placed before the Annual General Meeting and will, I am confident, ensure a good attendance.

In conclusion, may I again thank the District Secretaries for all their hard work during the year.

Covenant Secretaries Report

I can report a further year in which the Guild has benefited from a large number of covenanted subscriptions and donations. The Guild has been able to reclaim £620 in 1993.

In order that this level of income can be sustained many of the existing covenants now coming to an end need to be replaced by new covenants. I also hope that further members when paying their subscriptions will either ask the district secretaries or myself about a covenant. It is a simple procedure that can give the Guild additional finance at no extra cost to the individual concerned.

Andrew D Fisk
Hon Covenant Secretary

Public Relations Report - Rob Rixon.

Ralph Earey's demonstration bell was again put to good use at the 2-day Suffolk Show and the Ipswich Carnival, where it attracted a lot of attention from both old and young. Our thanks to both Ralph and Denis Bugg for their time and efforts at these annual events.

This year another 'Fiends of Suffolk Bells' calendar was produced with the help of a great number of Ringers from this Guild and neighbouring Guilds. This product increases peoples awareness of the activities of the Guild, is a most acceptable product. The copies produced sold quickly, helped by the fact that anurnber of Guilds did not produce a calendar this year. By the beginning of December very few copies had been left unsold. A big thank you to all who helped sell calendars and my apologies to those who could not obtain a copy. The 1994 calendars can be found in 'friends' homes across the World. Another calendar is planned for 1995. Any comments on the format, and offers of help to produce them, will be gratefully received.

I was again heavily involved with the Falkenham Appeal Committee and the teaching of parishioners during the year. I am sorry that local problems have delayed the installation of tbe bells, but the Appeal now seems to be back on track and the new treble bells have been cast by Whitechapel. The installation of the bells in the tower at Falkenham should be completed during the next year.

A series of radio programmes on Suffolk Bells was broadcast by Radio Suffolk during the Autumn. They were well received and enjoyable. I hope and trust that the Public Relations activities within the Guild will continue throughout the coming year. I will not be seeking re-election at the Annual General Meeting.

Working with Bellringers everywhere

WHITECHAPEL

The World's most famous Bellfoundry

32 & 34 Whitechapel Road, London E1 1DY. Tel: 071–247 2599. Fax: 071–375 1979.

Peter Atkins - Offton
We were shocked to hear of Peter's death and one recalled his being taught at Offton by Gilbert Goodship, ringing in company with the Lockwoods and playing his full part in the ringing of that area. He had not enjoyed good heath for some years.

James Bennett Jnr - Otley
Jimmy (or Jigger as we called him) was the last of the famous Helmingham band - in its prime in the 1920's and 30's. With his father, George, the Whitings, Bill Last, the Leslie's Brett and Wightman and others, farm workers and artisans all, he was part of one of the leading Surprise Major bands in the country and rang 'anywhere in the circle'. Jimmy was a real character, wag, leg-puller, mimic and singer - many a coach outing entertained by him. He rang around 250 peals mostly for our Guild.

Walter Cady - Framlingham
Taught by Sidney Moore when in his late 50's Walter was a faithful call change ringer at St Michael's. He lived in Framlingham all his life and knew well Willoughby Maulden, the brothers Hall, Hobart Smith and other fine ringers there.

Helen and Richard Collett - Blythburgh
Blythburgh bells in their magnificent setting were augmented and dedicated in 1950. Helen and Dick Collett in the early 60's extended their support there in the Church to the belfry and learnt to ring.
The Colletts died within a month of each other, both nonagenarians. Their devotion and utterly Christian service will not be forgotten and we shall miss their cheery faces at Holy Trinity.

Robert Frederick Downing - Bredfield and Grundisburgh
Bob Downing with his wife Brenda formed part of the inaugural band at Bredfield in 1949. He coupled that with ringing at Grundisburgh and was a safe performer up to Cambridge Royal and Stedman Caters. Ill health forced him to give up something he so enjoyed.

Alfred W. Foreman - Garboldisham.
Alf died in April at the grand old age of 83. Although he didn't take up the art until he was nearly 50 he somehow retained the enthusiasm of a teenager all his life. Like many other ringers along the Waveney Valley Alfred did valuable work in both our counties. One of his great loves was the Norfolk and Suffolk Border Ringers' Outings and the friendships it forms.

Albert Gillings - Horringer, Egham & Bury St.Edmunds
The Second World War, as did the First, decimated our membership. In 1945 a rebuilding was necessary and Albert Gillings was someone who offered his services as District Secretary for Bury. And what a splendid secretary he was, meticulous in collecting subscriptions, organising meetings and his paper work, and so affable with it. Guilds can be built on people like that.

Robert Hartley - Whepstead
Bob's passing is a great loss to the Whepstead area but his funeral Service in January said everything - an occasion of unashamed thanksgiving and joy for his life, sadly cut short at 61. He learnt to ring at Stoke Poges, the church of Thomas Gray's 'Elegy' - under the eagle eye (and it was an eagle eye) of Arthur D Barker. Moving to Suffolk in 1966 Bob lost no time in teaching and encouraging, ever willing to pass on all that he knew.

George Lines - Bramfield
A packed church at Walpole paid tribute to George's life as a ringer and a good friend. Like many another in the Halesworth area he was taught by the redoubtable Fred Lambert and enjoyed his ringing alongside Jack Thurlow, Herbert Jillings, Harold Rogers, ,John Blythe and many more. Super chap, George, and we shall miss him.

Ivan Ludbrooke - Kelsale and Trumpington
Ivan was something of an enigma, intensely disciplined with his ringing, enormously keen and a creator of projects interspersed with long bouts of loneliness. He was a most competent ringer on all numbers and we are sad that he was taken in the prime of life. Our sympathy goes out to his family.

Kenneth Nunn - Rushmere St Andrew
For over a century now Rushmere St Andrew has had a Sunday Service band, loyal to its Church and to our Guild. One of its many members down the years was Ken, younger brother of Claude and being taught by him immediately after the War. Ken served in the RAF in Burma hence his special friendship with Dudley Buxton. both of whom were devoted to Rushmere Tower.

Jack Parker - Tuddenham St Martin
Jack had ringing in his blood; his father, Percy, and grandfather, Charles, ringers at Tuddenham way back into the last century. Theirs was always open house for ringers - 'owd Charlie' renowned as a generous host and raconteur.

George Frederick Southgate - Gosbeck and Adelaide
It only took a small headline in the Adelaide Advertiser in 1987 that two Suffolk ringers were visiting the city on a lecture tour for Fred to turn up and meet them! How good it was to see him and renew a link with Helmingham and district. -That link went back to 1928 when he rang his first peal there - Kent Treble Bob Major and of course he recalled all the great names of the day.

James George Stannard - Barrow
For nearly 100 years the Stannards have been a name synonymous with ringing in West Suffolk especially around Bury St Edmunds. Jim with his brothers Charles and Dick were in turn taught by their father, William, a strict and stern tutor but he taught them well. Like his father, Jim was a skilled blacksmith and farrier and he brought the same precision and care into his ringing and Church life.
Through Janet, his wife, and their son Paul, the tradition lives on and we remember Jim with gratitude

Cyril Baxter Williamson - Wendover and Ipswich
How fortunate we are to have known Cyril - albeit for relatively few years. Here was a man who exuded loyalty and Christian charity as well as cheerfulness in what proved to be a terminal illness.
Cyril came to love Suffolk and the ringing here and we rejoice in that and that he lived to see the engagement of his son, Jonathan to Sue.

G.W.P

May they Rest in Peace.

We offer our sympathy too to the relatives and friends of our departed members.

Peal Secretary's Report - Alan P Mayle

I must start this report on a disappointing note since the publication of the 1992 report two peals rung at Bury St. Edmunds (No.6635 & 6743) have been found to be false, and cannot therefore be included in the Guild records. It is particular unfortunate that both these peals were rung for very special reasons.

There was a slight increase in the number of peals rung in 1993 on the previous year. Peals were rung in 59 Suffolk towers and at the following tower s outside the county, Ely (Cambs), Kings Norton (Leics), North Lopham (Norfolk) and Tolleshunt D'Arcy (Essex).

The first peal since restoration was rung at Coddenham and the first peal since restoration and augmentation at Dalham. Rare visitors to the peal columns include Little Glemham, Poslingford and Winston.

The following methods were rung to peals for the Guild for the first time.

14 March Aldeburgh Vale of the White Horse Surprise Major
11 April Aldeburgh Tewin Surprise Major
9 May Aldeburgh Kingsthorpe Surprise Major
11 July Aldeburgh Higher Walton Surprise Major
8th August Zeus Surprise Major
12 September Henley Yorktown Surprise Major
10 October Aldeburgh Newhey Surprise Major
18 December Little Glenham Cathedral Place Doubles

Much has been said around the county about peals rung for the Guild outside the County by mainly non-resident members, although the money is very welcome we should, I believe, consider whether we want those peals to be part of our Guilds records.

I would like to conclude by thanking all conductor's who paid their fees promptly throughout the year.

First of 7 methods: 2. First peal by members of the Stowupland High School Society.The Stowupland High School peal was rung by a mixture of Students, past students and staff. Three of the ringers learned to ring during school 'Activities Weeks', which unfortunately have now ceased. However.the Society is very enthusiastic and regular quarter have been rung during the past two years. The peal was an excellent example of commitment and concentration by the less experienced members of the band.

Maintenance Officer's Report - Winston Girling

At the 1993 Guild A.G.M. Ralph Earey, our maintenance officer for 6 years, stood down. The meeting decided that I should take over from him and I am sure everyone would wish to join me in thanking Ralph for his hard work and for the sheer dedication and enthusiasm which he brought to the office. It is a daunting prospect indeed to follow that! 1993 has proved to be a very active year as far as restoration and maintenance are concerned, and the list below will indicate just how much has been done, work that is always very dirty, extremely hard, verytiring and invariably complicated and exasperating. All those who devote so much time to keeping our bells and equipment in order perform an enormous service to our Church and Guild. May I thank all those who have taken the trouble to regularly attend the Restoration and Maintenance Committee meetings and urge that all work is reported back so that we can have an up to date record for reporting to the Management Committee and publication.

North East

BLAXHALL - Hope to raise £70,000 to repair tower and bells.
CHEDISTON - Have applied for grant to re-hang bells in steel frame lower in tower.
LAXFIELD - New pullies being fitted.
METFIELD - Bells restored and re-hung in steel frame existing fittings preserved - Dedication 1993.
PEASENHALL - General tighten - inspection. Netting required and some slates missing from tower roof.
STRADBROKE -Turret giving cause for concern and ringing restricted.
THORNHAM MAGNA - Bearings secured by bolting through frame. Treble bearings and 5th headstock checked and in order.
WENHASTON-Architect's advice sought over tower state. He is happy with condition and bells can be rung.
WISSETT - Following report from architect bells can be chimed only.

North West

BACTON -Bells checked and tightened.
BARROW - Grant agreed to re-hang and augment to 6.
COMBS -Tower cleaned out. Fund raising continues to restore and auqment to 6.
COTTON - Inspected, bells and frame tightened. 2 ropes replaced. Guides repaired and 5th rope boss turned. Tower cleaned and steel framework painted. Architect's advice sought on mediaeval beams supporting bell frame.
DALHAM - Augmentation, 5 to 8 bells in 12 months and completely restored. An outstanding local effort. Dedication 1993.
FINNINGHAM - Inspection following interest in possible ringing. Much work needed. Tenor swung and debris removed.

FORNHAM ST. MARTIN - Clappers re-leathered. Wheels and headstocks treated. Work on bearings and guides. Frame weak on one side.
GREAT BARTON - Ellacombe apparatus re-roped. Bells tightened,
GREAT FINBOROUGH -Tenor removed from headstock and broken 'U' bolt replaced sound proofing of bell chamber floor to make bells quieter in ringing chamber.
HAUGHLEY - Bracing and tie rods added to frame to stabilise it. Broken gudgeon replaced on treble. Faculty received and funds being raised to have ball bearings fitted.
MARKET WESTON - Incumbent has enquired about ringing bells. Inspection has revealed frame poor and requires support.
MENDLESHAM - New ropes purchased and fitted.
PAKENHAM - Bells restored and rehung in old frame which has been strengthened. Dedication 1993.
STOWMARKET - Major work nearing completion - spire to go on early 1994. Bells cannot be rung until approximately end of 1994 to allow tower to dry out first.
WESTHORPE - Grant applied for to rehang bells.

South East
BADINGHAM - Ropes spliced. Inspection arranged to look at treble.
BRANDESTON - Inspection requested
CODDENHAM - Bells restored and rehung in steel frame and Dedicated.
FALKENHAM - New trebles cast as part of-restoration and augmentation
HASKETON - Inspected and tower sway acceptable,
HELMINGHAM - Advice has been given for installing platform to ease access to roof.
HEMINGSTONE - Visited. Frame and fittings poor and bells being clocked at time of visit.
IPSWICH (St. Matthews) - Some spiral staircase steps repaired. Bells tightened and checked.
IPSWICH (St Mary at Quay) - Cupola clock bell which had beam missing is now back in fabric of Church.
IPSWICH (S.M.L.T.) -Tenor clapper replaced following original shearing off. Clappers greased on 1, 3 and 6.
SPROUGHTON - Bells tightened and checked.
STONHAM ASPAL - Weak gudgeon pins replaced on 2 and 3. Only four bells now remain to have this done as funds allow.
WINSTON - Severely decayed tops of the wooden headstocks on 2 and 3 have been replaced. Bearings cleaned out and relubricated. New ground pulley needed on 3rd in due course.

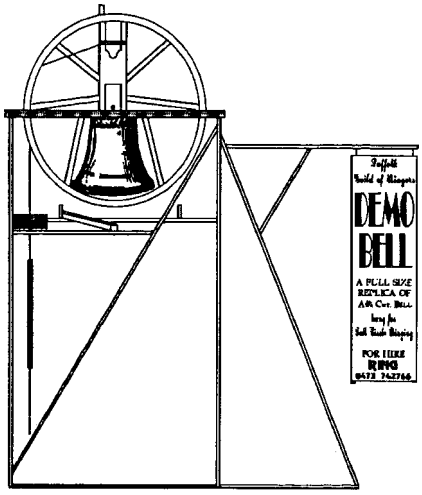

South West
BOXFORD -Lower tier of 5 bells recently raised and rung in presence of architect and structural engineers and Ranald Clouston. Tower behaved well, and 120 of Grandsire Doubles was achieved.
GLEMSFORD - New headstock constructed for treble and tie rods being added to frame. Much work being done at this tower.
MONKS ELEIGH - Following tower repairs bells tried out and rang well and are being rung regularly.
POLSTEAD - Repairs to tower preventing ringing until Christmas 1993.

RATTLESDEN - Ellacombe hammers renovated and re-bushed. Rope guide realighned and bolts tightened.

STRADISHALL - Reported at Management meeting an 16 Oct that severe, tower problems are preventing ringing.

WOOLPIT - Lighting installed in belfry. Clock weights require something beneath them to break their fall should this occur.

THE DEMO BELL - OUTINGS

1993 has seen several new destinations for the Demo-Bell together with the annual shows and carnival. This year approx. 1000 people 'had a go' (904 bright yellow advertising stickers given out) at the Suffolk Show. As well as the stickers, Stephen Pettman produced an excellent P.R. leaflet, 500 copies of which we were able to hand out at the Show and 1000 during the Carnival - many thanks Stephen. The 'crew' for the Carnival really entered into the spirit and a well-deserved 2nd prize (in class) was gained. The Demo-Bell didn't stand still technically either, as Tony Warren made an LCD display that gives details of the Demo-Bell and the various different bell-recordings - thanks Tony.

1 & 2/05/93	BUNGAY - Ringing exhibition weekend

The Founding Principles

Casting the new peal of 8 bells for the Church of St Nicholas, Harpenden, Herts. June 1990.

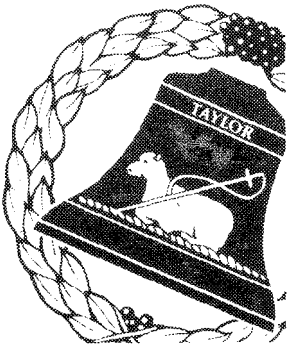

Bell founding has altered little through the centuries and the principles of quality and craftsmanship are preserved at Taylors, the world's largest and most successful bellfoundry.

For single bells, peals, chimes, carillons and handbells, new bells or the restoration of existing bells, ring the master craftsmen.

Technical Adviser's Report - Michael M Rolph

1993 has been another fruitful year, with restorations being: completed at Dalham, Metfield and Pakenham.

At Dalham the ring of five bells have been overhauled and augmented to eight by Eayre & Smith of Melbourne Derby, The three new trebles were cast by Royal Eijsbouts of Asten in Holland, and are the first Low Country bells to be cast for a Suffolk church in over 450 years. The last being the treble of two at Bromeswell, cast by Cornelis Wag:hevens of Mechlin (Malines) in 1530. The bells now hang in a new mild steel and cast iron frame set below the ancient and important timber bell frame, which is preserved in situ. All the on-site work was carried out by the local ringers, who have done a first class job and have no doubt saved the parish much expense.

At Metfteld the ring of three bells have been overhauled and augmented to four by the Whitechapel Bellfoundry, and now hang in a new mild steel and cast iron two tier frame for six bells, which is set below the old timber bell frame which has been preserved in situ. A new ringing gallery has been constructed, leaving the ground floor free to house the ancient clock mechanism and for use as a vestry, the parish are still raising funds for a further two bells to complete what promises to be a very pleasant and useful six.

At Pakenham, Whites of Appleton have overhauled the ring; of five bells and re hung them on new timber headstocks, with all new fittings in the important pre-reformation bellframe, which has been successfully restored. A new ringing chamber ceiling has been installed to create a silence chamber and also serves to hide the new steelwork that now supports the ancient bellframe

Tower repairs have been carried out at Burgate and also at Monks Eleigh at Burgate the bells remain unringable for the time being, whilst at, Monks Eleigh the bells are now back in action with regular service ringing (1st, Sundays at 10am).

A test ring was arranged at Boxford, with the five bells in the lower tier being rung whilst the tower was under the close supervision of the architect, structural engineers and assistants. The tower behaved well, so much so that stage 13 of the exercise, 120 changes of Grandsire Doubles was rung.. It is hoped that the back five may be available for service ringing: on special occasions, subject to parapet problems and a stone being moved by the frame

Looking forward to 1994 Stowmarket bells should be ringing again, work on the tower is progressing well although the cost is still rising, but it is hoped the ringing will commence in June/July.

Also work is expected to start at Reydon, where it is intended to re hang the existing single bell in a new frame for six, where it will eventually become the fifth in the new ring..

At Haughley the headstocks are to be over hauled by Taylor's and fitted with new gudgeons and ball bearings.

Work at Falkenham where the present four bells are to be overhauled and augmented to six may commence later in the year, meanwhile fund-raising continues.

Looking even further into the future, the parishes at both Chediston and Westhorpe have had quotes for restoring their bells, and have both applied for grants from the Guild. So we must keep our fingers crossed and hope that we will hear these bells ring out again in the not too distant future.

Thanks again this year to the district maintenance teams who complete a whole catalogue of tasks throughout the year keeping; many of our towers ringable.

Librarians Report

Another quiet year for the Guild Library with a few loans and donations. As I indicated at the 1993 AGM I will not be seeking re-election to the post of Librarian in 1994 but I am pleased to report that Gill Wakefield has expressed a keen interest in taking on the position.

I have greatly enjoyed the four years that I have spent as Librarian and have learnt a tremendous amount during that time. I would like to take this opportunity to thank the Guild members for the privilege of allowing me to serve them in this way.

Jonathan Williamson.

The following table is used to show the condition of the ring:

10 - Excellent, Ball bearings, modern frame and fittings.
9 - Excellent, Plain bearings, modern frame & fittings or ball bearings in old frame.
8 - Good going order
7 - Fair going order
6 - Poor going order
5 - Ringable if cleaned up and odd fittings and ropes provided
4 - Ringable with difficulty and a degree of risk after making odd repairs
3 - Unringable mainly because of tower and/or frame arrangement and position
2 - Unringable mainly because of frame and/or fittings
1 - Hung dead
0 - Some bells unhung on the ground

THE SUFFOLK GUILD OF RINGERS
OBJECTS, CONSTITUTION AND RULES.

Objects

The Guild shall be established for the promotion of ringing for Divine Service and in furtherance of this object:

1.To promote and encourage the practice of bellringing.
2.To recruit, train and encourage bellringers in the practice of their art.
3.To cultivate the art of scientific ringing.
4.To promote a proper appreciation of the ringing chamber as part of God's house; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof, as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of the bells and their fittings.

Constitution.

A.Name
1.The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St.Edmundsbury and Ipswich.
(a) It shall be affiliated to the Central Council of Church Bell Ringers and registered as a Charity at Law.(Ref.266869)
(b) The President shall be the Lord Bishop of the Diocese and there shall be Patrons. Vice-Presidents shall be elected at the A.G.M. of the Guild.

B.Membership.
2.Membership shall consist of the following categories:
(a) Ringing Members. A person who can ring rounds efficiently on a tower bell.
(b) Associate Members. A person who wishes to support the Guild.
(c) Life Honorary Member. A Ringing or Associate Member who has given outstanding service to the Guild.
(d) Non-Resident Life Members. A person who is qualified to be a Ringing Member, or Associate Member, but who resides outside the territory of the Guild and who is not a member under either 2(a), (b)or (c).
3.Ringing and Life Honorary Members only shall have voting rights and be permitted to hold office in the Guild.
4.Churches within the Diocese may be affiliated to the Guild on payment of an annual donation.

C.Districts.
5.There shall be four Districts:

1.North East District consisting of the deaneries of Beccles and South Elmham, Halesworth, Hartismere, Hoxne and Saxmundham.
2.North West District consisting of the deaneries of Ixworth, Mildenhall, Stowmarket and Thingoe.
3.South East District consisting of the deaneries of Bosmere, Colneys, Ipswich, Loes, Samford and Woodbridge.
4.South West District consisting of the deaneries of Clare, Hadleigh, Lavenham and Sudbury.

D.Government

6.The Annual General Meeting of the Guild shall be held on the Saturday following Easter or as shall be decided by the Guild Management Committee and shall be the ultimate decision making body of the Guild. It shall elect Guild Officers and set subscriptions and fees for the following year.

7.Members shall be elected to fill the following Offices: Chairman, Ringing Master, Secretary, Treasurer, Maintenance Officer, Report Editor, NewsletterEditor, Central Council Representatives, Technical Adviser, Librarian, Handbell Trustees, Peal Secretary, and any other such Officers as the Guild Management Committee shall see fit to approve.

8.In order that the Guild be run efficiently and its objects implemented there shall be three Committees established with the following responsibilities:

(a) The Guild Management Committee which shall co-ordinate all Guild activities; publish a printed Annual Report and audited Accounts and convene Sub-Committees as may from time to time be required, and shall recommend the levels of subscriptions and peal fees and other methods of raising money and shall organise general meetings, ringing and social activities.

(b) Recruitment and Training Committee which shall prepare training programmes for use in the Districts; provide courses for the training of teachers of ringing and assist Districts in the recruitment of Ringers.

(c) Restoration and Maintenance Committee which shall maintain an up-to-date directory of towers, listing the condition of all Church bells in the Diocese; which shall make recommendations concerning the preservation and use of bells from redundant churches; which shall advise incumbents and arrange such local restoration and maintenance work as may be necessary.

E.Finance

9.All money in the Guild's General Fund not required for normal working purposes shall be invested by the Treasurer as may be directed by the Guild Management Committee.

10.All money in the Restoration Fund and Jubilee Fund and such other funds as the Guild Management Committee may establish shall be invested by the Treasurer as may be directed by the Guild Management Committee. Grants for restoration work shall be made by the GuildManagement Committee. Such grants shall only finally be made following the approval of the Guild Ringing Master and a Technical Adviser.

10a.Not less than one half of the subscriptions of Ringing and Associate Members together with not less than one half of all peal fees shall be transferred annually to the Restoration Fund from the General Fund.

11.All cheques shall bear the signature of the Secretary or the Treasurer or the Chairman but any cheque greater in value than the limit set annually by the Guild Management Committee shall bear the signature of two of these Officers.

F.Records and Handbells

12.The Report Editor shall record all peals rung for the Guild and Quarter Peals rung in the Diocese and publish them in the Annual Report.

13.The Librarian shall maintain an up-to-date inventory of publications owned by the Guild.

14.The Handbell Trustees shall maintain the Handbells in good condition and shall make such recommendations as may be necessary for the repair of the handbells to the Guild Management Committee.

G.General

15.The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

16.The Constitution may be amended by a two-thirds majority of the members present at an Annual or Special General Meeting provided that 14 days notice of the proposed amendment has been sent to all members and provided that nothing herein contained shall authorise any amendment which shall have the effect of the Society ceasing to be a Charity in Law.
17.In the event of dissolution of the Guild any assets remaining after the satisfactiom of all its debts and liabilities shall not be paid to or distributed among the members of the Guild but shall be given or transferred to such other charitable institution or institutions having similar Objects to the Guild.

Rules

Guild Rules.
A.Election of Members and Subscriptions
1.Ringing and Associate Members may be elected at any meeting by a majority of those present when proposed and seconded. Membership shall be exercised through only one District at a time, being the District under which the member is shown in the Annual Report. Subscriptions are due on election and thereafter in advance on the first day of January each year. Membership shall cease if such subscriptions are not paid by 31st.December of the year in which they become due. The subscriptions of members elected during or after October shall cover the remainder of that year and the whole of the next year.
2.The subscription rates for members shall be fixed at the Annual General Meeting and unless a change is agreed the existing rate shall continue. Persons in full time education shall pay a reduced rate of subscription and subscription shall be waived for members over the age of 65.
3.Life Honorary Members shall only be elected at an Annual General Meeting and nominations may only be made by the Guild Management Committee or District. No further subscription is payable after election.
4.Persons who have been Ringing Members or Associate Members for at least two years may, upon leaving the Diocese, inform their District Secretary that they wish to become Non-Resident Members. No subscription is payable during the period of non-residence. A person resident outside the Diocese who wishes to be associated with the Guild may be elected a Non-Resident Member as an alternative to Ringing or Associate Membership.
5.For the purposes of peal ringing new members may be provisionally elected in the belfry to the appropriate category of membership subject to the confirmation at a business meeting of the appropriate District in the case of a Ringing Member or at a meeting of the Guild Management Committee in the case of a Non-Resident Member. If election is not confirmed the subscription shall be refunded.
6.Any member failing to conform to the Objects and Rules of the Guild may be expelled by the Guild Management Committee which shall report the matter to the next Annual General Meeting. Such a member shall forfeit any payment made to the Guild.

B.Election of Officers.
7.All Officers shall retire at the Guild's Annual General Meeting but shall be eligible for re-election. Nominations may be made in writing to the Guild Secretary or orally at the Annual General Meeting provided always that they are proposed and seconded. If more than one nomination for any office is received then election shall be by paper ballot, the successful candidate being the one with the highest number of votes. In the event of a tie the Chairman shall have a casting vote. Central Council Representatives shall be elected in accordance with the rules of the Central Council during the second year of the triennium at the A.G.M. of the Guild.
8.The Annual General Meeting shall appoint an Auditor who is not a member of the Guild Management Committee and need not be a member of the Guild.

C.Committee Structure.

9.The Guild Management Committee shall consist of: Vice Presidents, The Guild Chairman, Ringing Master, Secretary, Treasurer, Technical Adviser, Public Relations Officer, Maintenance Officer, two elected representatives from each district, & such Guild Officers as may be from time to time required or invited to attend. Six members shall constitute a quorum. The Committee shall meet at least three times per year. The Chairman shall take the chair at all meetings of the Guild and Guild Management Committee. In his absence the Chair shall be taken by the Ringing Master or in his absence by a person elected by the meeting.

10.The Recruitment and Training Committee shall consist of the Guild Ringing Master as Convenor and two Representatives from each District.

11.The Restoration and Maintenance Committee shall consist of the Guild Maintenance Officer as Convenor, Guild Technical Adviser and two Represenatives from each District.

12.Each of the above two Committees shall meet at least three times a year.

13.(a) The Chairman, Master, Secretary, Treasurer and Maintenance Officer shall form the Guild Executive. In the event of a Guild Office being vacated between A.G.M's they shall make a temporary appointment until a General Meeting can be convened.

(b) The Guild Management Committee may convene such sub-committees as it deems necessary from time to time and shall determine their terms of reference, powers, duration and composition. All acts and proceedings of any such sub-committee shall be reported back to the Guild Management Committee as soon as possible.

D.Expenses

14.The following shall be paid by the Treasurer out of Guild funds:

(a) The cost of printing the Annual Report and any other publications authorised by the Guild Management Committee.

(b) The expenses of Guild Meetings.

(c) Stationery, postage, telephone, notices of all meetings and other incidental expenses.

(d) Insurance of Guild property.

(e) Central Council fees and reimbursement of Representatives' expenses attending each Council meeting, not exceeding the second class return rail fare and a subsistence allowance as may be determined by the Guild Management Committee.

(f) Such other expenses as the Guild Management Committee may determine.

E.Peal Records.

15.All peals rung for the Guild must conform with the decisions of the Central Council. All those taking part must be members of the Guild.

16.Conductors shall forward the following to the Peal Secretary as soon as possible and not later than 15th January the following year:

(a) The names, addresses and subscriptions of any Non-Resident Members elected in the belfry.

(b) The appropriate peal fees.

(c) Compositions for peals of Triples and above and compositions of such other peals as the Peal Secretary may request. Money received for items (a) and (b) shall be passed to the Guild Treasurer.

F.Alteration of Rules.

17.No alteration or addition shall be made to the Rules of the Guild except as specified in paragraphs 16 and 17 of the Constitution.

District Rules.

18.Each District shall hold an Annual General Meeting during the last quarter of the year for the purpose of receiving a report from the District Committee for the previous year, election of Officers and arranging activities for the coming year. Members shall be eligible to vote or stand for Office only in the District through which they exercise membership in accordance with Guild Rule 1.

19.The following Officers shall be elected annually: Chairman; Ringing Master; Secretary/ Treasurer; District Maintenance Officer; Newsletter Correspondant. The Chairman, Ringing Master and District Maintenance Officer shall normally represent the District on the Guild Management, Recruitment and Training, and Restoration and Maintenance Committees respectively but substitutes may be permitted. One other representative to each of the Guild Committees shall be elected. The District Officers and one elected member from each deanery shall form the District Committee. A District may elect additional working Officers at its discretion to assist the running of the District.

20.The District Secretary/Treasurer shall collect all subscriptions and other monies due and forward them to the Guild Treasurer. A statement of accounts shall be submitted to the Guild Treasurer by 15th.January. A Directory of tower correspondants, lists of members and ringing times shall be submitted to the Secretary by 15th January.

21.The District Maintenance Officer shall endeavour to arrange for the inspection of every belfry in the district at least once a year and shall report his findings to the Restoration and Maintenance Committee at their January meeting. He shall be available to advise incumbents and shall provide leadership at local working parties where necessary.

22.The District Newsletter Correspondant shall report on District activities for the Guild Newsletter, the 'Ringing World' and local newspaper.

23.The District Committee shall be responsible for the efficient management of the District's affairs and shall report to the District Annual Meeting on the year's work.

Regulations relating to the Pearson's Handbells.

1.The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2.The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the proceeding borrower.

3.The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without prior consent of both of the Trustees.

4.The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as posible.

5.If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6.The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the committee.

7.The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

The Mitson Shield and the Rose Trophy Striking Competitions Rules.

1.The competitions shall take place on the third Saturday in May or on any other date decided by the Guild Management Committee.

2.All Ringing Members and Life Honorary Members of the Guild may compete providing their subscriptions are paid.

3.No Member may ring more than once in each competition, except as specified in Rule 10.

4.Representative bands shall consist of:

(a) The Mitson Shield. Six ringers of which at least four are shown in the Annual Report as members of that tower, or who are bona fide Sunday Service Ringers at that tower.

(b) The Rose Trophy. Eight members of a district or eight ringers representing a tower, of which at least six are bona fide Sunday Service Ringers.

5.Neither the Mitson Shield nor the Rose Trophy can be held by any band not complying with the previous Rule.

6.Each band must have a representative present at the relevant draw. The times of the draws to be advertised in the 'Ringing World'.

7.A total of two minutes practice ringing and stand will be allowed before each test piece.

8.The test piece will be:

(a) The Mitson Shield. 240 true changes of any recognised Doubles or Minor Method(s).

(b) The Rose Trophy. At least 224 true changes of any recognised Triples or Major method(s).In the event of bands ringing Doubles or Triples a cover bell must be used. For the Rose Trophy only the first 224 changes, excluding the opening rounds will be judged.

9.The length of either test piece may be shortened at the discretion of the Ringing Master in the event of a large entry.

10.A reserve ringer, appointed by the Ringing Master, will be available to bands meeting short, at the discretion of the Ringing Master.

11.Three judges appointed by the Ringing Master will be present. Their decision is final.

12.The Mitson Shield and the Rose Trophy are, and shall always remain, the sole property of the Guild, which may at any time give directions for their locations and safe keeping.

(Amendments to these Rules, having been passed by Suffolk Guild Members, still await ratification by The Charity Commisiioners before final inclusion within the foregoing Rules)

Guild Ringing Master and two representatives from each District

Restoration and Maintenance: Guild Technical Adviser, Maintenance Officer and two representatives from each District.

Friends of Suffolk Bells: Public Relations Officer & two representatives from each District & Guild Officers (ex-officio)

SECRETARY'S REPORT

Previous Annual Reports have generally mentioned that there are numerous dedicated (un-named) people who work hard behind the scenes to the benefit of the Guild and to ringing in Suffolk. This year I would like to single out one particular group. This is Michael Rolph, the District Maintenance Officers and their helpers on the Restoration and Maintenance Committee.

At every Management Committee meeting, those of us who attend have listened in amazement to detailed accounts of the work these people have done during the previous months. The 1994 Management Committee minutes, for instance, record visits to, advice given to, work done at, over 60 churches by the Restoration & Maintenance Committee. That's over 1 per week! By giving up their time in this way these volunteers must have saved the parishes in the diocese thousands of pounds over the years, and have helped to ensure that we as ringers continue to have pleasure of ringing on the county's bells. We are indeed grateful to them for this valuable service that they give.

For our 1994 AGM we were the guests of the NW District. Before the business meeting at Gazeley, we were invited to ring on the recently restored and augmented 8 bells at Dalham. Despite the meeting once again being held in one of the more outlying parts of the county, over 70 members attended which appears to be about the norm for AGMs. As always from the NW District the hospitality was warm, the lunch was excellent and the arrangements ran smoothly, with the business being completed in about 3 hours. In a further attempt to boost attendance at AGMs, the meeting decided that, rather then have a fixed format for AGMs, in future the host tower or District will be allowed to choose a format which suits it best. The first tower to put this to the test will be St Margaret's Ipswich, who will be hosting the 1995 AGM on behalf of the SE District.

Adrian Blumfield has been the Report Editor for some eight years, but, as he announced at the AGM, this will be the last Annual Report that he will compile. Each year Adrian has put in a great amount of hard work in order to produce the Report, and we thank him for it. Fitting it in amongst all his other commitments cannot have been easy.

Our Treasurer, Chris Barker, too will be handing over to a someone new at the 1995 AGM. Chris has been in office since 1990. We thank you for having undertaken this valuable and vital job for us.

On a sadder note, we were all deeply distressed when we heard of the sudden death of Simon Girt early in the year. During his short life Simon had served the Guild, the SE District and his own tower in many different ways, both overtly and behind the scenes. He tried hard to improve communications throughout the Guild and not the least amongst his achievements was the production of a thriving Guild Newsletter.

The media are doing their best to draw everyone's attention to the coming of the year 2000 and all the celebrations that that will bring forth. We in the Suffolk Guild can also look towards 2000, as that is the year that we have invited the Central Council to hold their Annual meeting in Suffolk. You will hear more of this in the coming years, but it is never to early to start planning how we are to show to rest of the world that ringing in Suffolk is among the best and that we have a Guild to be proud of.

Bruce Wakefield

RINGING MASTERS REPORT

So much has happened in 1994 that it would be quite naive to attempt to list everything here. It was a great honour to be elected Ringing Master at the AGM at Dalham. During the course of the year I hope I have discharged my responsibilities satisfactorily. My thanks are due to my predecessor Amanda, who did sterling work for the Guild and ringing. I hope I can achieve the same high standards she set. It has been most enjoyable touring around the Guild, during the year and Katharine & I thank you all for the warm welcome you have extended to us

Unfortunately 1994 saw the loss of several of our members, memories of whom will be held with affection by us all. The most fitting tribute to all of them, is the continued ringing of the bells they all enjoyed so much. The Guild has benefited greatly from their contributions over the years. The management committee has been very active during the year agreeing to provide Accident Insurance for the members, looking into a capital fund and re-furbishing the Mitson Shield. Hopefully the Mitson shield will be on view at the AGM. Grants have been approved and some have come to fruition. I was particularly please to ring at Falkenham, a great credit to the locals and White's of Appleton, and Haughley, where the locals again should be thanked for their hard work. Both towers provided excellent publicity in the local media.

The first Guild call change competition was held at Great Barton. Stowmarket won the Lester Brett trophy. With six teams taking part this is a most worthwhile event which will be repeated in 1995, and hopefully will continue annually.

Embarrassingly, for me, Grundisburgh, not only won the 6 bell competition but also took the 8 bell. A splendid day was had by all at Otley & Debenham. Paul & Kate Flavell, the judges, were most impressed with the standard of Suffolk ringing, and the facilities of Dove cottage, with refreshments by the Debenham ringers, made the whole event a most social occasion. Obviously we could always do with more entries. The competitions are a benchmark for standards and should be used to help improve striking, something we could all benefit from.

I must admit that the event I most looked forward to was Veterans day. Now a huge success, due in no small part to the efforts of Muriel Page. The chance to ring and talk to the names of the past, serves to help put our own meagre contributions into perspective. It also makes one aware that nothing in ringing is really new. A great social event that suggests the Guild should think about having a Welfare Officer.

The seminar at St Gregory's Sudbury, dealt with Bell Maintenance, and proved very useful to those who attended. It is hoped to re-run this in each District during 95/96 as it is of vital importance that we preserve the ringing stock we have in a first class condition. Local efforts can help increase the life expectancy of installations.

The change of venue for Training Day, to some extent helped reduce the numbers attending. None-the-less those who attended benefited from the vast experience of the tutors. We are currently looking at alternatives. As a pilot a 3 week course was run in one tower for Grandsire triples. This proved most successful and we would like to do more. If your tower is interested please let your R&T representative know.

A large number of quarter peals have been rung in the Diocese in 94. By my own calculation 23 first quarter pealers. This can only be good and it is also interesting to note the wide range of methods rung. Special congratulations to the Barking ringers who rang a quarter in hand 26/8/94.

As to quarter peal week, could do better, is the message only 15 quarters were rung.

On the peal front, 94 was a terrific year. At 186 the third best year ever. With so many peals rung records fell. My wife rang 101 for the Guild, the most ever by a lady and I took the conducting record. Martin Thorley became only the second person to ring 1000 peals for the Guild. Four first ever peals in the methods were rung, of particular note is Penultimate Little Max a creation of Vernon Bedford's. In addition there were 28 'first in the method' for the Guild. Whilst there is a high proportion of five and six bell peals, higher numbers show a healthy performance level. A great number of ringers have progressed and again this can only be good. I was particularly pleased to see the peal at Beccles 30/4/94, rung by an entire NE district band.

Many personal totals have been reached, of which those below are just some, with apologies to those I have missed:

First Peal	*First as Conductor*
Roderick Moore	Jonathan R Slack
Richard G Glanville	Philip M L Day
Brian Beecroft	
David J Steed	
Susie M Day	

Personal Totals	*Guild Totals*
150th Richard T L Rapior	300th John L Girt
150th Mary E Mitchell	350th Mary Allum
300th Josephine M Beever	400th Katharine J Salter
500th Katharine J Salter	700th David G Salter
1100th J Barry Pickup	1000th J Martin Thorley

Finally it just remains for me to say "thank you " to all officers and members who have helped guide me along, I needed it. And of course thanks to Katharine.

David G Salter

A full set of accounts are available from the Treasurer upon request. There will also be sets available at the AGM for those members who wish to have further information.

TREASURER'S REPORT

Reserves have increased mainly because two towers have withdrawn their applications for Grants. Subscription income is down slightly, partly reflecting a drop in membership and partly the increasing age of members with pensioners now accounting for 17% of the total.

Our overheads have been kept well under control this year and welcome additional help has been forthcoming from the Ipswich Institute who have given us a Grant of £400 towards the increased costs of Training Day.

Restoration commitments remain high at £16400 (all allowed for in arriving at the Reserves figure above) and there are a further number of projects in the pipeline.

There has been a drastic fall in the amount of tax reclaimed under Deeds of Covenant this year as a number of large regular donations have time expired. Please remember that, if you do not already covenant your subscription and you pay basic rate tax, this would produce an extra £2.40 per person at no extra cost to you.

Finally, my continued thanks to the District Secretaries who have the unenviable task of collecting Subscriptions.

C.J.Barker.
Hon. Treasurer.

LIBRARIAN'S REPORT

This has been a fairly quiet year for the Guild Library with a few loans and some donations (for which I am very grateful). New acquisitions include some books and audio & video tapes on Italian bells and bellringing following Stephen Pettman's tour of Northern Italy in October.

Jean Sanderson, the chairman of the Central Council library committee, visited the library recently and recommended that one or two of the more valuable books be rebound.

I am grateful to Jonathan Williamson for handing over the library to me catalogued and in good order, and to my son Paul for his help in updating the catalogue.

Catalogues are available free of charge (though a small donation towards the cost of photocopying would be gratefully received). Visitors are always welcome to come and browse or borrow items from the library.

Gillian Wakefield, Guild Librarian

Maintenance Officer's Report

Over the last year a great deal of maintenance and general work on bells up and down the County has been reported and it is clear that much has been achieved not only by our maintenance committee members but by many other Guild members as well. A lot of work does I believe go unreported for one reason or another and I am well aware that there is an enormous pool of expertise amongst us which could be better utilised if the present system was modified to run on a similar fashion to that which exists in the N.D.A. - namely a Church affiliation scheme and belfry advisory committee on a Guild level which together with our present maintenance officers would deal with advice and assistance as required by Churches.

The Management committee has agreed that I should look into the viability of such a scheme and I will do this as soon as possible. Work which has been reported to the restoration and maintenance committee is detailed below, much condensed I'm afraid, and I have in general left all mention of restoration to our Guild Technical Adviser to prevent duplication. My apologies if I have missed anything out. May I take this opportunity to thank all those who have supported our committee and to ALL ringers and others who have given up their time to work on our bells. May I also welcome all the new members of our maintenance team.

NORTH EAST

BLAXHALL - new floor installed under bells by ringers. **WINGFIELD** - tower shored up and frame and headstocks need painting. **BRAMPTON** - new stays on 4 & 5, all tightened and bells rung but worn soundbows prevent general ringing. **CRATFIELD** - bells rung for Easter, loose gudgeons dealt with and chiming board removed from tenor (rope passing across it prevented this bell going easily). **MIDDLETON** - visited, 2 3 4 & 5 not fit to swing but treble can be swing chimed. **BLAXHALL** - new lead roof and pointing of tower and bells now ringable. **WILBY** - 3rd investigated and dingler freed and bearing problem attended to. At **CHEDISTON** the intention is to have 5th welded in memory of Jack Thurlow - bells can be rung for special occasions. At **EYE** a seized ground pulley on the 5th has been freed and routine maintenance carried out.

NORTH WEST

STOWLANGTOFT - major overhaul and repair by ringers and local craftsmen, including rebuilding upper halves of wheels, new wheel stays, ground pulleys and guides now fitted in clock chamber. A quarter-peal has been rung on the bells which are much easier to ring. **OLD NEWTON** have been tightened and checked and the back 4 rung for 2 weddings. It is hoped the cracked treble may be dealt with at some time in the future. At **COTTON** a new peal board, paid for by donations from ringers, has been dedicated. It records the first peal on the 8 bells and is the only peal board at the Church, the original having become badly decayed.

Routine maintenance has been carried out at **GT. BARTON, BADWELL, ASH, GT. FINBOROUGH AND BUXHALL,** and at **STOWMARKET** ringing could commence by late summer 1995. In the meantime, much has to be moved back into the tower and re-fitted. Another major project has been at **WEST STOW,** where the bells have been made ringable again after tower repairs and an absence of ringing for several years. Inspections have been carried out at **WATTISFIELD, HEPWORTH, HINDERCLAY** and **MARKET WESTON,** where major frame repairs are necessary before the bells can be rung. At **BARROW** efforts continue to find a solution to English Heritage objections over frame replacement. At **INGHAM** the tower is not good and a vestibule has been put in at the bottom. One bell can be chimed. At **HAUGHLEY** the bells are ringing again following replacement of the old worn plain bearings. New self-aligning ball bearings fitted to all 5 bells, a major effort here by a relatively new local band.

SOUTH EAST

WOODBRIDGE - request for help regarding loose clappers and also broken clapper. Inspection carried out at **BRANDESTON.** At **BAYLHAM** clapper fell out of 3rd and following complete overhaul and some new parts being made was replaced and the bell made serviceable. At **FALKENHAM** following tremendous local effort, which came up against all sorts of problems, 3 new bells were added to make 6 and the bells have been Dedicated. I mention this restoration because it is another example of what can be achieved with congratulations to you all.

SOUTH WEST

GLEMSFORD - new headstock awaited for 5th. **BOXFORD** requires ring beams in the tower which is cracked and these are being monitored. Much work on bells is being done and the back 5 have been rung, but although the bells could be restored, the tower problems are a major drawback. **MONKS ELEIGH** are rung once a month following tower restoration and work on the bells, including pulley re-furbishment. **BRADFIELD ST. CLARE** are being re-hung for swing chiming. **DRINKSTONE** treble requires new bearings, and an oak stay fitted to **HARTEST** treble has broken the headstock. This has now been clamped up and should be O.K. At **BARNARDISTON** an inspection was carried out. Not suitable for ringing but a chiming apparatus could be installed..

Winston Girling.

Technical Adviser's Report

1994 has been a bit quieter than the previous two years with only one full restoration being completed with the bells at Falkenham being dedicated on Saturday 17 December.

The back three bells of the old ring of four have been retuned and re hung together with three new bells from the Whitechapel Bell foundry, in a new cast iron & mild steel frame by Whites' of Appleton. The new frame is set lower in the tower below the old timber frame which is being preserved in situ. The bells are at present rung from the ground floor, but as this is the main entrance to the church, a gallery is to be installed later on, which the parish are at present raising funds towards.

At Haughley the headstocks of this ring of five have been overhauled by Taylor's, and fitted with new gudgeon pins and ball bearings, which should make these bells somewhat easier to ring.

The parish at Boxford have had a revised quote from Taylor's' for re hanging this heavy octave. The Guild has offered a grant of £59500 towards the cost of this work.

At Reydon where it is planned to augment from one to six all funds have been raised and the faculty has finally been granted after several delays Work should start sometime in 1995.

At Blaxhall a new lead tower roof has been installed and local ringers have installed a new floor below the bells to replace the rotten one which was removed in the early seventies. There is some loose masonry in the bellchamber which requires pointing, so the bells remain unringable at present.

At Exning the stay side bearing of the 5th bell was found to be leaning outwards by about 10 degrees, the repair work was carried out by Guild members. A quote for this work was obtained from Eayre & Smith at £1,621 + VAT so the Guild saved the parish quite a bit of money on this occasion. It is worth noting that it is a good idea to consult the Guild about queries and problems concerning bells before going to the professionals. It could save you money!

Other towers visited by your Technical adviser during the year include, Middleton; treble now ok. for swing chiming.

Wilby; 3rd bell drops at hand stroke, suspect bearings require attention.

Brampton; gudgeons tightened, new stays fitted to 3rd & 4th Bells ringable, but condition 4, due to excessive clapper wear.

Cratfield; general tightening up and oiling prior to brief ring, with architect's consent for Easter Day service. Tie rod problem still not resolved.

Wingfield; full inspection carried out by R Clouston frame and headstocks rusty and require painting. Tower in poor state although not unsafe at present.

Kelsale; stonework in belfry windows requires repair, the parish has this in hand and the work should be done soon. The parish also has a fair amount money in the bell fund and are considering re hanging in a few years' time

Carlton; the four bells here are in a very poor state an are only just about fit for swing chiming through a small arc

Eye; bells in quite good order, although there is a fair amount of decay in the top cills of the frame, caused by leaking roof at sometime. Frame still fairly rigid with maximum horizontal movement of 0-05011 by tenor.

Woodbridge; 5th bells clapper staple bolt was rusted into the headstock and couldn't be

tightened. It was dismantled, cleaned and fitted with new nut.

Whilst we are making progress in reducing the number of unringables, and in some instances creating new rings, we must not forget that we already have many perfectly ringable bells which for most of the time remain silent.

We all must encourage people to come and learn to ring, so that perhaps a few more of these bells will be heard ringing out on Sundays.

Michael M Rolph.

Directory & Index of Towers

The following table is used to show the condition of the ring:

10 - Excellent, Ball bearings, modern frame and fittings.
9 - Excellent, Plain bearings, modern frame & fittings or ball bearings in old frame.
8 - Good going order
7 - Fair going order
6 - Poor going order
5 - Ringable if cleaned up and odd fittings and ropes provided
4 - Ringable with difficulty and a degree of risk after making odd repairs
3 - Unringable mainly because of tower and/or frame arrangement and position
2 - Unringable mainly because of frame and/or fittings
1 - Hung dead
0 - Some bells unhung on the ground

Obituaries 1994

Ernest Blomfield - Ipswich St. Margaret

Ernest died at the fine age of 81 in February, the last of the pre-war band. Born within earshot of the bells in 1913 he was always loyal to St. Margarets`, ringing there for well over 60 years. An excellent conductor, in East Anglian style, his favourites were Double Norwich and Superlative.

Ernie served in the Artillery in World War II and was at the D-Day landings. We remember him as one who, in whatever he did, he did well.

The Reverend John Alfred Burness - Helmingham

A one time Honorary member John Burness lived to the remarkable age of 103. For thirty one years he was Rector of Helmingham and Framsden from 1929 to 1960, the 'Golden Years' one might say. Fr. Burness loved ringers and they him, and he liked nothing more than the Annual Hemlun'am outing, reckoning he saw and heard more of life in that one day than in the rest of the year !

William Brooks - East Bergholt

Bill was a long time member of the famous bell cage company, taught by the late Walter Crisp and taking over from him in the later years. The key bell of course is the treble and that is where Bill then rang and conducted the unique ringing on the great five there.

One is glad the tradition of sounding these bells lives on.

Garson Alfred Chapman - Monk Soham.

Bill Chapman was 67, from an old village family and like his father and brothers, call change ringers at Bedfield. Monk Soham and Worlingworth. In better times they would ring their 'four and twenties' (Extents of Minimus with the tenor covering) - from such humble beginnings came the great Edward Jenkins and fine ringers like Bill Crickmer & Walter Ruffles. We shall miss Bill.

Robert George Crooks - Tuddenham St Martin.

Bob Crooks was one of those quiet people who just got on with things - with no fuss. Son of Jack Crooks, himself a life long ringer at Tuddenham, Bob was also Churchwarden there for nearly forty years.

During the war he served with the Suffolks in India & Burma - a regiment very much in the front line.

One happy memory - Bob laid our new carpet at the Tower in 1976 & said somewhat wistfully but with a broad grin, 'I shall never ring on twelve but at least I can lay your carpet'. And jolly well he did it.

Simon Leon Girt - Ipswich St Margaret.

Simon tragically died in February at the age of 29 and our hearts went out to John and Shirley his parents and to Ann in their great loss.

Simon was a competent ringer and had held District & Guild Office, including tower captain at St Margarets. He had wide interests but in ringing especially, teaching bands and the maintenance of our bells.

Benson Hollis - Ipswich St Mary-le-Tower.

'Plum' Hollis was an Associate member at the Tower and immensely keen on the bells. Indeed he and his wife Sylvia gave one of the new bells in the 1976 Restoration. And he learned to handle it, in the firm and devout belief that he would always hear it in the Heavenly Belfry.

Alfred Lockwood - Mendlesham

Alf joined our Guild in 1929 in the days when there were strong bands not only at Stowmarket but at Finborough, Cotton and Haughley too. And in the Mendlesham area Lockwoods & Locks were much in evidence ringing alongside such worthies as Garnham Blaxcell, Bill Forster, Arthur Grimwood and a host of others. These towers will have their day again no doubt and we shall remember these ringers.

James Needham - Monewden.

If anyone ever required proof that ringing has no age barrier then Jim was your man ! With great resolution he started at 81 and his delight at ringing call changes or the tenor behind to Doubles was a joy to behold.

He greatly supported the restoration at Monewden and was very proud of the excellent six and their sound over 'Akenfield'.

Jim gave other service too - in wretched circumstances on the Burma Rail and in other theatres of war. The community will miss him greatly.

Richard Rice - Woodbridge.

Dick gave faithful service to St Mary's for many years; the sort of man that Sunday bands are built on. He was a man too of many talents not least as a water colourist and sketcher, bringing great pleasure to many people.

David Southcott - Framlingham

David died after a protracted illness and he will certainly be missed in Framlingham, both in the Farming community and in St Michaels Church where he rang for a number of years.

Harold Edward Symonds - St Mary-le-Tower.

Son of the famous George, Harold himself was a fine ringer on all numbers especially on twelve. Unbeknown to his father he learnt at St Matthews in the early twenties. His first peal - Fathers & Sons at St Margarets in 1928 was quickly followed by Oxford Royal, Stedman Cinques and Yorkshire Maximus. His last was Rochester Maximus in 1938 and then after the war he emigrated to Canada returning to retire here in the 1970's.

Edward John Thurlow - Chediston.

What a lovely chap Jack Thurlow was - so well known in the Halesworth area. A staunch Christian and ringer he loved to reminisce of prewar days, taught as so many were around 'Holzer' by Frederick C.Lambert. But Jack wasn't just a ringer of the past - nothing pleased him more than seeing beginners in the Art.

Chediston won't be quite the same.

Owen Ballard - Cavendish

Slaters and Ballards, Twitchetts and Ambroses, names well known in the Stour and Glem valleys. Arthur Ballard was ringing at Cavendish in the twenties and thirties, Owen first appearing in the Guild report in 1947. And how proud he was of the excellent ring of six there and the belfry with its unique fire place!

Robert John Truin - Hartest.

Bob Truin died on September 1st, the last survivor of the 1956 peal at Hartest when they were a ring of five.

Another constant Sunday Service ringer, we are grateful for the contribution he made in the Glem Valley area.

The Very Reverend John Albert Henry Waddington M.A., M.B.E., T.D.

John Waddington was a great friend of ringers and loved bells; but then look at his pedigree! He came to be our Provost at the Cathedral in 1958 until 1976 from St Peter Mancroft so he knew not only a lot about ringing but the history of the Art too.

Provost John enthusiastically supported the restoration of the fine ring at the Norman Tower. He was in great demand too as a preacher and speaker worldwide. We remember him with great affection.

G.W.P

May they Rest in Peace.

We offer our sympathy too to the relatives and friends of our departed members.

Something worth holding onto .....

A Pritchard bellrope is something rather special. Touch it and you instinctively warm to its richness and comfort. Pull it and you're in control. And reassuringly - the same quality since 1820!
so why all the fuss? frankly we're so proud of our flax hemp, natural fibre ropes that we wanted you to know that they're staying exactly the same as they've always been. Exactly right for you, your tower, and your companions. In a changing world that must have some appeal.

Secretary's Report

I ended this year by resigning and Don Price is taking over as Secretary, with Joan Johnceline as Treasurer. Both are enthusiastic about the direction the District is taking and I look forward to being led by them.

It has always been my opinion that, as a general rule, one should not remain in a Guild position for too long. I have really enjoyed being Secretary of the North-East District. When I started I didn't know where a lot of the towers were. Now I know them and have visited all those with practising bands, trying to get around to each one on a practice night each year. At all levels the North-East District has to be the friendliest and most "fun" district anywhere! The ringing and ringers in the local bands are enthusiastic and there is certainly a lot going on, with surprise practices, peals and organised practices. I know Don has ideas for the future which will take this further.

I have enjoyed being a part of a management team which works together so well that we are really just a bunch of friends having a good time. The meetings have always been friendly (and brief) and really my spelling of Suffolk place-names has improved!

The social gatherings in local pubs after practices and quarterly meetings have to be experienced to be believed - they are a laugh a minute and I shall long remember Trevor Hughes, his son David and Simon Girt trying to "ring the bull" (I'm not sure if I've got that right!) amongst much laughter after one of our meetings.

I would like to thank all the District for having made my last five years so enjoyable. The North-East District can be held up as a model of how ringers should get on together. I don't know of an instance of back-stabbing or spiteful talking but I do know of many instances of kindness and consideration. I wish that it could be the same in all Districts and at Guild Management level.

Ann-Malena Lea

SECRETARY'S REPORT

The South-East District has had an eventful year; one that has shown that the friendship and support of fellow ringers is so important, especially during the sad moments. We have lost many members during the year but the death of Simon Girt shocked the whole Guild, and we have great admiration for the way John and Shirley coped with, and are still coping with, this tragic loss.

The same camaraderie has been evident in many of the District's events both ringing and social that have been organized this year. Our practices have been generally well-attended; we have visited a range of towers; rung some excellent and some more challenging bells; and enjoyed the chance to ring any method requested.

Our Quarterly Meetings have been very successful due to the warm welcome received from host towers. We are indebted to Jonathan Williamson for all his work as District Ringing Master; his energy and humour have ensured that practices have been fun as well as useful.

The Outing in March to Dorothy L Sayers country was delightful, and educational!

We were pleased to welcome the Guild to Otley and Debenham for the Guild Striking Competition. Much work has gone on behind the scenes in the way of maintenance; thanks to all who have been involved. We were very grateful to Winston Girling who came to the rescue when one of the ancient clappers at Baylham came adrift. What luck to have the Guild Maintenance Officer so close at hand!.

The restoration story of the year must be that of Falkenham where the 'new' six are now dedicated and regularly rung. Many congratulations the local band for their perseverance at this project, and to the many others who have given their support, Possibly the happiest event of the year was the wedding of Jonathan and Sue in May, a joyous occasion that many of us were privileged to share, The numerous other events included hosting the Veteran's Day, helping at the Suffolk Show; all, we hope, contributing to the development of our present ringers and encouraging others to join us in keeping the bells of Suffolk ringing.

Val Mayhew

(2) Richard Coe *(address as above)*

Friends of Suffolk Bells: (2). Julian Colman *(address as above)*

Secretary's Report

Meetings have been well supported on the whole, although the July meeting was poorly attended. In addition to the monthly meetings, beginners' practices have been held at Great Barton and have proved useful.

In the Guild striking competitions the district did well, Buxhall/Stowmarket coming first in the call-change competition, the Norman Tower and Stowmarket being placed 2nd and 3rd respectively in the six-bell competition and the district team achieving 2nd place in the eight-bell competition. Stowmarket won the district striking competition.

The district outing was to Norwich and all the ringable towers there were visited. A ten-pin bowling competition was held with the South-East district. The district also held an Open Towers Day in aid of Barrow Bell Fund, a barbecue was held at Stephen and Ruth Young's and a Dinner was held at Peggotty's in Bury St Edmunds in December.

Thirteen new members were elected during the year and several covenants were taken out or renewed. The maintenance team have again been busy in the district this year. They go about their work quietly and we are grateful for the work they do.

The district was saddened by the death of Simon Girt, a regular attender at and contributor to our meetings. Alfred Lockwood of Mendlesham also passed on.

Two of our veteran ringers reached personal milestones: Canon John Rutherford completed sixty years as a priest and Harry Fuller celebrated his eightieth birthday.

Paul V Stannard

The John Taylor Heritage . . .

Bellfounding is part of Britain's heritage. When John Taylor began bellfounding he was continuing a heritage dating back to the Fourteenth Century. That same heritage continues today producing the unique purity and richness of sound that typifies the magnificent Taylor bell, whatever its size or purpose.

Master Craftsmen creating part of our heritage to delight future generations

How true our motto is! Every year our sound touches the lives of more people in more lands. Whether it is handbells, a clock chime, an English change-ringing peal, a carillon, or even a single bell, our experience and expertise ensures unequalled perfection and depth of tone. Naturally, the quality of the bells is mirrored in every aspect of our work - simply, the best!

Whatever your needs - servicing, maintenance, restoration and renovation or a new installation - why not call the Master Craftsmen today and become part of our Heritage.....

John Taylor BELLFOUNDERS

John Taylor Bellfounders Ltd
The Bellfoundry, Freehold Street, Loughborough,
Leicestershire LE11 1AR UK

Peal Secretary's Report

During 1994 a total of 187 peals were rung for the guild in 84 different towers. This is the 3rd highest total in the guild's history following 1973 and 1988. However this number was boosted by John Pladdys who arranged his peal tour in Suffolk and Norfolk and rang 18 peals of Stedman!

It is a matter of some concern that the conducting of the peals was carried out by just 26 people, I believe that we have to encourage more ringers to conduct touches and peals, and not leave it to the same few people all the time.

Peals were rung in 75 Suffolk towers, 9 towers outside the county and 2 peals on handbells.

Centenaries of first peals on the bells of Benhall and Tannington were commemorated at the end of the year.

As you would expect there were a great number of first performances for the guild including:-

	16	Jan	Harkstead	Alnwick S Minor
	28	Jan	Heveningham	Uffington B Doubles
	13	Feb	Aldeburgh	Ecuador D Major
*	13	Mar	Aldeburgh	Old Dutch D Major
	20	Mar	Woodbridge	Plain Bob Triples / Major
	29	Apr	Heveningham	Ancaster B Doubles
	30	Apr	Dalham	Githeslepe S Major
	11	Jun	Ipswich	Spliced S Maximus: 6m
	15	Jun	Monewden	Bourne S Minor
	16	Jul	Ipswich	Ruby S Major
	22	Jul	Heveningham	Irnham B Doubles
	14	Aug	Ipswich	Heworth S Major
	19	Aug	Badingham	Erin Doubles
	4	Sept	Monewden	Kelso S Minor
*	24	Sept	Dalham	Penrith S Major
	24	Sept	Acton	Quirister B Doubles
	2	Oct	Westhall	Dragon P Doubles
*	5	Oct	Kersey	Kersey S Major
	7	Oct	Ashbocking	Fundenhall B Doubles
*	5	Nov	Grundisburgh	Penultimus L Maximus
	18	Nov	Heveningham	Twineham B Doubles
	4	Dec	Theberton	Rhyl S Minor
	16	Dec	Badingham	Zennor Doubles
	26	Dec	Leiston	Lansdowne L B Major

* This peal was the first rung in that method.

I would like to thank all those conductors who promptly submitted peal fees during the year, particularly at the end of the year when details of all peals rung are needed to compile this report in the second week of January.

Alan P Mayle

THE SUFFOLK GUILD OF RINGERS OBJECTS, CONSTITUTION AND RULES.

Objects

The Guild shall be established for the promotion of ringing for Divine Service and in furtherance of this object:

1. To promote and encourage the practice of bellringing.
2. To recruit, train and encourage bellringers in the practice of their art.
3. To cultivate the art of scientific ringing.
4. To promote a proper appreciation of the ringing chamber as part of God's house; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof, as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of the bells and their fittings.

Constitution.

A.Name

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St.Edmundsbury and Ipswich.

(a) It shall be affiliated to the Central Council of Church Bell Ringers and registered as a Charity at Law.(Ref.266869)

(b) The President shall be the Lord Bishop of the Diocese and there shall be Patrons. Vice-Presidents shall be elected at the A.G.M. of the Guild.

B.Membership.

2. Membership shall consist of the following categories:

(a) Ringing Members. A person who can ring rounds efficiently on a tower bell.

(b) Associate Members. A person who wishes to support the Guild.

(c) Life Honorary Member. A Ringing or Associate Member who has given outstanding service to the Guild.

(d) Non-Resident Life Members. A person who is qualified to be a Ringing Member, or Associate Member, but who resides outside the territory of the Guild and who is not a member under either 2(a), (b)or (c).

3. Ringing and Life Honorary Members only shall have voting rights and be permitted to hold office in the Guild.
4. Churches within the Diocese may be affiliated to the Guild on payment of an annual donation.

C.Districts.

5.There shall be four Districts:

1 .North East District consisting of the deaneries of Beccles and South Elmham, Halesworth, Hartismere, Hoxne and Saxmundham.
2. North West District consisting of the deaneries of Ixworth, Mildenhall, Stowmarket and Thingoe.
3. South East District consisting of the deaneries of Bosmere, Colneys, Ipswich, Loes, Samford and Woodbridge.
4. South West District consisting of the deaneries of Clare, Hadleigh, Lavenham and Sudbury.

D.Government

6. The Annual General Meeting of the Guild shall be held on the Saturday following Easter or as shall be decided by the Guild Management Committee and shall be the ultimate decision making body of the Guild. It shall elect Guild Officers and set subscriptions and fees for the following year.

7. Members shall be elected to fill the following Offices: Chairman, Ringing Master, Secretary, Treasurer, Maintenance Officer, Report Editor, Newsletter Editor, Central Council Representatives, Technical Adviser, Librarian, Handbell Trustees, Peal Secretary, and any other such Officers as the Guild Management Committee shall see fit to approve.

8. In order that the Guild be run efficiently and its objects implemented there shall be three Committees established with the following responsibilities:

(a) The Guild Management Committee which shall co-ordinate all Guild activities; publish a printed Annual Report and audited Accounts and convene Sub-Committees as may from time to time be required, and shall recommend the levels of subscriptions and peal fees and other methods of raising money and shall organise general meetings, ringing and social activities.

(b) Recruitment and Training Committee which shall prepare training programmes for use in the Districts; provide courses for the training of teachers of ringing and assist Districts in the recruitment of Ringers.

(c) Restoration and Maintenance Committee which shall maintain an up-to-date directory of towers, listing the condition of all Church bells in the Diocese; which shall make recommendations concerning the preservation and use of bells from redundant churches; which shall advise incumbents and arrange such local restoration and maintenance work as may be necessary.

E.Finance

9. All money in the Guild's General Fund not required for normal working purposes shall be invested by the Treasurer as may be directed by the Guild Management Committee.

10. All money in the Restoration Fund and Jubilee Fund and such other funds as the Guild Management Committee may establish shall be invested by the Treasurer as may be directed by the Guild Management Committee. Grants for restoration work shall be made by the GuildManagement Committee. Such grants shall only finally be made following the approval of the Guild Ringing Master and a Technical Adviser.

10a. Not less than one half of the subscriptions of Ringing and Associate Members together with not less than one half of all peal fees shall be transferred annually to the Restoration Fund from the General Fund.

11. All cheques shall bear the signature of the Secretary or the Treasurer or the Chairman but any cheque greater in value than the limit set annually by the Guild Management Committee shall bear the signature of two of these Officers.

F.Records and Handbells

12. The Report Editor shall record all peals rung for the Guild and Quarter Peals rung in the Diocese and publish them in the Annual Report.

13.The Librarian shall maintain an up-to-date inventory of publications owned by the Guild.

14. The Handbell Trustees shall maintain the Handbells in good condition and shall make such recommendations as may be necessary for the repair of the handbells to the Guild Management Committee.

G.General

15. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

16. The Constitution may be amended by a two-thirds majority of the members present at an Annual or Special General Meeting provided that 14 days notice of the proposed amendment has been sent to all members and provided that nothing herein contained shall authorise any amendment which shall have the effect of the Society ceasing to be a Charity in Law.

17. In the event of dissolution of the Guild any assets remaining after the satisfactiom of all its debts and liabilities shall not be paid to or distributed among the members of the Guild but shall be given or transferred to such other charitable institution or institutions having similar Objects to the Guild.

Rules

Guild Rules.

A.Election of Members and Subscriptions

1. Ringing and Associate Members may be elected at any meeting by a majority of those present when proposed and seconded. Membership shall be exercised through only one District at a time, being the District under which the member is shown in the Annual Report. Subscriptions are due on election and thereafter in advance on the first day of January each year. Membership shall cease if such subscriptions are not paid by 31st.December of the year in which they become due. The subscriptions of members elected during or after October shall cover the remainder of that year and the whole of the next year.

2. The subscription rates for members shall be fixed at the Annual General Meeting and unless a change is agreed the existing rate shall continue. Persons in full time education shall pay a reduced rate of subscription and subscription shall be waived for members over the age of 65.

3. Life Honorary Members shall only be elected at an Annual General Meeting and nominations may only be made by the Guild Management Committee or District. No further subscription is payable after election.

4 .Persons who have been Ringing Members or Associate Members for at least two years may, upon leaving the Diocese, inform their District Secretary that they wish to become Non-Resident Members. No subscription is payable during the period of non-residence. A person resident outside the Diocese who wishes to be associated with the Guild may be elected a Non-Resident Member as an alternative to Ringing or Associate Membership.

5. For the purposes of peal ringing new members may be provisionally elected in the belfry to the appropriate category of membership subject to the confirmation at a business meeting of the appropriate District in the case of a Ringing Member or at a meeting of the Guild Management Committee in the case of a Non-Resident Member. If election is not confirmed the subscription shall be refunded.

6. Any member failing to conform to the Objects and Rules of the Guild may be expelled by the Guild Management Committee which shall report the matter to the next Annual General Meeting. Such a member shall forfeit any payment made to the Guild.

B.Election of Officers.

7. All Officers shall retire at the Guild's Annual General Meeting but shall be eligible for re-election. Nominations may be made in writing to the Guild Secretary or orally at the Annual General Meeting provided always that they are proposed and seconded. If more than one nomination for any office is received then election shall be by paper ballot, the successful candidate being the one with the highest number of votes. In the event of a tie the Chairman shall have a casting vote. Central Council Representatives shall be elected in accordance with the rules of the Central Council during the second year of the triennium at the A.G.M. of the Guild.

8. The Annual General Meeting shall appoint an Auditor who is not a member of the Guild Management Committee and need not be a member of the Guild.

C.Committee Structure.

9. The Guild Management Committee shall consist of: Vice Presidents, The Guild Chairman, Ringing Master, Secretary, Treasurer, Technical Adviser, Public Relations Officer, Maintenance Officer, two elected representatives from each district, & such Guild Officers as may be from time to time required or invited to attend. Six members shall constitute a quorum. The Committee shall meet at least three times per year. The Chairman shall take the chair at all meetings of the Guild and Guild Management Committee. In his absence the Chair shall be taken by the Ringing Master or in his absence by a person elected by the meeting.

10 .The Recruitment and Training Committee shall consist of the Guild Ringing Master as Convenor and two Representatives from each District.

11. The Restoration and Maintenance Committee shall consist of the Guild Maintenance Officer as Convenor, Guild Technical Adviser and two Represenatives from each District.

12. Each of the above two Committees shall meet at least three times a year.

13. (a) The Chairman, Master, Secretary, Treasurer and Maintenance Officer shall form the Guild Executive. In the event of a Guild Office being vacated between A.G.M's they shall make a temporary appointment until a General Meeting can be convened.

(b) The Guild Management Committee may convene such sub-committees as it deems necessary from time to time and shall determine their terms of reference, powers, duration and composition. All acts and proceedings of any such sub-committee shall be reported back to the Guild Management Committee as soon as possible.

D.Expenses

14. The following shall be paid by the Treasurer out of Guild funds:

(a) The cost of printing the Annual Report and any other publications authorised by the Guild Management Committee.

(b) The expenses of Guild Meetings.

(c) Stationery, postage, telephone, notices of all meetings and other incidental expenses.

(d) Insurance of Guild property.

(e) Central Council fees and reimbursement of Representatives' expenses attending each Council meeting, not exceeding the second class return rail fare and a subsistence allowance as may be determined by the Guild Management Committee.

(f) Such other expenses as the Guild Management Committee may determine.

E.Peal Records.

15. All peals rung for the Guild must conform with the decisions of the Central Council. All those taking part must be members of the Guild.

16. Conductors shall forward the following to the Peal Secretary as soon as possible and not later than 15th January the following year:

(a) The names, addresses and subscriptions of any Non-Resident Members elected in the belfry.

(b) The appropriate peal fees.

(c) Compositions for peals of Triples and above and compositions of such other peals as the Peal Secretary may request. Money received for items (a) and (b) shall be passed to the Guild Treasurer.

F.Alteration of Rules.

17. No alteration or addition shall be made to the Rules of the Guild except as specified in paragraphs 16 and 17 of the Constitution.

District Rules.

18. Each District shall hold an Annual General Meeting during the last quarter of the year

for the purpose of receiving a report from the District Committee for the previous year, election of Officers and arranging activities for the coming year. Members shall be eligible to vote or stand for Office only in the District through which they exercise membership in accordance with Guild Rule 1.

19. The following Officers shall be elected annually: Chairman; Ringing Master; Secretary/ Treasurer; District Maintenance Officer; Newsletter Correspondant. The Chairman, Ringing Master and District Maintenance Officer shall normally represent the District on the Guild Management, Recruitment and Training, and Restoration and Maintenance Committees respectively but substitutes may be permitted. One other representative to each of the Guild Committees shall be elected. The District Officers and one elected member from each deanery shall form the District Committee. A District may elect additional working Officers at its discretion to assist the running of the District.

20. The District Secretary/Treasurer shall collect all subscriptions and other monies due and forward them to the Guild Treasurer. A statement of accounts shall be submitted to the Guild Treasurer by 15th.January. A Directory of tower correspondants, lists of members and ringing times shall be submitted to the Secretary by 15th January.

21. The District Maintenance Officer shall endeavour to arrange for the inspection of every belfry in the district at least once a year and shall report his findings to the Restoration and Maintenance Committee at their January meeting. He shall be available to advise incumbents and shall provide leadership at local working parties where necessary.

22. The District Newsletter Correspondant shall report on District activities for the Guild Newsletter, the 'Ringing World' and local newspaper.

23. The District Committee shall be responsible for the efficient management of the District's affairs and shall report to the District Annual Meeting on the year's work.

Regulations relating to the Pearson's Handbells.

1. The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the proceeding borrower.

3. The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without prior consent of both of the Trustees.

4. The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as posible.

5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6. The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the committee.

7. The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

The Mitson Shield and the Rose Trophy Striking Competitions Rules.

1. The competitions shall take place on the third Saturday in May or on any other date decided by the Guild Management Committee.

2. All Ringing Members and Life Honorary Members of the Guild may compete providing their subscriptions are paid.
3. No Member may ring more than once in the Rose competition, except as specified in Rule 10.
4. Representative bands shall consist of:

(a) The Mitson Shield. Six ringers of which at least four are shown in the Annual Report as members of that tower. All six ringers are to be bona fide Ringers at that tower.

(b) The Rose Trophy. Eight members of a district or eight ringers representing a tower, of which at least six are bona fide Sunday Service Ringers.

5. Neither the Mitson Shield nor the Rose Trophy can be held by any band not complying with the previous Rule.
6. Each band must have a representative present at the relevant draw. The times of the draws to be advertised in the 'Ringing World'.
7. A total of two minutes practice ringing and stand will be allowed before each test piece.
8. The test piece will be:

(a) The Mitson Shield. 240 true changes of any recognised Doubles or Minor Method(s).

(b) The Rose Trophy. At least 224 true changes of any recognised Triples or Major method(s).In the event of bands ringing Doubles or Triples a cover bell must be used. For the Rose Trophy only the first 224 changes, excluding the opening rounds will be judged.

9. The length of either test piece may be shortened at the discretion of the Ringing Master in the event of a large entry.
10. A reserve ringer, appointed by the Ringing Master, will be available to bands meeting short, at the discretion of the Ringing Master.
11. A minimum of two judges appointed by the Ringing Master will be present. Their decision is final.
12. The Mitson Shield and the Rose Trophy are, and shall always remain, the sole property of the Guild, which may at any time give directions for their locations and safe keeping.
13. Interpretation of all rules are at the discretion of the Ringing Master.

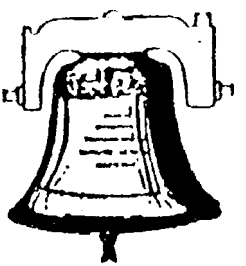

HANDBELL TRUSTEES' REPORT

There is little to report this year. The four sets of handbells remain in good order but demand for their use has been limited during the last twelve months. The Mendlesham handbells remain in the custody of the Guild for safe keeping.

Mrs C Girling, 6 Cavendish Road, Stowmarket, Suffolk, IP14 1LQ (01449-674425)

Details of the scheme and advice on whom to contact, through the Guild maintenance officer, can be obtained from the above address and telephone number.

SECRETARY'S REPORT

The Management Committee met regularly during the year and despite the long journeys involved for many of the members of the Committee the meetings have always been well-attended.

For its AGM this year, the Guild were invited to St Margaret's, Ipswich and, as one has come to expect from the SE District, the arrangements were impeccable. They even ensured that we had somewhere to park our cars, something that is not normally easy in Ipswich. Was it also part of their plan that the business meeting was to be completed in under two hours? Or perhaps it was the thought of the excellent tea that they had laid on which ensured that we did not get drawn into lengthy discussions. Anyway, thanks to all who had a hand in making the arrangements.

Over 80 members attended the meeting. There was nothing controversial on the agenda. Our Treasurer proposed that subscriptions remain the same next year and the proposal was quickly adopted before anyone could propose an increase! A few new officers were elected: Stphen Pettman was appointed as the Guild's Public Relations Officer, Stephen Young is now the Report Editor and Michelle Chapman has taken over as the Newsletter Editor.

The AGM could not find anyone willing to fill the office of Treasurer. Fortunately, shortly afterwards Paul Stannard indicated that he would be prepared to take on the job, an offer that the Management Committee were only too pleased to accept. The Committee are grateful to Chris Barker who continued acting as Treasurer until Paul's appointment.

It still continues to be a matter of concern to some that Guild and District meetings are not better attended. On the other hand the bells of Suffolk are being rung for church services and that should be our prime objective. What really matters is not how many ringers attend AGM's, etc, but how many regularly ring on Sundays. From what I hear, Sunday service ringing is in a very healthy state. For instance at Woodbridge, my home tower, it is now some years since the bells have not been rung at least once on a Sunday and the attendance is now usually in double figures. There is undoubtedly an enthusiasm for ringing in the county at grass roots level. Those of us who attend the Guild and District functions know what enjoyable and social occasions they can be. If we want more to attend them then perhaps we should personally invite ringers to come along and, if they do, make sure their presence is acknowledged and that they are made welcome. Then maybe they will want to come again.

Bruce Wakefield

Something worth holding onto .....

A Pritchard bellrope is something rather special. Touch it and you instinctively warm to its richness and comfort. Pull it and you're in control. And reassuringly - the same quality since 1820!
so why all the fuss? frankly we're so proud of our flax hemp, natural fibre ropes that we wanted you to know that they're staying exactly the same as they've always been. Exactly right for you, your tower, and your companions. In a changing world that must have some appeal.

RINGING MASTER'S REPORT

Well 1995 was a very active year for Katharine and I. In the course of visiting District meetings and practices I formed the opinion that ringing in Suffolk is alive and fairly healthy. Whilst practices are well attended, some lack innovation and enthusiasm. We need to improve the usefulness of practices to assist in the retention of ringers. Again the lack of opportunity to conduct at practices is noticeable, more efforts must be made to share out our knowledge and ensure the continued existence of the exercise. It is of concern the marked differences between practice bands and service bands. We must find a way to ensure as many ringers as possible who attend practice also ring on Sundays. It is not sufficient to have ten for practice and only five for service. The depth of method ringing continues to improve, but alas this appears to be to the detriment of striking and good rhythmic ringing. Perhaps we should encourage better ringing of the mundane and routine before moving on to other things. The Guild and its officers are aware of these and many other problems, and are working to educate and hopefully overcome many of them.

On the publicity front, Ralph and I were both successful in getting ringing on to the television. Horham ringers also appeared in a programme about village life on Anglia. Myself and Paul Stannard appeared on Suffolk radio, talking about the insidious imposition of VAT on bell work, and the press carried several good stories about Suffolk ringing, Buxhall and Stowmarket to name but two. The "Ringing World" also carried a large number of articles about Suffolk ringing. Our profile has been high and I can only encourage all members to act as ambassadors with the media, in an attempt to keep it up.

The AGM in Ipswich was very successful. The format of quarter peals worked well, with each District except the SW scoring on the day. The meeting was short, and should have done much to encourage future attendance. Congratulations to Southwold, Grundisburgh and St Mary le Tower, who won the Lester Brett Trophy, Mitson Shield & Rose Trophy respectively. I am currently canvassing views on the striking competitions in an effort to find ways to increase entry. Healthy competition, specially in striking, can only be good for ringing as a whole. Let's not forget the rich history of Striking competitions in Suffolk, with much prize ringing going on in the 18th & 19th centuries.

As a "disliker of" outings, I must confess the Guild Outing to St Albans nearly converted me. Super bells, good company and seething heat provided an excellent day out. St Albans Abbey can optimistically be described as challenging, but we gave a good account of ourselves at every tower visited. So enjoyable was it that I am actually looking forward to the 1996 Outing. As usual Veterans' Day was a pleasure and again thanks are due to Muriel and the Debenham ringers for all their efforts. This year for the first time we held a Guild Carol service at Horham. 59 people braved the bad weather and cold church for a most enjoyable evening. Thanks go to the Rev David Streeter, the Horham Ringers and the Gipping Valley Handbell ringers.

The R&T Committee goes on from strength to strength and I am eternally grateful for the hard work put in by members. Equipped with our own budget, we have spent the year looking at ways to help the membership achieve and many projects are still in the pipeline. Leaflets on "Complaints" and "How to Double Your Progress" have been well received and are available free from your R & T representative. Each District Ringing Master now has a practical library of ringing books for use at District level on a short term loan basis.

We ran three seminars during the year, two on Bell Maintenance, in the NE & SE and one on "Conducting Not Bob Calling" at Laxfield. All have been well attended and thanks go to the tutors, Martin Thorley, Winston Girling & David Ward. The R & T are only too pleased to run seminars on any bell related subject - Striking, Listening Skills, Method Learning are just a few. If you feel you or your tower could benefit, just ask.

A change of venue and format for the training day was well received. Students' comments have been noted and hopefully improvements will be included this year. However, the Handbell course will not be included this year, but instead we will be having a "Handbell " day in the early summer, watch for details.

Quarter peal week came and went with 12 being rung. This needs looking at and the R & T are seeking views and opinions. One thing the R & T did decide was to offer grants to attenders of Central Council approved training courses. As yet we have received no requests, so why not give it some thought?

My thanks to all members who turned out and supported ringing for VE & VJ days. Suffolk's contribution to both days' celebrations was excellent. Peals, quarters & ringing at local towers resulted in a high profile, which was appreciated both by the public and service organisations alike.

Much the same was true of the "Festival of Faith". The Bishop was greeted by bells throughout his cycle ride. I was also privileged to be asked to ring in and call a peal at the Cathedral, to welcome the new Provost, the Very Rev James Atwell. A representative band of Suffolk & Towcester ringers, assembled by George Pipe, rang a good peal of Cambridge Royal. Since then it has been a pleasure to welcome the Provost to the Guild as a member. Very seldom these days do we witness history in the making, but just that happened at the Cathedral when I attended the dedication of the peal board for the welcome peal. As part of the dedication, we rang rounds & call changes on the back eight, with both the Provost & the Bishop ringing. What a cherished few minutes and quite unique.

On the peal front it has been a very good year. The total of 159 has been achieved without the assistance of touring bands and the vast majority have been rung by the Guild rather than for the Guild. 96 resident members took part, with 11 first-pealers.

On the whole, the standards have been fairly high. However concerns have been expressed to me about certain peals. Conductors must be ever vigilant to ensure the highest possible standards are achieved. Nothing is gained by forcing ringers through methods they are clearly not capable of ringing.

Congratulations are due to Martin Thorley who, with the peal at Helmingham on 18th November 1995, has broken Les Brett's all time Guild peal record. Will he be the first to 1500 for the Guild? It was also good to see George Pipe and John Mayne each returning to Ufford for peals to mark the 50th anniversary of their first. Not many can say they have been peal ringers for 50 years.

Peals of note, in date order, include: 1/1 (St Mary le Quay) 100th anniversary of the first peal of minor in Ipswich; 22/1 (Cathedral) the peal to welcome the new Provost; 23/2 (Cathedral) the 100th anniversary of the first peal on the ten; 28/2 100th anniversary of the first peal at Otley; 26/3 first peal on the restored ring at Pakenham with four first pealers; 1/4 100th anniversary of the first peal at Burgh, 25/6 (Hollesley) all ladies peal of Surprise Major; 16/12 (Stowmarket) 180th anniversary of the first peal.

First Peals:

Paula M Armstrong
Nancy Taylor
Elizabeth Sutherland
Julie A Allen
Sal Burrows
Susan Munford
Joan Tipple
Stephen Munford
Simon P Pilsbury
Richard J Doy
Benjamin S Boss

For the Guild:

300th Frank CJ Arnold
400th Mary Allum
400th Robin D Allum
450th Alan P Mayle
500th Katharine J Salter
800th David G Salter

Peals:

50th:	Ann-Malena Lee
75th	Catherine A Colman
100th	Julian Colman
100th	Michelle W Chapman
200th	Mary E Mitchell
200th	Paul V Stannard
250th	Winston S Girling
500th	Mary Allum
700th	Alan P Mayle

First as Conductor:

Richard J Munnings

Togethers:

100th	Paul V Stannard & Maurice J Rose
200th	Josephine M Beever & David G Salter
200th	Katharine J Salter & Mary Allum
200th	David G Salter & Robin D Allum
250th	J Martin Thorley & Katharine J Salter
400th	David G Salter & J Martin Thorley
500th	Katharine J Salter& David G Salter
500th	Trevor NJ Bailey & J Martin Thorley

My congratulations to all who reached personal milestones or achievements during the year.

And finally, having only missed two District meetings last year, I would like to thank you all for the friendly welcome Katharine and I receive wherever we go in the Guild. Please do not forget that myself and other fellow Officers are here to serve. We can only do that if you tell us what you want. Please keep feeding back.

And of course I cannot close without thanking Katharine who has supported me throughout this year, through thick and thin.

David G Salter

The "Software Arm" of the Guild

Loads of time, effort and money goes into the hardware - bells, frames, fittings, ropes, etc - which we all applaud.

However, as was remarked at the AGM two years ago, at the present rate of intake of ringers, never mind members, it will not be long before we all have a tower each!

The Recruitment & Training Committee of the Guild is here to help you in the areas of:

- Promotional material, for both ringing and the Guild
- Standing displays
- Manpower to assist in recruitment drives ....
- .... and training at your tower
- A wide - and widening - range of course materials
- The Annual Training Day
- A developing training methodology to make it all fit

Bells need people to make them work.

We at Recruitment & Training are in the people business!

For further information, contact your District R&T Rep or the Ringing Master

TREASURER'S REPORT

My short time of holding office is not much to give an impression of the finances of the Guild. Overall our resources have risen, the Restoration Fund especially benefitting from more subscriptions and peal fees from which 50% is automatically transferred.

A grant was made to the Recruitment & Training Committee to enable this aspect of the Guild's work to be pursued.

Also the Guild has provided insurance cover for all members. These, together with high communications costs (especially the Ringing World), have drained the General Fund considerably. The Income Tax refund from covenants for 1995 is also outstanding.

The Newsletter and various District and Guild "What's On" notices should obviate the need for many Ringing World adverts, I feel.

I would like to thank Chris Barker for taking the trouble to gather returns and balance the books before transferring to me and all those who provided the prompt returns I received at the year end.

Paul V Stannard

LIBRARIAN'S REPORT

The Suffolk Guild Library is growing slowly: besides books and archive material it also contains tapes and videos and acquisitions this year include two videos, one of the Suffolk Guild of Ringers Social Events 1994 and the other, Italian Ringing Styles. As with the books, tapes and videos are available for borrowing and there has been a steady trickle of borrowers.

Following a visit by Miss Jean Sanderson, Chairman of the Central Council Library Committee, and her advice on aspects of the Guild Library, the two copies of "The Church Bells of Suffolk" by John Raven have been repaired and rebound.

The Librarian welcomes enquiries from potential borrowers and donations of Library material.

Gillian Wakefield

MAINTENANCE OFFICER'S REPORT

During the last year 39 Churches have joined the Suffolk Guild Affiliation Scheme, an excellent response and grateful thanks are due for their support for this worthwhile scheme, the proceeds of which go to our bell restoration fund. All are listed elsewhere in this report and please do encourage your Church to join if they have not already done so. The proceeds from this minimal subscription have so far raised nearly £400.

May I extend a warm welcome to all new members of the maintenance team and also say thank you on behalf of the Guild for the voluntary work by the team and other ringers and helpers who have worked very hard to keep our bells ringing. It is hoped to extend the team by forming a Belfry Advisory Committee so that more of the available expertise within our Guild is put on a firm footing.

All of the year's work as detailed below has been carried out voluntarily unless stated otherwise and of necessity the record has been kept to a minimum because of available space. Please do make sure that, if any voluntary work on bells is carried out at your Church, it is brought to the attention of either the Guild Maintenance Officer or one of the team so that it can be recorded.

SOUTH WEST DISTRICT

GLEMSFORD: 5th headstock replaced, work on 3 bells now complete and all 6 ringing, much improved. **MONKS ELEIGH:** guides moved down 5 feet, much improved. **BURES:** treble lifted out and removed from headstock to replace packing between headstock and bell, re-stocked and now tight. **NAYLAND:** all 6 clappers re-bushed. **HITCHAM:** looking at possibility of restoration and repairs to tower roof. **BARNARDISTON:** looking at Ellacombe apparatus being fitted and bells being left as they are.

SOUTH EAST DISTRICT

WOODBRIDGE: rusted 5th clapper staple freed and tightened. **CAMPSEA ASHE:** visited, bells worn in soundbow, clappers too long and piece out of 2nd. Can be rung. **ST LAWRENCE, IPSWICH:** visited and bells tried. Debris around frame cemented over, some frame decay, extra bolting and tie rods and treating and cleaning necessary. **IKEN:** recently rung for wedding, maintenance in hand, interested in augmentation. **EASTON:** visited, frame cills move 50 thou, supporting RSJ's recommended. **BRANDESTON:** loose gudgeon on treble headstock repaired by Taylor's, work on removing and replacing bell carried out locally.

NORTH EAST DISTRICT

GISLINGHAM: visited, interest in rehanging, bells taken down to first floor. **REYDON:** single bell removed. To be re-hung in new 6-bell frame and 5 extra bells added. **BENHALL:** new headstock fitted to 2nd, bearings cleaned, Hawkedon type clamps needed on frame. **YAXLEY:** checked and tightened prior to peal. **EYE:** visited, 5th pulley freed, frame movement assessed and leaking clock weight turret reported.

CARLTON: (4) visited, derelict, one bell can be swing chimed. **KELSALE:** visited, showing some interest in rehanging on self-aligning ball bearings. **BARSHAM:** 1893 frame enters tower walls just above window openings and should be rehung lower in tower, possible grant for this. At **WENHASTON** and **WESTHALL** visits are to take place and at **LITTLE GLEMHAM** it is hoped that a long standing badly leaking tower roof may be repaired before too long, having already caused frame decay.

NORTH WEST DISTRICT

STOWMARKET: bells ringing again after major tower restoration, guides and pullies replaced, louvres and intermediate floors soundproofed to reduce sound levels both outside and inside the tower. Extra ring beam and securing frame to RSJ and ring beam has improved 'go' of bells and tower movement at parapet level minimal. **HINDERCLAY:** visited, loose clappers released and tightened, bells checked. Much debris. Frame needs painting. **GREAT BARTON:** tight clapper bush on 2nd reamed and freed off. **HOPTON:** visited, bells checked and tightened including frame. Both trebles hung in rickety wooden construction above other bells and possibility of rehanging them in a small steel frame in same location being looked at. **WATTISFIELD:** Faculty to hand to weld cracked 4th, to be removed from tower, transported and replaced, including refurbishing clapper by team and helpers. **BADWELL ASH:** visited, checked and tightened, hoops on single bolted, recessed and hooped gudgeons on 2nd very loose and working off headstock causing severe knocking. Wedged temporarily and will be repaired in due course. **HAUGHLEY:** following fitting of self-alighning ball bearings by Taylor's clapper swing on some bells not compatible and bells go up wrong. Much local work to resolve but problem continues. **GREAT ASHFIELD:** Faculty being applied for to fit new metal work to tenor headstock and drill bell crown to support cracked canon, work expected to start soon. **COMBS:** push to rehang 4 bells and augment has come to a standstill. **WEST STOW:** much work on these fine bells including stabilising treble which was moving around considerably, and welding and turning down 5th gudgeons to cure severe knock caused by worn gudgeon pins, bells much improved. **BARROW:** old wooden frame reassembled lower in tower and new steel 6 bell frame in place above to house old 5 bells and new treble, work by Eayre and Smith but much local effort. **BUXHALL:** 3rd recast and replaced in tower, bells now restored to former glory. **EXNING:** wooden frame top levelled to realign 5th bearings. **TIMWORTH:** bells checked and donated ropes fitted. **COTTON:** architect has passed frame supports and declared bells safe to ring, much work here by maintenance team including painting all metal work. **MARKET WESTON:** visited to assess possibility of frame being repaired by local builder. **WICKHAM SKEITH:** bells overhauled, 5th gudgeons welded and turned down to cure severe knock and bells pealed and much better to ring. **THELNETHAM:** bells checked and tightened including frame.

Winston Girling

TECHNICAL ADVISER'S REPORT

The highlight of the year must be the return of **Stowmarket** bells to ringing, after the extensive restoration of the tower. The spire has been restored to its former height, and is now a splendid sight especially when compared to the odd looking stump of latter years. The bells were tried out on Wednesday 7th June, where the tower sway at roof level was very slight indeed and certainly a vast improvement on what it was before. The bells have been in regular use since.

There are two restoration projects in progress at the moment, at Barrow and Reydon near Southwold.

At **Barrow**, much of the old frame has been lowered into the intermediate chamber, because English Heritage would not allow the 1846 frame to be removed, and there isn't sufficient height for a new six bell frame in this chamber with the old frame in situ. The new metal frame has been installed at the level previously occupied by the old frame. The existing five bells have been tuned and a new treble cast. They should be installed early in the new year, and the dedication is on March 31st. so all will be complete when you read this.

At **Reydon**, the single Brasyer bell was removed on Tuesday 27th July. That evening a procession led the bell which was pulled from the church to Reydon Corner, where the Rev. Harry Edwards conducted a short service before the bell, "Gabriel", was loaded to continue his journey to Whitechapel the following morning.

Gabriel has now returned and has been hung in a new cast-iron and mild steel frame for six where he will be the fifth bell in the new ring. A new treble, "Michael", was cast and hung at the same time, completing the first stage of this project.

The parish has now raised sufficient to order two more bells, which will remain at the foundry until the remaining bells have been cast and they can complete the final stage of the project, which should be in about two years time, so watch this space!

Other towers visited by your Technical Adviser include Wilby, Campsea Ashe, Gislingham, Easton and Benhall.

Wilby: The bearing races have been replaced on the third.

Campsea Ashe: The main problems are with the treble and second bells, the treble being excessively worn where the clapper strikes, and the second has a large chunk missing from the lip, most likely caused by a combination of a poor casting and too long a clapper. The clapper in the third is also too long, so only the tenor is fit for use at present.

Gislingham: The parish are exploring the possibilities of restoring this fine old ring of six, where the bells are at present unhung in the intermediate chamber. The tower is quite large in plan so there is plenty of room to install a new frame to house the bells on one level lower down, allowing the old frame to be preserved in situ.

Easton: The bells and fittings are all in quite fair order and the Day frame is still good. The problem here is that the frame is not anchored to the supporting beams and moves about when the bells are rung. The supporting timbers below the frame are in poor condition and there is little to anchor the frame down to. A set of rolled steel joists inserted below the frame seems the most likely solution.

Benhall: The headstock on the second had split in two and required urgent replacement. A new one was made to the same pattern in elm and all the existing ironwork re-used. The plain bearings have been cleaned out and fitted with felt pads to retain the oil. The vertical tie-rods were all tightened which much reduced the horizontal movement of the top sills. As at Easton the frame requires anchoring down to the supporting beams which in this case are in good condition. Clamps are to be made for this purpose.

Finally I would like to mention The Suffolk Guild Affiliation Scheme, which Winston has invested much hard work in. Please try and persuade your church to join. It's only £10 per year and will raise valuable funds for your Guild and give your church access to the expertise that the Guild has to offer on bell maintenance and other matters.

DIRECTORY OF SUFFOLK GUILD TOWERS

The table which follows shows details of every ring of bells in Suffolk. The following details are included:

Deanery (Dny):

BC	-	Beccles	HX	-	Hoxne	SM	-	Samford
BS	-	Bosmere	IP	-	Ipswich	ST	-	Stowmarket
CL	-	Clare	IX	-	Ixworth	SX	-	Saxmundham
CO	-	Colneys	LO	-	Loes	TH	-	Thingoe
HD	-	Hadleigh	LV	-	Lavenham	WD	-	Woodbridge
HL	-	Halesworth	ML	-	Mildenhall			
HR	-	Hartismere	SD	-	Sudbury			

District (Dist):

NE - North East NW - North West SE - South East SW - South West

Condition of the ring (Cond):

10 - Excellent. Ball bearings, modern frame and fittings.
9 - Excellent. Plain bearings, modern frame & fittings or ball bearings in old frame.
8 - Good going order.
7 - Fair going order.
6 - Poor going order.
5 - Ringable if cleaned up and odd fittings and ropes provided.
4 - Ringable with difficulty and a degree of risk after making odd repairs.
3 - Unringable mainly because of tower and/or frame arrangement and position.
2 - Unringable mainly because of frame and/or fittings.
1 - Hung dead.
0 - Some bells unhung on the ground.

Ground floor ring? (GF)

Saxmundham: Trevor Hughes, The Brickworks, Saxmundham Rd, Aldeburgh (after 6 pm) 01728-452982

Secretary's Report (1995)

I returned to active ringing after a long time away and quickly sank to tthe level of District Secretary. Once elected I felt like the man who stood at the gate of the year - asking for a light! I need not have worried. Light and help came from all over: across the county and down the years

What has the District done? Provided the handbell team for the church service at the Guild AGM in Ipswich; provided ladies to ring in Kath Salter's all-ladies peal of Yorkshire Surprise. Southwold won the Guild Call-Change Competition, North-East District came third- some say should have been second - in the Guild Striking Competition. Meetings have been well-attended, beginners' practices for ringers and conductors likewise. The monthly Surprise practices at Aldeburgh are as popular as ever. Michelle slaves over the Guild Newsletter. At the close of 1995 ringers from the Horham area put on for the Guild the most beautiful Ringers' Carol Service I have ever attended.

What has the District lost? Two "good old boys" - Jeff Gorrod of Lowestoft and Dick Payne of Southwold passed away during the year.

What could the District aim to do next year? Encourage as many ringers as possible to achieve as much as possible by providing the opportunities for this. Foster that "good fellowship" that gave rise to the old saying: "There is more freemasonry among you ringers than there is among the freemasons!". Oscar Hammerstein summed up my own feelings: "A song is not a song until you sing it, A love is not a love until you give it, abell is not a bell until you ring it". With these words in mind I reckon you could run anything, not just a District!

Don Price

Management (2): Ruth Young, address as above.
Friends of Suffolk Bells: Both positions vacant.

Secretary's Report (1995)

In addition to the usual monthly practices and quarterly meetings, various other ringing and social events have been organised and enjoyed.

In March a regular 8-bell Surprise practice was begun at the start of each month. The District rang a quarter-peal at St Mary at Quay, Ipswich on AGM day and also came second again this year in the Guild 8-bell Striking Competition. The NW v SE Ten-Pin Bowling event was won (again!) by the NW.

A barbecue was held at Barrow after the quarterly meeting in July and all appetites were well catered for by Daisy Catering. The District Outing was to the Suffolk towers which are in the Norwich Diocese. The VE and VJ celebrations were supported by various ringing in the District. The Annual Dinner at Peggotty's was attended by some thirty people from the District and beyond.

Work to maintain and improve the bells in our District continues with the hard work of the maintenance team. Stowmarket bells were able to ring to welcome the Bishop on his cycle ride and the 3rd at Buxhall has been recast. The new frame has been installed at Barrow and the bells are expected to return early in the new year.

Our District membership remains at a similar level to last year. We were sad to record the loss of Felix Potter this year, another of those stalwarts who has always been there.

Having taken on the Guild Treasurer's post it was appropriate for me to retire as Secretary and Treasurer of the District this year. Sue Ashton-Jones and Ruth Young have taken on the respective roles. I hope you will give them the same support I have enjoyed. It was a great help to have so many subscriptions paid so early this year. I would like to record my thanks to you all for your help over the years and especially for the presentation made at the Annual Dinner. I was most surprised and touched by it.

Paul V Stannard

The John Taylor Heritage . . .

Bellfounding is part of Britain's heritage. When John Taylor began bellfounding he was continuing a heritage dating back to the Fourteenth Century. That same heritage continues today producing the unique purity and richness of sound that typifies the magnificent Taylor bell, whatever its size or purpose.

Master Craftsmen creating part of our heritage to delight future generations

How true our motto is! Every year our sound touches the lives of more people in more lands. Whether it is handbells, a clock chime, an English change-ringing peal, a carillon, or even a single bell, our experience and expertise ensures unequalled perfection and depth of tone. Naturally, the quality of the bells is mirrored in every aspect of our work - simply, the best!

Whatever your needs - servicing, maintenance, restoration and renovation or a new installation - why not call the Master Craftsmen today and become part of our Heritage.....

Secretary's Report (1995)

The District has had another busy year with a variety of events, ringing and social, aimed at providing support, encouragement and fun for its members. Attendances at practices and meetings have been variable, but overall our numbers are just slightly down on last year. The ADM at Falkenham was a most enjoyable gathering and we were honoured to welcome Ron Dove and visitors from other Districts. The meeting marked John Girt's retirement as District Chairman, a post he has held for six years. We much appreciate all the hard work he has put into this position and his expertise on Guild matters will certainly be missed.

Our District Outing in March to the Chelmsford and Southend area was a great success; congratulations to Philip for maintaining the tradition of well-organised outings - we look forward to the next one. The District Striking Competition attracted twelve teams and was won by St Mary le Tower with Grundisburgh and Pettistree close behind.

We have welcomed 25 new members to the District and hope they will be encouraged to join in our activities. It was particularly encouraging to have new members from Easton, where there is now a regular practice. Here, as in many towers, sterling work is going on with recruitment, teaching and maintenance. We are delighted that three District babies have arrived during the past year (to David and Suzanne Stanford, Mervyn and Tracey Scase and, very recently, to David and Katharine Salter) and there are two more on the way. A thriving District indeed!

Val Mayhew

FOSB Rep: Winnie Lockwood (following mid-term resignation of Amanda Jackson)

Changes for 1996

Chairman & Ringing Master: Richard Knight (address as above)
Secretary & Treasurer: Rolie Whiting (address as above)
Management Committee Reps: Richard Knight and Andrew Stone (addresses as above)
FOSB Rep: Winnie Lockwood (address as above). The second post is vacant.
Deanery Reps:
Clare: David Smith, Woolverton, 8 Stour Vale, Wixoe, Stoke by Clare, Sudbury CO10 8UB 01440-785651
Hadleigh: Charlie Ablitt, Lowlands, Stratford St Mary, Colchester CO7 6JN 01206-322684
Lavenham and Sudbury Deaneries: As in 1995.

The following posts remain vacant: Maintenance Officer, Newsletter Correspondent, Recruitment & Training Reps and Restoration & Maintenance Reps.

Secretary's Report

Another eventful year passes but it saddens me that 1995 has been eventful for the wrong reasons.

During the year three of our older members sadly passed away: Aubrey Peacock of Stoke by Clare, George Bloomfield of Glemsford and Les Mills of Bures.

Ringing-wise, the January district practice at Lavenham surpassed all expectations with an attendance of some 50 district members and visitors. Sadly, this was not to be the trend for the year, indeed the same event and venue repeated in October generated only eight ringers and was, ironically, the worst-attended event of the year.

Probably the most popular event of the year was the district's striking contest, held at Rattlesden, with the home tower capturing the trophy by the narrowest of margins from Lavenham, and this was followed by a barbecue at the local pub.

In contrast, however, the district failed to enter a team in the Guild 8-bell striking competition at Kersey. This was the first time the district had failed to compete in this event and caused some embarrassment, with the event taking place at a tower within our district.

Apart from the poor attendance at district events, the district was badly affected during the year by the controversy over Bellserve. Unfortunately the district lost its secretary/treasurer, mainten-ance officer, ringing master and representatives on Recruitment & Training, Restoration & Mainte-nance and FOSB committees, all of whom tendered their resignations during the year. (For those of you who are wondering why I am writing this report and not the secretary who was elected, that is the reason!)

The district's annual meeting, at Clare, saw only 15 district members and five visiting ringers attend what should be THE event of the year. As a result, the district struggled to find sufficient volunteers to fill all offices , with the usual "hardy perennials" rallying to keep the district afloat.

The result of this lack of interest in the district has meant that our calendar of events for 1996 has been cut down quite dramatically and a request has been made to the guild's management committee to consider the re-structuring of the districts within the guild.

I will end on a positive note by saying that ringing in the district at a local level is actually thriving, with regular Sunday service ringing taking place at a good number of towers.

What must the district/guild do to attract/persuade these ringers to attend district/guild events in the future? Why do they readily pay their subscriptions but not seek a return on their investment? I wish I had the answer to these questions!

Andrew Stone (Caretaker Secretary/Treasurer - South-West District)

OBITUARIES 1995

Reginald Abbott - Monk Soham and Winchester

Born in 1903, Reg was the last of the pre First World War Monk & Earl Soham bands. His first peal was at Dennington, conducted by Edward Jenkins before the great man moved to Oldham.

Reg joined the Metropolitan Police and in so doing rang at Croydon in the 40's and 50's, coming under the notice of JGA Prior who also sadly died in 1995.

Henry William Barrett - Loddon

In many ways Bill was as Suffolk as the rest of us - he loved ringing over the border from Norfolk. After some years in Surrey he moved back to Loddon in 1950 and after that rang over 1700 peals on all numbers. In his early days he was a fine tennis player which he reckoned gave him fitness in later life. Office holder in the NDA, teacher, churchman, Bill was a man of many parts and was always supported by his wife Eveline.

Chloe Selina Bedford - Aldeburgh

Wife of Peter and mother of Ruth, Vernon and Stephen, one could say Chloe certainly made her contribution to the Guild. We admired the way she quietly went about her daily life: patience and support personified. We thank God for her.

George Bloomfield - Glemsford

A ringer at St Mary's for over sixty years, George was just about the last of the "Glem Valley Boys" and of course his life connected us with the Slaters, Theodore, Sam and Zechariah, ringers and craftsmen all.

Edward Patrick Duffield - Colchester

Ted Duffield's name will be spoken in the Exercise for all time, for he was one of the greats. We knew him primarily through ringing but his range of activity and skills was prodigious - miller, organist, national croquet player and mayor of Colchester.

EPD was part of a notable ringing family from Buxton in Norfolk and rose to become Master of the Essex and the College Youths.

Before the war he was a member of William Pye's band and afterwards of Wilfred Williams'. Unconventional in style, Ted could ring anywhere in the circle, on any number and any weight, with a special love for twelve-bell ringing and London Surprise Major.

John William Euston - Buxhall and Streatham

Jack became one of the best known faces in Metropolitan London for 70 years and it is fair to say that with the exception of Tom Taffender and Harold and Olive Rogers nobody did more for London ringing overall than he.

Born at Buxhall in 1900 he learnt at Finborough, ringing his first peal at Monks Eleigh in 1922 with his lifelong friends Ted Davey, Keith Whittell and Harry Lister. Jack

never forgot his Suffolk roots and always kept in touch with these ringers, Alf Peters and those in the Stowmarket area.

But it is at St Margaret's Westminster and a host of London rings, many of which he maintained all those years, that we remember him. More, he was a strong Christian and a thoroughly nice man.

Jeffery Gorrod - Lowestoft

Jeff bravely fought six months of illness and we realised how tenacious he was. Ringer, PCC member, churchwarden, a man of talent besides his skill as an engineer.

He was taught to ring by Peter Kindred at Pakefield, a good "nursery", rang at Carlton Colville and around the Diocesan borders, holding office in the NDA, and in later years formed the Britannia Handbell Team. He was a good photographer too.

We remember his wife Pauline and children Philip and Christine in their sad loss.

George Hill - Worlingworth

Another of the village call-change band, George passed away at 82. These unsung ringers kept the Hoxne Deanery bells going year after year and the Guild acknowledges their service. There is always a nice welcome around Worlingworth and one is glad the newer generation keeps up the tradition whilst always pleased to see change ringers.

James W Jennings - Ipswich, Stutton and Staffordshire

Brother of Grace and John, Jimmy was a ringer of some ability before the Second World War. Taught at Rushmere, he soon came under the influence of the Tower and in quite a short time he was ringing Superlative Maximus, with the only band in the country capable of it at Sunday service.

Jim was a musician - piano, organ and a member of the Bach choir. We remember his achievements and personality with affection.

Charles H Kippin - Southampton

The enigmatic Charlie Kippin - what would he do next? Such was his skill at the end of a rope and in the field of progressive composition that there were always surprises! Technically with Frank Darby he advanced the development of Surprise Royal centred around Beddington and physically any bell of any weight came within his compass.

Charles joined as a Life Member in the 1920's.

Leslie D Mills - Long Melford and Bures

Leslie was a Melford man and it is in the Stour Valley from Sudbury to Bures we especially remember him. Les was his own man, of strong opinion and tireless energy, craftsman in wood and metal, teacher, organiser and fund raiser. One didn't always agree with him but, my goodness, one respected his efforts.

Teaching his wife and son Donald, restoring and augmenting Bures and Sudbury St Peter are some of his legacies to us and he was recognised with Vice Presidency of the Guild.

Richard Sulley Payne - Southwold

Dick Payne "hailed" from Lincolnshire as we used to say, friend of Arthur Haynes and Ted Chapman who in their turn came to Suffolk. He became Tower Captain of Southwold in 1936, holding the post for almost fifty years. After the war he teamed up with John Blythe and gave valuable service in the North East district especially.

Dick was a committed Christian, Vicar's Warden, PCC Treasurer and like all good stewards handed on his knowledge to his children and grandchildren and many another young ringer.

Aubrey Peacock - Stoke by Clare

Another of the loyal local folk who don't make the headlines but nevertheless play their part Sunday by Sunday in the village community. Aubrey was such a man. The Suffolk Guild's structure and endeavour needs an abundance of people like this.

Felix Potter - Horringer

Felix was the sort of man Thomas Gray immortalised in his Elegy. A villager through and through, indefatiguable church worker, ringer, family man, serving God and his fellows throughout his life. How pleased we were when he received the Good Neighbourhood award.

Horringer belfry, church and village will miss him keenly.

James G A Prior - Croydon

Jim joined as a Life Member between the Wars but it is principally through his long Secretaryship of the College Youths he was best known - internationally in fact. And his interest was not polarised in London - he eagerly followed the doings of all the Guilds.

Certainly Jim was one of the most popular figures in the City and no mean heavy bell ringer either, listing Bow, Cornhill and Cripplegate tenors amongst his achievements.

Arthur Smith - Coddenham

Coddenham's vintage years were really pre-1914, historic bells in a contemporary belfry, but how pleased Arthur was to see them restored a few years back. He started his ringing in the days of the brothers Mee who rang there, Hawkins English, Tom Sadler and the Rev William Carter Pearson.

He was a good listener of change ringing and no mean judge either.

Dr Patrick Spencer-Phillips - Bildeston

Patrick was another Life Member, in his early days a well-known ringer in the Chelmsford area. Sadly he has not lived to see the completion of Bildeston tower and bells project which he did so much to support but we shall remember him when that happy day comes.

G.W.P.

May they Rest in Peace.
We offer our sympathy too to the relatives and friends of our departed members.

PEAL SECRETARY'S REPORT

During 1995 a total of 159 peals were rung for the Guild with a good spread over all numbers from Doubles to Maximus. Worthy of particular mention are the ladies' band that rang a peal of Yorkshire Surprise Major at Hollesley and the peals rung to commemorate 50 years since VE and VJ Days.

The peals were rung at 52 Suffolk towers and six towers outside the county, these being Beverley Minster, Birmingham (St Martin), Clive, Solihull, Thorington and Tolleshunt D'Arcy.

The first peal since 1957 was rung on the five at Pakenham. Stowmarket has returned to the peal columns now that the spire has been replaced, the last previous peal being rung there in 1990. The first peal has also been rung on the recast 3rd at Buxhall.

First performances during the year are as follows:

4 Feb	Monewden	Fryerning S Minor
17 Feb	Heveningham	Lyng Place Doubles
12 Mar	Henley	Foxhall S Major
24 Mar	Badingham	Ossington Place Doubles
5 Apr	Ipswich, St Mary le Tower	Quabbs S Major
5 Jul	Ipswich, St Mary le Tower	Fenham S Major
9 Jul	Aldeburgh	Cherwell S Major
28 Jul	Badingham	Vennington Doubles
12 Aug	Ipswich, St Mary le Tower	Humberside S Maximus
13 Aug	Ufford	Mumps S Major
25 Aug	Heveningham	North Rauceby Place Doubles
3 Sept	Offton	Louise S Major
25 Oct	Lavenham	Sonning S Major
5 Nov	Tolleshunt D'Arcy	Jacksdale Doubles
15 Dec	Badingham	Rouen Place Doubles
17 Dec	Ufford	Royton S Major

My thanks to conductors who submitted peal fees and details promptly and without the need for reminding!

Alan P Mayle

THE SUFFOLK GUILD OF RINGERS
Objects, Constitution & Rules

Objects

The Guild shall be established for the promotion of ringing for Divine Service and in furtherance of this object:

1. To promote and encourage the practice of bellringing.
2. To recruit, train and encourage bellringers in the practice of their art.
3. To cultivate the art of scientific ringing.
4. To promote a proper appreciation of the ringing chamber as part of God's house; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof, as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of the bells and their fittings.

Constitution

A. Name:

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St.Edmundsbury and Ipswich.
   (a) It shall be affiliated to the Central Council of Church Bell Ringers and registered as a Charity at Law.(Ref.266869)
   (b) The President shall be the Lord Bishop of the Diocese and there shall be Patrons. Vice-Presidents shall be elected at the A.G.M. of the Guild.

B.Membership:

2. Membership shall consist of the following categories:
   (a) Ringing Member. A person who can ring rounds efficiently on a tower bell.
   (b) Associate Member. A person who wishes to support the Guild.
   (c) Life Honorary Member. A Ringing or Associate Member who has given outstanding service to the Guild.
   (d) Non-Resident Life Member. A person who is qualified to be a Ringing Member, or Associate Member, but who resides outside the territory of the Guild and who is not a member under either 2(a), (b) or (c).
3. Ringing and Life Honorary Members only shall have voting rights and be permitted to hold office in the Guild.
4. Churches within the Diocese may be affiliated to the Guild on payment of an annual donation.

C.Districts.

5. There shall be four Districts:
   1 North East District consisting of the deaneries of Beccles and South Elmham, Halesworth, Hartismere, Hoxne and Saxmundham.
   2. North West District consisting of the deaneries of Ixworth, Mildenhall, Stowmarket and Thingoe.

3. South East District consisting of the deaneries of Bosmere, Colneys, Ipswich, Loes, Samford and Woodbridge.
4. South West District consisting of the deaneries of Clare, Hadleigh, Lavenham and Sudbury.

D. Government

6. The Annual General Meeting of the Guild shall be held on the Saturday following Easter or as shall be decided by the Guild Management Committee and shall be the ultimate decision making body of the Guild. It shall elect Guild Officers and set subscriptions and fees for the following year.
7. Members shall be elected to fill the following Offices: Chairman, Ringing Master, Secretary, Treasurer, Maintenance Officer, Report Editor, Newsletter Editor, Central Council Representatives, Technical Adviser, Librarian, Handbell Trustees, Peal Secretary, and any other such Officers as the Guild Management Committee shall see fit to approve.
8. In order that the Guild be run efficiently and its objects implemented there shall be three Committees established with the following responsibilities:
   (a) The Guild Management Committee which shall co-ordinate all Guild activities; publish a printed Annual Report and audited Accounts and convene Sub-Committees as may from time to time be required, and shall recommend the levels of subscriptions and peal fees and other methods of raising money and shall organise general meetings, ringing and social activities.
   (b) Recruitment and Training Committee which shall prepare training programmes for use in the Districts; provide courses for the training of teachers of ringing and assist Districts in the recruitment of Ringers.
   (c) Restoration and Maintenance Committee which shall maintain an up-to-date directory of towers, listing the condition of all Church bells in the Diocese; which shall make recommendations concerning the preservation and use of bells from redundant churches; which shall advise incumbents and arrange such local restoration and maintenance work as may be necessary.

E. Finance

9a. All money in any of the Guild's funds not required for normal working purposes shall be invested or deposited by the Treasurer as may be directed by the Guild Management Committee.

9b. All cheques shall bear the signature of the Chairman or the Secretary or the Treasurer and any cheque greater than the value of the limit set by the Guild Management Committee shall bear the signatures of two of the three signatories.

10a. The expenses listed in Rule D14 shall be paid out of the General Fund together with other payments in furtherance of the Guild's objectives as shall be specifically authorised by the Guild Management Committee.

10b. The interest received on the Jubilee Fund shall be applied to the work of the Guild in the restoration and maintenance of bells, etc and the capital element of the fund shall be retained intact.

10c. Grants from the Restoration Fund shall be authorised by the Guild Management Committee but shall only be paid following the approval of the work by the Guild Ringing Master and a technical adviser. Grants will normally be offered for work to restore bells and their fittings for full circle ringing, but may in addition include other ancillary work associated with any such project.

10d. The excess of income over expenditure on the Friends of Suffolk Bells account, or such proportion of it as the Guild Management Committee may determine, shall be transferred annually to the Restoration Fund.

10e. The monies in the St Peter's Sudbury Fund shall be used, as required, for running expenses and minor repairs and refurbishments to the St Peter's bells and fittings as

authorised by the Guild Management Committee.

10f. The monies in the Library Fund shall be used, as required, for the purchase and repair of books and other items for the library.

10g. The monies in the Handbell Fund shall be used as required for the repair, maintenance, renovation or augmentation of the Guild's handbells, as authorised by the Guild Management Committee.

10h. The Guild Management Committee may, from time to time, establish further funds and shall at that time specify the aims and objectives of the new funds.

10i. The Guild Management Committee may transfer sums from the General Fund to any specific funds and, if the purposes of the specific funds cease to exist, close these funds and transfer the balance to the General Fund.

11. At least half of all peal fees and subscriptions of Ringing and Associate Members, together with all the Non-Resident Life Membership fees, shall be transferred annually to the Restoration Fund from the General Fund.

F.Records and Handbells

12. The Report Editor shall record all peals rung for the Guild and Quarter Peals rung in the Diocese and publish them in the Annual Report.

13. The Librarian shall maintain an up-to-date inventory of publications owned by the Guild.

14. The Handbell Trustees shall maintain the Handbells in good condition and shall make such recommendations as may be necessary for the repair of the handbells to the Guild Management Committee.

G. General

15. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

16. The Constitution may be amended by a two-thirds majority of the members present at an Annual or Special General Meeting provided that 14 days notice of the proposed amendment has been sent to all members and provided that nothing herein contained shall authorise any amendment which shall have the effect of the Society ceasing to be a Charity in Law.

17. In the event of dissolution of the Guild any assets remaining after the satisfaction of all its debts and liabilities shall not be paid to or distributed among the members of the Guild but shall be given or transferred to such other charitable institution or institutions having similar Objects to the Guild.

Rules

Guild Rules.

A.Election of Members and Subscriptions

1. Ringing and Associate Members may be elected at any meeting by a majority of those present when proposed and seconded. Membership shall be exercised through only one District at a time, normally being the District under which the member is shown in the Annual Report. Subscriptions are due on election and thereafter in advance on the first day of January each year. Membership shall cease if such subscriptions are not paid by 31st December of the year in which they fall due. The subscriptions of members elected during or after October shall cover the remainder of that year and the whole of the next year.

2. The subscription rates for members shall be fixed at the Annual General Meeting and unless a change is agreed the existing rate shall continue. Persons in full time education shall pay a reduced rate of subscription and subscription shall be waived for members over the age of 65.

3. Life Honorary Members shall only be elected at an Annual General Meeting and nominations may only be made by the Guild Management Committee or District. No further subscription is payable after election.

4. Persons who have been Ringing Members or Associate Members for at least two years may, upon leaving the Diocese, inform their District Secretary that they wish to become Non-Resident Members. No subscription is payable during the period of non-residence. A person resident outside the Diocese who wishes to be associated with the Guild may be elected a Non-Resident Member as an alternative to Ringing or Associate Membership.
5. For the purposes of peal ringing new members may be provisionally elected in the belfry to the appropriate category of membership subject to the confirmation at a business meeting of the appropriate District in the case of a Ringing Member or at a meeting of the Guild Management Committee in the case of a Non-Resident Member. If election is not confirmed the subscription shall be refunded.
6. Any member failing to conform to the Objects and Rules of the Guild may be expelled by the Guild Management Committee which shall report the matter to the next Annual General Meeting. Such a member shall forfeit any payment made to the Guild.

B. Election of Officers.

7. All Officers shall retire at the Guild's Annual General Meeting but shall be eligible for re-election. Nominations may be made in writing to the Guild Secretary or orally at the Annual General Meeting provided always that they are proposed and seconded. If more than one nomination for any office is received then election shall be by paper ballot, the successful candidate being the one with the highest number of votes. In the event of a tie the Chairman shall have a casting vote. Central Council Representatives shall be elected in accordance with the rules of the Central Council during the second year of the triennium at the A.G.M. of the Guild.
8. The Annual General Meeting shall appoint an Auditor who is not a member of the Guild Management Committee and need not be a member of the Guild.

C. Committee Structure.

9. The Guild Management Committee shall consist of: Vice Presidents, The Guild Chairman, Ringing Master, Secretary, Treasurer, Technical Adviser, Public Relations Officer, Maintenance Officer, two elected representatives from each district & such Guild Officers as may be from time to time required or invited to attend. Six members shall constitute a quorum. The Committee shall meet at least three times per year. The Chairman shall take the chair at all meetings of the Guild and Guild Management Committee. In his absence the Chair shall be taken by the Ringing Master or in his absence by a person elected by the meeting.
10. The Recruitment and Training Committee shall consist of the Guild Ringing Master as Convenor and two Representatives from each District.
11. The Restoration and Maintenance Committee shall consist of the Guild Maintenance Officer as Convenor, Guild Technical Adviser and two Represenatives from each District.
12. Each of the above two Committees shall meet at least three times a year.
13. (a) The Chairman, Master, Secretary, Treasurer and Maintenance Officer shall form the Guild Executive. In the event of a Guild Office being vacated between A.G.M's they shall make a temporary appointment until a General Meeting can be convened.
    (b) The Guild Management Committee may convene such sub-committees as it deems necessary from time to time and shall determine their terms of reference, powers, duration and composition. All acts and proceedings of any such sub-committee shall be reported back to the Guild Management Committee as soon as possible.

D.Expenses

14. The following shall be paid by the Treasurer out of Guild funds:
    (a) The cost of printing the Annual Report and any other publications authorised by the Guild Management Committee.
    (b) The expenses of Guild Meetings.

(c) Stationery, postage, telephone, notices of all meetings and other incidental expenses.
(d) Insurance of Guild property.
(e) Central Council fees and reimbursement of Representatives' expenses attending each Council meeting, not exceeding the second class return rail fare and a subsistence allowance as may be determined by the Guild Management Committee.
(f) Such other expenses as the Guild Management Committee may determine.

E.Peal Records.

15. All peals rung for the Guild must conform with the decisions of the Central Council. All those taking part must be members of the Guild.

16. Conductors shall forward the following to the Peal Secretary as soon as possible and not later than 15th January the following year:
    (a) The names, addresses and subscriptions of any Non-Resident Members elected in the belfry.
    (b) The appropriate peal fees.
    (c) Compositions for peals of Triples and above and compositions of such other peals as the Peal Secretary may request. Money received for items (a) and (b) shall be passed to the Guild Treasurer.

F.Alteration of Rules.

17. No alteration or addition shall be made to the Rules of the Guild except as specified in paragraphs 16 and 17 of the Constitution.

District Rules.

18. Each District shall hold an Annual General Meeting during the last quarter of the year for the purpose of receiving a report from the District Committee for the previous year, election of Officers and arranging activities for the coming year. Members shall be eligible to vote or stand for Office only in the District through which they exercise membership in accordance with Guild Rule 1.

19. The following Officers shall be elected annually: Chairman; Ringing Master; Secretary/ Treasurer; District Maintenance Officer; Newsletter Correspondent. The Chairman, Ringing Master and District Maintenance Officer shall normally represent the District on the Guild Management, Recruitment and Training, and Restoration and Maintenance Committees respectively but substitutes may be permitted. One other representative to each of the Guild Committees shall be elected. The District Officers and one elected member from each deanery shall form the District Committee. A District may elect additional working Officers at its discretion to assist the running of the District.

20. The District Secretary/Treasurer shall collect all subscriptions and other monies due and forward them to the Guild Treasurer. A statement of accounts shall be submitted to the Guild Treasurer by 15th.January. A Directory of tower correspondants, lists of members and ringing times shall be submitted to the Secretary by 15th January.

21. The District Maintenance Officer shall endeavour to arrange for the inspection of every belfry in the district at least once a year and shall report his findings to the Restoration and Maintenance Committee at their January meeting. He shall be available to advise incumbents and shall provide leadership at local working parties where necessary.

22. The District Newsletter Correspondent shall report on District activities for the Guild Newsletter, the 'Ringing World' and local newspapers.

23. The District Committee shall be responsible for the efficient management of the District's affairs and shall report to the District Annual Meeting on the year's work.

Regulations relating to the Pearson's Handbells.

1. The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the proceeding borrower.
3. The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without prior consent of both of the Trustees.
4. The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.
5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.
6. The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the committee.
7. The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

The Mitson Shield and the Rose Trophy Striking Competitions Rules.

1. The competitions shall take place on the third Saturday in May or on any other date decided by the Guild Management Committee.
2. All Ringing Members and Life Honorary Members of the Guild may compete providing their subscriptions are paid.
3. No Member may ring more than once in the Rose competition, except as specified in Rule 10.
4. Representative bands shall consist of:
   (a) The Mitson Shield. Six ringers of which at least four are shown in the Annual Report as members of that tower. All six ringers are to be bona fide Ringers at that tower.
   (b) The Rose Trophy. Eight members of a district or eight ringers representing a tower, of which at least six are bona fide Sunday Service Ringers.
5. Neither the Mitson Shield nor the Rose Trophy can be held by any band not complying with the previous Rule.
6. Each band must have a representative present at the relevant draw. The times of the draws to be advertised in the 'Ringing World'.
7. A total of two minutes practice ringing and stand will be allowed before each test piece.
8. The test piece will be:
   (a) The Mitson Shield. 240 true changes of any recognised Doubles or Minor Method(s).
   (b) The Rose Trophy. At least 224 true changes of any recognised Triples or Major method(s) .In the event of bands ringing Doubles or Triples a cover bell must be used. For the Rose Trophy only the first 224 changes, excluding the opening rounds will be judged.
9. The length of either test piece may be shortened at the discretion of the Ringing Master in the event of a large entry.
10. A reserve ringer, appointed by the Ringing Master, will be available to bands meeting short, at the discretion of the Ringing Master.
11. A minimum of two judges appointed by the Ringing Master will be present. Their decision is final.
12. The Mitson Shield and the Rose Trophy are, and shall always remain, the sole property of the Guild, which may at any time give directions for their locations and safe keeping.
13. Interpretation of all rules is at the discretion of the Ringing Master.

SECRETARY'S REPORT

The 1996 Annual General Meeting of the Guild was held at Lavenham and Acton on April 13th as guests of the SW District. Thanks to the Master and others, the event was well publicised by the local press and radio. It was, however, disappointing that only 88 members attended what is an important event in the Guild's calendar, especially considering the hard work put in by the SW District to provide the facilities and tea. A group photograph of those present did appear in the local newspapers the following week.

The Guild expressed its confidence in the management team by re-electing all the officers unopposed. There was concern over the state of the General Fund, which was now in deficit. The Bell Restoration Fund, on the other hand, was in a very healthy state. To rectify this the Management Committee reluctantly proposed that the subscriptions to the Guild be increased from £7 to £10. This was vigorously opposed by a significant number of those present with the result that no agreement could be reached over the level of subscription for 1997. The Management Committee were in the end instructed to review the Guild's finances to see whether savings could be made which would avoid having to raise the subscriptions by so much, and then to call a Special General Meeting of the Guild later in the year to present its findings. Based on this report the Special General Meeting of the Guild would then decide the level of subscription to be set for 1997.

As instructed, the Management Committee met to discuss the financial state of the Guild in August. It concluded that in order to prevent the General Fund from running at a deficit, either the subscriptions would have to be increased to at least £10 pa, or the Guild would have to reduce the percentage of the subscriptions that was automatically transferred into the Bell Restoration Fund from the current level of 50%. The second option, however, would run the risk of the Guild losing its charitable status. Full details of the recommendations from the Management Committee were published in the Guild's Newsletter.

The Special General Meeting of the Guild was held in October. Disappointingly, considering the importance of the meeting, only 34 members of the Guild attended. This meeting rejected the proposal to reduce the fraction of subscriptions transferred to the bell restoration fund and voted by a substantial majority for an increase in subscriptions for 1997. It also voted by a substantial majority for the abolition of free membership for those over 65. Finally it agreed, by 20 votes to 14, that the subscription level from 1st January 1997 should be £10 for adult members, and £5 for associate members, members over 65 and for members in full time education.

Increases in subscriptions to organisations never have been and never will be popular, and the Management Committee were fully aware of this when they met in February 1996 to discuss what to recommend to the April AGM. It does cost money to run the Guild, but this Guild is no more expensive to run than its neighbours. Where we are generous is in our support for bell restoration projects within Suffolk. This is an important aspect to our work as bells are expensive instruments to maintain. We all get

pleasure from bellringing, not only in our home towers but also in towers all over the county, and indeed the country, so morally we have a duty to help our parishes maintain their bells for our use. Indeed, it could be our own tower that suddenly becomes in need of financial assistance. I therefore hope that this modest increase in subscription of £3 pa will not deter the majority of you from continuing to be members of what I consider to be one of the premier ringing guilds in East Anglia.

Bruce Wakefield

LIBRARIAN'S REPORT

The past year has seen more requests than usual for the services of the Suffolk Guild Library. Items borrowed have included videos, Annual Reports, back copies of the Ringing World, in addition to books. There have also been several requests for information, including one from Belgium for information about Dutch bells in Suffolk.

The Library continues to acquire items, and I would like to thank all those who have so generously donated recordings of bells, memorabilia, books and leaflets. Purchases include more binders for the Ringing World, so that the last 12 years' copies are now bound for easy reference. Three new books, which will be of interest to many ringers, are Steve Coleman's 'The Bellringers Bedside Companion', 'The Method Ringer's Companion' and 'The Bob Caller's Companion'. All of these are highly recommended as they are written in a light- hearted way about the basics of learning new methods, bob calling and conducting, illustrated throughout with amusing and interesting anecdotes.

Have YOU considered using the Library? Its facilities are just a phone call away.

Gillian Wakefield

RINGING MASTER'S REPORT

Yet another busy year on the ringing front both personally and Guild wise. The "What's On" was introduced during the year and hopefully has contributed to members being more aware about what's going on more effectively than adverts in the Ringing World. I am more than happy to put any ringing related event into the "What's On" but remember the deadline is the first of the month before. If you are not getting your "What's On" in time, complain to your Deanery rep.

On the wider front, the year saw steady progress by many members. Some improvements in standard were showing but Suffolk ringing is still plagued with mistakes and striking errors. Quite how we deal with this is another matter. The R&T committee offers a seminar on "Listening Skills" but it seems that those who would most benefit from attendance think it is not aimed at them. If every member was more careful, more critical (of your own ringing) and more aware then the overall standard could be improved. It is somewhat disappointing that Guild committees waste so much time on irrelevancies rather than the basic problems that can be rectified. There is no excuse for bad striking or mistakes and we must all work towards the perfect. I am reminded of the old phrase "Positive Attitude Creates Excellence".

1996 saw the launch of the "Ring in 2000" project. Whilst the Guild is 100% behind the project we must be aware of our limitations and realistically it could be possible to ring every Suffolk tower on 1/1/2000 but not all together. Nonetheless I have done two pieces for the radio and new bands have thus far been recruited at West Stow and Stutton. If every member of the Guild went out and recruited one new ringer, the Guild would double in size and the 2000 project would become more possible. Recruitment is another area where we are slacking. The new porch cards may help, but at the end of the day, recruitment is the biggest problem facing all of our towers. A lax tower captain can see the band totally disappear. As with striking mistakes this is another thing we must get the better of. We must recruit, promote and publicise if we are to survive. Along with new recruits, lapsed members are out there in their hundreds. Can we get them back? We must try and we must make amends.

The AGM at Lavenham, started the year off well with a short meeting, trend setting, I hope. Four quarter peals were rung, all on 8 bells, and there was lots of general ringing at Lavenham, Monks Eleigh, Acton and Cavendish. A new Guild picture was taken and now hangs in the tower at Lavenham with the one taken in 1966.

The three striking competions were run, with Horham winning the Call Change competition, Grundisburgh winning the 6 bell and St Mary-le-Tower winning the 8 bell. They were held at Sproughton, Saxmundham and Aldeburgh. This year's will feature a set touch for the 8-bell as an experiment and we will monitor how it goes. Remember the competition is only open to fully paid up Ringing Members and Honorary Life Members.

In July the Guild outing went to Peterborough. A splendid day organised by

Katharine included ringing at Croyland Abbey an interesting long draft and Peterborough Cathedral. So well attended was it that everybody had a refund. Whilst it is nice to get a full bus, we do not intend to take more than 28 people, so if you want to come this year (to Southwark Cathedral), book early.

Don and Helen held open house for the handbell day in August, and a very productive session it was. Good company, good food and a wonderful view only interrupted now and again by the sound of handbells. Look out for this year's day. Training day was not so well supported as it could be, but there are factors. Of more concern was the lack of helpers, if it had not been for the North East ringers we would have been very short. Now at some point or the other everybody has had help and training day is an excellent way of putting something back. Book the date now and let me know that you will help. The seminar was held at Stowmarket and the topic was "Running a successful tower". Full notes will be available shortly. The main points were: run the tower as a band not as a dicatorship, encourage/welcome all who attend and not just your friends and be proactive with the church and church activities. A most informative afternoon session.

Of the many other ringing events during the year, Veterans day was the usual huge success. Muriel and the Debenham ringers put in much hard work, long may it continue and on behalf of the Guild, Thank you. The Suffolk Show again proved the popularity of Ralph's bell. Again Dennis and Ralph did an excellent Public Relations job. The Reydon open towers day, with ringing on the then two at Reydon, was very relaxing and an excellently organised day, as was the NE District outing to Cambridge. The 20th anniversary of the re-hanging of St Mary-le-Tower called for a party in Church House with, of course, some ringing. Again a super evening.

Of the work done, Barrow were completed and re-dedicated by the Bishop. Wattisfield fourth was sorted out and Reydon augmented to six. Unfortunately Barrow and Wattisfield suffer from odd struckness. Hopefully this will have been sorted out by now. This is not acceptable, you would hardly accept second best if you were paying £30,000 for a car, so why should we put up with shoddy workmanship in bells. Reydon on the other hand are a joy to ring, perfectly struck and well hung. A good job of course is a credit to the foundry concerned.

During the year, Michelle Chapman and Hannah Kidger left Suffolk for academia. Whilst they will both be missed I am sure they will be ambassadors for Suffolk ringing,. both learnt to ring in Suffolk and have reached a high level of achievement. Paddy and Martin Thorley have also returned from these borders to another place, both will be badly missed and certain towers are going to be financially down, but we wish them well. It is not too far to Yorkshire and hopefully, some of their many ringing friends will make the trip.

On the peal front, 136 have been rung. Of note were the two peals for the 100th anniversary of the first peal by a lady and the 90th anniversary of the first peal by a lady in Suffolk, unfortunately, we could not go back to Rumburgh for this, but we rang it at Badingham. First on the six at Barrow 7/4/96, first peals in the method at Pettistree 16/3/96 and Offton 19/5/96. The first peal on the bells at Metfield 6/5/96, with high hopes there of completing the project, by augmenting to six. The 100th on

the bells at Hasketon 7/8/96 and the 100th anniversary of the first peal at Huntingfield 11/5/96. The 60th anniversary of the first peal at Buxhall 2/5/96 was very moving. Ted Cracknell, who was in the first, turned up to listen so we had to be on our best behaviour.

Of the many personal milestones reached here are some:

Peals:

First	Alan J Gull
	David F Ward
	Pat Ward
	Sam Maynard
25th	Richard J Munnings
100th	Don C Price
200th	Owen P Claxton
200th	Clive J Dunbavin
250th	Mary E Dunbavin
250th	Roger K Whittell
300th	David R McLean
450th	Michael G Whitby
500th	Robin D Allum
600th	Katharine J Salter
750th	Alan P Mayle
800th	Simon Rudd
1000th	David G Salter

For the Guild:

75th	David F Webb
300th	Josephine M Beever
500th	Alan P Mayle
700th	George W Pipe

As conductor:

First	Stephen J Bedford
50th	Winston S Girling
600th	David G Salter

Togethers:

200th	Trevor N J Bailey
	David G Salter
250th	J Martin Thorley
	Alan P Mayle
250th	David G Salter
	Robin D Allum
250th	David G Salter
	Mary Allum

My congratulations to all and apologies to anybody I have missed.

Quite what is in store for us in 1997 remains as yet to be seen, but the Guild will only work if we all work together.

I cannot conclude without mentioning two things. If you do not already know, George and Diana are off to Australia teaching ringing. What a dream holiday, what a challenge and we should be immensely proud of them both.

The other little, sleep reducing item I should mention is George, who arrived on 9th January 1996. We both thank all of you for your support and tolerance and we hope he will soon be up to peal ringing.

And finally, as another year passes, it remains for me to say thank you to all, who have helped in any little way, with Suffolk ringing in 1996.

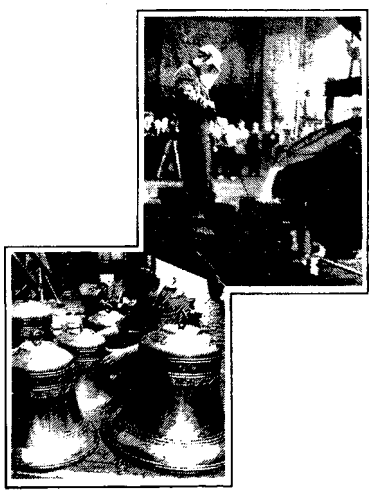

And of course, I cannot close without thanking Katharine, who throughout the year has been beside me, helping, encouraging and supporting, and listening to me rant on when things don't go quite right.

David G Salter

The John Taylor Heritage . . .

Bellfounding is part of Britain's heritage. When John Taylor began bellfounding he was continuing a heritage dating back to the Fourteenth Century. That same heritage continues today producing the unique purity and richness of sound that typifies the magnificent Taylor bell, whatever its size or purpose.

Master Craftsmen creating part of our heritage to delight future generations

How true our motto is! Every year our sound touches the lives of more people in more lands. Whether it is handbells, a clock chime, an English change-ringing peal, a carillon, or even a single bell, our experience and expertise ensures unequalled perfection and depth of tone. Naturally, the quality of the bells is mirrored in every aspect of our work - simply, the best!

Whatever your needs – servicing, maintenance, restoration and renovation or a new installation – why not call the Master Craftsmen today and become part of our Heritage.....

MAINTENANCE OFFICER'S REPORT

During the last year a further 8 Churches have joined the Suffolk Guild Affiliation Scheme, making 47 in all, and grateful thanks are due for the support for this worthwhile scheme, the proceeds of which go to our bell restoration fund. All are listed elsewhere in this report: please do encourage your Church to join if they have not already done so.

Throughout the last year much work has been carried out on our bells by, not only the Guild maintenance team, but also by others who work quietly away and I am sure that I echo the thoughts of all our members when I say thank you to you all. It is however unfortunate that the maintenance team are not represented in every District - at the moment only the North East and North West Districts are covered - hopefully this situation will not remain so for too long but I feel that our Guild does need to look at the whole aspect of the present system. My suggestion of a Belfry Advisory Committee would I believe require some rule changes to be put on a proper footing, and this has delayed matters somewhat.

The detail of the year's work as detailed below has been kept to a minimum because of available space. If any work is undertaken on the bells of your Church or you become aware of it then the restoration and maintenance committee would like to know because it can then be recorded as part of our Guild records.

NORTH EAST

In this District the enormous success and completion of **REYDON** stands as a tribute to the hard work and perseverance of those involved. My congratulations to you. **WESTHALL** have some money and are looking at having the cracked treble welded. Work continues at **PALGRAVE** to lift and support the frame and **PEASENHALL** have received attention. **KELSALE** has been reported on with a view to rehanging the trebles in a steel frame rather than the present rickety wooden structure and also rehanging the back six in the present wooden frame. **THORNHAM MAGNA** fifth has been examined and the cracked headstock is to be removed to ascertain the extent of the weakness and what further work is necessary. **METFIELD** have placed an order for two extra bells and an inspection at **RUMBURGH** has indicated several problems.

NORTH WEST

Here the restoration and augmentation of **BARROW** bells is another indication of a tremendous local effort against seemingly all odds. Again congratulations to all involved. At **WATTISFIELD** the severely cracked fourth has been welded and returned to the tower and the bells are now ringing again. Much of the work was carried out by the maintenance team. The third at **COTTON** has had the clapper repaired to correct odd striking and the three bells at **RUSHBROOKE** (chiming only) have had new oak rope bosses fitted. **PAKENHAM** have ordered a new treble to augment to six, **GREAT**

ASHFIELD are now ringing again following the drilling of the tenor crown to allow a bolt through and other ironwork to support a cracked canon, the headstock and wheel of the third repaired and rope chutes on the intermediate floor also repaired. **TIMWORTH** has had replacement ropes fitted and the installation generally tightened. Here many seized nuts had to be released and packed out with washers and new wheel stays had to be made. **STOKE ASH** have been rung again following tower repairs and **FINNINGHAM** (3) inspected following a request from the Parish. **MILDENHALL** continue ringing the front six only owing to a badly rocking tower. At **HINDERCLAY** and **GREAT BARTON** teams of Community Service workers organised by the Suffolk Probation Service carried out cleaning, painting and decorating. This has proved a worthwhile venture and if you need work done and are interested in considering this free service (apart from a small travelling contribution) anywhere else in Suffolk contact Tony Hale on Ipswich 217151.

SOUTH EAST

At **EASTON** the frame requires extra supports and the possibility of carrying out this work is being looked at. The remaining gudgeons have been replaced at **STONHAM ASPAL** and all that remains now is some minor adjustments on the second which has a slight tendency to drop at backstroke. There are moves to restore **ORFORD** where the bells were last heard in 1830 and the tower fell at about this time. **IKEN** would like to add two trebles.

SOUTH WEST

BILDESTON are looking at training a band ready for when the bells are back and this could take place at Kersey. A report is being prepared on **COCKFIELD** and at **BOXFORD** much voluntary and local help went towards preparing for and helping the bellhangers to remove the bells from the tower. More work is required on the tower before the bells can be returned and rung. The clappers on 6 and 8 have been tightened at **HADLEIGH** and at **WITHERSFIELD** a broken chiming hammer was replaced. **STRADISHALL** are about to have the cracked fourth removed for welding.

Winston Girling

RECRUITMENT AND TRAINING

The Exercise still has more bells than ringers.

At the national level, "Ring in 2000" is actively attempting to address this and we are following suit

We can supply assistance in the areas of:

- Promotional material, for both ringing and the Guild
- Standing displays
- Manpower to assist in recruitment drives ....
- .... and training at your tower
- A wide - and widening - range of course materials
- The annual Training Day
- A developing training methodology to make it all fit

Courses we can now run any time, anywhere include:

- Bell Maintenance
- Change Ringing on Handbells
- Conducting, not Bob-Calling
- Listening to Bells
- Rope Splicing
- How to Learn Methods

If you need help to get the show on the road, or to keep it rolling ....

Contact your District R&T Rep or the Ringing Master

TECHNICAL ADVISER'S REPORT

1996 has been another eventful year, with restorations being completed at Barrow, Reydon and Wattisfield.

BARROW: The ring of five has been rehung, together with a new treble, in a new steel frame for six, by Eayre and Smith of Derbyshire. The new frame is installed in the position previously occupied by the old timber frame, which is now preserved in the intermediate chamber.

REYDON: The second and final part of this project is now complete, with the casting and hanging of bells 2, 3, 4 and tenor. The bells were dedicated on Saturday December 7th.

WATTISFIELD: The cracked fourth bell has been repaired by welding and rehung in the existing fittings with a modified clapper.

Other towers visited by your Technical Adviser during the year include:

HALESWORTH: Restoration work on the tower is nearing completion. The bells remain in good order and should be ringable again by Easter.

KELSALE: The bells were inspected and a report prepared as the parish is considering the possibility of a rehang.

FINNINGHAM: The three bells have been tried out after a belfry clearout and new floors have been installed in the tower. There is still some work to be done but it looks as though the bells will be ringable when this is complete.

IKEN: The parish plans to rehang the pre-Reformation ring of four in the existing 5-bell frame and to add two new trebles, with existing framework to house one of these being installed on top of the existing frame.

Also visited were Rendham, Peasenhall, Rumburgh and Wrentham, where general maintenance was carried out.

Other projects which are in progress or are planned to start soon include:

BOXFORD: The bells have been removed to the Foundry.

PALGRAVE: The bells are being rehung in the existing frame which has been anchored down to new supporting steelwork.

METFIELD: The parish is about to embark on the final stage of the restoration of their bells, with the addition of two trebles to complete the six.

STRADISHALL: The cracked 4th bell is to be welded.

EASTON: Quotes are being obtained for the installation of steelwork to support the existing bellframe.

HINDERCLAY: The frame has been painted and the bells are now considered to be in excellent order.

With grants available from the Millenium Fund, from now until the end of the century promises to be a busy time. Restorations are planned at: BILDESTON (6), where the tower is to be rebuilt and the bells rehung; ORFORD (5), with the bells being

augmented to eight; GISLINGHAM (6); PAKENHAM (5), with augmentation to six and also Kelsale, Metfield and Iken, which have already been mentioned.*

Interest has also been shown at Blaxhall (6), Little Glemham (5), Great Glemham (5), and Fornham St Martin (6), so it is definitely a case of watch this space!

With all our restoration work going on it is still a sad fact that many of our towers remain silent on Sundays, due to a lack of people to ring them. We should all try to encourage as many people as possible to learn to ring. Perhaps we can encourage people who have once learned and have since given up to return. If so, perhaps there will be far fewer silent towers on 1st January 2000.

Michael Rolph

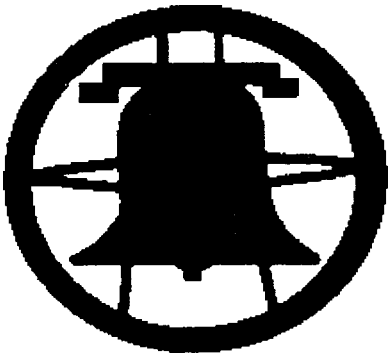

PARISH AFFILIATION SCHEME

We acknowledge, with gratitude, the support for the work of our Guild, shown by the following parishes who have joined our Affiliation Scheme.

DIRECTORY OF SUFFOLK GUILD TOWERS

The table which follows shows details of every ring of bells in Suffolk. The following details are included:

Deanery (Dny):

BC	-	Beccles	HX	-	Hoxne	SM	-	Samford
BS	-	Bosmere	IP	-	Ipswich	ST	-	Stowmarket
CL	-	Clare	IX	-	Ixworth	SX	-	Saxmundham
CO	-	Colneys	LO	-	Loes	TH	-	Thingoe
HD	-	Hadleigh	LV	-	Lavenham	WD	-	Woodbridge
HL	-	Halesworth	ML	-	Mildenhall			
HR	-	Hartismere	SD	-	Sudbury			

District (Dist):

NE - North East NW - North West SE - South East SW - South West

Condition of the ring (Cond):

10 - Excellent. Ball bearings, modern frame and fittings.
9 - Excellent. Plain bearings, modern frame & fittings or ball bearings in old frame.
8 - Good going order.
7 - Fair going order.
6 - Poor going order.
5 - Ringable if cleaned up and odd fittings and ropes provided.
4 - Ringable with difficulty and a degree of risk after making odd repairs.
3 - Unringable mainly because of tower and/or frame arrangement and position.
2 - Unringable mainly because of frame and/or fittings.
1 - Hung dead.
0 - Some bells unhung on the ground.

Ground floor ring? (GF)

Tel: 0171 -247 2599. Fax: 0171-375 1979.

TREASURER'S REPORT

The main subject of this year has been the financial position of the Guild with regard to the General Fund. Considerable time has been spent trying to balance income with expenditure and to maintain the objectives of the Guild.

In an effort to save time at the AGM I give the following comments on various items in the accounts. If further information is required I would ask for requests in writing by March 29th as I am unable to attend the AGM this year.

In the event of no other nominations for the post of Treasurer, I will accept this office for one further year only.

Paul V Stannard

Notes on the Accounts

1: Subscriptions: The total banked during the year was £3500, of which £130 was for 1997 subscriptions. £84 was prepaid in 1995 and appeared in last year's figures.

2: Peal Fees: £840.70 was received during the year. All 1996 peal fees have been paid and accounted for. £152.60 was outstanding at the end of 1995 and the Peal Secretary has confirmed that there are no further amounts due for 1996.

3: Income of £225 donations from the Ipswich Institute and the Norfolk and Suffolk Border Ringers has helped the General Fund. The Ipswich Institute has other requests for assistance and we must not expect this income, welcome though it is.

4: Considerable savings have been made on expenditure items: Ringing World adverts £450; Officers' expenses and administration £148 and Newsletter/What's On £214.

5: Increases have occurred in insurance (£82) and the Annual Report (£98). Last year's Annual Report figure of £688 was net of adverts - I have separated these this year for a fairer picture.

6: One-off payments, such as restoration of the Mitson Shield, and items over which we have no control, such as donations and wreaths for members, also vary from year to year.

7: We are able to reduce the accumulated deficit by £650 for an item, previously not within the remit of the Restoration Fund, now being so and this has therefore been credited back to the General Fund.

8: Despite the outcry in some quarters over the increase in subscriptions, with 50% automatically going to Restoration, this will only bring in extra revenue to the General Fund of approximately £450, based on this year's membership.

With the General Fund in deficit of £260 this year and taking my note (3) into account I feel the subscription rate is justified.

Anyone who has been involved with a bell restoration project must appreciate the considerable help a worthwhile grant from the Suffolk Guild gives. As usual it is the efforts of a few that provide benefits to others, but surely with part of the subscription helping these projects it is a painless way of fund raising and we are all then making a contribution.

9: Friends of Suffolk Bells: The calendars and cards for 1995 cost £493. The income from these was a total of £733, £267 received in 1995.

10: Recruitment and Training: An annual allowance of £350 was given in 1995. It is not treated as a separate item as such to the General Account. Therefore the balance at 31.12.95 has offset this year's expenditure.

Secretary's Report (1996)

Sometimes you do something and think: "That was good. It can't get better than that!" But next time it is! So 1996 seemed a better year for the District than 1995. Consider:-

1. The regular monthly 10-bell practices were well attended and the ringing improved.
2. Quarterly meetings were well attended. Even the safari to Thrandeston and Rickinghall Superior in (dead) August was a success. Not only the tea by the retired village baker but also to ring on a fine peal of six (wasted) in the redundant church at Rickinghall.
3. Our Ringing Master has maintained a regular surprise practice at Aldeburgh and Double Norwich is regularly under attack at Southwold.
4. The District outing to Cambridge was well supported by the whole Guild. Good friends from the Ely Diocesan Association opened all the towers on time and made us welcome. The weather was exactly as ordered and, personally, I had a great day, made better by very fair change ringing on the twelve at Great St. Mary's.
5. The District was host to the Guild Striking Competition at Aldeburgh. I think we did well. Trevor's tea is still talked about even in remote corners of the county! We put two teams in from the North East District and every ringer gained from the special practices. We didn't win due to the judges' notion of good ringing being different from ours.
6. A team from Horham flew the District flag at the the Guild Call Change Competition and emerged victorious..
7. A new peal of six bells - of rare quality - has been added to the District: St. Margarets Reydon. Frank Clarke is the tower correspondent. Helen Price raised the cash.

So much for last year. What to do in 1997? Well, we lost five members and gained six. But wait. Some of those we gained were folk returning to ringing after time away. This is worth a thought, for the future of Ringing depends on the continuous teaching of new and able entrants. We sometimes regret the time spent teaching folk to ring who leave as soon as they become able ringers. Notice, next time you ring with a team from various towers, how many have returned to ringing - often bringing a partner. So it is not all lost; this District would be poorer without these returned ringers who were well taught years ago. So keep teaching!

Another way the District can make progress is to follow up the idea of Deanery or area practice nights, currently being held in Halesworth and Saxmundham areas, where ringers from several local towers meet once a month for practice. Some of us believe that too many learners lose interest and so leave ringing because their progress is rather slow. Anything we can do to avoid this is worthwhile - after all "Nothing succeeds like success".

Don Price

Secretary's Report (1996)

After completing my first year as District Secretary I now realise what a busy programme of activities the District runs, and just how many willing volunteers have helped to make it a success.

The January meeting was held at Newmarket; being my first meeting as secretary it was all a bit of a whirl and my abiding memory was the very welcome cup of tea at tbe end! The District Striking Competition was held at Rougham in April. This was well supported, with seven teams participating including an encouraging number of ringers taking part for the first time. The Stowmarket team took the honours. The July meeting at Horringer was not so well supported for the afternoon ringing but the evening BBQ organized by Sally Crouch was a great success, attended by some fifty people- The ADM in October was held at Wattisfield and Hinderclay. At the meeting Julian Colman stood down after three years as District Ringing Master and will be succeeded by Josephine Beever. The day was rounded off with a Social Evening organised by the Hinderclay Ringers.

Five Beginners Practices were held during the year at which a significant number of learners made good progress. In addition two training sessions were held. The first at Ixworth focused on bell maintenance. The second dealt with rope splicing and handbell ringing and was followed by ringing at Great Ashfield, where the tenor had recently been repaired after being silent for several years.

Services followed by open ringing were held at both Barrow and Wattisfield to mark the re-dedication of these bells.

The Annual District Outing in June was to "Lucy Boston" country which for those who are not acquainted with her books is around Hemingford Grey. We could have done with a few more ringers but nonetheless it was a most pleasurable day culminating in a ten-pin bowling evening.

Finally, the Annual Christmas Dinner, held at Peggotty's, was again very enjoyable and well attended.

Overall, 1996 saw a full range of activity which helped enhance the well-being of bellringing in the District.

Woodbridge: Geoff Pulford, Cherrywood, Church Rd, Otley, Ipswich IP6 9NP 01473 890835

Secretary's Report (1996)

Perhaps I should start at the end! Our ADM saw an encouraging turnout, the ringing chamber at St Mary-le-Tower was packed and the tea venue full to overflowing. So were we after a splendid tea! Despite rather disappointing attendance at some of our practices during the year, the District is obviously hale and hearty. We were pleased to welcome more new members in December than during all of the rest of the year.

During the year we held our usual meetings and practices and received a warm welcome at all of the towers visited. The District Striking Competition was held at Harkstead and attracted eleven entries. Winners were St Mary-le-Tower and the usual tea was enhanced by us being part of the Harkstead Bygones exhibition. This year's outing was to the Letchworth area and cars were used instead of the usual coach but this did not detract from our enjoyment of the day.

We were sad to lose two members during the year, Doris Broadley, who few of us knew but had supported the Guild by being an Associate Member for some years, and Gordon Leach, a long-serving and much respected ringer at St Matthew's. We have also lost members who have moved away recently and hope they are enjoying ringing in their new parishes. One has contacted us to say that ringing in her new tower is not as good as in Suffolk because the ringers are not so friendly! Good for us!

As this is my last report I would like to thank all members of the District for their support and friendship over the last four years, particularly those who have served on the District Committee. With plans to 'Ring In 2000' beginning to take shape, the next few years should be exciting ... and busy!

Val Mayhew

SOUTH-WEST DISTRICT

District Officers 1996

Chairman and Ringing Master: Richard Knight, 6 Cresslands, Hawkedon, Bury St Edmunds IP29 4NW 01284-789503

Secretary and Treasurer: Rolie Whiting, 10 Harpers Est, Nayland, Colchester CO6 4LB 01206-262023

Maintenance Officer: Vacant

Newsletter Correspondent: Vacant.

Representatives on Guild Committees

Management: (1) Richard Knight, address as above.
(2) Andrew Stone, Broadlands, Lower St, Stanstead, Sudbury CO10 9AH 01787-281419

Recruitment & Training: Vacant.

Restoration & Maintenance: Vacant.

Friends of Suffolk Bells:
(1) Winnie Lockwood, 17 Toppesfield Gardens, Hadleigh. 01473-824916
(2) Vacant.

Deanery Representatives

Clare: David Smith, Woolverton, 8 Stour Vale, Wixoe, Stoke by Clare, Sudbury CO10 8UB 01440-785651

Hadleigh: Charlie Ablitt, Lowlands, Stratford St Mary, Colchester CO7 6JN 01206-322684

Lavenham: Andrew Stone, address as above.

Sudbury: Tony & Barbara Clayton, Carey, Newton Green, Sudbury, CO10 0QU 01787-374507

Changes for 1997

Recruitment & Training Rep: Andrew Stone, address as above.

Lavenham Deanery Rep: Richard Brewster, 42 Meadow Clo, Lavenham, Sudbury CO10 9RU 01787-247678

The following posts remain vacant: Maintenance Officer, Newsletter Correspondent, one FOSB, and two Restoration & Maintenance Committee Reps.

Secretary's Report

We approached 1996 with some trepidation following the dearth of people who were willing to take on District office at the 1995 A.D.M.

Our first scheduled event was an evening Business Meeting on February 24th in the notoriously chilly Stoke by Nayland church. Happily we discovered that the choir stall heating was fully operational so the environment was somewhat friendlier than had been anticipated. Fourteen members turned up and the business was duly dealt with in comparative comfort (although it took rather longer than I had suggested it would!), after which the intrepid company ascended to the unheated ringing chamber and kept their circulation going in the usual manner until 9pm.

Our next event was a District practice at Lavenham on March 23rd which was well patronised by District members of varying abilities along with several visitors from further afield. This turned out to be a popular venue, as had been the case in March 1995 and we were encouraged by the level of attendance.

Five teams entered our District Striking competition at Polstead on June 22nd. Several ringers were participating for the first time and none appeared to be overawed by the experience. The local band were sadly unable to field a team but they provided us with a delicious assortment of sandwiches and homemade cakes at the end of the competition, all "on the house". The striking competition Trophy, a wooden shield made by the late Leslie D. Mills, had been refurbished at the expense of the Rattlesden band, but, sadly for them, they were unable to take it back home this year.

The proceeds from our 5 bell "tower grab" on September 28th were donated to the Stradishall Bell Restoration Project which Dennis Kiddy is spearheading. The District Car Outing on October 26th was well supported and culminated in a very enjoyable pub meal which was akin to an informal District Dinner as everyone was accommodated in one large room. The A.D.M. at Nayland on November 23rd was well attended and, although we are still short of candidates for District Office, we are generally pleased at the support we have received from our members during 1996 and hope we will manage to satisfy them again in 1997.

We gained 23 new members during the year, thanks in no small way to Ann Jessop, Neville Whittelll and helpers who have spent many hours training new ringers for Monks Eleigh and Boxford towers. Also, we are pleased that Cowlinge has been 'returned to the fold' thanks to the Deanery Boundary change.

The Boxford Restoration is proceeding apace and, 'fingers crossed', the bells will be available in time for our A.D.M. next November. Ann organised a coach trip to Loughborough in December at very short notice and those of us who were able to make the journey were privileged to witness the recasting of two of the original bells.

All in all - a very satisfying year!

Rolie Whiting

COVENANTED SUBSCRIPTIONS

Report from the Guild Treasurer

Having received the Covenant paraphernalia, I have taken it upon myself to deal with the ouitstanding years (1994-1996). I report as follows:

The amounts reclaimable for covenanted subscriptions are as follows:

1994	£126
1995	£104
1996	£70

Of these amounts, 50% goes to the General Fund and 50% to the Restoration Fund. There were 58 covenanted subscriptions current in 1994 and there remain 17 for 1997. This is likely to yield £53.

Obviously the Covenant Scheme needs resurrecting and I will coordinate this during the coming year. It will need the help of the District Treasurers / Secretaries and, more importantly, the membership as a whole if this is to provide a worthwhile contribution.

Paul Stannard

OBITUARIES 1996

PETER SOUTHERTON BEDFORD - Aldeburgh

A member since 1947 after settling in Aldeburgh from Fleet Air Arm wartime service and, before that, Brighton, Peter was a man of great talent. Sports, dancing, riding, art, tapestry, ringing and song - he had that inexhaustible will to try anything.

We value his contribution to ringing on the east coast, in leaving us a ringing family - grandchildren too - and applaud his energy and infectious enthusiasm. Peter rang about 250 peals, mostly for our Guild.

RALPH BICKERS - Beccles

A big man Ralph, in stature, hands, in Faith, in kindliness and in capacity for an honest pint (or three) after his ringing. Proud townsman of Beccles too and master of its famous campanile for many years, he was a native of Laxfield. Ralph was chairman of the N.E. District in the sixties where nobody arrived or left a meeting without a warm word from him.

DORIS BROADLEY - Needham Market

Doris was a loyal associate member - a valuable asset to our Guild affairs and not just financially. People like her provide that tangible link between belfry and people and we are glad of it.

CHARLES CATCHPOLE - Dickleburgh

Quite a number of Suffolk and Norfolk ringers were millers; Charles was one. Perhaps it was the ordered sequence of harvest, grain and flour with a fine product at the end that did it. The Duffields and George Symonds come to mind. Charles taught ringing, raised money and entered into all the features of rural life.

FREDERICK CHARLES GUNTON - Denton

This is a sad year for our N.E. District in terms of loss of members; Freddie, another "Beccles & District" man taken from our midst. And they don't come any nicer than he, someone whose company one was always pleased to be in. He belonged to that go-anywhere, anytime number that do so much to fill gaps, keep us going, get people through and see ambitions achieved. Fred rang several hundred peals and we thank him for his endeavours south of the River.

CANON COSMO NORMAN KENDALL M.A. - Buxhall

No priest ever came nearer to bells or ringers without pulling a rope than Norman Kendall. What a delightful man he was, a true pastor and friend whose welcome to Buxhall was legendary, where he was rightfully proud of his fine bells and church. It would be hard to number the lives Canon Kendall touched; Chaucer put it so well:

'Yet he was rich in holy thought and work,

He also was a learned man, a clerk

Who truly knew Christ's gospel and would teach it ...'

GORDON LEACH - Ipswich St Matthew

Spanning almost three centuries is no mean feat - dear Gordon nearly did it. He first went to St Matthew's church in 1909 as a chorister; just think of it. There in his quiet humble way he served church and belfry, taught beginners and enjoyed his Oxford Treble Bob and Double Court.

Before the last war St Matthew's, St Clement's and Rushmere had strong links and many are the outings they had together, of which Gordon was a key member. He was overjoyed when the present vigorous band started and despite his great age supported them like a teenager.

HARRY CLARKE - Hawkedon

True countryman Harry, well worth listening to whether the subject was the local farming scene, cricket, the church or ringing. A man of stong opinion and strong principles; we will miss him especially at Guild gatherings, as the Hawkedon folk will in his accustomed seat in Church.

And has anyone yet rung Double Grandsire?

ROBERT CROWE - Palgrave

Over the years our border ringers, with Norfolk, Cambs and Essex have added a valuable dimension to the work of ringing for Church and community. For their role often means joining with colleagues from 'across the water' as Walter Ruffles used to put it.

Bob Crowe was one who helped that process and thus advanced good neighbourliness. Palgrave and Diss will miss him.

ALLAN FLATT - Oakley

Chorister, ringer, faithful church worker - indeed Church warden for forty years,Allan almost made his three score and ten and thus carried on the tradition of the Waveney Valley Flatts, who along with the Whitings, Roopes, Loomes and Borretts sounded bells from Diss to Bungay.

Allan was called up at 18 and so served his country as well as his Master.

HARRY FULLER - Thetford

Harry was so much part of the N.W. corner of the county that it is hard to believe we won't see his smiling face again. At Elveden he carried on the tradition of the Pauls, Walter and Jim, but of course spread his support form Bury to Mildenhall, Brandon and beyond.

A great tourist Harry - how he loved getting aboard a coach for some new towers with friends. South Norfolk and North Suffolk will remember his contribution.

GILBERT ONION - Haverhill

It's a feature of every county - some parts which cry out for just one or two experienced ringers or a conductor to make all that difference. Gilbert was one of the many locals in the Haverhill area - one of the most sparse in terms of ringables in Suffolk - who kept things going down the years.

JOHN PENNELL - Holbrook

In the thirties a keen band flourished on the Shotley peninsula; the sixes at Stutton and Holbrook rung with the fives of Tattingstone and Harkstead. Along with Francis Sage and John Munnings, Jack Pennell was a member of that little band, encouraging the 'St Matthews ladies' - Bertha, Eleanor, Mollie and Sylvia and others in their beginnings of the Art. Jack was so pleased when the fives were restored and augmented to six and to see ringing flourish there again.

ERNEST WILLIAM PYE - Brome

In some sense Ernest lived his life in the shadow of not only his illustrious father William but uncles Ernest, George (Bob) and Alfred, the four greatest ringing brothers of all time.

But let us not forget that 'young' Ernie was a fine ringer in his own right, Tower and Hand, Conductor and Composer. It is said we make our own luck; maybe, but certainly Ernest had more than his share of ill fortune which he bore uncomplainingly and it certainly didn't detract from his ability at the end of a rope or his Christain commitment. He was generous too and gave the opening cheque to create the present day Bells Restoration Fund in 1949 from which so many good things have come.

Ernest rang between 350 and 400 peals up to Superlative Maximus with London S. Major his favourite. How proud he was of his son Bill, inheriting much of his grandfather's skill and completing an unbroken century of Pyes.

RICHARD ROSE - Rougham

Eighty five years in the village, man and boy, Rose and Rougham are as well known in our Guild as Roast Beef and Yorkshire. Dick loved his ringing and faithfully served Church and Exercise all his life. A wonderfully cheerful man despite many years of pain and disability, any debit side of life was far outweighed by his likes - of people, the church (and churches), family, countryside, good striking and reminiscenses.

Dick rang about 50 peals, mostly on six, scores of quarters and 720's and always gave of his best with encouragement to others. We remember his family too in their support of him.

May they Rest in Peace.

We also remember Miriam Whittell and we offer our sympathy to all the relatives and friends of the above members.

George Pipe

PEAL SECRETARY'S REPORT

A total of 136 peals was rung for the Guild in 1996 (compared with 159 in 1995), in 63 different towers. Towers appearing after varying years of absence include Bedfield, Brome, Stoke Ash and West Stow. The first peal at Barrow since restoration and augmentation to six was rung.

Peals were rung outside the diocese at Beverley (Humberside), Great Yarmouth, Redenhall and Woodton (Norfolk), Kemsing (Kent), Skipton in Craven (North Yorkshire) and Wisbech (Cambridgeshire).

First performances by the Guild were as follows:

Date	Place	Method
18 Feb	Henley	Omega S Major
23 Feb	Ashbocking	Ashbocking D Minor
10 Mar	Aldeburgh	Evesham S Major
16 Mar	Pettistree	Pettistree D Minor *
22 Mar	Badingham	Montgomeryshire P Doubles
14 Apr	Ufford	Inverness-shire S Major
19 Apr	Heveningham	Xylopia Doubles
12 May	Aldeburgh	Dereham S Major
19 May	Offton	Castle Farm S Major *
8 June	Southwold	Jerusalem S Major
10 July	Horham	St Martin's Bob Triples
14 July	Aldeburgh	Oswaldtwistle S Major
8 Sept	Aldeburgh	Kenworthy S Major
12 Oct	Ipswich (SMT)	Queenscliffe S Maximus
13 Oct	Henley	Magormegakeggery S Major
7 Dec	Coddenham	Xamavale S Major
15 Dec	Ufford	Wychwood S Major

* - Denotes first peal rung in the method.

My thanks to all conductors who paid peal fees and supplied details of un-published peals without too much prompting! All peal fees were paid within the deadline stated in the Guild rules.

Alan P Mayle

Something worth holding onto .....

A Pritchard bellrope is something rather special. Touch it and you instinctively warm to its richness and comfort. Pull it and you're in control. And reassuringly - the same quality since 1820!
so why all the fuss? frankly we're so proud of our flax hemp, natural fibre ropes that we wanted you to know that they're staying exactly the same as they've always been. Exactly right for you, your tower, and your companions. In a changing world that must have some appeal.

* Individually Crafted
* Perfect Handling
* Colour Fast
* Sallies 100% Wool
* Non Stretch
* 170 Years Service

By Appointment to Principal Churches & Cathedrals since 1820

THE SUFFOLK GUILD OF RINGERS
Objects, Constitution & Rules

Objects

The Guild shall be established for the promotion of ringing for Divine Service and in furtherance of this object:

1. To promote and encourage the practice of bellringing.
2. To recruit, train and encourage bellringers in the practice of their art.
3. To cultivate the art of scientific ringing.
4. To promote a proper appreciation of the ringing chamber as part of God's house; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof, as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of the bells and their fittings.

Constitution

A. Name:

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St.Edmundsbury and Ipswich.
   (a) It shall be affiliated to the Central Council of Church Bell Ringers and registered as a Charity at Law.(Ref.266869)
   (b) The President shall be the Lord Bishop of the Diocese and there shall be Patrons. Vice-Presidents shall be elected at the A.G.M. of the Guild.

B.Membership:

2. Membership shall consist of the following categories:
   (a) Ringing Member. A person who can ring rounds efficiently on a tower bell.
   (b) Associate Member. A person who wishes to support the Guild.
   (c) Life Honorary Member. A Ringing or Associate Member who has given outstanding service to the Guild.
   (d) Non-Resident Life Member. A person who is qualified to be a Ringing Member, or Associate Member, but who resides outside the territory of the Guild and who is not a member under either 2(a), (b)or (c).
3. Ringing and Life Honorary Members only shall have voting rights and be permitted to hold office in the Guild.
4. Churches within the Diocese may be affiliated to the Guild on payment of an annual donation.

C.Districts.

5. There shall be four Districts:
   1 North East District consisting of the deaneries of Beccles and South Elmham, Halesworth, Hartismere, Hoxne and Saxmundham.
   2. North West District consisting of the deaneries of Ixworth, Mildenhall, Stowmarket and Thingoe.
   3. South East District consisting of the deaneries of Bosmere, Colneys, Ipswich, Loes, Samford and Woodbridge.
   4. South West District consisting of the deaneries of Clare, Hadleigh, Lavenham and Sudbury.

D. Government

6. The Annual General Meeting of the Guild shall be held on the Saturday following Easter or as shall be decided by the Guild Management Committee and shall be the ultimate decision making body of the Guild. It shall elect Guild Officers and set subscriptions and fees for the following year.
7. Members shall be elected to fill the following Offices: Chairman, Ringing Master, Secretary, Treasurer, Maintenance Officer, Report Editor, Newsletter Editor, Central Council Representatives, Technical Adviser, Librarian, Handbell Trustees, Peal Secretary, and any other such Officers as the Guild Management Committee shall see fit to approve.
8. In order that the Guild be run efficiently and its objects implemented there shall be three Committees established with the following responsibilities:
   (a) The Guild Management Committee which shall co-ordinate all Guild activities; publish a printed Annual Report and audited Accounts and convene Sub-Committees as may from time to time be required, and shall recommend the levels of subscriptions and peal fees and other methods of raising money and shall organise general meetings, ringing and social activities.
   (b) Recruitment and Training Committee which shall prepare training programmes for use in the Districts; provide courses for the training of teachers of ringing and assist Districts in the recruitment of Ringers.
   (c) Restoration and Maintenance Committee which shall maintain an up-to-date directory of towers, listing the condition of all Church bells in the Diocese; which shall make recommendations concerning the preservation and use of bells from redundant churches; which shall advise incumbents and arrange such local restoration and maintenance work as may be necessary.

E. Finance

9a. All money in any of the Guild's funds not required for normal working purposes shall be invested or deposited by the Treasurer as may be directed by the Guild Management Committee.

9b. All cheques shall bear the signature of the Chairman or the Secretary or the Treasurer and any cheque greater than the value of the limit set by the Guild Management Committee shall bear the signatures of two of the three signatories.

10a. The expenses listed in Rule D14 shall be paid out of the General Fund together with other payments in furtherance of the Guild's objectives as shall be specifically authorised by the Guild Management Committee.

10b. The interest received on the Jubilee Fund shall be applied to the work of the Guild in the restoration and maintenance of bells, etc and the capital element of the fund shall be retained intact.

10c. Grants from the Restoration Fund shall be authorised by the Guild Management Committee but shall only be paid following the approval of the work by the Guild Ringing Master and a technical adviser. Grants will normally be offered for work to restore bells and their fittings for full circle ringing, but may in addition include other ancillary work associated with any such project.

10d. The excess of income over expenditure on the Friends of Suffolk Bells account, or such proportion of it as the Guild Management Committee may determine, shall be transferred annually to the Restoration Fund.

10e. The monies in the St Peter's Sudbury Fund shall be used, as required, for running expenses and minor repairs and refurbishments to the St Peter's bells and fittings as authorised by the Guild Management Committee.

10f. The monies in the Library Fund shall be used, as required, for the purchase and repair of books and other items for the library.

10g. The monies in the Handbell Fund shall be used as required for the repair, maintenance, renovation or augmentation of the Guild's handbells, as authorised by the Guild Management Committee.

10h. The Guild Management Committee may, from time to time, establish further funds and shall at that time specify the aims and objectives of the new funds.

10i. The Guild Management Committee may transfer sums from the General Fund to any specific funds and, if the purposes of the specific funds cease to exist, close these funds and transfer the balance to the General Fund.

11. At least half of all peal fees and subscriptions of Ringing and Associate Members, together with all the Non-Resident Life Membership fees, shall be transferred annually to the Restoration Fund from the General Fund.

F.Records and Handbells

12. The Report Editor shall record all peals rung for the Guild and Quarter Peals rung in the Diocese and publish them in the Annual Report.

13. The Librarian shall maintain an up-to-date inventory of publications owned by the Guild.

14. The Handbell Trustees shall maintain the Handbells in good condition and shall make such recommendations as may be necessary for the repair of the handbells to the Guild Management Committee.

G. General

15. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

16. The Constitution may be amended by a two-thirds majority of the members present at an Annual or Special General Meeting provided that 14 days notice of the proposed amendment has been sent to all members and provided that nothing herein contained shall authorise any amendment which shall have the effect of the Society ceasing to be a Charity in Law.

17. In the event of dissolution of the Guild any assets remaining after the satisfaction of all its debts and liabilities shall not be paid to or distributed among the members of the Guild but shall be given or transferred to such other charitable institution or institutions having similar Objects to the Guild.

Rules

Guild Rules.

A.Election of Members and Subscriptions

1. Ringing and Associate Members may be elected at any meeting by a majority of those present when proposed and seconded. Membership shall be exercised through only one District at a time, normally being the District under which the member is shown in the Annual Report. Subscriptions are due on election and thereafter in advance on the first day of January each year. Membership shall cease if such subscriptions are not paid by 31st December of the year in which they fall due. The subscriptions of members elected during or after October shall cover the remainder of that year and the whole of the next year.

2. The subscription rates for members shall be fixed at the Annual General Meeting and unless a change is agreed the existing rate shall continue. Persons in full time education and

members over the age of 65shall pay a reduced rate of subscription.

3. Life Honorary Members shall only be elected at an Annual General Meeting and nominations may only be made by the Guild Management Committee or District. No further subscription is payable after election.
4. Persons who have been Ringing Members or Associate Members for at least two years may, upon leaving the Diocese, inform their District Secretary that they wish to become Non-Resident Members. No subscription is payable during the period of non-residence. A person resident outside the Diocese who wishes to be associated with the Guild may be elected a Non-Resident Member as an alternative to Ringing or Associate Membership.
5. For the purposes of peal ringing new members may be provisionally elected in the belfry to the appropriate category of membership subject to the confirmation at a business meeting of the appropriate District in the case of a Ringing Member or at a meeting of the Guild Management Committee in the case of a Non-Resident Member. If election is not confirmed the subscription shall be refunded.
6. Any member failing to conform to the Objects and Rules of the Guild may be expelled by the Guild Management Committee which shall report the matter to the next Annual General Meeting. Such a member shall forfeit any payment made to the Guild.

B. Election of Officers.

7. All Officers shall retire at the Guild's Annual General Meeting but shall be eligible for re-election. Nominations may be made in writing to the Guild Secretary or orally at the Annual General Meeting provided always that they are proposed and seconded. If more than one nomination for any office is received then election shall be by paper ballot, the successful candidate being the one with the highest number of votes. In the event of a tie the Chairman shall have a casting vote. Central Council Representatives shall be elected in accordance with the rules of the Central Council during the second year of the triennium at the A.G.M. of the Guild.
8. The Annual General Meeting shall appoint an Auditor who is not a member of the Guild Management Committee and need not be a member of the Guild.

C. Committee Structure.

9. The Guild Management Committee shall consist of: Vice Presidents, The Guild Chairman, Ringing Master, Secretary, Treasurer, Technical Adviser, Public Relations Officer, Maintenance Officer, two elected representatives from each district & such Guild Officers as may be from time to time required or invited to attend. Six members shall constitute a quorum. The Committee shall meet at least three times per year. The Chairman shall take the chair at all meetings of the Guild and Guild Management Committee. In his absence the Chair shall be taken by the Ringing Master or in his absence by a person elected by the meeting.
10. The Recruitment and Training Committee shall consist of the Guild Ringing Master as Convenor and two Representatives from each District.
11. The Restoration and Maintenance Committee shall consist of the Guild Maintenance Officer as Convenor, Guild Technical Adviser and two Represenatives from each District.
12. Each of the above two Committees shall meet at least three times a year.
13. (a) The Chairman, Master, Secretary, Treasurer and Maintenance Officer shall form the Guild Executive. In the event of a Guild Office being vacated between A.G.M's they shall make a temporary appointment until a General Meeting can be convened.

    (b) The Guild Management Committee may convene such sub-committees as it deems necessary from time to time and shall determine their terms of reference, powers, duration and composition. All acts and proceedings of any such sub-committee shall be reported back to the Guild Management Committee as soon as possible.

D.Expenses

14. The following shall be paid by the Treasurer out of Guild funds:

(a) The cost of printing the Annual Report and any other publications authorised by the Guild Management Committee.
(b) The expenses of Guild Meetings.
(c) Stationery, postage, telephone, notices of all meetings and other incidental expenses.
(d) Insurance of Guild property.
(e) Central Council fees and reimbursement of Representatives' expenses attending each Council meeting, not exceeding the second class return rail fare and a subsistence allowance as may be determined by the Guild Management Committee.
(f) Such other expenses as the Guild Management Committee may determine.

E.Peal Records.

15. All peals rung for the Guild must conform with the decisions of the Central Council. All those taking part must be members of the Guild.
16. Conductors shall forward the following to the Peal Secretary as soon as possible and not later than 15th January the following year:
    (a) The names, addresses and subscriptions of any Non-Resident Members elected in the belfry.
    (b) The appropriate peal fees.
    (c) Compositions for peals of Triples and above and compositions of such other peals as the Peal Secretary may request. Money received for items (a) and (b) shall be passed to the Guild Treasurer.

F.Alteration of Rules.

17. No alteration or addition shall be made to the Rules of the Guild except as specified in paragraphs 16 and 17 of the Constitution.

District Rules.

18. Each District shall hold an Annual General Meeting during the last quarter of the year for the purpose of receiving a report from the District Committee for the previous year, election of Officers and arranging activities for the coming year. Members shall be eligible to vote or stand for Office only in the District through which they exercise membership in accordance with Guild Rule 1.
19. The following Officers shall be elected annually: Chairman; Ringing Master; Secretary/ Treasurer; District Maintenance Officer; Newsletter Correspondent. The Chairman, Ringing Master and District Maintenance Officer shall normally represent the District on the Guild Management, Recruitment and Training, and Restoration and Maintenance Committees respectively but substitutes may be permitted. One other representative to each of the Guild Committees shall be elected. The District Officers and one elected member from each deanery shall form the District Committee. A District may elect additional working Officers at its discretion to assist the running of the District.
20. The District Secretary/Treasurer shall collect all subscriptions and other monies due and forward them to the Guild Treasurer. A statement of accounts shall be submitted to the Guild Treasurer by 15th.January. A Directory of tower correspondants, lists of members and ringing times shall be submitted to the Secretary by 15th January.
21. The District Maintenance Officer shall endeavour to arrange for the inspection of every belfry in the district at least once a year and shall report his findings to the Restoration and Maintenance Committee at their January meeting. He shall be available to advise incumbents and shall provide leadership at local working parties where necessary.
22. The District Newsletter Correspondent shall report on District activities for the Guild Newsletter, the 'Ringing World' and local newspapers.
23. The District Committee shall be responsible for the efficient management of the District's affairs and shall report to the District Annual Meeting on the year's work.

Regulations relating to the Pearson's Handbells.

1. The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the

Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the proceeding borrower.
3. The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without prior consent of both of the Trustees.
4. The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.
5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.
6. The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the committee.
7. The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

The Mitson Shield and the Rose Trophy Striking Competitions Rules.

1. The competitions shall take place on the third Saturday in May or on any other date decided by the Guild Management Committee.
2. All Ringing Members and Life Honorary Members of the Guild may compete providing their subscriptions are paid.
3. No Member may ring more than once in the Rose competition, except as specified in Rule 10.
4. Representative bands shall consist of:

(a) The Mitson Shield. Six ringers of which at least four are shown in the Annual Report as members of that tower. All six ringers are to be bona fide Ringers at that tower.

(b) The Rose Trophy. Eight members of a district or eight ringers representing a tower, of which at least six are bona fide Sunday Service Ringers.

5. Neither the Mitson Shield nor the Rose Trophy can be held by any band not complying with the previous Rule.
6. Each band must have a representative present at the relevant draw. The times of the draws to be advertised in the 'Ringing World'.
7. A total of two minutes practice ringing and stand will be allowed before each test piece.
8. The test piece will be:
   (a) The Mitson Shield. 240 true changes of any recognised Doubles or Minor Method(s).
   (b) The Rose Trophy. At least 224 true changes of any recognised Triples or Major method(s) .In the event of bands ringing Doubles or Triples a cover bell must be used. For the Rose Trophy only the first 224 changes, excluding the opening rounds will be judged.
9. The length of either test piece may be shortened at the discretion of the Ringing Master in the event of a large entry.
10. A reserve ringer, appointed by the Ringing Master, will be available to bands meeting short, at the discretion of the Ringing Master.
11. A minimum of two judges appointed by the Ringing Master will be present. Their decision is final.
12. The Mitson Shield and the Rose Trophy are, and shall always remain, the sole property of the Guild, which may at any time give directions for their locations and safe keeping.
13. Interpretation of all rules is at the discretion of the Ringing Master.

The John Taylor Heritage . . .

Bellfounding is part of Britain's heritage. When John Taylor began bellfounding he was continuing a heritage dating back to the Fourteenth Century. That same heritage continues today producing the unique purity and richness of sound that typifies the magnificent Taylor bell, whatever its size or purpose.

Master Craftsmen creating part of our heritage to delight future generations

How true our motto is! Every year our sound touches the lives of more people in more lands. Whether it is handbells, a clock chime, an English change-ringing peal, a carillon, or even a single bell, our experience and expertise ensures unequalled perfection and depth of tone. Naturally, the quality of the bells is mirrored in every aspect of our work - simply, the best!

Whatever your needs – servicing, maintenance, restoration and renovation or a new installation – why not call the Master Craftsmen today and become part of our Heritage.....

RINGING MASTER'S REPORT

The year kicked off with an exceptional evening at Blythburgh village hall. Don Price arranged quarter peals at several NE towers, then food and some light entertainment. A splendid time was had by all. What was particularly good was the amount of time we all had to socialise, meeting many old friends making new ones.

The "Ringing World" roadshow was held at Knowle, a complete day's activities for ringers. There has not been a day of this scale since the anniversary events in London so its success was not guaranteed. In the end thousands of ringers attended and enjoyed. The main hall housed stands from the two founders, with displays from suppliers, the Central Council Library and other committees. There were demonstrations of Devon call change ringing, simulators, ringing computer programmes and a mock 12 bell competition .In addition there was a soft play area. A super day out which will, be assured, be repeated in 1999. Watch out for it.

As part of the "Road Show" the "Ringing World" ran a competition for Guild Newsletters issued in 1996. The Guild Newsletter was entered and came a very creditable second. This just shows what a good job Michelle Chapman did and means that Carol & Cathy can use the legend "Award Winning".

At the AGM, five quarter peals were rung prior including one by eight officers of the Guild. The service was poorly attended, as was the ringing for it. We need to re-think this part of the day. However seven members of the NE District and myself rang a very creditable service touch. When we eventually got to Leiston, this historic ring was used to the full with a wide range of methods being rung.

The usual round of striking competitions proved that there is considerable room for improvement both in the bands ringing and in the towers where odd struck bells failed to be taken account of and ruined the overall effect of the bells. It is interesting to note that most Districts have now switched to evening competitions and as a result are getting higher entries than previously.

For the Guild six and eight bell, we were privileged to have John Mayne & Dorothea Robotham as judges. Rarely if ever have we had such notable judges and our thanks go to them for their efforts and kind and helpful comments. The six bell was held at Buxhall and was won by Stowmarket, and the eight bell was at Stowmarket and was won by St Mary-le-Tower. Last year we tried to level the playing field in the eight bell by having a set method and touch. By all accounts this worked well and will be repeated in 1998.

The Call Change competition was held at Rattlesden in November and was won by Debenham. If we are to continue this competition more entries are required. We keep moving the date at towers' requests but still we are struggling.

The NW held an excellent barbecue at Haughley. Eating away with the sounds of Haughley bells in the background is a memory that is very moving. The Guild Outing went to London. Again we only had a few, about 25 actually. Where were all those members who insist we have outings?

For those few who went, however, we had a wonderful time, ringing at two towers before attempting Southwark Cathedral. I was perhaps a little pessimistic about going to the Cathedral with an outing band from Suffolk. There was however no need to worry. Everybody behaved well, rang their socks off and produced some of the best ringing of the day. Oh ye of little faith! Next year Liverpool, Exeter and York in the same day?

Once again Muriel organised the Veterans' day at Debenham. Either I am getting older or the attendees seem to be getting younger. The highlight from a ringing point of view was a touch of eight-spliced and a course of Superlative with Harold Rogers on the tenor. Again, however, the focus was on seeing friends and just chatting. Splendid Muriel and your helpers, keep it up - it is very much appreciated.

Training day was as usual a huge success. 38 students attended with over 100 helpers and my thanks go to all who gave up time to help those less experienced. If we are to proceed we must devote more time to encouraging and educating those less advanced than ourselves. Why not, as I have suggested many times before, adopt a learner and guide them through at least the basic stages? After all, none of us got where we are today without help and if the exercise is to flourish we must pass on what we know.

The seminar was on "Health & Safety" in the tower. Recent legal changes have placed more emphasis on ourselves and this is an area we must get to grips with. A code of practice will be issued by the R&T committee during the year.

Ringing Master's Peal Day netted three peals but more importantly 5 first-pealers and one first as conductor. A splendid effort.

The "Ring in 2000" project, which the Guild fully supports, was launched in September. Although well ahead in Suffolk, the goals required are extensive. None-the-less the publicity resultant from the campaign has been most beneficial, with National coverage, Blue Peter, Look East and Tele-Tubbies. On a local level several members have been on Radio Suffolk throughout the year plugging away at the cause. Myself, and the learners of St Mary-le-Tower & Stutton made it onto Radio Four: the Today programme, no less. A wonderful coup!

This high level of publicity is needed and there is no doubt that the porch cards supplied by the R&T committee have helped raise the level of public awareness of what we do. If we want new members then we must advertise and promote and to this end the Guild should develop a cohesive public relations policy.

Most of the media attention was focused on two events. The conclusion of the Compton Bassett affair, where quite misguidedly the offender was let off, opening up an open season for all comedians to have a crack not only at bells but also the Church. The other event was the funeral of Diana, Princess of Wales. Quite unexpectedly bells and ringers found themselves at the very heart of a "people's grief" and responded both sensitively and successfully, capturing the feeling of the people. Whilst it was a very sad day, the Exercise as a whole responded well and did itself immense good.

As to the Recruitment & Training committee, 1997 was as busy as ever. Most members are involved in extensive teaching ready for the Millennium with, at the last count, over 250 new recruits underway. We all must do our bit, not just for the "Ring

in 2000" bit but for the future of the Exercise. If every member of the Guild finds and teaches one new recruit each year for the next five years, both the Guild and ringing would be secure for the future.

The R&T has published two sheets of 10 tips, on "Handling" and "Listening". These seem to have been well received, but do not just stick them up on your tower wall! Read them, take note and act on them. The same can be said of the Central Council "Handling" video. This has been a long time in the making, but has been desperately needed. Each District now has two copies that can be borrowed from the R&T. Again, as a teaching resource these are invaluable but are there to be used and not just kept on the shelf.

The saga of the Simulators continues, but with fingers crossed we should have at least one up and running shortly.

On the new bells front, Palgrave have been greatly improved by Tony Baines. All re-hung and sorted out returning them to their former glory, and without the noises from above you used to get, the bells sound expectant and sonorous, the perfect foil to the Great bells of Diss, as I am sure they were always meant to be.

Work has been completed at Stradishall, where Soundweld and White's have repaired and welded the fourth. This distinct five are now back in action and very pleasing too. Clearly, due to their unavailability, they are still a bit stiff but that should pass and a very pleasant ring restored. What can you say about Boxford? After all this time and many years' hard work they are back and in full working order. They are a credit to the locals and of course Taylor's who have done a splendid job in very trying circumstances. I said it at the time and will repeat it again, the service of dedication was terrific. I have seldom if ever been so impressed.

And, as if Boxford was not enough, Whitechapel completed Bildeston. Again a fine job, proving that if you want the best you should go to the experts. It is particularly pleasing to see both these projects completed. Perhaps we are just on the verge of a new beginning with many more projects about to come on line.

The one cloud on the whole issue of bell restoration has as usual been English Heritage. Whilst they may think untuned bells will do, they can be heard from outside. This is not an acceptable position. If churches are spending huge sums on bells, then they are entitled to the best. How we over come the involvement of English Heritage is a matter for future discussion.

I cannot leave the subject of new rings without mentioning Frank Price's new eight, indeed the lightest eight in the county. I have never been very keen on mini rings but these are superb. If you get the chance do not miss it. Hopefully more people will see the sense and get their own rings. Indeed I am busy making plans myself. A new eight for Ipswich? or a 12? ... Watch this space.

On the peal front it has not been such a good year, but to some extent this is only to be expected with Martin moving away and more "up and comings" going off to university. At 96, the total is well down, however there has been some good work, with twelve first pealers, three first as conductor, nine first in the method for the Guild and two brand new methods rung. The Aldeburgh band goes on from strength to strength, continuing to ring peals in both the standard methods and in a wide variety of others. Particularly challenging was Elizabeth Garrett Anderson, a new method, all

right place but very tricky and achieved at first attempt.

Other highlights were the all-ladies peal at Otley and the long length at Stowmarket. Somehow Stowmarket always seem to feature in my "most enjoyable" list. For not one moment did Winston waver from the idea of a commemorative long peal even when there were doubts about who could or would ring. His faith was rewarded with a tremendous performance, well rung, beautifully struck and with only a couple of minor method mistakes. It really was a super team effort. To those narrow minded people who look down on Kent, all I can say is "You should have been there". Rung well Kent, as our forefathers knew, is without equal. It was, however, a real team effort and my thanks go to all the band and to Winston for sticking with it. However I must single out Alan and Andrew for special mention: it is not possible to ring a tenor of that weight for that long with out first class support from the other back bells. Alan and Andrew gave terrific performances making my job considerably easier. A super example of ringing excellence.

Peals:

First:	Eric A Bull	For the Guild:	
	David M Cornish	75th:	Catherine A Colman
	Tessa R Earey	100th:	Adrian J Blumfield
	Richard J Hobson	200th:	Paul V Stannard
	Sandra E Jones	350th:	John L Girt
	Philip H Jones	900th:	David G Salter
	John K Pereira		
	Sandra Pereira	As conductor:	
	Sheila M Price	First:	Catherine A Colman
	Gavin S Welton		David F Webb
	James G Whitby		Jonathan J E Williamson
	Joel Woolf		
First	Martyn C Crouch	Togethers:	
inside:	Alan J Gull	50th:	Clive J Dunbavin & Paul Stannard
800th:	Alan P Mayle		Winston Girling & David Webb
1200th on tower bells:		600th:	David & Katharine Salter
	Trevor N J Bailey		

My apologies to anybody that I have missed.

And finally, it just remains for me to say "Thank You' to all members throughout the Guild who have, during the last year, extended a warm welcome to myself, Katharine and George. It is very enjoyable visiting the Districts and seeing what goes on. Over the years we have visited many towers, on the whole the welcome to all not just ourselves is wonderful. May it continue.

It is not possible to do any voluntary job with out support, not just from the members but most importantly from those close to you. There are times when I do not know how I would keep going with out Katharine's support. I therefore record my thanks to both Katharine and George for their help, support and encouragement during the last year.

SECRETARY'S REPORT

The 1997 Annual General Meeting of the Guild was held at Kelsale on Saturday April 5th, as guests of the NE District. It was attended by approximately 60 members, which was considerably down on previous years. It is disappointing that the attendance at AGMs is poor, considering the importance of the occasion. Nevertheless it can be taken as a vote of confidence in the way the Guild is managed as all officers were again re-elected unopposed. It is also particularly pleasing to report the awarding, by the Guild, of Honorary Life Membership to Muriel Page, Diana Pipe and Martin Thorley in recognition of the work they have done over many years on behalf of the Guild and its members.

The dedication of those elected to serve on the Management Committee can be judged by the fact that all the Committee's meetings during the year have been well attended, even though attendance means long car journeys for most committee members. The committee has continued to support bell restoration projects. During 1997 grants totalling over £14000 have been offered to six different projects. Amongst these is the restoration of the bells of Orford, and during November Orford hosted the 1997 Central Council Bell Restoration Seminar. This latter was a most successful event, with delegates attending from many parts of the country. Much valuable information and advice on planning and running a bell restoration project was disseminated. Of the bell restoration projects completed during 1997 special mention must be made of the restoration of the 8 bells at Boxford. After many years of hard work by the residents of that parish, it is good to have these historic bells ringing again. As the Millenium approaces we will expect further applications for grant aid, but it will only be through the generosity of Guild members via their subscriptions and donations that the Guild will be able to continue to support bell restoration in Suffolk.

MAINTENANCE OFFICER'S REPORT

1997 produced a welcome increase of officers on the Restoration and Maintenance Committee and recent meetings have been well attended. This also means that there have been more maintenance officers within the Guild and the team as a whole has been very active. Once again, on behalf of the Guild, may I say a grateful thank you to all those who have helped to keep our bells in order, and this includes the assistance given to the bellhangers at recent restorations.

Each Guild and Association generally provides and promotes advice and assistance on the proper care, maintenance and preservation of their bells and fittings. The Suffolk Guild is no exception of course, but has been severely hampered, not only by lack of personnel, but by trying to continue with a system which evolved from small beginnings with minimal expectations.

This Annual Report contains the membership list of the new Belfry Advisory Committee, which with Management and Guild approval replaced the former Restoration and Maintenance Committee on 1st January. All the previous maintenance officers are now known as Belfry Advisors. They are joined by additional members and already there is a larger, more evenly distributed group in the Guild area, representing a field of expertise and knowledge which will be of great benefit to us. I do not envisage change descending upon us too rapidly, however, and if the new Committee can initially look at our terms of reference, perhaps with the emphasis on education and communication, and make recommendations to the Management and Guild, this should do to start with. Experience has shown that just one ringer moving into a sadly neglected area can transform the state of the bells and ringing in that area, it happens all to infrequently unfortunately, but a few more members on our team will make it easier for each one to perhaps keep an eye on the state of the bells in a small area so that we have a better picture of what is needed.

I do realise that Districts no longer appoint persons responsible for maintenance. However, each team member will live in one of the four Districts and identify with that District. The new Committee can also appoint a team member to report to his District and back to the Committee on work in that District. It would be a great help if Districts from time to time reviewed their numbers of advisors and kept this in mind with a view to increasing them if necessary.

Our Affiliation Scheme has also provided links between the Guild and individual Churches and the present members - around 50 - are more than pleased to have joined us. By the time this report is circulated I will have begun to contact ringing groups at Churches who have not joined, with a view to securing more members.

The money goes towards our restoration grants - your tower may have had money already, or be glad to in the future - if you have not joined please consider doing so. Surely the fact that other ringing organisations run similar and generally very successful schemes must prove that we are justified in doing so?

Maintenance Report

NORTH-EAST DISTRICT:

PALGRAVE are now ringing again following the insertion of new frame supporting beams and re-hanging of the bells including new headstocks, bearings and independently suspended clappers. At **HALESWORTH** tower repairs are finished and the bells are ringing. A quotation for restoration at **KELSALE** has been given. At **BARSHAM** advice has been given that new headstocks can be fitted but this must include modern bearings. General attention and tightening has also been given at **YOXFORD** and **REDGRAVE.**

NORTH-WEST DISTRICT:

MENDLESHAM have been out of action for all of 1997 because of tower repairs. At **GREAT BARTON** routine checking revealed a crack in the cast clapper support in the 2nd and this has been successfully welded. The ringing chamber at **GREAT ASHFIELD** was moved up from the ground floor to a platform by the Church to allow a toilet and kitchen beneath. Because of this the rope fall was altered and the Guild has fitted intermediate pulleys (kindly donated by Barrow) and changed the angle of the rope guides and the bells can now be rung satisfactorily. A sheared bolt on the 3rd bed plate at **WEST STOW** has been replaced and at **THURSTON** several visits by the maintenance team have been made to tighten and improve the installation. The tower at **HAUGHLEY** has been inspected and although ringing can continue for the time being, the installation of a ring beam is required to improve the integrity of the structure and money is being raised for the work. The single bells at **BURY ST EDMUNDS (St Peter)** and **FLEMPTON** have both been overhauled and checked and can now be chimed safely. At **TOSTOCK,** where the four small bells stand on a beam and the tower has no frame or fittings, the Church are in the process of raising money for re-hanging and augmentation to five.

SOUTH-EAST DISTRICT:

At **EASTON** problems over restoration because of the organ, which stands across the eastern exit from the tower, will be resolved by removing the bells through one of the louvres. The proposed restoration and augmentation to eight at **ORFORD** has resulted in a D.A.C. visit to the tower to view and assess problems and much welcome activity is now taking place to get these bells ringing. There are moves to rehang and augment by one extra bell the pre-reformation four at **IKEN** where the supports on the present frame are much decayed. **BARKING** bells are ringing again following work to correct tower problems caused by ironwork imbedded in the masonry and tower work has also finished at **MONEWDEN**. **HACHESTON** are to be re-hung on one level and the carillon at **NACTON SCHOOL** is also being restored. **RUSHMERE ST ANDREW** have sought advice on soundproofing and visits and advice given at **TATTINGSTONE, STUTTON, TUDDENHAM** and **HINTLESHAM.** At **HASKETON** the tower has been cleaned and a stay replaced.

SOUTH-WEST DISTRICT:

At **STRATFORD ST MARY** a loud knocking from the 5th was traced to a loose

bedplate which was tightened. **STRADISHALL** are now ringing again following completion of welding of the cracked 4th and other work. At **CLARE** the P.C.C. have said they would like the ringing chamber moved to first floor level and at **GLEMSFORD** the tenor now remains the only bell to be re-hung. Ranald Clouston M.B.E. has been working on these bells now for several years and we look forward to the completion. The great successes in this District must be mentioned and we now not only have **BOXFORD** up and ringing after so many problems, but also **BILDESTON** where not so very long ago the tower was non-existent. These are now a pleasant heavy six, congratulations to all concerned.

The Belfry Advisory Committee are looking at towers where, with some work the bells could be rung for the Millennium. Please let us know if you feel there is a tower in your area which might come into this category.

Winston Girling

LIBRARIAN'S REPORT

The Suffolk Guild library has been used thirteen times in the past year, by ringers wanting to borrow books and by ringers and one non-ringer for information. The Librarian is always happy to arrange loans or deal with requests for information, so do consider using the library's facilities.

I am very grateful to all those ringers who made donations of money, books, ringing memorabilia, tapes and a video. I would also like to thank my son, Paul Wakefield, for once again updating the library catalogue.

An addition to the library of particular interest in 1997 was the donation by Roger and Joan Peters of bound copies of 'Headstock and Gudgeon' which was the official journal of the East Coast Ringers from 1970 to 1978. This book is highly recommended as it is a fascinating, often hilarious, record of ringing events, poems, cartoons, articles (eg Sad Saga of a Bellringer's Wife) and even the odd recipe. It is a very entertaining read.

In September the Central Council Library committee arranged a Seminar for lovers of ringing books. Some 23 enthusiastic Guild Librarians attended and we were presented with talks on topics ranging from Gems of the CC Library (eg. Tintinnalogia printed in 1668), Conservation, Preservation and Bookbinding, to Problems in Preparing a Catalogue - where in your alphabetical list of books do you include the name of a Russian author of a book on bells printed in Cyrillic script? - fortunately not a problem (yet) for the Suffolk Guild Librarian!

Gillian Wakefield

TECHNICAL ADVISER'S REPORT

1997 has seen the completion of restorations at Bildeston, Boxford, Palgrave and Stradishall.

BOXFORD: The ring of eight bells have been rehung by Taylors' who, by using their 'H' section framesides, have managed to squeeze all eight bells in on one level, below the old timber two-tier frame which is preserved in situ. A new 2nd bell has been cast to replace the existing bell, which could not be tuned to fit in with the others. The old 2nd now hangs for swing chiming in the old frame, where it also serves as the clock bell.

BILDESTON: The tower which fell in the '70s has been restored, with a new timber top section and a lead-covered spire. The Whitechapel Bellfoundry have rehung the ring of six bells in a new cast iron & steel frame on two levels, with just the 4th in the upper tier. The frame is situated 5ft above the 1st floor, in the masonry section of the tower. The treble, third and tenor bells have been welded.

PALGRAVE: The eight bells have been rehung in the existing Days' of Eye timber frame, with new fabricated steel headstocks on ball bearings. The frame has been raised slightly to allow a new steel support grillage to be inserted above the existing decayed timber supports, which had to be retained in situ. The work was carried out by Mr Tony Baines of Diss.

STRADISHALL: The cracked fourth bell has been welded at Soundweld and rehung in the existing fittings by Whites' of Appleton. They have also fitted new soles and shrouds to the treble & fourth wheels.

Other projects which are in progress or are planned to start soon include:

ORFORD: The cracked treble, third and tenor bells have been repaired at Soundweld. The existing tenor is to become the clock bell and will be hung in the rebuilt upper section of the tower. The existing 4th will become the new tenor and four new trebles, cast by Eijsbouts of Asten, Holland, will complete a light ring of eight. Eayre & Smith are to do the work.

HACHESTON: The cracked tenor is to be welded and hung for stationary chiming in the existing frame, whilst the remaining four bells are to be restored and rehung together with two new trebles in a new frame lower in the tower. It seems likely that it may be possible to get all six bells in on one level and this is the option that the parish are pursuing at the moment.

METFIELD: The two trebles to complete the ring of six should be installed early in 1998.

IKEN: The parish had looked into the possibility of installing two trebles to form a ring of six, but I understand that due to technical difficulties, they now intend to install just one new bell, which will occupy the existing empty pit.

HOPTON: A new upper frame to house the two trebles should be installed by the summer. Due to the unsafe condition of the existing frame, the bells are unringable at present.

Whilst we are gradually reducing our number of unringable towers, I am sad to have to report that Laxfield are now considered unringable, since a badly decayed foundation beam was discovered during the quinquennial inspection.

Looking forward to ringing in the new Millennium on 1st January 2000, the Maintenance committee are looking into checking over the one, two and three bell towers, as well as some of the unringables, to ensure that as many bells as possible are at least chimeable for this important occasion.

As we have discovered a new 'ring' of five bells, at the Royal Hospital School, Holbrook I have added this heavy chime of five to the towers directory. Also included this year is the private miniature ring of eight at Newmarket.

TREASURER'S REPORT
and Notes to the Accounts

The increase in subscriptions has brought an extra £900 net to the General Fund but despite this the General Fund has only just broken even as I predicted. Peal fees are substantially lower and the amount in the accounts allows for a known amount outstanding for 1997 of £108.

The tax recovered from covenants for the years 1994-1996 has helped but this is balanced by the fact that a grant was not available from the Ipswich Institute towards our training programme.

Officers' expenses are attributed to the specific role where appropriate: Report Editor and Affiliation Officer.

Included in the Administrative expenses are letterheads which cost £164. 500 Guild badges were purchased at a cost of £833. As they have no realisable value it is appropriate to spread the cost of them over the next five years. Some sales should offset this to a degree.

The Restoration Fund has received interest from capital still held but as the allocated grants are paid this will obviously reduce.

With only £5000 remaining in this fund we are likely to be able to support only one major scheme in the immediate future.

The Jubilee fund is beginning to receive donations but will need a substantial capital backing before it can make an impact on the generation of income for the Guild. Still, from little acorns.....

Friends of Suffolk Bells: The cost of the T Shirts purchased in 1996 has been offset from the income in this year. Hopefully those remaining will be sold and bring this venture into the black. The wisdom of this sort of outlay in future must be questioned, in my opinion.

Covenants: The absence of an effective officer from 1994 until I received them unceremoniously last year has resulted in many lapses. Shirley Girt has done a mammoth job in the SE, resulting in 40 covenants there. There are no more than 50 in the whole Guild current at the moment and there will be little impact this year by the way the system works. I can only urge those taxpayers amongst us who have not covenanted their subscriptions to do so please. It would help the Guild no end in a painless way.

Paul V Stannard

(2) Maurice Wilde, 21 Station Rd, Southwold IP18 6AX 01502-722574
Saxmundham Deanery Rep:
Trevor Hughes, The Brickworks, Saxmundham Rd, Aldeburgh (after 6 pm) 01728-452982

Secretary's Report for 1997

My last District A.G.M and I pass the job on to Bel Rivers with every good wish.

How to review the past year? We seemed to have gained more new members than we have lost due to the sharp rise in Guild subscriptions. One we lost by death was Frank Baldry of Worlingworth; a ringer for some 60 years. The Guild were able to ring a half muffled quarter peal there on the day of his funeral. This was much appreciated by his family and the District received a letter of thanks. You don't get a quarter peal if you leave through non-payment of subs remember!.

The policy of changing from time-honoured Ringers Meetings of: ringing/service/tea/ business meeting/evening ringing, to social events with worthwhile ringing included seems to have been a success, with many more members attending than "standard" meetings.

On a superb day in April 1996 about seventy members joined a "walk-about" District outing to ring at the four towers in Cambridge and as our first effort this year we tried a quarter peal afternoon with a meal, bar and "home made" concert. In spite of the intensely cold weather this attracted about eighty folks and filled Blythburgh W.I. hut. We also held a district ringing competition at Reydon in the evening - to avoid weddings with a running buffet so that folks not ringing could eat and those not eating could ring. This cleared the way for a prompt start to the award ceremony and thus allowed time for more general ringing afterwards: approximately sixty attended. August meetings (standard sort) are "thin" in all districts, but by joining with the North West District at the two towers, Palgrave and Diss, an attendance of about thirty ensured that the superb tea was not wasted. The closing event of 1997 was a "Ring and Ramble". Morning ringing at Stonham Aspal, a five mile country walk though fields and orchards to lunch and a ring on the grand eight at Debenham was more of a success than I dared to hope. Many of the fifty or so ringers asked for another walk soon. One lady sent me a postcard: "Please can we do it again!"

My thanks to all fellow officers. My best wishes to all members. The District is what you make it. Make sure your "tail ends" are well tucked in during 1998!

Don Price

Stowmarket: Gordon Slack, 24 Shakespeare Rd, Stowmarket IP14 1TJ 01449-673584
Thingoe: Mary Dunbavin, address as above.

Secretary's Report for 1997

The North West District has had another excellent year. The publicity from the Millenium Campaign seems to have generated a host of learners both young and 'nearly' young. The beginners' practices have been most successful and the beginners' outings organised by Josephine Beever were a 'sell-out'. Bacton and Hinderclay continue to flourish and new enthusiastic bands are in the making at Mildenhall, West Stow, Thurston and Great Livermere. Thanks must go to all those who teach, help and encourage.

Great Ashfield and the single bell at Flempton are ringing again thanks to Winston Girling and his talented assistants.

The Striking Competition at Barrow and the ADM at Mildenhall were both well supported as was the annual BBQ held at Haughley where we were again blessed with glorious weather for a most enjoyable evening.

Our efforts in the Guild Striking Competition gave the District second place in the 8 bell, with Stowmarket capturing first place in the 6 bell.

A learners' workshop at Walsham-le-Willows with the tower bells, hand bells, rope splicing and the Central Council Video (and hot mince pies!) was followed in the evening by the Christmas Dinner at Peggoty's. Both events were very well attended and brought the year's programme to a successful conclusion.

1997 proved a good year for recruitment; I hope 1998 will enable us to continue the good work.

Sue Ashton-Jones

Secretary's Report for 1997

I have managed to get to the end of my first year as Secretary without any major mishap, thanks to your help and encouragement. 1 must admit that on the whole I have quite enjoyed it.

There have been some disappointments though. The District officers share my concern at the low attendance at both practice and Quarterly meetings. Those who do attend are very loyal and I am sure benefit from the ringing. Where are the rest of our District members going on the first Saturday of each month?

We welcomed twenty new members to the District during the year, so let us show them that we are willing to help them forward in their ringing.

The District Striking Competition was held at Bramford in May and was judged for us by our friends from across the Essex border, Dickie Furminger and Bernard Fairhead. The car outing into Bedfordshire was supported by thirty people and we had an excellent day with good ringing and wonderful weather.

A new event this year was a visit by a lucky few to the Royal Hospital School at Holbrook. This will be repeated in 1998 for those interested in visiting their heavy five bells and enjoying the views across the River Stour.

Sadly we marked the passing of a faithful ringer from Hacheston, Derek Johnson. We remember all former Guild members at this time particularly.

The Central Council Seminar arranged by Stuart Harrison at Orford in November was a most successful day. Over eighty people enjoyed the proceedings which included all aspects of Restoration work and Augrnentations.

Finally, the District has just about covered its expenses, but we do need to be aware of our need to give generously at both Quarterly Practice meetings and Evening Practices so that we are able to sustain the donations we give to the churches we use.

Thank you all for your support during the past year. I will endeavour to serve you well in 1998 as we move nearer to the Millenium.

Shirley Girt

Sudbury: Tony & Barbara Clayton, Carey, Newton Green, Sudbury, CO10 0QU 01787-374507

Officers Retiring after 1997

Chairman: Richard Knight retired as Chairman after 1997 but remains Ringing Master.

Secretary's Report for 1997

The past year has been a particularly exciting one in the South West District.

Complete Restorations have taken place at Boxford and Bildeston, and restoration work at Stradishall has brought all five bells there back into commission. Boxford bells were rehung by Taylors, and Bildeston bells were rehung by a well-known bellhanger from Beccles on behalf of the Whitechapel Bell Foundry after the Tower had been rebuilt (not by Trevor!). Both have turned out to be excellent Rings. The Stradishall project was spearheaded (and largely financed) by Dennis Kiddy of Cowlinge who has thereby attained a very commendable personal ambition.

The Boxford and Bildeston Dedication Services were memorable Events, both churches being filled to capacity. Bishop Tim Stevens officiated at Boxford and Jeremy Walsh (a former Archdeacon of Ipswich) officiated at Bildeston. Our grateful thanks are again due to Ann Jessop and Neville Whittell for their ongoing help with traiming ringers for these new towers.

The Lavenham 'Open Tower Day' on August 23rd was a very successful Fund Raising Event. It was well patronised by some 400 members of the general public who were delighted to have an opportunity to view the surrounding countryside from the top of this magnificent church tower and, as a result, we raised £200 for Guild Funds and a further £100 for. Lavenham church.

Our District Striking Competition was also a very successful Event. Seven Tower teams participated, a greater number than in any of the other three District competitions this year (a very proud boast').

We gained nine new Members during the year, six of whom ring at Long Melford. Peter Allen, a septuagenarian with over sixty years ringing experience has succeeded Arthur Finch as Tower Captain there and his Son-in-law and Grandson are two of his new recruits.

We had an enjoyable local 'Evening Tower-Grab' at the end of September, ringing at Belchamp St. Paul, Pentlow and Cavendish. Our District Car Outing to the Stansted area at the end of October was well supported and culminated in a pub meal at Rickling Green 'Cricketers' (the same venue as last year-).

Our A.D.M. was held at Boxford as scheduled and the 'Old Guard' were all re-elected yet again but with the welcome addition of Richard Gates from the Boxford band as our District Chairman. It is always encouraging to acquire some 'new blood' and we are looking forward to a satisfying year together.

Rolie Whiting

OBITUARIES 1997

FRANK BALDRY - WORLINGWORTH

The last of four ringing brothers- country boys all and faithful call change ringers at Worlingworth, Tannington, Bedfield and Monk Soham. What a lovely quartet of chaps they were - ruddy of complexion and broad of smile.

MARK GANT - ACTON

A strong community man, Mark learnt to ring at Acton about twenty years ago and once proficient eagerly taught the art to others. He will be greatly missed in the Sudbury area.

REGINALD GREEN - FRAMLINGHAM

Although St. Michael's grand church had a strong change ringing band in the last century it has often struggled since. And yet the bells have been kept ringing by local people or those moving in to that prettiest of country towns. Reg played his part in "Sounding out the message" on Sunday mornings.

DEREK JOHNSON - HACHESTON

Sadly taken from us at only 58, Derek nevertheless made his mark. When it was decided to retune and rehang the long derelict ring at Hacheston and volunteers to learn were called for - there he was; turning up at Marlesford for tuition. Or in his case, a refresher, for Derek had rung many years ago in Essex; handbells too. Nothing gives a new project more of a boost than someone offering their services. He will be much in our thoughts when Hacheston's restoration is completed.

FRANK BENJAMIN LUFKIN - KIRBY LE SOKEN

Frank was well known in the Exercise especially in Essex and Suffolk. First in the Southend area, later at Kirby he was a Central Council member for many years and served the Essex Association as Master. Frank rang over 1000 peals conducting many of them but perhaps his greatest contribution the the Art was his willingness to encourage the novice or to those aspiring to higher things. And above all his infectious enthusiasm which he never lost. If Frank had a second love in terms of where he rang it was certainly Suffolk.

THE REVEREND CANON CLIFFORD MILLS - HOLTON ST PETER

Father Mills was vicar of Reydon before becoming Rural Dean of Halesworth. How thrilled he was when the Reydon project was launched and then came to its fine conclusion. We are grateful for his support of ringers and bells.

ALEC MORRIS - IXWORTH

Alec died in May and the Guild lost a loving and cheerful man, well known and respected in the Ixworth Deanery and beyond. People like him form much of the backbone of the Guild: commitment ,loyality and kindness. We especially remember Kay and Chris Nunn in their loss.

May they Rest in Peace.

George W Pipe

PEAL SECRETARY'S REPORT

During 1997 a total of 96 peals were rung for the Guild, the lowest number rung in a year since 1980 (95 peals). 47 Suffolk towers were pealed, with Aldeburgh and Grundisburgh sharing the 'top spot' with 9 peals each. Peals were rung outside the county at Great Yarmouth and Woodton, both in Norfolk. One handbell peal was rung, which took place at Windhoek, Namibia.

First peals on the bells were rung at Reydon and Frank Price's campanile at Newmarket. No doubt we shall see many more peals at these towers. First peals since restoration or major works on the bells were rung at Palgrave and Stonham Aspal.

Peals worthy of individual mention include:-

12 Jan	Aldeburgh	Grandpont S Major	*1st in the method by the Guild*
26 Jan	Long Melford	Middlesex Bob Triples	" "
27 Feb	Ufford	Stoke S Major	" "
13 Apr	Aldeburgh	Quornden S Major	" "
31 May	Gt Yarmouth	Octavian D Royal	" "
8 Jun	Aldeburgh	Rushden S Major	" "
13 Jul	Aldeburgh	Tresham S Major	" "
7 Sep	Ipswich SMT	Sandringham S Major	" "
14 Sep	Aldeburgh	Jennys Cove S Major	" "
12 Oct	Aldeburgh	Belgrave S Major	" "
9 Nov	Aldeburgh	Elizabeth Garrett Anderson S Major	" "
20 Dec	Stowmarket	Kent TB Major	*8448 changes*

A look through the peals shows a high standard of methods rung, especially of Surprise, but it is noticeable that only one peal of Maximus was rung during the year, the least since 1976 when none were rung.

Alan P Mayle

THE SUFFOLK GUILD OF RINGERS
Objects, Constitution & Rules

Objects

The Guild shall be established for the promotion of ringing for Divine Service and in furtherance of this object:

1. To promote and encourage the practice of bellringing.
2. To recruit, train and encourage bellringers in the practice of their art.
3. To cultivate the art of scientific ringing.
4. To promote a proper appreciation of the ringing chamber as part of God's house; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof, as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of the bells and their fittings.

Constitution

A. Name:

1. The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St.Edmundsbury and Ipswich.
   (a) It shall be affiliated to the Central Council of Church Bell Ringers and registered as a Charity at Law.(Ref.266869)
   (b) The President shall be the Lord Bishop of the Diocese and there shall be Patrons. Vice-Presidents shall be elected at the A.G.M. of the Guild.

B.Membership:

2. Membership shall consist of the following categories:
   (a) Ringing Member: A person who can ring rounds efficiently on a tower bell.
   (b) Associate Member: A person who wishes to support the Guild.
   (c) Life Honorary Member: A Ringing or Associate Member who has given outstanding service to the Guild.
   (d) Non-Resident Life Member: A person who is qualified to be a Ringing Member, or Associate Member, but who resides outside the territory of the Guild and who is not a member under either 2(a), (b) or (c).
3. Ringing and Life Honorary Members only shall have voting rights and be permitted to hold office in the Guild.
4. Churches within the Diocese may be affiliated to the Guild on payment of an annual donation.

C.Districts:

5. There shall be four Districts:
   1 North East District consisting of the deaneries of Beccles and South Elmham, Halesworth, Hartismere, Hoxne and Saxmundham.
   2. North West District consisting of the deaneries of Ixworth, Mildenhall, Stowmarket and Thingoe.
   3. South East District consisting of the deaneries of Bosmere, Colneys, Ipswich, Loes, Samford and Woodbridge.
   4. South West District consisting of the deaneries of Clare, Hadleigh, Lavenham and Sudbury.

D. Government

6. The Annual General Meeting of the Guild shall be held on the Saturday following Easter or as shall be decided by the Guild Management Committee and shall be the ultimate decision making body of the Guild. It shall elect Guild Officers and set subscriptions and fees for the following year.

7. Members shall be elected to fill the following Offices: Chairman, Ringing Master, Secretary, Treasurer, Maintenance Officer, Report Editor, Newsletter Editor, Central Council Representatives, Technical Adviser, Librarian, Handbell Trustees, Peal Secretary and any other such Officers as the Guild Management Committee shall see fit to approve.

8. In order that the Guild be run efficiently and its objects implemented there shall be three Committees established with the following responsibilities:
   (a) The Guild Management Committee which shall co-ordinate all Guild activities; publish a printed Annual Report and audited Accounts and convene Sub-Committees as may from time to time be required, and shall recommend the levels of subscriptions and peal fees and other methods of raising money and shall organise general meetings, ringing and social activities.
   (b) Recruitment and Training Committee which shall prepare training programmes for use in the Districts; provide courses for the training of teachers of ringing and assist Districts in the recruitment of Ringers.
   (c) Restoration and Maintenance Committee which shall maintain an up-to-date directory of towers, listing the condition of all Church bells in the Diocese, which shall make recommendations concerning the preservation and use of bells from redundant churches, which shall advise incumbents and arrange such local restoration and maintenance work as may be necessary.

E. Finance:

9a. All money in any of the Guild's funds not required for normal working purposes shall be invested or deposited by the Treasurer as may be directed by the Guild Management Committee.

9b. All cheques shall bear the signature of the Chairman or the Secretary or the Treasurer and any cheque greater than the value of the limit set by the Guild Management Committee shall bear the signatures of two of the three signatories.

10a. The expenses listed in Rule D14 shall be paid out of the General Fund together with other payments in furtherance of the Guild's objectives as shall be specifically authorised by the Guild Management Committee.

10b. The interest received on the Jubilee Fund shall be applied to the work of the Guild in the restoration and maintenance of bells, etc and the capital element of the fund shall be retained intact.

10c. Grants from the Restoration Fund shall be authorised by the Guild Management Committee but shall only be paid following the approval of the work by the Guild Ringing Master and a technical adviser. Grants will normally be offered for work to restore bells and their fittings for full circle ringing, but may in addition include other ancillary work associated with any such project.

10d. The excess of income over expenditure on the Friends of Suffolk Bells account, or such proportion of it as the Guild Management Committee may determine, shall be transferred annually to the Restoration Fund.

10e. The monies in the St Peter's Sudbury Fund shall be used, as required, for running expenses and minor repairs and refurbishments to the St Peter's bells and fittings as authorised by the Guild Management Committee.

10f. The monies in the Library Fund shall be used, as required, for the purchase and repair of books and other items for the library.

10g. The monies in the Handbell Fund shall be used, as required, for the repair, maintenance, renovation or augmentation of the Guild's handbells, as authorised by the Guild Management Committee.

10h. The Guild Management Committee may, from time to time, establish further funds and shall at that time specify the aims and objectives of the new funds.

10i. The Guild Management Committee may transfer sums from the General Fund to any specific funds and, if the purposes of the specific funds cease to exist, close these funds and transfer the balance to the General Fund.

11. At least half of all peal fees and subscriptions of Ringing and Associate Members, together with all the Non-Resident Life Membership fees, shall be transferred annually to the Restoration Fund from the General Fund.

F.Records and Handbells:

12. The Report Editor shall record all peals rung for the Guild and Quarter Peals rung in the Diocese and publish them in the Annual Report.

13. The Librarian shall maintain an up-to-date inventory of publications owned by the Guild.

14. The Handbell Trustees shall maintain the Handbells in good condition and shall make such recommendations as may be necessary for the repair of the handbells to the Guild Management Committee.

G. General:

15. The Guild shall be affiliated to the Central Council of Church Bell Ringers, and shall loyally abide by the rules and decisions thereof.

16. The Constitution may be amended by a two-thirds majority of the members present at an Annual or Special General Meeting provided that 14 days notice of the proposed amendment has been sent to all members and provided that nothing herein contained shall authorise any amendment which shall have the effect of the Society ceasing to be a Charity in Law.

17. In the event of dissolution of the Guild any assets remaining after the satisfaction of all its debts and liabilities shall not be paid to or distributed among the members of the Guild but shall be given or transferred to such other charitable institution or institutions having similar Objects to the Guild.

Rules

Guild Rules.

A.Election of Members and Subscriptions:

1. Ringing and Associate Members may be elected at any meeting by a majority of those present when proposed and seconded. Membership shall be exercised through only one District at a time, normally being the District under which the member is shown in the Annual Report. Subscriptions are due on election and thereafter in advance on the first day of January each year. Membership shall cease if such subscriptions are not paid by 31st December of the year in which they fall due. The subscriptions of members elected during or after October shall cover the remainder of that year and the whole of the next year.

2. The subscription rates for members shall be fixed at the Annual General Meeting and unless a change is agreed the existing rate shall continue. Persons in full time education and

members over the age of 65 shall pay a reduced rate of subscription.

3. Life Honorary Members shall only be elected at an Annual General Meeting and nominations may only be made by the Guild Management Committee or District. No further subscription is payable after election.
4. Persons who have been Ringing Members or Associate Members for at least two years may, upon leaving the Diocese, inform their District Secretary that they wish to become Non-Resident Members. No subscription is payable during the period of non-residence. A person resident outside the Diocese who wishes to be associated with the Guild may be elected a Non-Resident Member as an alternative to Ringing or Associate Membership.
5. For the purposes of peal ringing new members may be provisionally elected in the belfry to the appropriate category of membership subject to the confirmation at a business meeting of the appropriate District in the case of a Ringing Member or at a meeting of the Guild Management Committee in the case of a Non-Resident Member. If election is not confirmed the subscription shall be refunded.
6. Any member failing to conform to the Objects and Rules of the Guild may be expelled by the Guild Management Committee which shall report the matter to the next Annual General Meeting. Such a member shall forfeit any payment made to the Guild.

B. Election of Officers:

7. All Officers shall retire at the Guild's Annual General Meeting but shall be eligible for re-election. Nominations may be made in writing to the Guild Secretary or orally at the Annual General Meeting provided always that they are proposed and seconded. If more than one nomination for any office is received then election shall be by paper ballot, the successful candidate being the one with the highest number of votes. In the event of a tie the Chairman shall have a casting vote. Central Council Representatives shall be elected in accordance with the rules of the Central Council during the second year of the triennium at the A.G.M. of the Guild.
8. The Annual General Meeting shall appoint an Auditor who is not a member of the Guild Management Committee and need not be a member of the Guild.

C. Committee Structure:

9. The Guild Management Committee shall consist of: Vice Presidents, The Guild Chairman, Ringing Master, Secretary, Treasurer, Technical Adviser, Public Relations Officer, Maintenance Officer, two elected representatives from each district & such Guild Officers as may be from time to time required or invited to attend. Six members shall constitute a quorum. The Committee shall meet at least three times per year. The Chairman shall take the chair at all meetings of the Guild and Guild Management Committee. In his absence the Chair shall be taken by the Ringing Master or in his absence by a person elected by the meeting.
10. The Recruitment and Training Committee shall consist of the Guild Ringing Master as Convenor and two Representatives from each District.
11. The Restoration and Maintenance Committee shall consist of the Guild Maintenance Officer as Convenor, Guild Technical Adviser and two Represenatives from each District.
12. Each of the above two Committees shall meet at least three times a year.
13. (a) The Chairman, Master, Secretary, Treasurer and Maintenance Officer shall form the Guild Executive. In the event of a Guild Office being vacated between A.G.M.'s they shall make a temporary appointment until a General Meeting can be convened.
    (b) The Guild Management Committee may convene such sub-committees as it deems necessary from time to time and shall determine their terms of reference, powers, duration and composition. All acts and proceedings of any such sub-committee shall be reported back to the Guild Management Committee as soon as possible.

D.Expenses

14. The following shall be paid by the Treasurer out of Guild funds:

(a) The cost of printing the Annual Report and any other publications authorised by the Guild Management Committee.
(b) The expenses of Guild Meetings.
(c) Stationery, postage, telephone, notices of all meetings and other incidental expenses.
(d) Insurance of Guild property.
(e) Central Council fees and reimbursement of Representatives' expenses attending each Council meeting, not exceeding the second class return rail fare and a subsistence allowance as may be determined by the Guild Management Committee.
(f) Such other expenses as the Guild Management Committee may determine.

E.Peal Records:

15. All peals rung for the Guild must conform with the decisions of the Central Council. All those taking part must be members of the Guild.
16. Conductors shall forward the following to the Peal Secretary as soon as possible and not later than 15th January the following year:
    (a) The names, addresses and subscriptions of any Non-Resident Members elected in the belfry.
    (b) The appropriate peal fees.
    (c) Compositions for peals of Triples and above and compositions of such other peals as the Peal Secretary may request. Money received for items (a) and (b) shall be passed to the Guild Treasurer.

F.Alteration of Rules:

17. No alteration or addition shall be made to the Rules of the Guild except as specified in paragraphs 16 and 17 of the Constitution.

District Rules:

18. Each District shall hold an Annual General Meeting during the last quarter of the year for the purpose of receiving a report from the District Committee for the previous year, election of Officers and arranging activities for the coming year. Members shall be eligible to vote or stand for Office only in the District through which they exercise membership in accordance with Guild Rule 1.
19. The following Officers shall be elected annually: Chairman; Ringing Master; Secretary/ Treasurer; District Maintenance Officer; Newsletter Correspondent. The Chairman, Ringing Master and District Maintenance Officer shall normally represent the District on the Guild Management, Recruitment and Training, and Restoration and Maintenance Committees respectively but substitutes may be permitted. One other representative to each of the Guild Committees shall be elected. The District Officers and one elected member from each deanery shall form the District Committee. A District may elect additional working Officers at its discretion to assist the running of the District.
20. The District Secretary/Treasurer shall collect all subscriptions and other monies due and forward them to the Guild Treasurer. A statement of accounts shall be submitted to the Guild Treasurer by 15th.January. A Directory of tower correspondants, lists of members and ringing times shall be submitted to the Secretary by 15th January.
21. The District Maintenance Officer shall endeavour to arrange for the inspection of every belfry in the district at least once a year and shall report his findings to the Restoration and Maintenance Committee at their January meeting. He shall be available to advise incumbents and shall provide leadership at local working parties where necessary.
22. The District Newsletter Correspondent shall report on District activities for the Guild Newsletter, the 'Ringing World' and local newspapers.
23. The District Committee shall be responsible for the efficient management of the District's affairs and shall report to the District Annual Meeting on the year's work.

Regulations relating to the Pearson's Handbells:

1. The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the

Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower, and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the preceeding borrower.
3. The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without prior consent of both of the Trustees.
4. The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.
5. If the bells are required for a particular occasion, they can be reserved up to three months in advance.
6. The Trustees are responsible to the Committee of the Guild for the administration of the bells, and their decisions regarding the bells can be revoked by the committee.
7. The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

The Mitson Shield and the Rose Trophy Striking Competitions Rules:

1. The competitions shall take place on the third Saturday in May or on any other date decided by the Guild Management Committee.
2. All Ringing Members and Life Honorary Members of the Guild may compete providing their subscriptions are paid.
3. No Member may ring more than once in the Rose competition, except as specified in Rule 10.
4. Representative bands shall consist of:
   (a) The Mitson Shield. Six ringers of which at least four are shown in the Annual Report as members of that tower. All six ringers are to be bona fide Ringers at that tower.
   (b) The Rose Trophy. Eight members of a district or eight ringers representing a tower, of which at least six are bona fide Sunday Service Ringers.
5. Neither the Mitson Shield nor the Rose Trophy can be held by any band not complying with the previous Rule.
6. Each band must have a representative present at the relevant draw. The times of the draws to be advertised in the 'Ringing World'.
7. A total of two minutes practice ringing and stand will be allowed before each test piece.
8. The test piece will be:
   (a) The Mitson Shield. 240 true changes of any recognised Doubles or Minor Method(s).
   (b) The Rose Trophy. At least 224 true changes of any recognised Triples or Major method(s) .In the event of bands ringing Doubles or Triples a cover bell must be used. For the Rose Trophy only the first 224 changes, excluding the opening rounds will be judged.
9. The length of either test piece may be shortened at the discretion of the Ringing Master in the event of a large entry.
10. A reserve ringer, appointed by the Ringing Master, will be available to bands meeting short, at the discretion of the Ringing Master.
11. A minimum of two judges appointed by the Ringing Master will be present. Their decision is final.
12. The Mitson Shield and the Rose Trophy are, and shall always remain, the sole property of the Guild, which may at any time give directions for their locations and safe keeping.
13. Interpretation of all rules is at the discretion of the Ringing Master.

Guild Officers' Reports

Ringing Master

David Salter

Another very busy year in ringing in Suffolk. Once again there has been a huge amount going on and it is very encouraging to see the emergence of new bands, new ringers and new ideas on how we should be doing things.

The Striking competitions were held this year at Tunstall and Hollesley. Good decisive wins were again notched up in both competitions by the St Mary-le-Tower band. If only all the teams entering worked hard at achieving the very best on the day, the results may, indeed could be different, and the result would be more in the balance. Let us not forget, the winners are there to be beaten, and that is what we should be looking at doing. That way we all should learn and improve. There was no "Call Change Competition" this year due to lack of support in the past but the Recruitment & Training committee are looking at some other form of competition to use the Lester Brett Bell for. What about a Knock Out?

As is widely known, I am not an outing fan, but again I really enjoyed the Guild Outing to North Essex. Saffron Walden, Bocking, Coggeshall and Felstead were amongst the towers visited, with some very good ringing and good company. This year's will be to Kings Lynn, so if you are looking for a good day out book the date.

One event that is always a treat is Veterans' Day. A large collection of ringers old and young gathered at Debenham for a most agreeable afternoon. As usual Muriel and her team put on an excellent do. A village local asked me what was going on. When I explained, he said he could tell they must be veteran ringers as the bells sounded better than usual!

Training Day was again held at Kettleburgh. Again we suffered from a lack of helpers and a change of attitude is needed. After all, we need trained ringers and it is not much to ask, giving up one day to help with their tuition. Those who did attend hopefully learnt a great deal, not least that they were not the only ones in this position. Whilst there are no dedicated District training days the Guild event remains the main focus of training and as such must be supported by those who can.

Disappointingly the Carol Service at Coddenham was poorly attended. Nonetheless, those who did attend enjoyed a simple act of worship and the warm welcome of the Coddenham ringers, tea and goodies.

Of course the Guild 75th Anniversary dinner was one of the best ever. A splendid evening was had by 70 members and friends at the Athenaeum, Bury St Edmunds. The food, hot and plentiful, was supplied by Daisy Catering and the entertainment by Jane Wilkinson, Andrew Wilby and Phil Gay. It was a great honour to have the sitting President of the Central Council attend, and she spoke forcefully of the role we as ringers have to play in the church. Andrew Wilby was, it turned out, much more controversial and his thought provoking comments spilled into the Ringing World, giving us great publicity. Phil Gay spoke fondly of his associations with Suffolk and of the many friends Suffolk Ringers have throughout the country. From the home side, Lawrence Pizzey, Stephen Young and myself responded. Lawrence replied on behalf of the church, Stephen eloquently welcomed the guests and I spoke of the history and achievements of the Guild. All in all a wonderful evening full of occasion.

The following day five past masters and myself assembled at Ashbocking and rang a peal for the 75th anniversary. As with the night before, a true occasion. A peal board marking this historic occasion and paid for by the Masters now hangs in the tower.

In May, I assembled a band for a quarter at the Norman Tower. The band represented the four Districts of the Guild and rang a very good quarter of Yorkshire Surprise Royal, prior to the moving service at which George Pipe was installed as an honorary Canon of the cathedral. I said at the time that we had every reason to be very proud of George and I repeat that here. George was honoured for what he has done for the church and ringing and for what the church believes he still has to offer. His lifelong example and tireless efforts to ensure that ringing is recognised as part of the church and that the church recognises ringers is an example we should all follow. It is not that many years ago that our objects included the promotion of the Christian faith and values and maybe we should reinstate it.

On the Recruitment & Training front, we now have two simulators for Guild members' use. If you get the chance to try one, then jump at it. They are not panaceas but a modern tool to help us all improve. We held seminars on "Teaching Safely" and "Teaching Teachers", but perhaps the best event was the "Handling" evening we had at Halesworth. Within a few minutes the ringing improved, just as a result of a few simple corrections. We also published notes on good striking , handling, progressing and method learning, all of which should be of assistance to all, not just the beginner.

Ringing at Frank Price's continues apace, but now with 10 bells, the two new trebles being added last autumn. If you have not yet rung here then you are missing a treat. I have learnt so much about striking, rhythm and compass since I have been going there which of course carries through to bigger bells and is invaluable education. That coupled with the warmth of the welcome from Frank & Sheila makes ringing at Mindinho a real treat.

On the peal front it has again been a quiet year, but nowhere near as bad as Essex or Norfolk. The total of 98 shows hope, for, after all, peal ringing is the goal for all ringers and is the accepted summit of the art of change ringing. On the down side, there are still the same few conductors and again I would plead with you all to encourage new blood in this most important branch of our art. Special mention of the efforts of George Pipe, for the series of 12-bell peals at St Mary-le-Tower, to have rung the seven "Ipswich" methods in the course of the year is exceptional. Of course we all would have liked to have been included in all of them, but the bands were well spread across the Guild, showing that we do have a depth of 12-bell ringers in the county. Brian Whiting's Little methods attempts have also been very successful, and to my surprise quite enjoyable. It would be a shame if these methods get lost in the depths of the method library, so if you have not rung them, look them up and give them a go.

Needless to say the Aldeburgh band again scored heavily, notching up 10 peals in 8 different Major methods forwardly extending the challengers of methods to be rung.

There were 15 methods new to the Guild, which again shows a good variety of interest.

The following personal milestones were achieved:

First peal:

Amie L Wilkins
Jonathan J Stevens
Sharon J Bantoft
FE Margaret Lambeth

Peals:

50th	Stephen EG Young

600th	David G Salter

So where do we stand now at the end of five years?. Well, I believe that the Guild is in good shape. There are lots of good people doing invaluable work progressing our art and, if we persist, then the art will have a secure future. We must however continue to try to improve standards. What is rung in the county is often far removed from what it should sound and be like. The view that "if at first you do not succeed, redefine success" must be firmly displaced and we must do more to encourage the young, particularly in conducting and composing. We must try to give opportunities to all, not just the select few friends, so as to try to improve the overall scene. As I said at the dinner, we must encourage those who can to impart their knowledge to improvers before those who can not do. That way we will pass on the correct information or ideals.

In the course of five years I have visited many practices within the Guild, and attended 80% of district meetings. The welcomes I have received have been tremendous and I thank everybody for that. I have listened to what the average member has had to say and tried in my own way to action their views. There is a divergence of what the average member believes and what Guild Management thinks. This gap is narrowing and must I believe be eradicated for the good of the Guild. It is wrong to impose the views of the densest ringers on the whole Guild and hopefully more account of the average member will in future be taken.

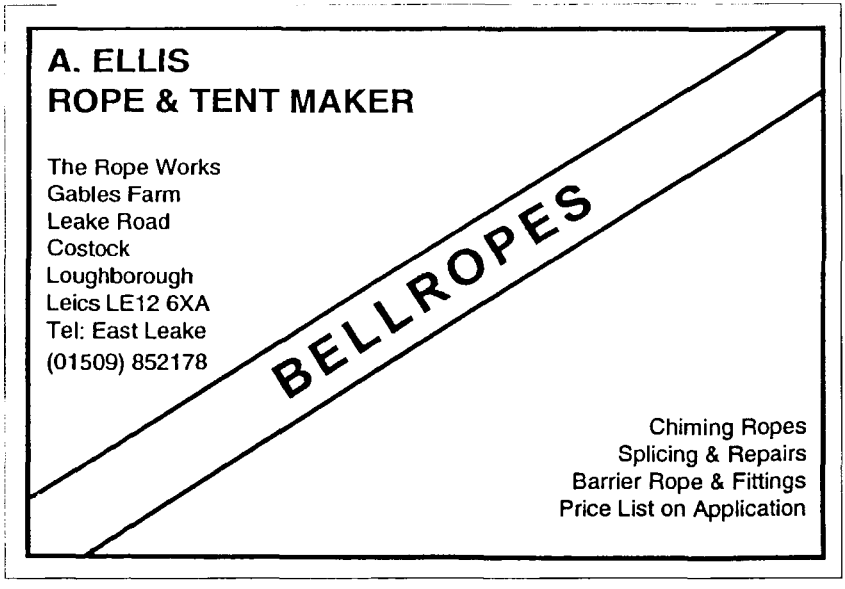

On the training front we must stop accepting mediocrity and mediocre performance. This may not be popular, but it is better to be unpopular than wrong and I hope that in the past five years I have gone some way towards that ideal.

Personally, I have enjoyed being the ninth Guild Master and only the fourth to have been born and bred in the county. There have been some wonderful times and some not so good ones. I hope I have been of some use to all the members I have come across, I hope that some of my enthusiasm for ringing has rubbed off. I know my life has been enriched by the experience. I accept that some things I have done may not have been popular, but the job has to be done as the holder sees it and until you have experienced it, it is very difficult to understand the day to day problems.

I feel, as Roy Jenkins, that I am going to enjoy being an ex-master, just as much as doing the job.

I cannot conclude without thanks, firstly to all members who over the last few years, have supported the Guild and Guild events. I must thank those few ringers (they know who they are) who at the mention of a training event offer to help. I must thank all Guild Officers and District officials who have helped out in many many ways and I must thank my close ringing friends for support, help and advice, even when not requested. In many ways their support has been crucial.

And finally, I must record my very grateful thanks to Katharine, whose assistance over the last five years, has vastly exceeded what I could reasonably expect from wifely duties and has been invaluable in helping me function as Master.

Guild Secretary

Bruce Wakefield

Meetings of the Management Committee this year have been dominated with matters concerning the organisation of the Guild and its finances. Besides the normal triannual meetings there have been several more called by the Management Committee and others to discuss the future, brainstorm the way forward, review the options and devise action plans. The first stage of a possible plan was put to the AGM in the form of propositions for some revolutionary changes to the Guild Rules and Constitution. Some were agreed, but others were referred to the Management Committee for further consideration.

The AGM was held this year at Stowmarket as guests of the NW District. The attendance was again disappointing, with only 66 Members attending. Considering the alleged discontent over the state of the Guild one would have thought that Members would have turned out in droves to rectify the situation. Perhaps the rank and file are indeed satisfied with the status quo! Significant motions passed at this AGM included one to require subscription to be paid by 31st March of the year in which they become due and one to permit the Chairman, Master, Secretary and Treasurer to remain in office for a maxirnum of five years. This latter motion could produce some interesting elections in 1999. However a motion to drastically reduce the size of the Management Committee did not get overwhelming support and was sent back to the Committee for further consideration.

A happy event at the AGM was the presentation of two glass tumblers and a book of "Pub Walks" made to Rev Lawrence Pizzey by the Ringing Master on behalf of the Guild, thanking him for his sixteen years of service as Chairman of the Guild, following on from five years as Secretary and seven years as Ringing Master. Rev Pizzey had earlier announced that, due to an increase in his work for the Church, he would not be seeking re-election as Chairman. His input to the Guild Management Committee will be greatly missed, but fortunately he agreed to continue as one of its representatives on the Central Council. The new Chairman, elected by the AGM, is Mr Brian Whiting.

At the AGM two Members were awarded Honorary Life Membership by the Guild in gratitude of many years of service given by them in promoting the work of the Guild. They were Rev Lawrence Pizzey and Mr George Pipe.

The Guild has continued to support bell restoration projects, with grants being offered to Little Thurlow, Carnpsea Ashe and Old Newton, and it awaits the completion of the major restoration projects at Orford and Hacheston. Unfortunately it has proved necessary to close down "Friends of Suffolk Bells" (FOSB). During its tiine FOSB has raised a significant amount of money for bell restoration in Suffolk, but in recent years support for it has dwindled, with few people feeling willing or able to operate the scheme. With the main source of income for the Bell Restoration Fund now being from members' subscriptions it is all the more important that membership be maintained, or better still increased, if the Guild is to remain able to support restoration projects in the future.

Now that the Guild has passed its 75th anniversary, the next major event that it can look forward to will be in 2000 when we will be hosting the annual general meeting of the Central Council of Church Bellringers. Already a small, dedicated group of our members have got together to plan for the event, which will take place over the weekend of the Spring Bank Holiday in that year. Please give them your support so that we in Suffolk can give our ringing colleagues from the rest of the world a really warm welcome.

This will be my last report as secretary as, under the new Rules, because I have now served in this office

for ten years, I have passed my sell-by date twice over. It has been an interesting ten years and I am pleased to have had the opportunity to serve the Guild in this way. I have witnessed quite a few changes, and I am sure there are more to come. I hope my successor, whoever he or she may be, will have an equally enjoyable term of office.

Guild Librarian

Gillian Wakefield

1998 has seen another increase in the use of the library and borrowers have included those wanting to update their peal records by perusing past copies of The Ringing World (the library has copies going back to 1952), people who want 'a good read' and those keen to improve their ringing or conducting skills. The videos of ringing in Northern Italy have also been very popular, and two students of the Italian language have found the booklets on Italian bells and bellringing in the library of use in their studies. In addition to borrowers, the library has also been used as a source of information and enquiries have included those from ringers researching the history of ringing in their towers.

It is good, therefore, that the library continues to grow due to the generosity of ringers in donating items of interest. In addition to a growing collection of videos and audio-tapes, the library now has its first CD, 'Campane a testa', which is a recording of ringing in the Province of Bologna and Modena in Italy.

Each year I like to recommend a book newly acquired by the library, and this year it is 'Suffolk's Churches Great and Small'. While not strictly a ringing book, it is a most attractive publication with beautiful photographs by Richard Tilbrook and excellent descriptions of the churches, by Roy Tricker and George Pipe. George has also included some information about towers and bells. This is a book to browse through, to admire the architecture, exquisite woodwork, and fascinating historical detail of our most lovely Suffolk Churches.

So please do use the library, whether for information for a project for school or university, or for a tape to listen to in the car as you drive to work, or to borrow Dove to find information on practice nights when planning your next holiday. The library is here and you are welcome to use it.

The Ringing World

The Weekly Journal for Church Bell Ringers

A subscription to The Ringing World gives you a weekly fix of news, gossip and useful information about bell ringing

You knew that already?

Do you know it get's better with age?

Guild Maintenance Officer

Winston Girling

The new Belfry Advisory Committee, which replaced the former Restoration and Maintenance Committee, first met during January 1998 and the increased membership has already proved to be of great benefit and is providing a wider range of abilities, contacts and experience. The approach of the year 2000 has produced an upsurge of restoration and maintenance and it is stretching our resources to the limit. I am grateful for the support and interest shown, not only by the Committee but by many other ringers (and non-ringers as well) to keep our bells in order and to work towards the glorious prospect of bells again sounding from previously silent towers.

It is vitally important, however, that a close eye is kept on the various working parts of all installations, particularly now that those peals of bells which have been silent for some time or are only used infrequently may well be suddenly pressed into action. It concerns me also that peals may be attempted on such bells. Some of our time-expired installations must not under any circumstances be rung full circle and even chiming may be too risky, but there are others which can be rung and perhaps even pealed if they are carefully checked and any problems resolved. However, the organiser of such ringing must be responsible enough to ensure that sufficient work is carried out on the bells beforehand to ensure that they will stand up to the ringing. All that has to be done is to ask if you are not sure. Even with bells which are rung regularly it is quite common to visit a tower where the bells are on plain bearings, only to find that those bearings are bone dry, and the 'go' of the bells is suffering as a result. Often the bells do not 'feel' right and are patently loose, frequently on the headstock or else the single bolted and hooped gudgeons have developed some movement. We are told that they do 'lump a bit' or one or more are difficult to ring!

Even new installations (contrary to what I have sometimes heard) are not 'maintenance free' but require regular checking and attention and it is always best to appoint one of the ringers to be a steeple keeper, with the responsibility of making regular visits to the bell chamber to locate and identify potential problems. Often it happens that knowledge of bells and their gear is limited at a particular tower. If so, then members of the Committee will be more than pleased to come along and advise, and it is surprising how soon the mechanics become second knowledge and, believe me, when something untoward is identified, it is very satisfying to know that it has been sorted out and that the bells are safe and working properly. If there is enough interest I will be more than pleased to arrange workshops and seminars for people to learn about routine bell maintenance.

The above is designed to serve as a warning, and is not in any way directed at the towers where a great deal of care is taken and it is such a pleasure to be allowed to ring on bells which are well looked after and lovingly cared for. Unfortunately, this is often the exception.

It is a great pleasure to report that the number of Affiliation Scheme member Churches continues to grow steadily all the time, standing at around 60 at the moment. The Guild is extremely grateful for their collective support for the Restoration Fund and it would be great if we could reach the milestone of 100 members before too much longer. Perhaps the 100th member could be given free membership for the first year. If your Church/tower does not belong, please do consider joining this worthwhile scheme (there are some notable towers in Suffolk who still do not appear in the list!)

Maintenance Report

North-East District

At **MENDHAM** (6, 12 cwt) it was reported that things are generally in poor order. Work on the tower and frame at **STRADBROKE** (10, 20cwt) is now complete and the bells have been pealed. The frame at **WILBY** (8, 15cwt) has been painted and everything looks really clean. The tenor at **BRUNDISH** is cracked and needs to be removed and welded. A peal was rung at **THORNHAM MAGNA** (6, 9 cwt) to mark the 75th anniversary of the first peal for the Suffolk Guild which took place at this tower and was only possible following much work on the bells by the Guild maintenance team. **BEDFIELD** (6, 9cwt) have received attention including tightening and general overhaul.

North-West District

Interest has been shown at **MARKET WESTON** (5, 16cwt) in repairing the wooden frame which has rotted badly in one corner due to water entering the tower via a faulty drainage system. The bells are not safe to ring whilst the frame remains in this condition. Work at **HOPTON-BY-THETFORD** (6, 10cwt) to re-hang the two trebles in a new steel frame was finished in late 1998. A possibility of ringing the bells at **HEPWORTH** (5, 7cwt) depends on the integrity of the tower which has to be determined first. At **GREAT ASHFIELD** (5, 7cwt), following the installation of a new ringing gallery, new guides and pullies were fitted by the maintenance team. Following earlier drilling of the tenor crown and adding new metalwork to support a cracked canon the bells have been pealed and are now easy to ring. The two trebles at **ERISWELL** (5, 3cwt) which were loose on their respective headstocks have been re-packed and tightened and new terylene top ends spliced on to all five ropes. A new bearing has been fitted to the north side of the treble at **STOWMARKET** (8, 20cwt) and sound flaps installed on the south and east louvres to allow the bells to be heard more clearly when needed.

Work has been carried out on the bells at **BARDWELL** (6, 11cwt) where the bells can be rung for short periods of time on special occasions only. The tower and turret have been repaired but the way that the bells are hung, their condition and their sheer height in the tower unfortunately means that ringing must be restricted. At the request of the Parish **GREAT LIVERMERE** (5, 5cwt) has been visited to look at the possibility of ringing from the ground floor. It has been suggested that a ringing gallery would be a possible way forward. At **FINNINGHAM** (3, 7cwt) new stays have been fitted, replacement ropes and new rope bosses installed and following tightening and overhauling the bells have been rung full circle. **HESSETT** (5, 14cwt) were tightened and checked and at **COTTON** (8, 10cwt) the two-tier metal rope guide assemblies were de-rusted and painted with Hammerite. Various oak bosses were also replaced at the same time. Work has commenced by the maintenance team at **OLD NEWTON** (8cwt 5) where the cracked treble has now been welded and drilled for a new independent clapper. This bell, a Derby, has proved to be of really good tone and work on the other 4 bells will start during 1999 to improve the peal so that they can be rung full circle after nearly a century of chiming.

THURSTON (5, 11cwt) have shown an interest in restoring the ring (advanced soundbow wear and many other problems exist) and it has been agreed to carry out the necessary work on the single 2 cwt 'Oliver' bell hung for chiming at **STOWUPLAND** where a new headstock, clapper, bearings and associated items will have to fitted once the crown staple has been drilled out. Bells by this founder are extremely rare and this is the only example in Suffolk. A request has been made for **WETHERINGSETT** (5, 16cwt) to be checked and tightened.

South-East District

At **EASTON** (6, 12cwt) it was decided to go ahead with re-furbishing the support beams and headstocks and other work but the hoped-for Millenium grant has failed. The bells have all been lifted and the bearings cleaned at **STUTTON** (6, 11cwt) and at **ST CLEMENT'S, IPSWICH** (6, 15cwt) there has been liaison to try and prevent future problems over the proximity of some 90 flats which have been built near the Church. Advice has been given at **HARKSTEAD** (6, 9cwt) and at **RUSHMERE ST ANDREW** (6, 8cwt), following a complaint, advice was sought on sound proofing and plans were drawn up by the maintenance team, but this is not going ahead. It has been reported that there are tower problems at **WICKHAM MARKET** (6, 12cwt) and a request to chime the bells at **ST MARY AT ELMS, IPSWICH** (5, 9cwt) has met with the response that these bells are in poor order and this might not be wise. Terylene top ends have been fitted at **TUNSTALL** (6, 7cwt) but the guides are grooved and need attention. A request for advice at **BADINGHAM** (5, 8cwt) has been received, and **MARTLESHAM** (1631 Miles Graye 3 - swing chimed) has been visited.

South-West District

At **BILDESTON** (6, 16cwt) the incomplete roof resulted in water ingress. The 4th tended to slip wheel as a result. A loose collar on the independent staple on the 5th has been cured and negotiations are taking place to provide a permanent ladder to gain access to the bells. The ringers at **MONKS ELEIGH** (6, 16cwt) are concerned about the central void in the ringing chamber and a floor has now been installed under the bells. Badly worn ground pullies and a problem with the tenor clapper have been resolved at **POLSTEAD** (6, 9cwt) and an approach has been made to the PCC at **WOOLPIT** (6, 8cwt) to agree to soundproofing the louvres. At **DRINKSTONE** (6, 10cwt) the bells are reported as not in good order and bearings are believed loose on two of the bells.

Guild Technical Adviser *Michael Rolph*

1998 has been a fairly quiet year on my part, with only the augmentation of Metfield's recently restored ring of four to six requiring David's and my attention for grant approval.

However there are several projects which are due for completion in 1999, namely Campsea Ashe, Hacheston, Iken and Orford.

Campsea Ashe: The cracked 2nd has been welded and the frame strengthened. Work should be complete early in the new year.

Hacheston: Work is to start early in the new year with the removal of the bells to Soundweld, etc. Completion is set for later in the year. I understand that Hayward Mills & Associates are to do the work.

Iken: The bells are to be augmented from four to five.

Orford: A light ring of eight is being installed in the existing clock chamber using the front four of the existing five plus four new bells from Eijsbouts in Holland. The existing tenor is to be hung for chiming. Work here is also due to be completed this coming year.

Other work carried out during the year in which I was personally involved includes:

Bardwell: Here a test ring was carried out after some work had recently been done. Although the bells were reasonably easy to ring, it was felt that the state of the tower was not good enough to allow ringing

on a regular basis. However, with the guidance of the church architect and Diocesan Bell Adviser it was agreed to allow limited ringing for special occasions only.

Finningham: A new floor has been installed under the bellframe, together with new louvres in the tower. New rope bosses, new stays and secondhand ropes have been fitted. The three bells are now in ringable order and go quite well.

Blythburgh: The tenor clapper was replaced after its crownstaple nuts came adrift. All the other clappers were checked and tightened. The bells remain in excellent order.

This is probably my last year as your Technical Adviser, due to family and other commitments I am finding it increasingly difficult to devote as much time as I would like. I have enjoyed serving the Guild in this post for the past seven years and subject to the membership's approval I would like to hand over the reins to Alan Moult. Alan lives in Woolpit and prior to moving to Suffolk he used to work for Eayre and Smith. He has considerable knowledge of bells and fittings etc. and I am sure he will be a worthy successor. I shall continue my post as North East District Maintenance Officer and continue to serve on the Belfry Advisory Committee.

Peal Secretary

Alan Mayle

The number of peals rung by the Guild was 98, the second year in succession that we have just failed to reach the 100 mark. However it is encouraging to see the extent of new methods rung for the Guild and the count of peals of Surprise on all numbers. It is good to see the new efforts being made in the Little Surprise Major field and in the peals of Maximus at Ipswich. Let's hope the enthusiasm of certain individuals will continue as this is essential to the furtherance of our art.

Peals were rung in 50 Suffolk towers (and 4 towers outside the county, although not all by substantially Suffolk bands). The first peal on the bells was rung at Falkenham, and the centenary of the first peals were commemorated at Hawkedon and Stradishall by repeating the peals rung in 1898. Rare visitors to the peal columns include Eye, Thurston and Stradishall, the latter having last been pealed 23 years ago.

First performances for the Guild during the year were as follows (* denotes first peal in the method):-

03 Jan	Framsden	Uganda S Major
08 Feb	Aldeburgh	Ulceby S Major
21 Mar	Bury St Edmunds	Middlesex S Royal

Guild Treasurer

Paul V Stannard

Treasurer's Report and Notes to the Accounts

The figures speak for themselves, in my opinion, but perhaps the following points should be noted.

The Newsletter has been self-financing this year and the General Fund balance is attributable to this and a couple of generous donations. Outstanding peal fees and prepaid subscriptions are reflected in the accounts.

There were fewer requests for grants from the Restoration Fund this year allowing the balance to recover.

The sweatshirt purchase price has now been recovered, (Total sales £503, cost £455).

The Jubilee Fund received the surpluses from the Guild Dinner, Rope Sales and a personal donation.

60 members currently covenant their subscription. 48 of whom belong to the SE District. The district secretaries have forms or they can be obtained from me.

The Guild Accounts begin on page 19.

The John Taylor Heritage . . .

Bellfounding is part of Britain's heritage. When John Taylor began bellfounding he was continuing a heritage dating back to the Fourteenth Century. That same heritage continues today producing the unique purity and richness of sound that typifies the magnificent Taylor bell, whatever its size or purpose.

Master Craftsmen creating part of our heritage to delight future generations

How true our motto is! Every year our sound touches the lives of more people in more lands. Whether it is handbells, a clock chime, an English change-ringing peal, a carillon, or even a single bell, our experience and expertise ensures unequalled perfection and depth of tone. Naturally, the quality of the bells is mirrored in every aspect of our work - simply, the best!

Whatever your needs - servicing, maintenance, restoration and renovation or a new installation - why not call the Master Craftsmen today and become part of our Heritage.....

John Taylor BELLFOUNDERS

John Taylor Bellfounders Ltd
The Bellfoundry, Freehold Street, Loughborough,
Leicestershire LE11 1AR UK

Tel: (Museum) (+44) 0509 233414

Something worth holding onto .....

A Pritchard bellrope is something rather special. Touch it and you instinctively warm to its richness and comfort. Pull it and you're in control. And reassuringly - the same quality since 1820!
so why all the fuss? frankly we're so proud of our flax hemp, natural fibre ropes that we wanted you to know that they're staying exactly the same as they've always been. Exactly right for you, your tower, and your companions. In a changing world that must have some appeal.

* Individually Crafted
* Perfect Handling
* Colour Fast
* Sallies 100% Wool
* Non Stretch
* 170 Years Service

By Appointment to Principal Churches & Cathedrals since 1820

Directory of Suffolk Guild Towers

The table on the following pages shows details of every ring of bells in the area covered by the Suffolk Guild of Ringers. The following details are included:

District (Dist): NE - North East; NW - North West; SE - South East; SW - South West

Deanery (Dnry):

Bc - Beccles	Hl - Halesworth	Lo - Loes	St - Stowmarket
Bs - Bosmere	Hr - Hartismere	Lv - Lavenham	Sx - Saxmundham
Cl - Clare	Hx - Hoxne	Ml - Mildenhall	Th - Thingoe
Co - Colneys	Ip - Ipswich	Sd - Sudbury	Wd - Woodbridge
Hd - Hadleigh	Ix - Ixworth	Sm- Samford	

Condition of the ring (Cond):

10 - Excellent. Ball bearings, modern frame and fittings.
9 - Excellent. Plain bearings, modern frame & fittings or ball bearings in old frame.
8 - Good going order.
7 - Fair going order.
6 - Poor going order.
5 - Ringable if cleaned up and odd fittings and ropes provided.
4 - Ringable with difficulty and a degree of risk after making odd repairs.
3 - Unringable mainly because of tower and/or frame arrangement and position.
2 - Unringable mainly because of frame and/or fittings.
1 - Hung dead.
0 - Some bells unhung on the ground.

Ground floor ring? GF indicates a ground floor ring.

Obituaries (1998)

George P Adams - East Dereham & Harleston

George was a life member of our Guild and of course a life long member of the Norwich Diocesan Association. What a lovely man he was, gentle in manner, meticulous in his ringing and rightly proud of Dereham bells. Like a true East Anglian he loved his Superlative and Double Norwich. We shall miss him at the Debenham Veterans!

Cecil Ainger - Bramfield

Like many another in the Halesworth area, Cecil was taught by Fred Lambert and never forgot the Recruiting Sergeant. Farming at Spexhall (a "Northern Farmer") he moved south to Bramfield and served that community, strong Christian as he was, for many years. A keen teacher, he spent many an hour explaining the mysteries of Doubles and Minor. The Deanery will miss him especially.

Alan R Andrews - Thorrington, Essex

It would be very easy to overlook the quiet and modest Alan in a crowd, his deafness an awful handicap. But here was an exceptionally gifted ringer, beautiful striker and handler on any number of bells, Doubles to Surprise Maximus. And one of those ringers who could just take up where they left off after any length of time.

Alan served North-East Essex well and loved Suffolk where he was a member too. Fortunately for us he leaves a ringing family and we remember him with enormous affection.

Thomas Cornish

Tom was a call-change ringer at Saxmundham and Kelsale from the 1950's, originally taught by the Leiston men before the war. A bricklayer by trade he also combined his ringing with bowls, perhaps remembering that the great Charles F Bailey was a Suffolk champion.

Edwin A Cracknell - Buxhall

Ted was a well known and greatly respected ringer in our Guild and, especially before the war prior to his illness, a fine heavy bell ringer too, turning in Stonham Aspal and Stowmarket tenors. He was a member of Harry Lister's band, no mean performers, with names like Garnham Blaxcell, Arthur Grimwood and Shelford Sparrow coming to mind.

But Ted's first love was fine striking, whether it was Bob Minor or Treble Ten and everything in between. No matter what the occasion, there would be 110% effort at the end of his rope! He will be greatly missed especially in West Suffolk and it is good that a peal board honours his memory in Stowmarket belfry.

Beatrice Eleanor Farrow - Clacton on Sea

Eleanor Reeve, as we knew her, was a member of that gallant "band of ladies from St. Matthew's'" (Ipswich). Coming up from Buckinghamshire in 1930, she, with sister Bertha - we seem to just remember Christian names - Mollie, Sylvia, Mary and others, were a popular group between 1934 and 1939 under the patient tutelage of Fred Bowell, Cecil Aldous and others from the six bell trio of St Clement's, St. Matthew's and Rushmere. They did much to establish, with Daisy Andrews, Hilda Snowdon and Mrs Leslie Wright, ladies' ringing in the Suffolk Guild.

Leslie N Melton - Pakenham, Ipswich and London

If Les had lived in Australia he might have been dubbed The Wild Colonial Boy! This loveable man combined skill and ability in his ringing and conducting with a somewhat enigmatic style and a dash of the outrageous.

He started ringing in the middle fifties and up to 1965 was a prolific peal ringer and conductor, a go-anywhere enthusiast. Things were never dull when Leslie was around. One peal stands out in my mind when he rang Woodbridge tenor immaculately to Double Norwich in 1963, with an untucked rope.

Mabel Parker - Stonham Aspal

Dear Mabel, wife and supporter of Russell her husband, who suffered badly at Japanese hands. In later years she was always cheerfully helping, serving teas at Stonham Aspal, Debenham and elsewhere. We miss her as we do Russell and his brother Herbie.

Robert Southgate - Bramford and USA

One of the success stories of post-war Guild activities was the Bramford band of the sixties and early seventies. A whole ruck (as Bill Kinsey would say) of talented boys and girls of whom Robert was outstanding. They were keen, my word they were. Winners, too, of the striking competition, they combined tower bells with hand bell ringing, outings, events and all with a lot of fun.

We are so sad that Robert was taken from us at 52 but the packed church at his funeral was testimony enough.

Norman Summerhayes - Egham, Surrey

Norman was one of nature's gentlemen, a fine ringer, family man, and Guild officer, staunch Cumberland and many things besides. Perhaps his biggest contribution was his tireless efforts to bring together the London County, the College Youths and the Society of Royal Cumberland Youths.

Norman was a life member and his love of Suffolk went back to the time when he worked down at Dartford with James E Bailey of Leiston. Theirs was a lifetime friendship and he never forgot it. In later years with Joan (neé Beresford) his wife, he did much for Surrey ringing. To see Norman on the 9th in a piece of twelve bell ringing one knew the roll-ups would be good.

Dinah, Lady Tollemache - Helmingham

The Dowager Lady always took an interest in bells and loved to hear Helmingham on a Sunday morning or to a peal. Perhaps her late husband had told her that his kinsman had paid for Helmingham's new ring in 1815.

Arthur Woods - Bredfield

There are hundreds of ringers like Arthur up and down the land, loyal, local, willing to give a hand, part of the 'warp and weft' of parish life. Not headline makers but 'there', sounding out God's message Sunday by Sunday. We are thankful for them.

May they Rest in Peace.

George W Pipe

Secretary's Report (1998) *Isabel Rivers*

I've managed to reach the end of my first year as secretary without too many mishaps! I would not have had such an easy and enjoyable year without the help of my fellow officers - thank you!

We welcomed ten new members during the year. Sadly, we lost a much respected member, Cecil Ainger, a ringer for many years. He made an enormous contribution to ringing and, especially, to our district.

The first meeting of 1998, at Yoxford and Peasenhall, was held on St Valentine`s Day! TheDistrict Striking Competition followed on 9th May at Saxmundham, when six teams competed. The ringing was, on the whole, very good, and the general ringing after the meeting was well supported. We joined forces with the NW District in August for a very enjoyable meeting with ringing at Cotton and Eye. The weather was glorious, enabling us to have tea alfresco!

The 10-bell practices at Beccles have, I feel, been most successful, with progress being steadily achieved throughout the year, culminating in some quite respectable Grandsire Caters. Unfortunately, the 8-bell practices at Halesworth were not, generally, so well attended. We really do need your support for the practice meetings to make them worthwhile. We need both people wanting to practice and, especially, some experienced ringers to make up the bands - so please, whatever level of ringing you are at, come along in 1999.

Thank you all for your support, I hope to improve the service now I know what I`m meant to be doing!

Secretary's Report (1998) — *Sue Ashton Jones*

1998 proved to be another excellent year particularly for newcomers. All the beginners practices have been extremely well attended and I think enjoyed.

Sadly Ted Cracknell from Stowmarket and Buxhall died in March. A Guild member for 64 years he will be greatly missed both as a ringer and a friend.

Well done to Hinderclay for winning the District Striking Competition in April. The joint NW/NE meeting in August at Cotton and Eye was a great success; I hope this tradition can be maintained. A number of our members also enjoyed the walks organised by Don Price, despite the weather!

The ADM at Stowmarket in October commenced with a magnificent three course meal and the following business meeting elected a new Chairman and Secretary. We wish Keith Ashton Jones and Margaret Lambeth good luck in their new posts and thank the outgoing incumbents for their hard work.

December 12th proved to be a busy day. The beginners practice at Pakenham in the morning was supported by some 40 people. When not ringing, a quiz organised by Stephen and Keith (where do they dream up those questions?) taxed everybody, the only sound to be heard was the scratching of pencils and the munching of mince pies. The Christmas Dinner in the evening was held at Haughley where we all ate, laughed and talked too much and had a thoroughly enjoyable time. (The Christmas decorations were magnificent!)

I hope that the enthusiasm and support will be continued in the coming year.

Good Luck and Good Ringing in 1999.

Secretary's Report (1998) *Shirley Girt*

I am pleased to report that the membership numbers for this year are about the same as for last year. We have of course recruited new members but have lost a few too. The major cause for loss is from people moving right out of the area but we have also sadly had to record the death of several members.

Remembrances have been said for Clifford Arbon of Monewden who died in his ninetieth year, for Dennis Knox of Felixstowe who, although not ringing at the time of his death, was a much respected composer of ringing. Arthur Woods of Bredfield and Leslie Melton, a former Suffolk ringer were also remembered.

One member who has left our District is Brian Beecroft. Brian's good reason for moving was that he got married in October. We wish him and Ann all the very best and thank Brian for work he did over a number of years as Bosmere Deanery Representative.

Another couple to marry this year were Alan Braybrooke and Penny Underhill. They were married at Henley in September. Congratulations also go the Salter family and the Williamson family for the addition of a son to each of them.

The Master, Crawford Allen arranged another successful outing for us in April to the Hertfordshire/ Cambridgeshire border area.

Meetings and Practices have been spread over a wide area of the District and it is hoped thereby to encourage the new ringers in their goal to ring for the year two thousand. Preparation for this has not only included teaching new ringers but also in the repair, restoration and augmentation work that is being carried out across the region at Hasketon, Hacheston, Iken and Orford to name a few.

In order to advance, all levels of ringing, monthly practices have been held and these have been supplemented by regular Doubles practices on Saturday mornings to assist the beginners to progress.

Like all Districts we are looking for the return of lapsed members. Falkenham have managed to lure back at least two former ringers. We now add Campsea Ashe to our list of towers and are pleased to report that despite tower structural problems, Wickham Market is successfully teaching some Brownies to ring.

A number of towers regularly ring Sunday quarter peals and the District has welcomed visitors and peal bands from near and far during the year.

Three of the four Central Council Representatives come from this District and with the fourth Rep. were all able to attend the Council Meeting in Dublin on our behalf.

Although attendances at meetings are still on the low side we hope that this will be resolved in the future.

Our thanks are offered to all those who have served this District and the Suffolk Guild during the past year and to those who ring Sunday by Sunday and on all the other special occasions when bells are wanted to be heard.

Secretary's Report (1998) *Rolie Whiting*

Although somewhat lacking in excitement when compared with the two preceding years 1998 has nevertheless turned out to a satisfying one in several ways.

All of the organised District Events were well patronised again this year, starting with a good turn-out for our first District Practice which was held in Bildeston Church on February 28th. The afternoon's activities concluded with an informative 'teaching safely' seminar conducted by the Guild Ringing Master.

An 8-bell evening 'tower grab' and pub meal on April 25th organised for us by Ann Jessop, the Boxford Tower Captain, proved to be a popular addition to our regular calendar. The District Striking Competition was held on Nayland Church bells (the best six in Suffolk! - I claim) on June 27th. It was well supported

again despite the weatherman being decidedly uncooperative. The Polstead Band managed to prise the trophy from the clutches of both Lavenham and Rattlesden whose Bands had vied with each other for its possession in recent years.

The customary 5/6-bell evening 'tower grab' at the end of September enabled participants to enjoy the spectacular Stour Valley scenery between Bures and Nayland from the Essex side of the river, the chosen 'rings' being Great and Little Horkesley, and Wormingford. A formidable looking ladder up to Great Horkesley ringing chamber was safely negotiated by all who were brave enough to "risk their necks'.

Our final purely social Event of 1998 was the District Car Outing on October 24th, organised by Christine and Richard Knight, which took us into Northamptonshire. The daunting prospect of a lengthy drive along the A14 was a bit off-putting to some of us 'older types' and our 'older type' cars but a hired self-drive Minibus saved the day and the churches and attractive villages in that county together with an excellent midday pub lunch all contributed to a very enjoyable day out.

Our ADM at Hadleigh on November 28th followed the usual pattern - not too many 'faithful' in Church for the Service, a few more for the tea and Meeting afterwards. Also, as usual, the assembled company were quite happy for the retiring Officers to do another stint and it is worthy of note that our District Chairman of one year's experience in the hot seat has bravely taken on three additional 'hats'!

At the time of writing this Report no mad rush to learn to ring in time for the Millenium has been experienced in our District but, hopefully, the momentum will increase during 1999 when the magnitude of the task becomes clearer. Whatever finally happens at midday on January 1st 2000 I am sure much ringing will precede it at around midnight as we maintain the age old "ring out the old and ring in the new" tradition in many of our District Towers.

The Suffolk Guild of Ringers

Objects, Constitution and Rules

Objects

The Guild shall be established for the promotion of ringing for Divine Service and in furtherance of this object:

1 To promote and encourage the practice of bellringing.
2 To recruit, train and encourage bellringers in the practice of their art.
3 To cultivate the art of scientific ringing.
4 To promote a proper appreciation of the ringing chamber as part of God's house; to encourage the bestowal of care and attention on the cleanliness and proper equipment thereof, as well as the preservation of the bells in an efficient condition; to advocate needful repairs and renovations and to supply, when required, reliable information and advice of a practical character concerning the condition of the bells and their fittings.

Constitution

A Name

1 The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St Edmundsbury and Ipswich.
   a It shall be affiliated to the Central Council of Church Bell Ringers and registered as a Charity at Law. (Ref.266869)
   b The President shall be the Lord Bishop of the Diocese and there shall be Patrons. Vice-Presidents shall be elected at the AGM of the Guild.

B Membership

2 Membership shall consist of the following categories:

a Ringing Member: A person who can ring rounds efficiently on a tower bell.
b Associate Member: A person who wishes to support the Guild.
c Life Honorary Member: A Ringing or Associate Member who has given outstanding service to the Guild.
d Non-Resident Life Member: A person who is qualified to be a Ringing Member or Associate Member, but who resides outside the territory of the Guild and who is not a member under either 2a, 2b or 2c.

3 Ringing and Life Honorary Members only shall have voting rights and be permitted to hold office in the Guild.

4 Churches within the Diocese may be affiliated to the Guild on payment of an annual donation.

C Districts

5 There shall be four Districts:
1 North East District consisting of the deaneries of Beccles and South Elmham, Halesworth, Hartismere, Hoxne and Saxmundham.
2 North West District consisting of the deaneries of Ixworth, Mildenhall, Stowmarket and Thingoe.
3 South East District consisting of the deaneries of Bosmere, Colneys, Ipswich, Loes, Samford and Woodbridge.
4 South West District consisting of the deaneries of Clare, Hadleigh, Lavenham and Sudbury.

D. Government

6 The Annual General Meeting of the Guild shall be held on the Saturday following Easter or as shall be decided by the Guild Management Committee and shall be the ultimate decision-making body of the Guild. It shall elect Guild Officers and set subscriptions and fees for the following year.

7 Members shall be elected to fill the following Offices: Chairman, Ringing Master, Secretary, Treasurer, Maintenance Officer, Report Editor, Newsletter Editor, Central Council Representatives, Technical Adviser, Librarian, Handbell Trustees, Peal Secretary and any other such Officers as the Guild Management Committee shall see fit to approve.

8 In order that the Guild be run efficiently and its objects implemented there shall be three Committees established with the following responsibilities:
a The Guild Management Committee which shall co-ordinate all Guild activities; publish a printed Annual Report and audited Accounts and convene Sub-Committees as may from time to time be required, and shall recommend the levels of subscriptions and peal fees and other methods of raising money and shall organise general meetings, ringing and social activities.
b Recruitment and Training Committee which shall prepare training programmes for use in the Districts, provide courses for the training of teachers of ringing and assist Districts in the recruitment of Ringers.
c Belfry Advisory Committee which shall maintain an up-to-date directory of towers, listing the condition of all Church bells in the Diocese, which shall make recommendations concerning the preservation and use of bells from redundant churches, which shall advise incumbents and arrange such local restoration and maintenance work as may be necessary.

E. Finance

9a All money in any of the Guild's funds not required for normal working purposes shall be invested or deposited by the Treasurer as may be directed by the Guild Management Committee.

9b All cheques shall bear the signature of the Chairman, the Secretary or the Treasurer and any cheque greater than the value of the limit set by the Guild Management Committee shall bear the signatures of two of the three signatories.

10a The expenses listed in Rule D14 shall be paid out of the General Fund together with other payments in furtherance of the Guild's objectives as shall be specifically authorised by the Guild Management Committee.

10b The interest received on the Jubilee Fund shall be applied to the work of the Guild in the restoration and maintenance of bells, etc and the capital element of the fund shall be retained intact.

10c Grants from the Restoration Fund shall be authorised by the Guild Management Committee but shall only be paid following the approval of the work by the Guild Ringing Master and a technical adviser. Grants will normally be offered for work to restore bells and their fittings for full circle ringing, but may in addition include other ancillary work associated with any such project.

10d The monies in the St Peter's Sudbury Fund shall be used, as required, for running expenses and minor repairs and refurbishments to the St Peter's bells and fittings as authorised by the Guild Management Committee.

10e The monies in the Library Fund shall be used, as required, for the purchase and repair of books and other items for the library.

10f The monies in the Handbell Fund shall be used, as required, for the repair, maintenance, renovation or augmentation of the Guild's handbells, as authorised by the Guild Management Committee.

10g The Guild Management Committee may, from time to time, establish further funds and shall at that time specify the aims and objectives of the new funds.

10h The Guild Management Committee may transfer sums from the General Fund to any specific funds and, if the purposes of the specific funds cease to exist, close these funds and transfer the balance to the General Fund.

11 At least half of all peal fees and subscriptions of Ringing and Associate Members, together with all the Non-Resident Life Membership fees, shall be transferred annually to the Restoration Fund from the General Fund.

F Records and Handbells

12 The Report Editor shall record all peals rung for the Guild and Quarter Peals rung in the Diocese and publish them in the Annual Report.

13 The Librarian shall maintain an up-to-date inventory of publications owned by the Guild.

14 The Handbell Trustees shall maintain the Handbells in good condition and shall make such recommendations as may be necessary for the repair of the handbells to the Guild Management Committee.

G General

15 The Guild shall be affiliated to the Central Council of Church Bell Ringers and shall loyally abide by the rules and decisions thereof.

16 The Constitution may be amended by a two-thirds majority of the members present at an Annual or Special General Meeting provided that 14 days notice of the proposed amendment has been published in The Ringing World or in the Guild Newsletter and provided that nothing herein contained shall authorise any amendment which shall have the effect of the Guild ceasing to be a Charity in Law.

17 In the event of dissolution of the Guild any assets remaining after the satisfaction of all its debts and liabilities shall not be paid to or distributed among the members of the Guild but shall be given or transferred to such other charitable institution or institutions having similar Objects to the Guild.

Rules

Guild Rules

A Election of Members and Subscriptions

1 Ringing and Associate Members may be elected at any meeting by a majority of those present when proposed and seconded. Membership shall be exercised through only one District at a time, normally being the District under which the member is shown in the Annual Report. Subscriptions are due on election and thereafter in advance on the first day of January each year. Membership shall cease if they are not paid by 31st March of the year in which they become due.

2 The subscription rates for members shall be fixed at the Annual General Meeting and unless a change is agreed the existing rate shall continue. Persons in full time education and members over the age of 65 shall pay a reduced rate of subscription.

3 Life Honorary Members shall only be elected at an Annual General Meeting and nominations may only be made by the Guild Management Committee or District. No further subscription is payable after election.

4 Persons who have been Ringing Members or Associate Members for at least two years may, upon leaving the Diocese, inform their District Secretary that they wish to become Non-Resident Members. No subscription is payable during the period of non-residence. A person resident outside the Diocese who wishes to be associated with the Guild may be elected a Non-Resident Member as an alternative to Ringing or Associate Membership.

5 For the purposes of peal ringing new members may be provisionally elected in the belfry to the appropriate category of membership subject to the confirmation at a business meeting of the appropriate District in the case of a Ringing Member or at a meeting of the Guild Management Committee in the case of a Non-Resident Member. If election is not confirmed the subscription shall be refunded.

6 Any member failing to conform to the Objects and Rules of the Guild may be expelled by the Guild Management Committee which shall report the matter to the next Annual General Meeting. Such a member shall forfeit any payment made to the Guild.

B Election of Officers

7 All Officers shall retire at the Guild's Annual General Meeting but shall be eligible for re-election but the Chairman, Ringing Master, General Secretary and Treasurer may not hold a given office for more than five consecutive years. However they will become eligible to hold that office again after one year out of that office.

Nominations may be made in writing to the Guild Secretary or orally at the Annual General Meeting provided always that they are proposed and seconded. If more than one nomination for any office is received then election shall be by paper ballot, the successful candidate being the one with the highest number of votes. In the event of a tie the Chairman shall have a casting vote. Central Council Representatives shall be elected in accordance with the rules of the Central Council during the second year of the triennium at the AGM of the Guild.

8 The Annual General Meeting shall appoint an Auditor who is not a member of the Guild Management Committee and need not be a member of the Guild.

C Committee Structure

9 The Guild Management Committee shall consist of: Vice Presidents, Guild Chairman, Ringing Master, Secretary, Treasurer, Technical Adviser, Public Relations Officer, Maintenance Officer, two elected representatives from each district and such Guild Officers as may be from time to time required or invited to attend. Six members shall constitute a quorum. The Committee shall meet at least three times per year. The Chairman shall take the chair at all meetings of the Guild and Guild Management Committee. In his absence the Chair shall be taken by the Ringing Master or in his absence by a person elected by the meeting.

10 The Recruitment and Training Committee shall consist of the Guild Ringing Master as Convenor and two Representatives from each District.

11 The Belfry Advisory Committee shall consist of the Guild Maintenance Officer as Convenor, Guild Technical Adviser and the members of this committee.

12 Each of the above two Committees shall meet at least three times a year.

13 a The Chairman, Master, Secretary, Treasurer and Maintenance Officer shall form the Guild Executive. In the event of a Guild Office being vacated between AGMs they shall make a temporary appointment until a General Meeting can be convened.

b The Guild Management Committee may convene such sub-committees as it deems necessary from time to time and shall determine their terms of reference, powers, duration and composition. All acts and proceedings of any such sub-committee shall be reported back to the Guild Management Committee as soon as possible.

D Expenses

14 The following shall be paid by the Treasurer out of Guild funds:

a The cost of printing the Annual Report and any other publications authorised by the Guild Management Committee.

b The expenses of Guild Meetings.

c Stationery, postage, telephone, notices of all meetings and other incidental expenses.

d Insurance of Guild property.

e Central Council fees and reimbursement of Representatives' expenses attending each Council meeting, not exceeding the second class return rail fare and a subsistence allowance as may be determined by the Guild Management Committee.

f Such other expenses as the Guild Management Committee may determine.

E Peal Records

15 All peals rung for the Guild must conform with the decisions of the Central Council. All those taking part must be members of the Guild.

16 Conductors shall forward the following to the Peal Secretary as soon as possible and not later than 15th January the following year:

a The names, addresses and subscriptions of any Non-Resident Members elected in the belfry.

b The appropriate peal fees.

c Compositions for peals of Triples and above and compositions of such other peals as the Peal Secretary may request. Money received for items 16a and 16b shall be passed to the Guild Treasurer.

F Alteration of Rules

17 No alteration or addition shall be made to the Rules of the Guild except as specified in paragraphs 16

and 17 of the Constitution.

District Rules:

18 Each District shall hold an Annual General Meeting during the last quarter of the year for the purposes of receiving a report from the District Committee for the previous year, election of Officers and arranging activities for the coming year. Members shall be eligible to vote or stand for office only in the District through which they exercise membership in accordance with Guild Rule 1.

19 The following Officers shall be elected annually: Chairman; Ringing Master; Secretary/Treasurer; District Belfry Advisor; Newsletter Correspondent. The Chairman, Ringing Master and District Belfry Advisor shall normally represent the District on the Guild Management, Recruitment and Training, and Belfry Advisory Committees respectively but substitutes may be permitted. One other representative to each of the Guild Committees shall be elected. The District Officers and one elected member from each deanery shall form the District Committee. A District may elect additional working Officers at its discretion to assist the running of the District.

20 The District Secretary/Treasurer shall collect all subscriptions and other monies due and forward them to the Guild Treasurer. A statement of accounts shall be submitted to the Guild Treasurer by 15th.January. A Directory of tower correspondents, lists of members and ringing times shall be submitted to the Secretary by 15th January.

21 The District Newsletter Correspondent shall report on District activities for the Guild Newsletter, the 'Ringing World' and local newspapers.

22 The District Committee shall be responsible for the efficient management of the District's affairs and shall report to the District Annual Meeting on the year's work.

Regulations relating to the Pearson's Handbells:

1 The Pearson Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustees. They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2. The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustees by the borrower and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustees if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the preceeding borrower.

3 The bells are the responsibility of the borrower, after he has signed for them, until they are returned to the Trustees by the borrower. The bells are not to be loaned to anyone by the borrower without prior consent of both of the Trustees.

4 The bells must be returned to the Trustees upon request. The Trustees should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.

5 If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6 The Trustees are responsible to the Committee of the Guild for the administration of the bells and their decisions regarding the bells can be revoked by the committee.

7 The Trustees and the Committee of the Guild would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

The Mitson Shield and the Rose Trophy Striking Competitions Rules:

1 The competitions shall take place on the third Saturday in May or on any other date decided by the Guild Management Committee.

2 All Ringing Members and Life Honorary Members of the Guild may compete providing their subscriptions are paid.

3 No Member may ring more than once in the Rose competition, except as specified in Rule 10.

4 Representative bands shall consist of:
   a The Mitson Shield. Six ringers of which at least four are shown in the Annual Report as members of that tower. All six ringers are to be bona fide Ringers at that tower.
   b The Rose Trophy. Eight members of a district or eight ringers representing a tower, of which at least six are bona fide Sunday Service Ringers.

5 Neither the Mitson Shield nor the Rose Trophy can be held by any band not complying with the previous Rule.

6 Each band must have a representative present at the relevant draw. The times of the draws to be advertised in the 'Ringing World'.

7 A total of two minutes practice ringing and stand will be allowed before each test piece.

8 The test piece will be:
   a The Mitson Shield. 240 true changes of any recognised Doubles or Minor Method(s).
   b The Rose Trophy. At least 224 true changes of any recognised Triples or Major method(s) .In the event of bands ringing Doubles or Triples a cover bell must be used. For the Rose Trophy only the first 224 changes, excluding the opening rounds will be judged.

9 The length of either test piece may be shortened at the discretion of the Ringing Master in the event of a large entry.

10 A reserve ringer, appointed by the Ringing Master, will be available to bands meeting short, at the discretion of the Ringing Master.

11 A minimum of two judges appointed by the Ringing Master will be present. Their decision is final.

12 The Mitson Shield and the Rose Trophy are, and shall always remain, the sole property of the Guild, which may at any time give directions for their locations and safe keeping.

13 Interpretation of all rules is at the discretion of the Ringing Master.

Something worth holding onto...

A Pritchard bellrope is something rather special. Touch it and you instinctively warm to its richness and comfort. Pull it and you're in control. And reassuringly – the same quality since 1820!

So why all the fuss? frankly we're so proud of our flax hemp, natural fibre ropes that we wanted you to know that they're staying exactly the same as they've always been. Exactly right for you, your tower, and your companions. In a changing world that must have some appeal.

Guild Officers' Reports

Ringing Master

Stephen Pettman

It was with some trepidation that I embarked on a second term of office with two major events in the next twelve months, namely the Millennium ringing and the Central Council visit next May. However, it has been an enjoyable eight months with the majority of my "official engagements" approving grants at various towers following restorations.

It has been a good year for restorations, with some of our long term unringables getting new life. I suspect that we are now making some inroads into our unacceptably high percentage of unringables. A personal plea to those arranging dedications - please avoid Sunday mornings. I am not prepared to attend if it conflicts with my own service ringing but it is also disappointing to miss out on these wonderful occasions.

1999 saw the conclusion of the rules debate. Hopefully this saga is over for at least a few years. I look forward to a more diverse Management Committee, which will hopefully be more meaningful to the membership.

Looking back at Guild events, there were some disappointments but also some encouraging signs.

Striking Competitions - 15 May 1999.

The six-bell was held on the recently restored ring at Bildeston. Although there were only six teams taking part, an enjoyable afternoon was spent listening to this fine six. Congratulations to St Mary-le-Tower on winning in fine style and my thanks to the other five teams for a spirited challenge - Hopton & Hinderclay, Kersey, Pettistree, Rattlesden & Woolpit and Sproughton. The eight bell was held in the evening at Boxford, again recently restored. St. Mary-le-Tower again collected the trophy beating the three district teams able to enter.

It would be more encouraging to see more teams taking part, particularly in the six bell competition but I question whether a Saturday afternoon in May is really the best time. My own band were unable to enter because of a wedding. I suspect that other towers had similar problems. Perhaps another summer evening would enable more teams to compete. Although striking competitions should be taken seriously, I see the main point is to have a fun time out with as many other ringers as possible. It is a good day out and a chance to hear some good ringing and also to get some sound advice from the tactful judges. The judges this year will be Amanda Richmond and Simon Rudd from Norfolk.

Guild Training Day - 18 September 1999.

A successful day was held in September centred around Kettleburgh. Some 33 students attended on 5 courses - two call changes, one plain hunt, one basic plain bob and one advanced plain bob. My thanks to the tutors and helpers for their tireless efforts. The 2000 event will be held in the same area as previous years because of the number of easy and accessible six bell towers. Proposed courses are: Call changes, Plain Hunt, Plain Bob (Basic), Plain Bob (Advanced) and Stedman. I welcome other suggestions.

Guild Seminar - 16 October 1999 - Modern Teaching Aids.

Unfortunately this had to be cancelled as only two people were interested. It is a pity as we can all learn from new innovations. It might not suit everyone but what's the harm in having a look? My thanks to those who volunteered equipment, programmes, simulators. If you were interested but could not make the date,

Eric Bull at Stutton would be worth contacting to arrange a demonstration of his complete system in place at Stutton.

9.2.19 Day.

A successful day was held at Barking and Offton for our younger ringers,assisted by three older drivers / ringers, namely myself, Brian Whiting and Suzanne Stanford. 14 young people attended from age nine to eighteen. Their names and Email addresses appear on the website. Other young ringers are asked to contact Anne Brechin to build up this data base for future events and to enable them to make contact with each other. Ideas that were put forward over an informal lunchtime discussion were: (i) a Young Ringers' section of the Guild; (ii) Young Ringers' Special District Practices; (iii) a Young Ringers' Outing; (iv) a Young Ringers' section on the website (I have no doubt that this will happen!); (v) Young Ringers' page(s) in the Guild Newsletter. All of these points are valid and need serious consideration by the Guild/Districts.

This event arose out of Brian Whiting's and my concern that we have very few competent young ringers or indeed many under thirty five. Unless we get young keen ringers coming through, ringing will inevitably decline both in numbers and standards when the current membership gets too old. I shall continue this crusade into 2000. I am not convinced, however, that the districts take this as seriously as they might.

Ring In 2000.

This was the highlight of the year. Congratulations to all Guild Members and others who took part in the Ring In 2000. From my replies from Deanery reps, it is clear that this event fired the imagination of virtually everybody. As far as I am aware, all rings that could be rung were rung sometime on 1/1/2000 - some 193 towers, of which 121 were rung at noon. Some of our unringables were also chimed and doubtless many other chiming bells were sounded. This was an incredible performance considering our membership and the number of rings to be covered. Some of our bands in more rural areas must have been ringing all day to cover what they did. The press coverage was a little disappointing but Radio Suffolk showed a keen interest, getting me up at 6.45 a.m. on both the first and second of January!

It has been encouraging to see new bands taught for the Millennium. Hopefully they will survive and continue to progress. It was a source of much pleasure (and at times frustration) to be involved with David Stanford in the teaching of the new Burgh band. Not only did they ring their own bells on New Year's Day but also covered Hasketon at noon.

Suffolk Guild Website.

Anne Brechin from Burgh is looking after the site. This is definitely the way forward for communication. There are currently problems with the inclusion of personal details for the tower directory. I would urge all tower correspondents to agree to their details being included, the advantages of a complete directory far outweigh the possible nuisance of frivolous contact. If you are not convinced, please see if there is another member of the band who will allow their details to be put on the site.

Peal Achievements.

First peal - Oscar Bingham, Anne Brechin, Ged Gora and Tony Hopkins.

50th -Carol Girling.	100th - Catherine Colman	250th - Diana Pipe and Richard Rapior.
300th - Roger Whittell	400th - Mary Dunbavin	900th - Alan Mayle.
For the Guild:	50th - Carol Girling	100th - David Webb
150th - Iain Mitchell	200th - Mary Dunbavin and Diana Pipe	
500th - Mary Allum	600th - Alan Mayle	1000th - David Salter.

400th twelve bell peal - George Pipe

850th tower bell peal - Alan Mayle.

Conductors: 750th - David Salter

800th - John Loveless.

There were numerous other first in methods and on higher numbers of bells. My congratulations to all those who achieved milestones, particularly David Salter who joined the elite club of those who have rung 1000 for the Guild. My congratulations also to those who rang their first quarter during 1999.

Central Council - May 2000 - Bury St Edmunds

This is fast approaching and is a great opportunity for ringers to see how the Council works and to meet some of the leading lights of the exercise. Stewards and tellers, particularly, will get to meet lots of delegates. Please help to make sure that our visitors enjoy their time in Suffolk.

I would like to conclude by thanking all district officers and members for welcoming me into their towers in the limited time that I have had available. My particular thanks to the Deanery reps for completing the Ring In 2000 proformas.

Guild Secretary

Sandra Pereira

I apologise that there is no real Secretary's report in this Annual Report. I volunteered to act as secretary, knowing very little about the Guild and its processes, at the end of October, and after two months am still finding my feet and learning the ropes. My first meeting was the Special meeting held at the end of October to ratify the new rules and constitution, and thanks to sterling work done previously by the Management Committee, the meeting went off very smoothly and the changes were accepted, substantially changing the composition of the Management Committee.

I look forward to my years of office with interest and hope that I will be able to serve the Guild as effectively as my predecessors.

Guild Librarian

Gillian Wakefield

This has been a quiet year for the library with fewer requests for loans and information than last year. However, once again, several people have been very generous in donating material to the library, in particular videos and tapes, and I am very grateful to them.

In addition to donated material, the library receives the Ringing World each week. Up till this year a copy was donated, but currently the library has its own subscription. However, to save the library having to pay for the Ringing World, if there is anyone out there who would be prepared to give their copy of the Ringing World to the library each week I would be very grateful. It is important that the library does have a full set of back copies (currently back to 1952) as ringers do borrow them from time to time, to update their peal records for instance.

Another purchase this year has been Steve Coleman's latest book 'The Bellringer's Early Companion'. The library has copies of his other three books and they have proved very popular with borrowers. This book will appeal particularly to learners and, as Steve puts in the dedication at the front of the book, 'all those ringers who think they are alone in their struggles'. So if you are troubled by belfry knots, slipping sallies and flying ropes, or would like to ring a quarter peal of call changes, do borrow this book.

Belfry Advisory Committee

Winston Girling and Alan Moult

1999 has certainly produced a great deal of activity for the Committee, and much work has been reported and indeed carried out ranging all the way from replacement stays to major restorations. So many requests have been received for help and advice that we have had to regretfully postpone attendance on the odd one or two until after the start of 2000. The flood of Suffolk restorations and subsequent dedications must surely be unprecedented, and says a great deal for the foresight and sheer tenacity of those who have spearheaded the various projects - every one of which requires a superhuman effort to achieve and pull together.

Our Suffolk bells all need a great deal of care and attention to keep them in working order, particularly the older installations, some of which require checking virtually every time they are rung, and a willing person on hand to do this will help to ensure that they keep ringing. One aspect of the Millennium 'push' has been the influx of a great many people who are at various stages of learning to ring. We need to keep these people in the exercise and to continue with the programme of education and encouragement that the Guild already has in place, but if we do not keep the installations themselves in order, there will be fewer and fewer bells to ring on. It is therefore also an opportune time to perhaps look again at the whole aspect of teaching bell maintenance and to include 'hands on' experience, and this is something that the year 2000 should definitely include.

A Suffolk Guild Project over the last few months has been the restoration of the five bells at Old Newton. Here the team started by removing the badly cracked Darbie treble for welding. This was a great success and all the bells have now been re-hung with new modern clappers, new headstocks on the back four, conventional stays and sliders instead of the awful rod and dolly mechanisms, ball bearings on the two tenors and new plain bearings on the front three. The tower has been transformed with a new light and airy ringing floor one stage further up. This floor has been decorated and carpeted. Many people had long ago given up the thought of ever seeing this tower back ringing again, and much credit is due to the present Churchwardens and P.C.C. for seeing the project through, and to the members of the Guild team who virtually had to move in to get it done!

One of the last dedications has been at St Mary le Tower, Ipswich, following the replacement of bells 9, 10 and 11 and some other work including tuning 5 and 8. A glorious peal has resulted and the (not always straightforward) work was assisted by a number of ringers who gave up a lot of their time to do so. Our congratulations go to all who have strived and succeeded to produce a peal of bells which would certainly do justice to any of our Cathedrals.

The recent dedication at Orford will certainly remain in our memories for a long while to come, and Stuart Harrison and his team have worked against all odds to produce the new peal of eight there. As this is written we await the restored six at Tostock and also at Hacheston. Work is proceeding at Easton, and Campsea Ashe, Iken and Little Thurlow have been completed. 1999 also saw Stradishall bells ringing again. Pakenham have been augmented to six now and the local ringers can move on to the mysteries of six bell ringing, something which they have wanted to do for some time.

At Haughley, work should commence soon on installing a brick ring beam under the bell frame and other work on the bells to hopefully include new clappers. The possibility of installing a steel 10 or 12 bell frame at Stowmarket and installing the present 8 in that is being looked at and could be another Guild project for the future. If done it will mean that the bells can then be installed in a configuration which will be kinder to the tower and also allow augmentation at a later date.

One other Guild project completed during the year was the complete re-hang of the single bell at Stowupland, near Stowmarket. This bell had been silent for several years because of the poor condition of the frame, headstock and other gear, and much work by Richard Coe and others saw it re-hung with new bearings, new headstock, modified clapper and strengthened frame. The bell, reputed to have been cast by Oliver of Wapping, was found to have had the name of the Whitechapel foundry carefully ground out, and Oliver must therefore have acted as an agent only and the history of the bell was re-written as a result. It is now once again chiming out over Stowupland.

Reports were requested on a number of installations over the year, including Rendham, Nedging (2 bells) Boxford and Bildeston (both over clappering problems), St. Mary at Elms, Ipswich (where the 5 bells are severely worn in the soundbows and the supporting gear is unsafe, prohibiting even chiming) Bramfield, Elmswell and Baylham, where frame problems are severe but there may be moves to re-hang. Bardwell have been re-assessed by Alan Moult and restricted to 45 minutes ringing per month and raising and lowering singly. A report was requested by Shimpling and R Clouston, MBE sent them a copy of his report on the bells. Mendlesham have been rung after an absence caused by tower problems and the architect is now happy for ringing to continue. Alan Moult has reported on thepersistent clappering problems at Palgrave.

During the year general items of work have been carried out at Bedfield, Blythburgh, Westhall, Rougham, Eriswell, Naughton, Brampton, Eye, Long Melford, Ixworth, Stowmarket, Buxhall, Stowlangtoft, St. Clements, Ipswich and Preston.

Guild Treasurer

Paul V Stannard

The Guild's finances have recovered very well in the last year. This is attributable mainly to increased membership and a reduction in administration costs and services. Items such as the newsletter and What's On are provided largely by goodwill. The full cost of these two items would be in the region of £600.

Restoration work was completed at five churches in time for the millennium enabling grants to be paid. A longstanding grant has been withdrawn and the Restoration Fund now stands at £16,421.

There are currently 99 members covenanting their subscriptions, 47 from SE district. The tax refund will be in the region of £319 on subscriptions of £1068. This gives some idea of the potential not being realised. Covenant forms can be obtained from District Treasurers or myself. As you know I have dealt with the covenants alongside my treasurer duties. Having all the information in one place seems sensible to me. It is not then an arduous task. I would suggest that the responsibility for the covenants remains with the treasurer. If someone is able to assist all well and good but the scenario of having to sort out past years should be avoided.

I have now been treasurer for five years - Rule B7 refers! I found out early on what makes people tick - Money! Income cannot be guaranteed and there are several expenses that cannot be predicted. It is not easy to budget when there are so many variables.

Hopefully the general fund now has a good working balance. I would suggest that the current level is used as a basis for future years

I would like to thank the various treasurers/secretaries and officers that collect sums on the Guild's behalf and have provided me with prompt returns and also our auditors Larking Gowen for their service to the Guild. Special thanks to those who have raised funds for the Guild.

Directory of Suffolk Guild Towers

The table on the following pages shows details of every ring of bells in the area covered by the Suffolk Guild of Ringers. The following details are included:

District (Dist): NE - North East; NW - North West; SE - South East; SW - South West

Deanery (Dnry):

Bc - Beccles	Hl - Halesworth	Lo - Loes	St - Stowmarket
Bs - Bosmere	Ht - Hartismere	Lv - Lavenham	Sx - Saxmundham
Cl - Clare	Hx - Hoxne	Ml - Mildenhall	Th - Thingoe
Co - Colneys	Ip - Ipswich	Sd - Sudbury	Wd - Woodbridge
Hd - Hadleigh	Ix - Ixworth	Sm- Samford	

Condition of the ring (Cond):

10 - Excellent. Ball bearings, modern frame and fittings.
9 - Excellent. Plain bearings, modern frame & fittings or ball bearings in old frame.
8 - Good going order.
7 - Fair going order.
6 - Poor going order.
5 - Ringable if cleaned up and odd fittings and ropes provided.
4 - Ringable with difficulty and a degree of risk after making odd repairs.
3 - Unringable mainly because of tower and/or frame arrangement and position.
2 - Unringable mainly because of frame and/or fittings.
1 - Hung dead.
0 - Some bells unhung on the ground.

Ground floor ring? GF indicates a ground floor ring.

Obituaries (1999)

Clifford Bird - Norwich

A notable figure in Norwich and the N.D.A. for 75 years, Clifford nevertheless always reminded us that he came from "The Saints" - South Elmham St Margaret, that delightful area near Bungay.

St Peter Mancroft became his home and the year before he died he gave a new treble to create a light 10 there. Clifford was competent from Doubles to Maximus and liked nothing more than good striking, especially Grandsire Caters. In later years he much enjoyed coming with Madge to the July day at Debenham for veterans and friends.

The Rt Rev Leslie Wilfred Brown, MA

Bishop Leslie came to us in 1966, having been Archbishop of Uganda and before that Bishop of South India. The contrast one can imagine in "Eds and Ips" was amazing, but he came to love Suffolk, especially its coastline, bird life, churches and people. Leslie Brown was proud of his Presidency of the Guild and for me, as Master at the time, it was a joy to work with him.

He often told the story against himself that having been used to ringing a single bell (perhaps fitted with a chain) in bush churches, he came here and the very first church in Suffolk - no names! - where he was asked to ring himself in, the rope broke and he was surrounded by thirty feet of it.

Norman Chaddock - Rotherham and Inveraray

Norman was a Life Member and one of the best-known ringing teachers in the Exercise. After the Washington trip of 1964, he and his great friend Wilfred Moreton, both participants in that, were invited to Suffolk to run a seminar, the forerunner of our training days today.

Norman set great store by handling and striking.

Richard Chambers - Preston St Mary

Dear "Mac", as we called him, a loveable countryman, close to the land and nature in all its moods, bright of eye and steady of hand. His great pal Freddie Hunt and he were familiar faces at West Suffolk towers and had both participated in Lavenham's winning of the Guild Striking Competition.

Mac had an extensive repertoire of Minor methods (and indeed of country anecdotes) but his real treat was hearing Double Norwich well struck on Lavenham's noble ring.

Nicholas (Mike) Cresswell - Iken

Iken, the seat and site of St Botolph's missionary work in the 7th century, is surely one of the most evocative places in Suffolk. How good that the pre Reformation ring has been restored and augmented - hopefully six one day! Nicholas was so hoping to be part of the ringing there and at Orford but alas that was not to be. We give thanks for his contribution and his life.

Canon Eric Hamlyn - Boxford

I think we can say that Fr. Hamlyn was a "late convert" - not especially keen on bells, until he was appointed to Boxford, that is. There he became a much loved priest , enthusiastic to see the completion of the extensive restoration work to church, tower and bells. He rejoiced at the sound of the bells at their dedication and we rejoice with him.

Daphne Hammond - Ipswich

The elder daughter of George and Eva Symonds - who will ever forget George, ringing at 99 - Daphne, like her sister Alma, was taught to ring but found expression in handbells which they rang as a family.

Albert Sidney Hawes - Blo Norton and Framlingham

A real country boy, Sid was proud of his Norfolk roots in the Garboldisham area and his home in Framlingham's lovely market town. One cannot but admire a man who, not having the advantage of reading and writing, managed to ring and be such an enthusiast. Sid served the community and his God in all sorts of ways and we shall miss him.

Kenneth J Hesketh - Liverpool, Cambridge and Pinchbeck

Ken was a Life Member and one of the best-known ringers in the Exercise, very proud of his membership of our Guild. A first-rate ringer and organiser, he loved coming to Suffolk and rang many fine peals here, amongst his total of over 1500. He was a wonderful travelling companion too, the ideal person for outings and tours. Ken delighted in getting someone through their first peal but was equally at home in Bristol Maximus at St Paul's.

A staunch College Youth, for whom he rang over 200 peals, he also did his bit locally wherever his business moves took him. It was a great tragedy when he died at the early age of 55.

Agnes Kersey (née Bailey) - Leiston, London and Sproughton

Agnes was the daughter of Charles F Bailey, not only one of the famous Bailey brothers of Leiston but without doubt one of the finest conductors of Surprise Major of all time.

It must have been pretty daunting to be born into such a family band for there was little in ringing they couldn't do. Agnes was inevitably taught to ring, advancing to Bob Major, and then married Reginald Kersey, one of St Margaret's band. Due to many moves in Reg's work, she concentrated on supporting his ringing activities.

Agnes was a lady of great fortitude. Even as a double amputee she nevertheless retained her resolve in house and garden and always her interest in the Art.

John William Smith - Hintlesham

John died suddenly at the end of last year. He was taught to ring by Winnie and Tinker Lockwood and then joined the Kersey band in the early eighties when he was Treasurer. He rang three quarter peals and helped out at Hintlesham too.

Dennis Knox - Totternoe, London and Felixstowe

When Post Office Research, as it was known in the sixties, moved down from Dollis Hill to Martlesham, Dennis was in the vanguard of their operation to become British Telecom.

A Bedfordshire man, he came from that first class band of Surprise Major ringers under the leadership of C Edward Jefferies. After a few years centred on Willesden he then moved to Felixstowe, bringing his composing and conducting skills here.

The Guild greatly benefited from his move, especially in the years 1969 to 1975, whilst Dennis in turn came to love Suffolk and the East Coast deeply.

Ernest Steward - Wickham Market

The last of "The Fellows who cut the Hay" portrayed in George Ewart Evans' fine book on life in Blaxhall and district, Ernie kept, as one might say, good company. Those were the days of the Lings, the Smys, the Puttocks and the Smiths, countrymen all. Six bells was their speciality and they served the parishes around Wickham, Sundays, practices.

Ernie loved the "charabanc" outings too, an event taken with great seriousness as with the band's favourite methods, Oxford, Woodbine and College Exercise. For many years he was tower captain at Wickham Market, taking over from Joe Preastner, the Guild Auditor for many years.

We remember, too, Mr and Mrs Girling, parents of Winston, and the relatives and friends of the above.

May they Rest in Peace.

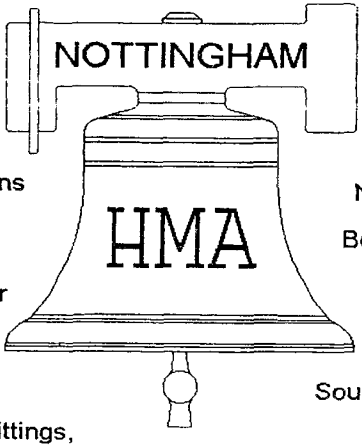

George W Pipe

Secretary's Report (1999) *Isabel Rivers*

The future of the district continues to look healthy as we welcomed nineteen new members during the year. The new band at Westhall are now ringing regularly and, I hear, are making progress. Barsham bells are now in action and a new, enthusiastic band are currently being taught.

The District Meetings have been well attended again this year, although, sadly, the practice nights were not as well supported. The District Striking Competition was held at Wenhaston in May. The winners were Beccles (method) and Halesworth (call changes). The standard of ringing was good.

Thanks to Hav and Angela Wilkins for organising a very enjoyable Quiz Night in March. They have agreed to make this an annual event.

The Annual District Meeting in November was held in Beccles, with ringing at Worlingham and Bungay. We welcome Trevor Hughes as Ringing Master to take us into the new millennium. Our grateful thanks go to Ann-Malena Webb for all her hard work and dedication whilst she held office.

Thank you all for your continued support during the year. Happy ringing in 2000.

Secretary's Report (1999) *Margaret Lambeth*

1999 has generally been successful with busy practices and learners making good progress.

Congratulations to Hopton and Hinderclay who again won the District Striking Competition in April. Only four bands entered which was a little disappointing. A change of format is being considered to entice more of you out of your home towers and along to the newly augmented Pakenham, which is the venue for 2000.

The tradition of a joint NE/NW August practice has continued with an enjoyable mini-outing along the A140 to four varied towers. The Christmas dinner was held in Wyverstone Village Hall, where sixty of us enjoyed good food, magic tricks, Flanders and Swan, and handbells.

Despite the appalling weather and half the district having 'flu, the December practice was attended by over 30 people - did the sherry and mince pies have anything to do with this?! This means we must have done something right with the year's programme, but any ideas or requests for future events are always welcome.

Old Newton bells have been rehung and, as I write, Tostock are having their test ring. Both towers have enthusiastic bands and it will be lovely to have two more peals of bells ringing regularly. We'd like to thank Josephine Beever for all her hard work as Ringing Master. She has done much to help learners in the District, including organising an enjoyable outing to the Framlingham and Ashbocking area in the Spring. Josephine has now handed over the reins to Matthew Cracknell and we wish him good luck in his new post.

Thank you to all my fellow officers, and others, who have given me so much help during my first year as Secretary (I needed it!) Happy Millennium ringing on 1st January - and throughout the rest of the year.

Secretary's Report (1999) *Shirley Girt*

The main preoccupation for this year has been preparing for the Millennium ringing, and this is reflected in the increased membership. Burgh in particular deserves mention as there are thirteen new members there. Across the District there are successes being recorded and many new ringers looking forward to receiving their certificate to say that they rang for the Millennium.

The work of restoration and maintenance also goes on and we can now add Orford to our list of eight bell towers following the dedication of the bells there in November. Other augmentations and work have taken place right across the District and thanks must be given to all those people who have given of their time and skills to carry out this work, not to mention all those who have worked for and given money to see the work completed.

The Master, Crawford Allen, arranged an outing for us again this year and it was very well supported with a fleet of cars daring to cross the border into Norfolk.

As in previous years our practices have tried to benefit as many members as possible, and we have visited a wide ranging number of towers. Sadly the numbers taking advantage of the practices have not been as great as we hoped for, but many at the early stages of learning did come along and were made welcome.

As you will see from the District lists, there are to be a number of changes in the District committee for next year. This is as it should be. We cannot stand still and it is hoped that the new committee will revitalise the District. Hopefully we will soon have a full-time Chairman and Master. The deaneries are well represented both at District level and on Management.

On behalf of the District officers and for myself, I would like to thank all the membership for its support over the past year. Your officers can do nothing without your support. This is a milestone in the history of our Guild. A new century with all its unknown adventures, happenings and new friendships to be formed. Let us go forward together to meet its challenges both in bell ringing and in the wider opportunities which lie before us.

I take my leave of you and wish you well for the year 2000.

Secretary's Report (1999) *Rolie Whiting*

I am pleased to be able to report another successful year in the life of our District. All of the scheduled events took place as planned and were well supported by the membership. We gained 14 new members during the year and lost 7 existing ones, 2 sadly through death and the other 5 for various personal reasons. We thus had a net gain of 7 on the previous year's membership.

Regular Sunday Service ringing again took place in all active Towers and we gained another ringable tower following the privately funded restoration at Little Thurlow.

Most of the posts on the District Committee were filled at our A.D.M. it being largely the 'mixture as before' apart from a change of Ringing "Master" (she's actually a lady!). We still lack a District Representative for the Lavenham Deanery on our District Committee and also at Guild Management Committee level but hopefully a willing helper (or helpers) will materialise before our next A.D.M.

I have to admit to being a 'champion' procrastinator as a result of which the much hyped Milleniem Day has now passed into history (apparently virtually bug free!). It therefore seems permissible to report that much ringing took place in the South West District at around midnight on December 31st 1999 and midday on January 1st 2000, often in conjunction with other locally organised celebrations and I feel that we can all give ourselves a 'pat on the back' for this. Here's to the next time!

Peal Secretary's Report

Alan Mayle

The number of peals rung by the Guild during 1999 was 148, a healthy increase on the last few years. A good spread of methods on all numbers of bells with many first performances for the Guild listed below, including the continuation of the Little Surprise Major series to mark the Guild's 75th anniversary year. However with the formation of the Iceni Society, mainly for peals rung at the campanile at Newmarket, we are unlikely to see such a position at the end of 2000. The resulting reduction in peal fee income should be considered.

Peals were rung in 42 Suffolk towers and 12 towers outside the county (mostly by Suffolk bands arranged by George Pipe and Andrew Stone). Suffolk has been visited this year by peal bands from the Lancashire Association and on several occasions by the Oxford Guild. The first peal on the bells since 1841 was rung at Bildeston, I for one did not believe that this was ever going to be possible. Rare visitors to the peal columns include Stowlangtoft and Covehithe, the latter becoming ever closer to the eroding coastline.

First performances for the Guild during the year were:-

3 Jan	Grundisburgh	Little Linstead L S Major *
9 Jan	Ipswich	Snow Tiger D Maximus *
10 Jan	Aldeburgh	Zululand S Major
30 Jan	Wilby	Little Welnetham L S Major *
27 Feb	Stowmarket	Little Finborough L S Major *
14 Mar	Aldeburgh	Ightham S Major
27 Mar	Offton	Little Bricett L S Major*
5 Apr	Bury St Ed's	Westgate S Royal*
11 Apr	Aldeburgh	Darius S Major
29 Jun	Newmarket	Alderney S Major
11 Jul	Aldeburgh	Jonah S Major
18 Jul	Newmarket	LlandfairPG S Major
8 Aug	Ufford	Vyrnwy S Major
10 Aug	Newmarket	Evenlode S Major
17 Aug	Newmarket	Falinge S Major

Minutes of the 1999 Suffolk Guild AGM

Minutes of the Annual General Meeting of the Suffolk Guild of Ringers, held at Woodbridge on Saturday 10 April 1999.

The meeting commenced at 2:45pm. The Chairman, Mr B Whiting, welcomed the Members of the Guild to the meeting.

Apologies for absence were received from the following members:-

J Le Grove, R Rivers, I Rivers, A Sutherland, E Sutherland, S Williamson, A Mayle, A Stone, J Sager, L Sager, T Hughes, M Garner, A Rogers, K Rogers, M Pilgrim, A Pilgrim, L Southgate, C Knight, A Foreman, M Page, J Lester, A Lester, V Mayhew, J Bevor, Mr & Mrs Clayton, S Pipe, D Ward, A Richmond, J Colman, S McCuaig, S Harrison, S Harrison, J Bonney, R Allum, H Wilkins, A Wilkins, A Wilkins, J Allen.

During the service in St Mary's church, which preceded the meeting, members had stood in silence for a while in memory of those members who had died since the last AGM.

Cecil Ainger, Alan Andrews, Thomas Cornish, Edwin Cracknell, Beatrice Farrow, Leslie Melton, Mabel Parker, Robert Southgate, Norman Summerhayes, Dinah Lady Tollemache, Arthur Woods.

Minutes of the 1998 AGM were read and approved.

Matters Arising: To save time at AGMs, a proposal to print the minutes in the Annual Report will be put before the Management Committee.

Officers' Reports

Master: Mr David Salter, seconded by Mrs A M Webb, proposed the adoption of the Master's report, as printed in the Annual Report. The Master's Report was adopted.

Secretary: Dr Bruce Wakefield, seconded by Mrs D Pipe, proposed the adoption of the Secretary's report, as printed in the Annual Report. The Report was adopted.

Treasurer: After the insertion of a line missing from the report of the Restoration Fund, the Chairman proposed the adoption of the Treasurer's report and the Guild's accounts, as printed in the Annual Report. The Treasurer's report and the Guild's accounts were adopted.

Covenant Secretary: The Covenant Secretary's report was included in the Treasurer's report.

Public Relations Officer: Mr Stephen Pettman gave a verbal report, which was adopted after being seconded by Mr A Knight.

Technical Adviser: Mr Michael Rolph, seconded by Mr W Girling, proposed the adoption of the Technical Adviser's report as printed in the Annual Report. The report was adopted. Mr Rolph added that the work at Campsea Ashe had now been completed and that the bells were ready for the final inspection.

Chairman of the Belfry Advisory Committee: Mr Winston Girling, seconded by Mr G Pipe, proposed the adoption of report from the Chairman of the Belfry Advisory Committee, which was printed in the Annual Report. Mr Girling thanked all those who had assisted the committee throughout the past year. The report was adopted.

Librarian: Mrs Gillian Wakefield, seconded by Mrs S Girt, proposed the adoption of the Librarian's report, as printed in the Annual Report. Mrs Wakefield thanked all those who had donated material for the Library. The report was adopted.

Peal Secretary: After first correcting a small error in the report, the Chairman proposed the adoption of the Peal Secretary's report, as printed in the Annual Report. The report was adopted.

Handbell Trustees: Mr Brian Whiting reported that the bells remained in good order. Three sets were currently out on loan in the Districts.

The Chairman thanked all the officers for their reports. He commented that, as always, these demonstrated that a considerable amount of time had been spent by all the officers in the service of the Guild. .

Subscriptions and Fees for 1999

The Chairman presented the Management Committee's recommendations for the Subscriptions and Fees for 2000. These were

Full Member	£11.00
Student Member	£5.50
Members aged 65 or over	£5.50
Associate Member	£5.50
Non-Resident Life Member	£6.00
Peal Fee	£0.75
Donation in lieu of wreaths	£20.00
Donation to Friends of St Peter's	£30.00
Donation to Friends of Cathedral	£30.00
Donation to Suffolk HCT	£30.00

These were all agreed by the meeting, with no comment.

Election of Officers for 1999/2000

Vice Presidents: Mr S Young, seconded by Mrs M Allum proposed the re-election of the current Vice Presidents en bloc. This was agreed by a majority of members present. It was also agreed that the new Bishop of Dunwich be invited to become a Vice President of the Guild.

Chairman: Mrs AM Webb, seconded by Mrs C Colman, then proposed that Mr Brian Whiting be re-elected as Chairman. Mr Whiting was elected.

Ringing Master: As Mr David Salter had now served 5 years as Ringing Master of the Guild, he was no longer eligible for re-election.

Mr G Pipe, seconded by Mr M Rose, proposed that Mr Stephen Pettman be elected as Ringing Master. Mr Pettman was elected.

General Secretary: As Dr Bruce Wakefield had now served 10 years as General Secretary, he was not eligible for re-election. The meeting received no nominations for the post of General Secretary. The post was left vacant.

Treasurer: Mr M Rose, seconded by Mrs AM Webb, proposed that Mr Paul Stannard be re-elected as Treasurer and Covenant Secretary. Mr Stannard was re-elected.

Technical Advisor: Mr Michael Rolph informed the meeting that as he had now served 7 years as Technical Advisor to the Guild he would not be seeking re-election.

Mr W Girling, seconded by Mr R Clouston, proposed that Mr Alan Moult be elected as Technical Advisor. Mr Moult was elected.

Chairman of the Belfry Advisory Committee: Mr D Salter, seconded by Mr R Earey, proposed that Mr Winston Girling be elected as Chairman of the Belfry Advisory Committee. Mr Girling was elected.

Public Relations Officer: Mrs S Girt, seconded by Mr G Pulford, proposed that Mr Stephen Pettman be re-elected as Public Relations Officer. Mr Pettman was elected.

Librarian: Mr S Pettman, seconded by Mrs S Girt, proposed that Mrs Gillian Wakefield be re-elected as Librarian. Mrs Wakefield was elected.

Report Editor: Mr M Rose, seconded by Mr G Slack, proposed that Mr Stephen Young be re-elected as Report Editor. Mr Young was elected.

Newsletter Editor: Mr G Pulford, seconded by Mr D Salter, proposed that Mrs Carol Girling be elected Newsletter Editor. Mrs Girling was elected.

Peal Secretary: Mrs A M Webb, seconded by Mrs M Allum, proposed that Mr Alan Mayle be re-elected as Peal Secretary. Mr Mayle was elected.

Auditor: Mr M Rose, seconded by Mr J Girt, proposed that Larking Gowan be re-appointed as Auditors. This was agreed.

Handbell Trustee: Mr D Salter, seconded by Mrs S Girt, proposed that Mr B Whiting be appointed as Handbell Trustee. This was agreed.

Central Council Representatives: No elections were required this year. Representatives are appointed for a 3 year term of office, and elections last took place in 1998.

Life Honorary Members: The South East District proposed that Mrs Shirley Girt be elected as a Life Honorary Member of the Guild. Mrs Girt was elected as a Life Honorary Member of the Guild.

New Members

The following ringers from Badingham were proposed as members of the Guild by Mr M Bostock-Smith and seconded by Mr P Whiting:-

Dr RJ Cook, Mr R Foster, Miss L O'Reilly, Mrs D O'Reilly, Mr C Walker, Mr J Watterson, Mr M Williamson.

The following ringers from Burgh were proposed by Mr S Pettman and seconded by Mr D Stanford.

Adam Gurdon, Gillian Gurdon, Beryl Hines, Sheila Brechin, Anne Brechin, Lindsey Bingham, Steve Walls, Elizabeth Parker, Sally Pirkis, Oliver Pirkis, Jane Awad.

The following ringers from Grundisburgh were proposed by Mr S Pettman and seconded by Mr D Stanford.

Stephen Pearce, Hilary Pearce.

The following ringers from Monewden were proposed by Mr S Pettman and seconded by Mr D Stanford.

David Grier, Aiden Grier.

The following ringer from Marlesford was proposed by Mr J Stevens and seconded by Ms P Luckly.

Mrs Helen Brookes.

The following ringer from Great Barton was proposed by Mr W Girling and seconded by Mrs D Pipe.

Charlotte Colman.

The following ringer from Barrow was proposed by Mr P Stannard and seconded by Mr M Rose.

Jean Evans.

All the above ringers were elected as Members of the Guild.

Venue for 2000 AGM

The Chairman reported that the 2000 AGM would be in the SW District on Saturday 20 April 2000. The District had not yet confirmed the venue, but, subject to local arrangements, it would most likely be held at Boxford.

Any Other Business

The Chairman reminded the meeting that next year (2000) the Central Council will be holding its annual meeting in Suffolk. It will be during the weekend of the Late May Bank Holiday. Offers of accommodation, at £15 per head per night, are being sought. Any offers to be made to the Chairman.

The Chairman also said that volunteers to act as stewards and tellers at the CC Meeting will be needed. Again he would be pleased to receive the names of volunteers.

It was announced that during tea, after the meeting, a collection will be taken in aid of the Cathedral's Lantern Tower Fund.

Mr David Barnard publicised the Veterans' Day to be held at Debenhan on 14 July, and also again recommended the Barking Quiz Night as a good evening's entertainment.

Mr Rolie Whiting announced that the Guild Striking competition, which was due to be held in the SW District, would be at Bildeston for the 6 bell competition, and at Boxford for the 8 bell competition.

Mr Stephen Young reported that Bardwell bells were now available for ringing. There was to be an open day on 1st May.

Mrs Sally Munnings announced that she was organising another Car Boot Sale in aid of the Bell Restoration Fund, and donations of items for sale would be welcomed.

There being no further business, the meeting closed at 4:02pm.

After the meeting, a hot meal, prepared and donated by the Woodbridge ringers, was served to Members. This was followed by ringing on the 8 bells of St Mary's church.

The Suffolk Guild of Ringers

Objects, Constitution and Rules - 1999 Revision

Objects

The Guild shall promote ringing for Divine Service within the Diocese of St. Edmundsbury and Ipswich by:

1. Promoting and encouraging the practice of bellringing.
2. Supporting the recruitment and training of bellringers.
3. Cultivating the art of scientific ringing.
4. Promoting an appreciation of the ringing chamber as part of God's house and encouraging care and attention to its cleanliness and proper equipment.
5. Promoting the preservation of bells in an efficient condition, recommending necessary repairs and renovations and providing reliable information and practical advice on the condition of bells and their fittings.
6. Supporting restoration and / or augmentation.

Constitution

A. Name

1 The Guild shall be known as the Suffolk Guild of Ringers for the Diocese of St Edmundsbury and Ipswich.

1.1 The Guild shall be affiliated to the Central Council of Church Bell Ringers.

1.2 The Guild shall be registered as a Charity at Law (Ref.266869).

B. Membership

2 Membership shall consist of the following categories:

2.1 Ringing Member: A person who can ring rounds, unaided, on a tower bell.

2.2 Associate Member: A person who wishes to support the Guild.

2.3 Life Honorary Member: A Ringing or Associate Member who has given outstanding service to the Guild.

2.4 Non-Resident Life Member: A person qualified to be a Ringing or Associate Member, but who resides outside the Guild's territory and is not a member under 2.1, 2.2 or 2.3.

3 Only Ringing and Life Honorary Members may vote or hold office in the Guild.

4 Churches within the Diocese may be affiliated to the Guild on payment of an annual donation.

C. Districts

5 There shall be four Districts, comprising the following Deaneries:

1 North East: Beccles and South Elmham, Halesworth, Hartismere, Hoxne and Saxmundham.
2 North West: Ixworth, Mildenhall, Stowmarket and Thingoe.
3 South East: Bosmere, Colneys, Ipswich, Loes, Samford and Woodbridge.
4 South West Clare, Hadleigh, Lavenham and Sudbury.

D. Government

6 The President shall be the Lord Bishop of the Diocese and there can be Patrons and Vice-Presidents.

7 The Annual General Meeting (AGM) or any Special General Meeting (SGM) shall be the ultimate policy and decision-making body of the Guild. The AGM shall be held on the Saturday following Easter or as decided by the Guild Management Committee (GMC). Vice-Presidents may be elected. Subscriptions and fees for the year beginning the following January shall be set at the AGM or a SGM.

8 Members shall be elected to the following Offices:

Chairman
Ringing Master
Secretary
Treasurer
Chairman of the Belfry Advisory Committee
Report Editor
Central Council Representatives
Technical Adviser
Librarian
Handbells Trustee
Peal Secretary
Public Relations Officer
Newsletter Editor

9 The Annual General Meeting shall appoint an Accountant, who is not a member of the GMC and need not be a member of the Guild, to certify the accounts.

10 The following Committees shall be formed:

(a) The Guild Management Committee (GMC), to co-ordinate Guild activities and publish a printed Annual Report and Certified Accounts. It shall recommend the levels of subscriptions, peal fees, other methods of raising capital, authorise expenditure from Guild funds and may organise general meetings, ringing and social activities.
(b) The Recruitment and Training Committee (RTC), to co-ordinate training and recruitment.
(c) The Belfry Advisory Committee (BAC), to advise and assist on all matters connected with rings of bells. It shall maintain an up-to-date directory of towers, listing the condition of all Church bells in the Diocese.

E. Finance

11 All money in the Guild's funds not required for normal working purposes shall be invested or deposited by the Treasurer as may be directed by the GMC.

12 All cheques shall bear the signature of the Chairman, Secretary or Treasurer.

12.1 Any cheque greater than a limit set by the GMC shall bear the signatures of two of the above.

13 The expenses listed in Rule K16 shall be paid out of the General Fund.

14 The interest received on the Jubilee Fund shall be applied to the work of the Guild in the restoration and maintenance of bells. The capital element of the fund shall be retained intact.

15 Grants from the Restoration Fund shall be authorised by the GMC but shall only be paid after the work has been approved by the Guild Ringing Master and the Technical Adviser. Grants will normally be offered for work to restore bells and their fittings for full-circle ringing, but may include augmenting and other ancillary work associated with any such project.

16 The St Peter's Sudbury Fund shall be used for running expenses and minor repairs and refurbishments to St Peter's bells and fittings.

17 The Library Fund shall be used for the purchase and repair of books and other items for the library.

18 The Handbell Fund shall be used for the repair, maintenance, renovation or augmentation of the Guild's handbells.

19 The GMC may establish further funds and shall specify the aims and objectives of such new funds.

20 The GMC may transfer sums from the General Fund to any specific funds and, if the purposes of the specific funds cease to exist, close these funds and transfer the balance to the General Fund.

21 The GMC shall recommend the proportion of peal fees, subscriptions of Ringing and Associate Members and Non-Resident Life Membership fees which shall be transferred annually to the Restoration Fund from the General Fund.

F. Records and Handbells

22 All peals rung for the Guild and a summary of other peals and quarter-peals rung in the Diocese shall be published in the Annual Report.

23 The Librarian shall maintain an up-to-date inventory of publications owned by the Guild.

24 The Handbells Trustee shall maintain the handbells in good condition and shall make recommendations for their repair to the GMC.

G. General

25 The Constitution and Rules may only be amended at an Annual or Special General Meeting of the Guild.

- 25.1 Fourteen days' notice of any proposed change must have been provided to members through the Ringing World and, unless it ceases to be published, the Guild Newsletter.
- 25.2 Any change must be approved by at least two-thirds of those present and voting and shall take effect from 1 January following.
- 25.3 No amendment shall be authorised which shall have the effect of the Guild ceasing to be a Charity in Law.

26 In the event of dissolution of the Guild any assets remaining after the satisfaction of all its debts and liabilities shall not be paid to or distributed among the members of the Guild but shall be given or transferred to such other charitable institution or institutions having similar Objects to the Guild.

Guild Rules

H. Election of Members and Subscriptions

1 Ringing and Associate Members may be elected at any meeting by a majority of those present when proposed and seconded.

- 1.1 A member may belong to only one District, normally the District under which the member is shown in the Annual Report.

2 Subscriptions are due on election and thereafter, in advance, on January 1st each year. If a change in subscription has not been passed the existing rate shall continue.
   2.1 No member shall be entitled to be heard, vote or hold office if subscription for the current year is unpaid.
   2.2 The subscriptions of members elected during or after October shall cover the remainder of that year and the whole of the following year.
   2.3 Persons in full time education and members over 65 years of age shall pay a reduced rate of subscription
   2.4 Members over the age of 65 who have been ringing members for at least ten years shall pay no subscription

3 Life Honorary Members may only be nominated by the GMC or a District and shall only be elected at a Guild AGM. No further subscription is payable after election.

4 Ringing or Associate Members may, on leaving the Diocese, inform the Guild Secretary that they wish to become Non-Resident Life Members. No subscription is payable during the period of non-residence.

5 A person resident outside the Diocese who wishes to be associated with the Guild may be elected a Non-Resident Life Member. A one-off subscription is payable by such members.

6 For the purposes of peal ringing, new members may be provisionally elected in the belfry. Membership is subject to confirmation at a meeting of the appropriate District in the case of a Ringing Member or at a meeting of the GMC in the case of a Non-Resident Life Member. If election is not confirmed the subscription shall be refunded.

7 Any member failing to conform to the Objects and Rules of the Guild may be expelled by the GMC which shall report the matter to the next Annual General Meeting. Such a member shall forfeit any payment made to the Guild.

I. Election of Officers

8 All Officers shall retire at the Guild's AGM but shall be eligible for re-election. The Chairman, Ringing Master, Secretary and Treasurer shall not serve more than five consecutive years in one post.
   8.1 Nominations may be made in writing to the Guild Secretary or orally at the AGM providing they are proposed and seconded.
   8.2 If more than one nomination for any office is received election shall be by paper ballot, the successful candidate being the one with the highest number of votes. In the event of a tie the Chairman shall have a casting vote.
   8.3 Central Council Representatives shall be elected, in accordance with the rules of the Central Council, during the second year of the triennium at the AGM of the Guild.

J. Committee Structure

9 The Guild Management Committee (GMC) shall consist of:

Guild Chairman	Treasurer
Ringing Master	Chairman of the Belfry Advisory Committee
Secretary	One Elected Representative from each Deanery

   9.1 Four members of the Committee shall constitute a quorum.
   9.2 The Chairman shall chair all Guild and GMC meetings. In his/her absence the chair shall be taken by the Ringing Master or in his/her absence by a person elected by the meeting.

10 The Recruitment and Training Committee (RTC) shall consist of the Guild Ringing Master as Convenor and two representatives from each District.

11 The Belfry Advisory Committee (BAC) shall consist of the Chairman BAC, the Technical Adviser and such members as they may co-opt. Members shall be approved by the GMC.

12 Each Committee in Rules 9, 10, and 11 shall meet at least three times a year.

13 The Guild Executive shall consist of:

Chairman	Treasurer	Secretary
Ringing Master	Chairman of the Belfry Advisory Committee	

The Executive shall take such emergency decisions as may be required before it is practical for the GMC to meet. They shall also make a temporary appointment until a General Meeting can be convened if a Guild Office becomes vacant between AGM's.

14 The GMC may convene sub-committees and shall determine their terms of reference, powers, duration and composition. All acts and proceedings of any such sub-committees shall be reported back to the GMC as soon as possible.

15. The GMC may request the attendance of other officers or members as may be required.

K. Expenses

16 The following shall be paid by the Treasurer out of Guild funds:

- The cost of printing the Annual Report and any other publications authorised by the GMC.
- The expenses of Guild Meetings.
- Stationery, postage, telephone, notices of all meetings and other incidental expenses.
- Guild insurances.
- Central Council fees and reimbursement of Representatives' expenses attending each Council meeting, not exceeding the second class return rail fare and a subsistence allowance as may be determined by the GMC.
- Such other expenses as the GMC may authorise.

L. Peal Records

17 All peals rung for the Guild must conform with the decisions of the Central Council. All those taking part must be members of the Guild.

18 Conductors shall forward the following to the Peal Secretary as soon as possible and not later than 15th January the following year:

(a) The names, addresses and subscriptions of any Non-Resident Life Members elected in the belfry.

(b) The appropriate peal fees.

(c) Compositions for peals of Triples and above and of such other peals as the Peal Secretary may request. Money received for items (a) and (b) shall be passed to the Guild Treasurer.

District Rules

19 Each District shall hold an Annual General Meeting during the last quarter of the year for the purpose of receiving a report from the District Committee for the year, election of Officers and arranging activities for the year beginning the following January. Members may vote or stand for Office only in the District through which they exercise membership in accordance with Guild Rule 1.

20 The following Officers shall be elected annually: Chairman; Ringing Master; Secretary/Treasurer, Newsletter Correspondent and Deanery Representatives. Each District shall also elect a representative from each Deanery (who may hold other office in the District) to serve on the GMC and two representatives to serve on the RTC.

20.1 The District Officers shall form the District Committee, which shall be responsible for the efficient management of the District's affairs and shall report to the District Annual Meeting on the year's work.

20.2 A District may elect additional Officers as required to assist in the running of the District.

21 The District Secretary and/or Treasurer shall:

- Collect all subscriptions and other moneys due and forward them to the Guild Treasurer.
- Submit a statement of accounts to the Guild Treasurer by 15th January.
- Submit a directory of tower correspondents and ringing times and a list of members to the Report Editor by 15th January.
- Submit a statement, to the Guild Secretary, of all members qualifying for inclusion in the insurance scheme by the Guild AGM.

22 The District Newsletter Correspondent shall report on District activities for the Guild Newsletter, the 'Ringing World' and local newspapers.

REGULATIONS RELATING TO THE SUFFOLK GUILD HANDBELLS:

1 The Suffolk Guild Handbells are the property of the Suffolk Guild of Ringers, under the care of the Trustee. They consist of four distinct sets of handbells viz:

25 bells by Taylors	size 20 in C (2 chromatic octaves)
16 bells generally by Shaw	size 19 in F (diatonic 13 + 3 semitones)
13 bells by Warner	size 20 in E (diatonic 12 + 1 semitone)
13 bells by various founders	size 20 in F (diatonic 13)

They are loaned to any member of the Guild whose name appears in the current Annual Report, according to the regulations relating to the handbells.

2 The bells are loaned in the first instance for a maximum period of three months. At the end of this period they are to be returned to the Trustee by the borrower and they may then be loaned for a further three months if they are not required by another member of the Guild. If they are borrowed for this further period, the borrower may be asked to return the bells to the Trustee if they are required by another member of the Guild. A member from another tower has priority over a member from the same tower as the preceding borrower.

3 The bells are the responsibility of the borrower, after he/she has signed for them, until they are returned to the Trustee by the borrower. The bells are not to be loaned to anyone by the borrower without prior consent of the Trustee.

4 The bells must be returned to the Trustee upon request. The Trustee should endeavour to give seven days notice if they require the bells and should return them to the borrower as soon as possible.

5 If the bells are required for a particular occasion, they can be reserved up to three months in advance.

6 The bells are maintained by the Suffolk Guild. Borrowers are requested to give a donation for their maintenance and insurance.

7 The Trustee is responsible to the Guild Management Committee for the administration of the bells and decisions regarding the bells can be revoked by that committee.

8 The Trustee and the Guild Management Committee would be grateful for financial help for the maintenance of the handbells from members who have enjoyed the use of them.

The Mitson Shield and the Rose Trophy Striking Competitions Rules:

1 The competitions shall take place on date(s) decided by the GMC.

2 All Ringing Members and Life Honorary Members of the Guild may compete providing their subscriptions are paid.

3 No Member may ring more than once in the Rose competition, except as specified in Rule 11.

4 The Mitson Shield and the Rose Trophy shall be competed for as follows:

Mitson Shield

4.1 Bands shall comprise six bona fide ringers from a tower, of whom at least four are shown in the Annual Report as members of that tower.

4.2 The test piece will be 240 true changes of any recognised Doubles or Minor method(s).

Rose Trophy

4.3 Bands shall comprise eight members of a district or eight ringers representing a tower, of whom at least six are bona fide Sunday Service Ringers.

4.4 The test piece will be at least 224 true changes of any recognised Triples or Major method(s), of which only the first 224 changes, excluding the opening rounds will be judged.

5 Neither the Mitson Shield nor the Rose Trophy can be held by a band not complying with Rule 4.

6 The times of the draws are to be advertised in the 'Ringing World' and each band must have a representative present at the relevant draw.

7 A total of two minutes practice ringing will be allowed before each test piece.

8 In the event of bands ringing Doubles or Triples a cover bell must be used.

9 The Guild Ringing Master may, at his discretion, specify the method and composition which are to be rung. Any band ringing a method or composition different from that specified shall be unable to hold the Mitson Shield or Rose Trophy.

10 In the event of a large entry the Ringing Master may choose to shorten the length of either test piece.

11 A reserve ringer, appointed by the Ringing Master, will be available at the Ringing Master's discretion, to bands meeting short.

12 A minimum of two judges appointed by the Ringing Master will be present. Their decision is final.

13 The Mitson Shield and the Rose Trophy are, and shall always remain, the sole property of the Guild, which may at any time give directions for their locations and safe keeping.

14 Interpretation of all rules is at the discretion of the Ringing Master.
