As you can see, there are 39 seminars altogether, and we've done our best to put them in mutually exclusive groups of three. You can attend as many as you want. Just send an email to [steve@ringingbooks.co.uk](mailto:steve@ringingbooks.co.uk) with your selection.

On the day of any seminar we'll send you a logging-in email, and you then click on the link ten minutes beforehand to join in. It's astoundingly easy, but if you've never used Zoom before, please give it a try beforehand by going to <https://zoom.us/test>. And if you're still worried, phone our Zoom expert, Terina Riches, on 01594 529815.

And if your PC doesn't have a camera and microphone, you can still watch and listen.

And as we said, you can attend as many seminars as you want and we much look forward to seeing you. But please only sign up for a seminar if you really do intend to attend. Some of them may be so popular that we'll need to divide the attendees into several groups, and if so, we'll contact you well beforehand.

And yes, there's a deadline for applications. The deadline is 18 August 2020.

We look forward to seeing you.
